Nike. Jeep. Timberland. These brands and their logos have trademark laws protecting them from misuse. Our fraternity name is no different. It is our right and responsibility to protect our name and the symbols that we have valued for more than 138 years. Therefore, Pi Kappa Alpha registers its marks with the United States Patent and Trademark Office and is taking measures to ensure our marks are used appropriately in marketing and merchandising.

PI KAPPA ALPHA AND AMC

Pi Kappa Alpha has aligned with 51 other Greek organizations through working with Affinity Marketing Consultants (AMC), a company founded to help organizations protect the integrity and ownership of their trademarks. AMC will work with Pi Kappa Alpha in granting licenses to companies that manufacture merchandise bearing our name, Greek letters and crest. Through the licensing program, vendors submit all products and designs for approval to insure that our marks are not associated with any products and/or designs that glorify alcohol abuse, sexism, hazing, drugs or discrimination.

WHY WORK WITH LICENSED VENDORS?

The relationship between the Fraternity and licensed vendors is a win-win situation. A licensed vendor agrees to work with

Pi Kappa Alpha to insure proper use of our trademarks and to sell high quality products at reasonable prices and to offer good customer service. In exchange, approved vendors are given the approval to produce products and/or services in association with our organization.

HOW YOU CAN HELP

Alumni and collegians play an important role in the success of the licensing program. Licensed manufacturers will place a special Greek Licensed Product Logo designed for members of AMC on all items bearing Pi Kappa Alpha symbols. Look for this logo when shopping in campus bookstores, Greek specialty stores, catalogs and web sites. Members who buy products with this special seal can do so with confidence, knowing the Fraternity has approved the product and they are purchasing from a licensed vendor. In addition, chapters and alumni associations can support the program by having special items produced only by licensed vendors.

To locate an always up-to-date list of Pi Kappa Alpha's officially licensed vendors, please visit **www.pikes.org**.

If you would like to nominate to a vendor to become licensed with our organization, please send their company information including name, address, phone, e-mail and web to **vendors@greeklcensing.com**.

A Call To Action

The 2006 International Convention

“Over the last four years, this engine has been successfully overhauled... now it's time to get in and drive it.” This was the message newly elected International President Kevin Knaus shared with the over 650 attendees at this year's International Convention in Orlando, Florida during his inauguration speech at the International Officers Banquet on Saturday, August 5th. The message of taking action could be heard loud and clear throughout the week as brothers from over 180 chapters and 32 alumni associations ascended upon the “Sunshine State” to reaffirm Pi Kappa Alpha's commitment to excellence.

Orlando played host to Pi Kappa Alpha's 65th Convention for the first time in its storied history. While Orlando became a city in 1857, it is most often recognized as the home to one of the world's most fabled characters, Mickey Mouse, and Walt Disney World in nearby Lake Buena Vista, Florida. Founded in 1971, Walt Disney World contains over 28,000 acres of illustrious theme parks, golf courses, and beautiful resorts. During the Convention, the Hilton Walt Disney World Resort property and staff did not disappoint and Mickey himself even made a guest appearance.

August 2, 2006

Wednesday's opening session brought undergraduate and alumni together from all over North America to share stories of success, triumph, and hard work. Newly appointed Executive Director Justin Buck (*Southeast Missouri, Epsilon Iota '96*) kicked off the Convention with a “work hard, play hard” attitude which was impressed upon chapters throughout the week. One of the biggest highlights of the event was a special appearance by Florida State head football coach,

The passing of the international president's badge is an important part of every Convention. Allen W. Groves, president from 2004-2006, places the pin on the lapel of new International President Kevin G. Knaus.

Bobby Bowden (*Samford, Alpha Pi '49*). Following a rousing introduction from past Supreme Council Vice President Charlie Barnes (*Florida State, Delta Lambda '65*), Bowden shared stories of football, life, and PiKA success. He spoke of team chemistry and the importance of striving for things greater than one's self as well as how the best teams in football are comprised of the “most best men” – two messages which have clear correlation to our chapters and Fraternity. Coach Bowden closed with talking about “it.” “It” is what makes an average person do great things, or an average

team win championships. “It” is something Pi Kappa Alpha has, and needs to use to best advantage. Brother Bowden's message was witty and inspirational, and something Convention attendees will remember for a long time. Following the remarks of one of college football's all-time greatest coaches, was the recognition of some of Pi Kappa Alpha's greatest chapters, the Excellence Award Winners. These chapters, totaling 37 in all, represented the best Pi Kappa Alpha has with respect to overall chapter performance and span all of North America.

The opening session was brought to a close with a memorial service conducted by International Chaplain Luke Maybry (*Wofford, Nu '95*). Brothers who had entered chapter eternal were reflected upon for their contributions to society and their dedication to Pi Kappa Alpha. The history and memory of those in the Gold Star Memorial were remembered as were the four men who had recently made the ultimate sacrifice to their country: Dion Burmaz (*Santa Barbara, Iota Kappa '95*), Nicholas Olivier (*Louisiana Tech, Gamma Psi, '03*), Patrick Rapicault (*Delta State, Zeta Beta '90*), and Jesse Samek (*Arkansas, Alpha Zeta '02*). Everyone in attendance

was encouraged to remember the words of Junior Founder Dr. Howard Arbuckle when he said, “Let us struggle that our heart may only rest when we have given our full efforts – as these men have – to uphold the ideals which are imprinted upon it.”

Wednesday closed with the International President's Banquet and a fitting tribute to the work Allen Groves (*Stetson, Delta Upsilon '79*) had done over the past two years as the Fraternity's leader. He expressed his pleasure over the work the Supreme Council had done with respect to restructuring the Fraternity's *Constitution* and affiliated entities.

He also commented on the value *The True Pike* initiative has created, and the Fraternity "broadening its tent" to be more appreciative and understanding of the backgrounds of its individual members and the need to be more diverse to succeed on today's college campuses. Following Brother Groves' remarks, five new chapters were welcomed into the bonds with the presentation of their chapter charters and gavels. Three chapters: Eta Upsilon (*Texas-Arlington*), Delta Beta (*Bowling Green*), and Beta Xi (*Wisconsin*) were welcomed back while new extensions of our brotherhood were brought into the fold at Lambda Mu (*Boston University*) and Lambda Xi (*Florida Gulf Coast*).

and is bestowed annually to an unsuspecting recipient recognizing significant support and loyalty provided to the Fraternity at the local or international level. Frederick "Ray" Jenkins (*Texas, Beta Mu '54*) was this year's well deserving recipient (see page 8). Brother Jenkins has served the Fraternity for over

Special recognition was also granted to some very notable alumni. Edward A. Pease (*Indiana, Delta Xi '71*) was presented with the 2006 Judge Elbert P. Tuttle Distinguished Achievement Award (see page 9). This annual award recognizes the alumnus member of the Fraternity who distinguishes himself in public service. As current senior vice president of government relations for Rolls Royce North America, a past U.S. Congressman, past international president of Pi Kappa Alpha, and past president of the North-American Interfraternity Conference, Brother Pease has truly helped share the values of Pi Kappa Alpha and the Greek movement throughout the world.

The Loyalty Award was also presented that night

40 years in numerous capacities including as a member of the International Alumni Commission, regional president, a member of the Eta Upsilon Alumni Advisory Board, and has served on numerous house corporation boards. His wisdom, generosity, and kindness have provided Pi Kappa Alpha with an exceptional role

model. While modest in acknowledging his own contributions, he continued to stress there is more each of us can do as alumni to assist in the development of our undergraduate brothers and give back to PiKA.

A color guard highlighted the moving memorial ceremony, conducted by Pi Kappa Alpha's new International Chaplain Luke Maybry.

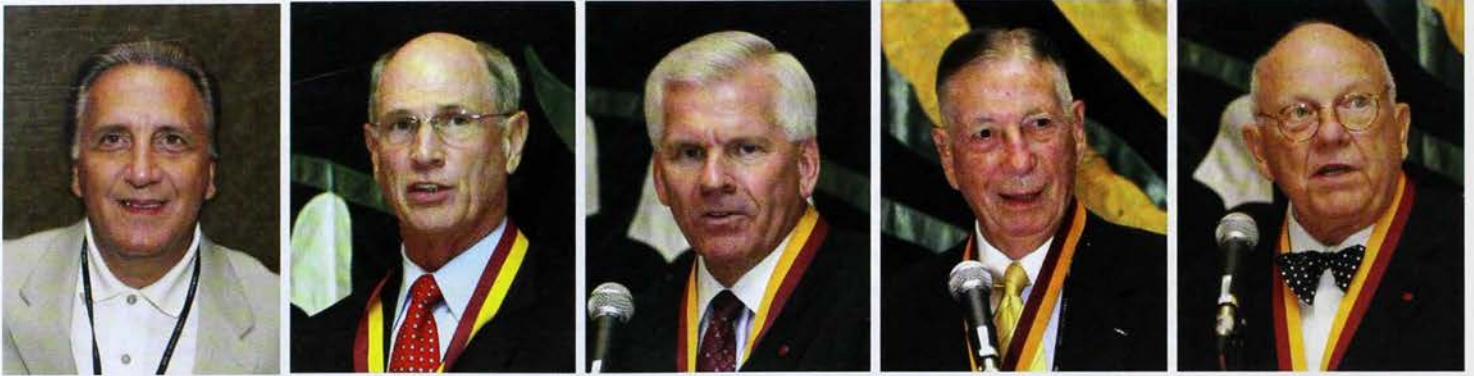

August 3, 2006

The second day of the Convention brought education, change, and further recognition to the forefront. Past International President and International Historian Dr. Jerry Reel (*Tulane, Eta '57*) moved the crowd with his insight into the founding and history of our Fraternity, sharing how the values and symbols of our Fraternity are alive and well with us today. International Rush Czar Darius Sidebotham (*Florida Tech, Zeta Sigma '94*) followed that up with the always popular and motivational "Pike Rush." Dar spread his message with enthusiasm and asked the chapters to use Pike's time tested tactics and commit to recruiting the most best men on their respective campuses.

Thursday also included the first of three legislative sessions and committee meetings where undergraduate and alumni delegates helped mold the future of Pi Kappa Alpha. Among the items debated and approved were Pi Kappa Alpha's ongoing commitment to education on the risks of alcohol abuse and hazing of our chapters and brothers and the detrimental effect these issues can have on our Fraternity. Our recruitment philosophy was also reaffirmed as

Pi Kappa Alpha continues to remain one of North America's leading fraternities with respect to an aggressive year-round approach to rush without restrictions and a leader in expansion throughout the fraternity world. Also, in light of the Fraternity's desire to ensure that proper care and attention be given to its trademarks,

The Pi Kappa Alpha Educational Foundation recognized these five gentlemen with the prestigious Order of West Range: (from left) Joseph Caruso (Florida Tech, Zeta Sigma '70), Ivor J. insignias, and promotional materials, the Convention passed three pieces of legislation with respect to the Fraternity's name and symbols. This authorizes the Fraternity to consent to a licensed vendor program as well as monitor the use and develop guidelines for the appropriate manner in which to display and preserve its intellectual property.

The Fraternity continued to recognize the outstanding accomplishments and achievements of its chapters during the Cornerstones Awards presentation. The Fraternity's Cornerstones help to break

down every area of chapter programming and chapters were rewarded for their outstanding work in membership, operations, brotherhood, and leadership. Additional groups were acknowledged for outstanding academic achievement, participation and success during International Work Day, and reaching the 100 man membership plateau. The year's most Outstanding Alumni Advisory Board at Eta Omicron (*Louisiana-Monroe*) was recognized as was past Educational Foundation President W. Bram Govaars II (*Gamma Delta, Arizona '66*) as Chapter

Advisor of the Year. His ongoing support of the Lambda Lambda Chapter (*California-Irvine*) throughout its time as a colony and now as a chapter is a large reason for its continued success.

The Educational Foundation recognized John G. Van Name (*George Washington, Delta Alpha '04*) as the Robertson Most Outstanding Undergraduate (see page 35) and inducted five amazing ΠKA alums into the Order of West Range: Joseph Caruso (*Florida Tech, Zeta Sigma '70*), founder and principal of Omnifirst Capital Corporation; Ivor J. 2006 LOYALTY AWARD

F. Raymond Jenkins, Jr. (Texas, Beta Mu '54)

F. Ray Jenkins is the recipient of the Pi Kappa Alpha 2006 Loyalty Award. Jenkins joins recent past winners Raymond L. Orians (*Memphis, Delta Zeta '66*), Daniel F. McGehee (*Tennessee, Zeta '63*) and Larry W. Lunsford (*Tennessee, Zeta '71*).

As an undergraduate, Jenkins served Beta Mu Chapter as treasurer and pledge educator. As an alumnus, Jenkins served as chapter advisor for 15 years, first to Beta Mu Chapter from 1963-1969 and then to Eta Upsilon Chapter (*Texas-Arlington*) from 1984-1992. He was honored as the Chapter Advisor of the Year at the 1988 Convention.

Brother Jenkins has served on two local house corporations spanning a 50-year period. He first became involved with the Beta Mu Building Corporation, and served as secretary and president. He was elected to the Eta Upsilon Corporation in 1992 and his service to both groups continues today.

On the international level, Jenkins served Pi Kappa Alpha as Lone Star regional president from 1992 through

1997, and he was appointed to the International Alumni Commission in 1997, serving in that capacity until 2001.

Brother Jenkins is a member of the Pike Loyal Order. He is also a member of the Educational Foundation's Garnet & Gold Society. His civic involvement includes the Rotary Club of Arlington and the Commemorative Air Force.

Professionally, Jenkins has retired after a career as a physician with Diagnostic Radiology Associates of Dallas. He is a member of the Texas Medical Association, Dallas County Medical Society, Radiological Society of North America, American College of Radiology, Texas Radiological Society, Dallas/Fort Worth Radiological Society, American Institute of Ultrasound in Medicine, American Roentgen Ray Society and Texas Medical Foundation.

Past International President Thomas J. Turner (*Texas Tech, Epsilon Gamma '67*) shares this story about Brother Jenkins: "Ray goes on a dove hunt in the Panhandle of Texas every year that questions the sanity of anyone who attends. You will have to ask Brother Jenkins for the stories because the trip is one of those 'what happens at the hunt STAYS at the hunt'

events. Ray is a true and loyal servant of Pi Kappa Alpha. I have never heard him say anything self-aggrandizing. Ever. Everyone else gets the credit. We would not have a chapter at UTA if it wasn't for him, even if his modesty will not let him say it."

Pi Kappa Alpha is proud to honor Brother Ray Jenkins as the 2006 Loyalty Award recipient.

Evans (*Kansas State, Alpha Omega '61*) retired vice president, chairman and chief operating officer of Union Pacific Railroad; Gary E. Menchhofer (*Cincinnati, Alpha Xi '65*) vice president of Yankee Trace Real Estate Development Corporation and past Pi Kappa Alpha national president; Richard J. Seitz (*Kansas State, Alpha Omega '39*) highly decorated war hero; and William C. "Wick" Watkins (*Auburn, Upsilon '51*) retired chairman and CEO of ICEE of Atlanta. The character and reputation of these men truly embodies what it means to be a True Pike and each remains committed to the betterment of the Fraternity. Wick Watkins summarized it best when he said "the tremendous experiences and opportunities that draw a man to ΠKA today are still the same as they have always been, and is a timeless tribute to its meaning and purpose."

August 4, 2006

While business was in recess, many ΠKAs were able to go out and enjoy the sights and local flavors of Orlando while self-proclaimed hackers and local alumni participated in the convention golf tournament at the beautiful Disney Lake Buena Vista Golf Resort. In addition, several attendees also participated in a community service project benefiting the Give Kids the World Village. This non-profit resort helps to create magical memories and helps to fulfill wishes for children with life-threatening illnesses and their families. In total, more than \$1,000 and over one week of time was donated in just a few short hours to Give Kids The World (see page 10).

Edward A. Pease (Indiana, Delta Xi '71)

**Senior Vice President,
Government Relations
Rolls-Royce North America, Inc.**

Edward A. Pease is senior vice president, government relations of Rolls-Royce North America, Inc. Headquartered in suburban Washington, D.C., Rolls-Royce North America provides management direction and corporate support for all Rolls-Royce businesses and operations on the continent. Pease also oversees international trade issues and relationships with State and Provincial governments.

Prior to joining Rolls-Royce, Brother Pease served in the U.S. House of Representatives representing the 7th Congressional District for the State of Indiana. First elected in November 1996, he was re-elected with a 69 percent majority two years later. While in the House, he served on the Transportation Committee, where he was a member of the Aviation and Surface Transportation Subcommittees, and the Judiciary Committee, where he was a member of the Subcommittees on Intellectual Property and Immigration. In addition, he was frequently entrusted with the role of Speaker Pro Tempore of the House.

Pease received his bachelor of arts degree, with distinction in both English and political science, and his juris doctorate, cum laude, from Indiana University. He

also completed post-graduate studies in English at Indiana State University. After a period of private practice, he was elected to the Indiana State Senate and served for 12 years where he chaired the Judiciary Committee and was responsible for major reform of the State criminal justice system. He then joined Indiana State University as General Counsel and later became Vice President for University Advancement.

Pease is a committed leader in volunteer service, and has a long history of service to the Boy Scouts of America, both at the national council level and local levels. He has been chairman of the Boy Scouts National Order of the Arrow Committee, and president of the Philmont Staff Association which supports the Philmont Scout Ranch in New Mexico.

Brother Pease was recognized by the Fraternity as its Most Outstanding Undergraduate in 1973 and its Most Outstanding Chapter Advisor in 1983. He has served in a number of volunteer positions including chapter advisor for Theta Omicron Chapter, alumni association president, regional president, Supreme Council vice president and international president. Pease joined the Pi Kappa Alpha Educational Foundation board of trustees in 2002 and is

now its president. He was inducted into the Order of West Range in 1998 and is a member of the Oak Trust and President's Council.

Brother Pease has brought honor to the interfraternity movement, serving the North-American Interfraternity Conference as a member of its board from 1992-2004 and serving as its president for an unprecedented two terms. In 2006, he was awarded the prestigious Gold Medal for his efforts on behalf of the interfraternity movement.

Past National President William R. Nester (Cincinnati, Alpha Xi '47) celebrates with Iota Gamma Chapter (Nebraska-Kearney) representatives after they receive their Champion Level Smythe Award. Nester served the University of Nebraska-Kearney as chancellor/president from 1983-1993, and is now chancellor emeritus.

August 5, 2006

The Convention culminated on Saturday with the much anticipated Pike University Awards Luncheon. Before the awards began, newly elected International Vice President Mat Forrest

(Southern Illinois, Iota Mu '94) made a feature presentation on the first ever True Pike Challenge at the Boulder Outdoor Survival School (BOSS) in southern Utah. The hard work and obstacles these men endured helped them realize what is truly important and that the values the True Pike initiative helps to convey can help us stand tall against any task. Mat concluded and later affirmed in his *Building our Brand* presentation that what helped each of these

men overcome adversity and what each of us can do for our chapters is to employ a little perseverance and a well known phrase adopted by Elvis himself, "a little less talk, and a lot more action!"

Annually, the Pi Kappa Alpha Fraternity recognizes the "best of the best" with the

coveted Robert Adger Smythe Award, the highest recognition a chapter can receive. This award signifies those chapters that have demonstrated overall chapter excellence and outstanding achievement on their campuses. This year, 13 chapters were presented with the Smythe Award (see listing on page 12). On average, these groups rank in the top three in membership on their campuses, donated \$8,000 and 6,000 hours to charity, maintained a GPA over the all-fraternity average, have 90% of their membership involved on campus, and are first or second in athletics. Tension filled the air as winners were announced from the pool of Excellence Award recipients filling the head table. One by one, the joy and elation could be seen on the faces of these young men as they not only basked in the glory of their achievement, but reflected on the hard work which had brought them to this point. For the first time, Smythe Awards were separated into champion, legacy, and dynasty designations recognizing those groups that won their first or second Smythe, third or fourth consecutive Smythe, or fifth or more Smythe Awards.

Pikes Make A Difference Through Community Service at the 2006 International Convention

On Friday, August 4, 2006, several Convention attendees took advantage of a break in the official business of the 2006 Convention to participate in a community service project. Seventeen Pikes traveled to Give Kids the World Village in Orlando, Florida to assist in reconstructing a horse corral and riding area, and to help with landscaping new residences. Give Kids the World Village is a 70-acre, non-profit resort that creates magical memories and fulfills wishes for children with life-threatening illnesses and their families. Give Kids the World Village provides accommodations at its whimsical resort, donated attraction tickets, meals and more for a week-long fantasy vacation. With the help of many generous individuals, corporations, and partnering wish granting organizations, Give Kids The World Village has welcomed nearly 75,000 families from all 50 states and 53 countries.

Bobango (*Arkansas State, Delta Theta '74*) was reappointed as international legal counsel while Justin Ptacnik (*Nebraska Omaha, Delta Chi '03*) and Ryan Collett (*Kansas State, Alpha Omega '04*) were selected as vice presidents from the undergraduate ranks. Allen W. Groves will continue to serve on the Supreme Council as immediate past international president. In his first action as International President, Brother Knaus thanked his family and brought his son Parker to the podium for a special presentation by pinning his original pledge pin upon his son's chest. This memorable moment not only signified how closely Kevin regards his family and his relationship with PKA, but also represented the importance he places upon recruitment and the message which we must convey at all times. International President Knaus' point was loud and clear; we must continue to push ourselves to be the best, push ourselves to recruit the best, and never waiver until that mission is accomplished.

After four hard working days in the state of Florida, Pi Kappa Alpha mapped out its course of action to maintain its position as North America's leading Fraternity. The bonds of brotherhood were tightened, friendships were solidified, and a new directive was established. A call to action was pronounced by the men who are prepared to see it through, the men of Pi Kappa Alpha; men of action. ♦

THE TRUE PIKE CHALLENGE

In August 2005, the True Pike Challenge concept became a reality, thanks to Fraternity staff, Supreme Council and international education and recruitment advisors. The True Pike Challenge was created as a reward for dedicated Pike University Certified undergraduates who wanted to experience the ultimate Pike University event. The event was named True Pike Challenge so that the True Pike Membership Standard, which was adopted at the 2004 St. Louis Convention, would remain in the forefront of the Challenge, from planning to execution.

In 2006, the first True Pike Challenge event took place at the Boulder Outdoor Survival School (BOSS) in Boulder, Utah. Not a single one of the True Pike Challenge ambassadors had visited the rugged land of southern Utah, which proved to be the first challenge of the trip—assembling 20 Pikes from across North America in Provo,

Utah. Those chosen from an application-based process to attend the premiere True Pike Challenge were Andrew Bailes (East Tennessee State, Epsilon Zeta '02), Larry Calhoun (Florida, Alpha Eta '02), James Card (Nebraska-Omaha, Delta Chi '03), Joe Christians (Bradley, Delta Sigma '03), Ryan Collett (Kansas, Alpha Omega '04), Marshall Farmer (Middle Tennessee State, Eta Zeta '04), Robert Franco (Wayne State, Delta Nu '03), Brad Hagen (Morehead State, Eta Eta '02), Thomas Howarth (Old Dominion, Zeta Iota '02), Aaron Huser (Wisconsin, Beta Xi '05), Matthew Lyons (Illinois, Beta Eta '04), Justin Ptacnik (Nebraska-Omaha, Delta Chi '03), Jakeb Riggle (Nebraska, Gamma Beta '03), Clark Robertson (High Point, Delta Omega '03), Kurt Schoeffler (Houston, Epsilon Eta '03), Nathaniel Steinhoff (Wyoming, Iota Alpha '03), Tyler Verri (Wisconsin-Whitewater, Kappa Omega '03), Nolan White (Tennessee, Zeta '04), Sunshine Regional President Mat Forrest (Southern Illinois, Iota Mu '94) and former Director of Services Michael Auda (Northern Arizona, Theta Rho '01).

These Pikes endured seven days of low technology

camping and desert hiking as they pushed themselves to the limit both physically and mentally, with the challenge of becoming better Pikes—TRUE PIKES. The goal of the BOSS is to take a person from a world of convenience and comfort and put them into a situation where they must go 'just a little bit further'—past the false limits the mind has set for the body. BOSS' goal is very similar to Pi Kappa Alpha's goal with the True Pike Membership Standard. In today's society, it is not enough to be just a PiKA, one must strive to be a True Pike.

Make the effort *to better yourself, to better your brothers, to better your Fraternity and to better your community.* Once you make the choice to step outside of your comfort zone, only then will you understand what it is to be a True Pike.

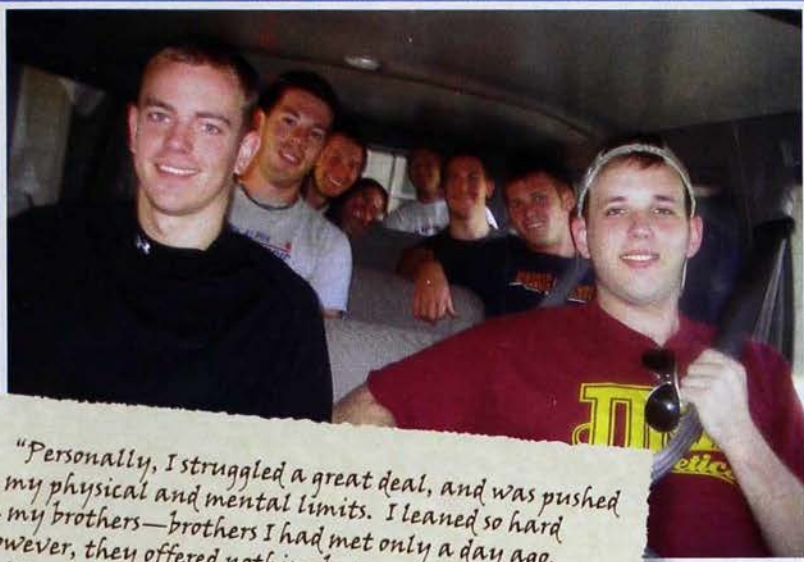

Twenty gentlemen accepted the Fraternity's challenge to brave the unfamiliar terrain of Southern Utah to test their manhood and to see if the True Pike could emerge. Here are some of their stories, in their own words.

Do You Think You're Up For The Challenge?

In order to qualify to attend the 2007 True Pike Challenge, you must be Pike University Certified. Certification is achieved when you attend at least three Pike University events as an undergraduate member. Once Pike University certified, you must submit an application (available online Spring 2007) along with a letter of reference from the chapter president, chapter advisor and/or international officer. Most importantly, you must be committed to a life of caring for others as you care for yourself in pursuit of the True Pike ideal.

"Being a True Pike is probably one of the most difficult things in the world. It means always taking the higher road, the harder path, because it's the most honorable one. It means being humble even when you have it all. It's showing respect to all, even in the hardest situations. Being a True Pike isn't about being that perfect individual, but trying to achieve that in every aspect of your life. We know that nobody is perfect, but when you strive for perfection, you will make yourself better and the people around you better as well."

Larry Calhoun
Alpha Eta Chapter (Florida)

"Personally, I struggled a great deal, and was pushed to my physical and mental limits. I leaned so hard on my brothers—brothers I had met only a day ago. However, they offered nothing but encouragement, positive attitudes, and a constant example of sacrifice. Sharing the last few sips from your canteen, or carrying an extra day pack, everyone had each other's back, no questions asked. This immediate camaraderie brought us together, and carried us through the trip."

Robert Franco
Delta Nu Chapter
(Wayne State)

"We hiked to a camp with what looked like igloos made of wood and a fire pit. The rest of members were there, and it was so good to see those guys. We gave hugs, each one knowing what the other one had been through. We didn't need to share stories; stories were told by the layers of dirt on our legs, arms and faces. They were told by the smiles and presence of all of us together. We all appreciated the fraternal bond we had a little bit more, but most importantly we appreciated each other. Seeing the other guys I hadn't been hiking with for three days was the first time I knew the International Fraternity did something unique. The Fraternity has fostered life long bonds between a group of twenty gentlemen from across the United States that resembled a bond between the strongest pledge classes. It felt great."

James Card
Delta Chi Chapter (Nebraska-Omaha)

"In one week at the Bolder Outdoor Survival School, I learned to safely handle and maintain a knife, make fire with sticks, find water in the desert, and camp without a tent, sleeping bag, or back pack. This knowledge was not easily acquired. Spending seven days in the desert was one of the most intense experiences of my life; it required perseverance, self-discipline, and teamwork. While learning these skills was extraordinarily worthwhile, the most valuable knowledge was not obtained with physical resolve, mental toughness, or cooperation."

The True Pike Challenge provides a select group of members from Pi Kappa Alpha with an opportunity to examine the intrinsic worth of the Fraternity and the True Pike Membership Standard. It creates an atmosphere of intense truth and reality. The 18 men who accepted the first ever True Pike Challenge drove away from Bolder, Utah on July 24, 2006 and looked at the world through clean lenses—a bed never felt so soft, air conditioning never felt so cool, and shampoo never smelled so clean. More importantly, the True Pike Membership Standard never made more sense. Those of us who walked away from Bolder that day had unknowingly become ambassadors for the True Pike. In one week we had created friendships, survived the wilderness, and committed ourselves to become better men. The Challenge will never be forgotten by those who accepted it. When the journey began, we were running through the desert as individuals, when the journey finished, we were sharing stories as brothers."

Chapters Achieve Results With Successful 2006 International Work Day

International Work Day, subsidized by the International Fraternity's Real Estate Department, is a day-long event planned by chapters or house corporations, dedicated to renovation and house improvement projects. 2006 marked the eight-year anniversary for the very successful program, and again achieved record-breaking participation.

Kappa Omega Chapter (*Wisconsin-Whitewater*) was honored with the Overall Work Day Award for 2006. With the help of neighboring Beta Xi Chapter (*Wisconsin*), which has no chapter house of its own, Kappa Omega's project turned out 108 participants, including over 40 alumni, parents and guests. Together, the groups put in 728 man-hours as they worked to pour a concrete base and perimeter fence for the garbage area, retile the kitchen floor, and paint two rooms. After completing work on the chapter's

facility, the Pikes finished the day with a community service project, in which they painted a retired professor's home.

Every chapter that participated in 2006 International Work Day received a \$250 grant, recognition plaque, and an 8' by 5' vinyl banner that can be used during recruitment and alumni events. Each winner received a plaque and a \$100 gift certificate to a local hardware store. The Overall Best Work Day winner took home a trophy as well as a \$500 grant for improvements to their facility.

To get your chapter or house corporation involved in International Work Day, follow the instructions on this page, or check the Fraternity's website, www.pikes.org, in October for more information.

How To Get Involved With Spring 2007 International Work Day

Chapters or House Corporations

Registration can be completed via the Fraternity's website (www.pikes.org) and by calling or e-mailing the Real Estate Department at (901) 748-1868 ext. 116 or pikeshouse@pikes.org. All registered chapters will receive a free gift and International Work Day planning kit that explains how to host the event and take advantage of many incentives offered by the International Fraternity.

Alumni, Parents and Guests

In late February watch for an invitation, check the International Fraternity's website (www.pikes.org) or look in the spring issue of the *Shield & Diamond* to see if and when your chapter or the chapter nearest you is participating. If you can't wait until then, call (901) 748-1868 ext. 116 or e-mail the Real Estate Department at pikeshouse@pikes.org and ask for information about getting involved.

Due to space constraints, no Myths and Legends article appears in this issue. But not to worry, faithful reader, in the next issue you will learn the tale of an immaculate mansion designed by a world renowned architect. The Pi Kappa Alpha Fraternity 2005-2006 Annual Report

The Year in Review

A Letter From The President

Allen W. Groves
(Stetson,
Delta Upsilon '79)
International
President
2004-2006

Brothers,

The following pages contain a detailed report on Pi Kappa Alpha's continued record of success during the past academic year. With nearly 200,000 living initiates, both undergraduate and alumni, Pi Kappa Alpha continues to produce results that few fraternities can approach.

Renewed commitment to aggressive recruitment will be a central focus of the next Supreme Council led by new International President Kevin Knaus (Alpha Omega '82), an acknowledged expert in the area of effective rush. Pi Kappa Alpha's continued success is dependent upon each member being fully committed to open, year-round rush aimed at attracting "the most best men." We must continue to out-work our competitors and appeal to the thousands of young men on our campuses who may not realize that the True Pike values we espouse really do make us a different breed of fraternity man. We must clearly articulate Pi Kappa Alpha's exemplary values to rushees in both word and action, and always strive to create a truly meaningful fraternity experience for every brother. As I have said before, striving to match our actions to our values is no easy task, but our best undergraduate chapters understand that we are a leader precisely because we have set the bar high and then exceeded that target. Incoming International President Knaus has challenged each of us to be aggressive in setting these targets and thus avoid the complacency of "easy goals." Only a truly focused effort will make that a reality.

We installed five new Pi Kappa Alpha undergraduate chapters this past year, as well as nine new alumni associations. Pike University continued to evolve

and expand in 2005-2006, further enhancing our reputation as the benchmark for positive educational programming in the Greek-letter community. Our Leadership Summits, targeted at aspiring leaders, our Chapter Executives Conference, focused on the chapter president, treasurer and rush chairman positions, and our recently concluded International Convention in Orlando attended by over 570 chapter delegates, members and international officers, have combined to set the stage for an even better 2006-2007, when the Leadership Summits will expand to include a seventh event in Seattle. Our Pike University directors and the many volunteer faculty who assist them have done a terrific job of arming our undergraduate members with the tools they will need to succeed in the chapter and in life. In addition, our dedicated corps of regional presidents (expanded this past year to 20 in number) and chapter advisors continue to deliver critical front line advice and support to our chapters, enabling them to build on past successes and avoid losing momentum when officers change and leaders graduate. If you don't have a chapter advisor, contact your regional president immediately, and he will help your chapter get the right man for this critical position.

On behalf of the Supreme Council, I thank each of you for your contributions to a tremendously successful 2005-2006. It has been an honor to serve as your international president these past two years. Once a Pike, always a Pike.

Fraternally,

Allen W. Groves
International President
2004-2006

Raymond L. Orians
(Memphis,
Delta Zeta '66)
Executive Vice
President

This past year has been one of implementation of various new initiatives for Pi Kappa Alpha. Modernization of the organization's affiliated entities was completed resulting in enhanced leadership roles and clearer focus for the Fraternity's main areas of concentration

consisting of leadership programs, recruitment, service, risk awareness and housing. The Supreme Council, using a policy governance model, adopted several new or revised policies in areas such as expansion, chapter performance and volunteer recruitment. As adopted at the 2004 International Convention, the Fraternity instituted a new fee structure which better acknowledges that all chapters have an equal financial obligation to the organization.

The Fraternity continues to grow both in terms of members and chapters. These new initiatives should provide the framework, guidance and resources for many years to allow the organization to become even more proficient. The following reports provide detailed accomplishments in the operational areas of the international organization.

Leadership Programs

Pike University celebrated yet another successful year of providing cutting-edge educational programming for the members of Pi Kappa Alpha Fraternity. A total of almost 1,700 undergraduates attended at least one Pike University event in 2005-2006. Specifically, the always inspiring and motivational Chapter Executives Conference, held in Memphis, Tennessee, hosted a record breaking 360 chapter presidents, rush chairmen and treasurers from across North America!

History was made this past year in the unveiling of the True Pike Challenge, Pike University's ultimate outdoor event. Only eighteen Pike University certified

members were selected to embark on this once in a lifetime test of survival in the impossible terrain of Southern Utah. This seven-day test was made possible through the generosity and support of the Pi Kappa Alpha Fraternity.

And Pike University is still growing! This year we are adding a seventh Leadership Summit to our line-up in Seattle, Washington. This a great opportunity for our undergraduates and alumnus volunteers in the northwest region to get involved in Pike University.

Last but not least, the Fraternity is blessed with an outstanding cadre of alumnus volunteers, and Pike University could not have been successful without their time and talents. Thanks to all those alumni who served as faculty this past year, especially our International Educational and Recruitment Advisors – Mike Hayes, Jason Dean, Mark Dziatczak, Shad Williams and Darius Sidebotham.

Recruitment

Pi Kappa Alpha has long been recognized as a leader amongst all North American fraternities in the area of recruitment. Through time tested philosophies and techniques, combined with excellent education and training emphasizing recruitment of the most best men on each campus;

Pike chapters were able to recruit 5,422 new members during the 2005-2006 academic year, representing a 2.8 percent increase from the previous year. The recruitment success experienced by chapters nationwide has contributed to Pi Kappa Alpha's ranking as the leader in

average chapter/colony size among all fraternities totaling an average of 62 men per chapter/colony.

Quality growth continues to be a main focus of the Fraternity. Four new colonies were established and five new chapters installed throughout the academic year. Pi Kappa Alpha anticipates supporting at least six colonization efforts in 2006-2007, including the University of South Carolina (*Xi*), the University of Minnesota (*Beta Chi*), California State University-Long Beach and the University of Massachusetts-Amherst (*Theta Mu*).

The Recruitment Department continues to work with undergraduate members, alumni, universities, area chapters and existing colonies to support the addition of viable new chapters to our existing ranks and to increase the overall size, influence and prestige of Pi Kappa Alpha and our chapters.

Chapter Services

The Services Department continued its support of Pike chapters, members and advisors throughout the past year. The department is charged with meeting the growing needs of Pike chapters by developing innovative chapter and leadership programming while providing effective consulting services to the Fraternity's members.

With eight consultants servicing chapters this past year, 252 visits were made to 206 chapters across North America. An additional 35 developmental visits were made to chapters requesting additional assistance from the services staff.

Eight new consultants have joined the staff for the 2006-2007 year and are excited to build upon the success of the past year.

Chapter Finances

Pursuant to the 2004 International Convention in Saint Louis, Pi Kappa Alpha's billing structure changed from charging chapters on a per man basis as of their October 15 roster to a fixed rate of \$2,600 a year. The long-term effects of this change have yet to be seen, but the revision has immediately eased the budgeting process for our chapters' treasurers.

The elimination of the pledge fee also had an effect on the Fraternity. Under the new membership fee assessment, chapters are assessed when a member is initiated. It is the responsibility of the chapter to ensure funds are available at that time. Treasurers must become more responsible in managing the membership fees when new members or pledges pay them. The staff at Memorial Headquarters is continuing to develop new tools designed to assist chapter treasurers in this charge.

Alumni Services

The Fraternity works to provide enhanced involvement opportunities for all alumni. As our commitment to fraternal excellence continues, so does our commitment to the alumni of Pi Kappa Alpha. Last year, our associations, house corporations and chapters held events ranging from homecomings, golf tournaments, gold and silver anniversaries and Founders Day banquets to honor our alumni.

The Fraternity, through our alumnus volunteers, was able to provide keynote speakers and guests for many different Fraternity events across North America this past year. New resources are constantly being developed to assist our chapters and alumni associations on how to foster and improve alumni relations, sponsor events and form new alumni associations.

Highlights of events in 2005-2006 include:

Alumni Directory Publication: The Fraternity contracted with Publishing Concepts, Inc. to produce the 2006 Alumni Directory. The year long effort involved the participation of over 47,000 alumni who responded to the directory questionnaire culminating in the completed directory which was printed and mailed to purchasers in August 2006.

Pike University Alumni Receptions: Receptions were held in conjunction with all Pike University events and alumni and friends in Kansas City, Philadelphia, Las Vegas, Atlanta, Dallas, Memphis and Chicago joined to renew friendships and meet Pike student members at the 2005-2006 Pike University Leadership Summits.

Pike Loyal Order: The Pike Loyal Order program, one of the most successful alumni programs in recent history, has attracted over 1,100 alumni and student members who have made the commitment to Be Bold, Be Proud, Be Loyal. The Pike Loyal Order is a brotherhood of Pikes of all ages who continue to take advantage of their Pi Kappa Alpha membership. The Pike Loyal Order embodies the success, character, allegiance and deep sense of integrity that we all command of ourselves. Membership in Pike Loyal Order helps preserve the traditions of excellence associated with Pi Kappa Alpha.

Pikes inCircle: *Pikes inCircle*, launched in March 2006, meets the increasing demand for more and better online communications tools. *Pikes inCircle* allows members to leverage their network of Pike connections and to date, over 6000 Pikes have joined the *Pikes inCircle* online community.

Vendor Licensing: The alumni services department continues to identify vendors who can provide quality services, products and events of interest to Pike alumni. You can find the most up-to-date information on Pike vendors at the merchandise link on the Fraternity's website at www.pikes.org.

Pi Kappa Alpha is committed to supporting Pike alumni. We congratulate the 125 existing alumni associations and welcome new groups that are forming.

Real Estate

In one form or another, "housing" has been a part of the American, social, college, fraternity experience since the mid 1800's. In the 1890's the first Pike House that slept members was rented by Nu Chapter at Wofford College in Spartanburg, South Carolina. The first Pike chapter to own property was Chi at the University of the South in Sewanee, Tennessee, which purchased land and finished construction of their house in 1900. Chapters and house corporations now own or otherwise occupy some form of real estate at over 175 locations throughout the United States and Canada. For the benefit of current and future generations of Pikes, it is important that these assets be managed in a manner that grows the equity and enhances the image of the Fraternity in each respective community.

One of the most tangible services offered by the Fraternity is a loan program to help acquire or improve upon real estate that benefits chapters. Such financing to qualifying house corporations is provided through a variety of lending programs with loan limits ranging from \$20,000 to \$250,000. The Fraternity's real estate loan fund, commonly known as the Chapter House Fund, was established at the 1907 Convention in Richmond, Virginia. It was initially funded by a per member head tax billed to chapters and although such augmentation to the Fund was occasionally interrupted, during times when the Fraternity experienced extreme

Following are some notable aspects of the Real Estate Department's major programs:

Lending Operations:	Approximately \$682,000 in new loan funds committed this year
Educational Resources:	Financial support to Pike University, most written materials available from the Fraternity's website
Life Safety Programs:	Loans, grants, and educational materials
International Work Day:	Participation has increased every year since inception in 1997
Real Estate Incentives:	Over \$30,000 in awards and grants annually
Capital Campaign Assistance:	Specialized loans for professionally conducted campaigns, and services to assist groups with preparation for a campaign
Group Property Insurance Program:	Currently 83 Pike locations in program, with over \$90 million in coverages
Pike House E-Mail Link:	Monthly electronic newsletter involving timely housing issues

financial stress, it has evolved and continues today as a valuable source of capital for groups that have maximized their attainable local financing and need additional funding to achieve their project.

While the Fraternity's role in chapter housing was that of primarily a lender for many years, the scope and purpose of the Chapter House Fund has been greatly expanded in recent years to better assist groups with not only the acquisition of competitive and affordable real estate, but also the effective management and equity growth of these valuable assets. In accordance with this component of the Fraternity's overall strategic plan, the basic task is to *"enhance the competitiveness, condition, and management of the organization's housing stock in a manner that draws alumni and undergraduates together in furtherance of the organization's mission."*

Recognizing that a chapter's house can impact the image of a group in their community, and that real estate can be an excellent vehicle to build wealth for the benefit of a chapter, the 1998 Toronto Convention directed that a set of minimum standards be created and proposed for consideration by the next convention.

The 2000 Convention in Atlanta, Georgia adopted seven proven property management practices as a set of minimum standards for operating a chapter house, and seven condition standards as an objective way to determine whether the appearance of a facility is at least meeting some basic expectations. Adherence to the Operation

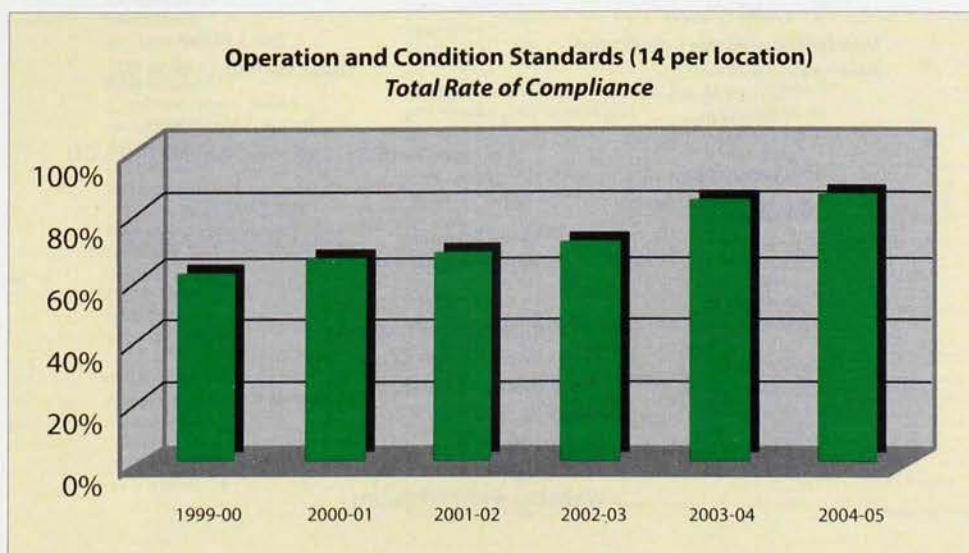

& Condition Standards (OCS) is voluntary unless otherwise required by provisions of a loan or lease. Where applicable housing facilities exist, the self evaluations are filled out annually by those involved on a local level. The results are then forwarded to the Real Estate Department so the attainment of these standards can be tracked. Where the Fraternity had nothing before, there is now a tool to measure progress in the implementation of proper management practices and the resulting improvement of actual property conditions. Since their formal adoption six years ago, there has been a 23 percent increase in the overall attainment of these standards.

Since 1999 when the Real Estate Department started tracking the progress and results of professionally run capital campaigns, nine different house corporations have obtained individual donor commitments totaling \$7.9 million

for chapter house construction projects. This is an area of awakening opportunity for all fraternities and Pi Kappa Alpha wants to do all it can to assist groups in preparing for and maximizing their potential in this under-utilized source of raising capital.

Certain staff at the Memorial Headquarters are assigned to the administration and operation of the Chapter House Fund's programs and the Fraternity's twelve properties it either owns or governs through its affiliated entities. The department is proud to announce the recent addition of Administrative Assistant Rebecca Elrod to its ranks. Pi Kappa Alpha has the largest, most tenured real estate department in the Greek world. Dan Corah just finished his twentieth year with the Fraternity's staff, Clint Bartman has completed seven

Communications

The Fraternity's official web site at www.pikes.org continues to be the primary source of Fraternity information for many undergraduates and alumni, providing the Fraternity's constituents with utilities, information, and the latest in Fraternity news and resources.

A new internet venture, *Pikes inCircle*, launched in March 2006. *Pikes inCircle* allows members to communicate within a network of Pike connections. The *Pikes inCircle* online community is located at <https://incircle.pikes.org>.

The Fraternity's monthly publication, the *Forum*, is distributed entirely via email, allowing the Fraternity to send a copy of the Forum to each pledge, member, alumnus and Greek advisor/dean of students who has provided the Memorial Headquarters with a valid email address. Each edition of the Forum also remains archived for one year on the Fraternity's web site.

The *Garnet and Gold*, Pi Kappa Alpha's member reference handbook, is undergoing an intensive and thorough revision. A hard bound version is scheduled to debut for the 2006-2007 academic year.

The *Shield & Diamond* magazine, now in its 114th year of publication, printed over 224,000 copies of the Fraternity's journal during 2005-2006. The *Shield & Diamond* reaches an even wider audience through its online version, available on the Fraternity's website.

The Pi Kappa Alpha Educational Foundation

Alumni supporting scholastic achievement, leadership training and personal development since 1948.

Annual Report & Honor Roll of Donors

Our Mission:

The Pi Kappa Alpha Educational Foundation exists to operate solely and exclusively as a beneficent, charitable, literary and educational organization within the meaning of 501(c)3 of the Internal Revenue Code of 1954. The Educational Foundation has its roots in the Memorial Foundation that was incorporated in 1948, and its current mission includes:

- Providing grants to support educational and leadership programming developed by the Pi Kappa Alpha Fraternity, including – but not limited to – Pike University.*
- Providing grants to qualified undergraduate scholars and leaders to attend qualified educational and leadership development events.
- Collecting contributions from Pi Kappa Alpha alumni, members and friends and managing a portion of those contributions as endowments to provide continuous annual support for leadership programs and student education.
- Assisting in establishing, equipping and maintaining libraries, study rooms or other educational facilities within college student housing facilities.
- Preserving books, archives, war records, works of art and related objects for the encouragement of patriotic and historical research, particularly research into the history of education.
- Maintaining a permanent memorial for members of the Pi Kappa Alpha Fraternity who gave their lives in military service to the United States, Canada and their allies.

**Pike University is a series of educational workshops teaching ethical leadership, organizational excellence and practical business management skills.*

From the President of the Educational Foundation

Dear Brothers and Friends of Pi Kappa Alpha,

As outgoing President of the Pi Kappa Alpha Educational Foundation, one of my final duties is to appropriately acknowledge those brothers and friends of the Fraternity who have generously supported the Pi Kappa Alpha Educational Foundation over the last year. On the following pages, it is my honor to list the names of each and every donor making a gift to the Foundation during the last fiscal year. These ΠΚΑ All Stars enabled the Foundation to provide record support to our student leaders, their chapters, local housing corporations for educational facility enhancements and the Pi Kappa Alpha International Fraternity in support of academic and leadership building endeavors and programs. Our partnership with you, our most generous benefactors, is changing the lives of many young men, and enhancing the Pi Kappa Alpha experience throughout North America.

Jerry W. Askew
(North Carolina,
Tau '73)

I'm especially proud of the phenomenal affinity shown over the last year for the Foundation's President's Council, which has grown beyond our wildest expectations. Over 150 brothers and friends of ΠΚΑ now provide \$1,000 or more in annual, unrestricted funds to the Foundation in support of educational and leadership programs for which endowment funding has yet to be secured. These generous brothers and friends (listed on page 31) are a testament to one of my favorite phrases – paying forward – so that others may enjoy an even better Pi Kappa Alpha experience.

I'm similarly excited about the Foundation's recent foray into web-based development efforts. Some 500 of the brothers listed on the following pages made their first-ever gift to the Foundation in response to our "Come Back to Old Virginny" email solicitation last autumn. We will continue to expand our web-based cultivation and solicitation efforts to capitalize on the opportunities afforded through this dynamic medium.

And it's not just alumni who are investing in the future of Pi Kappa Alpha. Last year, every single member in 15 of our chapters supported the Foundation through our student member donor program – the Phi Phi Kappa Alpha Club. All gifts made to the Foundation by these loyal and generous young men are deposited directly into their respective chapter endowment accounts, which will provide Pike University scholarships for future members of these far-sighted chapters.

Lastly, I'm proud to report that the Foundation's planned gifts recognition program, the Oak Trust, continued to add new members and estate gift assets during the past year. These forward-thinking alumni and friends (listed on page 43) have made the Foundation beneficiary of a will, trust or life insurance policy, and together constitute a corps of benefactors who will dramatically enhance the Foundation's role in underwriting the future prosperity of our grand Fraternity.

Fraternally Yours,

Jerry W. Askew, Ph.D.
President

The Pi Kappa Alpha Educational Foundation Honor Roll of Donors

The Board of Trustees of the Pi Kappa Alpha Educational Foundation, its staff and the student members of the Fraternity who are the beneficiaries of your generosity thank you for your kind and loyal support over the past year.

Without the men on these pages, the strides the Fraternity has made over the past few decades in providing leadership development education would not have been possible. These generous men have preserved for future members the great experiences they had during their undergraduate years. And in many cases, their support has contributed to making those experiences even better.

Donations to the Educational Foundation support Pike University programming, provide educational scholarships and subsidize the best leadership development initiatives in the Fraternity world.

Without your support, none of this would be possible. Thanks again.

The President's Council

Members of the President's Council are generous alumni and friends who have chosen to invest in our student members and the future prosperity of the Pi Kappa Alpha Fraternity by making an annual, tax-deductible gift of \$1,000 or more to the Pi Kappa Alpha Educational Foundation. President's Council members provide crucial, unrestricted funding for Pi Kappa Alpha's top-flight leadership training programs including the Chapter Executives Conference, The Academy, seven regional Leadership Summits and the Volunteer Forum – all delivered to our 12,000 plus student members through the nationally-renowned Pike University program.

Brothers and friends can join the President's Council with a single gift of at least \$1,000 each year. They can also join by directing the Foundation to deduct at least \$83 each month or \$250 each quarter from their credit card or bank debit card. Please call 800-456-7452 for more information.

The following individuals are personally and substantially enhancing the Pi Kappa Alpha experience for countless young men through their membership in the President's Council.

The Future Leaders of America Are Already Donors to the TTKA Educational Foundation

Over the last year, 1,386 students supported the Educational Foundation with gifts totaling \$29,965. This reflects a 37% increase in the total number of undergraduate donors in comparison to the previous year. This year's undergraduate donors constituted a remarkable 29% of the overall donors to the Educational Foundation. Having given \$25 or more, these individuals are members of the Pi Kappa Alpha Educational Foundation's $\phi\phi\kappa\alpha$ Club.

Their donations go directly into a permanent endowment for members of their chapters to attend Pike University leadership events.

To join the Educational Foundation's loyal list of undergraduate $\phi\phi\kappa\alpha$ Club donors in time to appear in the next annual report, please contact Ben Zitek at (901) 748-1948 ext. 104, bzitek@pikes.org, or join online at www.pikefoundation.org.

John Van Name Recognized As The Pi Kappa Alpha Educational Foundation's 2006 Robertson Most Outstanding Undergraduate Award Recipient

John Van Name (*George Washington, Delta Alpha '04*) came to The George Washington University fully intending to focus on obtaining good grades and then later attending law school. Joining a fraternity, which he would have considered a distraction at the time, never even crossed his mind. However, after completing his freshman year and experiencing feelings of unhappiness and disconnect, he was approached and immediately impressed with what was a newly formed fraternity at the time, Pi Kappa Alpha. He later became a founding member of the Delta Alpha Chapter.

"In March 2003 I received a phone call that changed my life. I was asked to interview with two men who said that they were forming a new leadership organization on campus. I skeptically accepted, reasoning that they went out of their way to give me a call, so the least I could do was give them 15 minutes of my time. In that interview I was asked questions that authority figures at my school seemed to care little about. They wanted to know my ambitions in life, what sports I played in high school, non-academic accomplishments and ... they even asked about my family. Though my freshman naivety prevented me from knowing it at the time, they were asking questions about the most important aspects of my life. The two men with whom I interviewed that day were Matt Watson and Burke Smith, expansion consultants for PiKA. After a few more interviews they offered me a bid, and our entire colony a chance at greatness."

Today John remains grateful for his undergraduate fraternal experience and eagerly anticipates his time as an alumnus member. Delta Alpha Chapter and Pi Kappa Alpha have greatly benefited through John's membership.

During the Pi Kappa Alpha Educational Foundation Luncheon at the 2006 International Convention, John was awarded the Educational Foundation's 2006 Robertson Most Outstanding Undergraduate. This prestigious award is presented annually to the Fraternity's most outstanding graduating senior. The annual recipient is chosen from a pool of very accomplished and competitive applicants.

John graduated from The George Washington University in May 2006, having earned his bachelor of arts in history and political science with a near-perfect GPA. His extremely impressive resume includes some of the following awards and activities:

- The George Washington University Academic Achievement Award
- Jesse Fant Evans Prize
- Presidential Arts Scholar
- Joint Committee of Faculty and Students Leadership Award
- Phi Beta Kappa
- National Society of Collegiate Scholars
- Student Association Senator
- Interfraternity Council Delegate
- Columbia Heights Village Together volunteer program
- U.S. Attorney's Office Intern

Despite dedicating considerable time to success in the classroom and on campus, John found time to enthusiastically serve Pi Kappa Alpha. He recently completed a successful term as an Undergraduate Vice President on the International Fraternity's Supreme Council. Locally, John led Delta Alpha Chapter as its president during the course of 2005, having

previously served as external vice president and community service chairman. He was recognized within Delta Alpha as its 2003-2004 Pike of the Year for his exceptional dedication and commitment to the Chapter. Additionally, John earned Pike University Garnet Level Certification through his attendance and participation in a number of Pike University events including the Philadelphia Leadership Summit in both 2004 and 2005, the Academy in 2005 and the 2006 International Convention.

Past Pi Kappa Alpha Educational Foundation President Dr. Thomas Tillar (*Virginia Tech, Epsilon '71*) presented this year's award to Brother Van Name. He represented all Epsilon Chapter alumni who collectively underwrote this endowment named in loving memory of long-time Epsilon Chapter Advisor Jenks Robertson (*Clemson, Eta Alpha '71*). Brother Robertson was killed by a drunk driver in 1986 while walking to the Epsilon Chapter house. In his introductory remarks, Brother Tillar recited Brother Robertson's favorite quote and philosophy on life, saying, "It is not what he has nor even what he does which directly expresses the worth of a man, but what he is." This exemplifies the Robertson Award winner John Van Name.

Brother Van Name received a \$2,500 scholarship and beautiful plaque, funded through the Robertson Award Endowment at the Pi Kappa Alpha Educational Foundation. The scholarship will be of great use to John as during the last week of August he began studies to pursue a law degree at New York University School of Law.

John Van Name addresses the assembly at the 2006 Convention.

The Pi Kappa Alpha Educational Foundation also congratulates five Robertson Award finalists for their exemplary accomplishments as student members of Pi Kappa Alpha. The following brothers each received a \$250 scholarship from the Robertson Award Endowment at the Pi Kappa Alpha Educational Foundation:

- Finalist David Batty (Drexel, Lambda Zeta '02) served the International Fraternity as an Undergraduate Vice President on the Supreme Council and Lambda Zeta as president and treasurer and was a member of the Pennoni Honors College at Drexel.
- Finalist Michael Brown (Murray State, Epsilon Lambda '00) faithfully serves our country as a member of the United States Army Reserve and served as Interfraternity Council president and student senator at Murray State while being named to six honoraries.
- Finalist Kyle Hassler (Rose-Hulman, Iota Delta '03) served his chapter as president and vice president, was named Greek Leader of the Year and graduated Magna Cum Laude with a degree in Mechanical Engineering with an Aerospace concentration.
- Finalist Cody Sasek (Nebraska-Kearney, Iota Gamma '03) was named Greek Man of the Year, the Outstanding Graduate of the Athletic Training program, and a homecoming king finalist at UNK, while serving as chapter president and recruitment chair.
- Finalist Michael Vostrizansky (Michigan, Beta Tau '04) was named the University of Michigan's Greek Leader of the Year, served as Interfraternity Council Vice President and has begun graduate studies for his Industrial and Operations Engineering degree.

TKA – the other half of the college education...

**The Scott Seidel
Endowed Scholarship Fund**

Brother Scott Seidel (Cal State - Fresno, Iota Beta '93) knows first hand that the Pi Kappa Alpha Fraternity chapter provides vital leadership training that simply cannot be taught in the classroom. Couple the chapter experience with Pike University leadership training and it's no wonder why TKA's are the most heavily recruited college graduates.

In 2005 Scott created the Scott Seidel Endowed Scholarship Fund at the Pi Kappa Alpha Educational Foundation to perpetuate his belief in and support of the leadership training programs afforded to our student members through Pike University. This fund will provide annual scholarships to the most outstanding student leaders in Iota Beta Chapter at Cal State-Fresno.

Honoring the legacy...

**The Christopher Andrew Smith
Memorial Scholarship Fund**

Although Christopher Andrew "Drew" Smith (East Central, Epsilon Omega '93) had been affiliated with Epsilon Omega Chapter less than two years when his life was tragically lost in a 1994 car accident, his spirit and love for Pi Kappa Alpha were larger than life and continue to inspire student members and alumni from his chapter to live the ideals taught in our Ritual.

In 2005 Drew's parents, Don and Kathy Smith, funded the Christopher Andrew Smith Memorial Scholarship Fund at the Pi Kappa Alpha Educational Foundation to perpetuate their son's legacy among the young men of Epsilon Omega Chapter. Annual proceeds from this endowment will perpetually provide travel and tuition assistance to Epsilon Omega chapter members attending Pike University leadership programs.

The Oak Trust

Generous benefactors qualify for the Oak Trust Society through a qualified estate gift. The most common ways of entering the Oak Trust Society are:

- Naming the Pi Kappa Alpha Educational Foundation as a beneficiary of \$25,000 or more from a will or charitable trust or
- Naming the Pi Kappa Alpha Educational Foundation as the owner and beneficiary of a permanent life insurance policy valued at \$50,000 or more.

Please contact the Educational Foundation at 800-456-7452 for more information about these or other qualifying gifts. The Foundation also asks that you discuss your charitable intentions with the potential executors of your estate. That conversation will help ensure that your final wishes are honored.

The Foundation also appreciates notification of your wishes and a copy of the language in the estate plan, so the Foundation can include you in the Oak Trust Society and ensure that you have included the right language to direct your gift according to your wishes.

Throughout the pages of this magazine you will read about ways the International Fraternity improves the college experience and the fraternal experience of our young brothers. The Educational Foundation's mission is to fund some of the most important ways in which those experiences are improved. Your membership in the Oak Trust Society can make a big difference in the lives of those wonderful young men of Pi Kappa Alpha.

Please write or call today with any questions and thank you for your interest.

The Sabre & Key Honor Society recognizes Pi Kappa Alpha's outstanding student members. These fine young men have displayed excellence in leadership, dedication to the Fraternity and service to the community. Sabre & Key Honor Society members earn at least a 3.5 Grade Point Average, or equivalent, and rank in the top 10% of their classes.

Potential inductees are nominated throughout the academic year, and the Pi Kappa Alpha Educational Foundation encourages all alumni and students to nominate their brothers for this prestigious award. These men receive a lapel pin and membership certificate, and serve as examples for their brothers across the country.

The Puzzle Master

Indiana University experience helped alumnus become leading crossword expert.

by Julie Mahomed

What's a six-letter word for enigmatology? No, it's not puzzle, it's Shortz – as in **Will Shortz** (*Indiana, Delta Xi '71*), the IU graduate who stars in the documentary "Wordplay".

Puzzles are more than games to Shortz, whose passion for puzzles has produced a personalized degree and a prosperous career.

Shortz graduated in 1974 from IU's Individualized Major Program with a degree in Enigmatology, the study of puzzles. He is now the editor of *The New York Times* crossword puzzle, the "Puzzlemaster" on National Public Radio and author of numerous puzzle books.

Before Shortz was the feature of the documentary, which has created significant buzz for more than just puzzle fans, he started his passions for designing puzzles at a young age.

Shortz published his first puzzle when he was 14 years old. At 15, he was a regular contributor to *Dell Logic Puzzles*, a game magazine.

"My mother is a writer so it was always a natural thing to send things in (for publication)," Shortz said. "I was a puzzle-head when I was a kid," said Shortz, who completed his first puzzle when he was eight years old.

He had joked about majoring in puzzles as a kid growing up in Crawfordsville, Indiana, not knowing that it was really possible. In fact, Shortz began to complete the requirements for an economics degree before his mother discovered the individualized major program during his sophomore year.

"I consider myself extremely fortunate to have gone to IU, with its innovative individualized major program," Shortz said. "This was hugely helpful with my puzzle career."

The individualized major program has not changed since Shortz was at IU, said IMP Director Ray Hedin. Potential students are required to write a proposal for course topics and a final project, which is then approved or modified by a faculty panel.

Shortz designed courses about constructing crossword puzzles, logic puzzles, math puzzles and the psychology of puzzles, among others. His final project was a thesis on the history of American word puzzles before 1860.

Will Shortz (Indiana, Delta Xi '71)

"My degree gave me credentials that still no one else in my field has," Shortz said. He is still the only person in the world to hold a degree in enigmatology.

While one may assume a puzzle person might spend all his free time with a dictionary, Shortz was no recluse during his college years – instead, he was an active member of Greek life at IU. He was secretary, rush chairman and then president of the Pi Kappa Alpha Fraternity. He even became the secretary of the Interfraternity Council and champion of an all-fraternity tennis tournament.

Although his shy, studious nature paints him as a "non-frat guy," Shortz said fraternity life, especially his responsibilities recruiting new members as rush chairman, helped him overcome his shyness.

Shortz remembers sharing "how come" mystery puzzles with his fraternity brothers.

"A how come mystery is a puzzle that poses a curious or paradoxical situation, and players ask yes-or-no questions to try to discover the solution," Shortz said. "I remember these being very popular for a week."

During the 1973 spring semester, Shortz published eleven sets of brain teasers in the *Indiana Daily Student*. Shortz also crafted an Indiana Challenge puzzle for the IU Alumni Association's 150th anniversary in 2004.

As editor of *The New York Times* crossword, Shortz chooses the best puzzles for publication from the 60 to 75 he receives each week. Because the difficulty of the crossword increases each day, Shortz advises puzzlers to start with

a Monday puzzle then work through the week. Crossword puzzles should be attacked with the same philosophy as any other predicament – start with what you know, Shortz said, and the rest will become easier to figure out.

Everything that is newsworthy enough to appear in the newspaper is fair game for inclusion in *The New York Times* crossword puzzle, Shortz said. While the crossword used to be filled with obscure words from unabridged dictionaries, Shortz has supplemented traditional subjects with modern culture. But while the *Monday Times* puzzle has become easier, only the elite can complete the puzzle at the end of the week.

Elite crossword puzzlers share the limelight with Shortz in "Wordplay", which tells Shortz's story and follows the 2005 American Crossword Puzzle Tournament. "Wordplay" also includes interviews with celebrity crossword puzzlers Bill Clinton, Bob Dole, the Indigo Girls, New York Yankee Mike Mussina and **Jon Stewart** (*William and Mary, Gamma '81*), whose presence in the film shows that crosswords are not just for nerds.

It seems that people who are busiest are the ones who do crossword puzzles in their spare minutes, Shortz said. Crossword puzzlers are people who love words, like a challenge and like to exercise their brains.

"The people they bring me into contact with are intellectual, educated and well-rounded," said Shortz. "Crossword puzzles stretch my brain and they never get old."

More people already seem interested in the American Crossword Puzzle Tournament, founded by Shortz in 1978 and featured in "Wordplay". Last year about 500 puzzlers competed to be the best crossword puzzler in the nation. This year, Shortz said, the tournament's web site (www.crosswordtournament.com) has been flooded with requests for information and a large spike in participants is expected.

"I've heard from a lot of people that they will start doing crossword puzzles," said Shortz. "It's making them slightly cool again and leading more people to try them."

The New York Times crossword puzzle appears daily in the newspaper.

Harold W. Jasper is a key figure in the Miami University and Oxford, Ohio communities, and an ardent supporter of Delta Gamma Chapter.

Hal Jasper '49 is a well known figure in the Oxford, Ohio community, though he is best known to more than 1,500 Delta Gamma alumni as their house corporation, Dodd Hall Inc.'s, longtime treasurer.

Hal first came to Miami University in 1949 from Cleveland, Ohio. He was initiated into Delta Gamma Chapter in 1949, and earned his B.S. in accountancy in 1952. As a student, he met his future wife, BJ, at a Lutheran student function and in August 1951, the two were married. Their first son, Steve joined the family in 1952.

After graduation, the dean of the Business School offered Hal a graduate teaching assistantship. The next year, C. Rollin Niswonger, chairman of the accounting department, asked Hal to accept a position as an instructor in accountancy for the following three years (1953-56). The couple's second son, Scott, arrived in 1955.

Hal Jasper
1953

Hal then applied for and received a predoctoral Ford Foundation Fellowship at the University of Illinois at Urbana-Champaign from 1956 until 1958. Timothy, the third son, was born in 1957. Hal then taught accounting at U of I for one year. Their daughter, Tamara, was born in 1959.

In the spring of 1959, Hal accepted an appointment as an assistant professor of accountancy at Arizona State University. However, during the summer of 1959, Dr. Niswonger

asked Hal to return to Miami instead of going to Arizona State. Hal stayed put at Miami, teaching accounting for 40 more years, finally retiring in 1999. He is now a professor emeritus.

Also in 1959, Hal rekindled his spirit of PKA brotherhood upon his return to Miami, volunteering to be financial and chapter advisor for Delta Gamma. His trusteeship began about the same time. It was only in the autumn of 2004 that he stepped down from his position as treasurer of Dodd Hall, though he still maintains an active role on the board. It's a rare event for Hal to miss a trustees meeting, even after an astounding 46+ years of service. It is very understandable, then, that he and BJ have been guests of honor for the Delta Gamma Alumni Association's reunions held the past two years for more than 200 brothers and their wives.

Over the years, Hal has been involved with many collegiate and civic committees, just a few of which include:

- MU Hall of Fame Selection Committee
- Cradle of Coaches Selection Committee
- Past MU faculty representative to NCAA, MAC, and Central Collegiate Hockey Association
- MU Student Disciplinary Appeals Board
- McCullough-Hyde Hospital
- Past President of Oxford United Way
- Past Treasurer, Oxford NAACP
- Presidential Task Force on Intercollegiate Athletics

He has also received numerous awards/honors for his efforts in the community and campus. Those include:

- 1966 Dr. F. B. Joyner Alumnus of the Year Award Recipient
- 1987 Oxford Citizen of the Year
- 2001 Recipient Bishop Distinguished Achievement Medal
- Hal Jasper Annual Award named in his honor (given to the varsity athletic team – men or women - that gave the most service to the school and community during the previous year)
- The Stoddard Hall lounge is named The Hal Jasper room
- 1990 Outstanding Accounting Educator in Ohio
- The Hal Jasper Award is given annually to the outstanding alumnus most

giving in time and energies to the Delta Gamma Chapter

Hal Jasper
2006

Hal and BJ continue to live in Oxford, Ohio. Along with their four children, they have seven grandchildren. Hal is now retired, which has not lessened his heavy

load of community and campus service. When he is not in one committee meeting or another, Hal enjoys sports but especially playing tennis and softball (fast and slow pitch).

If there is one person who personifies the Pike spirit of $\phi\phi\kappa\alpha$, that man would be Hal Jasper. Through his selflessness, tireless assistance, spirit, dedication, and seemingly endless contributions of time and money throughout the past five decades, he has left Delta Gamma, Miami, and Oxford much better places.

My wife, Sandy, passed away in her sleep on Oct 15, 2005. As I was going through her scrapbooks, I found this picture and others of our May 5, 1963 Pi Kappa Alpha pinning serenade. It was held in front Voigt Hall at Ohio University. If one looks closely, my Pike pin shows up on Sandy just above the bouquet of yellow roses, her favorite color.

The serenade was perfect, having lots of pieces and parts. The girls of Voigt Hall, holding lit candles, stood in the spotlight beneath the large pillars, facing the Gamma Omicron Chapter members. The brothers sang a Pike song, then the flowers were presented to Sandy by Brother John Loizos '60. Next, the Voigt girls sang back to the Pikes, then a quartet of four Pikes (me included) sang another song to Sandy.

I then went up to Sandy and sang the song "I Love You Truly" and gave her a kiss. While Sandy and I were facing the Pikes, they sang one more song. The above picture was taken while we listened to this final song. I have over a dozen beautiful pictures of this pinning serenade. It was not until 5 years later that we were married. Brother Loizos was my best man.

Just wanted to share this story with you.

NEWS OF Bygone Days

125 Years Ago... In the dark year of 1881, Alpha Chapter initiated 10 men, while Theta Chapter initiated two. These two chapters would hold the Fraternity together until brighter days.

100 Years Ago... This photo was taken of Chi Chapter at the University of the South in Sewanee, Tennessee and appeared in the *Shield & Diamond*.

75 Years Ago... In 1931, the building or purchase of capacious chapter houses to furnish both a dormitory and dining room to large chapter personnel had brought complex problems of finance to the undergraduate managers of these houses. The Fraternity tried to aid this situation by uniform accounting systems and by budget plans.

50 Years Ago... The Mexico City Convention provided for a National Expansion Director; changed "alumni chapters" to "alumni associations" and required that each district hold a convention during the 12 months preceding the national convention... Epsilon Theta Chapter at Colorado State was chartered on November 10, 1956.

25 Years Ago... The December 1981 *Shield & Diamond* reported "Former Supreme Council VP Bill LaForge (*Delta State, Zeta Beta '69*) has been appointed to the professional staff of the Senate Appropriations Committee. Senator Thad Cochran (*Mississippi, Gamma Iota '56*) said LaForge would assist him as counsel on the Appropriations subcommittee on Agriculture, Rural Development, and Related Agencies, which he chairs.... For the past five years in Washington, LaForge has served as the director of the Congressional liaison for the Peace Corps, and as a legislative assistant to Mississippi Congressman David Bowen.

which took five months, began with nearly 1,000 applicants and ended with 14 receiving appointments. Dean says, "My interviews were *just like* rush. I was invited to the Treasury Department, Domestic Policy Council, Housing and Urban Development, Health and Human Services, Office of First Lady, NASA, and Department of Education Houses. I had to discuss my attributes and think intensely about where I would fit in. Using a mutual selection process, I was placed at the USDE. But the placement is just a part of the program. We have weekly roundtables with speakers such as Donald Rumsfeld, John McCain, Hillary Clinton, and Thomas Friedman, as well as two domestic policy trips and one international trip. We even have a community service project. I can already tell in our brief time together that the group of Fellows, which includes several military folks, will bond quickly. Having lived in such a community in the past, I look forward to having that network again."

Charles I. Allen (Millsaps, Alpha Iota '42)

Charles Allen entered Chapter Eternal on July 6, 2006. Brother Allen interrupted his college career to serve in the U.S. Navy during World War II and spent nearly two years in the South Pacific on the Navy destroyer, USS Eaton DD-510. The Eaton was awarded ten battle stars for her many engagements. Allen graduated from Millsaps College in 1947 and joined the Mississippi Industries for the Blind as sales manager. He was employed by Ace Industries as executive vice president in 1965 and later became a manufacturer's representative. He was a member of the First Baptist Church for over fifty years and a member of the Fishers of Men Sunday School class. He is predeceased by his first wife, Jean, and his son, Michael Allen. He is survived by his wife, Kaylin; a daughter, a stepson and stepdaughter and numerous grandchildren.

Richard L. Blatt (Illinois, Beta Eta '59)

Richard L. "Dick" Blatt entered Chapter Eternal on July 25, 2006. Brother Blatt was appointed to the board of trustees of the Pi Kappa Alpha Educational Foundation in July 1999 and was serving as the secretary/treasurer until his untimely passing.

Richard L. Blatt

During his time as a trustee he also served on the campaign steering committee of the Marvin and Nancy Dennis Chapter President's Conference Challenge Campaign.

As an undergraduate, Brother Blatt served Beta Eta as chapter president and social chairman, and was a member of Phi Beta Kappa at the University of Illinois, where he earned a B.A. with honors in 1962. Professionally, Blatt was a senior member in the Chicago office of Cozen O'Connor, an international law firm with 17 offices in the United States and London. Blatt was a member of the American Bar Association, the Illinois State Bar Association, the New York State Bar Association, the Chicago Bar Association and the Chicago Club. He was active in the Chicago Area Alumni Association and was a loyal donor to the Pi Kappa Educational Foundation as a member of the **Sabre & Key Society**.

Blatt is survived by his wife Carolyn and his four children, Christopher, Katherine, Susannah and Jennifer, as well as five grandchildren. The family asks that any remembrances of Dick be directed

to the attention of Judy Bruno at the Pi Kappa Alpha Educational Foundation for inclusion in a memorial book for the family.

Benjamin A. Mayhair (Arkansas State, Delta Theta '00)

The men of Pi Kappa Alpha and Delta Theta Chapter mourned the loss of one of their finest as Ben Mayhair entered Chapter Eternal on July 26, 2005. Born February 8, 1980, Mayhair's time on this earth was just 25 years, but his legacy left an impression that will live forever with those he touched.

Upon graduation from high school, Ben enlisted in the United States Army National Guard and enrolled at Arkansas State University. He was initiated into Pi Kappa Alpha on April 16, 2000 and served in the fall of that year as house manager. In the wake of September 11, 2001, he was called upon to serve in active duty in Egypt in 2002. When asked about his service to our country by a local paper, Spc. Mayhair had this to say "I was ready to go after what I saw happened on Sept.

11; the terrorists are so wrong. They need to be taken care of." After valiant active duty overseas, Mayhair returned to Jonesboro, Arkansas in the fall of 2002 to complete his degree. He served the executive council of Delta Theta as sergeant-at-arms during that semester.

During Christmas break of 2002, Mayhair fell ill and was diagnosed with colon cancer just five days before the chapter's Dream Girl formal. The group decided to reroute the busses through Little Rock so they could present the deserving Mayhair, still in his hospital bed, with the Brotherhood Award and recognize his future wife, Chrystal (Stewart) Mayhair, as Dream Girl. Later that spring, Delta Theta worked diligently to raise over \$4,000 to benefit Ben's family and help offset the costs of the expensive treatment. Since that time, they hold at least three events annually benefiting the American Cancer Society and Relay for Life in Ben's honor.

Always the personification of strength, Ben fought hard and recovered for a time. By the following spring he reenrolled in classes to work towards finishing his degree. In October 2004, surrounded by a host of family, friends, and Fraternity brothers, Ben wed his Dream Girl, Chrystal, and began a life with her in Little Rock, Arkansas. When asked by a chapter brother about his feelings on his disease, Ben responded quite poignantly, "I'm not bitter, I wouldn't change a thing. I have a loving wife and a family full of Pike brothers."

In July of the following year, Ben fell ill once again. After another heroic battle, and surrounded by his loved ones, Ben rested for the final time on a peaceful Tuesday morning. Later that week his life would be celebrated with full military honors. The ceremony closed with emotional rendition of "Taps".

Following his passing, the chapter and alumni banded together to construct a memorial in Ben's honor. They decided a fitting tribute would be a flag pole and sitting area in the front of the house, something that Mayhair had long wanted to accomplish due to his fidelity and respect for those who serve our county. Dedicated the following homecoming, it was devoted to all who have served our great nation and those brothers who have passed into Chapter Eternal.

Ben was a devoted husband, loving son, caring uncle, and great PiKA. He will be remembered and missed by all who knew him.

Charles H. Pawley (Miami, Gamma Omega '52)

Charles Pawley, noted Miami architect, entered Chapter Eternal in July 2006. Born in Haiti and reared partly in Miami (as a child he also lived in Hong Kong and India), Pawley thought of himself a Miamian. He was an ardent preservationist, the first president of Dade Heritage Trust, chairman of the Vizcayans and an early supporter of the Miami Design Preservation League, and a true believer in the efforts to save the Art Deco District.

In 2005, Pawley led a successful drive to save what is his best-known design, the Caribbean Marketplace. This is the only south Florida building to win an American Institute of Architects national award. Though he designed commercial and institutional buildings, including a wing of the Lowe Art Museum in Miami, his practice focused on houses. One of his early designs for the Lemontree Village won the 1995 Test of Time Award from the Florida Association of the American Institute of Architects.

Pawley is survived by his wife, Barbara, two daughters, a son and four grandchildren.

Richard A. Sobel, Jr. (Vanderbilt, Sigma '57)

Richard Sobel entered Chapter Eternal on May 21, 2006 at his home in Nashville, Tennessee. He was a 1956 graduate of Montgomery Bell Academy and a 1960 graduate of Vanderbilt University. Brother

continued on page 68

Sobel was a communications and public relations executive for National Life and Accident Insurance Company for approximately 35 years, past president of Life Advertiser's Associates and member of the T.S.S.A Sports Hall of Fame. He was highly regarded and respected in his field and noted for his creativity. He had a national reputation among those who specialize in life insurance advertising and communication. He is survived by his wife, Sissy; one son and one brother.

Charles Vaughn (Florida, Alpha Eta '43)

Charles Vaughn entered Chapter Eternal on June 19, 2006. He graduated from the University of Florida and received his doctorate from Columbia University. He served as Lake County school superintendent from 1953 to 1957. During his tenure, he started the first countywide school for exceptional children on the Eustis Elementary School campus and introduced a new phonetic approach to reading in the elementary grades. After his term as superintendent, Vaughn served as headmaster at Howey Academy at Howey in the Hills, Florida, from 1969-1973. He then returned to Lake public schools as director of secondary education in the early 1970s, retiring as assistant superintendent of curriculum and instruction in 1982. Vaughn served as assistant director of the Conference on Rural Education at Columbia University, the Florida Committee of the Southern Association of Colleges and Schools, vice president of the Florida Council of Independent Schools, as an observer at the White House Conference on Education

sponsored by Eleanor Roosevelt in 1954 and was recognized as Man of the Year by the Orlando Sentinel when he was Headmaster at Howey Academy. He also held memberships in many professional organizations. He is survived by his wife, Lestina, their son, Charlie Vaughn, three grandchildren and one sister.
