A Unique Opportunity

The Accounts Receivable Affiliate Program offers a unique opportunity for those looking to generate additional revenue for themselves, their companies and their business associates and contacts with no out of pocket costs whatsoever. Our concept is simple, our affiliates refer their contacts and business associates who need a debt collection agency to recover past due accounts or aged receivables and we pay them a commission of any funds generated over the life of the client.

Accounts Receivable is an industry leading debt collection agency that collects on consumer and commercial debts. Headquartered in Orlando Florida, we collect debts nationwide and work with a network of affiliate attorneys that can litigate cases for clients throughout the United States. We collect on a contingency basis so clients do not have to pay Accounts Receivable unless we collect for them. We simply charge a percentage of the collected funds as out fee.

What to Gain As An Affiliate

As an affiliate of Accounts Receivable we provide you the tools necessary to generate an additional income stream from your business contacts. Affiliates have access to a number of tools including:

- +An Affiliate Dashboard That Tracks All Commissions Earned**
- +Tracking Links and Banners For Affiliate Marketing**
- +A Suite of Marketing Materials Customizable With Your Information**
- +Form Pages You Can Utilize For Your Referrals**
- +A Platform To Signup Sub Affiliates That You Earn From**
- +Unlimited Commissions and Affiliates**
- +Commissions For The Life Of The Referral**
- +Absolutely No Sign Up Fees, Maintenance Costs Or Royalties.....EVER**

This is an opportunity for you to earn additional revenue without any risk. You never pay to become a member of our program and it costs your referrals nothing unless we are able to produce for them.

The Financial Gain

Affiliates are paid a commission of 5% of any fees generated from a contact that they refer that signs up for our service. If you had an associate that had to write off \$75,000.00, and you referred that associate to Accounts Receivable for collections at a 30% contingency, you would earn a commission of over \$1000.00 from one referral.

You can also earn commissions from signing up affiliates underneath you. When an affiliate signs up underneath you, you will generate commissions from them as well. We pay up to 5 levels deep on affiliate commissions so you can earn up to 10%. We never cap commissions as it is our intent to pay you as much as we possibly can!

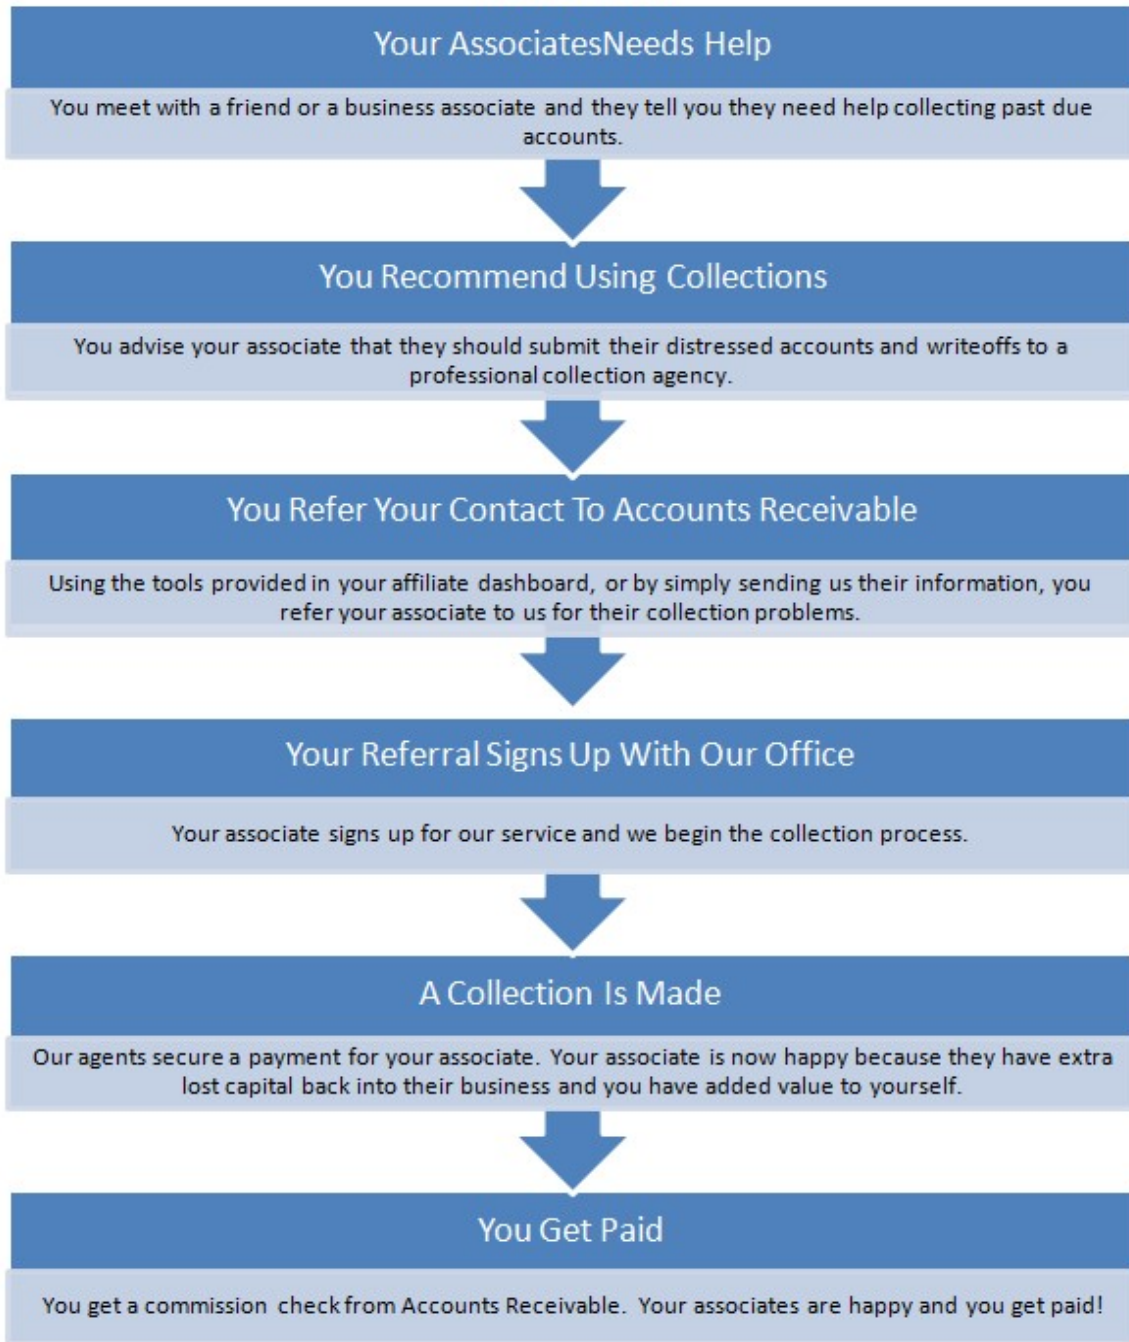

TIER	PERCENTAGE OF FEE GENERATED
FIRST TIER (YOU)	5%
SECOND TIER	3%
THIRD TIER	1%
FOURTH TIER	½%
FIFTH TIER	½%

The Advantage of Affiliates

The chart below depicts what you would make at each level if you signed up one affiliate and they signed up one affiliate all the way down 5 levels for various levels of fee generated from their referrals.

While the earnings above are dramatic, it is nothing in comparison to the same model if you signed up 3 affiliates and each one of them signed up 3 affiliates all the way down 5 levels.
