ALBANY, OREGON

RAWLINGS - ALBANY

Albany, the Hub City of the Willamette Valley, was established one hundred years ago in the heart of one of the richest agricultural and timber areas of the nation. It grew quietly and unspectacularly until the war years brought an unprecedented boom.

The city gets its slogan of "The Hub" due to its geographic relationship to the state and particularly to the four flourishing counties of Linn, Marion, Polk and Benton in the Willamette Valley. The Pacific Highway 99, which is the main thoroughfare from Los Angeles to the Canadian border intersects with Highway 20, which is an east-west highway from coast to coast. Both highways and the many county roads connect with great recreational resources and form one of the most scenic areas in the United States. Mount Jefferson, the Three Sisters, Hoodoo Ski Bowl, Clear Lake, Suttle Lake, and Blue Lake are within short drives to the east. The Willamette River offers aquatic sports north and south, and the Oregon Coast, with its numerous resorts, can be reached via two alternate routes to the west by a short drive.

Timber and agriculture share about equally in the economy of Albany and are the basis for most of the industries which employ a total of about 2,000 people. Sawmills, plywood mills, and a furniture factory are typical of the timber industries, and the city is at the crossroads of the logging industry. A frozen food plant, a food cannery, meat packing plants and plants processing and canning poultry are typical of the food processing industry.

Within the past four years, industries have developed along Highway 99 west of Albany to such an extent that the area has become known as the "Miracle Mile." Albany is also a rail hub serving as the center for six branches of the Southern Pacific as well as the north-south main line. Also, the S. P. & S. main line and extensive yards center at Albany. Thus, the rail and highway combinations combine to make the city an ideal location for distribution type businesses.

The Albany Chamber of Commerce is equipped to handle all types of inquiries dealing with the economic life of the community and will welcome all such inquiries from citizens of Albany, and the area, as well as from visitors, newcomers, and prospective residences.

This is your 1950 directory of Albany and the Albany rural routes. The book has been compiled as a public service project by the Albany Chamber of Commerce, and was made possible by the Members of the Chamber of Commerce whose names appear on the alphabetical list on Pages 14 and 15 and by the advertisers in the book itself.

This is the first time an Albany City Directory has been made available free of charge to the heads of families and businesses listed in the directory. Every effort has been made to make the canvass of names accurate and complete. If, however, you detect errors or omissions, please notify the Chamber of Commerce office in writing so the master list which was used in the compilation of this directory may be corrected.

It is the intention of the Chamber of Commerce to publish the directory annually, or as often as is deemed necessary. For that reason the staff of the Chamber of Commerce would appreciate it if you will ask newcomers to Albany to register at the Chamber of Commerce so that their names may be included in the next edition.

Walter W. Underwood, Manager,

Towards a Better Tomorrow . . .

Look towards tomorrow, today—save regularly for your future—
for the things you plan for yourself and family. 2¼% semi-
annual dividends paid.

Entering our 17th year of efficient service in this community as a Federal Savings and Loan Association. We ask you to examine our records . . . because we can be of help to you—yours—the community, in the future as we have in the past.

Accounts Insured up to \$5,000

The Only Interlocking or Plastic Tile

Years Ahead
in
Beauty
and Design

Look for the
Wall Tile
That
Interlocks

- MADE OF STYRON PLASTIC
- NO UNSIGHTLY CEMENT LINES
- PERMANENT—WON'T CHIP, CRACK or PEEL
- WASHABLE—STAINPROOF
- THE ONLY INTERLOCKING PLASTIC TILE

Here's new lasting loveliness for kitchens, baths, lavatories, playrooms! Washable, lightweight solid plastic tile with no unsightly cement lines to gather dirt or grime.

It's beautiful . . . It's colorful . . . It's easier to clean. It won't crack, chip, peel, fade, or stain. It's the miracle plaster you've been promised. . . . Made of STYRON A DOW PLASTIC. Interlocking with every tile, eliminating unsightly cement lines to gather dirt or grime. Phone or visit us now . . . see how little it costs to have the most beautiful walls in the world.

Genuine
PITTSBURGH

PLASTIC TILE

RUB-R-SLATE

Build and Repair With Rub-R-Slate, the Durable, Time Tested, Low Cost Plastic

WITH 1000 USES

Investigate this remarkable product today! Stops waterwall sweating. Use it as plaster-stucco-flooring. After applied is hard as iron. Fireproof-Termite proof. Will take any desired finish. Natural-plastered-textured-smooth-paint or paper.
