SOUTH RIDING NURSERIES is a locally owned and operated wholesale distribution center located just west of Chantilly, Virginia. We carry a broad range of product tailored to the landscape industry. Through our network of growers and suppliers we have developed a complete line of quality products that you can depend on. With over twenty-five years' experience in the landscape and horticulture industry, our staff will offer the service and support you need to be successful.

SOUTH RIDING NURSERIES' thirteen acre facility has the capacity to store a wide variety of landscape materials. We carry a broad selection of proven as well as unique plant materials necessary to complete a wide variety of landscape designs. Our lines of hardgoods and brand-name tools will assist you in every aspect of your job completion process. With our 'pre-pull' system of order processing we offer you the convenience of simply calling ahead your order so that we can pull, invoice and have your order ready to load when you arrive.

SOUTH RIDING NURSERIES' service and support team will assist you in all phases of your job completion process. We will provide you with recommendations on plant selection and availability as well as competitive price quotes for your landscape bids. After the job is sold, you can take advantage of our convenient job site delivery services to get your materials to where they will be working for you, South Riding Nurseries' belief in quality products and services will bring you the value needed to succeed in today's competitive business world.

SOUTH RIDING NURSERIES FEATURES DISTINCTIVELY BETTER® PLANTS BY

Monrovia is committed to enhancing the beauty and value of the North American landscape by bringing Distinctively Better® plants to you. We are teaming up with South Riding Nurseries to make our most successful varieties available to you.

What is a Distinctively Better® plant? First, it is a plant with improved features and better traits that distinguish it from common varieties. Secondly, it is one that is healthier, has a uniform structure, stronger root system and greater resistance to pests and disease. Better health is created by how we grow our plants. In short, a Distinctively Better® plant is one that makes us proud to grow it.

A critical component of the growing process is the soil. Each of our plants are grown in an environment rich with living compost, beneficial organisms, and slow-release fertilizer. Plants grown in these nutrient-rich soils are healthier, with stronger root systems. Monrovia is the only grower of premium ornamentals in the world that custom blends 42 different soil mixes, including compost and native soils.

Twelve different types of mycorrhizae are added to our soil mix to create an environment that dramatically increases the life of our plants. Mycorrhizae are beneficial fungi that develop in and around a plant's roots, stimulating nutrient and water uptake, increasing fruit and flower yield, and reducing transplant shock and other environmental stresses. The result is a tougher, healthier plant that once established will thrive even when water is scarce.

Monrovia Distinctively Better® selections featured by South Riding Nurseries include:

Berberis thunbergii 'Goruzam' PP# 16203 ◊

Golden Ruby™ Barberrry

Berberis thunbergii 'Monlers' PP# 9577, Can PBR Pending ◊

Golden Nugget™ Dwarf Japanese Barberrry

95.00

COTONEASTER**Cotoneaster apiculatus 'Tom Thumb' ♦***Tom Thumb Cranberry Cotoneaster*

Superb miniature hedge formed by spreading branches display an interesting herringbone pattern. Pink flowers followed by large, beautiful red berries brighten the winter landscape and attract birds to the garden. Amber and burgundy fall color helps to give this ground cover cotoneaster year-round interest. This plant is great for erosion control and the deer find it rather distasteful. 1-2 feet tall; 5 feet wide.

Hydrangea arborescens 'NCHA1', PP# 20765*Invincibelle® Spirit Smooth Hydrangea*

It's the pink 'Annabelle' hydrangea! Invincibelle® Spirit is as hardy and adaptable as 'Annabelle' but produces loads of hot pink flowers from early summer to frost. It's a reliable bloomer in the north and is also heat tolerant. The Breast Cancer Research Foundation® will receive a \$1 contribution for each Invincibelle® Spirit sold.

Ilex x'Red Series 'Conaf', PP# 9487 ◇**Oak Leaf™ Red Hybrid Holly**

A red hybrid holly with a tall, elegant, pyramidal form. The foliage is emerald green and is charmingly similar in shape to oak leaves. Unlike most hollies, Oak Leaf™ is a hermaphrodite, containing functional male and female flower parts in each flower. Therefore, it's self-fruitful without need for a male pollinator. This cold-hardy variety is stunning as a tall hedge or specimen. Evergreen, Fast growing to 15 feet tall and 8 feet wide.

Ilex xRed Series 'Conive', PP# 9498 √ ◇*Festive™ Red Hybrid Holly*

A vigorous, upright, pyramidal evergreen shrub with distinctive spiny foliage. New growth emerges bright green and is extremely lustrous. Broadly pyramidal, it is outstanding for use as hedge, accent, screen or specimen. An emerald jewel in the landscape that the deer tend to leave alone. 10 to 12 feet tall and 6 to 8 feet wide. Try our Monrovia #15 and #30's to insure success and ease of installation.

MAHONIA

Mahonia aquifolium 'Orange Flame', PP# 2544 √ ◇*Orange Flame Oregon-grape*

Here is a great deer resistant shrub for the shade. Orange-bronze new leaves stand out against the deep green mature foliage. Clusters of fragrant yellow blooms followed by powder-blue to black grape-like fruit in spring. Spiny leaves make a fine barrier plant or specimen. Evergreen.

Rosa—Flower Carpet® Series

Flower Carpet® Roses

Check out the 'next generation' of Flower Carpet® roses from Monrovia: Flower Carpet® Amber, Pink Supreme and Scarlet are the results of 20 years of improved breeding by Werner Noack, having the same floriferous nature with improved disease resistance. These three Flower Carpet® roses also have a more compact habit. Combine all that with a spring to fall blooming period and you have some real show stoppers!

Selections Include:

'NOA97400A' [Flower Carpet® Amber, PPAF] ✓ — From soft red buds, an abundance of semi-double peachy amber flowers, fading to seashell pink, envelope the plant and are fragrant—a first for the series. Features higher disease resistance than others in the series. Beautiful in containers or planted in mass.

'NOA250092' [Flower Carpet® Pink Supreme, PP# 16276] ✓ — Lovely hot-pink blooms are displayed over an extra-long period. No fancy pruning required, these low-growing, dense shrubs are resistant to black spot and mildew. High-heat tolerant. Ideal for mass plantings and slopes. Deciduous.

'NOA83100B' [Flower Carpet® Scarlet, PP# 17373] ✓ — Easy care groundcover shrub that produces masses of brilliant, scarlet red flowers spring through fall. Flowers up to 10 months in warmer climates. Glossy, dark green foliage is resistant to mildew and black spot. Ideal in borders, pots, and hanging baskets. Deciduous.

The Knock Out® Family of Roses**Blooms from Spring until Frost. Easy to Grow.****Low Maintenance. Great Disease Resistance.**

The Conard-Pyle Co./Star® Roses is proud to have introduced all seven members of The Knock Out® Family of Roses:

The Knock Out® Rose — *This shrub rose set a new standard in disease resistance with little to no maintenance required. The bloom cycle produces rich cherry red/hot pink blooms that continue until the first hard frost.*

The Double Knock Out® Rose — *This rose represents the next generation in the family of The Knock Out® Roses. The full double flowers look just like a classic rose.*

The Pink Knock Out® Rose — *Single petals just like the original Knock Out® but in a beautiful shade of bright pink*

The Pink Double Knock Out® Rose — *A bright bubble gum pink version of The Double Knock Out® Rose that is very stable and also unfazed by the heat. Classic shaped flowers from early Spring to the first frost. With superior drought tolerance once established, it has the toughness and resistance for which the family is known. A vibrant color that perks up any landscape.*

The Rainbow Knock Out® Rose — *Uniquely colored coral-pink blooms with yellow centers, The Rainbow Knock Out® Rose is more compact than the other members.*

The Blushing Knock Out® Rose — *With similar flowers to The Knock Out® Rose, this variety has light pink blooms that, with age, fade to a delicate subtle pink.*

The Sunny Knock Out® Rose — *This newest release from rose breeder Bill Radler is the only fragrant member in The Knock Out® Family of Roses. It has a slightly more compact and upright habit than The Knock Out® Rose with bright yellow flowers that fade quickly to a pastel cream color. The yellow color stays more intense during cooler times of the year. The dark, semi-glossy foliage contrasts nicely with the bright blooms.*

The Knock Out® Rose, Radler's first commercial success and a 2000 AARS winner, has broken all records for sales of a new rose. Today The Knock Out® Rose is the most widely-sold rose in North America.

The Knock Out® Family of Roses are easy to grow and do not require special care. They are the most disease resistant roses on the market. They have stunning flower power with a generous bloom cycle (about every 5-6 weeks) that continues until the first hard frost. All of The Knock Out® Roses are self-cleaning so there is no need to deadhead. If unpruned, The Knock Out® Family of Roses can easily grow to be more than 3-4' wide x 3-4' tall. Periodic trims will keep them maintained at a smaller size. A once a year cut (to about 12-18" above the ground) in early spring (after the last hard frost) is also recommended for maximum performance.

See pricing next page.

Rosa—Knock Out® Series

Knock Out® Series Roses

Group 1. Standard Selections

Selections include:

Blushing Knock Out® (pale pink, 'Radyod', PP# 14700)	1RSAKOTBLS	
Knock Out® (original red, 'Radrazz', PP# 11836)	1RSAKOTRED	
Pink Knock Out® (bright pink, 'Radcon', PP# 15070)	1RSAKOTPNK	
Rainbow Knock Out® (coral pink/yellow, 'Radcor', PP# 17346)	1RSAKOTRNB	
-B2002	#2 Cont	17.50
-B2003	#3 Cont	20.50
-B2005	#5 Cont	32.00

Group 2. Premium Selections

Selections include:

Double Knock Out® (double red, 'Radtko', PP# 16202)	1RSAKOTDRD	
Sunny Knock Out® (yellow/cream, 'Radsunny', PP# 18562)	1RSAKOTSNN	
White Out™ (pure white, 'Radwhite', PP# 20273)	1RSAKOTWHT	
<i>While not a Knock Out® series rose, this excellent introduction from Knock Out® breeder Bill Radler is a worthwhile color complement to the Knock Out® series. Although White Out™ is prone to some black spot, it is not detrimental to the aesthetics of the plant or its surrounding landscape. It is an efficient, more compact alternative to 'Iceberg'. It may be the best white shrub rose introduction since 'Sea Foam' in 1964.</i>		
Pink Double Knock Out® (double pink, 'Radtkopink', PP# 18507)	1RSAKOTDPN	
-B2002	#2 Cont	18.50

Drift® Roses

From Conard Pyle. The Next Big Thing for Small Gardens.

From the introducers of The Knock Out® Family of Roses comes the next big thing for small gardens. Like The Knock Out® Family of Roses, Drift® Roses are repeat bloomers that are tough, disease-resistant, winter-hardy and virtually maintenance-free. Drift® Roses are a cross between full-size groundcover roses and miniature roses. From the former they kept toughness, disease resistance and winter hardiness. From the miniatures, they inherited their well-managed size and repeat-blooming nature. Continuously blooming from spring to frost, they are naturally dwarf, with very attractive foliage. They are winter-hardy to zone 5. The series is composed of 6 varieties:

Apricot Drift® — Apricot Drift® exhibits a true groundcover habit and offers a fresh look to the series. Double apricot colored flowers begin flowering in spring and display a season-long show of color.

Coral Drift® — Bright coral-orange blooms cover this small mounding shrub from mid Spring to mid Fall. Coral Drift® has the most vibrant flowers that catch your eye from anywhere.

Pink Drift® — Pink Drift® is low-growing with a distinctive mounded habit that reaches 1½' in height with a 3' spread. Deep pink flowers with a soft faded center bloom in abundance throughout the season.

Red Drift® — Red Drift® has the most petite flowers of all of the Drift® Roses. It is perfect for use in front of border plantings. Red Drift® makes a beautiful statement when it drapes naturally over a rock wall or edge. Mature height is less than 1½' with a wider spread.

Peach Drift® — Peach Drift® is one of the most floriferous dwarf shrubs available. Soft peach blooms cover the plant from mid Spring to the first hard freeze of late Fall. The mature plant is approximately 1½' by 2'.

Sweet Drift® — Clear pink double flowers seem to float in clusters atop dark green glossy foliage. Most double-flowered of all the Drift® Roses.

The low, spreading habit of Drift® Roses makes them perfect for small gardens and combination planters. They brighten up borders, fill in empty spaces, and spread delicately around your favorite established plants. Prune back to 4" in early spring (after the last hard frost) for best performance. Regular deadheading encourages re-blooming and helps maintain a tidy appearance.

Skimmia reevesiana ◊*Reeves Skimmia*

Need something fun fragrant and compact for the shade? Try Skimmia reevesiana. A dwarf evergreen shrub that displays dense branches and mounded form. A handsome accent with dark green lance-shaped thick leathery leaves and fragrant flower clusters followed by crimson berries. No need for a male pollinizer as this one is self fertile! Grows 2 feet tall and wide. Evergreen.

Vaccinium corymbosum 'FLX-2', PP# 19381 ✓*Bountiful Blue® Northern Highbush Blueberry*

Bountiful Blue® has a prolific fruit set of large, super-sweet berries and the bluest foliage on any blueberry we have ever seen, making it a standout in the landscape or in a container. Will set fruit alone, but the berries will be more numerous if it's planted near another blueberry; we recommend 'Sunshine Blue' Semi-evergreen in warm climates. Prefers an acidic soil.

TECHO-BLOC

South Riding Nurseries is proud and excited to introduce a new line of paver and wall products from Techo-Bloc. Techo-Bloc offers premium pavers at an exceptional value, using sun-resistant pigments throughout the paver to better retain color over time. And Techo-Bloc stands by all of its products and values your satisfaction with a lifetime transferable warranty — including a guarantee that de-icing salts will not damage the structural integrity of Techo-Bloc pavers.

For additional information including idea books for your customers; Tech Spec books that give you all the details you need for design, estimating, and installation; samples in convenient, easy-to-display cases; color swatches; actual samples; electronic price and product lists; and links to websites, please contact your sales rep.

Techo-Bloc

Precious Stones™

TERMS AND CONDITIONS

General

All orders and sales are based on the understanding that the purchaser agrees to all the conditions and terms stated below. No salesman or representative is authorized to alter these terms in any way. Any changes or alterations must be authorized in writing by an officer of South Riding Nurseries, LLC.

Prices

Prices listed within are for the wholesale trade only, your eligibility to receive wholesale pricing is strictly at the discretion of South Riding Nurseries, LLC (SRN) and proper verification may be required. All prices and availability are subject to change without notice and are FOB our location in Chantilly, Virginia.

Sales Tax

Sales tax will be collected unless we have a current State or Federal Sales Tax Exemption Certificate on file. Virginia law requires that hardgoods purchases used in the course of your business are taxable, unless the items are purchased for resale.

Payment Terms

We accept cash, MasterCard, VISA, American Express and authorized and approved company checks with proper identification. A \$25.00 (twenty-five dollar) fee will be charged for any returned check.

For those customers who have established credit and maintained a record of prompt payment, we offer the terms of 30 (thirty) days from the date of invoice of pickup or delivery. Past-due or late accounts are subject to a late payment charge of 1½% per month (18% per annum) of the overdue balance. Any account showing a balance of 60 days or more will be handled on a C.O.D. basis with no discounts allowed. Payments on the balance must be made to continue purchasing material. In the event that it becomes necessary to file suit or turn an account over to our collection agency to enforce payment, South Riding Nurseries, LLC will be entitled to all collection costs, court costs, attorneys' fees and interest at the rate of 1½% per month (18% per annum) on all amounts due and payable.

TERMS AND CONDITIONS (ctd)

Claims

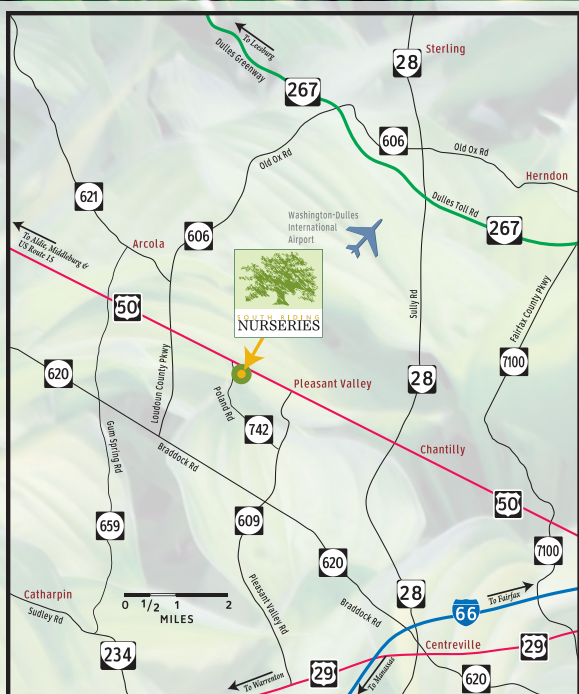

All claims must be made in writing on receipt of stock and should also be noted on any Bill of Lading or Receipt. All returns are subject to review of management for approval and will be solely at our discretion and must be accompanied by a receipt. Any returned item may incur a restocking charge of 20%. It is our policy to insure your satisfaction but plant material returns will not be accepted under any circumstances after 48 hours of sale. Under no circumstances will South Riding Nurseries, LLC be held liable for more than the purchase price or for any incidental or consequential damages. In no case will claims be considered relative to orders which have not been paid in full within terms.

Warranty

We will make our best effort at all times to insure all material sold is labeled correctly, true to name and in good health and condition at the time of sale or delivery. However we can not assume any responsibility once the material has left our possession or for circumstances beyond our control. We give no warranty expressed or implied as to the life expectancy or productiveness of any material. In addition we assume no liability for delay or failure to deliver for any reason beyond our control or for any damage incurred as a result of installation. In no case will we be liable for any sum in excess of the original purchase price of the material in question. All material is subject to price and availability of stock on hand at time of pick up or delivery. Salesmen are available to assist in loading but shall in no way be held responsible for any material once loaded nor shall they be responsible for the loading in any way once it leaves our facility. This includes covering.

Tagging/Ordering Material

We encourage all customers to come and tag their own material. Do not send your clients unattended under any circumstances, in addition for safety reasons children and pets are not allowed in the yard. Plant material will be held for up to 5 (five) business days only! If tagged material is not picked up within five days, the plants will be untagged and sold. Arrangements may be made to hold material longer at our discretion, but a fee may be charged. Customers that abuse this policy may lose this privilege at our discretion or be asked to make full payment or a deposit at the time of order.

DIRECTIONS

FROM I-66 or THE CAPITAL BELTWAY (I-495)

Take I-66 West to US Route 50 West. Drive approximately 4 miles past the VA Route 28 overpass. Turn left onto to Poland Road. Make an immediate left behind the Sheetz Gas Station into our parking lot. South Riding Nurseries will be on your right.

FROM MIDDLEBURG

Take US Route 50 East towards Chantilly. Turn right onto Poland Road. Make an immediate left behind the Sheetz Gas Station into our parking lot. South Riding Nurseries will be on your right.

FROM CENTREVILLE

Take VA Route 28 North to US Route 50 West. Continue on US Route 50 West approximately 4 miles. Turn left onto to Poland Road. Make an immediate left behind the Sheetz Gas Station into our parking lot. South Riding Nurseries will be on your right.

FROM STERLING and ASHBURN

Take VA Route 28 South; turn right onto Old Ox Road (VA Route 606). Turn left onto US Route 50 East. Turn right onto Poland Road. Make an immediate left behind the Sheetz Gas Station into our parking lot. South Riding Nurseries will be on your right.

TERMS AND CONDITIONS (ctd)

Volume Discount Schedule, 2012

South Riding Nurseries, LLC is pleased to offer our customers in good standing the opportunity to earn attractive discounts based on their purchase volume and prompt payment record. Our volume discount schedule for 2012 is as follows:

PURCHASE VOLUME	DISCOUNT
\$0 - \$10,000	0%
\$10,000 - \$25,000	5%
\$25,000 - \$50,000	10%
\$50,000 - \$75,000	15%
\$75,000+	20%

All accounts without an established discount start the year with no discount. As your account grows and volume increases from one level to the next a five per cent (5%) rebate/credit will be applied. For example:

A customer starts with no discount. After reaching a total purchase volume of \$10,000, the customer will receive a rebate of \$500 (5% of all sales) and a discount of 5% on all future sales. When the customer reaches \$25,000 in purchases, they will receive a rebate of \$1,250 (5% of all previous sales) and a discount of 10% on all future orders. When the customer reaches \$50,000 in purchases, they will receive a rebate of \$2,500 (5% on all previous sales) and a discount of 15% on all future orders. Finally, when the customer reaches \$75,000 in purchases, they will receive a rebate of \$3,750 (5% on all previous orders) and a maximum discount of 20% on all future orders. This allows customers the opportunity to receive the benefit of their best discount on all goods purchased within that year.

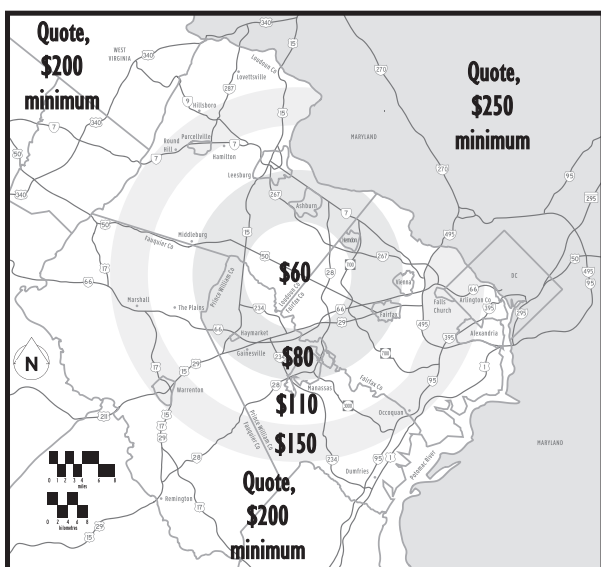

Volume is based on total net purchases not including freight and sales taxes. Discounts are good only on plant material and do not apply to any hardgoods. Hardgoods purchases do count, however, towards the customer's total net purchase volume. Discounts can only be applied to invoices paid within terms and by accounts that are in good standing. Discounts cannot be applied to quoted material, sale items, already-discounted items and special net-priced items. Total net purchases from the previous calendar year (Jan 1-Dec 31) will be used to establish the current year's discount. Rebates will be applied as credits to the customer's account and to the oldest outstanding invoice.

TERMS AND CONDITIONS (ctd)

Delivery

Delivery is available to customers on a scheduled basis for a fee. Rates are determined based on delivery location and size of load; the map below may be used as a general guide to our delivery fees, but please call for a quotation as delivery fees are subject to change without notice.

Customers are required to provide necessary labor and equipment to unload all deliveries in a timely fashion. Excessive delays will be subject to additional charges.

South Riding Nurseries
Delivery Zones and Fees
as of 1 February 2012

We welcome custom orders for large quantities or specific varieties. Terms will be established with the customer at the time of order.
