

Elanco

PARASITE TREATMENTS

PROVEN PROTECTION FOR DOGS AND CATS

THIS IS WHY

For pets and the families who love them

Now, more than ever, pets are considered part of the family. But when parasites are involved, they can make your patients miserable and pose a zoonotic risk to the family.

That's why you need products you can trust for proven parasite control.

Elanco offers a broad range of innovative products with proven track records for safety, efficacy and easy administration for optimum compliance.

With so many products, you tailor your parasite choices to the lifestyle and exposure risk of each pet, as well as to the specific needs of your clients.

When your clients trust you to protect every member of their family, trust Elanco with effective, proven parasite control.
