

7.3.1: Portray the performance of the Institution in one area distinctive to its priority and thrust

Girls Empowerment

Our college has embraced girl empowerment as a distinctive feature, focusing on various initiatives to empower girls and promote gender equality. Through higher admission numbers, the Nirbhya Kanya Abhiyan, participation in the Earn and Learn program, celebrating International Women's Day, safety measures for women, and active participation in the NSS program, our college strives to create a nurturing and inclusive environment where girls can thrive and achieve their full potential. Percentage of the girls admission to college has increased in the last five years due to the above initiatives taken by the college for girls' empowerment. Recognizing the importance of equal representation, our college actively encourages and supports the admission of more girls, ensuring that they have access to the same educational opportunities as their male counterparts. This step aims to break gender barriers and promote gender equality within the college community.

Women empowerment in colleges can be fostered through the provision of various facilities that cater to their specific needs. Two important facilities that contribute to women's empowerment are common rooms for girls and vending machine facilities for sanitary pads.

Colleges have provided dedicated common rooms exclusively for girls, providing them with a safe and comfortable space to relax, socialize, and engage in various activities. These common rooms offer several benefits as privacy and security, Common rooms provide a secure environment where female students can freely express themselves without the concerns of intrusion or harassment. Common rooms also encourage interaction among female students, fostering a sense of community and allowing them to build valuable connections, share experiences, and provide mutual support. To address the menstrual hygiene needs of female students, colleges have installed vending machines that dispense sanitary pads. This initiative has benefited the girls. Overall, the provision of common rooms for girls and vending machine facilities for sanitary pads in colleges contributes significantly to women's empowerment by ensuring their comfort, safety, and inclusivity. These initiatives promote gender equality, create supportive spaces, and empower female students to excel in their academic pursuits.

- **Nirbhya Kanya Abhiyan-** The Nirbhya Kanya Abhiyan is another crucial initiative undertaken by our college. It is a comprehensive program that focuses on the safety, security, and overall well-being of girls. The program includes self-defense training, an awareness programme on women's rights, counseling on the mental health of girls, and the provision of dedicated support systems for girls facing any form of harassment. By prioritizing the safety and empowerment of girls, our college creates an environment where they can confidently pursue their education and personal growth.
- **Earn and Learn Scheme:** The program offers opportunities for girls to gain practical experience of earning with learning. College implements the 'Karmveer Bhaurao Patil Earn and Learn scheme' sponsored by the Savitribai Phule Pune University. Participation of the girls in this scheme has remained higher which has helped economically to the girls. This initiative enables them to develop essential skills, gain confidence, and establish a foundation for their future careers. By providing equal opportunities for girls' involvement this scheme promotes their empowerment and financial independence.
- **Women's Day-** Women's Day is celebrated annually at our college to acknowledge and appreciate the achievements and contributions of women. The day is marked by various events, including felicitation of girls, and seminars of the successful women who encourage the girls of the college through their experiences. These celebrations serve as a platform to inspire and motivate girls, highlighting their potential and the limitless opportunities available to them.
- **Women's Grievance redressal cell:** Ensuring the safety and security of all students is a top priority at our college. Various measures, such as surveillance systems, and the establishment of a grievance redressal cell, are in place to create a safe environment. These initiatives build confidence in girls enabling them to focus on their studies and personal growth without any concerns about their well-being.
- **Participation in NSS:** - Active participation in the NSS (National Service Scheme) program is encouraged by our college. This program offers opportunities for girls to engage in community service activities, fostering a sense of social responsibility and leadership. Through NSS, girls develop empathy, compassion, and a commitment to making a positive impact on society.

Nirbhaya Kanya Abhiyan

Nirbhaya Kanya Abhiyan plays an important role for women and girls to have access to accurate information about common diseases, and healthcare services. Its work of promoting awareness through educational programs, and awareness campaigns can empower them to make informed decisions about their health. Nirbhaya kanya Abhiyan provides a platform for girls to have knowledge of cybercrimes, such as online harassment, stalking, and identity theft which disproportionately affect women and girls. Promoting awareness about online safety, responsible internet use, and privacy protection can help protect them from misleading information and cyber threats. Collaborating with law enforcement agencies and providing resources for reporting cybercrimes can also be beneficial. Provision of the Self-defense training under this programme helps to equip women and girls with self-defense skills that can enhance their personal safety and boost their confidence. Self-defense training programs can provide techniques for physical self-defense as well as guidance on situational awareness, assertiveness, and de-escalation strategies. These programs can empower individuals to protect themselves in challenging situations.

Our college has implemented various such activities in the last five years under the Nirbhaya Kanya Abhiyan that has helped to empower the girls through building self-confidence and discipline.

Girls Participation in the NSS

Increased participation in the National Service Scheme (NSS) can indeed contribute to improving social awareness among girls and empower them in college. The NSS is a voluntary organization in India that aims to develop the personality of students through community service. NSS participation can have a positive impact:

- 1. Exposure to Social Issues:** NSS activities involve engaging with various communities, addressing social issues, and participating in village development work. Through this involvement, girls can gain first-hand experience and understanding of the challenges faced by marginalized groups, promoting empathy and social awareness.
- 2. Skill Development:** NSS activities often require teamwork, leadership, communication, and problem-solving skills. Participating in these activities enhances the personal and professional skills of girls, boosting their confidence and empowering them to make a difference in society.
- 3. Community Engagement:** NSS provides a platform for girls to actively engage with communities, understand their needs, and contribute towards their upliftment. This engagement fosters a sense of responsibility and encourages girls to actively participate in addressing social issues.
- 4. Gender Sensitization:** NSS activities create opportunities for gender sensitization by organizing awareness campaigns, and discussions on gender

equality, women's rights, and related topics. This helps challenge gender stereotypes and promotes a more inclusive mindset.

5. **Networking and Support:** NSS participation allows girls to build networks and connections with like-minded individuals, mentors, and community leaders. This network can provide support, guidance, and opportunities for further empowerment.

6. **Personal Growth:** Engaging in NSS activities can enhance personal growth by promoting self-reflection, resilience, and a sense of purpose among girls. It helps them develop a broader perspective on social issues and motivates them to become active agents of change.

NSS participation makes a positive impact on girls' social awareness and empowerment and provides a valuable platform for girls to develop skills, understand social issues, and contribute meaningfully to society.

Our college has provided opportunities to girls in the last five years to participate as a volunteer in the NSS. In 2017-18, 70 girls participated, Girl's participation in 2018-19 was 75. In the year 2021-22, 80 girl students participated.
