

An inventory of the vascular flora of the Anglesea and Aireys Inlet area, extending to Torquay on Tertiary and Quaternary sediments, eastern Otway Plain Bioregion, Victoria

Geoff W. Carr, Ecology Australia Pty Ltd., 88 B Station Street, Fairfield, Vic 3078
(gcarr@ecologyaustralia.com.au)

Version 4, 3 September 2017

Introduction

This inventory of the vascular flora of the Anglesea-Aireys Inlet area, extending to Torquay in the eastern Otway Plain Bioregion, was commenced about 10 years ago. Only the vascular flora is dealt with because the non-vascular flora is poorly documented, that is surveyed and collected. Similarly the fungi have been neglected. The purposes of the inventory are to:

- compile as complete a list of the indigenous and exotic flora as possible, updated as appropriate when additional taxa are recorded
- document and highlight the extraordinary species richness of the indigenous flora; there are for example 124 indigenous orchid species (Orchidaceae) which comprises 31% of the Victorian orchid flora (VicFlora; Backhouse, Kosky, Rouse and Turner 2016; Forster and McDonald 2009) and 71 indigenous sedge species (Cyperaceae) comprising 40% of the family in Victoria (see VicFlora). Statistics for the flora are given in Table 1
- provide a checklist of species/taxa as an aid for plant identification in vegetation survey and quadrat data collection in the region covered
- provide a checklist of environmental weed species of management concern, or potential management concern, in the region
- highlight the local and regional endemism in the flora, as well as the suite of species or taxa that are as yet undescribed (mostly recognised as a result of the taxonomic research undertaken by G. Carr, unpublished data); this will hopefully raise the profile of undescribed taxa
- indicate the species for which the region contains the type locality

- provide data that may be utilised for further analysis, e.g. biogeography of the flora
- indicate the formal (or informal) conservation status of the species in the flora
- provide lists of plant species that may be used (with other data) in design of dryland or wetland revegetation projects.

Sources of data and methods

The records of species, subspecies, varieties, formae, cultivars and hybrids given here come from a wide range of sources:

- First-hand knowledge of taxa *in situ* acquired over c. 50 years of formal and informal vegetation surveys by G. Carr, mostly in the Anglesea-Aireys Inlet to Torquay area. Formal studies by Ecology Australia staff, mostly involving G. Carr as author or co-author, have resulted in the production of over 60 unpublished reports for various clients (e.g. Alcoa of Australia; ANGAIR; Department of Natural Resources and Environment; Surf Coast Shire; Great Ocean Road Committee; Geelong Environment Council; Jan Juc Coast Action Group). In all G. Carr has seen 85% of taxa in the field in the area of interest. Collections of many species have been made and many lodged at the National Herbarium of Victoria.
- Informal studies have been made in connection with this inventory, as well as taxonomic studies by G. Carr (e.g. Carr 1991), and environmental weed studies (Carr 1993; Carr, Yugovic and Robinson 1992).
- Personal communications from people who recorded and/or photographed plant species which have subsequently become extinct in the area, e.g. *Thelymitra epipactoides* (Metallic Sun-orchid) at Jan Juc (the late Andrew Thornley pers. comm.); *Veronica perfoliata* (Digger's Speedwell) and *Chieranthera linearis* (Blue Finger-flower) at Currawyong Falls near Aireys Inlet, and *Spiranthes australis* (Austral Ladies-tresses) beside the "Mad Mile", north of Forest Road, Anglesea (the late Eric Bound pers. comm.). Records of these species (for which no vouchers were collected) are wholly unambiguous as to the plant's identity.
- See *Acknowledgements* for the list of people who have provided data over the years.

- Collections in the National Herbarium of Victoria as indicated by mapped spot locations in the online Flora of Victoria (*VicFlora*), as well as mapped locations supported by collection data from the Australian Virtual Herbarium database.
- Some references to species in the literature (Willis 1970, 1973; Beauglehole 1982; Jeanes 2004) and particularly Forster and McDonald (2009) and Backhouse *et al.* (2016) for orchids.

Plant names

Plant names (including families) used in this inventory accord with the online *Flora of Victoria* (accessed 10–31 July 2017), including the taxonomic rank and authors of the names (e.g. *Eucalyptus litoralis* Rule). Two names of orchids – *Prasophyllum* ‘Anglesea’ and *Prasophyllum* ‘Otway Coast’ are as used by Backhouse *et al.* (2016). A few species (exotics) have not yet been identified, e.g. *Melaleuca* sp. (Painkalac Creek). Informal phrase names are used for undescribed/unrecognized taxa, many coined by G. Carr (Ecology Australia) in connection with ongoing taxonomic studies – see page 4. Common names follow the *Flora Species Index*, Victorian Biodiversity Atlas, 1 July 2016 version. Some common names for undescribed or unrecognized taxa in the *Flora of Victoria* online have been coined by the author (e.g. *Correa*).

Further contributions and corrections

This inventory is the fourth version and it will be periodically updated as additional data come to hand – that is additional taxa, taxonomic clarification or identification of indigenous and exotic species, as well as conservation status.

All contributions will be gratefully received and acknowledged in subsequent versions. Ideally, interesting records of species, either indigenous or exotic, should be supported by a pressed voucher specimen lodged at the National Herbarium of Victoria.

Use of this floristic checklist

The inventory will be available online from Angair (<http://www.angair.org.au>) and people are welcome to use it, and contribute to it. All public use of the inventory must be fully and correctly cited.

Table 1. Statistics for the flora of the Anglesea – Aireys Inlet to Torquay study area, eastern Otway Plain Bioregion.

Group	Indigenous species/taxa	Exotic taxa (*)	Totals
Total flora	911 (67 %)	*457 (33%)	1 368
Ferns and fern allies	36	*1	37
Conifers	-	*6	6
Monocots	378 (76%)	*119 (24%)	500
Cyperaceae (sedges)	71	*5	76
Juncaceae (rushes)	15	*4	19
Orchidaceae (orchids)	134 (incl. 10 hybrids)	*1	135
Poaceae (grasses)	76	*67	143
Dicots	500 (60%)	*327 (40%)	827
Asteraceae (composites)	86	*44	130
Myrtaceae (eucalypts etc.)	29	*46	75
<i>Eucalyptus</i> (eucalypts)	18 (incl. 2 hybrids)	*13 (incl. 3 hybrids)	31

Endemism

The flora of the study area has an endemic, or near-endemic component. Some of the taxa have not yet been described and for others further taxonomic studies are required to determine their taxonomic status and distribution. Known endemics or near endemics are as follows:

1. *Allocasuarina littoralis* x *A. misera* Anglesea Sheoak (Casuarinaceae)

This hybrid is locally common in the Bald Hills area in heathy woodland, as are its putative parents (Carr unpubl. data), and it clearly warrants describing as a hybrid species. A comparable situation is found in *A. media* L. A. S. Johnson of South Gippsland, an *A. littoralis* x *A. paradoxa* hybrid (Wilson and Johnson 1989).

2. *Caladenia maritima* D. L. Jones (Angahook Pink-fingers) (Orchidaceae)
A very localised Anglesea endemic (Jones 1999).
3. *Correa* sp. aff. *reflexa* (Anglesea) Anglesea *Correa* (Rutaceae)
Remarkably, this is one of three local endemic, as yet undescribed, *Correa* species with red and yellow-green flowers. It is a narrow endemic in the Anglesea–Point Addis area (Carr unpub. data). Rare hybrids have been recorded between this and *C.* sp. aff. *reflexa* (Bells Beach) at Bells Beach, and between cultivated and naturalised *C. calycina* var. *calycina* at Anglesea (Carr unpubl. data).
4. *Correa* sp. aff. *reflexa* (Bells Beach) Surf Coast *Correa* (Rutaceae)
This undescribed yellow-green flowered species occurs in the Eastern Otway Plains bioregion along the coast in heathland and heathy woodland, dunes and calcarenite scrub (Carr unpubl. data). Its distribution is scattered discontinuously between Moggs Creek and Point Lonsdale – at these locations and at Bells Beach, Torquay and Barwon Heads. Rare hybrids have been recorded at Bells Beach between this and *C.* sp. aff. *reflexa* (Anglesea) and between cultivated *C. backhouseana* var. *backhouseana* at Moggs Creek (Carr unpubl. data).
5. *Correa* sp. aff. *reflexa* (Moggs Creek) Moggs Creek *Correa* (Rutaceae)
This is an extremely localized, critically endangered, red-flowered undescribed species known from a very small area in near-coastal heath and heathy woodland at Moggs Creek (Carr unpubl. data)
6. *Eucalyptus litoralis* Rule Otway Grey-gum (Myrtaceae)
This very localised Otway heathy woodland and forest endemic occurs in the Anglesea-Aireys Inlet area (coastal and sub-coastal) and with a few small populations near Lorne and Marengo in the Otway Ranges. Rare hybrids have been recorded at Anglesea between this and *E. ovata* var. *ovata* (Swamp Gum) (Carr unpub. data)
7. *Grevillea infecunda* McGill. Anglesea *Grevillea* (Proteaceae)
Apart from an 1893 collection from Brighton, where long-extinct, this species is now known only from the Anglesea-Wensleydale area in heathy woodland and heathland (Ode and Marriott 1995)
8. *Prasophyllum barnettii* D. L. Jones and Rouse Elegant Leek-orchid (Orchidaceae)
This highly localised vulnerable endemic is only known from a small area at Anglesea in heathy woodland (Jones and Rouse 2006; Forster and McDonald 2009) and at one location near Princetown (VicFlora)

9. *Pterostylis* sp. aff. *plumosa* (Anglesea) Large Plume-orchid (Orchidaceae)

Though undescribed, this well-known species is an Anglesea endemic in heathy woodland (Forster and McDonald 2009; Backhouse, Kosky, Rouse and Turner 2016).

10. *Thelymitra pallidiflora* Jeanes Pallid Sun-orchid (Orchidaceae)

This rare species of heathy woodland is confined to the Anglesea–Jan Juc area with an outlier collection at Crib Point (Jeanes 2004). It was first recognised as undescribed in 1990 when a population was found during a survey of ‘O’Donohue’s Land’, Anglesea (Carr *et al.* in Meredith *et al.* 1991). The type locality is Anglesea (Point Addis area) (Jeanes 2004). A good population was recently found in the Jan Juc Coastal Reserve near Bells Beach (Ecology Australia 2017).

11. *Viola* sp. aff. *hederacea* (Boundary Creek) Swamp-scrub Violet (Violaceae)

This is a tiny, highly distinctive small-leaved and small-flowered purple and white violet, which is confined to damp peaty sites in Swamp Scrub dominated by *Melaleuca squarrosa* (Scented Paperbark). It is undescribed (K. Thiele pers. comm.) and was first recorded in 2002 in the upper catchment of Boundary Creek, south of Colac, during a study by Ecology Australia (2002). It was found on swamp margins as well as on creek lines where Swamp Scrub can be extensive. A small populations was subsequently found in similar habitat in the upper catchment of Salt Creek, west-north-west of Anglesea (Carr unpubl. data). This species is likely to be an endemic in the Otway Plain across the northern margins of the Otway Ranges. While the diamond-shaped leaves are very small they have long slender petioles and the very small flowers are borne on long slender scapes. Further survey and collection is required.

Type localities

With the endemic or near-endemic element in the flora outlined above, it is axiomatic that parts of the study area (at particular locations) are also the type locality for those four species (above) and are likely to be the type locality when other species are described. Anglesea is also the type locality for two additional plant species: *Caladenia australis* (Southern Spider-orchid) and *C. venusta* (Large White Spider-orchid (Carr 1991).

Acknowledgements

The following people are gratefully acknowledged for details of plant records made by them (sight records and/or collections): the late Cliff Beauglehole, the late Eric Bound, Ian and Roma Edwards, John Hosking, Margaret McDonald, the late Frances Poole, Graeme Stockton, the late Andrew Thornley, Mark Trengove, the late Mary White, the late James (Jim) Willis, and Jeff Yugovic.

Staff of the National Herbarium of Victoria kindly provided or confirmed identifications of some species, mostly exotics, viz. Valentino Stajsic, Neville Walsh and Jeff Jeanes.

Inventory of the vascular flora of the Anglesea and Aireys Inlet area

Notes:

Plant names are those used for the online *Flora of Victoria* (VicFlora), National Herbarium of Victoria, as well as some informal names used by Ecology Australia (unpubl.)

* An asterisk denotes exotic species. Where species occur as natural as well as naturalised populations two separate entries are given, one with an asterisk.

Botanical Name	Common Name
FERNS AND ALLIES	
Aspleniaceae	
<i>Asplenium flabellifolium</i>	Necklace Fern
Blechnaceae	
<i>Blechnum cartilagineum</i>	Gristle Fern
<i>Blechnum fluviatile</i>	Ray Water-fern
<i>Blechnum minus</i>	Soft Water-fern
<i>Blechnum nudum</i>	Fishbone Water-fern

* <i>Euryops abrotanifolius</i>	Winter Euryops
* <i>Felicia petiolata</i>	Blue Felicia
* <i>Gamochaeta americana</i>	Spiked Cudweed

	Botanical Name	Common Name
	* <i>Gamochaeta purpurea</i>	Spiked Cudweed
	* <i>Gamochaeta spicata</i>	Spiked Cudweed
	* <i>Gazania linearis</i>	Gazania
	* <i>Gazania rigens</i>	Trailing Gazania
	<i>Gnaphalium indutum</i>	Tiny Cudweed
	<i>Helichrysum leucopsideum</i>	Satin Everlasting
	<i>Helichrysum luteoalbum</i>	Jersey Cudweed
	* <i>Helminthotheca echioides</i>	Ox-tongue
	<i>Hyalosperma demissum</i>	Moss Sunray
	* <i>Hypochaeris glabra</i>	Smooth Cat's-ear
	* <i>Hypochaeris radicata</i>	Flatweed
	<i>Ixodia achillaeoides</i> subsp. <i>alata</i>	Ixodia
V v	<i>Ixodia achillaeoides</i> subsp. <i>arenicola</i>	Coast Ixodia
	* <i>Lactuca serriola</i>	Prickly Lettuce
	<i>Lagenophora gracilis</i>	Slender Bottle-daisy
	<i>Lagenophora huegelii</i>	Coarse Bottle-daisy
	<i>Lagenophora stipitata</i>	Common Bottle-daisy
f V v	<i>Leiocarpa gatesii</i>	Wrinkled Buttons
	* <i>Leontodon saxatilis</i> subsp. <i>saxatilis</i>	Hairy Hawkbit

	Botanical Name	Common Name
	<i>Leptinella longipes</i>	Coast Cotula
	<i>Leptinella reptans</i>	Creeping Cotula
	<i>Leptorhynchos nitidulus</i>	Shiny Buttons
	<i>Leptorhynchos squamatus</i> subsp. <i>squamatus</i>	Scaly Buttons
	<i>Leptorhynchos tenuifolius</i>	Wiry Buttons
	<i>Leucophyta brownii</i>	Cushion Bush
	<i>Microseris walteri</i>	Yam Daisy
	<i>Millotia muelleri</i>	Common Bow-flower
	<i>Myriocephalus rhizocephalus</i>	Woolly-heads
	<i>Olearia argophylla</i>	Musk Daisy-bush
	<i>Olearia axillaris</i>	Coast Daisy-Bush
	<i>Olearia erubescens</i>	Moth Daisy-bush
	<i>Olearia floribunda</i>	Heath Daisy-bush
	<i>Olearia glutinosa</i>	Sticky Daisy-bush
	<i>Olearia lirata</i>	Snowy Daisy-bush
	<i>Olearia myrsinoides</i>	Silky Daisy-bush
f v	<i>Olearia pannosa</i> subsp. <i>cardiophylla</i>	Velvet Daisy-bush
	<i>Olearia phlogopappa</i> subsp. <i>salicina</i>	Dusty Daisy-bush
	<i>Olearia ramulosa</i> var. <i>ramulosa</i>	Twiggy Daisy-bush

	Botanical Name	Common Name
r	<i>Olearia</i> sp. 2	Peninsula Daisy-bush
	<i>Olearia teretifolia</i>	Cypress Daisy-bush
r	<i>Olearia tubuliflora</i>	Rayless Daisy-bush
	* <i>Osteospermum fruticosum</i>	Dimorphotheca
	<i>Ozothamnus ferrugineus</i>	Tree Everlasting
	<i>Ozothamnus obcordatus</i>	Grey Everlasting
	<i>Ozothamnus rosmarinifolius</i>	Rosemary Everlasting
	<i>Ozothamnus turbinatus</i>	Coast Everlasting
	<i>Picris angustifolia</i> subsp. <i>angustifolia</i>	Coast Picris
	<i>Podolepis decipiens</i>	Podolepis
	* <i>Senecio angulatus</i>	Climbing Groundsel
	<i>Senecio biserratus</i>	Jagged Fireweed
	* <i>Senecio elegans</i>	Purple Groundsel
r	<i>Senecio glomeratus</i> subsp. <i>longifructus</i>	Annual Fireweed
	<i>Senecio glomeratus</i> subsp. <i>glomeratus</i>	Annual Fireweed
	<i>Senecio hispidulus</i>	Rough Fireweed
	* <i>Senecio jacobaea</i>	Ragwort
	<i>Senecio linearifolius</i> var. <i>linearifolius</i>	Fireweed Groundsel
	<i>Senecio minimus</i>	Shrubby Fireweed

Botanical Name	Common Name
<i>Senecio odoratus</i>	Scented Groundsel
<i>Senecio phelleus</i>	Rock Fireweed
<i>Senecio picridioides</i>	Hawkweed Fireweed
<i>Senecio pinnatifolius</i> var. <i>lanceolatus</i>	Lance-leaf Groundsel
<i>Senecio pinnatifolius</i> var. <i>pinnatifolius</i>	Rock Groundsel
<i>Senecio prenanthoides</i>	Beaked Fireweed
<i>Senecio quadridentatus</i>	Cotton Fireweed
<i>Senecio squarrosus</i>	Leafy Fireweed
<i>Sigesbeckia orientalis</i> subsp. <i>orientalis</i>	Indian Weed
<i>Siloxerus multiflorus</i>	Small Wrinklewort
* <i>Silybum marianum</i>	Variegated Thistle
<i>Solenogyne dominii</i>	Smooth Solenogyne
* <i>Soliva sessilis</i>	Jo Jo
* <i>Sonchus asper</i> subsp. <i>asper</i>	Rough Sow-thistle
<i>Sonchus hydrophilus</i>	Native Sow-thistle
* <i>Sonchus oleraceus</i>	Common Sow-thistle
<i>Stuartina muelleri</i>	Spoon Cudweed
* <i>Symphotrichum subulatum</i>	Aster-weed
* <i>Taraxacum officinale</i> spp. <i>agg.</i>	Garden Dandelion

Botanical Name	Common Name
* <i>Tragopogon porrifolius</i> subsp. <i>porrifolius</i>	Salsify
<i>Triptilodiscus pygmaeus</i>	Common Sunray
* <i>Vellereophyton dealbatum</i>	White Cudweed
Boraginaceae	
<i>Austrocynoglossum latifolium</i>	Forest Hound's-tongue
<i>Cynoglossum australe</i>	Australian Hound's-tongue
<i>Cynoglossum suaveolens</i>	Sweet Hound's-tongue
* <i>Echium candicans</i>	Pride of Madeira
* <i>Myosotis arvensis</i>	Field Forget-me-not
* <i>Myosotis sylvatica</i>	Wood Forget-me-not
Brassicaceae	
* <i>Brassica fruticulosa</i>	Twiggy Turnip
* <i>Brassica nigra</i>	Black Mustard
* <i>Brassica x juncea</i>	Indian Mustard
* <i>Cakile edentula</i>	American Sea Rocket
* <i>Cakile maritima</i> subsp. <i>maritima</i>	Sea Rocket
* <i>Cardamine hirsuta</i>	Common Bitter-cress
* <i>Erysimum cheiri</i>	Wallflower
* <i>Hirschfeldia incana</i>	Buchan Weed

Botanical Name	Common Name
* <i>Lepidium didymum</i>	Lesser Swine-cress
* <i>Lobularia maritima</i>	Sweet Alyssum
* <i>Raphanus raphanistrum</i>	Wild Radish
* <i>Rapistrum rugosum</i>	Giant Mustard
Campanulaceae	
<i>Isotoma fluviatilis</i> subsp. <i>australis</i>	Swamp Isotome
<i>Lobelia anceps</i>	Angled Lobelia
<i>Lobelia gibbosa</i>	Tall Lobelia
<i>Lobelia irrigua</i>	Salt Pratia
<i>Lobelia pedunculata</i>	Matted Pratia
<i>Lobelia pratioides</i>	Poison Lobelia
<i>Lobelia rhombifolia</i>	Tufted Lobelia
<i>Lobelia simplicicaulis</i>	Narrow Lobelia
<i>Wahlenbergia communis</i>	Tufted Bluebell
<i>Wahlenbergia gracilentata</i>	Hairy Annual-bluebell
<i>Wahlenbergia gracilis</i>	Sprawling Bluebell
<i>Wahlenbergia gymnoclada</i>	Naked Bluebell
<i>Wahlenbergia luteola</i>	Bronze Bluebell
<i>Wahlenbergia multicaulis</i>	Branching Bluebell

Botanical Name	Common Name
<i>Wahlenbergia stricta</i> subsp. <i>stricta</i>	Tall Bluebell
Caprifoliaceae	
<i>Sambucus gaudichaudiana</i>	White Elderberry
Caryophyllaceae	
* <i>Cerastium glomeratum</i>	Sticky Mouse-ear Chickweed
* <i>Cerastium vulgare</i>	Common Mouse-ear Chickweed
* <i>Moenchia erecta</i>	Erect Chickweed
* <i>Petrorhagia nanteuilii</i>	Childling Pink
* <i>Polycarpon tetraphyllum</i>	Four-leaved Allseed
* <i>Sagina apetala</i>	Common Pearlwort
* <i>Sagina maritima</i>	Sea Pearlwort
* <i>Silene gallica</i> var. <i>gallica</i>	French Catchfly
<i>Spergularia marina</i>	Salt Sand-spurrey
<i>Spergularia media</i>	Coast Sand-spurrey
* <i>Spergularia rubra</i>	Red Sand-spurrey
<i>Spergularia tasmanica</i>	Tasman Sand-spurrey
<i>Stellaria flaccida</i>	Forest Starwort
* <i>Stellaria media</i>	Chickweed

Botanical Name	Common Name
* <i>Stellaria pallida</i>	Lesser Chickweed
<i>Stellaria pungens</i>	Prickly Starwort
Casuarinaceae	
<i>Allocasuarina littoralis</i>	Black Sheoak
<i>Allocasuarina littoralis x A. misera</i>	Sheoak hybrid
<i>Allocasuarina misera</i>	Slender Sheoak
<i>Allocasuarina paludosa</i>	Scrub Sheoak
<i>Allocasuarina verticillata</i>	Drooping Sheoak
Celastraceae	
<i>Stackhousia monogyna</i>	Creamy Stackhousia
<i>Stackhousia subterranea</i>	Stackhousia
<i>Stackhousia viminea</i>	Slender Stackhousia
Chenopodiaceae	
* <i>Atriplex prostrata</i>	Hastate Orache
<i>Atriplex semibaccata</i>	Berry Saltbush
* <i>Chenopodium album</i>	Fat Hen
<i>Chenopodium glaucum</i>	Glaucous Goosefoot
* <i>Chenopodium murale</i>	Sowbane
* <i>Chenopodium pumilio</i>	Clammy Goosefoot

Botanical Name	Common Name
<i>Einadia nutans</i> subsp. <i>nutans</i>	Nodding Saltbush
<i>Enchylaena tomentosa</i> var. <i>tomentosa</i> (prostrate form)	Ruby Saltbush
<i>Rhagodia candolleana</i> subsp. <i>candolleana</i>	Seaberry Saltbush
* <i>Rhagodia parabolica</i>	Fragrant Saltbush
<i>Sarcocornia quinqueflora</i> subsp. <i>quinqueflora</i>	Beaded Glasswort
<i>Suaeda australis</i>	Austral Seablite
<i>Tecticornia arbuscula</i>	Shrubby Glasswort
<i>Threlkeldia diffusa</i>	Coast Bonefruit
Convolvulaceae	
<i>Convolvulus angustissimus</i> subsp. <i>angustissimus</i>	Pink Bindweed
<i>Dichondra repens</i>	Kidney-weed
<i>Wilsonia backhousei</i>	Narrow-leaf Wilsonia
<i>Wilsonia humilis</i>	Silky Wilsonia
<i>Wilsonia rotundifolia</i>	Round-leaf Wilsonia
Crassulaceae	
* <i>Aeonium arboreum</i>	Golden Aeonium
* <i>Aeonium haworthii</i>	Pinwheel Aeonium
* <i>Cotyledon orbiculata</i>	Pig's Ear

Botanical Name	Common Name
<i>Crassula closiana</i>	Stalked Crassula
<i>Crassula colorata</i> var. <i>acuminata</i>	Dense Crassula
<i>Crassula decumbens</i> var. <i>decumbens</i>	Spreading Crassula
<i>Crassula helmsii</i>	Swamp Crassula
* <i>Crassula multicava</i> subsp. <i>multicava</i>	Shade Crassula
<i>Crassula peduncularis</i>	Purple Crassula
* <i>Crassula spathulata</i>	Fairy Crassula
* <i>Crassula tetragona</i> subsp. <i>robusta</i>	Shrubby Crassula
<i>Crassula tetramera</i>	Australian Stonecrop
* <i>Sedum praealtum</i>	Shrubby Stonecrop
Dilleniaceae	
<i>Hibbertia acicularis</i>	Prickly Guinea-flower
<i>Hibbertia fasciculata</i> var. <i>prostrata</i>	Bundled Guinea-flower
<i>Hibbertia riparia</i>	Erect Guinea-flower
<i>Hibbertia sericea</i> (' <i>Sericea</i> ' form)	Silky Guinea-flower
Droseraceae	
<i>Drosera binata</i>	Forked Sundew
<i>Drosera glanduligera</i>	Scarlet Sundew
<i>Drosera macrantha</i>	Climbing Sundew

Botanical Name	Common Name
<i>Drosera auriculata</i>	Tall Sundew
<i>Drosera hookeri</i>	Pale Sundew
<i>Drosera peltata</i>	Pale Sundew
<i>Drosera pygmaea</i>	Tiny Sundew
<i>Drosera spatulata</i>	Rosy Sundew
<i>Drosera aberrans</i>	Scented Sundew
Elaeocarpaceae	
<i>Tetratheca ciliata</i>	Pink-bells
Ericaceae	
<i>Acrotriche affinis</i>	Ridged Ground-berry
<i>Acrotriche prostrata</i>	Trailing Ground-berry
<i>Acrotriche serrulata</i>	Honey-pots
<i>Astroloma humifusum</i>	Cranberry Heath
<i>Brachyloma ciliatum</i>	Fringed Brachyloma
<i>Epacris impressa</i>	Common Heath
<i>Epacris lanuginosa</i>	Woolly-style Heath
<i>Epacris obtusifolia</i>	Blunt-leaf Heath
* <i>Erica lusitanica</i>	Spanish Heath
<i>Leucopogon australis</i>	Spike Beard-heath

Botanical Name	Common Name
<i>Leucopogon ericoides</i>	Pink Beard-heath
<i>Leucopogon glacialis</i>	Twisted Beard-heath
<i>Leucopogon parviflorus</i>	Coast Beard-heath
<i>Leucopogon virgatus</i> var. <i>virgatus</i>	Common Beard-heath
<i>Lissanthe strigosa</i> subsp. <i>subulata</i>	Peach Heath
<i>Monotoca elliptica</i> s.l.	Tree Broom-heath
<i>Monotoca scoparia</i>	Prickly Broom-heath
<i>Sprengelia incarnata</i>	Pink Swamp-heath
Euphorbiaceae	
<i>Amperea xiphioclada</i> var. <i>xiphioclada</i>	Broom Spurge
* <i>Euphorbia characius</i> subsp. <i>wulfenii</i>	Spurge
* <i>Euphorbia peplus</i>	Petty Spurge
Fabaceae	
<i>Acacia acinacea</i>	Gold-dust Wattle
<i>Acacia aculeatissima</i>	Thin-leaf Wattle
* <i>Acacia baileyana</i>	Cootamundra Wattle
<i>Acacia brownii</i>	Heath Wattle
<i>Acacia dealbata</i> subsp. <i>dealbata</i>	Silver Wattle
* <i>Acacia dealbata</i> subsp. <i>dealbata</i>	Silver Wattle

	Botanical Name	Common Name
*	<i>Acacia decurrens</i>	Early Black-wattle
*	<i>Acacia elata</i>	Cedar Wattle
*	<i>Acacia floribunda</i>	White Sallow-wattle
*	<i>Acacia floribunda</i> x <i>*A. longifolia s.l.</i>	Sallow-wattle hybrid
	<i>Acacia genistifolia</i>	Spreading Wattle
	<i>Acacia gunnii</i>	Ploughshare Wattle
*	<i>Acacia howittii</i>	Sticky Wattle
	<i>Acacia implexa</i>	Lightwood
*	<i>Acacia iteaphylla</i>	Flinders Range Wattle
v	<i>Acacia leprosa</i> var. <i>magna</i>	Otway Wattle
*	<i>Acacia longifolia s.l.</i> x <i>A. mucronata</i> subsp. <i>longifolia</i>	Wattle hybrid
*	<i>Acacia longifolia</i> subsp. <i>longifolia</i>	Sallow Wattle
*	<i>Acacia longifolia</i> subsp. <i>longifolia</i> x # <i>A. longifolia</i> subsp. <i>sophorae</i>	Sallow Wattle hybrid
#	<i>Acacia longifolia</i> subsp. <i>sophorae</i>	Coast Wattle
	<i>Acacia mearnsii</i>	Black Wattle
	<i>Acacia melanoxydon</i>	Blackwood
	<i>Acacia mitchellii</i>	Mitchell's Wattle
	<i>Acacia mucronata</i> subsp. <i>longifolia</i>	Narrow-leaf Wattle

	Botanical Name	Common Name
	<i>Acacia myrtifolia</i>	Myrtle Wattle
	* <i>Acacia myrtifolia</i> (W.A. variant)	Myrtle Wattle
r	<i>Acacia nano-dealbata</i>	Dwarf Silver Wattle
	<i>Acacia oxycedrus</i>	Spike Wattle
	<i>Acacia paradoxa</i>	Hedge Wattle
	<i>Acacia paradoxa</i> x <i>A. verniciflua</i>	Wattle hybrid
	* <i>Acacia pravissima</i>	Ovens Wattle
	* <i>Acacia provincialis</i>	Wirilda
	* <i>Acacia prominens</i>	Gosford Wattle
	<i>Acacia pycnantha</i>	Golden Wattle
	* <i>Acacia saligna</i>	Golden Wreath Wattle
	* <i>Acacia schinoides</i>	Frosty Wattle
	* <i>Acacia</i> sp. (Tanners Rd, Anglesea)	Wattle
	* <i>Acacia</i> sp. (Gum Flats Rd, Anglesea)	Wattle
	<i>Acacia stricta</i>	Hop Wattle
	<i>Acacia suaveolens</i>	Sweet Wattle
	* <i>Acacia terminalis</i>	Sunshine Wattle
	<i>Acacia verniciflua</i> (typical variant)	Varnish Wattle
	<i>Acacia verticillata</i> subsp. <i>ovoidea</i>	Ovoid Prickly Moses

Botanical Name	Common Name
<i>Acacia verticillata</i> subsp. <i>verticillata</i>	Prickly Moses
<i>Aotus ericoides</i>	Common Aotus
<i>Bossiaea cinerea</i>	Showy Bossiaea
<i>Bossiaea prostrata</i>	Creeping Bossiaea
* <i>Callistachys lanceolata</i>	Greenbush
* <i>Chamaecytisus palmensis</i>	Tree Lucerne
* <i>Cytisus scoparius</i>	English Broom
<i>Daviesia brevifolia</i>	Leafless Bitter-pea
<i>Daviesia latifolia</i>	Hop Bitter-pea
<i>Daviesia leptophylla</i>	Narrow-leaf Bitter-pea

	* <i>Modiola caroliniana</i>	Red-flower Mallow
r	<i>Thomasia petalocalyx</i>	Paper Flower

Botanical Name	Common Name
Menyanthaceae	
<i>Ornduffia reniformis</i>	Running Marsh-flower
Monimiaceae	
<i>Hedycarya angustifolia</i>	Austral Mulberry
Montiaceae	
<i>Montia australasica</i>	White Purslane
Myrtaceae	
* <i>Agonis flexuosa</i>	Willow Myrtle
* <i>Angophora costata</i> subsp. <i>costata</i>	Smooth-barked Apple
* <i>Astartea heteranthera</i>	Astartea
* <i>Babingtonia</i> sp.	Babingtonia
* <i>Callistemon hybrids</i>	Not listed in VicFlora
* <i>Callistemon citrinus</i>	Crimson Bottlebrush
* <i>Callistemon rugulosus</i>	Scarlet Bottlebrush
* <i>Callistemon rigidus</i>	Stiff Bottlebrush
* <i>Callistemon sieberi</i>	River Bottlebrush
* <i>Callistemon</i> sp. (? <i>pallidus</i>)	Bottlebrush
* <i>Callistmon viminalis</i>	Weeping Bottlebrush
<i>Calytrix tetragona</i>	Common Fringe-myrtle

	Botanical Name	Common Name
	* <i>Corymbia ficifolia</i>	WA Flowering Gum
	* <i>Corymbia maculata</i>	Spotted Gum
	* <i>Darwinia citriodora</i>	Not listed in VicFlora.
	<i>Eucalyptus aromaphloia</i>	Scentbark
	<i>Eucalyptus baxteri</i>	Brown Stringybark
	<i>Eucalyptus baxteri</i> x <i>E. obliqua</i>	Stringybark hybrid
	* <i>Eucalyptus botryoides</i>	Southern Mahogany
r	<i>Eucalyptus brookeriana</i>	Brooker's Gum
	* <i>Eucalyptus camaldulensis</i> subsp. <i>camaldulensis</i>	River Red-gum
	* <i>Eucalyptus cladocalyx</i>	Sugar Gum
	* <i>Eucalyptus conferruminata</i>	Bald Island Marlock
	* <i>Eucalyptus cornuta</i>	Yate
	* <i>Eucalyptus crenulata</i>	Buxton Gum
	<i>Eucalyptus cytellocarpa</i>	Mountain Grey-gum
r	<i>Eucalyptus falciformis</i>	Western Peppermint
	* <i>Eucalyptus globulus</i> subsp. <i>globulus</i>	Southern Blue-gum
	* <i>Eucalyptus gomphocephala</i>	Tuart
	* <i>Eucalyptus kitsoniana</i>	Bog Gum

	Botanical Name	Common Name
	<i>Eucalyptus goniocalyx</i>	Bundy
f e	<i>Eucalyptus leucoxylon</i> subsp. <i>bellarinensis</i>	Bellarine Yellow-gum
	<i>Eucalyptus leucoxylon</i> subsp. <i>bellarinensis</i> x * <i>E. tricarpa</i> (planted)	Eucalypt hybrid
	* <i>Eucalyptus leucoxylon</i> subsp. <i>megalocarpa</i>	Large-fruit Yellow-gum
v	<i>Eucalyptus littoralis</i>	Otway Grey-gum
v	<i>Eucalyptus littoralis</i> x <i>E. ovata</i> var. <i>ovata</i>	Eucalypt hybrid
	<i>Eucalyptus obliqua</i>	Messmate Stringybark
	<i>Eucalyptus ovata</i> var. <i>ovata</i>	Swamp Gum
	<i>Eucalyptus pauciflora</i> subsp. <i>pauciflora</i>	Snow Gum
	<i>Eucalyptus radiata</i> subsp. <i>radiata</i>	Narrow-leaf Peppermint
	* <i>Eucalyptus sideroxylon</i> subsp. <i>sideroxylon</i>	Mugga
	* <i>Eucalyptus scias</i> subsp. <i>scias</i>	Gum
	<i>Eucalyptus tricarpa</i> subsp. <i>tricarpa</i>	Red Ironbark
	<i>Eucalyptus viminalis</i> subsp. <i>cygnetensis</i>	Rough-barked Manna-gum
	<i>Eucalyptus viminalis</i> subsp. <i>viminalis</i>	Manna Gum
r	<i>Eucalyptus yarraensis</i>	Yarra Gum
r	<i>Euryomyrtus ramosissima</i> subsp. <i>prostrata</i>	Nodding Baeckea
	* <i>Kunzea ambigua</i>	White Kunzea

Botanical Name	Common Name
* <i>Kunzea baxteri</i>	Crimson Kunzea
* <i>Kunzea ericoides s.l.</i>	Burgan
* <i>Kunzea pomifera</i>	Muntries
<i>Leptospermum continentale</i>	Prickly Tea-tree
* <i>Leptospermum laevigatum</i>	Coast Tea-tree
* <i>Leptospermum laevigatum x L. myrsinoides</i>	Coast Tea-tree/Heath Tea-tree hybrid
<i>Leptospermum lanigerum</i>	Woolly Tea-tree
<i>Leptospermum myrsinoides</i>	Heath Tea-tree
* <i>Leptospermum petersonii</i>	Lemon-scented Tea-tree
<i>Leptospermum scoparium s.l.</i>	Manuka
* <i>Leptospermum polygalifolium</i> subsp. <i>polygalifolium</i>	Tea-tree
* <i>Leptospermum turbinatum</i>	Shiny Tea-tree
* <i>Melaleuca armillaris</i> subsp. <i>armillaris</i>	Giant Honey-myrtle
* <i>Melaleuca brevifolia</i>	Mallee Honey-myrtle
* <i>Melaleuca decussata</i>	Totem-poles
* <i>Melaleuca diosmifolia</i>	Green Honey-myrtle
* <i>Melaleuca halmaturorum</i> subsp. <i>halmaturorum</i>	Salt Paperbark

Botanical Name	Common Name
* <i>Melaleuca hypericifolia</i>	Hillock Bush
* <i>Melaleuca incana</i> subsp. <i>incana</i>	Grey Honey-myrtle
* <i>Melaleuca huegelii</i>	Honey-myrtle
<i>Melaleuca lanceolata</i>	Moonah
* <i>Melaleuca nesophila</i>	Showy Honey-myrtle
* <i>Melaleuca parvistaminea</i>	Rough-barked Honey-myrtle
* <i>Melaleuca</i> sp. (Painkalac Creek)	Honey-myrtle
<i>Melaleuca squamea</i>	Swamp Honey-myrtle
<i>Melaleuca squarrosa</i>	Scented Paperbark
* <i>Taxandria parviceps</i>	Myrtle
Oleaceae	
* <i>Fraxinus angustifolia</i> subsp. <i>angustifolia</i>	Desert Ash
Onagraceae	
<i>Epilobium billardierianum</i> subsp. <i>billardierianum</i>	Smooth Willow-herb
<i>Epilobium billardierianum</i> subsp. <i>cinereum</i>	Grey Willow-herb
* <i>Epilobium ciliatum</i>	Glandular Willow-herb
<i>Epilobium hirtigerum</i>	Hairy Willow-herb
* <i>Epilobium hirsutum</i>	Great Willow-herb

	Botanical Name	Common Name
	* <i>Oenothera glazioviana</i>	Reddish Evening-primrose
Orobanchaceae		
	<i>Euphrasia collina</i> subsp. <i>collina</i>	Purple Eyebright
	* <i>Parentucellia latifolia</i>	Red Bartsia
	* <i>Parentucellia viscosa</i>	Yellow Bartsia
Oxalidaceae		
	<i>Oxalis</i> aff. <i>exilis</i> (<i>glabrescent</i>)	Wood Sorrel
	* <i>Oxalis articulata</i>	Sourgrass
	* <i>Oxalis corniculata</i>	Creeping Wood-sorrel
	<i>Oxalis exilis</i>	Shady Wood-sorrel
	* <i>Oxalis incarnata</i>	Pale Wood-sorrel
	<i>Oxalis perennans</i>	Grassland Wood-sorrel
	* <i>Oxalis pes-caprae</i>	Soursob
	* <i>Oxalis purpurea</i>	Large-flower Wood-sorrel
	<i>Oxalis radicata</i>	Stout-rooted Wood-sorrel
	<i>Oxalis</i> sp. aff. <i>exilis</i> (<i>Lorne</i>)	Wood-sorrel
	<i>Oxalis rubens</i>	Dune Wood-sorrel
k	<i>Oxalis thompsoniae</i>	Fluffy-fruit Wood-sorrel

Botanical Name	Common Name
Papaveraceae	
* <i>Fumaria bastardii</i>	Bastard's Fumitory
* <i>Fumaria muralis</i> subsp. <i>muralis</i>	Wall Fumitory
* <i>Fumaria</i> sp.	Fumitory
* <i>Papaver somniferum</i>	Opium Poppy
Passifloraceae	
* <i>Passiflora caerulea</i>	Blue Passion-fruit
* <i>Passiflora tarminiana</i>	Banana Passion-fruit
Phytolaccaceae	
* <i>Phytolacca octandra</i>	Red-ink Weed
Phrymaceae	
<i>Mazus pumilio</i>	Swamp Mazus
<i>Thyridia repens</i>	Creeping Monkey-flower
Phyllanthaceae	
<i>Phyllanthus gunnii</i>	Shrubby Spurge
<i>Phyllanthus hirtellus</i>	Thyme Spurge
<i>Poranthera microphylla</i>	Small Poranthera
Pittosporaceae	
* <i>Billardiera fusiformis</i>	Bluebell Creeper

	Botanical Name	Common Name
	<i>Billardiera mutabilis</i>	Common Apple-berry
	<i>Billardiera versicolor</i>	Pale Apple-berry
	<i>Bursaria spinosa</i> subsp. <i>spinosa</i>	Sweet Bursaria
	<i>Cheiranthra linearis</i>	Blue Finger-flower
	* <i>Pittosporum crassifolium</i>	Karo
	* <i>Pittosporum undulatum</i>	Sweet Pittosporum
	<i>Rhytidosporum procumbens</i>	White Marianth
Plantaginaceae		
	* <i>Callitriche brutia</i> subsp. <i>brutia</i>	Thread Water-starwort
	<i>Callitriche muelleri</i>	Round Water-starwort
	* <i>Callitriche palustris</i> var. <i>plaustris</i>	Swamp Water-starwort
	* <i>Callitriche stagnalis</i>	Common Water-starwort
k	<i>Gratiola pedunculata</i>	Stalked Brooklime
	<i>Gratiola peruviana</i>	Austral Brooklime
	<i>Gratiola pubescens</i>	Glandular Brooklime
r	<i>Gratiola pumilo</i>	Dwarf Brooklime
	* <i>Plantago coronopus</i>	Buck's-horn Plantain
	<i>Plantago debilis</i>	Shade Plantain
	<i>Plantago hispida</i>	Hairy Plantain

	Botanical Name	Common Name	
	* <i>Plantago lanceolata</i>	Ribwort	
	* <i>Plantago major</i>	Greater Plantain
