1STMAW GENERAL ORDER)
: Messes and Clubs
NUMBER.....56)

Ref: (a) 1stMAW General Order No. 39 of 11 Jul 1951
(b) 1stMAW General Order No. 40 of 15 Jul 1951
(c) CG, 1stMAW Ltr ser 6910 of 27 Jul 1951
(d) Chapter 19, Marine Corps Manual, 1949

1. References (a), (b) and (c) are revoked and superseded by this order as of 1 December, 1951.

2. ESTABLISHMENT: The following messes and clubs are authorized within this Wing:

- (a) Commissioned Officers' Mess (Closed), 1stMAW, FMF
- (b) Staff Non-Commissioned Officers' Club, 1stMAW, FMF
- (c) Enlisted Club, 1st Marine Air Wing, FMF

3. The main branch of each mess or club will be located at Itami. Branch messes and clubs may be established in different locations when requested by the commanding officer of the sponsoring organization and when approved by the Commanding General. Sub-branches will be authorized, upon application, to serve those units which are not within reasonable distance of a branch mess or club.

4. GOVERNING BODIES: All branches will be governed by local Policy Boards. The recommendations of Policy Boards shall be forwarded to the Board of Governors of the appropriate mess or club via the commanding officer of the sponsoring organization. Only such recommendations of local Policy Boards as are approved by the Commanding Officer of the sponsoring organization will be acted upon by the Board of Governors.

5. Each mess or club will be governed by its own overall Board of Governors. These Boards shall consist of one representative from each aircraft group, battalion, and independent squadron under the operational control of this Wing. The above representatives will normally be members of the local Policy Board at their respective bases. Treasurer of the main branches at Itami will be ex-officio members of their respective boards.

6. Each Policy Board will meet at least once between the 1st and 5th of each month. Special meetings of any Board of Governors may be called at any time by its Senior Member with the prior approval of the Commanding General.

7. Boards of Governors shall forward the minutes of their meetings direct to the Commanding General for approval. No action will be taken on the recommendations submitted by the Boards of Governors until they have been approved by the Commanding General.

1STMAW GENERAL ORDER NO. 66

(Cont'd)

8. A file containing the original proceedings of the Board of Governors of each mess or club, together with the action taken thereon by the Commanding General, shall be maintained by the Treasurer of the main branch of that mess or club at Itami. Since these records contain the authority for the Treasurer to disburse or appropriate funds for capital outlays and entertainment, and to establish and maintain reserves for various purposes, they shall be carefully preserved and available for inspection at all times. These original documents shall not be filed with organizational records.
9. ADMINISTRATION: Messes and clubs of this Wing shall be governed in accordance with reference (d).
10. Messes and clubs shall use the exchange-type accounting system and balance sheet. The books will normally be closed and audited quarterly as prescribed in reference (c); however, the cash book journal shall be footed and posted to the general ledger each month in order to facilitate the preparation of interim summaries. To the end that errors may be promptly discovered, the Inventory and Audit Board will examine the cash book journal and its supporting documents as soon as such monthly footing and posting has been completed. If documents and journal entries are found to be correct and properly posted, they may be blue penciled in accordance with existing regulations and need not be re-examined during the quarterly audit, thereby reducing the volume of detailed work necessary at that time.
11. In order that Boards of Governors and the Commanding General may be kept informed of the financial status of messes and clubs, a Summary of Operations and Financial Status will be prepared for each month (including the third month of each quarter for purposes of continuity and comparison). When submitted for the third month in conjunction with the quarterly balance sheet, the summary need not include a separate list of assets, liabilities and net worth.
12. To facilitate the preparation of the monthly summary branch managers will, at the end of each interim month, prepare an inventory of consumable stock and forward it promptly to the Treasurer together with all documents pertaining to operations for that month. The Treasurer will prepare a Summary of Operations and Financial Status without closing the books and submit it to the Inventory and Audit Board for examination and forwarding with pertinent comments.
13. Quarterly audits and reports required by reference (d) shall be made. Quarterly inventories shall be taken by the Inventory and Audit Board.
14. The Inventory and Audit Board shall require that all entries in the books be covered by proper and adequate supporting documents which have been vouchered by the Treasurer.

1ST MAW GENERAL ORDER NO. 56

(Cont'd)

15. A quarterly exchange-type balance sheet shall be submitted as an enclosure to the audit report. Reports of audit shall bear reference to this order and to reference (d), and contain the following information:

(a) A statement that the cash on hand was counted and by whom, and that the cash in the bank was reconciled to a current bank statement, with the amount of each.

(b) A statement that the consumable stock was inventoried and by whom.

(c) A statement for the months of June and December that all property owned by the mess or club, and Government Property held on memorandum receipt, was inventoried, and the result thereof.

(d) A statement as to whether or not all appropriate regulations were carried out and any other pertinent information which, in the opinion of the Board, should be brought to the attention of the Commanding General.

16. Officers and enlisted men who are appointed as branch managers are authorized to make expenditures for local purchases. Such purchases shall be confined to beer, ale, and non-alcoholic consumable supplies. Branch managers shall be appointed in writing by the commanding officers of the sponsoring organizations.

17. GENERAL: The Constitutions and By Laws of messes and clubs shall be revised to conform with the provisions of this order.

18. The Assistant Chief of Staff, G-1, will assign one officer on a full time basis as a member of the Special Staff with the duties of supervising and coordinating the operation of messes and clubs within this Wing.

19. The commanding officers of sponsoring organizations shall be responsible for the control and administration of mess and club activities within their respective jurisdictions.

References to Classified Messages

NUMBER..... 59)

Ref: (a) JANAP 121(A), Art. 1541.10.b
(b) JANAP 121(A), Art. 1544

1. The practice of making reference to a classified message in an unclassified message is very dangerous to cryptographic security. A formal report to the Chief of Naval Operations is required whenever this practice appears to compromise a cryptographic system. If a compromise is declared, the Chief of Naval Operations may recommend that disciplinary action be taken against the individuals responsible.

2. Reference (a) requires that the originator of a message indicate on the Joint Messageform whether or not the reference is classified. The following words only may be used as unclassified replies to classified messages, as outlined in reference (b):

"AFFIRMATIVE"
"NEGATIVE"
"INTERROGATORY"
"COMPLY"
"LETTER"

3. In order to prevent a possible cryptographic compromise, it is directed that no Communication Center of this command accept for transmission a message which does not indicate whether the references contained in the message are classified or not.

Addendum No. 1 to
LSTMAW GENERAL ORDER)

NUMBER.....45) Meritorious Promotion of Enlisted Personnel

1. Add the below letter as Enclosure (2) to subject order:

DHB-1854-mep
29 Oct 1951

From: Commandant of the Marine Corps
To: Commanding General, Fleet Marine Force, Pacific
% FPO, San Francisco, California

Subj: Recommendations for meritorious promotion

Ref: (a) CMC dispatch O21430Z of January
(b) Para 9365 MCM

1. Reference (a) contains instructions to be used as a guide in estimating the type of performance of duty which should be rewarded by recommending enlisted personnel for meritorious promotion under the provisions of reference (b).

2. In evaluating such recommendations received at this Headquarters a marked disparity has been noted in the number of recommendations originating in various units of both the First Marine Division (Reinforced) and the First Marine Aircraft Wing. Commanding Officers at the unit level place varying emphasis upon the achievements for which individuals are recommended for meritorious promotion with the result that activity cited as meritorious in one unit may be considered as only normal performance of duty in another. The absence of constructive or comparative recommendation in endorsements at Battalion, Regimental, and Division levels, or corresponding echelons of the First Marine Aircraft Wing, further complicates this situation.

3. Since commanders closer to the scene of operations are in a better position to judge the relative merits of each case in relation to the over-all achievements of the Division or Wing, it is requested that each echelon of command include some type of positive recommendation in endorsements on all future recommendations submitted under the provisions of the reference.

NUMBER.....58) : Dissemination of Operational and
Intelligence Information for Combat
flight personnel

Ref: (a) 1st MAW General Order #50 dtd 28Aug51

Encl: (1) Flight Personnel acknowledgement form

1. Reference (a) is hereby cancelled.
2. All flight personnel who join this command will be thoroughly briefed regarding operational and intelligence information prior to engaging in combat flights.
3. The responsibility for indoctrination of new flight personnel rests with the commanding officer of every squadron in the Wing. Intelligence and Operations sections of the Wing will cooperate fully with briefings and the dissemination of material to make this indoctrination of new personnel possible. The following subjects will be covered in the indoctrination briefings:

- Intelligence
- Emergency Navigational Aids
- Radio procedure; the checking in and out with necessary controllers
- Escape and Evasion information
- Flak information
- Complete bomblines information
- Cockpit check-out-Ordnance, etc
- Recognition of friendly and enemy aircraft operating in Korea

4. Commanding officers of units of this command will submit a signed roster to this headquarters prior to the 5th of each month of all flight personnel who have joined their units during the previous month and have been briefed in accordance with paragraph 2. Enclosure (1) will be used for this report.
5. Flight personnel will not commence combat flights until they certify that they have been briefed in accordance with paragraph 2.

5th AF MISSION REPORT NO. 1

1. DATE OF MISSION - Example, 5 May 1951, 29/30 May 1951
2. TYPE MISSION, ASSIGNED 5TH AF OPS MISSION NUMBER - In type of mission, use only the abbreviations listed in 5th AF ltr INC-603, dtd 27 May 1951. If mission is diverted, indicate from what type of mission to what type of mission. The mission number used will be the number assigned by the 5th AF Operations Orders. In the case of Photo missions, both the mission number and the sortie number will be indicated. If numerous mission numbers are assigned to a single Photo flight, they will be listed in Item 2. Example - For Photo Missions: R/E M-4301/1306/JOC-109-II

3. UNIT DESIGNATION, FLIGHT CALL SIGN:
Example - VMF-222, Blowhard 3-4

4. PARTICIPATING AIRCRAFT: (a) Number and type taking off; (b) Number aborting; (c) Number returning including aborts. For the purpose of this report, an ABORT is any aircraft which for any reason other than enemy action returns to base without carrying out the purpose of the mission. Sorties crossing the bomblines but not attacking targets are not considered aborts. Aircraft returning to base as escort for an abort by the flight leader or wingman (in the case of multi-ship flights) will be carried as operational aborts. Example - 4 (a) 4F4U-4B (b) ZERO (c) FOUR

5. TAKE OFF TIME OF FIRST AIRCRAFT, LANDING TIME OF LAST AIRCRAFT
Example - 0930/K - 1130/K

In the case of Combat Air Patrols; Time the controller directed aircraft scrambled, time take off of first aircraft, time landing last aircraft.

6. EACH TARGET ATTACKED: Time, Location, How Many, Type of Target, Results Obtained, Number & Type Bombs/rockets/ammo/flares expended on each target. Photo missions will include photo and visual coverage.

In case of close escort missions, (1) Flight Designation, number and type aircraft, mission. (2) Location, time and altitude of rendezvous with aircraft being escorted. (3) No. and Type aircraft escorted. (4) Position taken in relation to aircraft being escorted aircraft sightings to include number, type, location, time altitude and direction of flight. (6) Resume of attack made by enemy to include:

- A. Tactics of attacking aircraft (6 o'clock in elements of two, breaking to the left and high.
B. Number and duration of attacks.
C. Tactics of escorting aircraft.
D. Unusual occurrences, both favorable or unfavorable on escorted aircraft.
(7) Location, time, altitude and reason for breaking off escort.

RESTRICTED

1

(Appendix 1)

RESTRICTED

In case of Combat Air Patrol Missions: Interceptions: If friendly, Time, Location, number and type of aircraft. If unidentified or hostile, Time, Location, Number and Type of aircraft encountered, resume of encounter. If not intercepted, reason why.

Example - (C/S) 1530/K DT2688 Tanks, one probably destroyed with 4 HVAR and one damaged with 200 rds. 20mm. Damaged tank smoked but no flame was observed.

Example - (Photo R/E) 1445/K N-4301 CT0967 Vertical Pinpoint.

Example - Mercury Red, 4 F-84's prebriefed escort of bombers attacking Namsi Airfield made rendezvous with 8 B-29's at CVC832, 1500/I at 24,000'. Positioned 4,000' above weaving back and forth. Sighted approximately 30 MIG's vicinity YE0000, 1545/I coming in from Northwest at 31,000'. Two minutes later the enemy attacked from 6 o'clock high in elements of two. Mercury Red 1 and 2 attacked two MIG's who broke left and up after a pass on the bombers with Red 1 firing on enemy 1 and Red 2 firing on enemy 2. Hits were observed along wing root and fuselage, and both began trailing white smoke. Red 1 and 2 broke off attack and returned to bombers. Here Red 3 and 4 attacked a lone MIG as he pulled up from the bombers, with friendly 3 closing rapidly and firing from 1500' to 700'. Hits were observed from the nose to the tail, MIG wobbled, rolled over and spun down in an inverted position out of control. Friendly 3 and 4 broke off attack at 15,000' and returned to bombers. Attack lasted for 12 to 15 minutes, enemy very aggressive. After bombs away, bombers split up, four turning to the right and four to the left causing confusion among the escorting aircraft. Mercury Red flight continued escort of four turning right and broke off escort in vicinity of Haeju, 1625/I 23,000', low on fuel, returned direct to base.

Example - (CAP) Flight intercepted 2 B-26's at CT5674 at 10,000' After identifying bogie as friendly, flight was ordered to return to base.

7. OBSERVATIONS: Include objectives remaining in the target area following your attack.

Example - Sighted 4 trucks at 1135/K in the vicinity of CT8245 on secondary road. The trucks were similar to a US 6X6. Headed south at a speed of approximately 20 miles per hour. Trucks made no attempt to evade aerial observation. Flight leader was returning to base with a rough engine at the time of observation and did not initiate an attack.

UNUSUAL OBSERVATIONS: Use attached check-off list in completely checking this item:

- (a) Number of objects
- (b) Time
- (c) Location
- (d) Altitude of observing aircraft
- (e) Length of time observed
- (f) Proximity of observing aircraft to object
- (g) Describe the object
- (h) Remarks or any other information

RESTRICTED

2

(Appendix 1)

RESTRICTED

8. ENEMY AIRCRAFT: Indicate whether observed or encountered, time, location, altitude, number and type of a/c, resume of encounter, results, include battle damage to friendly a/c, hits on the enemy and claims. Use the check off list in item 7, above plus the below listed check off list.

- (a) Did the enemy press the attack?
- (b) Approximate maximum speed of enemy a/c in the engagements;
- (c) From what position was the attack made?
- (d) Estimate of enemy a/c acceleration;
- (e) Indication of after burner if jet a/c?
- (f) A/C observation
 - (1) Color and/or markings of enemy a/c;
 - (2) Location and size of wing tanks;
 - (3) Location of guns and estimated calibre;
 - (4) Other changes or characteristics observed from previous encounters.

IN THE CASE OF NIGHT ENCOUNTER OR OBSERVATION

- (a) Number and probable type;
- (b) Indicate whether observed or encountered;
- (c) Time;
- (d) Location and altitude;
- (e) Damage to friendly and enemy aircraft
- (f) Was after burner observed?
- (g) Were exhaust flames observed?
- (h) Resume of encounter, including:
 - (1) Proximity of enemy a/c
 - (2) Method of attack
 - (3) Number, location and estimated calibre of weapons observed firing
- (i) Detailed observation and brief description:
 - (1) Number of engines;
 - (2) Jet or conventional (Radial or Inline);
 - (3) Wing or external tanks;
- (j) Rate of closure;
- (k) Results of encounter;
- (l) Weather, giving visibility, cloud coverage, time of moon, if full moon or half moon.

Example - Encountered 4 Yak-9's at 1410/K in the vicinity of Pyongyang DT 0098. Aircraft approached from the Northwest at an altitude of 20,000'. Friendly flight was headed North at an altitude of 15,000' when sighting was made and immediately made a climbing turn towards the approaching a/c. The Yak's flying in a box formation made one firing pass from NW to SE and retired by turning northward into a cloud bank. Fuel shortage prohibited friendly a/c from making pursuit. The wingman of the lead section received a .50 cal. hole in the right aileron. Enemy a/c appeared to be silver in color with red prop spinners and were marked with large red stars on the side of the fuselage only.

RESTRICTED

3

(Appendix 1)

RESTRICTED

9. FLAK: Report the time, location, altitude of a/c, type of weapon, intensity, accuracy, type of fire encountered, did visibility conditions permit visual tracking? Also report any evidence of barrage balloons, cables, searchlights and the time of sighting and their location.

When reporting flak the following prescribed definitions will be utilized.

As to type of Weapons

Heavy Weapons ("Hvy"); all AA of 75mm or larger.

Automatic Weapons ("AW") all AA less than 75mm.

DO NOT USE THE TERM MEDIUM AND LIGHT.

As to the intensity of fire

Meager (Hvy) Less than 2 bursts per second.

(AW) Fire from less than 4 guns

Moderate (Hvy) 2 to 5 bursts per second.

(AW) Fire from 4 to 12 guns

Intense (Hvy) Over 5 bursts per second.

(AW) Fire from 12 guns or more.

As to accuracy of fire

Accurate (Hvy) A/C hit or rocked.

(AW) A/C hit, or tracer stream or self destructive burst in close proximity to a/c.

Inaccurate (Hvy) No hits obtained, a/c not rocked.

(AW) No hits obtained, tracer stream or self destructive burst well distant from a/c.

As to type of fire encountered

Continuously Pointed (Hvy) or (AW) - Bursts or tracer stream, "Walked along" or followed course of a/c.

(Hvy) Large group bunched bursts, stationary.

(AW) Stationary tracer streams or tracer streams fanning continuously in one plane.

Predicted Concentration (Hvy Only) Several grouped concentrations occur along the course of A/C.

Example: 1330K, CT 5674, 15,000, Hvy, Intense, Accurate, Continuously Pointed, Visibility permitted visual tracking. A/C rocked but undamaged by fire.

10. FRIENDLY LOSSES: Indicate whether reporting an observed loss or from own flight, time, location, condition of a/c, condition when last observed, cause of loss if known, survivors.

Example: Flight leader crashed at 1545K as a result of AW fire. Plane crashed at CT 5678 and exploded on impact. Pilot was not seen to leave a/c.

RESTRICTED

4

(appendix 1)

RESTRICTED

11. PERSONNEL CASUALTIES: Number killed, wounded, missing. (Name and rank will not be used). (Personnel casualties and aircraft lost on combat missions will also be reported immediately by Flash/Secret dispatch in accordance with 5th AF Regulations 200-3)

Example: Pilot killed as a result of AW fire at 1050K in the vicinity of CT 5675.

12. ABORTS WITH REASON: Number of aborts should correspond with part (b) of item 4. The definition of an abort is defined in item 4. The reason for aborting should be amplified, do not use only the terms "mechanical" or "operational". If the abort is mechanical describe the failure.

Example: 1 a/c aborted, mechanical, loss of oil pressure.
1 a/c aborted, operational, escorted mechanical abort listed above back to base.
1 a/c aborted, weather, flight was unable to cross bombing due to solid overcast in target area.

13. BRIEF RESUME OF COMMUNICATIONS DIFFICULTIES: State whether difficulties were equipment failure or excessive traffic on certain channels or a result of jamming.

Example: Could not receive controller on channel 1. Received controllers transmissions but was unable to answer due to failure of transmitter.

14. WEATHER: DID WEATHER AFFECT ACCOMPLISHMENT OF MISSION? Cloud coverage, ceiling, visibility. If adverse weather, did it affect the accomplishment of mission?

Example: CAVU
Overcast, 500 foot ceiling, visibility 3-4 miles,
Flight unable to make runs due to low ceiling.

15. BOMB, ROCKET, AMMO, FLARES CARRIED:

Bombs: Number, size, type, number of duds.
Rockets: Number, size, type, number of duds or misfires.
Ammo: Calibre and rounds expended.
Flares: Number, type, number of duds.

Example: 24 100 GP VT Fused, 2 exploded prematurely.
4 110 lb GP-M16AR, 2 500 lb M-29, 200 rds 20mm

16. CONTROLLERS: (Close Air Support missions only)
Designate controllers whom you contacted and controller you worked with. Their effectiveness in directing your attack.

Example: Checked in with Rosebud who turned flight over to Daisychain who controlled the strike. Controller was excellent in identifying target.

RESTRICTED

5

(Appendix I)

RESTRICTED

17. DID YOU CONTACT TAGC? Was TAGC contacted following mission to report observations and results? Item may be answered Yes or No.

18. BRIEF RESUME OF MISSION: Self explanatory. Information listed in times above need not be repeated unless further clarity can be derived. Item should contain the sequence of events on the mission. Unusual occurrences should be reported.

Report all suspected enemy electronic interference and/or jamming against our electronic equipment, communications or radar.

Example: Flight proceeded on assigned mission, worked in target area listed in item 6, above. On returning to base at 1515K, flight intercepted MAYDAY from BABYFACE 61, who stated that he was going to bail out. No locations were given and no further transmissions were heard. Information was flashed to Melody controller. Fifteen minutes later a transmission was received from Air Rescue that a parachute had been sighted and a windmill was going to pick up the pilot. Flight returned to base.

19. INTERROGATOR, TIME AND DATE: Self explanatory.

RESTRICTED

6

(Appendix 1)

5TH AF REGULATION

NO. 200-3

INTELLIGENCE

HEADQUARTERS
FIFTH AIR FORCE
APO 710 18 Sept 1950REPORT OF PERSONNEL AND AIRCRAFT LOST ON COMBAT
MISSIONS

1. Purpose - To establish the procedure for submission of intelligence "Flash" reports on personnel and/or aircraft lost on missions.

2. General - This regulation is applicable to all units assigned or attached to this command. Accuracy, speed, and completeness of this report are of paramount importance.

3. Definition - The term "mission" as used in the regulation includes all flights over Korea and all flights between Japan and Korea. This includes an abortive mission that results in aircraft and/or personnel loss.

4. Preparation and submission of Report - Report will be submitted to the Commanding General, 5th Air Force in Korea. ATTN: Deputy for Intelligence, immediately upon receipt of information regarding personnel and/or aircraft lost on missions regardless of the circumstances, ie, bail out, crash landing or ditching in enemy or friendly territory. This report will contain the following information.

a. Complete name, rank and service number of all crew members and passengers.

b. Time of incident (hour and date).

c. Location of incident by coordinates.

c. All other pertinent details, such as:

(1) Type of enemy action causing incident (enemy fighters, AAA, small arms fire, etc)

(2) Type of action other than enemy causing incident (engine failure, accident, etc)

(3) Status of personnel after incident (apparently killed, wounded, or were they able to walk away from accident, etc)

5. Precedence and Classification of Report - The precedence of the report is "FLASH" and the classification is "SECRET".

-1-

Appendix (2)

Report of Personnel and Aircraft Lost on Combat Missions Cont'd)

6. Reports control symbol - Subject report is exempt from requirements of a Reports Control Symbol in accordance with paragraph 9b (1), AFR 174-1.

1stMAW BULLETIN)

NUMBER....23-51)

Communications Information Bulletin Number 8
Use of indefinite Originator Call Signs in
Movement Reports

Ref: (a) 1stMAW Bulletin 20-51 dtd 20Oct51
(b) COMNAVE Instruction 02390.1 dtd 5Nov51

1. Purpose. The purpose of this bulletin is to amplify the provisions of reference (a) in accordance with reference (b).

2. Background.

a. When movement reports are classified, indefinite radio call signs will be used in the heading for the originator.

b. When any portion of the heading of a message is replaced by an indefinite call sign(s), the portion replaced will be placed in the text.

c. A considerable number of movement report messages, employing indefinite (originator) call signs, have been received by IRO Tokyo which did not contain sufficient information to clearly indicate the originator thus causing unacceptable delays when verification or other vital information must be obtained from the originator.

3. Solution.

a. (1) When a message is encrypted, place the required originator information as the last portion of the text, and as an addition to the contents of the report now required by Art. 506, USF 70(B).

(2) The following examples are offered as a guide:

Ref: (a) 1stMAW Memorandum No. 177-51 of 24 Oct 1951
(b) AirFMFPac Memorandum No. 110-51 of 31 Oct 1951
(c) CMB Ltr Ser AAC-1642 of 30 Jul 51
(d) MCM Volume I, paragraph 7162

Encl: (1) Allocation of Temporary Flight Orders within this Command

1. Reference (a) is hereby cancelled.
2. Reference (b) authorizes the issuance of temporary flight orders and sets the monetary limitation for this command.
3. Reference (c) sets the flight order pay of "crew members" at an average of \$60.00 per month and flight order pay for "non-crew members" at a flat rate of \$50.00 per month. Enlisted personnel ordered to duty involving flying will be ordered as "crew member" or as "non-crew member".
4. Enclosure (1) shows the numerical and monetary limitations of both "crew member" and "non-crew member" flight orders. The monetary limitations are not to be exceeded. Enclosure (1) is effective as of 1 November 1951.
5. Attention of all units is invited to reference (d).

(h) 1stMAW Memo No. 129-51 of 1 Jul 1951

Encl: (1) Strike-flight Recommendation (Sample)
(2) Single action Recommendation (Sample)

1. References (d), (e), (f), (g), and (h) are hereby cancelled.

2. Reference (a) outlines requirements for various awards and decorations and states in general terms the procedures to be used in the submission of awards and decorations. The instructions contained herein are intended to decrease the administrative burden on subordinate units by eliminating the preparation of citations by them. All citations and all formal recommendations to higher authority will be originated by this Headquarters, based upon recommendations by subordinate units. These recommendations will be submitted in the form outlined in this order.

3. Reference (b) sets up requirements for recommending awards in the Korean conflict on the strike-flight basis and states in part that:

a. The Distinguished Flying Cross will not be recommended on the strike-flight basis. Only heroic individual actions will be considered for this award.

b. The Air Medal will be awarded for lesser individual actions, and also will be awarded on the strike-flight basis in accordance with reference (b) as follows:

(1) Every twenty strikes or flights may warrant the award of an Air Medal.

(2) Strikes and flights are normally completed only upon the return of the aircraft to the locality of departure.

(3) In order for a flight to qualify for a basis of recommendation on the strike-flight system it must have proceeded on a definite assigned mission during which the aircraft flew over enemy infested territory where enemy fire was either received or was expected.

4. Pilots and crew members of transport type aircraft will rarely qualify for strike-flight awards under the above rules. However, during the course of a tour of duty in the Far East, pilots and crew members of transport type aircraft will have flown many non-combat missions under unusually hazardous conditions including severe weather with uncertain forecasts, inadequate aids to navigation, mountainous terrain, and hastily improvised landing fields. Deserving crew members might therefore be considered qualified, on this basis, for award of the Distinguished Flying Cross or Air Medal as appropriate upon completion of their overseas tour. This would not be a strike-flight award but an award for meritorious achievement or acts while participating in aerial flight.

5. Information to be included in recommendations.

a. Recommendations for awards based on the strike-flight system must contain the following information:

(1) That in the opinion of the recommending authority the flight qualifies as a "strike-flight" as prescribed in paragraph 3b above.

(2) The name, rank, serial number, MOS, and regular assigned duties on that flight (whether pilot, radioman, etc).

(3) The date or dates covered by the flight.

(4) Mission assigned aircraft.

(5) Approximate location where mission was performed.

(6) A statement to the effect that none of the flights considered have been used as the basis for another award.

b. On recommendations for heroic awards (Silver Star, DFC, etc), it is required that all units submitting recommendations include the following information in the letter of request.

(1) A Narrative describing the action in minute detail will be submitted in citation form.

(2) When more than one individual participated in the heroic action, the names of the other participants and what award has been recommended for them, if any.

(3) The number of missions flown, length of time in the squadron (or squadrons), and the approximate date the individual is due for rotation or transfer.

(4) The number and type of previous awards for which the individual has been recommended or which the individual has received during the present Korean conflict.

(5) A statement to the effect that the action depicted has not been used as the basis for another award.

(6) Any other pertinent information that would have a bearing on the award in question.

c. Recommendations for awards for transport aircraft strike-flights will contain a statement to the effect that seventy-five missions have been flown by the individual, and that he qualifies for the award as set forth in paragraph 4 of this order.

d. In cases where the individual is deceased or missing in action a paragraph to that effect must be included in the letter of recommendation with the date on which the above occurred.

6. Authority delegated by reference (c) permits the Commanding General, 1st Marine Air Wing, to award the Silver Star, Legion of Merit, Distinguished Flying Cross, Air Medal, Bronze Star, Commendation Ribbon, and Purple Heart to personnel of U. S. Armed Forces serving with the 1st Marine Air Wing and to award the Silver Star, Distinguished Flying Cross, Bronze Star, and Air Medal to other personnel of the Armed Forces of the United Nations below Flag or General Rank serving with the 1st Marine Air Wing.

7. The instructions contained herein are effective upon receipt. However, awards recommendations being prepared under previous instructions will be accepted.

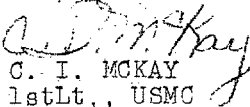

8. Enclosures (1) and (2) hereto are samples of strike-flight and individual action awards recommendations. For the submission of strike-flight awards, units may prepare standard forms to further reduce administrative work.

Via: Commanding Officer, Marine Aircraft Group 00
Subj: Distinguished Flying Cross, recommendation for, case of
Captain John J. DOE 00000/7302 USMCR
Ref: (a) 1stMAW General Order No. 60

1. Reference (a) promulgates information concerning requirements for recommendations for individual awards.
2. In accordance with the instructions contained in reference (a), Captain John J. DOE is hereby recommended for the award of the Distinguished Flying Cross, based on the following narrative in sample citation form:

"For extraordinary achievement while participating in aerial flight against the enemy in KOREA on 3 September 1951. Captain DOE, as leader of a flight of four F4U's, took off on a close air support mission directed by the Joint Operations Center. He was directed to report to a Forward Air Controller near the town of SHOU-RI. The Controller marked the target, which was a mortar position and a large number of enemy troops dug in on a ridge. With complete disregard for his own personal safety, Captain DOE made several low reconnaissance runs over the target in order to determine the exact positions of friendly and enemy forces. Despite intense enemy ground fire, he led a series of expertly executed napalm, bombing and strafing attacks, destroying the mortar position and inflicting heavy casualties upon the enemy. Captain DOE's courageous leadership, efficient action and fearless devotion to duty were in keeping with the highest traditions of the United States Naval Service."

3. During his current overseas tour of duty, Captain DOE has spent five (5) months in a combat squadron and has flown sixty-two (62) missions.
4. Captain DOE departed the United States on 15 June 1951 and is due to be transferred on 15 December 1951.
5. He has been awarded the Air Medal and Gold Stars in lieu of the second and third Air Medals for his actions in the present Korean conflict.
6. Second Lieutenant SMITH, First Lieutenant JONES and Captain BROWN accompanied Captain DOE on this mission and were not recommended for any awards in connection with this flight.
7. This flight has not been used as the basis for any previous award.

1. Reference (a) is hereby revoked and superseded herewith.
2. Reference (b) is quoted in part for information and compliance.

"2. The Chief of Naval Operations, on 26 April 1951, approved engagement stars for the Korean Service Medal for participation in combat operations. One star is authorized for participation in each of the following:

(a) North Korean aggression, period 27 June through 2 November 1950.

(b) Communist China aggression, period 3 November 1950 through a date to be announced.

(c) Inchon landing, period 13 September through 17 September 1950.

3. Ships and units considered to have participated in combat operations are those which:

(a) Engaged in blockade in Korean waters.

(b) Took part in shore bombardment, minesweeping, amphibious assault, or redeployment under enemy fire, or were part of mobile logistic support force in combat areas.

(c) Operated as part of carrier task groups from which offensive air strikes were launched.

(d) Participated in ground action or engaged in aerial flights over enemy territory.

(e) Engaged in or launched commando-type raids or other operations behind enemy lines.

(f) Engaged in patrol or escort operations which resulted in engagement in which a ship or aircraft suffered damage from the enemy or destroyed or severely damaged an enemy ship or aircraft.

ISIMAW BULLETIN NUMBER 24-51 (Cont'd)

4. A list of ships and units designated by the Chief of Naval Operations as having met the requirements in paragraphs 2 and 3 above will be published at a later date. Meanwhile, eligible personnel are authorized to wear engagement stars upon the ribbon bar of the Korean Service Medal, as appropriate.

5. ENTRY IN RECORDS. - Commanding officers are instructed to take necessary steps for the proper entries to be made in the service records of eligible personnel.

1. Reference (a) is quoted in part for information and compliance.

"SUBJECT: Receipt and Maintenance of Aerial Photographs

TO: Distribution

1. It has come to the attention of this headquarters that certain discrepancies exist, relative to the receipt and maintenance of annotated target photography and special intelligence reports periodically disseminated for use in briefing specific targets and/or target areas.

2. Replacement of subject photographs and allied intelligence materials, due to loss or destruction through negligence of proper maintenance, seriously hampers the already overtaxed Fifth Air Force reproduction facilities and in addition deprives combat units of the briefing information deemed necessary to the mission.

3. It is imperative that all annotated photography, special reports, flask reports, etc., received by units of this command, be filed and maintained in such a manner as to reflect prompt and efficient utilization thereof whenever it is deemed necessary to do so.

WING GENERAL COURT-MARTIAL)

ORDER NUMBER.....15-51)

Before a general court-martial which convened on 15 October 1951, at Headquarters, 1st Marine Air Wing, Fleet Marine Force, K-1, Korea, pursuant to an appointing order of the Commanding General, 1st MAW, FMF, dated 2 October 1951, was arraigned and tried:

Hospitalman Third Class Leonard R. Kincaid, U. S. Naval Reserve, HMR-161, 1st Marine Air Wing, Fleet Marine Force, c/o Fleet Post Office, San Francisco, California.

CHARGE I

VIOLATION OF THE UNIFORM CODE OF MILITARY JUSTICE, ARTICLE 111

Specification: In that Leonard R. Kincaid, hospitalman third class, U. S. Navy Reserve, Marine Helicopter Transport Squadron 161, on active duty, did, at the United States Air Force Base, Kangnung, Korea, at or about 2340, on or about 10 September 1951, on the road leading from the main gate, of the aforesaid base, to the Kangnung road, operate a vehicle, to wit: a hospital jeep while drunk and did thereby cause said vehicle to strike and injure Bae Kyong Chang, corporal, 102nd Military Police Battalion, Republic of Korea.

CHARGE II

VIOLATION OF THE UNIFORM CODE OF MILITARY JUSTICE, ARTICLE 95

Specification: In that Leonard R. Kincaid, hospitalman third class, U. S. Navy Reserve, Marine Helicopter Transport Squadron 161, on active duty, having been duly placed in arrest in quarters, did, at Marine Helicopter Transport Squadron 161, United States Air Force Base, Kangnung, Korea, on or about 12 September 1951, break said arrest.

CHARGE III

VIOLATION OF THE UNIFORM CODE OF MILITARY JUSTICE, ARTICLE 90

Specification: In that Leonard R. Kincaid, hospitalman third class, U. S. Navy Reserve, Marine Helicopter Transport Squadron 161, on active duty, having received a lawful order from Captain Leroy E. Anheuser, U. S. Marine Corps, his superior officer, to report to the Marine Aircraft Group Twelve Guard Shack for questioning did, at the United States Air Force Base, Kangnung, Korea, on or about 11 September 1951, willfully disobey the same.

CHARGE IV

VIOLATION OF THE UNIFORM CODE OF MILITARY JUSTICE, ARTICLE 119

Specification: In that Leonard R. Kincaid, hospitalman third class, U. S. Navy Reserve, Marine Helicopter Transport Squadron 161, on active duty, did, at the United States Air Force Base, Kangnung, Korea, on or about 10 September 1951, by culpable negligence, unlawfully kill Bae Kyong Chang, corporal, 102nd Military Police Battalion, Republic of Korea, by running into him with a motor vehicle.

PLEAS

To the specification, Charge I: Not Guilty
To Charge I: Not Guilty.
To the specification, Charge II: Guilty
To Charge II: Guilty.
To the specification, Charge III: Not Guilty
To Charge III: Not Guilty.
To the specification, Charge IV: Not Guilty
To Charge IV: Not Guilty.

WING GENERAL COURT-MARTIAL ORDER NUMBER 15-51

FINDINGS

Of the specification and Charge I: Motion for finding of not guilty sustained.

Of the specification and Charge II: Guilty.

Of the specification, Charge Three: Guilty, except the words "having received a lawful order from Captain LeRoy E. Anheuser, U. S. Marine Corps, his superior officer, to report to the Marine Aircraft Group Twelve Guard Shack for questioning, did, at the United States Air Force Base, Kangnung, Korea, on or about 11 September 1951, willfully disobey the same", substituting therefor, respectively, the words "having knowledge of a lawful order issued by Captain LeRoy E. Anheuser, U. S. Marine Corps, to report to the Marine Aircraft Group Twelve Guard Shack for questioning, an order which it was his duty to obey, did, at the United States Air Force Base, Kang Nung, Korea, on or about 11 September 1951, fail to obey the same", of the excepted words, not guilty, of the substituted words, guilty. Of Charge Three: Not guilty, but guilty of a violation of Article 92.

Of the specification and Charge IV: Guilty.

SENTENCE

The court, therefore, sentences him, Leonard R. Kincaid, hospitalman third class, U. S. Naval Reserve to be discharged from the service with a bad conduct discharge and to be confined at hard labor for one year.

ACTION

Headquarters
1st Marine Air Wing, FMF
c/o Fleet Post Office, San Francisco

27 November 1951

In the foregoing case of Leonard Ray Kincaid, Hospitalman Third Class, U. S. Naval Reserve, the proceedings and findings are approved except Charge IV wherein only so much of the findings of guilty of Charge IV and its specification is approved as finds that the accused committed the offense of negligent homicide in violation of article 134, Uniform Code of Military Justice.

Only so much of the sentence as provides for a bad conduct discharge and confinement for a period of six months is approved, but the execution of that portion thereof adjudging a bad conduct discharge is suspended for the period of confinement and six months thereafter, at which time, unless the suspension is sooner vacated, the suspended portion shall be remitted without further action. The U. S. Naval Retraining Command, Mare Island, Vallejo, California is designated as the place of confinement.

The record of trial is forwarded to the Judge Advocate General of the Navy for review by a board of review.

DOD DIR 5200.10

Headquarters
 1st Marine Air Wing, FMF
 Fleet Post Office, San Francisco

7 November 1951

LETTER TO ALL HANDS

Within this command seven men have recently been awarded punitive discharges from the naval service for stealing or selling government property. This is a small loss to the service, but as to each of the individuals concerned the effect is tragic. He is a casualty to himself, crippled and handicapped by his bad conduct discharge just as surely as if he had walked into a prop. If their present actions are a sample of their business judgment, these men would never be successful in private life anyway, for this is their idea of a sharp business deal:

Case #1. A PFC sold an overcoat, two pair of pants and a pair of shoes to a Japanese. Profit - none. Loss - \$360.00 forfeiture of pay and a Bad Conduct Discharge.

Case #2. Two Sergeants and a Corporal stole a couple of dozen radio tubes which a Japanese friend was going to turn into cash for them. Profit - none. Loss - total loss of pay of \$330.00 and a Bad Conduct Discharge for each businessman.

Case #3. A Sergeant and a PFC had a Japanese friend who would make them rich. They stole a couple of blankets and a case of boots for him to sell on the black market. Profit on the deal - free use of the Jap's car for half a day. Loss - the businessmen split a \$3,600.00 forfeiture of pay. Each will spend 18 months in prison and come out with a Bad Conduct Discharge.

Case #4. A Corporal had connections. He knew where he could sell a jeep to a Korean for cash with no questions asked. He stole a jeep but somebody asked some questions. During the year he will spend in prison he can study the record of his court-martial, admire his Bad Conduct Discharge which is the only business school diploma he will ever get, and figure out that he has lost over \$1,300.00 in forfeited pay.

This does not complete the picture, however. The ordinary business-loss can be recouped, in a few years perhaps forgotten. Not so in these cases. The bad conduct discharge will be the same handicap twenty years from now and will be just as lasting as the loss of an arm in a prop. Rights and benefits under the G.I. Bill of Rights are lost. Pension and retirement privileges are lost. The honor accorded a veteran and the invitation to join various veteran's organizations are lost. Even so, a man with a bad conduct discharge may appear to be no worse off than if he had never been in the service, but the real handicap is this: society regards a bad conduct discharge as a brand of dishonor and sets aside its bearer as a man not fit to be trusted, not fit to be employed, not fit to be helped, and not fit for association with decent people. The unions, business firms, fraternities, and social clubs want no members with a bad conduct discharge, and the ranks of the professions are closed.

(OVER)

Even those persons with outstanding talent in special fields, such as the movies and professional boxing, have found a Bad Conduct Discharge to be a serious handicap.

Nor is this burden ever carried alone. Wife, family, and friends must face the choice of discarding the man or sharing his disgrace throughout their lives. It isn't worth the price. The time to stay out of trouble is NOW.

Stealing of Government property and unlawfully selling it, when we are engaged in combat, verges on being a traitor to ones country.

Crime does not pay!

G. F. SCHILT
Major General, U. S. Marine Corps
Commanding General, First Marine Aircraft Wing
