E SERIES

Econo Series Tape is our basic approach to linear LED lighting that includes 12VDC and 24VDC indoor mount tape in multiple color temps and amber, blue, green and red.

P SERIES

Our Pro Series offers a linear 12V and 24V LED solution for applications that require superior optics and the ability to mount in either indoor or outdoor environments.

S SERIES

24V Specification Series features the best optics and CRI in the industry. Includes COB, RGBW, Dim to Warm, TwistTask and SideView options that defines this architecturally diverse collection.

TOTAL QUALITY ASSURANCE ETL CERTIFICATION & MORE

Intertek's global Assurance, Testing, Inspection, and Certification services provide innovative solutions - from supply chain to cyber security - enabling customers to power ahead safely.

Product & Systems Certification

Intertek's certification marks show equipment, product or system conformance to regulatory and industry standards, and ensures ongoing verification of conformance and performance.

Global Market Access

Access Intertek's network of 300+ global accreditations, recognitions, and strategic partnerships, to evaluate and certify to the product safety, performance, and quality requirements of any market you choose.

Energy Efficiency

Intertek has the requisite accreditations, expertise, and state-of-the-art testing laboratories around the world to help you meet energy efficiency requirements for global markets.

Supply Chain Management

Intertek has developed a series of risk-based management tools and audit solutions to assess and benchmark suppliers, while helping global companies manage and track the performance in their supply chains.

Benchmark & Comparison

Benchmark and comparison testing will help you assess how your product performs against your competition. We will work with you to create a testing program specific to your needs and goals.

Component Assessment

The components in your products can be assessed by Intertek to assure they are compliant with global regulations, fit for purpose, robust, and capable of performing over their expected lifespan.

SATELLITE™ Data Acceptance Program

Conduct testing in your own labs, on your own schedule, and obtain our market-leading certifications for your products.

Materials & Chemical Analysis

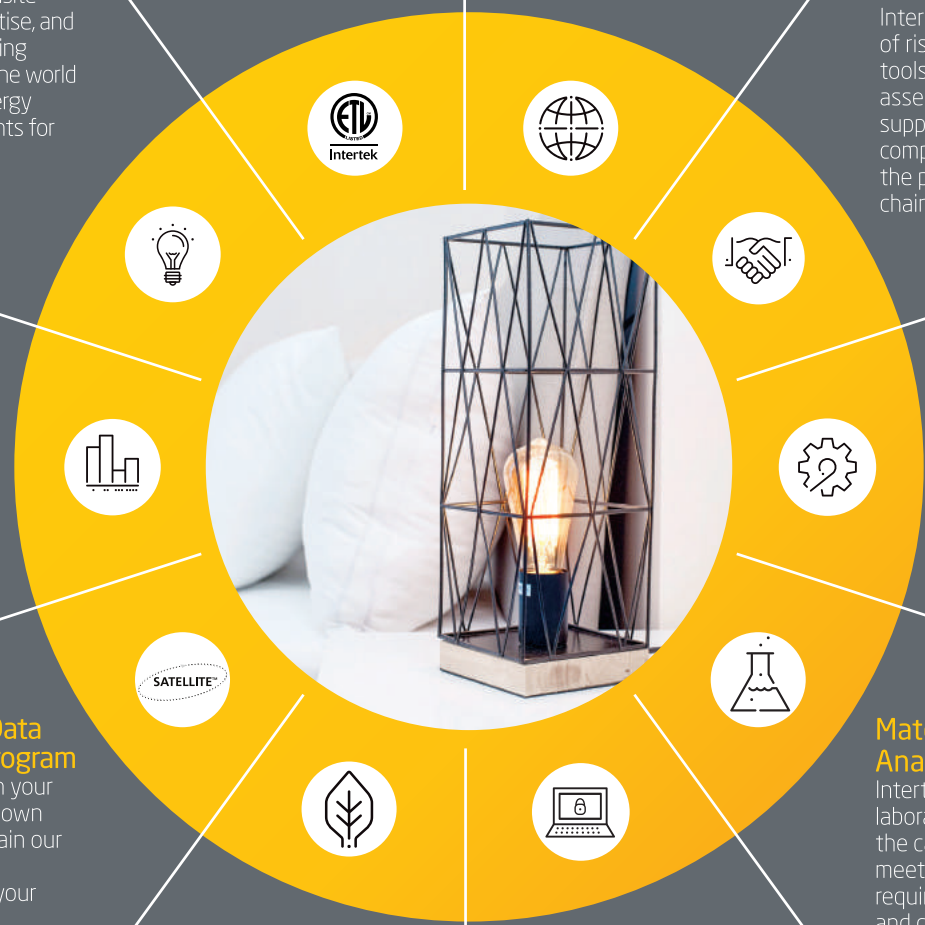

Intertek's network of chemistry laboratories are equipped with the capabilities and expertise to meet any chemical analysis requirement, including testing and documentation. Ask us about RoHS 3.

Environmental & Social Responsibility

We can develop a sustainability reporting framework to understand, measure, and report your economic, environmental, and social position in line with GRI performance indicators.

EMC, FCC, Wireless & Cyber Security

With our large global network of expertise, Intertek resources to streamline your wireless testing, electromagnetic compatibility (EMC & EMI), FCC compliance, and cyber security assessments.

REGULATORY COMPLIANCE FOR LIGHTING PRODUCTS

When you require testing and certification for your lighting products, choosing a Nationally Recognized Testing Laboratory (NRTL) like TÜV Rheinland gives both you and your buyers confidence in your product's quality.

The cTUVus certification mark, based on SCC accreditation and NRTL recognition, is widely accepted in North America by manufacturers, retailers, distributors, local municipalities and inspectors.

ALA Membership Alpha Section

For the most up to date information, visit
ALAMembers.com

How to Use This Directory

For the convenience of our members, the directory lists your firms in each of the four sections

1 The membership Directory presents each firm alphabetically with address and telephone number as well as the name of its key representative to the American Lighting Association. This master listing also includes the firm's business classification as it appears in the Manufacturers Classified Business Index.

2 The Manufacturer's Representative Regional Section presents Representative firms according to the region the business is located

3 The Components Section represents Components Manufacturers and lists its address and telephone number as well as the name of its key representative to the American Lighting Association.

4 The Manufacturers Classified Business Index classifies each member according to its type of business and lists its address and telephone number.
