

Please Stop Judge David Hamilton!

Dear Citizen Activists,

PLEASE HELP STOP the bad nomination of the most dangerous liberal extremist, anti-Life, anti-Liberty, anti-Jesus Judge David Hamilton to the 7th Circuit Court of Appeals.

President Barack Obama has just nominated federal Judge David Hamilton, who has issued controversial rulings (banning public prayers offered "in Jesus name," and hastening the abortion of unborn children), to the 7th circuit federal court of appeals (the same court that has reversed his aggressive decisions for many years).

Judge Hamilton is the worst of Obama's 15 new liberal appeals court appointees. The 7th Circuit Court of Appeals covers Wisconsin, Indiana and Illinois. Since most cases never reach the Supreme Court, the federal appellate circuits often provide the last word on cases affecting life and liberty.

READ THE FACTS:

The Judicial Confirmation Network quickly opposed Hamilton's nomination, stating that "President Obama's first nominee to the federal appeals courts -- specifically the appeals court based in Chicago -- is an ultra-liberal named David Hamilton who is a former fundraiser for ACORN and former leader of the Indiana chapter of the ACLU. He was nominated to the district court bench by President Clinton even though he had no judicial experience and was rated as 'not qualified' by the American Bar Association."

Hamilton ruled in 2005 to ban the practice of opening the chamber's business with prayers mentioning Jesus Christ or using terms such as "Savior." He said that amounted to state endorsement of a religion. (But he ruled prayers to "Allah" were perfectly lawful.)

Anti-Life, Anti-Liberty, Anti-Jesus? Judge David Hamilton

ANTI-JESUS, BUT PRO-ALLAH?

Judge Hamilton wrote: "The injunction orders the Speaker...that the prayers should not use Christ's name or title or any other denominational appeal...If those offering prayers in the Indiana House of Representatives choose to use the Arabic 'Allah'...the court sees little risk that the choice of language would advance a particular religion or disparage others."

In other words, Judge Hamilton ruled the words "Jesus" or "Christ" or "Savior" are illegal words, prohibited for public speech, banned by the First Amendment, which somehow prohibits freedom of religious expression, and makes Christian prayers ILLEGAL in a public forum, but prayers to Allah are inclusive and totally legal. (What crazy version of the First Amendment is he reading?)

Thank God, I took action in 2007 and provided legal arguments to the Indiana Attorney General who appealed to the 7th Circuit Court and WE WON a 2-1 decision overruling Hamilton, restoring the right to pray "in Jesus name" in Indiana.

ANTI-LIFE BUT PRO-ABORTION?

In 2003, Judge Hamilton struck down part of an Indiana law on abortion. The reasonable law had required abortion clinics to simply give women information about alternatives to abortion in the presence of a physician or nurse, 18 hours before the procedure, until Hamilton ruled to hasten abortions. But thank God, the 7th Circuit Court also reversed Hamilton's bad decision in that case.

If confirmed now Hamilton will sit on that 7th Circuit Court (the same court that frequently overruled him) with terrible power to rule the heartland with his anti-life, anti-liberty, anti-Christian agenda.

P.S. Time is urgent! The Senate could vote on this confirmation as early as this week. Please don't wait another minute. Life, Liberty, and Jesus are too important to be banned by one extremist judge.
