

How to find the Pay Group on Workday

Select the icon in the top right, and then “View Profile”

Then select **“Compensation”** tab on the left hand column, and then **“Compensation”** again on the top bar.

The screenshot displays the Lloyds Banking Group intranet interface. On the left, a green sidebar contains a navigation menu with 'Compensation' highlighted. At the top, a search bar and navigation tabs are visible, with 'Compensation' selected. The main content area features a table with the following data:

1 item	
Base Pay	██████████
Total:	██████████

Below the table, a large green donut chart is shown, with a legend indicating 'Salary' and a value of '██████████'. A note below the chart reads: 'This may not be a full representation of your total reward. Please click on the link below for more information http://lbg.intranet.group/people/reward/your_reward/home.shtm (Note: this link is only accessible from managed devices).'

Grade Profile then shows the Pay Group and Grade
