Precision is our goal. Our customers are the benchmark.

As a factory for steelyard scales and slicing machines, ADE started in turbulent times in St. Pauli – in the heart of Hamburg. Shop owners and merchants come one after the other, first-class service is the specialty.

Today, ADE Germany GmbH is an international manufacturer and partner for hotels and restaurants as well as customers in the medical and consumer goods sector. Our profession is precision – represented not only by our scales, slicing machines and kitchen appliances, but also by measuring instruments for the medical sector or weather stations for daily use at home.

With great passion we develop and produce products since 1935, which meet our expectations and benchmark: well thought through, solid and absolutely precise. You can rely on it sightlessly, at any time and with every move. 85 years of experience have taught us one thing above all: Special are often things that accompany us every day and the people with whom we achieve our daily goal together.

Our conviction was and still is: Staying on due course, even against the current, always thinking one step ahead – for you, our customers. To this we are bound by our tradition as a brand manufacturer, but above all by your trust in us.

FOR THIS WE THANK YOU!

KITCHEN

QUALITÄT
DURCH TRADITION

Quality by tradition

ADE 1935

Perfectly prepared!

INSPIRED BY PROFESSIONAL CHEFS

85 years of know-how – ADE started as a reliable partner for the hotel and catering business, developed slicing machines and scales for professional demands. In close cooperation with chefs, an assortment was created that is growing year by year.

In 2020, in addition to our gourmet version of the electric food slicer, the portfolio will be enriched by an entry-level model for demanding private households. Whether professional or private kitchen: our products combine quality with user-friendliness and offer the best conditions for effortless cooking! Fresh ingredients, preferably regional and seasonal, are more important than ever before, because good and healthy nutrition has long been more than just a trend.

The ADE product range comprises many practical kitchen assistants that are required when preparing delicious food. From uni-

versal cutters to citrus juicers. The youngest member of the kitchen aid family is the 2-in-1 waffle and sandwich maker: fluffy Belgian waffles and individually composed sandwiches for every taste.

Enjoy fresher

Our multi-slicers bring a little more enjoyment to the kitchen every day. Whether bread, cold cuts or vegetables – freshly sliced food just always tastes better!

ELECTRIC FOOD SLICER

Compact and versatile – with two knives for the daily portion of freshness

CASING	ABS plastics; feed plate / carriage aluminium; knife stainless steel	
OPERATION	twist grip, toggle switch (safety moment and continuous switch)	
FUNCTIONS	compact, handy design; incl. 2 knives (serrated and smooth) made of stainless steel; screw cap for easy knife removal for cleaning or changing of knives without additional tools; aluminium blade; smooth-running food carriage (removable); stainless steel knives; collection tray for cut product; finely adjustable cutting thickness 0 – 23 mm; firm stand thanks to rubberised suction cups	
KNIFE DIAMETER	Ø 170 mm	
ROUND / SQUARE CUTTING SURFACE	Ø 145 mm / 180 x 145 mm	
WEIGHT	POWER	SIZE IN MM
2.72 kg	100 watts	368 x 252 x 259

KA 2002
black

Smooth knife ideal for ham, roast meat, etc.

Serrated knife ideal for bread, cheese, vegetables, etc.

ELECTRIC FOOD SLICER

Perfect slices – from Parma ham to cheese,
wafer-thin or finger-thick

CASING	aluminium, painted "milan white"		
OPERATION	grip, knob, press buttons		
FUNCTIONS	air-cooled, brush-free motor; easy slides (foldable) with large food tray; blade drive with double ball bearings; profiled multi-use blade made of special steel; set different widths: 0–15 mm; integrated grinding apparatus; blade protection sickle; protection for hands and thumbs with safety holder; firm stand with rubber feet		
KNIFE DIAMETER	Ø 220 mm		
ROUND / SQUARE CUTTING SURFACE	Ø 140 mm / 170 x 140 mm		
WEIGHT	POWER	SIZE IN MM	FOOTPRINT IN MM
11 kg	140 watts	345 x 480 x 335	265 x 404

KA 1806
milan white

The **integrated, pre-set knife sharpener** means ideal slices at the press of a button.

The **double ball-bearing mounted blade drive** means the blade runs evenly and quietly – even when cutting delicate foods, each slice is whole.

The **multi-use blade** is made from hard chrome-plated special steel with a two-level profile that minimises contact between the blade and the food.

- ⊖ The blade doesn't warm up – this protects the food's aroma
- ⊖ Nothing gets stuck: perfect slices without sticking or ripping.

All-round talent

With the meat grinder, we launch our taste campaign for culinary pleasure – for delicious lasagne and crispy kofta. Self-processed fresh ingredients are inimitably delicious, whether as minced meat, sausage or shortbread biscuits.

ELECTRIC MEAT GRINDER

Powerful and versatile – 2,000 watts of peak power in a first-class aluminium casing

CASING	aluminium, black lacquered
OPERATION	rotary knob, bayonet cap
FUNCTIONS	powerful reversible motor; two adjustable speed levels; two-piece cutting set consisting of a knife and a perforated disc; firm footing using four rubberised feet (the rear two as suction cups)
ACCESSORIES	rammer, 3 perforated discs (3, 5 and 8 mm), sausage spout, kebbe attachment, pastry attachment

NOMINAL/ MAXIMUM OUTPUT	MEAT OUTPUT	SIZE IN MM	WEIGHT
800 / 2,000 watts	2.5 kg / min.	370 x 195 x 320	5.9 kg

KA 1801
black

ELECTRIC GRATER

Crushing without pre-cutting – ideal for vegetables, fruits, hard cheese or nuts

CASING	stainless steel and ABS plastics		
OPERATION	press button, bayonet cap		
FUNCTIONS	slicing, rasping, grating different foods (e.g. hard cheese, nuts, carrots, apples, cucumbers, etc.); non-slip footing using rubberised feet; integrated cable rewind		
ACCESSORIES	four drum inserts (fine grater, fine rasp, coarse rasp, fine edge), rammer		

NOMINAL/ MAXIMUM OUTPUT	SIZE IN MM	WEIGHT	
200 / 500 watts	205 x 150 x 283	1.48 kg

ELECTRIC JUICE AND CITRUS PRESS

Start your day right – with freshly-pressed juice

CASING	motor unit made from stainless steel and ABS plastics, glass carafe		
CARAFE	glass, 1l		
OPERATION	press the juicer ball (press sensor)		
FUNCTIONS	pressing citrus fruit (recommended for fruits like oranges, lemons, grapefruit, lemons, etc.); powerful motor with automatic start-stop and automatic left-right operation; sieve attachment to filter out pulp and seeds; juice spout container with drop stop; all parts can be taken apart for easy cleaning; dishwasher safe		
ACCESSORIES	2 juicing balls (small and large); juice spout container; sieve attachment; glass carafe with measurements (750 ml, 25 oz); transparent lid for protection from dust		

POWER	TOTAL WEIGHT	TOTAL SIZE IN MM	SIZE OF MOTOR UNIT IN MM
60 watts	2.19 kg	205 x 150 x 351	Ø 140 x 152

KA 1803
stainless steel

The glass carafe with delicious, fresh orange juice looks great on the lovingly laid Sunday breakfast table.

SMOOTHIE MAKER WITH SPICE AND COFFEE GRINDER

Strong and multi-functional – grind, chop, purée and mix anything – from smoothie to pesto

CASING	stainless steel, ABS plastics	
OPERATION	push button	
FUNCTIONS	blending fruit and vegetables, mixing smoothies, shakes and juices; grinding, crushing and mixing; suitable for moist and dry food; grinding degree dependent of grinding time; firm footing using rubberised feet; integrated cable rewind	
FOUR-LEAVE BLADE	insert with four-leave blade suitable as attachment for drinking bottle and mug	
DRINK BOTTLE	drinking bottle "to go" with leak-proof flip-lid; tritan (BPA-free plastic), food-grade, 600 ml, weight 0.13 kg	
MUG	mug "mason jar" including screw lid with opening for a straw; glass / metall, 600 ml, dishwasher safe, weight 0.47 kg	
GRINDING CONTAINER	grinding container with a 2-fold beater knife, 300 ml, suitable for grinding and chopping dry food such as coffee, pepper, etc.; grinding container with a 4-fold universal knife, 300 ml, suitable for crushing and mixing fresh herbs, pesto, etc.; lid with silicone seal for tight sealing during grinding

BATHROOM

Pleasant ambience

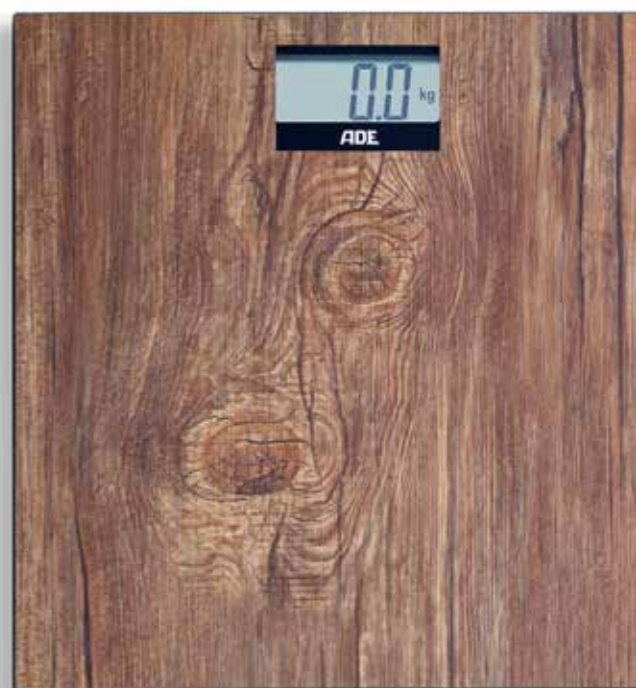

PURE COMFORT

The bathroom has long since transformed from a pure functional room into an oasis of wellness! Where you can find the portion of cosiness that turns a soothing bath or a refreshing shower into a relaxing break now and then.

The ADE personal and body analysis scales pick up on current bathroom trends and offer the right addition in terms of style and technology. Our range corresponds to diverse consumer preferences. While some simply want to control their weight,

others want information about body water, muscle gain, body fat percentage or the calculation of their BMI.

No compromises are made when it comes to precision, but every visual wish is fulfilled. Whether glass, marble or a nostalgic retro look, cosy hut magic with a dark wood look or sustainable bamboo wood: the right scale for every dream bathroom.

BODY ANALYSER SCALES

BARBARA

Robust and sustainable – weighing surface made of FSC-certified bamboo

WEIGHING SURFACE	bamboo wood
DISPLAY/SIZE	LCD, 83 x 45 mm, white digits
ANALYSIS	body fat, body water and muscle mass in precise 0.1% steps
CALCULATION	bone mass in precise 100 g steps
MEMORY SPACE	10 users
OPERATION	tap-on technology, sensor touch
FUNCTIONS	overload indicator; battery status indicator; automatic power-off

Live Better

OF LIGHT, AIR AND GOOD SLEEP

Leave the everyday hustle and bustle behind, catch your breath, relax, regain your strength at night and face your daily life filled with energy – in your own home this works best. That is why we have integrated products into our “Life” category that will simply do your personal balance good.

Picnic by the lake or better relax on the sofa? Our weather stations will help you decide! Hygrometers and air monitors provide information on the indoor climate and our air purifier ensures fresh and clean indoor air.

The aroma diffuser helps you relax with the perfect mixture of light and fragrance. And

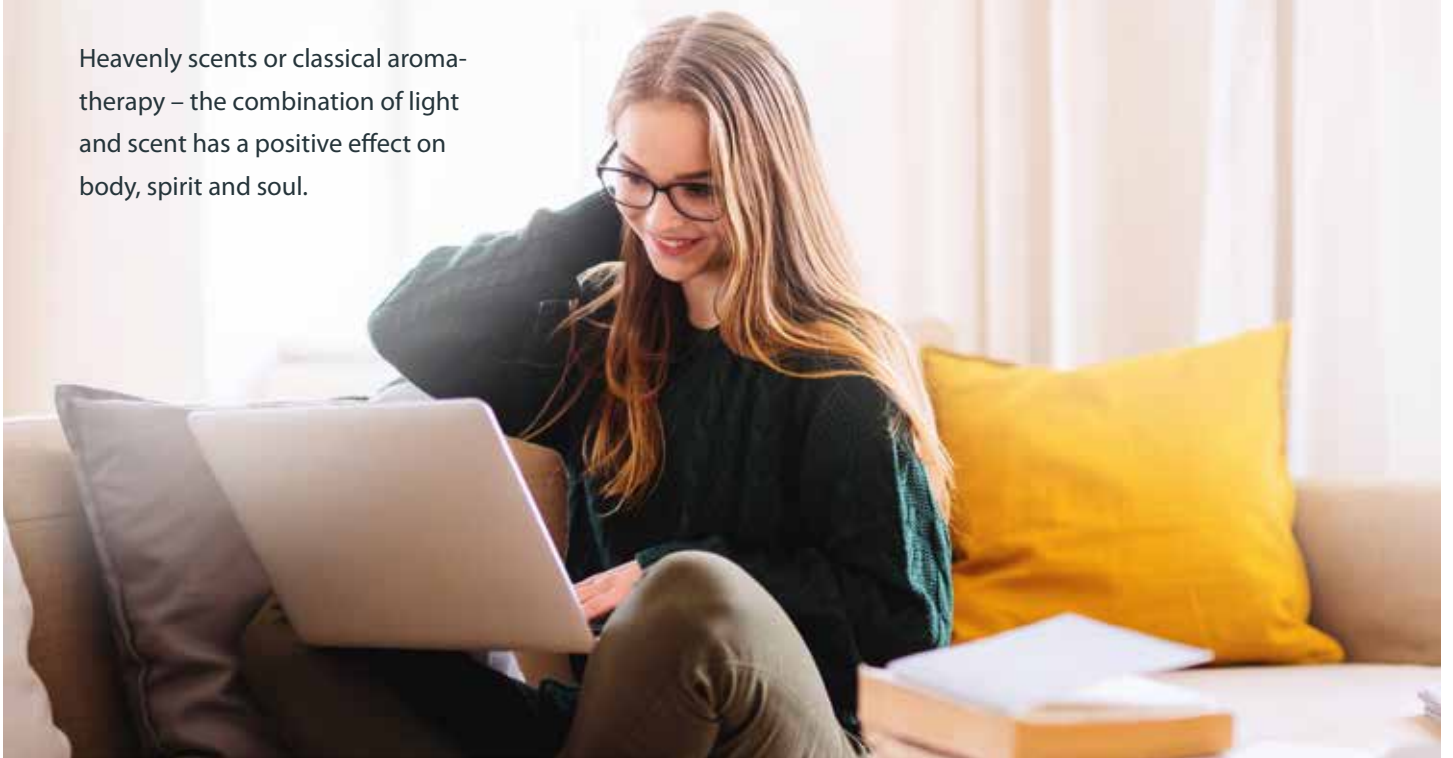

the wake-up light not only ensures that you fall asleep relaxed, but also that you wake up gently. Speaking of waking up: In addition to various digital and mechanical alarm clocks, there is also a cool all-rounder that combines alarm clock, night light and bedside lamp.

WELLBEING

The power of nature

Heavenly scents or classical aromatherapy – the combination of light and scent has a positive effect on body, spirit and soul.

AROMA DIFFUSER

Light and fragrance – inspiration and relaxation for the home and office

CASING	ABS plastics, wood look
OPERATION	press buttons, mains operation
CONTAINER	300 ml
FUNCTIONS	fine cold mist via high frequency vibrations; pleasant fragrance mist with the use of essential oils; two adjustable mist levels (continuous, interval); continuous operation or sleep timer (1, 3, and 6 hours); mood lighting (7 different colours) with adjustable light intensity in 2 levels and selectable colour change mode; automatic power-off when filling level is too low; mains adapter included

EFFECTIVE AREA	OPERATION TIME	SIZE IN MM
up to 30 m ²	6–10 hours depending on the mist level	Ø 168 x 130

HM 1902
white-wood

7 single colours or as automatic colour change

5-FILTER AIR PURIFIER

Breathe easy – whilst impurities are filtered from your room air.

CASING	ABS plastics
OPERATION	sensor touch, mains operation
FILTER	pre-filter to protect against coarse dirt and dust particles; EPA (E11) and activated carbon filter to protect against fine dust, pollen and allergens; activated carbon filter against harmful or irritating gasses (ozone); integrated, adjustable UV-C lamp with ioniser eliminates micro-organisms (viruses, bacteria and fungus) and bad smells
FUNCTIONS	three settings and a sleep timer (2, 4 and 8 hours); operates quietly: 30 dB (lowest setting / night mode) – 50 dB (highest setting); interchangeable 3-in-1 filter with filter change display, UV-C lamp, ioniser

EFFECTIVE AREA	WEIGHT	SIZE IN MM
up to 12 m ² / 30 m ³ air	1.17 kg	191 x 250 x 135

THERMO- / HYGROMETER WITH MOULD ALARM

On the safe side – mould warning at too-high air humidity

CASING	ABS plastics, battery operation, desktop and wall mounted model	
DISPLAY/SIZE	LCD, 65 x 95 mm	
OPERATION	press buttons	
INSTRUMENTS	hygrometer, thermometer	
FUNCTIONS	visual mould alert; temperature and hygrometer indicator (indoor / memory); programmable upper / lower relative air humidity with alarm at too-high air humidity; 12-hour humidity record; dew point indicator: 0° – 50 °C; indication of five different degrees of humidity (too dry, optimal, damp, too damp)	

TEMPERATURE/ HUMIDITY	UNITS	SIZE IN MM
0° – 50 °C 20 – 95 %	°C, °F, RH (%)	82 x 136 x 21

WS 1700

CLIMATE

ANALOGUE THERMO- / HYGROMETER

Without battery – classic indoor temperature and humidity display

CASING	brushed stainless steel, tempered glass, desktop and wall mounted model	
DISPLAY/SIZE	analogue, Ø 115 mm	
INSTRUMENTS	hygrometer, thermometer	
FUNCTIONS	humidity display; temperature display	

TEMPERATURE/ HUMIDITY	UNITS	SIZE IN MM
-30° – 50°C	°C, RH (%)	126 x 65 x 135
20 – 100%		

WS 1813
stainless steel

ANALOGUE THERMO- / HYGROMETER

Without battery – classic indoor temperature and humidity display

CASING	ABS plastics with real wood frame, glass, desktop and wall mounted model	
DISPLAY/SIZE	analogue, 74 x 74 mm	
INSTRUMENTS	hygrometer, thermometer	
FUNCTIONS	humidity display; temperature display	

TEMPERATURE/ HUMIDITY	UNITS	SIZE IN MM
-30° – 50°C	°C, RH (%)	100 x 26 x 101
20 – 100%		

WS 2000
wood-white

NEW

PINO, THE SLEEP COACH

LEARNING BEDTIMES WITH FUN

"Sleep tight,
little darling!"

"Wait just
a bit longer..."

"Finally time
to get up!"

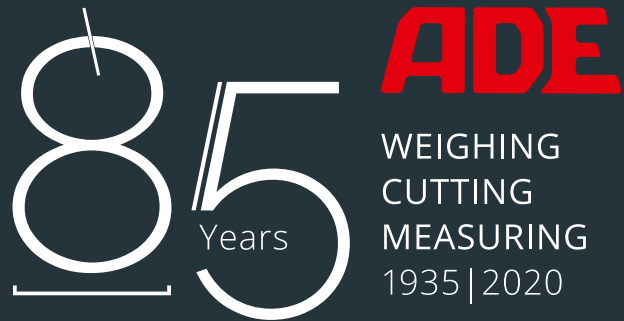

NEW

Alarm clock "Pino" accompanies the little ones throughout their bedtime with its playful combination of light, melodies and animation and coaches kids to learn when to sleep and when to get up.

SNU 2001 PINO
