The mobile spare battery looks impressive with its classy aluminum housing. The powerful lithium-polymer battery with 5,000 mAh and the two USB ports enable two mobile devices to be simultaneously charged in next to no time.

Effortlessly charge a tablet and a smartphone, for example, using the two USB ports. The integrated LED charging state indicator provides information on the charging state of the Power Bank during charging or discharging.

Thanks to its classy design, the ednet Slim Line Aluminum Power Bank is the ideal companion for home or office. The mobile charger is charged via the USB port from a Notebook/PC or alternatively with a charging adapter from the power outlet by using the included charging cable or an existing cable.

The Power Bank charges a smartphone up to three times and a tablet once. Call time is extended by up to eight hours. Use the ednet Slim Line Aluminum Power Bank to recharge your mobile devices in no time at all when you're on the go.

Vielseitiges Sortiment

Unser Sortiment reicht von Standard Geräteanschluss-Kabeln für Drucker, Monitore, Telefone, Fernseher u.v.m., über FireWire-, Thunderbolt, MHL-, Audio- und Videokabel mit z.B. HDMI- oder Displayport-Anschluss bis hin zu Tablet- und Smartphone-Kabeln für den mobilen Einsatz. Wir führen Kabel in Premium-, aber auch Standard- und Basicqualität in unterschiedlichen Längen für die unterschiedlichsten Anwendungen. Mit ednet. findet jeder sein passendes Kabel.

ednet. Premium | Karton mit Sichtfenster

Die ednet. Premium Kabel werden in einer hochwertigen, platzoptimierten und übersichtlichen Blister-Paperbox-Verpackung geliefert und sind somit optimal zur Präsentation an Blisterwänden geeignet. Die ednet. Basic Kabel werden in einem ednet Blisterbag, einer strapazierfähigen Schutzverpackung, geliefert.

ednet. Classic | Blisterbag

Die Blisterbag-Verpackungen sind mit einem sicheren Klebeverschluss versehen und schützen so die Ware vor Staub und Verschmutzung. Des Weiteren sind die Blisterbags mit einem Etikett versehen, welches den Produktnamen in 10 Sprachen und die Artikelnummer trägt. Dank Euro-Lochung und hoher Reißfestigkeit sind die Blisterbags sehr gut für die Blisterwand geeignet.

Versatile Range

Our product line ranges from standard device-connection cables for printers, monitors, telephones, televisions, etc., via FireWire, Thunder-bolt, MHL-, audio- and video cables with, e.g., HDMI- or Displayport connectors, to tablet and smartphone cables for mobile use. We carry not only premium-quality cable, but also standard and basic versions, available in various lengths for different applications. At ednet., everyone will find the right cable.

ednet. Premium | box with window

ednet. Premium cables are supplied in high-quality, space-saving, cardboard blister boxes with a window, making them perfectly suited for presentation on a blister wall.

ednet. Classic | Blister pack

ednet. Basic cables are supplied in blister packs - a durable, protective packaging. Blister packs come with a secure, adhesive closure to protect the product from dust and dirt. Furthermore, blister packs are provided with a label bearing the product name in 10 languages, as well as the item number. Euro-perforation and high resistance to tearing make the blister packs well suited for a blister wall.
