## THE FATBURGER STORY

In 1952, Lovie Yancey created something unique. A culture. A phenomenon, if you will. She created the biggest, juiciest hamburgers anyone had ever seen. So obviously there was only one name for them - Fatburger.

Half a century later, while other places are just discovering taste, we're still making hamburgers the way she did.

Cooked-to-order, just the way you want it, every time.

Now here's just a few things to make you drool over our menu: onion rings made from real onions. Hand-scooped, real ice cream shakes. Great tasting chili & fresh produce. And fries cooked in 100% cholesterol-free oil. All served with a smile. Fatburger. Distinctive seasonings and attitude since 1952.
