VOR: THE MAELSTROM™ STOCK # 4000

Its origin ... unimaginable. Its hunger ... insatiable. Its power ... immeasurable.

The Maelstrom is a cosmic vortex of vast proportions, a pocket universe where the laws of physics are warped and twisted into an obscene parody of reality. It is a voracious singularity that exists only to consume and destroy.

The Maelstrom consumes worlds, perverting them into nightmarish landscapes. Once-fertile plains are violated by alien mountain ranges. Twisted forests are fused with modern metroplexes. The unfortunate survivors of these doomed worlds must struggle to live in a savage, unstable environment. Their lives are transformed into an endless fight for resources, an endless quest for stability and escape. Their greatest goal is to stay alive.

The Maelstrom offers only two choices: victory—or death.

VOR: The Maelstrom™ is the thrilling science-fiction miniatures game of tactical combat in the twisted realm of the Maelstrom. A fast-playing rules system lets players lead their forces against myriad opponents in the ultimate battle for survival.
