introduction

A group of young female technicians got together and decided it was time for ladies to be able to express themselves with the hardware they used. G-Cube is specially designed by women for women. Our products are not only stylish, but are also functional and meet the needs of women.

The computer peripheral market has traditionally offered products that leave consumers with little choice in style and color. G-Cube has revolutionized the market by offering a refreshing line of computer peripherals that are sleek, modern and colorful.

G-Cube is designed with YOU In Mind. G-Cube wants you to Express Who You Are at home, at school, at work, the local coffee shop, the PTA or at your next national sales meeting.

G-Cube wants you to Be Yourself...and...Inspire Others!

1 Double Click Button
 Just One Click on "2X Button" directly opens files and programs. Saves time and improves efficiency.

2 Double Function Scroll Wheel
 Scroll Wheel—A more convenient way to scroll up and down rather than to click the scroll bar on the side of the window.

Wheel Button—By default, the wheel button performs the auto-scroll function (optional). To set the wheel button to a different function, first download the driver from our website at support.gggcube.com. Once you have installed the software, you can program the wheel button from a list of 58 different commands.
