Money at Interest is a Good, Silent Partner.

INVEST YOUR SAVINGS.

SHOW me a man with a wife and children, who saves a little money every month, and give me five minutes' talk with him, and at the end of that time I'll have him a member of one of the building associations. I have been studying building associations for ten years, and I firmly believe that through them any industrious man who spends \$10 a month less than he makes can place himself in a position to stop working hard for other men by the time he is 50 or 55 years old. I think that the building associations have already worked a great improvement in the condition of the people of small means, and their work is just begun.—*Louis Hilt, in the St. Louis Globe-Democrat.*

J J Hill Esq

St Paul Dear Sir

I have arranged to take charge on April 1st of a prominent Building & Loan Co of this city, which stands well & is in good repute, and wish to ask if you will be kind enough to allow me to use your name as one of my board of nine directors. I will not associate any one in the board who does not stand well, and will furnish you a list of the names if you so wish. I want to use names who are prominent and well known to enable me to more easily place the stock thereby giving the company capital to loan in such good & prosperous towns as Thief River Falls to persons who are building homes.

Trusting that I may receive an
early and favorable reply

and refer you to your
Mr R A Wilkinson and H J Whitney
as to who I am

Respectfully yours
