DURABLE
THE STYLE OF SUCCESS

# CATALOGUE

EN

## Ladies and Gentlemen,

It is our pleasure to present to you the new 2015 DURABLE catalogue. In here you will find an extensive range of products for office and business organisations which all feature the quality, functionality and design of high grade products that DURABLE is well-known for. Our prime concern is to ensure that our various solutions help you to perform your daily work more successfully. Therefore, we have continued to develop the DURABLE product range over the last few years, primarily by adding our own product developments, which are innovative in both functionality and design.

To make it easier for you to find the products you are looking for, we have revised the structure and layout of our catalogue. It covers six areas of application with detailed descriptions of the product groups in each category. The new catalogue is divided into:

- Filing and organisation
- Office equipment
- Display and presentation systems
- Name badges and signage
- Security and safety
- Waste management

We have now been operating successfully for almost a century. A success story we owe first and foremost to you, our loyal customers. We see this as an obligation for the future to continue to keep our business sustainable as well as the economically successful management of our business.
Thank you for your continued support.

Yours Sincerely,

Horst-Werner Maier-Hunke

Matthias Laue

# The corporate development team

**DURABLE was established in 1920 by Karl Hunke and Wilhelm Jochheim in Iserlohn to manufacture metal tabs.**

Today, the company is still family-owned and the corporate headquarters are still located on the original site, even after 95 years. In 1965, a new production plant was opened in Kamen-Methler.

In later years, more production facilities were added in Iserlohn-Sümmern (1997), in Gotha (2000), in Szczecin/Poland (2004) and Coevorden/Netherlands (2010). In 1994, the various DURABLE shipping departments were all brought together at the newly constructed distribution centre in Iserlohn-Sümmern. Also in 1994, DURABLE was one of the first companies from the office supplies industry to be certified according to the international ISO 9001 quality standard. This was followed in 2010 by environmental management certification according to ISO 14001.

Following its start as a manufacturer of metal products, the company's product portfolio underwent a fundamental change after World War II. DURABLE was the first company to develop and manufacture office organisation and presentation products made of plastics. In 1959, the DURACLIP® clip folder was invented… the solution for filing documents without punching.

Over the last 20 years, more and more product lines have been developed and added, which can also be used in areas other than offices: display panel systems, cash boxes, key boxes, door signs, magnetic frames, office furniture and waste bins. In 2015, an innovative lighting system with a biological light effect is being introduced under the independent brand name of LUCTRA®.

Over half of DURABLE sales occur outside of Germany. Therefore, sales subsidiaries were opened in the UK (1980), Sweden (1980), the Netherlands (1991), Belgium (1997), France (2000), Austria (2001) and the USA (2001). In addition, representative offices in Russia (2002), Poland (2004), Italy (2005) and Switzerland (2014) are now operational.

With approximately 700 employees, we see ourselves as a medium-sized enterprise with a German manufacturing tradition and global presence.

**1920**
Karl Hunke and Wilhelm Jochheim establish the company in Iserlohn.

**1959**
Durable invents the DURACLIP® clip folder

**1988**
The first display panel systems are developed and introduced to the market.

DURABLE
THE STYLE OF SUCCESS

**Our brand mission:**

"DURABLE has set itself the task of developing office organisation and presentation systems that optimise the professional image and therefore the success of their users through perfect functionality, outstanding design and visible premium quality materials."

**Horst-Werner Maier-Hunke, Managing Director of DURABLE, expresses how we see our brand:**

"DURABLE is the superior brand for premium-quality office materials whenever an impression of distinction and professionalism is called for. DURABLE is invariably characterised by superior and tasteful, yet unpretentious design and well thought-out solutions."

! Visit www.durable.eu to view the entire range.

Brands provide solutions and create identity. With an extremely high awareness level and a clear profile, the DURABLE brand fulfils these functions in an ideal way.

The public experiences DURABLE as a professional and reliable problem solver, offering dynamic and intelligent solutions. The DURABLE brand also contributes to enhancing the competitive profile of its customers.

Standing still means no progression, which also applies to brands. This is why we continue to develop the profile of the DURABLE brand. The claim of this brand, THE STYLE OF SUCCESS, expresses its aspiration and its promise:

**DURABLE supports its customers in efficient organisation of their work and successful presentation of the results.**

**As a brand manufacturer, we feel an obligation to meet our customers' expectations and satisfy their demands.**

With newer and better products as well as improved processes, we constantly strive to set new benchmarks. 20 customer awards and 30 famous design awards are visible evidence of such efforts. For us, this only provides us with further incentive.

At DURABLE, innovation means exploiting market potentials by continually modernising our product lines and opening up new segments. Permanent exchange of information with our partners, with consumers and stakeholders enables us to continuously develop our range of products and services.

Some of our product lines are even multiple award winners:

### DURAFRAME®

**Our staff members are characterised by competence, dedication and outstanding loyalty. To maintain this standard, DURABLE continuously invests in its human resources and offers a wide range of incentives in the areas of health, childcare, education and training.**

## Internal social Commitment

DURABLE currently employs approximately 700 people. Supporting its employees in the area of preventive healthcare is an important corporate concern.

### Health days

Health days are regularly held at various corporate facilities. The range of individual services is wide, including blood sugar and body fat tests as well as blood pressure measurements and cardio scans, and even a workshop about the burnout syndrome. Almost all counselling sessions and tests offered are fully booked, showing that the staff members' interest in their own state of health is very high.

### Physiotherapy

A regular, free-of-charge physiotherapy programme has also been running for a number of years, to benefit all staff members interested, to improve their health and their physical performance.

### Childcare for under-threes

In September 2013, DURABLE opened a major day care centre for children under the age of 3. Under the title of "durable-minis", children aged from 0 to 3 years are taken care of for up to 45 hours per week. 9 durable-minis are currently on site, and DURABLE supports their mothers with a contribution to the costs as well, thus enabling them to go about their work with the child care centre in the immediate neighbourhood.

! Visit www.durable.eu to view the entire range.

**Training**

About 30 young men and women are currently being trained at DURABLE. There are roughly 15 recognised occupations for which training is offered which include vocations such as industrial sales management assistant, business administrator, warehouse logistics manager, or even technical product designer, tool mechanic and process technician for plastics and rubber technology.

The commercial training programme includes an internship of several weeks at one of DURABLE's international subsidiaries, for example in France, the UK, Sweden or Belgium.

**Advanced education and training**

DURABLE offers its staff members an extensive programme of further training opportunities. In 2014, some 700 days were taken for advanced education and training.

The programme includes traditional Microsoft Office training and instruction in injection moulding technology, but also support in the correct style of correspondence using electronic media, training in modern etiquette and even anti-stress seminars or courses on time management and self-management. Intercultural training to improve the understanding and cooperation between international DURABLE facilities is also a part of the programme.

**Sustainability at DURABLE**

We live in a world of change and the consequences of globalisation, the threat of climate change, retrenchment of jobs, the debate about top executives as role models, or inappropriate behaviour in major companies are vital issues which people are concerned about. In times of growing disorientation, our society longs for security and a system of fixed rules. People set out to rediscover traditional values, and there is an increasing demand for companies to accept comprehensive responsibility.

We are aware of the fact that, apart from a positive bottom line, corporate success also means great ecological and social responsibility. This cannot and must not be reduced to a mere short-lived trend, but rather practised on a permanent basis. This is why sustainable management and social commitment have become a part of our daily routine.

Use of high-quality, recyclable materials, avoidance of waste and energy-saving production processes have already been a part of our daily routine for a considerable time. This underlines our determination to accept ecological and social responsibility.

Of course this also includes our social responsibility towards staff members and society in general, which is reflected in many different projects. One example is our cooperation with a local school, where some of our staff members visit science classes to illustrate theoretical learning content with practical examples.

Our aim is to develop products which are generally recyclable. Of course they should also be cost-efficient to produce and yield a fair return on investment. To come as close as possible to this ideal, we continuously carry out critical analyses on the environmental compatibility of our products and on our production processes as well. We also meet the requirements for documentation of our quality management system and our environmental responsibility in accordance with the international DIN EN ISO 9001 standard and the environmental management certification according to DIN EN ISO 14001. Moreover, DURABLE is a member of B.A.U.M. e.V., the German Environmental Management Association.

**Environment Focus**

At DURABLE we have committed ourselves to careful use of all resources. Only 0.3 % of our production waste actually goes into waste disposal. 99.7 % is recycled or used to produce energy. We realise that this is not enough. We are eager to save energy at every workplace in production as well as in administration. In this way, we have continuously reduced our average power consumption per production unit over the last few years. Thanks to our ultra-modern production equipment, we have significantly increased our production volume without consuming more energy. Our end users are pleased; after all, they receive excellent product quality and elegant product design, without causing harm to the environment.

**Waste avoidance and resource recovery**

New production techniques which minimise waste and environmental impact: today, virtually 100 % of waste and/or scraps produced are returned to the production process. Waste is collected and re-used, resources are saved.

**“Success should be shared with others”.**

This is a basic principle at DURABLE. Social commitment has a long tradition at our company. National and international projects are not only initiated by the company, but also actively supported by our staff members or even launched on their own initiative. It is our primary concern that social values should play an important part at DURABLE and that we put them into practice. At our facilities in Germany, we sponsor local projects financially as well as by product donations and donations in kind. In this way we support, for example, the „Werkstatt im Hinterhof“ (“backyard workshop”) in Iserlohn, a project to counteract social indifference, with various kinds of assistance for people seeking help. At all our production plants, we cooperate with workshops for disabled persons as material suppliers for selected products.

On the international level, too, DURABLE is active in well-known projects of humanitarian aid. Cooperation with SOS children’s villages has been in existence for several decades. We support SOS children’s villages, for example in Kenya, Nepal, Pakistan, Peru, Sri Lanka, Estonia and in our local Sauerland region. We have established a long-term cooperation to assist the Stargard children’s home in Poland. One of our annual highlights is the Christmas campaign, in which staff members each pack a Christmas gift bag for one of the children.

**This is how we define sustainability:**
For many years, DURABLE has been taking into account important environmental aspects in the areas of resource planning, production and waste disposal. An overview of our products and their respective sustainability can be found on the Internet under www.durable.eu

**DURABLE**
Selected raw materials and efficient manufacturing processes result in very high quality and durability of our products.

**BIODEGRADABLE**
Products which break down or decompose through biological processes.

**OVER 30% RECYCLED MATERIAL**
The products are made from over 30% recycled starting material.

**RECYCLABLE**
Single-material products or products whose individual materials can be separated by hand.

**REFILLABLE / REFILL**
Prevention of excess packing material.

**MATERIAL RE-USE**
Separated waste material is recycled back into the production process.

**HFC-FREE**
These products have no hydrofluorocarbons (HFCs) as propellants.

**CHLORINE-FREE BLEACHED PAPER**
The labelling strips and insertable badges of all products are bleached without the use of chlorine.

**Made in Eu**
Over 95 % of our products are manufactured in the EU.

- Capacity: 1-30 A4 sheets

# 2250
25 per box
01 black, 02 white, 06 blue, 10 grey

**DURABIND®**
Effortlessly transform stacks of loose sheets into perfectly bound, professional folders in seconds with DURABIND®.

The DURABIND® method:
1. Insert the documents and staple at the four marked points.

2. Remove the protective backing from the self-adhesive strip.

3. Fold the front cover over to the left so that the adhesive strip covers the stapled edge. Press firmly in place!

4. Fold the front cover back to the right along the scored line. Repeat steps 2 and 3 for the back cover.

Visit www.durable.eu to view the entire range.

# VARICOLOR®

VARICOLOR® is the series for modern, flexible workplaces. This series is characterized by premium-quality materials and workmanship combined with elegant, modern design. Coloured highlights not only create variety, but also provide intuitive order and structure. In addition to modern classics such as drawer boxes and sorting trays for fixed offices, VARICOLOR® goes a step further by offering innovative solutions for mobile and digital work with tablet PCs and smart phones.

## VARICOLOR®

- Drawer box with coloured drawers
- Made from high quality plastics
- Fine coloured lines serve as organisation and orientation aids
- Drawers open smoothly and soundlessly
- With drawer stop
- For formats up to A4, C4, and for folio and letter-size formats
- With transparent labelling windows and computer-printable, easily exchangeable insert labels included in the delivery
- Stackable on non-slip plastic pads
- Storage in rows possible in all standard office cabinets and sideboards

# DURAFRAME®

Presenting information simply and attractively, creating optimal framing conditions - this is what DURAFRAME® has to offer.

DURAFRAME®
Self adhesive with magnetic front panel

DURAFRAME® MAGNETIC
magnetic frames for metal surfaces

! Visit www.durable.eu to view the entire range.

## DURAFRAME® SELF ADHESIVE WITH MAGNETIC FRONT PANEL

The frame is identical in appearance from both sides and can be used in either portrait or landscape format. DURAFRAME® can be adhered to smooth, solid surfaces including glass and can be removed and repositioned. A total of 11 different colours are available to suit all environments and uses.

### FOR OPTIMAL VIEWING

Remove the protective backing paper

Affix the frame in the desired position.

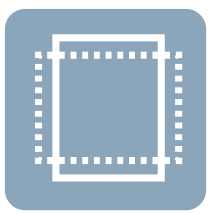
Fold back the magnetic frame to insert materials.

Simple! DURAFRAME® stays permanently in place on all smooth, solid surfaces and can easily be repositioned. Can be viewed from both sides when applied to glass. Does not leave a residue.

### ADVANTAGES

Quick, easy exchange of information materials through magnetic panel.

Frames are identical front and back and can be read from both sides when applied to glass



Suitable for use in either portrait or landscape format.

**GREAT ADVERTISING WITH A GREAT EFFECT**
DURAFRAME® POSTER is the professional solution for visual merchandising – in shop windows, in showrooms or at service points. With its many features, the self-adhesive magnetic frame is the ultimate advertising tool.

## DURAFRAME® POSTER

- Quick and easy exchange of posters and large notices through fold-back magnetic frame
- For A1, A2 and 50 cm x 70 cm formats
- UV-stabilised, low-reflection film prevents discolouration of posters
- Protection against theft and weathering by affixing the frame to a shop window pane on the inside for visibility on the outside
- Can be used in either portrait or landscape format
- Can be read from both sides when applied to glass with 2 inserts
- Frame looks identical from both sides
- Can be affixed to smooth, solid surfaces, e.g. glass.

- Dimensions of wall: 121 x 353 x 111 mm (W x H x D)

# 8599 | 19 transparent
1 set

EXTENDABLE
Individual A4 and 1/3 A4 literature holders can be extended using EXTENSION units. Simply add the required number of extension units to the original literature holder, insert the front cover and lock into place.

ADAPTABLE
Whether a space saving table stand or wall mounted literature holder – the base elements simply push and lock into place to complete the unit. The table stand can be quickly converted into a wall unit by simply turning the base 180°, and vice versa to transform the wall unit to a table stand.

MODULAR
An adapter is available to quickly and easily combine A4 and 1/3 A4 literature holders. Simply attach the required number of literature holders onto the adapter, insert the front cover(s) and lock into place.

### COMBIBOXX PRO

- Set of literature displays for information in A4 format (up to 311 x 240 mm) and 1/3 A4 or A6 format (up to 210 x 116 mm).

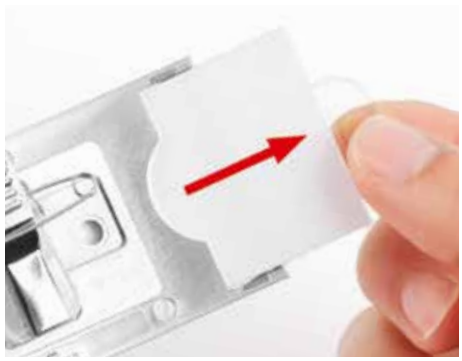
# CLASSIC

As elegant as a piece of jewellery, the galvanised CLASSIC name badges with their stylish aluminium look add a touch of style to your name badges. The unobtrusive, slightly curved frame combines clear design with high quality, long-lasting materials and perfect functionality - a genuine long-term companion!

**Product advantages**

- Scratch-proof galvanised frame.
- A unique system for quick, easy exchange of insert labels. (Patent pending)
- Convex shape for better readability.



! Visit www.durable.eu to view the entire range.

## CLASSIC

- Name badge with galvanised frame in aluminium look
- Extremely long-lasting material
- Ideal for long-term use at trade fairs, in hotels or retail stores
- Inserts can be exchanged quickly thanks to unobtrusive flap at the back

**Patent pending**

### CLASSIC WITH MAGNET

- For a simple fastening that will not damage clothes
- Also for delicate fabrics
- Securely held by two magnets
- Internal dimensions: 30 x 65 mm (H x W)

# 8540 23 metallic silver

### CLASSIC WITH MAGNET

- Internal dimensions: 34 x 74 mm (H x W)

# 8542 23 metallic silver

### CLASSIC WITH COMBI CLIP

- With pin and clip fastening
- Internal dimensions: 30 x 65 mm (H x W)

# 8541 23 metallic silver

### CLASSIC WITH COMBI CLIP

- Internal dimensions: 34 x 74 mm (H x W)

# 8543 23 metallic silver

### Applications for CLASSIC

- Thanks to hardwearing, sturdy materials particularly recommended for long-term use.
- Elegant, unobtrusive, prestigious design which fits particularly well into distinguished environments such as hotels & restaurants, banks or trade fair stands.
- Fastening systems (magnet and combi clip) are designed for long-term use.

# ACRYLIC

The virtually invisible, frameless name badges have been reduced to essentials and specially highlight the names thanks to their slightly convex form. Thanks to the extremely transparent, crystal-clear surface, the names and logos take on an appearance both elegant and rich in contrasts.

**Product advantages**

- Crystal-clear, slightly convex surface for optimal readability.

- Thumb slot at the back for easy exchange of insert labels.

- With patented rotatable combi clip and raised backing for optimal fixing

! Visit www.durable.eu to view the entire range.

**CONVEX NAME BADGE WITH MAGNET**
- High-quality acrylic name badge in a curved design
- For a simple fastening that will not damage the clothes
- Also for delicate fabrics
- Securely held by two magnets
- Internal dimensions: 40 x 75 mm (H x W)

# 8123 | 19 transparent
25 per pack

**Patented**

**CONVEX NAME BADGE WITH COMBI CLIP**
- With rotating plastic clip and pin
- Attractive shape
- Convex, crystal-clear acrylic window
- Internal dimensions: 40 x 75 mm (H x W)

# 8128 | 58 charcoal
25 per pack

**CONVEX NAME BADGE WITH COMBI CLIP**
- High-quality acrylic name badge
- Curved design
- Fastening by plastic clip with pin
- Internal dimensions: 40 x 75 mm (H x W)

# 8124 | 19 transparent
25 per pack

**Patented**

**NAME BADGE WITH COMBI CLIP**
- Made of acrylic
- With pin and clip for pinning or clipping on
- Tuck-in flap for shirt or breast pocket
- Internal dimensions: 40 x 75 mm (H x W)

# 8121 | 19 transparent
25 per pack

**NAME BADGE WITH TUCK FLAP**
- Made of acrylic
- For breast or shirt pockets
- Tuck-in flap height: 65 mm
- Internal dimensions: 40 x 75 mm (H x W)

# 8120 | 19 transparent
25 per pack

## Features of ACRYLIC

- High quality name badge.
- Hardwearing, robust material, therefore particularly recommended for long-term use.
- Simple, prestigious design, which fits particularly well into distinguished environments such as hotels & restaurants, banks or trade fair stands.
- Rotatable combi clip for extremely flexible use.

# BASIC

The premium-quality BASIC name badges attract attention from everyone and, thanks to personalized print, invariably highlight the names of their wearers. With rounded corners and a matt-finished surface, the aluminium badges make a lasting good impression everywhere.

**Product advantages**

- Elegant design with rounded corners.

- Easy design and order facility via the (German) DURABLE BUSINESS online shop. www.durable-business.com

- Printing is solvent and scratch resistant.

! Visit www.durable.eu to view the entire range.

## BASIC fastening options

The fastenings are designed for long-term use.

**Magnet:**
- Specially recommended for fastening on fine fabrics, since the magnet leaves no traces.
- Thanks to its strong adhesive force, it can also be used on thicker fabrics such as jackets.
- Ideal for business meetings and events.

**Combi Clip:**
- Combination of pin and clip.
- Offers optimal attachment and is ideal for use on textiles such as jackets or executives' garments.

## Applications for BASIC

- Thanks to the sturdy material with high quality printing, ideal for long term use.
- Elegant, discreet and representative design that fits perfectly in high-end surroundings like hotel & gastronomy, banks or trade-fair booths.
- The fastenings (magnet or combi clip) are designed for long-term use.
- Delivery of ready to use name badges after easy design and order process via the DURABLE BUSINESS onlineshop in Germany. For further information visit www.durable-business.com

## The DURABLE onlineshop* and further information:

# SELECT

With their strikingly prominent black bar and highly transparent window, SELECT name badges highlight the personalities of their wearers in a very stylish way. This straightforward design signals professionalism combined with elegance and ensures the name is especially eye catching.

**Product advantages**

- A touch of elegance through the black bar.
- Insert labels are protected behind the transparent window and can be exchanged quickly and easily.
- Sturdy material.

! Visit www.durable.eu to view the entire range.

## SELECT

· Name badge with black bar and transparent window
· With magnet or combi clip

### SELECT WITH MAGNET

· For a simple fastening that will not damage clothes
· Also for delicate fabrics
· Securely held by two magnets
· Internal dimensions: 17 x 67 mm

# 8505 01 black
25 per pack

### SELECT WITH MAGNET

· Internal dimensions: 30 x 60 mm

# 8507 01 black
25 per pack

### SELECT WITH COMBI CLIP

· With pin and clip fastening
· Internal dimensions: 30 x 60 mm

# 8506 01 black
25 per pack

### SMARTCLIP

· Elegant name badge with injection-moulded clip
· For easy fastening, e.g. on shirt collar, lapel or tie
· Format: 13 x 53 mm (H x W)

# 8126 57 anthracite/grey
25 per pack

### Features of SELECT

- Elegant bar in a muted colour fits perfectly into the ambience of banks and insurance companies.
- The slim badges (13x53 mm and 17x67 mm) can be printed with just a name
- Hardwearing, sturdy materials are ideal for long-term use.
- SMARTCLIP name badges (13x53 mm) can also be fastened laterally on lapels, on ties, or as an image bearer on shirt collars.

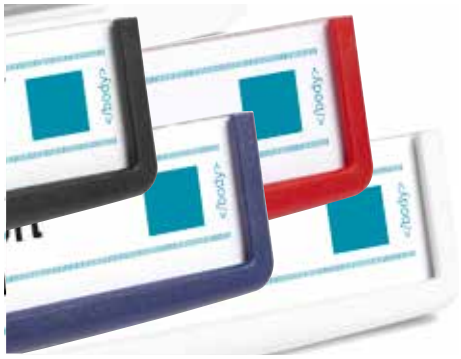
# FRAME

The unpretentious FRAME name badges with their coloured frames offer maximum individuality. Once inserted, the view window fits snugly into the frame and signals openness and congenial discretion by its unusual U shape.

**Product advantages**

- The frame is available in four different colours, for example to distinguish between different departments.



- Easy exchange of insert labels through frame which is open at the top.

- Rounded corners.

Visit www.durable.eu to view the entire range.

# FRAME

- Name badge with coloured frame
- Individually printable insert label, protected by transparent window
- With magnet or combi clip
- Ideal for making a distinction between different departments or groups

**FRAME WITH MAGNET**

01 black, 02 white, 03 red, 07 dark blue

**FRAME WITH MAGNET**

- Internal dimensions: 40 x 75 mm

# 8504
25 per pack
01 black, 02 white, 03 red, 07 dark blue

**FRAME WITH COMBI CLIP**

- With pin and clip fastening
- Internal dimensions: 30 x 60 mm

# 8501
25 per pack
01 black, 02 white, 03 red, 07 dark blue

**FRAME WITH COMBI CLIP**

- Internal dimensions: 40 x 75 mm

# 8503
25 per pack
01 black, 02 white, 03 red, 07 dark blue

## Features of FRAME

- Different colours to distinguish between departments or positions.
- White badge particularly recommended for persons in healthcare services.
- Colours matching those of DURABLE CLICK SIGN door signs – for perfect combination.
- Hardwearing, sturdy materials.
- Frame holds insert label safely in place. Combi clip ensures optimal fixing, which is vital when fastened to doctors' or nurses' white coats in hospitals.

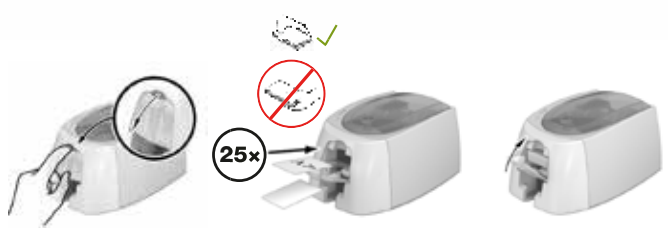
## EASY EXCHANGE OF CONSUMABLES



## THE DURACARD CONCEPT

You want to organise an event professionally? Prepare personal membership cards for your customers quickly? Print out student ID cards as plastic cards yourself?
You have to wait up to two weeks for the delivery of printed plastic cards?
You only need to print two to three individual cards daily, but the minimum order quantity required by your printing partner is 100 cards?

DURABLE has the answers to your questions.
Print out plastic cards quickly, easily and professionally – with the new DURACARD ID 300 card printer.

Organise your plastic cards independently of advertising agencies and printers. You can reach your goal in three easy steps:

**1** **Design Cards**

DURAPRINT® SOFTWARE
www.duraprint.eu

**2** **Print Cards**

**3** **Select card holder**

**A selection of suitable card holders**

# WASTE BINS

DURABLE waste bin systems are versatile equipment for waste management as well as transport and storage of raw materials in industry and commerce. These products are manufactured exclusively from high-quality materials such as long-lasting plastics and sturdy sheet steel. Available in different colours, sizes, designs and finishes, these containers provide ideal storage solutions for a great variety of applications.

! Visit www.durable.eu to view the entire range.

## WASTE COLLECTION AND SORTING

Where collection and sorting of corporate waste is concerned, organisation is vital. DURABIN from DURABLE makes it easy to sort waste into the correct containers via colour-coded systems and appropriate labelling. Which means: order with a system. Or simply: DURABIN

## STORAGE AND TRANSPORT

For safe storage and transport of corporate raw materials, the quality of the various containers must be reliable. For this purpose, DURABIN offers containers made of top-quality plastics in a great variety of sizes and colours, which are particularly suitable for storing loose, pourable bulk materials, even including food ingredients. Their rectangular form facilitates space-saving storage and reliable transport on matching trolleys.

## ORDER IN FORM AND FUNCTIONALITY. WASTE PAPER BASKETS FOR THE OFFICE AND FOR THE HOME.

Even though our world is turning more digital, a lot of waste paper still accumulates in offices. DURABLE offer a great variety of designs made out of high quality plastics and elegant sheet steel for both corporate and home office.

## MORE PRODUCTS FOR TRADE AND COMMERCE.

Professionalism of materials is a top priority in the cleaning trade. The sturdy buckets from DURABLE made of high-quality, heavy-duty plastics are available in three convenient sizes and offer high functionality together with ergonomic handling - attributes also present in our shopping baskets. Trolleys facilitate their transport and handling in the supermarket.

## WASTE BIN WITH ASHTRAY

- Metal waste bin with integrated ashtray
- Fire protection through tray filled with sand with a wire tray insert, or through fire extinguishing lid.
- Waste bin with high-quality epoxy resin coating, or made of stainless steel.
- Some with removable zinc tray for easy emptying.
- Ideal for use in smoking areas or entrance areas.

### WASTE BASKET METAL WITH ASHTRAY ROUND

- 17-litre metal waste bin with integrated 2-litre ashtray.
- With removable zinc insert for easy emptying and cleaning.
- Aluminium ashtray with wire insert, complete with 1.5 kg sand filling.
- Dimensions of removable ashtray: 60 x 240 mm (H x Ø)
- Dimensions of paper aperture: 190 x 125 mm (W x H)
- Dimensions of inside container: 380 x 220 mm (H x Ø)
- Product dimensions: 620 x 260 mm (H x Ø)

# 3330 — 01 black, 23 metallic silver, 58 charcoal
1 unit

### WASTE BASKET STAINL. STEEL WITH ASHTRAY ROUND

- 17-litre waste bin made of brushed stainless steel with integrated 2-litre ashtray.
- Removable inside container and wire insert for easy cleaning.
- Environmentally friendly: made of at least 50% recycled material and up to 100% recyclable.
- Complete with 1.5 kg sand filling for the ashtray.
- 5-year warranty.
- Dimensions of removable ashtray: 60 x 240 mm (H x Ø)
- Dimensions of paper aperture: 190 x 125 mm (W x H)
- Dimensions of inside container: 380 x 220 mm (H x Ø)

Product dimensions: 620 x 260 mm (H x Ø)

# 3373 — 23 metallic silver
1 unit

### SAND REFILL

- Sand refill for ashtray insert.
- Refill pack (contents 1.5 kg) for ashtrays with product # 3330, 3331 and 3373

# 3335 — 16 beige
1 unit

### WASTE BASKET METAL WITH ASHTRAY SQUARE

- 17-litre metal waste bin with integrated 2-litre ashtray.
- With 2 apertures at the front and at the rear.
- Removable inside container and ashtray
- Ashtray with wire insert, complete with 1.5 kg sand filling.
- Dimensions of removable ashtray: 240 x 50 x 240 mm (W x H x D)
- Dimensions of paper aperture: 180 x 130 mm (W x H)
- Dimensions of inside container: 380 x 220 mm (H x Ø)
- Product dimensions: 250 x 620 x 250 mm (W x H x D)

# 3331 — 01 black, 23 metallic silver, 58 charcoal
1 unit

### WASTE BASKET WITH ASHTRAY SAFE ROUND

- 17-litre metal waste paper basket with 2-litre ashtray and fire extinguishing lid.
- The self-extinguishing aluminium lid cuts off the oxygen supply inside the ashtray and quenches the flames.
- Removable inside container and ashtray for easy emptying and cleaning.
- Dimensions of fire extinguishing lid: 60 x 240 mm (H x Ø)
- Dimensions of paper aperture: 150 x 125 mm (W x H)
- Dimensions of inside container: 380 x 220 mm (H x Ø)
- Product dimensions: 630 x 250 mm (H x Ø)

# 3332 — 01 black, 23 metallic silver, 58 charcoal
1 unit

### ASHTRAY KULAN

- Ash tray with closed, removable cover.
- Made from special, fire-resistant plastic.
- Odourless
- Smoke is retained within the unit.
- Dimensions: 60 x 130 mm (H x Ø)
