# about 9to5 Seating

## About Us

Founded in 1986, 9to5 Seating is a vertically-integrated, privately owned company, which specializes in the design and production of ergonomic office seating to accommodate the rigorous demands of today's office environments. 9to5 Seating presents an extensive collection of executive, task, guest, conference, stool and lounge seating.

Take a closer look at one of our chairs and you can see the quality is apparent in every stitch. But we don't stop with the details of the chairs themselves. 9to5 Seating combines its state-of-the-art, in-house manufacturing systems with a commitment to continuous improvements in all phases of the operation. With over 500,000 sq. ft. of manufacturing resources, we are confidently empowered to deliver products offered at unparalleled pricing, quality built into every phase of manufacturing, customization and numerous upholstery options, express shipping and the best warranty possible.

Our dedication to becoming the leader in office furniture requires a deliberate and focused approach that extends beyond our chairs, in order to exceed customer expectations. When every detail is attended to the result is a better choice. And that's exactly what you get with 9to5 Seating.

Why are we so mindful of every aspect of our process? Because by doing all the little things right, we're able to offer you a better chair at an impressive value. We think that's pretty huge.

9to5 Seating. The difference is in the details.

### RESPONSIBLE

We are dedicated to eco-friendly and American manufacturing.

### FORWARD THINKING

We believe in staying ahead of the curve when it comes to manufacturing and design.

### UNCOMPROMISING

We never settle. We insist on sourcing our own materials, utilizing cutting-edge technology, providing superior value, and completely satisfying our customers.

## 10 Factories Under One Roof

9to5 Seating is able to control the quality of our products because of our vertically integrated business model. Our wholly owned factories are essentially "10 factories under one roof," which translates into our ability to control every part of the manufacturing process. We challenge you to find another U.S.-based office seating manufacturer doing this all under one roof with the state-of-the-art equipment and socially responsible business practices that are at the core of 9to5 Seating.

1. CAD DESIGN
2. CNC MOLD & DIE FABRICATION
3. PLASTIC INJECTION MOLDING
4. FOAM INJECTION MOLDING
5. TUBULAR METAL BENDING & WELDING
6. CNC WIRE ROD BENDING & WELDING
7. ALUMINUM DIE CASTING
8. ALUMINUM POLISHING
9. POWDER COAT FINISHING
10. FINISHED CHAIR PRODUCTION

Companies today demand the most for their money and 9to5 Seating is prepared to deliver the highest quality product without sacrificing selection or speed of delivery.

### ROCK SOLID

We have built top quality products for over 30 years – chairs that are built to last.

### CUSTOMIZATION

We allow our customers to customize their chair to best suit their style and needs.

## Below are some highlights of the program

- Lead Time: 5 Business Day Quick Ship and Standard 15 Day Lead time
- Textiles: Choose from thousands of commercial grade designer textiles from Architex, Arcom, CF Stinson, Designtex, Lindsey & Hall, Maharam, Mayer, and Momentum Textiles
- Leather: Select from a wide range of leather colors including 10 colors in leather/vinyl combinations
- Lifetime Manufacturer's Warranty
- Premium Quality Components
- Nylon Bases are made from 100% virgin glass reinforced nylon
- All task, executive, and conference seating incorporate molded foam cushions

## Value Propositions

### Thoughtful Product

#### Unsurpassed Value

Providing service, price and quality without compromise.

#### High Design

Meticulous attention to detail results in chairs that are aesthetically pleasing, ergonomic, and built for the demands of daily use.

#### Customization

Our adaptive designs and inhouse operations allows for customizable and build-to-order product, with thousands of textile options.

#### Lifetime Warranty

We stand behind our products. Lifetime warranty on all structural and mechanical parts. Five-year warranty on leather, fabric and foam.

### Purposeful Practices

#### Perpetually Forward Thinking

Vertical integration means every chair is built from the ground up. We source our own materials and invest in state-of-the-art technology to minimize cost while elevating quality.

#### U.S. Based Facilities

Committed to bringing hundreds of jobs back to the states.

#### Green Philosophy

We offer GREENGUARD Certified products, were awarded the prestigious LEED® NC Gold Certification, and we generate electricity via a solar photovoltaic panel system.

#### Shipping Speed and Efficiency

Fast 5 day shipping. Always timely.

### Committed

#### Family Values

Family culture throughout our organization.

#### Service-Oriented

Technically savvy service reps and integrated systems provide total visibility of account activities for timely order processing and thorough after-sales service support.

# green practice

## 9to5 Seating Commits to Think & Act Green

9to5 Seating is committed to sustainable and environmentally responsible business practices. This global perspective is endorsed and executed throughout every aspect of our corporate culture, and within our warehousing, manufacturing and office facilities. We are proud to demonstrate our commitment by offering GREENGUARD Certified products, participating in the U.S. Environmental Protection Agency's Waste Wise Program, and have been awarded the prestigious LEED® NC Gold Certification for our factory and corporate headquarters.

## Environmental Commitment in Action

9to5 Seating's corporate headquarters uses a rooftop photovoltaic panel system to generate electricity for the facility. To view how much power we are generating in real-time visit our solar portal at [www.9to5seating.com/solar](http://www.9to5seating.com/solar)

### Over 30 years, the system will offset:

- 6,102,370 lbs of CO2 | a leading cause of global climate change
- 4,192 lbs of NOx | a leading cause of smog
- 1,048 lbs of SO2 | a leading cause of acid rain
- 1,215 lbs of particulates | a leading cause of asthma

6,102,370 lbs of CO2 is equivalent to the amount absorbed by 13 acres of trees over their lifetime

## GREENGUARD Certified

Our entire product line earned GREENGUARD Indoor Air Quality Certification issued by the GREENGUARD Environmental Institute. The GREENGUARD Indoor Air Quality Certification Program assures that products designed for use in office environments and other indoor spaces meet strict chemical emissions limits.

9to5 Seating products:

- Contribute to healthier interior environments.
- Add points for LEED Certification.
- Offer fabrics made from 100% recycled content. (Fabrics made from recycled content are identified with the symbol in the Grade-In section of this price book pages 14 – 23.)
- Manufactured using plastic, nylon, steel, aluminum and polypropylene components that are 100% recyclable.
- Use suppliers that share an earth-friendly philosophy.
- Certified below chemical emissions limits for TVOC, Formaldehyde, Total Aldehydes, Individual VOCs, 4-phenylcyclohexene.

Environmental Data Sheets for all 9to5 Seating products can be found at our web site [www.9to5seating.com](http://www.9to5seating.com). For more information about GREENGUARD programs visit [www.greenguard.org](http://www.greenguard.org).

## LEED®

At its core, a green building is a better performing building. It uses fewer resources and offers a better place to work through improved energy and water efficiency, better air quality, and access to natural daylight. We have been awarded the LEED® NC Gold Certification for our newly constructed corporate headquarters and manufacturing facility.

Sustainable aspects of 9to5 Seating's headquarters building design contributing to LEED Gold Certification include:

- Rooftop photovoltaic panel system generating approximately 90% of electricity required for facility operation.
- Reduction of energy consumption through increased natural day lighting to enable factory to operate during an average day with lights off.
- Use of LED lighting throughout office space for further energy savings.
- Site selection promoting development density and community connectivity.
- Providing alternative transportation including access to public transportation, parking for low emitting and fuel-efficient vehicles.
- Quality control of storm water runoff.
- Decrease in heat island effect.
- Use of water efficient landscaping.
- Reduction of water usage by 40%
- Optimization of energy performance through a 28% improvement over 2011 California Title 24 code.
- Recycling or salvaging 75% of construction waste.
- Use of recycled content and regional building materials.
- Increased ventilation to promote indoor environmental quality.
- Use of low-emitting adhesives, sealants, paints, coatings and flooring systems.

## Manufacturing

We are committed to reducing, reusing and recycling the by-products and waste generated during our manufacturing process through our membership in WasteWise. WasteWise is an U.S. Environmental Protection Agency's program in which organizations track their waste reduction efforts to benefit the environment.

9to5 Seating's efforts to reduce manufacturing waste include:

- Optimize machinery cycle times to manufacture parts in minimal time increments.
- Evaluate environmental effects before pursuing new products or purchasing equipment to ensure alignment with environmental commitments.
- Select materials that reduce or eliminate toxic and environmentally damaging materials from the manufacturing equation.
- Utilize water-based, environmentally friendly adhesives throughout our manufacturing facilities.
- Use of recycled raw materials in the production urethane components when possible.
- Sort and recycle rejected plastic components via five re-grind machines.
- Employ molded foam production in over 95% of products, greatly reducing scrap urethane.
- Work exclusively with plywood suppliers that participate in forest restoration.
- Collect and recycle all excess fabric, dacron and leather.
- Accurately determined the current carbon footprint through Life Cycle Assessment (LCA).
- Identified hot-spots in energy consumption and associated CO2 emissions.
- Optimized energy efficiency and reduced CO2 and GHG emissions contribution from production processes.
- Identified solutions to neutralize CO2 emissions that cannot be eliminated through energy saving measures.

# lifetime warranty

9to5 Seating products are manufactured with meticulous attention to detail to achieve a level of quality that is free from defects in material and workmanship. In an effort to stand behind this philosophy, 9to5 Seating warrants to the original purchaser of the product and from the original date of sale, the following:

For All Series Except @nce, Logic Plus, and chairs that include the Heavy Duty (HD) option in the Aria, Logic, Strata™ and Theory Series: Lifetime Warranty to the original end user; the company will repair or replace, at its option, factory defective structural and mechanical parts with comparable product, without charge. This warranty is for a single shift, standard commercial usage, defined as a standard 8-hour work day, five days a week. Weight limitations vary by product.

Upholstery fabric and foam are warranted against wear through and deterioration during normal usage for a period of five (5) years. However, the company does not warrant leather against routine scratching and scuffing, as all leather is subject to minor blemishes during use. COM and COL are not warranted. Due to natural variations in material, furniture containing leather is sold subject to normal variations and/or irregularities of color, texture, and grain.

For the @nce Series: 9to5 Seating warrants the @nce series of chairs for a period of five (5) years of single-shift use to the original purchaser; the company will repair or replace at its option factory defective structural and mechanical parts with comparable product, without charge. This warranty is for a single shift, standard commercial usage, defined as a standard 8 hour work day, five days a week. Weight limitations vary by product.

For Logic Plus Large Occupant Series: 9to5 Seating warrants the Logic Plus Large Occupant chairs for a period of ten (10) years of single-shift use to the original purchaser; the company will repair or replace at its option factory defective structural and mechanical parts with comparable product, without charge. This warranty is for single-shift applications with persons weighing less than 500 lbs.

For the chairs that include the Heavy Duty (HD) option in the Aria, Logic, Strata™ and Theory Series: 9to5 Seating warrants the aforementioned chairs for a period of ten (10) years of multi-shift use to the original purchaser; the company will repair or replace at its option factory defective structural and mechanical parts with comparable product, without charge. This warranty is for multi-shift applications with persons weighing less than 350 lbs.

Only Upholstery fabrics with an abrasion resistance performance rating of 150,000 double rubs or more are warranted against wear through and foam deterioration for a three (3) year period of multiple shift use.

## Claim Process

Should parts fail for any model during normal use within the applicable warranty period, please fill out a Warranty Request Form on the website here: <https://9to5seating.com/warranty-request/>. Provide 9to5 Seating with a description of the failure and proof of purchase (Sales Order number located on the bottom of the chair). If requested by the company, the original purchaser must return the part or product with freight or other shipping charges prepaid, together with a copy of original sales receipt. Please do not send parts without prior authorization.

Send Parts to:  
9to5 Seating - Warranty Department  
3211 Jack Northrop Avenue  
Hawthorne, CA 90250

9to5 Seating will inspect the part in question, repair or replace with a comparable product at its option any defective part at no charge to the original purchaser and return defective item thereafter. This warranty does not apply to product or parts of the product that have been subjected to misuse or abuse, accident, alteration, unauthorized repair or which have been damaged in transit. You agree to indemnify and hold harmless 9to5 Seating, its officers, directors, shareholders, employees, and agents from any actions, claims, demands, damages, liabilities, costs, and strict liability in tort or contract, or any other legal theory arising out of the misuse or abuse, alteration, or damage in transit of the product. Under no circumstances will the company be liable for injuries or damages arising from the use of the product.

## Limitation of Liability

Under no circumstance, including but not limited to breach of contract, breach of warranty or negligence, shall 9to5 Seating be liable for lost profits, loss of goodwill, stored data, general, special, consequential or exemplary damages, even if 9to5 Seating had notice of these damages or they were foreseeable. 9to5 Seating shall not be responsible for verifying dealer's or customer's description of needs, data, or the fitness for a particular purpose of goods. 9to5 Seating's Liability in all cases shall be limited to repair or replacement of the defective parts with a comparable product. Should a comparable replacement not be available, 9to5 seating maximum liability will be limited to the original purchase price of the product. Damages resulting from misuse, abuse, alteration, negligence, or accidents are not covered under this warranty.

9to5 Seating makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall 9to5 Seating be liable in either tort

or contract for any loss or direct, special, incidental, consequential, or exemplary, damages.

EXCEPT AS OTHERWISE PROVIDED, 9to5 Seating MAKES NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

## Labor Reimbursement

For products ordered on or after July 1, 2017, 9to5 Seating will pay the pre-approved labor costs to repair or replace defective parts, up to 12-months from the date of shipment from 9to5 Seating, excluding the @nce series product. All payments for such pre-approved labor cost will be in the form of a credit to an active company account.

## ANSI/BIFMA

The Business and Institutional Furniture Manufacturer's Association (BIFMA) has developed tests which have been approved by the American National Standards Institute (ANSI) for determining the strength and durability of seating in its everyday use. This statement does not serve as a warranty or guarantee, however 9to5 Seating products found within this price list generally meet or exceed applicable BIFMA and ANSI standards.

## Warranty Exceptions:

- Color-fastness or matching of colors, or textures occurring in leather, or other materials that naturally exhibit inherent color variations
- COM/COL textiles
- Damage of textiles from exposure to sunlight and UV rays.
- Variation of texture and natural markings such as neck wrinkles, scratches, backbone marks and stretch marks in leather
- Color matching of textiles exactly to samples, swatches or prior purchases
- Minor variations of color in textiles
- Minor irregularities of color, surface, grain and texture
- Creasing and/or gathering of textiles during upholstery application process
- Product normal wear and tear, which is to be expected over the course of ownership
- Damage caused by the carrier in-transit, which will be handled as separate terms and/or claims against the carrier
- Damage caused by delivery/installation contractors, which will be handled as claims against the designated company
- Failures and damage which result from negligence, abuse, accident or misuse
- Damage by markings or staining; damage by sharp objects or

imprinting from instruments

- The warranty is limited to replacement or repair and does not cover cost of transportation, labor or installation.
- Products exposed to extreme hot and cold temperatures or excessive dry environments
- Products that have been modified or altered and any attachments to the product
- Products or parts not used, maintained or installed in accordance with the Company's installation, maintenance and/or applicable guidelines
- Floor samples or display models
- Products purchased "as is" and/or secondhand
- Products sold by unauthorized dealers

9to5 Seating reserves the right to make changes in design and construction or discontinue products without prior notice. 9to5 Seating reserves the right to make changes to the lifetime warranty or price book.

Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations over which we have no control, all chairs are sold subject to minor irregularities of color, surface, grain, and texture. Textiles are sold subject to minor variations of color. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, scratches, backbone marks and stretch marks. These distinctions give leather its unique characteristics and are considered to be part of the natural beauty of leather.

## Condition of Sale

Possession of this price book does not necessarily constitute authority to purchase.

## Minimum Order Size

No minimum order required. Orders of 4 chairs or less will be charged \$20 per chair net shipping charge with the exception of the Sophie series which requires a 4 model unit minimum (excluding tables and accessories). A shipping surcharge of \$120 net will apply to shipments of 3 model units or less.

## Payment

9to5 Seating accepts all major credit cards, company checks, cash, and terms payment for approved accounts. Credit card payments are subject to a 3% service charge. A \$35.00 fee will be charged for returned checks.

## Terms

Standard terms are net 30 days from date of invoice. Please respect these terms in order to protect your competitive pricing. Credit terms may be changed or canceled at 9to5 Seating's discretion.

1. All new accounts are required to remit a 50% deposit of the initial order's total dollar value prior to the order entry and the balance must be paid at the time of pick up or release to common carrier. A line of credit may be established upon acceptance of satisfactory references and the completion and signing of credit application.
2. The customer will be liable for any cost incurred in attempting collection of past due amounts, including attorney fees, whether or not a lawsuit is filed. Past due accounts are subject to a 2% per month (24% per annum) late charge, or maximum amount permitted under local law, for each thirty days, or part thereof; the outstanding balance remains unpaid beyond the thirtieth day after invoice date. Withholding of payments, because of carrier damages, shortages or other disputes is illegal and subject to charges.
3. Orders delayed due to credit hold will be rescheduled for production once the order has been credit released. A new lead time will be given at that time. Please contact customer service to coordinate details.

## Prices

All prices are suggested retail and are subject to change without notice. We make every effort to notify all customers of such changes. Prices in effect at the time of shipment will prevail. Please refer to our online price book for the latest changes including product drops and additions.

## Order Acknowledgement

An order acknowledgement will be emailed to you upon receipt of the order to confirm quantities, items ordered, and prices effective at the time of the order acceptance (prices may vary from the published list) unless there is a credit issue or you are otherwise contacted. Be sure to read these acknowledgements and contact us immediately if incorrect.

## Shipping

Complete and specific instructions for shipping should be given at the time an order is placed. Orders that do not have specific instructions will be routed by the best method of shipment in accordance with the judgement of our traffic department. ANY changes to shipping instructions must be faxed into our office. Shipping weight and cubic dimensions shown in our price list are subject to variation. Standard shipments are made via common carrier unless otherwise requested by the customer. Special routing requests made by the customer or the consignee may result in additional charges. Standard deliveries are dock-to-dock and are scheduled to occur Monday through Friday between 8:00 AM to 4:30 PM. 9to5 Seating reserves the right to charge the customer for non-standard customer delivery requirements that may include delivery appointments, drop shipments, inside deliveries, residential, limited access, or requests for trucks with lift gates. Additional charges may also be incurred for redeliveries or re-consignments if the initial delivery cannot be made for any reason. 9to5 Seating will not be held responsible for issues or costs to the customer arising from carrier transit delays or missed appointments. For information concerning these charges, please contact Customer Service.

## Service Charges

Below is a list of frequently requested Service Charges:

- Call prior to delivery for verification. This is not a delivery appointment (no charge).
- Reconsignment fee of \$50 will be applied when changing consignee address after shipment has been tendered to a carrier
- Lift gate delivery (no dock) \$65 flat fee.
- Shipments to schools, churches, military bases, residential addresses \$65 flat fee.
- In the event that no one is available to receive a shipment and a redelivery is necessary, a charge of \$65 to \$150 will be billed to customer for redelivery. Charge depends on carrier.
- 9to5 Seating strives to use the best shipping method possible for every shipment. The factory may ship an order fully assembled and bagged; however, this is not standard for all shipments. If you require blanket wrap delivery, you must contact 9to5 Seating to confirm this shipment method and confirm that the order acknowledgement sent to you reflects 'AB' as the shipment method. Additional charges may apply.
- Limited access locations where a dock is difficult to access with a 53 ft. trailer will be charged minimum \$65 flat fee.

## Guaranteed Delivery and Delivery Appointment

Shipments are not guaranteed. Guaranteed service is available at an additional cost. Please contact Customer Service for more information. We will work to arrange a specific delivery time with the carrier. Service guarantees contracted with carrier are done solely at the request of the customer and 9to5 Seating in no way assumes responsibility financially or otherwise for any costs incurred by the customer as a result of a carrier's failure on a guaranteed shipment. In the event of a carrier's failure on a guaranteed shipment, the associated guaranteed service fee will be removed.

## Expedited Freight

Expedited service is available at an additional cost. Please contact Customer Service for more information.

## Drop Shipments

9to5 Seating will not drop ship without prior approval. Additional charges may apply; contact Customer Service for additional information.

# condition of sale

## Will Call

Will Call orders will receive notification once orders are ready to be picked up. Customer will have 3 business days from notification to pick up the order. If the order is not picked up within this time frame, the order will be invoiced and storage charges will start at a rate of \$30 per each business day until order has been picked up.

## Freight Damage or Shortage

Before accepting a shipment from the carrier, check the boxes for visible damages. If a shortage or damage occurs during transit, it should be noted on the freight bill of lading at the time of delivery, and a claim filed within 7 days from receipt of product. If concealed damage is discovered after delivery, request inspection from the delivering carrier IMMEDIATELY and save all packing materials until inspection is made. Contact customer service as soon as possible to report damage or shortage.

For all Will Call orders, make sure to inspect merchandise thoroughly. 9to5 Seating will not be liable for any damage or shortage to merchandise after it has been signed for at our dock.

9to5 Seating will not be liable for any installation costs that result from freight damage.

## Cancellations & Returns

Due to immediate production scheduling, orders which have entered any stage of production cannot be cancelled. All 9to5 Seating chairs are made to order, custom designed chairs and are not "off the shelf". Requests for cancellation are not accepted until confirmed by 9to5 Seating. Product may only be returned after receiving a Return Merchandise Authorization number from 9to5 Seating. Returns are subject to restocking charge equivalent to 35% of the net order plus freight. Unauthorized returns will be refused.

## Replacement Parts

When ordering a replacement part, call Parts Department at 1.888.925.7328 or e-mail to parts@9to5seating.com. For your convenience you can also submit warranty requests through our website by navigating to the warranty page and selecting the Warranty Request Form. As a helpful tip, have your 9to5 Seating Sales Order number available and please reference your instructions sheet to properly identify the correct part for your 9to5 Seating product.

Replacement parts are shipped within 48 hours from time of request. 9to5 Seating does not reimburse for labor and installation costs related to warranty replacements. Replacement parts needed to repair freight damage can be granted only if the request is received within 5 business days of receipt of the merchandise.

## Product Design

9to5 Seating reserves the right to make alterations in design and construction or to discontinue products without prior notice.

# dimensions

## Outside Width (W)

Distance measured at widest point of chair.

## Outside Depth (D)

With the outside back of chair against wall, the distance from the wall to the front edge of seat.

## Outside Height (H)

Distance from floor to highest point of back.

## Seat Width (SW)

Distance measured at widest point of seat's side edges.

## Seat Depth (SD)

Distance is measured using the Bifma CMD ( Chair Measuring Device ) from the most prominent point of the lumbar to the front edge of the seat

## Seat Height (SH)

Distance is measured using the Bifma CMD ( Chair Measuring Device ) from the floor to the bottom of the device on the front edge of the seat. The CMD weighs 100 lbs.

## Back Width (BW)

Distance measured at widest point of back's side edges.

## Back Height (BH)

Distance measured from inside edge of rear seat to top edge of back.

## Inside Arm Width

Distance between arm, typically measured from mid-point.

## Arm Height

Measured from the floor to top edge of arm.

# lead time

9to5 Seating intends to have all approved orders ready for shipment within the below guidelines. However, there may be delays due to causes beyond our control. Orders received after Noon, PST will be considered as having been received the following day. Credit must be cleared before processing. 9to5 Seating is not responsible for late deliveries from freight carriers.

## Lead Times

@NCE ships in 24 hours.

**5 Business Day ExpressShip** includes Grades A, B, C, D, and L3 selections found in the current ExpressShip fabric card programs. Quantity is restricted to twenty-five (25) chairs total per order.

Please specify "5 Day Quick Ship" on a separate purchase order to ensure proper handling and delivery time. DO NOT COMBINE with any other purchase order. In the event that a purchase order is not marked, order will be scheduled per our standard lead time below. Standard 10 business days Express Ship is ten (10) business days or less and includes ExpressShip Fabrics (Momentum Swift, 9to5 Signature and L4 Leather). Built-to-order in any configuration shown in the price list up to 50 chairs.

**Standard 15 Day Lead Time** Standard 15 business days Express Ship is fifteen (15) business days or less and includes hundreds of fabric, leather, mesh, vinyl or polyurethane upholstery options, as well as L5 Leather and COM, with shipment date determined from receipt of material. Built-to-order in any configuration shown in the price list up to 150 chairs.

15-days standard lead time applies up to 25 seats in Metallic Brown, Gunmetal, Dover Gray or White frame color option, with up to 150 chairs in Silver or Black finish. Sophie series not available in 15-day shipping program.

**Standard 25 Day Lead Time** Receive all of the above plus graded-in upholstery selections from our programs with CF Stinson, Designtex, Maharam and Momentum.

Built-to-order in any configuration shown in the price list up to 250 chairs/order.

All Sophie frame finishes ship in 25-days standard lead time with up to 25 seats available in 20 days, only in ExpressShip Fabrics.

**Please call Customer Service for lead times on orders over 251 chairs.**

**On-Hold Orders** Orders that are "On Hold" will begin production only when all holds are released.

## Types of holds include:

- Credit Hold- waiting for payment before producing items (or "Waiting to clear issues related to billing and invoicing")
- Shipment Hold- Waiting for payment before shipping items
- Waiting for Fabric -Fabric on back order. Waiting for fabric to be available and received
- Part Delay- Out of stock parts. Waiting for receipt of part(s)
- Problem- Need Resolution (PNR)
  - Pricing Hold - The purchase order and price guide do not match
  - Incomplete Hold - Missing specification in the purchase order
  - Fabric Hold - Missing the fabric pattern and the color within order # or non-standard fabric
  - Configurator Hold- Missing or incorrect options/pricing in the configurator

# order procedure

## To Place Order

Follow one of the following two choices to place order:

1. Fax your order to: **866.925.SEAT**
2. E-mail your order to: **sales@9to5seating.com** or your dedicated customer service representative.

Specify complete model number, color, quantity, ship to address, payment method and purchase order number. In the event that an error is made in production of the chair, the hard copy of the purchase order will be used as the resolution document.

## Model Number Structure

When ordering, please create model number in accordance with the nomenclature below. Refer to Creating Series Model Number in the top right hand corner of specific model's price book page.

### Acclaim

MODEL NUMBER	CONTROL	ARMS	GRADE	BASE	CASTERS	PACKAGING	OPTIONS
2780	Y5	A27	L5	BA	C7S		

\* GT MODELS DO NOT HAVE A CASTER CODE

### Core

MODEL NUMBER	CONTROL	ARMS	PLASTIC COLOR	GRADE	BASE	CASTERS	PACKAGING	OPTIONS
2260	Y5	A23	PGA	C	BA	C22B	PAC	12S

\* GT MODELS DO NOT HAVE A CASTER CODE

### Diddy

MODEL NUMBER	CONTROL	ARMS	GRADE	BASE	CASTERS	PACKAGING
2450	S3	A24	C	BA	C6S	BAC

\* FOR ARMLESS CODE USE A00

### Sophie

MODEL NUMBER	CONTROL	ARMS	FRAME FINISH	GRADE	PACKAGING	OPTIONS
8111	GT	A80	MB	F	AC	

### Zoom

MODEL NUMBER	CONTROL	FRAME COLOR	PLASTIC COLOR	UPHOLSTERY	GRADE	CASTERS	PACKAGING
1115	B2	SF	P	AP	D	C12	AB

\* FOR ARMLESS CODE USE A00      \* ONLY SELECT CASTER CODE FOR MODEL 1215, 1265

## Order Acknowledgement

Unless there is a credit issue or you are otherwise contacted, an order acknowledgement will be faxed or emailed to you upon receipt of the order to confirm quantities, items ordered, and prices effective at the time of the order acceptance (prices may vary from the published list). Be sure to read these acknowledgements and contact us immediately if incorrect.

## Shipment Notification

Upon shipment of an order a shipment notification will be faxed or emailed with carrier information.

# packaging codes

## How to Specify

9to5 Seating offers several packaging methods for most models. Please note not all packaging codes are available for each model. Reference the price book page for the model in question to view the packaging methods available. All available packaging methods and their corresponding prices can be found at the top of the price book page.

After determining the appropriate packaging method please add the packaging code to the model nomenclature of the model as it appears on your purchase order.  
(example: 1725-M1-A4-101-**AB**)

### AB - Assembled in Bag for Will Call and Blanket Wrapped

The chair will be fully assembled and covered with a clear plastic bag for protection from dust. Chairs shipping via blanket wrap carrier will be produced with packing method "AB" as the chairs will be picked up at the dock fully assembled in the will call area.

### PAC - Partially Assembled in Carton

The chair will be produced and packed partially assembled typically with seat and back separated, arms and controls pre-assembled in a shipping carton. Specially designed spacers are used to position all chairs in the carton and prevent freight damage.

### BAC - Back Assembled in Carton

The chair will be fully assembled with exception of the base, gas lift and casters removed and packed into a specially designed carton for this hardware. The chair may be removed, casters placed in the base, gas lift placed in the base and the remaining chair set on top of the cylinder. No tools are required

### AC - Assembled in Carton

The chair will be fully assembled and placed in a carton. This applies primarily to guest chairs which must ship fully assembled to accommodate chair design. Some guest chairs ship with multiple chairs in one carton

# upholstery selection

## Fabrics

Choose from thousands of different fabrics, comprised of varying price grades offered through 9to5 Seating's fabric cards. If you still can't find what you are looking for, you may choose from any of the textiles offered by one of our textile partners. There are thousands of patterns and colors to choose from. To make this easy for you, we have graded-in their entire product lines. Please see pages 16 to 33 of this Price Book.

## Leather

9to5 seating offers three grades of leather. L3 and L4 all are upholstered with leather on the seating surface and vinyl on the back and side boxing. L5 is an ALL leather cover.

9to5 also has COL (customer own leather) program

L3 is a glove-soft, top grain European hide, available in Black

L4 is also a glove-soft, top grain Italian cowhide leather available in colors. L4 executive chairs are available in 9to5 Seating premium leather colors.

L5 is a luxurious Italian full grain semi-aniline dye leather with a soft hand and smooth supple surface with even coloration throughout the entire hide. Available in 39 colors.

## Two-Tone Contrasting Seat and Back

When the seat and back fabric or vinyl are different on a single chair, clearly indicate your selection for both the seat and back on your purchase order. All fabric upholstered chairs may be ordered with two-tone upholstery for no additional charge. **If the two upholstery selections are of different grades, the chair will price at the higher of the two grades.**

# customer material program

com = customer's own material  
col = customer's own leather

## Ordering Instructions

Contact customer service for inquiries regarding COM/COL or follow the instructions below to assure the best results to produce your COM/COL order.

1. Complete 9to5 Seating COM/COL form (see opposite page or download from website) and send it to 9to5 Seating along with fabric sample.
2. All COM/COL fabrics must be approved by 9to5 Seating and will not be scheduled for production until the entire yardage/ square footage requirements have been received. Approval can be completed by 9to5 Seating in 24 hours. 9to5 Seating will not return any excess COM/COL material.
3. For non-directional, plain, solid colors or non-patterned fabrics, please follow COM yardage requirements as specified under each individual model number in our price list. For fabrics which require special application or direction, please attach a sample of the COM fabric to our COM form. Include all information and return to 9to5 Seating at address shown below.
4. **All COM textiles received at 9to5 Seating must be clearly marked with customer's name, purchase order number, 9to5 Seating sales order number (if available) and any special instructions for application of textile.**

Send fabric to:

9to5 Seating  
Attn: COM Fabric Receiving  
3211 Jack Northrop Ave.  
Hawthorne, CA 90250

5. Upon receipt of COM textile, a production date will be given to the order and you will receive an acknowledgement by fax or e-mail.

## Notes:

1. COM/COL EXCESS YARDAGE - 9to5 Seating is not responsible for yardage submitted to 9to5 Seating beyond the required amount. Excess COM/COL materials will be discarded at the discretion of 9to5 Seating unless otherwise instructed by the customer at the time of order placement. If a customer requires the COM/COL excess yardage returned, they must contact Sales Support before order placement to make return COM/COL arrangements. The customer will be responsible for all COM/COL return delivery charges.
2. The yardage figures shown throughout the price list are estimates only. Calculations are based on 54" wide material with no repeat and cut in the woven way cutting direction for a single chair. For specific yardage based on width of material, chair model, and quantity, please contact 9to5 Seating.
3. For large quantity orders please contact customer service for more precise yardage requirement. Actual yardage requirement per chair often decreases with larger orders.
4. To calculate COM yardage, use the chart below as a guide and add appropriate amounts to the generic yardage requirements listed in the pricer

FABRIC		2"-14"	15"-27"	28"-36"
WIDTH	GENERIC YARDAGE	REPEAT	REPEAT	REPEAT
54"		+20%	+30%	+40%

5. COL: Leather quality can vary depending on the size of the hides. Larger hides ( 50 to 60 SQ FT ) tend to be higher quality and yield. Smaller hides ( 40 to 50 SQ FT ) tend to have more quality issues that may cause smaller yields, requiring the need for additional hides to be ordered
6. For all COL orders, 9to5 Seating cannot take responsibility for the need to order additional COL due to quality issues and related small material yields

# CAL TB 133 fire code

9to5 Seating's entire line of office seating meets California Technical Bulletin 117-2013 (CAL TB 117-2013) which has been in effect since January 1, 2015. This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. 9to5 Seating's standard product is not designed to meet California Technical Bulletin 133. However, upon special request, most 9to5 Seating products can be manufactured to meet the California Technical Bulletin 133 (CAL TB 133).

## CAL TB 133

CAL TB 133 is the standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings. New requirements proposed for furniture used in public buildings such as:

Healthcare Facilities, Convalescent Homes, Public Assembly Areas of Hotels and Motels, Hospitals, Board and Care Homes, Stadiums, Licensed Child Care Facilities, Prisons and Jails

## CAL TB 133 Test

CAL TB 133 is a full scale fire test for furniture manufactured for use in public buildings. The standards do not specify how to construct furniture, but only how it should perform when tested by the following procedures:

A finished piece of furniture, never single components, is placed in a 10' x 12' x 8' chamber and is tested by applying a gas flame for 80 seconds. Then measurements are taken for the rate and amount of heat generated, temperature of the test room while furniture is burning, smoke capacity, amount of carbon monoxide generated and mass loss of the furniture for one hour or until the fire is completely extinguished.

A solution to pass this fire standard test is to sandwich a fire blocking liner between the foam and fabric of our chairs. This liner acts as a 'fire extinguisher' by smothering the flame. As a response to CAL TB 133, and in order to meet customer's needs, 9to5 Seating has designed a variety of models and fabrics that can be combined to meet this new standard.

## CAL 133 Models

The following models when combined with approved textiles and blocker meet the CAL 133 standard: All plastic models of Shuttle and Bella are also approved.

Acclaim: 2780

Agent: 1425, 1426, 1428, 1660, 1666, 1668

Aria: 1860, 1866, 1868, 1880

Bella: 1310, 1315, 1320, 1325, 1326, 1328, 1360, 1365, 1370, 1375, 1376, 1378

Bristol: 2360, 2366, 2368, 2380

Cayman: 2800, 2800-GT, 2810

Cortina: 2900, 2900-GT, 2910

Cosmo: 3250, 3260, 3250-GT

Cydia: 3300, 3300-GT, 3310, 3310-GT, 3306, 3308, 3315, 3316

Diddy: 2450, 2450-GT

Kelley: 1060, 1066, 1070, 1076

Link: 1410, 1415

Logic: 1725, 1726, 1728, 1725-GT, 1760, 1766, 1768, 1780, 1790

Neo: 3160, 3166, 3168

Shuttle: 1210, 1215, 1250

Sophie: 8102, 8103, 8104, 8111, 8112, 8113, 8118, 8119, 8122, 8123

Strata: 1545, 1546, 1548, 1555, 1560, 1565, 1580, 1585, 1560-GT, 1566, 1568, 1561, 1563

Vault: 1460, 1466, 1468

Vesta: 3060, 3061, 3063, 3065, 3066, 3068, 3080, 3085

Zoom: 1115, 1125, 1126, 1128

## COM CAL TB 133

COM compliance for CAL 133 models listed above can be determined by specifying upholstery with the exact characteristics as approved 9to5 Seating fabrics or by conducting a full chair burn test. The non-discountable test fee for each chair-fabric combination is \$500.00 net.

## CAL TB 133 Upcharge

- 1 - 49 chairs: \$100 List Upcharge
- 50 + chairs: \$50 List Upcharge

## To Order CAL TB 133

Clearly specify CAL TB 133 on order, choose your desired fabric, from options above, then add the indicated amount above to the standard list price. Standard lead times apply.

## To Check Purchased Seating For CAL 133

To determine whether your current 9to5 Seating chair meets CAL TB 133, or to check an order you have recently received, check the bottom of the chair seat pan for the label shown below.

If your chair does not show this tag below, then your chair does NOT meet CAL TB 133

## NOTICE

This article is manufactured for use in public occupancies and meets the flammability requirements of California Bureau of Home Furnishings Technical Bulletin 133. Care should be exercised near open flame or with burning cigarettes.

# two tone option

## Ordering Instructions

Two Tone Contrasting Seat and Back

When the seat and back fabric or vinyl are different on a single chair, clearly indicate your selection for each on your purchase order. If the two selections are from different grades, price the chair(s) at the higher of the two grades.

## Available on:

Agent, Bella, Brio, Bristol, Core, Logic, Shuttle and Sophie.

# custom embroidery form

Custom embroidery is a great way to display your company logo on upholstered chair backs. Embroidery can be done in multiple colors, shapes and size to suit your needs for a very reasonable cost and lead-time. To obtain a quote for embroidered upholstery, please fill out the adjacent form completely as possible. You will need a graphic file, preferable in Ai, EPS or other graphic format. Generally, higher resolution art (greater than 300 dpi) will be easier to work with. There will be a set-up charge to create a digitized file if you do not have one available. We will also need a PMS color number for each color thread required. 9to5 is not responsible for poorly digitized files or graphic files from the requestor. If the logo is NOT to be in the back center; the location of the logo needs to be specified as an offset from the center of the back, vertically and horizontally. (see form)

Keep in mind, embroidery is not a one to one replacement for printing, patches or heat transfer vinyl lettering. Embroidery thread is heavier, stronger and tighter density than the surrounding fabric and may pull or pucker on loosely woven fabric. Embroidery will always look best on strong, closely knit fabrics or vinyl. It is best to always get a sample for approval before placing the full production order.

All logos are trademarks of their respective owners. 9to5 Seating is not responsible for obtaining permission or use of copyrighted logos. Before you use, reproduce or distribute in any manner you must first receive the express permission of the holder of the copyright or trademark of that logo. Failure to obtain such permission is a violation under international law.

**Note:** Dimensional tolerance of logo placement is  $\pm 1/2$ " vertical and  $\pm 1/4$ " horizontal.

# new for 2018

9to5 Seating is excited to showcase 5 new products for 2018 including Task, Conference and Lounge.

The difference is in the details

## Luna

### HIGH DESIGN MEETS SUPREME ERGONOMICS

- Task, stool, conference and collaborative seating
- Sleek contemporary design
- Aluminum accents standard
- Ergonomic features including multiple synchro controls, adjustable arms, adjustable lumbar

Available Q1 2018

See page 138

### STYLE, FLEXIBILITY AND VERSATILITY

- Stacking chair ideal for training, collaborative and meeting spaces
- Sled and 4 leg models
- Flex back movement with pelvic support
- 12 plastic colors and 2 frame colors

Available Q1 2018

See page 142

## Mimi

### THE NEW WAY TO WORK

- Task, stool, conference and collaborative seating
- Simple, clean design lines
- Ergonomic features including multiple synchro controls, adjustable arms, adjustable lumbar and seat slider

Available Q1 2018

See page 150

## Neo

## Sol

### THE FUTURE AT A GLANCE

- Task, executive and conference seating
- Modern, elegant design with aluminum accents
- Flexible back promotes movement
- Ergonomic features including weight balances synchro, adjustable arms, adjustable lumbar and seat slider

Available Q1 2018

See page 178

## Lilly

### CLASSIC, SOPHISTICATED AND SUPREMELY COMFORTABLE

- Ideal for collaborative, lounge and touchdown workspaces
- Versatile with four base options
- Comfortable with roomy back

Available Q1 2018

See page 116

### ROCKING TILT

- For lounge, guest and collaboration applications
- Rocking motion tilts right, left, front and back
- Available with Cydia Lounge and Diddy Guest

Available Q1 2018

See page 250

## R2

Cosmo Mesh Back - All mesh styles now available M1, M2, M3  
Cosmo Upholstered Back - All Fabric grades now available

Bella - 12 plastic colors now available  
(Black only on mesh back models)

# acclaim

contemporary european styling yet subtle detailing

## HIGH-BACK

GSA SIN # 711-18

- Conference and executive seating
- Sleek rectilinear design with fine stitching
- Dual density foam provides firm profile with plush comfortable interior
- Multiple synchro controls available
- Polished arm with upholstered pad available
- Warranted to 300 lbs.
- CAL TB 133 Fire Code approved

# logic

ergonomics, traditional task styling - an unbeatable value

## LOW-BACK FORMERLY PRECEPT

GSA SIN # 711-18

- Task, stool and conference seating
- Multiple back sizes including low, mid and high
- Ratchet back height adjustment on P1, R1, M1 and Y2 models
- Warranted to 300 lbs.
- CAL TB 133 Fire Code approved

# arm guide

## TASKING ARM OPTIONS

**A2**

**\$80**

### 2-WAY HEIGHT ADJUSTABLE ARM

The A2 arm features height adjustment via a simple trigger mechanism under the arm pad.

**A4**

**\$75**

### ADJUSTABLE ARM

The A4 arm offers a soft touch polyurethane pad with 3" height adjustment. The arm pad features diamond padded anti-skid surface.

**A5**

**\$95**

### MULTI-ADJUSTABLE ARM

The A5 arm is identical to the A4 arm but offers the added feature of a 4" arm width adjustment [activated via a knob under seat.

**A6**

**\$130**

### ADJUSTABLE PIVOT/SWIVEL ARM

The A6 arm offers advanced features with Ura-Soft® arm pads. Features locking height adjustment, swivel pad, and adjustable arm pad position (slides forward and back).

**A23**

**\$75**

### MULTI-ADJUSTABLE ARM

Height adjustable with 4 way sliding arm pad (front to back and side to side)

**A28/  
A29**

**\$100**

### HEIGHT ADJUSTABLE ARM

The A28 / A29 is an aluminum height adjustable arm with a fixed arm cap. NOTE: A28 arms offer an additional 3" of interior width.

**A30**

**\$125**

### MULTI-ADJUSTABLE ARM

Height adjustable arm with 4-way sliding pad (forward/back and side to side).

**A36**

**\$105**

### ADJUSTABLE PIVOT/SWIVEL

8-Way Adjustable Arms  
Soft-Touch sliding and pivoting arm pads

**A90**

**\$200**

### BREAKAWAY ARM

Soft-touch polyurethane pad. 2.5" height adjustable. Use with all task series. Arms rotate back making chair armless. (pair)

**A27**

**\$180**

**CHROME CANTILEVER ARM**

Fixed C-shaped arm offers a smooth polished aluminum surface with matching upholstered pad.

# caster guide

\*Load Rating in (lbs) per caster/glide

	<b>C1</b> STANDARD CASTERS	\$25 HOODED TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 42 MM LOAD RATING: 110 LBS*	Best for use on carpeted surfaces. Hard nylon wheels are recommended for use on low-to-medium pile carpeting without padding. Dual wheels place more wheel surface on the carpet pile for optimum weight distribution. Wheels move in opposite directions to minimize carpet fiber twisting.
	<b>C1S/C2S</b> HARD FLOOR CASTERS (FIVE STAR BASE)	\$35 HOODED TWIN WHEEL CASTER WHEEL: 50 MM/ BARREL: 42 MM LOAD RATING: 110 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) Wheels are made from a soft polyurethane material. Set of five used with star bases. C2S -The wheels feature auto-lock; The safety brakes engage when the chair is not in use, this prevents the chair from rolling away when standing up.
	<b>C4</b> HEAVY DUTY CASTER	\$35 HOODED TWIN WHEEL CASTER WHEEL: 60 MM BARREL: 38 MM LOAD RATING: 140 LBS*	Recommended when higher weight capacity is required. Large diameter hard nylon wheels designed for use on low- to medium-pile carpeting with or without padding. Large diameter dual wheels place more wheel surface on the carpet pile for optimum weight distribution. Wheels move in opposite directions to minimize carpet fiber twisting.
	<b>C5</b> STANDARD CASTER (SHUTTLE AND BELLA GUEST CHAIRS)	\$25 HOODED TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 27 MM LOAD RATING: 110 LBS*	Best for use on carpeted surfaces. Hard nylon wheels are recommended for use on low- to medium-pile carpeting without padding. Dual wheels place more wheel surface on the carpet pile for optimum weight distribution. Wheels move in opposite directions to minimize carpet fiber twisting. Set of four used on guest chairs.
	<b>C5S</b> HARD FLOOR CASTER (FOUR LEG GUEST CHAIRS)	\$30 HOODED TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 13 MM LOAD RATING: 110 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) Wheels are made from a soft polyurethane material. Set of four used on guest chairs.
	<b>C6</b> LARGE DIAMETER CASTER	\$30 TWIN WHEEL CASTER WHEEL: 60 MM BARREL: 25 MM LOAD RATING: 140 LBS*	Recommended for use on carpeted surfaces. Large diameter hard nylon wheels are recommended for use on low to medium pile carpeting with or without padding. 60 mm dual wheels place more wheel surface on the carpet pile for optimum weight distribution and ease of movement. Wheels move in opposite directions to minimize carpet fiber twisting.
	<b>C6S</b> HARD FLOOR LARGE DIAMETER CASTER (FIVE STAR BASE)	\$35 TWIN WHEEL CASTER WHEEL: 60 MM BARREL: 25 MM LOAD RATING: 140 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) Wheels are made from a soft polyurethane material. Set of five used with star bases.

## PARTS AND ACCESSORIES DISCOUNT

INDIVIDUAL PARTS & ACCESSORIES WHEN PURCHASED SEPARATE FROM A CHAIR RECEIVE AN EVEN 50% DISCOUNT.  
THE 50% ACCESSORY DISCOUNT PROVIDES FOR EXTRA LABOR, PACKAGING MATERIAL AND SHIPPING CHARGES ASSOCIATED WITH SHIPPING A COMPONENT BY ITSELF.

	<b>C7</b> 60MM CHROME ACCENTED HOODLESS CASTERS	\$35 TWIN WHEEL CASTER WHEEL: 60 MM BARREL: 25 MM LOAD RATING: 140 LBS*	Recommended for use on carpeted surfaces. Large diameter hard nylon wheels are recommended for use on low to medium pile carpeting with or without padding. 65mm dual wheels place more wheel surface on the carpet pile for optimum weight distribution and ease of movement. Wheels move in opposite directions to minimize carpet fiber twisting. Standard with A19 base.
	<b>C8S</b> HARD FLOOR LARGE DIAMETER CASTER	\$35 TWIN WHEEL CASTER WHEEL: 75 MM BARREL: 22 MM LOAD RATING: 160 LBS*	Recommended for use on carpeted or hard surfaces. Large diameter soft nylon wheels are recommended for use on low to medium pile carpeting with or without padding. 75mm dual wheels place more wheel surface on floors for optimum weight distribution and ease of movement. Wheels move in opposite directions to minimize carpet fiber twisting.
	<b>C9S</b> COMPRESSION LOCKING HARD FLOOR CASTER	\$50 HOODED TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 42 MM LOAD RATING: 110 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) The wheels feature compression-lock; The brakes engage when the user is seated in the chair. When seated this prevents the user from rolling away from the work surface.
	<b>C10S</b> SELF-LOCKING HARD FLOOR CASTER	\$50 TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 18 MM LOAD RATING: 110 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) The wheels feature auto-lock; The safety brakes engage when the chair is not in use, this prevents the chair from rolling away when standing up.
	<b>C11S</b> COMPRESSION LOCKING HARD FLOOR CASTER	\$50 TWIN WHEEL CASTER WHEEL: 50 MM BARREL: 18 MM LOAD RATING: 110 LBS*	Designed for use on hardwood floors, tile, chair mats, linoleum and concrete surfaces in an open office/workspace environment. (Lab, healthcare, classroom, and conference room.) The wheels feature compression-lock; The brakes engage when the user is seated in the chair. When seated this prevents the user from rolling away from the work surface.
	<b>C12</b> STANDARD CASTER (LINK)	\$25 TWIN WHEEL CASTER WHEEL: 50 MM BARREL: RECTANGULAR LOAD RATING: 110 LBS*	Best for use on carpeted surfaces. Hard nylon wheels are recommended for use on low-to-medium pile carpeting without padding. Dual wheels place more wheel surface on the carpet pile for optimum weight distribution. Wheels move in opposite directions to minimize carpet fiber twisting. C12 wheels match the rectangular tubing of the Link chair.
	<b>C22B/G</b> STANDARD 60MM HUBLESS CASTER (CORE)	\$35 TWIN WHEEL CASTER WHEEL: 60 MM BARREL: 25MM LOAD RATING: 110 LBS*	Recommend for use on Carpet or Hard floors. Wheels made of Polyurethane. Available in Black or Gray accents. Stylish hubless design.

# glide guide

**G1**  
STATIONARY BASE GLIDE

\$30

HIGH BASE GLIDE  
FOR 5 STAR BASE  
LOAD RATING: 110 LBS\*

Glide provide the best stationary support. Use only when a stationary position is desired. The glide height is the same as the caster height. Do not use on hard floor if marring is a concern.

\*Load Rating in (lbs) per caster/glide

**G8**  
SELF-LEVELING  
METAL GLIDE

\$20

METAL BASE GLIDE  
FOR 4 LEG GUEST CHAIRS  
LOAD RATING: 150 LBS\*

Metal self-leveling base glide are used as an alternate to standard nylon glides. The metal glide offers a 100% increase in weight capacity. The self-leveling articulation allows the glide to flatten against uneven floors for better weight distribution. For use on all surfaces.

**G9**  
SELF-LEVELING  
VCT GLIDE

\$30

VCT BASE GLIDE  
FOR 4 LEG GUEST CHAIRS  
LOAD RATING: 150 LBS\*

Metal self-leveling base glide with white VCT cap are used as an alternate to standard nylon glides. The VCT glide also offers a 100% increase in weight capacity. The self-leveling articulation allows the glide to flatten against VCT floors for better weight distribution and the white nylon cap protects VCT floors against marring and visible streaking.

**G10**  
SELF-LEVELING  
PLASTIC GLIDE  
WITH FELT BASE

\$30

FELT BASE ROUND  
PLASTIC GLIDE  
FOR 4 LEG GUEST CHAIRS  
IDEAL FOR WOOD OR  
SOFT COMPOSITE FLOORS  
LOAD RATING: 110 LBS\*

Plastic self-leveling base glide with felt base. Felt base offers additional protection against marring especially on wood or soft composite surfaces

**G12/G13**  
SLED BASE  
CLEAR PLASTIC GLIDE  
(G13 W/ FELT BASE)

\$15/\$25

CLEAR PLASTIC  
RECTANGULAR GLIDE  
(G13 W/ FELT BASE)  
FOR INDY  
SLED BASE  
LOAD RATING: 90 LBS\*

**G12**  
Clear plastic rectangular glide for the Indy sled base. Ideal for use on light-colored floors where streaking may be a concern  
**G13**  
Clear plastic rectangular glide with felt base to provide additional protection on wood or soft composite floors where marring or streaking is a concern

**G16/G17**  
SLED BASE  
CLEAR PLASTIC GLIDE  
(G17 W/ FELT BASE)

\$15/\$25

CLEAR PLASTIC  
RECTANGULAR GLIDE  
(G13 W/ FELT BASE)  
FOR MIMI AND KELLEY  
SLED BASE  
LOAD RATING: 90 LBS\*

**G16**  
Clear plastic rectangular glide for the Mimi and Kelley sled base. Ideal for use on light-colored floors where streaking may be a concern  
**G17**  
Clear plastic rectangular glide with felt base to provide additional protection on wood or soft composite floors where marring or streaking is a concern

**HEADREST**

Use w/ Strata series.  
T01 black mesh only (other upholstery contact customer service).

## PARTS AND ACCESSORIES DISCOUNT

INDIVIDUAL PARTS & ACCESSORIES WHEN PURCHASED SEPARATE FROM A CHAIR RECEIVE AN EVEN 50% DISCOUNT.

THE 50% ACCESSORY DISCOUNT PROVIDES FOR EXTRA LABOR, PACKAGING MATERIAL AND SHIPPING CHARGES ASSOCIATED WITH SHIPPING A COMPONENT BY ITSELF.

**UB**

\$100

**PLASTIC OUTER BACK COVERED WITH FABRIC**

Use w/ Agent.

**BN1  
BN2**

\$35/NC

**UPHOLSTERED BACK COVERED WITH BLACK BALLISTIC NYLON**

BN1 - Use with Grade A Fabrics  
BN2 - Use with Grade B & Up Fabrics  
Use w/ Logic, Precept, & Shuttle.

**BNE**

\$150

**UPHOLSTERED BACK COVERED WITH BLACK BALLISTIC NYLON**

Use w/ Axis, Cayman only.

**BT**

\$15

**BOLT**

Replace knob with bolt (for B2 and S2 controls only).

**BSK**

\$60

**BELLA SIDE HANGING BASKET**

Side Hanging Wire Basket for model 1310, 1315, 1360, 1365. Attach to left or right side.

**BRK**

\$70

**SHUTTLE BOOK RACK**

Book Rack in Black Only  
Available on Shuttle.

**KIT-FST8**

\$150

**8" GAS LIFT, 20" CHROME FIXED FOOTRING W/ 75MM HARD FLOOR CASTERS**

Durable Classic Fixed Foot ring Base for Lab Stool, Service Counter, Security Guard, and Medical Applications. A Real Workhorse.

## CYLINDER REFERENCE GUIDE

PART #	Stroke	Note
CYL160	3"	Short, reduced range cylinder used to offset added height of SS seat slider or K1 control
CYL190	5"	Standard task cylinder with lower starting height than CYL240. May be substituted for CYL240 when lower starting seat height is required
CYL197	5"	5" Stroke Heavy duty task cylinder
CYL200	5"	Standard task cylinder only used for high profile bases ( BA10, ba19 )
CYL240	5"	Standard task cylinder with higher starting height than CYL190. May be substituted for CYL190 when higher starting seat height is required
CYL300	8"	Stool cylinder with 2" lower starting seat height than stools with CYL360. Typically seat height starts at 19" so chair may be pushed under some desks. Use for workstations up to 36 inches high
CYL360	10"	Stool cylinder with 2" higher starting seat height than stools with CYL300. Generally seat height starts at 21" and chair will not fit under most desks. Use for workstations up to 42 inches high
CYLTHSPD	2.5"	Cylinder with a threaded spindle rather than a gas lift. For applications where client prefers the seat height set and not easily changed, such as a conference room
CYL-ARH	5"	Self height and forward position return. For use with jury base option

# control selection guide

## CONTROL FUNCTION GUIDE

1	INFINITE BACK ANGLE ADJUSTMENT	7	INFINITE POSITION TILT-LOCK
2	SEAT HEIGHT LEVER	8	FORWARD TILT LEVER
3	BACK DEPTH CONTROL KNOB	9	EASY-LIFT RATCHET BACK HEIGHT CONTROL
4	ARTICULATING POSTURE BACK W/ FREE FLOAT	10	BACK MULTI-LOCK W/ SAFETY RELEASE
5	SEAT HEIGHT & TILT LOCK LEVER	11	SEAT SLIDER PADDLE
6	TILT TENSION CONTROL KNOB	12	4 POSITION BACK TRAVEL CONTROL

**B1** Basic Task

Our basic control for a one piece seat and back has simple adjustments. Ideal for clerical, casual meeting and general office use.

**B2** Basic Task

Our basic control has simple adjustments. Ideal for clerical, casual meeting, and general office use. This control uses a 2.25" cold-rolled steel J-Bar for added strength and back-pull durability.

**P1** Posture Back

Ideal for stool applications, the articulating back provides proper support for moderate tasking use.

**W2** Advanced Weight Balanced Synchro

Auto-Balance tension adjustment utilizes the weight of the user to balance resistance of back. Sensing can be adjusted to suit individual preference. 3:1 back to seat synchronous movement with 4 position back-travel limiting stop.

**M1** Multi-Function

For the highest level of ergonomic needs, suited for multi-task functions. Seat pivots from 0 to 6 degrees forward.

**M2** Heavy Duty Multi-Function

With a weight capacity up to 500 lbs, in addition to multi-task ergonomic functions, its ideal for police departments, 911 emergency, hospitals or whenever a higher weight capacity is needed. A 3.00" wide 5/16" thick cold-rolled steel back support adds strength and back-pull durability.

**R1** Rocking Tilt

For managerial and task applications. Similar to a swivel-tilt control with the added comfort of infinite back-angle adjustment and infinite tilt lock. Features 3" cold-rolled steel J-Bar.

**R2** Rocking Tilt

For lounge, guest and collaboration applications. Rocking motion tilts right, left, front and back. Available on Cydia Lounge and Diddy Guest.

**S1** Swivel - Tilt

Use for a variety of general office seating, including private office and conference room seating. Control locks upright for tasking.

**K1** Knee Tilt

Ultimate seating comfort suited for the executive or manager. Allows for a full range of movement with a reduced rise of front seat edge. 5 position multi-lock with built-in safety return feature.

**K2** Advanced Knee Tilt

Ultimate seating comfort for manager, executive or conference seating. Allows for a full range of movement with a reduced rise of front seat edge. 4-position multi lock back. Side tension and back lock.

**K3** Knee Tilt (for Cydia only)

Ultimate seating comfort for manager, executive or conference seating. Allows for a full range of movement with a reduced rise of front seat edge. 4-position multi lock back. Side tension and back lock.

**S2** Swivel - Tilt

Use for a variety of general office seating. Similar function to the S1 however utilising a 2.25" cold-rolled steel J-Bar to connect seat and back. Control locks upright for tasking.

**S3** Swivel - Tilt

Use for a variety of general office seating. Control locks upright for tasking.

**W1** Weight Balanced Synchro

Auto-Balance tension adjustment utilizes the weight of the user to balance resistance of back. 3:1 back to seat synchronous movement with 2 position back lock.

**Y1** Simple Synchro Tilt

Recline with a synchro back and seat movement. Reduced rise of front seat edge. Back may free float or be locked upright. Comparable to swivel tilt control but with asynchronous movement.

**Y2** Heavy Duty Synchro Tilt

Recline with a synchro back and seat movement featuring a 2:1 back to seat tilt ratio. Reduced rise of front seat edge. 4 position multi-lock with built-in safety return feature and slide tension control.

**Y3** Full Synchro Tilt

Recline with a synchro back and seat movement featuring a 2:1 back to seat tilt ratio. Reduced rise of front seat edge. 3 position multi-lock with built-in safety return feature.

# control selection guide

**Y4** Intensive Synchro  
(for Aria HR only)

Recline with a synchro back and seat movement featuring a 2:1 back to seat-tilt ratio. Reduced rise of front seat edge. 4 position multi-lock back position with built-in safety return feature. Integrated seat slider.

**Y5** Enhanced Synchro with  
back angle adjustment  
(for Core and Acclaim)

Enjoy the ride with this high function full 2:1 synchro control featuring an independent back angle adjustment. 4 position back lock, side tension control and built in seat slider depth adjustment.

**X1** X1 for Vesta Chairs

Recline with a synchro back and seat movement featuring a 2:1 back to seat tilt ratio. Reduced rise of front seat edge. 11 position multi-lock with built-in safety return feature. Integrated seat slider and forward pitch adjustment.

**X2** X2 for Cosmo Chairs

Recline with a synchro back and seat movement featuring a 2:1 back to seat tilt ratio. Reduced rise of front seat edge. 11 position multi-lock with built-in safety return feature. Integrated seat slider and forward pitch adjustment.

# BIFMA Ultimate test for fit (UTFF)

## Ergonomics - The Work Chair

The Business and Institutional Furniture Manufacturer's Association (BIFMA) has developed the following guidelines for UTFF. Parenthetical numbers following each item indicate corresponding subdivisions in the guidelines.

### Seat Height (7.1)

Users should be able to sit with their feet comfortably on the floor or footrest without undue pressure on the underside of the thighs. The thigh-to-torso angle should not be less than 90°.

### Seat Depth (7.2)

Users should be able to sit in the chair without undue pressure against the back of the knees, their back properly supported by the backrest and with adequate buttock and thigh support.

### Seat Width (7.3)

The seat should be wider than the hip breadth of the user with allowance for movement and clothing. The seat width should not limit the ability to use the armrests comfortably.

### Seat Pan Angle (7.4)

This should allow users to support their feet on the floor or footrest. They should not cause the user's torso-to-thigh angle to be less than 90°. Forward seat pan angles should not cause users to shift excessive weight to their feet or experience the sensation of sliding out of the chair.

### Back Support (7.5)

#### Seat Backrest Height (7.5.1)

All backrests should provide adequate support and buttocks clearance. For tasks requiring upper body mobility, the backrest should not interfere with the user's movement. For users who prefer reclining postures or greater upper back support, the back height should provide support for the shoulder blades.

#### Backrest Width (7.5.2)

The width of the backrest should provide adequate support for the curvature of the user's back without causing localized pressure points.

#### Lumbar Support (7.5.3)

The height and shape of the lumbar should coincide with the lumbar curve ("the small") of the user's back. The support should be firm, but not cause localized pressure points.

#### Movements of the Seat Pan and Back Support (7.6)

The user should be able to sit in a position where the torso-to-thigh angle is equal to or greater than 90°. The seat and backrest angles should accommodate the varying postures assumed by the user throughout the day.

### Arm Support (7.7)

#### Armrest Height (7.7.1)

This should allow users to sit in a variety of postures while supporting their forearms and/or elbows in a manner that avoids lifting the shoulders (armrests too high) or leaning to the side to reach the armrest (armrests too low). The armrest height should allow accessibility to, and performance of, tasks.

#### Armrest Length (7.7.2)

The length of the armrest should allow users to sit close enough to the work surface to perform their tasks while maintaining contact with the backrest.

#### Inside Distance Between Armrests (7.7.3)

Armrests should allow users to sit in a variety of postures while supporting their forearms in a manner that avoids lifting the shoulders and/or excessive outward positioning of the elbows. Armrests should allow accessibility to, and performance of, tasks. The inside distance between the armrests should allow the user to enter and exit the chair easily. The hips should comfortably fit between the armrests or supports.

# care and maintenance

- Insure the gas cylinder is inserted into the control firmly. Improper connection may cause wobbling.
- Choose correct casters for different floor surfaces. We suggest choosing hard floor casters for tile or concrete surfaces.
- For drafting stool use, we recommend self-locking casters for hard floors. See Caster Selection Guide for more details.
- Do not stand on footrest
- Do not sit on any part of the chair except the seat; Do not sit on arms or backrest
- To avoid chair collapse do not remove knobs or screws.
- Properly dispose of packing materials. Do not use plastic as head covering. It may cause suffocation.
- If any parts are missing, broken, damaged or worn, do not use the chair until repairs are made using factory-authorized parts.
- Do not attempt to make any alterations to chair.
- Do not use chair on uneven floor surfaces.
- Do not drape coats or sweaters on back of chairs with casters. Hanging fabric may suddenly stop casters from rolling.
- Do not use excessive speed when moving the chair with casters while seated.
- Do not over exert the functions of a chair which are only to be used under normal conditions
- Do not stand on and/or use this chair as a stepladder. Use this product only for seating one person at a time
- Do not use this chair unless all bolts, screws and knobs are firmly secured

### Check the following at 4 month intervals

- All exposed fasteners should be checked and any loose fasteners tightened. Use appropriate tools. Replace any fasteners that appear to be damaged in any way
- The chair mechanism should be checked for any looseness, excessive wear or signs of damage. Immediately remove the chair from service if any damage or failure is found.
- The base and casters should be checked for any signs of excessive wear for failure. Immediately replace any parts that show such wear or failure.
