Welcome to BabyTroid

TRILLE PRAMS

At BabyTroid we are very fond of the Danish tradition of using Danish prams. Denmark is the only country in the world where we let our children sleep outside both in the summer and wintertime.

Children enjoy sleeping in the fresh air and are very fond of their own personal pram in a design that gives them a safe and comforting feeling.

The interior fabric can have different patterns which the child recognizes and which brings them comfort.

Producing Danish prams requires a high demand to safety, comfort and design. We know that here at BabyTroid and we therefore work together with specialists from the leading test laboratory in Denmark.

We want the TRILLE pram to bring the best start to the whole family.

TRILLE® Hippa with turning wheels

Great pram with front turning wheels ideal for getting around the city. TRILLE Hippa with turning wheels comes with a pram box with wooden bottom that is ventilated. The hood has ventilation to ensure good circulation on hot days and the pram box has a washable interior.

TRILLE Hippa with turning wheels comes with a basket, carry cot and a diaper bag.

The pram box and the carry cot are both collapsible and are only 10 cm high collapsed. TRILLE Hippa with turning wheels is an easy pram to fit into your car if you do not have a lot of space. A seat can be bought separately.

Tested according to EN 1888: 2003 A1,A2 and A3.

Safety, function and design

– those are the key words when we produce prams at TRILLE
 You must feel safe putting your child into a TRILLE pram

The solid coated exterior makes it very suitable for the Danish climate. Gigant comes with harness rings, double break and adjustable handle. The length measurement is 95 cm and the extra length makes it

possible for children at the age of 3 to use the pram. Comes with air or solid wheels – both with ball bearings, carry cot and diaper bag in matching colors.

The frame is made of aluminum which makes the pram very light.
 The pram can be collapsed to fit into even the smallest car.
