THE COMPUTER IS PERSONAL AGAIN.

MORE POWER TO YOU
High-performance business features with enhanced graphics

HP recommends Windows Vista® Business.

HP Compaq dx7500 Desktop PC series

You require a reliable PC that works for your business. The HP Compaq dx7500 Business Desktop PC series is designed for out-of the box productivity without compromising efficiency. Get right to work with latest processors and chipset from Intel®, including support for Intel® Core™2 Quad processors and pre-installed operating system.

Technology in tune with your needs
Flexible enough to grow with your business and built on a foundation of proven technology, the HP Compaq dx7500 makes sure you get the PC your business needs. Choose the newly designed HP desktop PC that best fits the way you work—either a space-saving Small Form Factor PC or the highly expandable Microtower PC. Technology such as dual monitor support, RAID 1 Mirroring, enhanced graphics with DirectX-10, flexible expansion and storage options, and several ports, slots and bays gives you the exact features for your business.

Enhanced audio and visual experience
Enjoy high-quality audio and enhanced image clarity with the sophisticated digital audio architecture, DX-10 graphics and the Intel® G45S Express Chipset with Intel® Graphics Media Accelerator X4500HD.

HP Professional Innovations help you focus on your business
Built to last HP Business PC platforms undergo an average of 130,000 hours of system and environment testing to help ensure they withstand the demands of your business. Help protect your critical business data and your system with HP Backup and Recovery Manager.
Built to protect. You no longer need to remember multiple passwords. The optional Credential Manager for HP ProtectTools is a single sign-on functionality that serves as a password vault to automatically store and protect passwords for faster, more secure access to websites, networks and applications. Built to simplify significantly reduce the amount of time it takes to locate and download updates with HP SoftPaq Download Manager. Built for efficiency HP Power Manager puts you in control over your PC's energy usage by consolidating several power settings into one convenient tool.
