## Atrium and National Meal Programs

Through the Healthy, Hunger-Free Kids Act 2010, the United States Department of Agriculture made the first major changes to school meals in several years. In keeping with the Healthy, Hunger-Free Kids Act, Atrium offers packaging that complements these new regulations and provides facility efficiencies for meal preparation and service.

## Atrium and Choose My Plate

Schools provide over 30 million meals throughout the school day. These meals are based on nutrition standards from the USDA. New nutrition standards for schools increase access to healthy food and encourage students to make smart choices. Atrium provides a wide variety of products to meet these standards.

The USDA's food guidance system is comprised of the new MyPlate symbol and other materials to help consumers make healthy food choices and to be active every day. Look for containers to fit the following requirements:
