

AGIO SECURE EMAIL HOSTING

powered by Office 365

Agio delivers small and emerging firms fully Secure Email Hosting via Microsoft Office 365, backed by our 24x7x365 Help Desk staffed with engineers who specialize in supporting Hedge Funds, Private Equity firms, and other Asset Managers. We uniquely configure your email to meet regulatory requirements from the SEC, FINRA, HIPAA and PCI, and we implement multi-factor authentication, mailbox audit logging, data loss prevention (DLP) and encryption, which ensure tighter cybersecurity, keeping your investors happy. Specifically, Agio's service includes:

- Migration to Microsoft Office 365
- Secure Email Configuration
- Active Email Cybersecurity Monitoring
- Agio End-User Services

OFFICE 365 MIGRATION

Our highly-skilled professional engineers take care of your migration – and your data – every step of the way, from planning to post-migration support and management. With thousands of users across hundreds of organizations successfully migrated to Office 365, Agio has all the necessary expertise to ensure your transition runs smoothly with minimal disruption to your business.

SECURE EMAIL CONFIGURATION

Office 365 has features built-in that allow for compliance with a vast number of regulatory standards, but implementing them and achieving compliance is a whole other ball game. Our seasoned cybersecurity

engineers have years of experience in regulated industries and can help you achieve compliance by leveraging these features specifically for your custom environment.

ACTIVE EMAIL CYBERSECURITY MONITORING

Agio monitors your Office 365 environment 24x7x365 to quickly identify and combat threats to your security. And we keep you informed at every stage so you know what's happening and how we're maintaining your cybersecurity posture. With Agio Secure Email Hosting powered by Office 365, you stay in control of your email and documents, with the safety and security of knowing you have a cybersecurity specialist keeping you protected and compliant.

AGIO END-USER SERVICES

Staffed by expert engineers 24x7x365, our help desk is actually helpful. Day and night, your end users have unlimited access to our remote support service, with the option of deploying on-site desktop support to your location. You'll work with an end-user support team that's dedicated to your business, so they understand your systems, tools and budget, with the full problem-solving power of Agio's entire client service team behind them.

WHY AGIO?

#OneAgio

When you select Agio, you're investing in a relationship with everyone who's a part of this firm. Our teams operate in a symbiotic relationship, based on deposits and withdrawals, that creates a vehicle for delivering more than just service. We deliver an experience that reaffirms to our clients we've got them covered. From clean, concise implementations; to consistent support backed by automation and tools that work the way they're supposed to; to value-add reporting; to accurate, timely invoicing; and content on the latest IT and cybersecurity trends, we bring the full breadth and depth of our talent to bear. We deliver #OneAgio.
