Budget Activity: III - Intelligence and Communications

I. Description of Operations Financed.

This budget activity provides support to the Strategic Forces and General Purpose Forces program in the area of cryptology, general defense intelligence, foreign counterintelligence, investigative service, communications, and other specialized support such as Navy oceanographic program and base operations.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

Activity Group: Leased Communications
Budget Activity: III - Intelligence & Communications

I. Description of Operations Financed

This activity group provides for the continuing financial support for leasing, acquisition and implementation of communications services and related systems and facilities. Approved telecommunications requirements are implemented in response to tasking from designated, validating authorities. With minor exceptions, all requirements are first reviewed by the Naval Telecommunications Command and then considered for approval by the appropriate authority. Implementation is accomplished in the most cost-effective manner possible. The submitted requirements are analyzed, evaluated and necessary amplifying information obtained as follows: ensure that requestor has properly stated the requirement; review Navy and DOD data bases and coordinate to determine the availability of uncommitted resources; ascertain status of any planned facilities which will become available within the required operational time frame; prepare recommendations, as necessary, leading to validation and subsequent programming and budgeting. All circuits, both leased and government owned, are under periodic review with the requiring activities to determine continued need.

Two significant changes in the scope of operations financed are included in this submission. Due to increasing costs and the inability to exert effective management control over unofficial calls/activity usage, beginning in FY 1988, the Department of the Navy has withdrawn from participation in the Federal Telephone Service (FTS). Base communications funding has been increased to allow competitive procurement of communications services previously provided by the FTS. Also, FY 1988 is the final year of the contractual period of advance payments for LEASAT service. In FY 1989, LEASAT funding is only for Tracking, Telemetry and Control.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	FY 1986	FY 1987			FY 1988 Budget Request	FY 1989 Budget Request
		Budget Request	Appro- piation	Current Estimate		
Leased Communications	<u>194,625</u>	<u>198,676</u>	<u>189,097</u>	<u>198,202</u>	<u>200,040</u>	<u>180,336</u>
Total	194,625	198,676	189,097	198,202	200,040	180,336

Activity Group: Leased Communications (Cont'd)

B. Reconciliation of Increases and Decreases.

1. FY 1987 Current Estimate		\$198,202
2. Pricing Adjustments		19,039
A. Industrial Fund Rates	(16,440)	
B. Other Pricing Adjustments	(2,599)	
3. Program Increases		5,637
A. Annualization of FY 1987 Increase	(924)	
1) RIXT/SPT: Continues upgrade to Navy Standard RIXT software and DCT 9000 replacement.	924	
B. Other Program Growth in FY 1988	(4,713)	
1) Satellite Support Adak - Provides funding for the lease of a second satellite earth terminal and four satellite transponders for restoration of high speed and voice circuits to/from Adak in the event existing aged terminal fails, thereby isolating Adak.	404	
2) Defense Data Network (DDN) - Beginning in FY 1988 the CSIF will fund not only leased line communications but also capital investments to support back-bone requirements.	3,925	
3) AUTOVON - This increase supports 28 two-way routine AUTOVON circuits for the Naval Strike Warfare Center.	384	
4. Program Decreases		-22,838
A. Other Program Decreases in FY 1988	(-22,838)	
1) Decrease in scheduled LEASAT payments	-180	
2) Department of Navy withdrawal from the Federal Telephone System	-22,658	
5. FY 1988 President's Budget Request		\$200,040

Activity Group: Leased Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

6. Pricing Adjustments		17,545
A. Industrial Funds	(16,915)	
B. Other Pricing Adjustments	(630)	
7. Program Increases		1,248
A. Annualization of FY 1988 Increases	(260)	
1) Increase to fund full year cost for the Naval Strike Warfare Center.	61	
2) Continuing effort to upgrade RIXT/SRT Software	159	
3) Increase to fund full year cost of Defense Data Network CSIF capital investments	40	
B. Other Program Growth in FY 1989	(988)	
1) WASHINGTON AREA WIDEBAND SYS (WAWS) Supports the conversion of the DCS from analog to digital transmission and consolidates DCS communications in the Washington D.C. and Norfolk areas into a more coherent, efficient communications system.	400	
2) Mediterranean Realignment - Provides leased communications support needed to achieve a balanced HF capability in the Mediterranean area.	50	
3) LDMX/NAVCOMPARS - Supports leased maintenance charges associated with replacing single processor 70/45 LDMX's with dual processor 90/60 LDMX's.	538	
8. Program Decreases		-38,497
A. Other Program Decreases in FY 1988	(-38,497)	
1) AUTOVON line disconnects and circuit terminations expected to result from audit and validation of user needs.	-740	

Activity Group: Leased Communications (Cont'd)

III. <u>Performance Criteria (Cont'd)</u>	<u>FY 1986</u>	<u>FY 1987</u>	<u>FY 1988</u>	<u>FY 1989</u>
5. <u>LEASED SATELLITE</u>	39,882	38,569	38,389	632
<p>LEASAT replaces GAPPILLER satellites and provides more effective, reliable and survivable communications links among Navy mobile forces and between these forces and command elements ashore.</p>				
6. <u>DEFENSE DATA NETWORK</u>	16,968	16,723	27,300	29,540
<p>Provides worldwide survivable and secure packet switching capability to services/agencies computer networks. The DDN provides subscribers with interactive query/response and bulk transfer capabilities plus formal message services, electronic mail, and teleconferencing services. In the post FY 1987 time frame, the DDN will support the (I-S/A AMPE) and the AUTODIN community.</p>				
7. <u>FEDERAL TELEPHONE SERVICE (FTS)</u>	24,053	20,635	0	0
<p>Access to and use of the capabilities of the General Services Administration (GSA) managed telephone system where AUTOVON and commercial direct distance dialing service is proved uneconomical and/or unavailable.</p>				
8. <u>CINCPAC VOICE ALERT NETWORK</u>	1,715	1,707	1,774	1,834
<p>A dedicated voice alert network in support of the Commander in Chief Pacific (CINCPAC). The facilities are available for use by the component commands as common user voice circuits subject to pre-emption by CINCPAC.</p>				
9. <u>NTS Wideband Leases</u>	1,209	1,204	1,251	1,294
<p>Leased Wideband channels from which additional narrow-band channels are derived in providing transmission media for the Defense Communications Systems and the Naval Telecommunications Systems.</p>				

Activity Group: Leased Communications (Cont'd)

III. <u>Performance Criteria (Cont'd)</u>	<u>FY 1986</u>	<u>FY 1987</u>	<u>FY 1988</u>	<u>FY 1989</u>
14. <u>COMMERCIAL REFILE COMMUNICATIONS</u>	1,514	1,653	1,714	1,772
<p>This program finances the cost of delivery of messages by domestic and international common carriers as required for the conduct of official government business.</p>				
15. <u>OTHER LEASED SERVICES</u>	15,187	19,689	19,086	20,138
<p>This program finances other approved telecommunications circuitry and services such as: services for the Chief of Naval Operations and Commandant of the Marine Corps; an interim system interfacing intelligence and operational components of the Fleet; circuitry necessary for the execution of station missions, tasks and functions; circuitry in support of personnel accounting functions of the Chief of Naval Personnel; communication links between major commands and the National Command Authority; and, miscellaneous support programs not otherwise categorized.</p>

Department of the Navy
 Operation and Maintenance, Navy
 Exhibit OP-5

Activity Group: Worldwide Military Command and Control System (WWMCCS)
 Budget Activity: III - Intelligence & Communications

I. Description of Operations Financed.

The Worldwide Military Command and Control System (WWMCCS) offers the means for command and control of U.S. Military Forces. The system provides rapid, reliable and secure Automatic Data Processing (ADP) systems at and between WWMCCS nodes throughout the world. Resources for this program support WWMCCS Engineering and Installation, WWMCCS Tactical Software Development and WWMCCS Station Operations. The WWMCCS Engineering and Installation program provides funds for engineering installation plans and installation of all WWMCCS ADP and associated communications support equipment. WWMCCS Tactical software Development provides for design, development, maintenance and technical support of standard WWMCCS applications systems computer programs. The major functions of WWMCCS Station Operations are directed toward operation and maintenance of Automatic Data Processing Equipment (ADPE) to support Navy command authorities and subordinate commanders in carrying out command and control functional tasks. Included are monitoring current situations including the status of U.S. and non-U.S. forces, responding to warning and threat assessments, employing forces and executing operations plans, performing attack strike damage assessment, reconstituting and redirecting forces, and terminating hostilities and active operations.

B. Reconciliation Increases and Decreases.

1. FY 1987 Current Estimate		\$26,370
2. Pricing Adjustments		1,120
A. Annualization of Direct Pay Raises	(36)	
1) Classified	35	
2) Wage Board	1	
B. Stock Fund	(-19)	
1) Non-Fuel	-19	
C. Industrial Fund Rates	(11)	
D. Annualization of FERS	(425)	
E. Other Pricing Adjustments	(667)	
3. Program Increases		2,589
A. Annualization of FY 1987 Increases	(115)	
1) Funds are required for annualization of civilian personnel costs in support of WIS modernization and implementation which begins in FY 1987.	115	
B. Other Program Growth in FY 1988	(2,474)	
1) Increase supports Civilian Permanent Change of Station moves from twelve to sixteen moves for Commander, United States, Korea (COMUSFORKOREA).	191	
2) Increase of one civilian workyear at COMUSFORKOREA.	34	
3) Increase in travel for training associated with operation of the Local Area Network (LAN) and the Common User System (CUS)/Automated Message Handling system.	55	

Activity Group: Worldwide Military Command and Control System (WWMCCS) (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|----|--|-----|
| 4) | Hardware maintenance support for WIS will follow the evaluation of WIS block development. WIS hardware and software will be phased in by means of three blocks. Each block consists of software and/or hardware upgrades and capabilities. Block A will consist of local area network (LAN), initial automated message handling (AMH) system and common user processor/peripherals. Block B will consist of a joint mission host processor with peripherals and upgrades to the LAN and AMH. Block C is predominantly software refinement. WIS implementation schedule for Navy supported sites is as follows: Block A, fiscal year 1987-1991 and Block B, fiscal year 1988-1993. WIS and WWMCCS hardware will operate in parallel until software conversion is accomplished. Transition plans call for a two year parallel operational phase-in for Block B hardware. | 923 |
| 5) | Software conversion associated with contractor support for operation of WIS equipment during the transition period is required to develop and write computer programs and to assist in operation of new equipment. | 299 |
| 6) | WWMCCS maintenance contract at CINCLANTFLT reflects an increase for an additional field engineering/systems analyst to support GCOS 8 transition. | 44 |
| 7) | Start-up of WIS command and site unique software conversion contract support. | 919 |

Activity Group: Worldwide Military Command and Control System (WWMCCS) (Cont'd)

8. Reconciliation of Increases and Decreases (Cont'd)

8) CIVPERS increase for one additional paid day in FY 1988.	9	
4. Program Decreases		-4,411
A. One-Time FY 1987 Costs	(-1,157)	
1) Maritime Defense Zone installations funded in FY 1987 complete.	-625	
2) Decrease for one-time FY 1987 costs associated with the Local Area Network (LAN) and Communication Sub-system Area which contains the hardware and software to provide a secure data communications service, allowing the various WIS hosts and workstations at a site to interact. Includes interfaces via gateways with long-haul networks for communications with other sites, as well as interfacing with non-WIS systems.	-532	
B. Other Program Decreases in FY 1988	(-3,254)	
1) Dollar savings associated with application of historical economic mix of full-time permanent and temporary employees.	-29	
2) Decrease in equipment installations in FY 1988.	-2,867	
3) Reduction in WWMCCS contract support and equipment maintenance.	-358	
5. FY 1988 President's Budget Request		\$25,688
6. Pricing Adjustments		523
A. Stock Fund	(-12)	
1) Non-Fuel	-12	
B. Industrial Fund Rates	(1)	
C. Annualization of FERS	(17)	
D. Other Pricing Adjustments	(517)	

Activity Group: Worldwide Military Command and Control System (WWMCCS) (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

7. Program Increases		3,179
A. Other Program Growth in FY 1989	(3,179)	
1) Funds required for maintenance of WIS equipment as well as additional costs for existing WWMCCS equipment until phase-out in FY 1990.	1,961	
2) Increase in contract support for software modifications, coding, testing and documenting changes in Navy WWMCCS software standardization releases. Packages used by WWMCCS sites at CINCPAC, CINCLANT, CINCUSNAVEUR, and the Navy Command Center.	1,218	
8. Program Decreases		-1,730
A. Other Program Decreases in FY 1989	(-1,730)	
1) Decrease reflects Permanent Change of Station moves due to reduction from sixteen moves in FY 1988 to two moves in FY 1989 for COMUSFORKOREA.	-574	
2) Decrease contract support in site surveys/installations of equipment and software maintenance.	-1,136	
3) CIVPERS decrease of two paid days in FY 1989.	-20	
9. FY 1989 President's Budget Request		\$27,640

Activity Group: Worldwide Military Command and Control System (WWMCCS) (Cont'd)

 Budget Activity: III - Intelligence & Communications

I. Description of Operations Financed.

This program finances operating costs of the Headquarters, Naval Telecommunications Command consisting of military and civilian personnel who manage and direct the operation and maintenance of Naval Telecommunications. Personnel ensure that funding, manpower, and communication systems are properly provided to accomplish assigned tasking from the Chief of Naval Operations, Fleet Commanders and other governmental bodies for whom the Navy provides communications.

II. Financial Summary (Dollars in Thousands).

Budget Activity: III - Intelligence & Communications

I. Description of Operations Financed.

Station Operations

These funds support Naval Communications Area Master Stations, Naval Communications Stations, Naval Communications Units, and the ongoing efforts of the Naval Telecommunications Command Automation Software Program (ashore and afloat).

Equipment Installation

These installation projects provide operational commanders with reliable, secure, and rapid information transfer systems for effective command and control of the Navy. Supported in this program are Fleet Statellite Communications requirements and the Minimum Essential Emergency Communications Network (MEECN).

Communications Security

Communications Security (COMSEC) program functions include providing technical and engineering support in the development and operational evaluation of new equipment, subsystems and ancillary devices and performance of comprehensive instrumented tests (TEMPEST surveys) of shipboard and shore facilities handling classified information. COMSEC further includes maintenance, overhaul, repair and modification costs for Fleet cryptographic devices and systems. The Signals Security program encompasses six basic operations including surveillance, training, vulnerability assessment, engineering and technical services, installation and de-installation, and overhaul/refurbishment. Operations financed under Navy Communications Security Material System include management and operation of the office of the Director, management of COMSEC material, a Central Office of Record to account for all COMSEC material, and development of procedures to be used in situations where the physical security of COMSEC material has been violated.

Activity Group: Other Communications (Cont'd)

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

3. Functional Program Transfers	235
A. Transfers In	(235)
1) Inter-Appropriation	235
a) In response to a request from the Congress to review the adequacy of expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment prices and uneconomical lease versus buy decisions.	(235)
4. Program Increases	42,145
A. Other Program Growth in FY 1988	(42,145)
1) <u>Submarine Satellite Communications (SATCOM)</u> - Provides installation and maintenance of Ultra High Frequency (UHF) SATCOM communications systems which support the exchange of message traffic between shore submarine command centers and submarines.	2,103
2) <u>Radio Direction Finding (RDF) Communications</u> - Provides for the UHF satellite exchange of Special Intelligence (SI) data to support ships equipped with RDF Systems. This includes the Tactical Intelligence Information Exchange Subsystems (TACINTEL), which provide field activity support for new TACINTEL installations on BB-61, BB-62, BB-63, and BB-64. Increase in FY 1988 reflects software support, maintenance and installation of TACINTEL Systems. Combat DF communications interface is being added to appropriately equipped ships.	1,303

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 3) Battle Group Satellite 1,507
Communications - Provides installation and maintenance of tactical Ultra High Frequency (UHF) SATCOM communications systems which support the exchange of command and control traffic and over-the-horizon targeting data between major combatants, command ships, attack submarines and selected shore support sites. Battle Group SATCOM includes: Tactical Data Information Exchange Subsystems (TADIXS), which provide a one-way UHF satellite link for broadcast of over-the-horizon targeting (OTH-T) data from shore sites to cruise missile/support platforms; and Officer-In-Tactical Command Information Exchange Subsystems (OTCIXS) which provide battle groups with a two-way, tactical UHF satellite link for ship-to-ship exchange of OTH-T data and command and control teletype information. FY 1988 increase reflects installation of TADIXS gateway and OTCIXS facility equipments.
- 4) Demand Assigned Multiple Access 1,603
(DAMA) - Provides for installation of multiplexer systems and phased integration of baseband systems. Increase includes additional AN/WSC-3 mod kit installations and DAMA shore installations of previously unprogrammed requirements.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 5) Satellite Communication (SATCOM) 8,646
Terminals Support - Provides UHF Satellite Communication capabilities for all surface ships, submarines, selected shore sites and special applications (e.g., mobile vans, portable man packs). This includes AN/WSC-3 Vulnerability Modifications, KG-84A Compatibility Modifications, SATCOM Signal Analyzer (SSA), FLTSATCOM Spectrum Monitor (FSM), UHF Transceivers and Receivers, Antennas and associated peripherals and software support. FY 1988 increase provides funds for installation of SSA and supporting diagnostics; AN/WSC-3 field maintenance activity support; increased effort for installation of KG-84A compatibility modification; costs for refurbishment of OE-82 antennas; commencing support and installation of secure voice terminal equipment at the Anti-Submarine Warfare Operational Centers (ASWOC); selected command centers and other critical sites identified following the Achille Lauro crisis; and checkout and installation of SATCOM equipment in mobile vans scheduled for installation on Military Sealift Command Service (MSCS) ships.
- 6) Super High Frequency (SHF) Shore 5,690
Terminals - Provide installation and support for high data rate transfer of oceanographic data-to-shore processors from SURTASS ships, and support installation and maintenance of SHF satellite terminal equipment at shore sites. FY 1988 increase provides support for installations of the AN/GSC-52 earth terminals at Navy Sites IV, V and NAVCAMSLANT; and continued AN/FSC-79 terminal refurbishment to maintain Fleet Broadcast capabilities until Extremely High frequency (EHF) is operational. Increase also provides for the start of High Altitude Electro-Magnetic Pulse (HEMP) modification, SURTASS higher data rate upgrade installations and Radome installations at H. E. Holt.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 7) Spacecraft Satellite Communications (SATCOM) Support - 1,489
Provides logistic support of Leased Satellite (LEASAT) Government Furnished Equipment (GFE); analyzes Fleet Satellite Communications (FLTSATCOM) on-orbit anomalies and support of the qualification model spacecraft used as a diagnostic tool for emulating orbital problems; and planning, preparation and documentation in support of the Ultra High Frequency (UHF) Follow-on Program for contract award, contract monitoring and program oversight. Increase in FY 1988 provides new FLTSAT B support and initial contractor assistance for the UHF Follow-on Program in the areas of contract monitoring, Contract Data Requirement List (CDRL) review, systems engineering and technical support.
- 8) NAVSTAR Global Positioning System (GPS) - 5,007
Provides continuous worldwide three-dimensional positioning capability to the operational forces. User equipment will be installed aboard over 7,000 platforms (aircraft, ships, submarines and land based platforms). FY 1988 is the first year this equipment will be introduced to the Fleet. Increase is for Pre-Installation Test and Checkout (PITCO's), Tech Manual Reviews and Revisions, Equipment conversions, contractor engineering technical services, facility operations and support of equipment being fielded.

Activity Group: Other Communications (Cont'd)

8. Reconciliation of Increases and Decreases (Cont'd)

- 9) Local Digital Message Exchange (LDMX)/ Navy Communications Processing and Routing System (NAVCOMPARS) - Provides automated message preparation, routing and logging to large volume Navy sites. The LDMX interfaces the AUTODIN and the Navy's tactical message exchange systems. FY 1988 increase provides major installations, including design and site preparation, at 2 sites (NCS Puget Sound and NTCC Crystal Plaza), and provides engineering design and site preparation for the FY 1989 installation at NCS Puerto Rico. 245
- 10) High Frequency Antenna Replacement Program - Provides new antennas to replace existing inefficient, obsolete, and cost prohibitive or impossible to maintain antennas (e.g. no spare parts for obsolete antennas) with supportable and efficient antennas. FY 1988 increase will replace 56 antennas at NAVCAMS EASTPAC, NCS H.E. Holt and NCS Stockton. 271
- 11) AN/FRT 96 Transmitter - Replaces the 20 year old AN/FRT 39/40 Transmitters with new 10KW transmitters. The new transmitters are the next generation of reliable HF fleet support. FY 1988 funds will provide for the installation of 99 transmitters at NCS Spain, NCS Iceland, NCS Sigonella, NCS Puerto Rico, and NCS Stockton, an increase of two additional sites. 661
- 12) Mediterranean Ship/Shore Program - Realigns the High Frequency communication in the Mediterranean area to provide a cohesive, supportable, and reliable communications system. This increase includes antenna, transmitter, and receiver upgrades. 221

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|-----|--|-------|
| 13) | <u>NCS Jacksonville Communications Upgrade</u> - Provides replacement of obsolete HF communications antennas and tech control equipment. FY 1988 increase reflects the engineering design and site preparation, costs in equipment installation begun in FY 1987. | 671 |
| 14) | <u>NCU Key West Communications Upgrade</u> - Replaces obsolete HF antennas and tech control equipment with supportable and efficient equipment. FY 1988 increase installs new equipment for the station to meet its Telecommunications Operational Requirement (TELCOR). | 354 |
| 15) | <u>NAVCAMS WESTPAC Communications Upgrade</u> - Provides technical facilities and operational spaces for the telecommunications requirements at NCS Guam. FY 1988 funds provide site preparation, engineering design and equipment installation. | 224 |
| 16) | <u>NCS Iceland Communications Upgrade</u> - Provides for the semi-hardened NAVCOMSTA complex to meet increased requirements of the NATO Combined Operations Center (COC). FY 1988 funds provide site preparation and design engineering. | 346 |
| 17) | <u>DCS Technical Control Improvement Program (TCIP)</u> - A continuing program to upgrade manual technical control facilities within the Shore Naval telecommunications Systems to ensure compatibility and inter-operability between the DCS digital upgrade programs and the automated tech control systems. The FY 1988 funds support major TCIP upgrades at various Naval communications stations. | 1,697 |

Activity Group: Other Communications (Cont'd)

8. Reconciliation of Increases and Decreases (Cont'd)

- 18) Digital Patch and Access Systems (DPAS) - Provides for the assignment and redistribution of circuits within the DCS. Navy participation in this Tri-Service project is essential. The FY 1988 increase provides engineering design at 6 Navy operated DCS locations to ensure connectivity and compatibility with Air Force circuits being installed in FY 1990. 7
- 19) Transmission Monitoring and Control (TRAMCON) - Provides the capability to supervise the transmission effectiveness and effect necessary modifications to the digital terrestrial transmission media from a central control facility. The increase in FY 1988 provides the engineering design and site preparation necessary for the installation in FY 1989 at NCS Phillipines. 4
- 20) Timing and Synchronization Program - Times the synchronous DCS transmissions necessary for the proper operation of the digital DCS. It provides Master station timing sources for all stations having digital capabilities. A lack of timing and synchronization adversely affects the DSN, DDN, and DRAMA systems. These systems will not interoperate without timing and synchronization, thus causing incompatibility between Navy and other military departments. The FY 1988 increase provides for timing and synchronization at 6 sites in conjunction with the Digital Conversion, LSTDM, and DCS VOW programs. 496

Activity Group: Other Communications (Cont'd)

8. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|-----|---|-------|
| 21) | <u>Electro-Magnetic Pulse Hardening (EMP Hardening) PACOM C³ Program</u>
Provides EMP survivability and connectivity throughout PAC COMM for top priority strategic communications circuits. These systems identified in the Pacific area must be protected against upsets or destruction from an EMP event. The FY 1988 increase indicates additional engineering design effort in this area. | 31 |
| 22) | <u>Telecommunication Outfitting -</u>
Increased spare parts requirements. | 111 |
| 23) | <u>KG-84 -</u> Reflects revised cost estimates from field activities performing installations for the KG-84 based on site surveys and cost of long lead material required for the 500 site installations and increased contractor support for implementation, installation, inventory management and logistics. These sites are the major communications nodes and average between 50 to 150 equipments at each site. | 2,617 |
| 24) | <u>NESSEC ENGINEERING OPERATING BUDGET -</u>
Represents contractor support required at NESSEC Washington, D.C. to support general COMSEC logistics, maintenance and implementation efforts. | 41 |
| 25) | <u>CRYPTO REPAIR DEPOT MAINTENANCE</u>
Represents increase of 700 depot maintenance actions required to ensure continued RFI equipments to support Fleet secure communications. | 193 |
| 26) | <u>SECURE CONFERENCING PROJECT (SCP) -</u>
Reflects all Phase I (8 Pacific) and Phase II (16 European) sites being operational. Increased maintenance required to support the 26 sites. | 408 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|--|-------|
| 27) <u>VINSON</u> - Represents an additional 12 Pacific area installations for CINCPAC operational requirements. | 115 |
| 28) <u>CRYPTOGRAPHIC REPAIR MAINTENANCE SUPPORT</u> - Represents one-half additional man/year in both technical support and software support. | 99 |
| 29) <u>SECURE VOICE SYSTEM</u> - Represents an increase in STU-III multiple installations at 40 sites (geographical locations). 89 terminals complete STU-II replacement, 2500 terminals complete AUTOSEVOCOM KY-3 augmentation with STU-III, and continued contractor support for implementation efforts. FY 1988 completes the site surveys and BESEP preparations started in FY 1987 for the Radio Wireline Interface (RWI), and commences installation of the RWI at 6 sites and the ANDVT at 100 sites. | 2,390 |
| 30) Increase of on-orbit TT&C support for three additional satellites for FLTSATCOM. | 516 |
| 31) Contract Operations: Provides for cost increases and DOL wage determinations, over and above prescribed inflation rate, for contract operation and maintenance of selected CONUS and overseas sites. | 917 |
| 32) Satellite Communications: SHF Shore antenna maintenance support for new equipment installations at 14 sites and 5 new sites for jam-resistant secure communications and Spread Spectrum Multiple Access (SSMA) in Navy Defense Satellite Communication System (DSCS). | 1,668 |
| 33) CIVPERS increase for one additional paid day in FY 1988. | 126 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

34) HF Regency Net: Provides funds addressed as Navy's portion to operate DOD Theater Nuclear Force Communications System HF Regency in the European area.	368
5. Program Decreases	-23,870
A. Annualization of FY 1987 Decreases	(-110)
1) Annualization of projected dollar savings resulting from FY 1987 Efficiency Reviews.	-110
B. One-Time FY 1987 Costs	(-3,271)
1) Decrease for one-time FY 1987 costs associated with site preparation and installation of equipment for the FEP Operations Center (FEPOC).	-165
2) Temporary Land lease of 600 acres for transmitter site at Sigonella, Sicily.	-900
3) Antenna maintenance at Wahiawa, HI	-2,206
C. Other Program Decreases in FY 1988	(-20,489)
1) <u>Super-High Frequency (SHF) - Ship Terminals - Provides for life cycle support of AN/SSC-6, An/WSC-2, AN/WSC-6(V)2s, and OM-55 spread spectrum modems and associated ancillaries satisfying the Fleet requirement for anti-jam communications on major combatant ships. Decrease in FY-88 reflects a reduction of maintenance requirements for AN/SSC-6's and AN/WSC-2's as they are phased out of the Fleet.</u>	-1,053

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 2) AN/FGC-178 Teletypewriter Routine Sets Replacement Program -221
Provides an automated system for reducing inter-station handling time for segregation and distribution of multiple address messages received via ship-shore termination. Installations at NCS Phillipines, NCS Japan, NCS Greece and NCS Spain are to be completed in FY 1987. The installation at NCS Puerto Rico in FY 1988 represents the last scheduled installation for the replacement system. The FY 1988 decrease reflects a reduction in the number of installations.
- 3) Fleet Operational Telecommunications Automated Control System (FOTACS) -17
Provides the Fleet Tactical Operations Centers (FOTC) with an automated method of maintaining the inventory of Naval Telecommunications Systems (NTS) communications electronics resources. The FY 1988 decrease represents the completion of the installation for FOTACS at the major NAVCAMS and the test bed at NTSIC.
- 4) Naval Automated Message Routine and Distribution System (NAMRADS) -111
Is an on-line programable system which provides automated message reproduction and distribution. NAMRADS interfaces directly with NAVCOMPARS, RIXT and LDMX. The decrease in FY 1988 represents the completion of installation of the procured systems.
- 5) Remote Automated Terminals/ Standard Remote Terminals/Remote Informational Exchange Terminal Program (RAT/SRT/RIXT) -887
Upgrades and standardizes the Navy's shore terminals which interface/integrate with AUTODIN. FY 1988 decrease reflects a reduction of 8 RIXT upgrades.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 6) Manual Relay Center Modernization Program (MARCEMP) - Designed -29
to automate the manual torntape ship fleet relay center operations by providing efficient, accountable, message relay while reducing existing message backlogs. There already exists a serious backlog and delay in message traffic which cannot be reduced without automation. FY 1988 decrease reduces engineering design at 3 sites.
- 7) Inter-Service/Agency Automated Message Processing Exchange (I-S/A AMPE) - A tri-service program to -114
upgrade/standardize and replace the current message exchange units in use by each service. I-S/A AMPE will replace the existing Navy units and will become a functional replacement for the AUTODIN switching centers. FY 1988 decrease reflects a rescheduling of the program.
- 8) NAVMACS V5 - Provides System -720
Improvement Testing and maintenance on existing NAVMACS software and necessary change documentation. Decrease reflects reduced testing and software maintenance.
- 9) AN/FRT 80 Transmitter Rehab Program - Corrects defects in -86
the AN/FRT 80 series HF transmitters by installing new exciters, and will extend the life of the equipment until the new transmitters are available. Decrease reflects fewer installations at four less sites.
- 10) High Frequency Surtass Program - -179
Provides communications equipment at selected communications stations to support the deployment of TAGOS ships. FY 1987 funds complete the planned HF SURTASS project and no requirements exist in FY 1988.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 11) High frequency Chirpsounder Installations -164
Provides an ionospheric sensing device to provide more reliable communications, especially when HF propagation is uncertain, by determining which frequencies are optimum for transmission between two points. FY 1987 funds will complete the HF Chirpsounder installation project at NCS San Diego, NCS Adak, NCU Key West, and NCS Iceland.
- 12) UHF Fleet Support -136
Provides for the installation of communications equipment necessary to support the Fleet while in port. The decrease in FY 1988 reflects project completion in FY 1987.
- 13) Navy STD TTY Replacement -60
Provides a new teletypewriter for ship and shore users to replace the outdated model 28. The FY 1988 decrease reflects the delay in the start of installation design at selected NCS shore sites.
- 14) Van Communication Systems -220
Provides Ashore Mobile Contingency Communications (AMCC) vans to provide FLTCINCS with a mobil tactical communications capability for emergency deployment and shelter for current vans. FY 1988 reflects a reduction in van support, and discontinuation of van basing at four sites.
- 15) Electrical Power Program -189
Reduction in no-break power and emergency power for communications facilities during base power interruptions.

Activity Group: Other Communications (Cont'd)

8. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|--|--------|
| 16) <u>Regency Net</u> - Provides Navy fair share costs for the Navy's portion of DCS communications activities worldwide. FY 1988 decrease reflects a reduction in engineering design and site preparation for 5 additional European sites and 6 additional Pacific sites. | -243 |
| 17) <u>Relocation, Expansions and Upgrades Documentation</u>
Decrease reflects redistribution of costs to each project. | -2,391 |
| 18) <u>NCS Diego Garcia Communications Upgrade</u> - Provides technical facilities and operational spaces for the telecommunications requirements of NCS Diego Garcia. FY 1987 funds completed the installation. FY 1988 decrease represents the completion of this project. | -500 |
| 19) <u>NCS Sigonella Communications Upgrade</u> - Corrects HF shortfalls at Sigonella, and is an essential element in the Med Communications realignment plan. FY 1988 decrease results from completion of engineering design and site preparation in FY 1987 and reduced costs in equipment installations begun in FY 1987. | -17 |
| 20) <u>NCS London Communications Upgrade</u> - Provides increased and expanded capability for CNE and subordinate commander. FY 1988 decrease reflects a reduction in the relocation and installation of renovated and new communications equipment. | -424 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 21) NCS Hampton Roads Communications Upgrade Project -500
Provides an efficient and supportable telecommunications capability to meet the Telecommunications Operational Requirement (TELCOR) of the area. Decrease reflects a reduction in the relocation or installation of new or renovated C³I communications equipment.
- 22) DCS Technical Evaluation Program (TEP) -431
Provides 4 teams of specially trained engineers and technicians to perform the Technical Evaluation and Test and quality assurance functions for all Navy DCA shore based Secure Voice Systems (AUTOSEVOCOM), and all Navy DCA sponsored wideband transmission systems on a continual basis. Decrease reflects a reduction in evaluation and test requirements.
- 23) DCS Voice Orderwire (VOW) Program -344
Provides for the installation of the previously purchased orderwire communications terminal equipment required to implement the standardized world-wide DCS orderwire network. The Decrease reflects a reduction in installation at 7 sites in conjunction with Digital Conversion, LSTDM, and Timing Synchronization programs.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 24) Digital Conversion Worldwide (DRAMA) Program -1,085
Provides upgrade of microwave systems in support of the Worldwide Military Command Systems, Unified/Specified/Component Commanders, and Navy tactical communications requirements in conjunction with the overall DCA strategy of conversion of the DCS to an all digital transmission medium. The FY 1988 decrease reflects a reduction in engineering design and preinstallation site preparation at NAVCAMS MED and Northern UK, and equipment installation at Thurso, Greece, Adak, Bermuda, and H.E. Holt in conjunction with the Digital Conversion, LSTDM, and DCS VOW programs. Decrease represents two less design/site preps and fewer installations at 2 sites.
- 25) Low Speed Time Division Multiplex (LSTDM) Program -222
Replaces outdated Voice Frequency Carrier telegraph equipment with high rate, supportable digital equipment. Decrease reflects a reduction in LSTDM installations at 5 Naval communications Stations in conjunction with the DRAMA, Timing and Synchronization, and VOW programs.
- 26) Defense Data Network (DDN) Program -47
Provides DOD with cost effective, survivable and secure packet switching services for ADP and Rework communications. Site surveys at unclassified and classified nodes are continuing. The FY 1988 decrease reflects a change in mix to less costly installations at unclassified nodes.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|---|------|
| 27) <u>AUTOVON/DSN Program</u> - | -291 |
| Provides a telecommunications system with end-to-end common user and dedicated telephone service for the DOD. FY 1988 decrease reflects a reduction in installations at 15 sites. | |
| 28) <u>NATO Inter-Connect</u> - | -114 |
| Provides improved communications capabilities for NATO/US forces via command and control circuits. FY 1988 decrease reflects completion of the project in FY 1987. | |
| 29) <u>NATO Interoperability</u> - | -80 |
| Provides for engineering and design evaluation to assure interoperability of applicable US/NATO systems. Decrease reflects reduction in minor scope variations in determining the interoperability of new systems. | |
| 30) <u>Northern United Kingdom (UK) Communications Expansion Program</u> | -241 |
| Decrease reflects reductions in efforts to complete the effort started under Northern UK Comms (i.e. installing digital microwave radios housed in shelters for the unmanned repeaters, providing critical command and control communications). | |
| 31) <u>Caribbean Realignment</u> | -6 |
| Previously procured equipment necessary to ensure adequate emergency communications capabilities at multiple sites in the Caribbean cannot be installed. | |
| 32) <u>Jam Resistant Secure Communications (JRSC)</u> - | -46 |
| Decrease reflects a reduced level of effort in FY 1988. | |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|---|--------|
| 33) Decrease reflects a reduction in Minimum Essential Emergency and Communications Network (MEECN) laboratory workyears of effort required implementation of ISAPS. | -117 |
| 34) <u>ADVANCED NARROWBAND DIGITAL VOICE TRANSMISSIONAL (ANDVT)</u> - The reduction in 1988 from the FY 1987 level is due to the maturing of the Joint Service Software Support Activity (SSA) and Depot Support operations for the ANDVT program. The production deliveries, beginning in mid-FY 1988, correspond to the Navy Support Date (NSD) for the SSA and Depot Support operations; funding requirements for FY 1988 will be decreased due to diminishing initiation costs. | -120 |
| 35) <u>KW-46</u> - Represents completion of dual installation at shore transmitter sites for the Navy Fleet Broadcast system that was installed in FY 1986/87. FY 1988 will continue to support resolution of Fleet problems to ensure an efficient transition in the Fleet. | -2,662 |
| 36) Decrease for services initially required for start-up and testing of FEP operations. | -572 |
| 37) Automation Ashore - Phased adjustment to software support for automation (LDMX/NAVCOMPARS). | -507 |
| 38) Reductions from host-tenant agreements to limit message processing support. | -1,670 |
| 39) Maintenance and Support costs for management of administrative telephone systems. | -900 |
| 40) Projected end strength and dollar savings resulting from scheduled Efficiency Reviews. | -189 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

41) Defense Switch Network - Europe (DSN-EUR): Reduction in contract maintenance (from \$3792K to \$1768K) of multifunction intermediate switches used for gateway connectivity.	-2,024	
42) Reduction in Contractor Advisory Assistance Services resulting from intense management review.	-560	
6. FY 1988 President's Budget Request		\$219,934
7. Pricing Adjustments		4,564
A. Stock Fund	(-433)	
1) Non-Fuel	-433	
B. Industrial Fund Rates	(633)	
C. FN Indirect	(49)	
D. Annualization of FERS	(310)	
E. Other Pricing Adjustments	(4,005)	
8. Program Increases		12,728
A. Other Program Growth in FY 1989	(12,728)	
1) <u>Super High Frequency (SHF)</u>	24	
<u>Ship Terminals</u> - Provides for life cycle support of AN/WSC-6(V)2s and OM-55 spread spectrum modems and associated ancillaries satisfying the Fleet requirement and anti-jam communications on major combatant ships. Increase in FY 1989 provides software support.		

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 2) Spacecraft Satellite Communications (SATCOM) Support 147
- Provides logistic support of Leased Satellite (LEASAT) GFE, analyzing Fleet Satellite Communications (FLTSATCOM) on-orbit anomalies and support of the qualification model spacecraft used as a diagnostic tool for emulating orbital problems; and planning, preparation and documentation in support of the Ultra High Frequency (UHF) Follow-on program for contract award, contract monitoring and program oversight. Increase in FY 1989 provides additional contractor support for monitoring spacecraft systems testing.
- 3) Extremely High Frequency (EHF) Satellite Communications 280
- Provides for development of modest cost, wisely deployable EHF terminals capable of providing reliable wartime, covert, jam resistant communications under the projected threat environment. Funds provide for preparation of site survey plans for field maintenance activity (FMA), software support activity (SSA), depot maintenance support activity and upcoming MILCON effort in FY 1990.
- 4) NAVMACS V5 - Provides System Improvement Testing and maintenance on existing NAVMACS software and necessary change documentation. FY 1989 increase is for additional testing and software maintenance. 199
- 5) High Frequency Antenna Replacement Program 2,240
- Provides new antennas to replace existing inefficient, obsolete, and cost prohibitive or impossible to maintain antennas (no spare parts for obsolete antennas with supportable efficient antennas). FY 1989 increase will continue installation at NCS NAVCOMS LANT, NCS H.E. Holt and NCS Philippines, and begin installation at 11 new sites.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|-----|---|-----|
| 6) | <u>AN/FRT 80 Transmitter Rehab Program</u> - Corrects defects in the AN/FRT 80 series HF transmitters by installing new exciters, and extends the life of the equipment until new transmitters are available. Increase provides upgrades at 6 additional sites. | 211 |
| 7) | <u>TTY Replacement</u> - Provides a new teletypewriter for ship and shore users to replace the outdated model 28 teletypewriters. FY 1989 funds complete installation design and site preparation for installation at the fleet training centers and selected NCS shore sites. | 477 |
| 8) | <u>Electrical Power Program</u> - Provides no-break power and emergency power for communications facilities during base power interruption. FY 1989 increase provides uninterruptable emergency power at 1 additional communications site. | 293 |
| 9) | <u>MARDEZ</u> - Supports joint Navy/Coast Guard communications during an emergency. | 200 |
| 10) | <u>NCU Key West Communications Upgrade Project</u> - Provides for the replacement of obsolete HF communications antennas and technical control equipment. FY 1989 funds complete the equipment installation for the NCU Key West Upgrade Project. | 21 |
| 11) | <u>Puget Sound Communications Upgrade Project</u> - Enhances communications capabilities at NCS Puget Sound to correct deficiencies to enable the station to meet its expanded technical control and circuit coordination responsibilities. Represents a new effort in FY 1989. | 169 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 12) Automated Technical Control System 250
(ATCS) - Provides automation of circuit patching, routing, alternate-routing, circuit restoral, monitoring, testing, and reporting functions for Navy Technical Control Facilities that are now limited to manual labor in intensive operations. The FY 1989 increase provides system integration and engineering design to be installed at the Naval Telecommunications Systems Integration Center Cheltenham. This engineering design will provide the basis for standardizing the automation of technical control facilities worldwide at 22 sites over the next 5 years.
- 13) DCS Technical Evaluation Program (TEP) 55 - Provides 4 teams of specially trained engineers and technicians to perform the Technical Evaluation and Test and functions for Navy DCA shore based Secure Voice Systems (AUTOSEVCOM) and all Navy DCA sponsored wideband transmission system. Increase is driven by higher AUTOSEVCOM requirements.
- 14) DCS Voice Orderwire (VOW) Program 174 - Provides for the installation of the previously purchased orderwire of communications terminal equipment required to implement the standardized worldwide DCS orderwire network. The FY 1989 funds provide equipment installation at several sites in conjunction with Digital Conversion, LSTDM, and Timing Synchronization programs, including MED and Puerto Rico.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 15) Digital Patch and Access System (DPAS) - Provides for the assignment and redistribution of circuits within the DCS. Navy participation in this tri-service effort is essential to support the DCS. The FY 1989 increase provides additional engineering design and site preparation for equipment installation to begin in FY 1990. 4
- 16) Transmission Monitoring and Control (TRAMCOM) - Provides the capability to supervise and direct terrestrial transmission media from a central location and effect necessary modifications. The FY 1989 increase provides for the equipment installation at the Philippines. 36
- 17) Defense Data Network (DDN) Program - Provides DOD with cost effective, survivable and secure packet switching services for ADP and Rework communications. FY 1989 funds provide site surveys at unclassified and classified nodes and installation of cryptographic equipments at classified nodes. Increase installations at 8 additional nodes. 44
- 18) AUTOVON/DSN Program - Provides a telecommunications system with end-to-end common user and dedicated telephone service for the DOD. The increase reflects equipment installations at 10 sites. 92
- 19) NATO Interoperability - Provides for engineering and design evaluation to assure interoperability of applicable US/NATO systems. Increase reflect minor scope variations to determine the interoperability of new systems. 28

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

20) Increase in Minimal Essential Emergency Communications Network (MEECN) laboratory workyear efforts required for implementation of ISAPS.	3
21) <u>Telecommunication Outfitting</u> - Increase in spare parts requirements.	325
22) <u>NESSEC ENGINEERING OPERATING BUDGET</u> - Represents contractor support required at NESSEC to support general COMSEC logistics, maintenance and implementation efforts.	109
23) <u>CRYPTO REPAIR DEPOT MAINTENANCE</u> Represents increase of 700 depot maintenance actions required to ensure continued RFI equipments to support Fleet secure communications.	1,542
24) Technical Control Improvement Plan (TCIP): Provides funds for operation of additional equipment for technical control functions worldwide.	45
25) Low Speed Time Division Multiplex (LSTDM): Funds will support digital terminals for Navy communications trunks worldwide.	65
26) Defense Switch Network - Europe (DSN-EUR): Provide funds for contract maintenance (from \$1768K to \$3262K) for additional replacement switches.	1,494
27) Maritime Defense Zones (MDZ): Funds will provide communications support for MDZ Pacific.	190
28) Automation Ashore: Phased adjustment to software support for automation (LDMX/NAVCOMPARS).	1,915
29) Antenna Maintenance: Replace VLF ground screen at NAVRADSTA Jim Creek.	614

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

30) Increase for 24-hour FEP operations in support of additional sea/air/land terminals.	1,482	
9. Program Decreases		-24,216
A. Annualization of FY 1988 Decreases	(-691)	
1) Annualization of dollar savings resulting from scheduled FY 1988 Efficiency Reviews.	-351	
2) Annualization of FY 1988 reduction in contract advisory and assistance services resulting from intense management review.	-340	
B. Other Program Decreases in FY 1989	(-23,525)	
1) <u>Radio Direction Finding (RDF) Communications</u> - Provides for the Ultra High Frequency (UHF) satellite exchange of Special Intelligence (SI) data to support ships equipped with RDF systems; Battle Group Satellite Communications (SATCOM) provides installation and maintenance of UHF SATCOM communications systems which support the exchange of command and control traffic, over-the-horizon targeting data between major combatants, command ships, attack submarines and selected shore sites; and Satellite Communication (SATCOM) Support provides UHF Satellite Communication capabilities for all surface ships, submarines, selected shore sites and special applications (e.g. mobile vans, portable man packs). FY 1989 decrease reflects completion in FY 1988 of installation and deferral of vulnerability modifications.	-1,988	

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|----|---|--------|
| 2) | <u>Demand Assigned Multiple Access (DAMA)</u> - Provides for installation of multiplexer systems and phased integration of baseband systems. FY 1989 decrease reflects reduced requirements for shipboard installation support for the TD-1271. | -1,085 |
| 3) | <u>Super High Frequency (SHF) Shore Terminals</u> - Provides high data rate transfer for SURTASS data to shore processors. Decrease reflects fewer SURTASS upgrades in FY 1989 and completion of Radome installation in FY 1988. | -1,012 |
| 4) | <u>NAVSTAR Global Position System (GPS)</u> - Provides continuous worldwide three-dimensional positioning capability to the operational forces. User equipment will be installed aboard over 7,000 platforms (aircraft, ships, submarines and land based platforms). Decrease in FY 1989 reflects reduced effort in equipment conversions. | -157 |
| 5) | <u>AN/FGC-178RPL-51</u>
Decrease reflects the completion of one project in FY 1988. | -51 |
| 6) | <u>Local Digital Message Exchange (LDMX)</u> - Provides automated message preparation, routing and logging to large volume Navy sites. The LDMX interfaces with AUTODIN and the Navy's tactical message exchange systems. FY 1989 decrease reflects FY 1988 completion of equipment installation at NSC Puerto Rico and fewer designs and site preps. | -912 |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 7) Remote Automated Terminals/
Standard Remote Terminals/
Remote Informational Exchange
Terminals (RAT/SRT/RIXT) Programs -297
Upgrades and standardizes the Navy's shore terminals which interface/integrate with AUTODIN. FY 1988 funds installed 8 upgrade packages. Decrease reflects the installation of 7 fewer upgrade packages and minor cost variations due to the uniqueness of each upgrade installation.
- 8) AN/FRT 96 Transmitter - -242
Replaces the 20 year old AN/FRT 39/40 Transmitters with new 10KW transmitters. The new transmitters are the next generation of reliable HF fleet support. FY 1989 decrease represents reduced installations at two less sites.
- 9) Van Communication Systems -328
Ashore Mobile Contingency Communications (AMCC) vans provide FLTCINCS with a mobile tactical communications capability for emergency deployment. FY 1989 reduces funding to provide minimum level AMCC Van support.
- 10) Upgrades, Relocations, and Expansions -104
- Program provides engineering design, technical support, relocation/installation of equipment, and as-built drawings to ensure efficient and effective message processing at the Navy shore telecommunication sites. Decrease reflects redistribution of costs to each project.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|---|------|
| 11) <u>Mediterranean Ship/Shore Program</u> | -5 |
| - Realigns the High Frequency communications in the Mediterranean area to provide a cohesive, supportable, and reliable communications system. It includes antenna transmitter, and receiver upgrades. Decrease reflects reduction in installation and as-built drawings for the Med S/S program. | |
| 12) <u>NCS Jacksonville Communications Upgrade</u> | -658 |
| - Replaces obsolete HF communications antennas and tech control equipment. FY 1988 funding completes equipment installations. FY 1989 decrease reflects completed FY 1988 installations. | |
| 13) <u>NCU Sigonella Communications Upgrade</u> | -455 |
| - Corrects HF shortfalls at Sigonella and is an essential element in the Mediterranean communications realignment plan. FY 1988 funds complete the project. | |
| 14) <u>NCS London Communications Upgrade</u> | -902 |
| - Provides increased and expanded capability for CNE and Subordinate commander. FY 1989 decrease reflects completion of upgrade in FY 1988. | |
| 15) <u>NAVCAMS WESTPAC Communications Upgrade</u> | -179 |
| - Provides technical facilities and operational spaces for the telecommunications requirements at NCS Guam. Decrease represents completed equipment installation in FY 1988. | |

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 16) NCS Hampton Roads Communications Upgrade Project -303
Provides an efficient and supportable telecommunications capability to meet the Telecommunications Operational Requirement (TELCOR) of the area. FY 1988 funds completed installation of C³I communications equipments.
- 17) NCS Iceland Communications Upgrade -102
Provides for the semi-hardened NAVCOMSTA complex to meet increased requirements of the NATO Combined Operations Center (COC). FY 1989 decrease reflects completion of site preparation in FY 1988.
- 18) DCS Technical Control Improvement Program (TCIP) -740
A continuing program to upgrade manual technical control facilities within Shore Naval Telecommunications Systems to ensure compatibility and interoperability between the DCS digital upgrade programs. The FY 1989 funds support TCIP upgrades and support costs at 3 NCS locations. The decrease reflects two less installations.
- 19) Timing and Synchronization Program -344
Times the synchronous DCS transmissions necessary for the proper operation of the digital DCS. It provides Master station timing sources for all stations having digital capabilities. A lack of timing and synchronization would adversely affect and DSN, DDN, and DRAMA Systems. These systems will not interoperate without timing and synchronization. FY 1989 funds provide Master Station timing sources in conjunction with the Digital Conversion, LSTDM, and DCS VOW programs, including future installations at NAVCAMS MED, Diego Garcia, Stockton, and San Diego. The decrease reflects 2 fewer sites being upgraded.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 20) Digital Conversion Worldwide (DRAMA) Program -1,372
Provides up-grade of microwave systems in support of the Worldwide Military Command Systems, Unified/Specified/Component Commanders and Navy tactical communications requirements in conjunction with the overall DCS strategy of conversion of the DCS to an all digital transmission medium. FY 1989 funds provide installation of DRAMA equipment at NAVCAMS MED and Northern UK. Decrease reflects installation reductions at 4 major sites and 4 less design/site preps.
- 21) Low Speed Time Division Multiplex (LSTDM) Program -493
Replaces outdated Voice Frequency Carrier Telegraph equipment with high rate, supportable digital equipment. The FY 1989 funds provide LSTDM installations at 4 communication stations receiving the DRAMA, Timing and Synchronization, and VOW installations. Decrease represents a reduction of 2 installations at 2 fewer sites.
- 22) Electro-Magnetic Pulse Hardening (EMP Hardening PACOM C3) Program -35
Provides EMP survivability and connectivity throughout PAC COMM for top priority strategic communications circuits in the Pacific area which must be protected against upsets or destruction from an EMP event. FY 1989 decrease reflects a reduction in the engineering design effort for this project.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 23) SECURE VOICE INTEROPERABILITY SYSTEM -5,491
- Represents a reduction of 40 sites plus installations being performed in large activities, i.e., Pentagon, Crystal City, large bases, where the geographical location is confined and 200-300 STU-III's can be installed at one time, which has resulted in a lower installation cost, versus installations in FY 1987/88 that were 1-2 STU-III's in sites worldwide. Also reflects reduction due to the Radio Wireline Interface Sites started in FY 1988 being continued at a reduced level of effort.
- 24) CRYPTOGRAPHIC REPAIR MAINTENANCE SUPPORT -551
- Represents a reduction of 3 man/years of technical support and two less man/years of effort required for SAS software support due to fewer SAS installations.
- 25) ADVANCED NARROWBAND DIGITAL VOICE TERMINAL (ANDVT) -276
- The reduction in FY 1989 reflects transition of the SSA and Depot support operations from the implementation phase to the operating phase. Facilities and equipment will be in place and rendering the planned support to the joint service ANDVT program.
- 26) KW-46 -1,526
- Reflects completion of all program support costs in FY 1988.
- 27) KG-84 -2,906
- In FY 1989, installations are scheduled at the smaller Navy communications sites. These sites require an average of 8-25 equipments per site. As a result, each installation can be accomplished for less than the major sites, since material and building modification costs are lower.

Activity Group: Other Communications (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

28) CIVPERS decreases for two less paid days in FY 1989.	-267
29) Reduced level of effort associated with new sites and new equipment in support of Satellite Communications.	-744

10. FY 1989 President's Budget Request \$213,010

III. Performance Criteria. FY 1986 FY 1987 FY 1988 FY 1989

Station Operations (\$000)

Naval Communications Area Master Stations	28,295	30,040	28,982	30,479
Naval Communications Stations	29,846	31,685	30,569	32,149

Operation and Maintenance, Navy
Exhibit OP-05

Activity Group: Environmental/Prediction Support
Budget Activity: III - Intelligence and Communications

I. Description of Operations Financed.

Environmental/Prediction support is provided for programs under Strategic Systems, Tactical and Surveillance Systems, Navigation and Charting, and Command and Control. This support requires the collection and processing of ocean environmental data and the provision of specific products to satisfy: (a) Chief of Naval Operations (CNO) and Defense Mapping Agency (DMA) requirements; (b) CNO, Fleet and Systems Command requirements for Naval air, surface and sub-surface (SSN) operations; (c) DMA requirements for Unified and Specified Command nautical chart deficiencies; and to provide general meteorological and oceanographic services to the Navy.

Environmental surveys are conducted from 12 ships operated by the Military Sealift Command and 3 aircraft operated by Oceanographic Development Squadron EIGHT.

A. Operations in Support of Strategic Systems Details are classified.

B. Operations in Support of Tactical and Surveillance Systems
Oceanographic and geophysical data which influence the performance of active and passive sensor and weapon systems are collected over broad ocean areas to: (1) assist in placement and installation of acoustic arrays and cables for the underwater surveillance network; (2) optimize the Anti-Submarine Warfare (ASW) sea control mission (including offensive and defensive mining and mine countermeasures); and (3) identify the effects that discontinuity areas (fronts and eddies) have on fixed and mobile ASW systems in regard to ASW/USW tactics. Products include computer assisted ASW prediction products, Planning Guides, Area Environmental Assessment, Mine Warfare Pilots and inputs to Fleet tactical manuals and sonar operating doctrine.

C. Operations in Support of Navigation and Charting (1) Hydrography. Hydrographic data are collected in nearshore areas to support the production of coastal, combat, approach, harbor and special purpose nautical charts in satisfaction of DMA requirements. The data are principally collected from two coastal survey ships. Additional data are collected through commercial contracting, national and international cooperative surveys (National Ocean Survey, United Kingdom Navy Hydrographic Department and the Hydrographic Survey Assistance Program (HYSAP)). (2) Magnetics. A specially configured aircraft is used to measure the earth's magnetic field. The collected magnetic data is the primary input for development of the United States World Magnetic Model and is incorporated by DMA onto world charts.

Activity Group: Environmental/Prediction Support (Cont'd)

I. Description of Operations Financed (Cont'd)

D. Operations in Support of Command and Control This activity group encompasses resources for the operation of 66 Naval Oceanography Command Activities. It also provides for centralized technical direction of meteorological and oceanographic prediction functions on naval ships, fleet staffs and Unified staffs including: forecasts and prediction of environmental effects on shipboard weapon sensor systems; optimum track ship routing; surface and sub-surface ice forecasting support for polar areas; Naval Environmental Display Station (NEDS) for Automated Environmental and Weather Network; the Satellite Data Processing and Display System (SPADS); the Navy Oceanographic Data Distribution and Expansion System (NODDLS); and the Primary Environmental Processing System Upgrade (PEPSU).

E. Aircraft Support Operations Aircraft Operations for Environmental/Prediction Support are provided by (1) Oceanographic Development Squadron Eight (VXN-8) for collection of Tactical and Surveillance data and by (2) two helicopters assigned to two large coastal survey ships (AGS's) for collection of Navigation and Charting data. Operations financed in this program include costs for aircraft fuel, maintenance, and TAD in support of aircraft assigned.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988</u> <u>Budget</u> <u>Request</u>	<u>FY 1989</u> <u>Budget</u> <u>Request</u>
		<u>Budget</u> <u>Request</u>	<u>Appro-</u> <u>priation</u>	<u>Current</u> <u>Estimate</u>		
Strategic Systems	57,155	60,509	60,378	60,478	55,991	58,298
Tactical and Surveillance	76,698	70,747	70,421	71,305	53,682	56,313
Navigation and Charting	30,221	31,729	30,576	30,224	30,856	31,221
Command and Control	17,561	21,709	21,410	20,989	23,933	25,402
Total	181,625	184,694	182,785	182,996	164,462	171,234

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases

1. FY 1987 Current Estimate		\$182,996
2. Pricing Adjustments		-23,700
A. Annualization of Direct Pay Raises	(334)	
1) Classified	334	
B. Stock Fund	(-1,031)	
1) Fuel	-517	
2) Non-Fuel	-514	
C. Industrial Fund Rates	(-26,037)	
D. Annualization of FERS	(1,679)	
E. Other Pricing Adjustments	(1,355)	
3. Functional Program Transfers		1,253
A. Transfers-In	(1,333)	
1) Inter Appropriation	1,333	
a) In response to a request from the Congress to review the adequacy of expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment prices and uneconomical lease versus buy decisions.	(1,333)	
B. Transfers Out	(-80)	
1) Intra-Appropriation	-80	
a) Transfer funding for Oceanography Research Chair to the Naval Postgraduate School (PBD 029)	(-80)	
4. Program Increases		18,853
A. Annualization of FY 1987 Increases	(383)	
1) Increase of one civilian workyear based on implementation of the civilian substitution program in FY 1987.	12	

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

2) Increase in Aviation Depot Level Repairables and Aviation Fleet Maintenance average cost per flying hour.	371
B. One-Time FY 1988 Costs	(519)
1) A Large Scale, Class VII super-computer will be procured in FY88 to support global ocean and ice model development, as coordinated by the Institute for Naval Oceanography. This super-computer will be physically located within the computer operations complex of the Naval Oceanographic Office. One time start up costs include contractor technical and engineering support, and installation prerequisites.	519
C. Other Program Growth in FY 1988	(17,951)
1) Initial staffing (six civilian end strength) to support the implementation and management of Large Scale computer operations.	160
2) Bathymetric Surveys in support of SSBN navigation requirements are carried out on board four deep ocean survey vessels. Two of these ships (USNS BOWDITCH and USNS DUTTON) are scheduled to be replaced by new construction TAGS class ships. Due to the criticality of a precise navigation and positioning capability with respect to survey data collected, increased focus on survey systems/navigation systems input is planned. This focus will primarily involve the analysis and integration of systems capabilities by the Naval Air Development Center.	72

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|--|-------|
| 3) The Defense Mapping Agency is embarking on a program of developing future map and chart products in digital form. This digital data concept encompasses bathymetry, gravity, magnetic and hydrographic data which is collected and processed by the Naval Oceanographic Office. Efforts to upgrade automatic data processing software and hardware protocol configurations will commence in response to this DMA program. | 1,341 |
| 4) Procurement of SEABEAM survey systems to upgrade the bathymetric survey capability of three T-AGS class survey ships is planned in FY 1986. Cost to support this upgraded capability is scheduled to commence in FY 1988 concurrent with system initial operational capability. | 713 |
| 5) Bathymetric Navigation Planning Charts (BNPCs) production requirements have expanded to include the needs of SSN forces as well as those of SSBNs. In response to these requirements, additional surveys are planned, beginning in FY 1988. The concept of operations, based upon limitations of existing Navy owned survey assets, includes primary data collection by commercial contractor, with data processing and product delivery performed by in-house personnel. | 562 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|----|---|-------|
| 6) | Fleet Weapons sensors and systems have evolved in sophistication, effectiveness and sensitivity to environmental effects. In an attempt to optimize the employment of these weapons and sensors, expanded data bases of oceanographic and acoustic information are being developed. Additional support products, such as performance prediction Rosette Charts and Bottom Transmission Loss models are planned for development and delivery to Fleet users. | 490 |
| 7) | Additional effort is planned in the production of oceanography inputs to Special Operations Intelligence Folders (SOIF). Requirements for SOIF inputs are cyclical in nature. Contractor support of this effort (data compilation, report generation) is planned. | 210 |
| 8) | Oceanographic support to Naval Exercise Areas includes the collection of bathymetric and physical oceanographic data in Submarine Trial Areas. Additional surveys and report products are planned for FY 1988. | 201 |
| 9) | Operating support cost for two additional coastal hydrographic survey ships which will be used to address worldwide chart data deficiencies. Funding to procure these two survey ships was appropriated by the Congress in FY 1987. | 2,782 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|---|-----|
| 10) The Hydrographic Cooperative Program continues to attract interest among foreign allied governments. Cooperative agreements are in place with countries in South America, Africa and Korea. Establishment of operational survey programs in these countries represents a small expansion of ongoing program efforts, but a considerable increase in quality data at minimal cost. | 62 |
| 11) Realign resources (one E/S and one W/Y) from the Naval Observatory to support the Naval Polar Oceanography Center. | 35 |
| 12) Realign resources (11 E/S and 11 W/Y) identified as support to Command and Control mission related systems in the library and ADP operations, previously charged to Base Operations Support. | 262 |
| 13) Realign functional responsibility for Alden facsimile equipment leases at Naval Air Stations. | 620 |
| 14) Increased cost for the Satellite Processing Center Upgrade Phase III is associated primarily with the need to accommodate the new sensor data which will come from the Navy Remote Ocean Sensing System | 200 |
| 15) Central memory expansion to the Primary Environmental Processing System Upgrade (PEPSU) computer Cyber 205 at FLENUMOCEANCEN. | 186 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | |
|--|-------|
| 16) Increased costs incurred with implementation of NAVOCEANCOM's Satellite Applications Training Program starting FY 1986. Training provided by the National Oceanic and Atmospheric Administration, National Environmental Satellite, Data, and Information Service (NESDIS) to active duty and reserve officer and enlisted personnel of all NAVOCEANCOM. | 50 |
| 17) Contract maintenance and parts support for the Aviation Support Display Stations (ASDS). Procurement of 21 microcomputer systems each in FY 1988 and FY 1989, and 22 in FY 1990 with concurrent maintenance coverage required. | 70 |
| 18) Costs associated with Typhoon Information Processing System (TIPS) required for the Joint Typhoon Warning Center (JTWC) at NAVOCEANCOMCEN Guam. The JTWC mission is to provide warnings for all tropical cyclones in the Western Pacific and Indian Ocean areas, determine tropical cyclone aircraft reconnaissance requirements, conduct investigative and part-analysis programs and conduct and coordinate development of tropical cyclone forecast techniques. | 50 |
| 19) One additional compensable ship charter hire day in FY 1988. | 104 |
| 20) One additional compensable workday in FY 1988. | 147 |
| 21) Begin operation of USNS Maury and USNS Tanner (replacement ships for USNS Bowditch and USNS Dutton) to augment collection of data in support of Strategic Systems. | 9,634 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

5. Program Decreases		-14,940
A. Annualization of FY 1987 Decreases	(-810)	
1) Reduction in the number of flight hours in accordance with mission requirements.	-810	
B. Other Program Decreases in FY 1988	(-14,130)	
1) Savings generated by the lease to purchase conversion of ADP card word processing equipment (WPE), one Navy standard desktop computer and WPE at the Naval Western Oceanography Center.	-28	
2) Savings generated by lease to purchase conversion of TESS equipment.	-26	
3) Savings generated by using smaller weather balloons (less helium) and less expensive radiosondes.	-48	
4) Reduction in average cost per flying hour based on AIMD proficiency.	-417	
5) Phase down of operations and retirement/disposition costs of USNS Bowditch and USNS Dutton. Replaced by USNS Maury and USNS Tanner.	-13,611	
6. FY 1988 President's Budget Request		\$164,462
7. Pricing Adjustments		3,337
A. Stock Fund	(-120)	
1) Fuel	135	
2) Non-fuel	-255	
B. Industrial Fund Rates	(1,252)	
C. Annualization of FERS	(248)	
D. Other Pricing Adjustments	(1,957)	

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

8. Program Increases	10,427
A. Annualization of FY 1988 Increases	(5,680)
1) Full year cost of operations for USNS Maury and USNS Tanner.	4,711
2) Full year cost of operations for two additional coastal hydrographic survey ships which begin service in FY 1988. Funding to procure these two survey ships was appropriated by the Congress in FY 1987.	969
B. One-Time FY 1989 Costs	(179)
1) GPS navigation receivers are scheduled for installation on-board six survey vessels (3 T-AGS; 3 T-AGOR). Costs estimates relate to installation/system check out and initial operator training.	179
C. Other Program Growth in FY 1989	(4,568)
1) With the advent of the Global Positioning System, improved navigation and positioning information will be available for incorporation into bathymetric survey data products. Plans include the modification of existing navigation, positioning and survey data integration systems to include GPS derived data.	954
2) An expansion of efforts to upgrade automatic data processing software and hardware protocol configurations in response to the Defense Mapping Agency digital data initiatives is planned for FY 1989.	190

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|----|--|-------|
| 3) | Operations and maintenance of the Class VII Large Scale Computer (planned for procurement/installation in FY 1988) will primarily be carried out by private contractor. | 1,851 |
| 4) | Further expansion of acoustic performance prediction support products such as Performance Prediction Rosette charts, Bottom Transmission Loss Models, Acoustic Data bases and sound propagation models in response to fleet requirements for accurate means of predicting weapon system and sensor performance. | 157 |
| 5) | Operational Oceanography support to Arctic Warfare includes the collection of oceanographic data such as water temperature, density, salinity; speed and direction of ocean currents, acoustic properties, ambient noise, etc. Buoys which record these and other parameters are being deployed as data collection platforms to supplement that data which is obtained from other sources. Additional support products, such as Arctic Environmental Guides, are planned for development and delivery in FY 1989. Contractor support is envisioned for data processing, analysis and report development. | 200 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|-----|---|-----|
| 6) | Cost to support software development at FLENUMOCEANCEN. These increases include efforts to accommodate the very large amount of applications software to the Control Data Corporation Network Operating System Virtual Environment (CDC NOS/VE) operating system and a new data base management system acquired in FY 1988. These revisions are in addition to continuing needs to develop software in keeping with the changing Fleet requirements for automated environmental data. | 317 |
| 7) | Cost associated with maintenance support at the oceanography centers for NODDES/SPADS units that will be installed in late FY 1988. | 418 |
| 8) | Maintenance and support costs associated with Aviation Support Display System (ASDS). | 217 |
| 9) | Cost of maintenance charges for Digital Image Processing (DIP) system. | 70 |
| 10) | Cost associated with the Primary Environmental Processing System PEPS Software System (PSS). The PSS software development effort is directed toward providing the Navy with three capabilities: (a) expeditious processing and analysis of meteorological/oceanographic data to describe the total naval operating environment, (b) prediction of meteorological and oceanographic conditions to accuracies required by weapons/sensor systems, and (c) preparation, dissemination and display of platform and weapons system/sensor performance prediction based upon forecast environmental conditions. | 194 |

Activity Group: Environmental/Prediction Support (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

9. Program Decreases		-6,992
A. Annualization of FY 1988 Decreases	(-5,990)	
1) Annualization of phasedown of operations/retirement for USNS Bowditch and USNS Du' on.	-5,990	
B. One-Time FY 1988 Costs	(-536)	
1) A Large Scale, Class VII supercomputer will be procured in FY 1988 to support global ocean and ice model development, as coordinated by the Institute for Naval Oceanography. This supercomputer will be physically located within the computer operations complex of the Naval Oceanographic Office. One time start up costs include contractor technical and engineering supports, and installation prerequisites.	-536	
C. Other Program Decreases in FY 1989	(-466)	
1) One less compensable ship charter hire day in FY 1989	-106	
2) Two less compensable workdays in FY 1989	-295	
3) Decrease in Aviation Depot Level Repairables and Aviation Fleet Maintenance average cost per hour	-65	
10. FY 1989 President's Budget Request		\$171,234

Activity Group: Environmental/Prediction Support (Cont'd)

Budget Activity: III - Intelligence and Communications

I. Description of Operations Financed.

This budget request covers operating costs for the Naval Observatory (NAVOBSY) which is located in Washington, D.C. The mission of the NAVOBSY is to make observations of and predict the positions of the sun, moon, planets and stars and to provide precise time, for use in navigation and positioning. Typical star and planet observing programs last between seven and ten years. The only two countries doing fundamental positional astronomy are the United States (NAVOBSY) and the Soviet Union observatories.

This effort has many applications, both military and civilian. Some of the Department of Defense (DoD) applications are: calibration of satellite navigation systems, orbit calculations and predictions, precise guidance in space, precise positioning using time-synchronized systems, secure communications, sun and moon phenomena (rise and set, azimuths and altitudes) and earth rotation. Observations are taken at permanent sites in Washington, D.C., Richmond, Florida, Flagstaff, Arizona and the Black Birch Astronomical Observatory, New Zealand. The NAVOBSY also uses the Radio Astronomical facility at Green Bank, WV for the real-time determination of Universal Time and polar motion under a memorandum of understanding with the National Science Foundation.

The NAVOBSY sets the Time Standard for the DoD and the United States. As single manager of Time for DoD, the establishment, maintenance and improvement of a clock system of high stability, reliability, and precision is required. NAVOBSY developed the Precise Time and Time Interval (PTTI) Program to disseminate, distribute and transfer continuous time synchronization on a worldwide basis. This time synchronization is accomplished by portable clocks to reach the highest feasible accuracy and by many other systems such as satellites for users with less stringent requirements. The NAVOBSY maintains Precise Time Reference Stations around the world and monitors all radio navigation systems.

The NAVOBSY calculates and publishes the various astronomical and navigational almanacs as well as special data required by the Navy, Defense Department, other Government agencies and the general public. Strategic organizations of DoD are routinely supported. NAVOBSY is the sole source of certified astronomical and timing data for legal and civil use. The NAVOBSY is the only observatory in the U.S. providing fundamental astronomical data and serves as the central source of such data for the Government.

Activity Group: Naval Observatory (Cont'd)

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988 Budget Request</u>	<u>FY 1989 Budget Request</u>
		<u>Budget Request</u>	<u>Appro- priation</u>	<u>Current Estimate</u>		
Naval Observatory	<u>6,534</u>	<u>8,488</u>	<u>8,393</u>	<u>8,505</u>	<u>9,898</u>	<u>10,195</u>
Total	6,534	8,488	8,393	8,505	9,898	10,195

B. Reconciliation of Increases and Decreases.

1. FY 1987 Current Estimate	\$8,505
2. Pricing Adjustments	364
A. Annualization of Direct Pay Raises	(30)
1) Classified	27
2) Wage Board	2
3) Foreign National Direct	1
B. Stock Fund	(-2)
1) Non Fuel	-2
C. Industrial Fund Rates	(2)
D. Annualization of FERS	(207)
E. Other Pricing Adjustments	(127)
3. Functional Program Transfers	296
A. Transfers In	(296)
1) Inter-Appropriation	296
a) In response to a request from the Congress to review the adequacy of expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment prices and uneconomical lease versus buy decisions.	(296)

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

4. Program Increases

899

A. One-Time FY 1988 Costs (156)

- 1) A new satellite communication 150
communication ground station is
required at the NAVOBSY Florida
station and the ground station in
Washington, DC will be upgraded
to provide a continuous link
between the Master Clock and the
Alternate Clock in Florida.
- 2) One employee will return from 6
New Zealand resulting in
Permanent Change of Station
expense.

B. Other Program Growth in FY 1988 (743)

- 1) Because of the requirement 80
for increased accuracy in
star position measurements
needed for space
navigation and
positioning, telescopic
equipment at the Naval
Observatory Flagstaff
Station, AZ, is being
upgraded in FY 1987. This
includes addition of
sophisticated focal-plane
electronic measuring
devices and new forefront
electro-mechanical
telescope drive equipment.
The existing contract of
\$120K for maintenance and
development will be
increased by \$30K.

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 2) The Master Clock is being upgraded in response to real-time operational requirements for Improved Precise Time and Time Interval (PTTI) data from the Global Positioning System (GPS), other systems, and labs. As a result, the components of the PTTI measuring system will be replaced in a 2-year modernization program, beginning in FY 1988, by modern fiber optics links, picosecond counters, switches, etc. (\$276K). This measuring system interconnects the cesium clocks, ionstorage devices, Hydrogen Masers and control and analysis computers. Additionally, two new Hydrogen Masers installed in FY 1987 will require maintenance (\$50K). 326
- 3) NAVOBSY is installing two Master Monitoring Stations for the GPS, in Washington and Richmond, FL, as part of the DDD requirements in precise time. Supplies and maintenance of these PTTI monitoring and measuring stations will be required. These systems become operational in FY 1987. 108

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 4) Time transfer operations through Very Long Baseline Radio Inter-ferometry (VLBI) are necessary to calibrate outlying precise time reference stations and particularly to tie the NAVOBSY Time Service Alternate Station in Florida into the Master Clock at the 1 nanosecond level. This accuracy is needed to assure autonomous operation. The Naval Research Laboratory (NRL) operates a radio telescope at its Maryland Point facility which is used as the Washington Master Clock VLBI terminal. The number of time transfer actions will increase over the FY 1987 level by 40% resulting in an operational cost increase from \$175K to \$245K. This is part of the planned phasing of the Richmond, FL station as the Master Clock alternate and makes the VLBI portion of this fully operational. 70
- 5) The PTTI measuring equipment, such as fiber optics links, picosecond counters and switches, developed in the RDT&E Master Clock upgrade program, will have finished their testing phase in FY 1987 and must be integrated into the operational system in FY 1988. Star position measuring equipment developed in the RDT&E appropriation will be implemented operationally in FY 1988. Operation of Star position measuring equipment requires an additional five civilian billets beginning in FY 1988. 142

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

6) One Additional Compensable Workday.	17	
5. Program Decreases		-166
A. Other Program Decreases in FY 1988	(-166)	
1) Realign resources (one E/S and one W/Y) to Environmental/Prediction Support to support CNO (OP-006) at the Naval Polar Oceanography Center.	-35	
2) Word processors acquired on a lease-to-purchase basis become NAVOBSY property resulting in the elimination of rental costs.	-52	
3) Change in workforce mix results in lower cost of total workload. No change in workyears.	-79	
6. FY 1988 President's Budget Request		\$9,898
7. Pricing Adjustments		198
A. Industrial Fund Rates	9	
B. Annualization of FERS	31	
C. Other Pricing Adjustments	158	
8. Program Increases		575
A. One-Time FY 1989 Costs	(24)	
1) Permanent Change of Station costs will occur because two employees will return from New Zealand and two employees will transfer to New Zealand.	24	

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- | | | |
|----|---|-------|
| B. | Other Program Growth in FY 1989 | (551) |
| 1) | The Master Clock is being up-graded in response to real-time operational requirements for improved PTTI from the Global Positioning System (GPS), other systems, and labs. Three new Hydrogen Masers installed in FY 1988 will require maintenance . | 50 |
| 2) | NAVOBSY is installing a complete PTTI monitoring system at the Consolidated Space Operations Command (CSOC) in Colorado Springs which will interconnect the many timed DOD systems at that location and provide a direct link to the NAVOBSY Master Clock. This is part of the DOD requirement for precise time and a responsibility assigned by DOD to NAVOBSY. Supplies, operational and maintenance costs will be required as the system becomes fully operational in early FY 1989. | 141 |

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

- 3) Time transfer operations via communications satellites are necessary to calibrate outlying precise time reference stations and particularly to tie such facilities as the NAVOBSY Time Service Alternate Station in Florida and the Consolidated Space Operations Command (CSOC) in Colorado Springs into the Master Clock at the 1 nanosecond level. While Very Long Baseline Interferometry (VLBI) provides weekly calibration, satellite time transfer fills in on a daily basis in between VLBI checks. The accuracy is needed to assure autonomous operation of these remote systems in case the Washington Master Clock is disrupted. The CSOC is the DOD control point of such systems as GPS, JTIDS, and various strategic systems. Since the satellite terminal in Florida will be fully operational in FY 1989, funds are required for supplies, operations and maintenance in Florida. 93
- 4) The Royal Greenwich Observatory will be closed and by FY 1989 Her Majesty's Nautical Almanac Office (HMNAO) will have ceased functioning. The Astronomical, Nautical and Air Almanacs have been jointly produced by HMNAO and NAVOBSY. U.S. Code requires the publication of these almanacs, and NAVOBSY will have to assume cost of composition and printing at \$50K and five additional billets. Funds to support the salary and fringe benefits costs of 2-1/2 civilian work years are required (\$92K in FY 1989). Additionally, three employees of HMNAO will be brought to Washington in early FY 1989 to facilitate the transition (\$125K). 267

Activity Group: Naval Observatory (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

9. Program Decreases		-476
A. One-Time FY 1988 Costs	(-161)	
1) A new satellite communication ground station was required at the NAVOBSY Florida station and the ground station in Washington, DC was upgraded to provide a continuous link between the Master Clock and the Alternate Clock in Florida.	-155	
2) Permanent Change of Station costs associated with the return of one employee from New Zealand.	-6	
B. Other Program Decreases in FY 1989	(-315)	
1) Two Less Compensable Workdays	-34	
2) Change in workforce mix result in lower cost of total workload. No change in workyears.	-95	
3) Decrease in equipment purchases	-186	
10. FY 1989 President's Budget Request		\$10,195

Activity Group: Naval Observatory (Cont'd)

III. Performance Criteria.

Accurate stellar positional data is published in Naval Observatory publications and provided to Navy and Department of Defense (DoD) programs (such as Polaris and Trident, Defense Mapping Agency (DMA), Global Positioning System (GPS) and Tracking Stations) on request.

Precise Time and Time Interval (PTTI) accomplishments include maintaining, operating and improving the U.S. Master Clock, controlling PTTI transmissions and disseminating time and phase corrections. Information is sent regularly by mail for 800 addressees and daily by teletype for rapid services for high priority information. Time ordered systems such as Loran "C", TRANSIT, GPS, and the Defense Satellite Communication system are kept on NAVOBSY time within very small tolerances. A computer-based data dissemination system has been developed which allows direct readout via telephone lines by DoD users of the NAVOBSY monitoring data. As a result, response to needs for calibration and control by platforms around the world is now immediate. The Naval Observatory maintains Precise Time Reference Stations around the world.

The major publications in support of safe navigation are:

- (1) The American Ephemeris and Nautical Almanac: basic reference for all work in astronomy, astronautics and geodesy.
- (2) The Nautical Almanac: used for celestial navigation on the Earth's surface.
- (3) The Air Almanac: used for celestial navigation by aircraft.
- (4) Publications of the U.S. Naval Observatory: contains tables of star position, planetary coordinates, double stars and other fundamental data.
- (5) Time Service Publications Series 1-17: daily, weekly, monthly and irregular; contains data on time, polar motion, all time-ordered systems including satellites, and advance predictions of Earth rotation.
- (6) Special Military Program: developed for Navy, Defense Mapping Agency, other DoD, NASA, and other U.S. and international use as required, including tables of sunrise, sunset, sun angles and azimuths.
- (7) Astronomical Phenomena, Bureau of Land Management Ephemeris, and other publications for U. S. Government agencies and the general public.

The Naval Observatory strives to respond in a timely manner to Navy and DoD requirements for astronomical data and precise time and for increased accuracy in these quantities.

Activity Group: Maintenance of Real Property
 Budget Activity: III - Intelligence and Communications

I. Description of Operations Financed.

This program provides maintenance, repair and minor construction of all buildings, structures, grounds and utility systems required at Naval Oceanography Command facilities, Naval Security and Investigation Command activities, Naval Telecommunications Command facilities, the Naval Observatory and other ancillary activities to permit assigned forces and tenants to perform their mission.

The major elements of this program are:

- o Facilities Maintenance - finances scheduled, day-to-day recurring maintenance, and emergency service work needed to preserve facilities.
- o Major Repairs - provides major repairs necessary to bring existing facilities into adequate condition to support assigned missions.
- o Minor Construction - finances the erection, installation or assembly of real property facilities; the addition, extension alteration, conversion or replacement of existing real property facilities; the relocation of real property facilities; and the installation of equipment which becomes part of a facility.

Department of the Navy
Operation & Maintenance, Navy
Exhibit OP-05

Activity Group: Base Operations

Budget Activity: III - Intelligence and Communications

I. Description of Operations Financed.

This program group provides the base support services and material required for Naval Oceanography Command facilities, Naval Security and Investigation Command activities, Naval Telecommunications Command facilities, The Naval Observatory, and other ancillary activities to permit assigned forces and tenants to perform their mission.

The major elements of this program are:

- o Utility Operations - Includes operating expenses for purchased electricity, electricity generating plants, purchased steam and hot water, heat plants, utility distribution systems, waste systems, air conditioning and refrigeration plants.
- o Personnel Operations - Support required for personnel related functions including expenses for:
 - Bachelor Housing Operations and Furnishings - provides support for the operation of barracks and the purchase and maintenance of personnel support equipment related to this housing.
 - Other Personnel Support - provides for mess halls, sales activities, laundry and dry cleaning facilities.
 - Morale Welfare and Recreation - provides authorized appropriated fund support for shore based recreation activities.
 - Station Hospitals, Medical and Dental Clinics - direct and indirect health care costs for Health Care facilities not under the financial control of the Navy Medical Command.
 - Human Goals - provides support for programs which focus on improving organizational and individual effectiveness and the administrative support of the Alcohol and Drug programs.
- o Base Operations - Mission - Support for those Base Operations functions which are required in direct support of the mission of the base. For example, Fleet Training Support, Logistics Support, etc. Expenses are included for the following functions:

Activity Group: Base Operations (Cont'd)

I. Description of Operations Financed (Cont'd)

- Retail Supply Operations - In addition to standard supply functions, this item includes the procurement, receipt, storage and issue of bulk liquid fuel, including operating aircraft fuel servicing facilities. Additionally, waterfront operations such as handling incoming and outgoing cargo and loading/unloading live ammunition onto and from combatant vessels are included.
- Maintenance of Installation Equipment - provides for maintenance of major shore based equipment including: service and miscellaneous craft, construction equipment (non-deployable), weapons, electronics, electronic engineering, and fleet moorings.
- Other Base Services - provides for the maintenance and operation of vehicles/other transportation equipment, port services (includes navigational assistance to ships, operation of service craft, degaussing operations, and oil spillage cleanup).
- o Base Operations - Ownership - Support required at shore bases regardless of type of mission being performed which must be sustained to have a functioning base.. Expenses are included for the following functions:
 - Other Engineering Support - Public Works Department Administration, engineering services, custodial services, refuse/garbage collection and disposal, snow removal, rental and leasing of real property, and fire protection and firefighting for Naval activities and their tenants.
 - Administration - provides support related to financial/resource management, civilian manpower management, and maintaining military personnel records.
 - Automated Data Processing - provides analysis programming, equipment rental, operations and maintenance, contractual services and supplies.
 - Hazardous Waste Material Handling - includes personnel, supplies and training associated with the identification and disposal of hazardous wastes.
 - Audiovisual - provides supplies and services required for audiovisual support.
 - Physical Security - provides shore base physical security.

Activity Group: Base Operations (Cont'd)

II. Financial Summary (Dollars in Thousands).

B. Reconciliation of Increases and Decreases (Cont'd)

3. Functional Program Transfers	562
A. Transfers In	(562)
1) Intra-Appropriation	482
a) Consolidation of Guam recreation from BA 2.	(139)
b) Increased funding to competitively procure communications services previously provided by the Federal Telephone System (FTS). DON has withdrawn from participation in the FTS beginning in FY 1988. In FY 1987, FTS is centrally funded as a part of Leased Communications in O&M,N Budget Activity 3.	(343)
2) Inter-Appropriation	80
a) In response to a request from the Congress to review the adequacy of expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment prices and uneconomical lease versus buy decisions.	(80)
4. Program Increases	1,645
A. One-Time FY 1988 Costs	(97)
1) Installation of communications lines/equipment for NAVWESTOCEANCEN Pearl Harbor, HI.	97
B. Other Increases	(1,548)
1) Increased physical security funding to better safeguard personnel and property.	266

Activity Group: Base Operations (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

2) Costs for utilities, operation and other engineering support for new facilities coming on line during the fiscal year.	82
3) Additional base service for Host/Tenant agreements, mail service contracts and other purchased services.	401
4) Civilian personnel - one additional paid day in FY 1988.	113
5) Increase for Bases and Station Information System.	300
6) Increase to support operation of the Naval Security and Investigative Command at new site in Building 111, Washington Navy Yard.	386
5. Program Decreases	-6,292
A. One-time FY 1987 Costs	(-294)
1) Decrease for one time FY 1987 service for movement of equipments associated with relocation and occupancy of the Primary Computer Center Addition building (MILCON P-006).	-75
2) Decrease for one time FY 1987 requirement for security containers and fencing, to correct existing security deficiencies.	-219

Activity Group: Base Operations (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

B. Other Decreases	(-5,998)	
1) Reduction in energy use due to energy conservation efforts.	-1,305	
2) Realign resources (11 E/S and 11 W/Y) identified as support to the Environmental Prediction Support program for library and ADP operations.	-262	
3) Reduction in Base Operations Support.	-4,058	
4) Savings due to reduction in the incidence of unofficial calls through tighter management control on the use of telephones.	-373	
6. FY 1988 President's Budget Request		\$100,834
7. Pricing Adjustments		3,758
A. Stock Fund	(835)	
1) Fuel	912	
2) Non-Fuel	-77	
B. Industrial Fund Rates	(627)	
C. Foreign Currency	(20)	
D. FN Indirect	(255)	
E. Annualization of FERS	(164)	
F. Other Pricing	(1,857)	
8. Program Increases		533
A. Annualization of FY 1988 Increases	(224)	
1) Increase provides full year funding of support operations for the Navy's Security and Investigative Command at new site in Building 111, Washington Navy Yard.	224	
B. Other Increases	(309)	
1) Increased base services and utility costs for new computer facility at Fleet Numerical Oceanographic Center, Monterey, CA.	309	

Activity Group: Base Operations (Cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

9. Program Decreases		-5,754
A. One-Time FY 1988 Costs	(-100)	
1) Installation of communication lines/equipment for NAVWESTOCEANGEN Pearl Harbor, HI.	-100	
B. Other Decreases	(-5,654)	
1) Reduction in energy use due to energy conservation efforts.	-2,185	
2) Civilian Personnel - two less paid days in FY 1989.	-229	
3) Bases and Stations Information System.	-415	
4) Reduction in Base Operations Support.	-2,397	
5) Reduction to number of instruments and lines for base administration telephone support.	-428	
10. FY 1989 President's Budget Request		\$99,371

Operation and Maintenance, Navy

Budget Activity: VIII - Training, Medical and Other General Personnel Activities

1. Description of Operations Financed

This Budget Activity incorporates three personnel oriented programs: (1) Training, (2) Health Care and (3) General Personnel Support from recruitment to retirement. In addition, base operations costs to support these programs are included.

For training, \$1,002 million is requested for facilities, equipment, staff and curricula to support the training and educational requirements of an active duty manpower end strength of 593,200 in FY 1988 and 602,800 in FY 1989 naval personnel along with members of the Naval Reserve, other services and foreign and civilian students. The principal effort of Training and Education is to maintain a trained force of personnel able to man and support our active fleet of ships, aircraft and installed complex weapons systems. In recent years, the complexity of our weapons systems has increased dramatically necessitating a proportionate increase in required training. It is an integral part of every sailor's career beginning with recruit training and continuing with the specialized training necessary to provide the unique skills required of a chosen speciality. Unless updated through continuing training, skills quickly become obsolescent in the face of our rapidly improving technology and changing fleet needs. Education is provided where considered necessary to enable our managers to remain current in their respective professional areas and to ensure their leadership and managerial abilities.

Health care is administered to all active duty personnel with the average strength numbering 809,600 in FY 1988 and 818,500 in FY 1989 and where facility and staff capacity permit, care is provided to retired and dependent personnel numbering approximately 2,550,000. \$1,556 million in FY 1988 and \$1,658 million in FY 1989 are requested for medical support. The need for care of retired and dependent personnel while not directly related to combat readiness impacts significantly on the mental attitudes of our active personnel as their perception of our care of their dependents and former Navy comrades can have a positive or negative motivational effect. Additionally, funding responsibility for Navy beneficiaries CHAMPUS costs has been transferred to the Navy.

General personnel support of approximately \$300 million in FY 1988 and \$301 million in FY 1989 includes the numerous functions necessary to the maintenance of well ordered combat and support forces. Recruit advertising, recruiting, career counseling, morale, welfare, and recreation, human resource management, off-duty and voluntary education, civilian education and the Navy Junior Reserve Officers Training Corps are included in this category.

Base operations support for all of the above totals \$750 million in FY 1988 and \$900 million in FY 1989 and includes such costs as maintenance and repair of real property, operation of utilities, engineering support, administration, base communications and other base services. In addition, the conversion of three activities from the Industrial fund to direct funding has been included in FY 1989.

This budget activity contains programs necessary to ensure the healthy, well trained and highly motivated personnel required for the successful pursuit of naval warfare.

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

18. FY 1989 President's Budget Request

3,914,304

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Recruit Training

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

Recruit Training indoctrinates recruits in basic military principles and basic naval skills, and provides a realistic understanding of fleet environment and shipboard life.

Operations are conducted at the Navy Recruit Training Commands located at Great Lakes, IL, San Diego, CA, and Orlando, FL. The Recruit Training Program accomplishes its purpose through integration of an individual into a structured environment that stresses order and discipline, teamwork, responsive behavior, loyalty, and pride in service. Resources support costs associated with administrative staff travel, classroom supplies, and other training materials and equipment.

The Recruit Training syllabus is structured to provide the required training to meet the program's objective in a minimum of time, a 7.7 week period.

The request includes funds for the Academic Remedial Training (ART) program. The Program provides basic skill training in order to increase the number of successful recruit graduates. The curriculum is five weeks long - with four weeks of individualized language arts training and one week of study skills. To a large extent, the curriculum is based upon commercially available basic skill training materials.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Specialized Skill Training
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

Specialized skill training resources are used to maintain a trained force of personnel able to man and support surface, sub-surface, and aviation operating forces and their installed complex weapons systems. Navy specialized skill training is conducted at schools located at Naval Training Center, Great Lakes, IL, San Diego, CA, Orlando, FL, Newport, RI, and at the Naval Technical Training Center Corry Field, Pensacola, FL, and Treasure Island, San Francisco, CA. These activities are under the command of the Chief of Naval Technical Training, Millington, TN. Specialized training is conducted at other schools managed by Commander, Training Command Atlantic (COMTRALANT) and Pacific (COMTRAPAC). In addition, specialized training is obtained by contractual services.

Funding for the Specialized Skill Training Program finances the cost of civilian labor, travel, supplies and materials consumed in conducting training courses, contractor training, and general administrative expenses. Funding is also provided for contracting out instructor effort to augment military instructors to support training loads, and funds are provided for contractor maintenance in support of training programs.

In addition, the Job-Oriented Basic Skill (JOBS) program is funded in Specialized Skill Training. JOBS was developed to provide career field basic skills and knowledge to assist marginal and sub-qualified service members to successfully complete "A" schools.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Officer Acquisition

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

Officer Acquisition supports operations of the U.S. Naval Academy and other officer acquisition programs.

The funds for the Officer Candidate School (OCS), Officer Candidate Preparatory School (OCPS), Broadened Opportunity for Officer Selection and Training (BOOST), Naval Academy Preparatory School (NAPS), and the Merchant Marine Reserve support the instructor and student manpower and the operating expenses to administer the courses of instruction. Training for the Officer Candidate School and Naval Academy Preparatory School is conducted aboard Naval Education and Training Center, Newport, RI and at Service School Command, San Diego, CA for the Broadened Opportunity for Officer Selection and Training. The Officer Candidate Preparatory School is conducted at the NROTC Unit, University of North Carolina, Chapel Hill, NC. The Merchant Marine Reserve, United States Naval Reserve Midshipmen program is conducted at the United States Merchant Marine Academy and the following maritime academic institutions: Maine Maritime Academy, Chastine, Maine; State University of New York Maritime College, Fort Schuyler, Bronx, New York; Calhoun MEBA Engineering School, Easton, Maryland; California Maritime Academy, Vallejo, California; Massachusetts Maritime Academy, Buzzards Bay, Massachusetts; Texas Maritime College, Galveston, Texas; and the Great Lakes Maritime Academy, Traverse City, Michigan.

Included within Officer Acquisition are various programs which require no O&M,N fund support. The associated military manpower, however, is reflected in the personnel summary. These programs are:

- Civil Engineer Corps Collegiate Commissioning Program (CEC)
- Enlisted Commissioning Program (ECP)
- Enlisted Education Advancement Program (EEAP)
- Nuclear Propulsion Officer Candidate Program (NUPOC)

Officer Acquisition supports the academic operating costs of the U.S. Naval Academy. The U.S. Naval Academy is an accredited four year undergraduate level educational institution which awards baccalaureate degrees in eighteen major programs. There is also a technically oriented "core curriculum" which every midshipman must take regardless of major. In providing academic, professional and physical instructions, the Naval Academy maintains the programs, facilities, support organizations, and staff which constitutes all the essential ingredients to meet its unique mission of preparing midshipmen to be professional officers in the naval service. These are:

Activity Group: Officer Acquisition (cont'd)

I. Description of Operations Financed (cont'd)

- Berthing and messing of midshipmen.
- Initial acquisition of midshipmen.
- The academic program.
- The academic faculty and staff.
- Professional training operations (summer cruise, physical education, and midshipmen training/counseling operations).
- Instructional resources and facilities (library operations, instructional facilities, educational resources center operations, and academic computing center operations).

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Professional Development Education
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

This program supports professional education necessary to provide training and education for career officer personnel to prepare them for more demanding assignments, particularly for higher command staff positions, as they progress in their military careers. It is concerned with the broad professional goals in such subjects as military science, engineering, and management.

With relatively few exceptions, the types of expenses incurred and operations of Service Schools financed are similar in nature. The Naval Postgraduate School is organized along a matrix plan of both academic departments and civilian members. The faculty, however, is primarily civilian with many holding scholarly position in their respective technical societies.

At the Armed Forces Staff College, the Navy is responsible for providing logistic support and the Commandant is responsible directly to the President, National Defense University. The faculty consists of all military personnel.

The North Atlantic Treaty Organization Defense College is a joint North Atlantic Treaty Organization effort staffed by the various military services of the participating countries. Funding in this program package supports the administrative costs of the U.S. Navy element and travel of assigned U.S. students.

The Defense Resources Management Education Center is a tenant organization of the Naval Postgraduate School, Monterey, CA. The direct funding request supports only the net difference between reimbursable income and total operating costs for civilian salaries, travel, and cost of support provided by the Naval Postgraduate School.

The civilian institution program finances the cost of tuition for personnel attending courses in civilian institutions. This program also covers reimbursement to foreign countries for students attending War Colleges of those countries requiring tuition payments for such attendance. Reimbursement, up to \$150 per student, in addition to tuition, is also provided to cover the cost of textbooks for those students under the Law Education Program. Additionally, funding for officer short courses supports travel, and per diem related to travel, required by curriculum.

Activity Group: Professional Development Education (cont'd)

I. Description of Operations Financed (cont'd)

The Naval War College is organized into several distinct colleges and centers. The College of Naval Warfare is the Navy's senior service college, whose students are Commanders and Captains and equivalent grades from other services and agencies; the College of Naval Command and Staff is the intermediate service college attended by Lieutenant Commanders and equivalent; the Center for Naval War Gaming conducts war games in support of the various courses of the school as well as for Naval Operations and the Fleets. Other Centers and colleges offer correspondence programs, conduct advanced strategic and tactical research, and provide resident education for senior and intermediate international naval officers that is similar to the work of their U.S. counterparts. The faculty of the Naval War College is composed of civilian and military instructors. Most have advanced degrees in their areas of specialization. The faculty is not assigned to any particular college or Center, but instructs all resident students on a rotational trimester system. It is organized in three academic departments: Strategy, Defense Economics and Decision Making, and Naval Operations.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Naval Reserve Officer Training Corps
 Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The Navy Reserve Officer Training Corps (NROTC) produces unrestricted line Navy and Marine Officers. Training is conducted at civilian colleges and universities providing instruction to highly qualified baccalaureate degree students and results in commission in the Navy, the Navy Reserve, the Marine Corps, and the Marine Corps Reserve. NROTC is comprised of Scholarship and College Programs conducted at selected colleges and universities. The Scholarship Program is a long-range career officer accession program for the Regular Navy and Marine Corps. The College Program provides Naval Reserve and Marine Corps Reserve Officers for active duty. Selectees enter either the two-year or four-year program as a College or Scholarship Program student and must attain a baccalaureate degree prior to commissioning. The funds requested represent the cost of educational subsidies for Scholarship Program students and administrative expenses for the units.

Educational subsidies consist of payments for tuition, fees, and books for college courses required for a baccalaureate degree taken by scholarship or college program students. The administrative expenses include unit operating costs, purchasing of Naval Science course textbooks, course references and training aids, and the costs associated with operating several summer training sites.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Flight Training

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The Flight training program provides undergraduate pilot and flight officer training for Navy and Marine Corps personnel. In addition to undergraduate training, training for flight surgeons, midshipmen, jet transition, and refresher training are accomplished with funds provided within this program.

Flight Operations costs include fuel consumed, cost of flight gear issued, organizational and intermediate level aircraft maintenance of certain training aircraft (T34C, TH57A, T2C, T47A, T44A and TA4J). These factors are accumulated for each type, model and series of aircraft and converted to a cost rate per flight hour. The cost per hour is then multiplied by the number of flight hours required to produce the pilot and Naval Flight Officer (NFO) training rates prescribed by the Chief of Naval Operations.

Funds for academic training finance the operation of the Naval Aviation Schools Command, including civilian salaries. Funds for flight support cover contractor services for maintenance of training simulators, contract flight instructors, squadron support costs, aircraft refueling/defueling operations, intermediate maintenance departments, aircraft operations departments and training departments of the Naval Air Stations, including civilian salaries. Beginning in FY 1988 aircraft intermediate maintenance departments will be converted to contract maintenance replacing Navy enlisted personnel.

The remaining direct funds are for operation of the Naval Aircrew Candidate School and the Rescue Swimmers School located at Naval Aviation Schools Command, including initial issue of flight gear.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Other Training Support

Budget Activity: VIII - Training, Medical, and Other Personnel Activities

I. Description of Operations Financed

Other Training Support encompasses several programs which provide Navy-wide support for requirements of technical training activities and Command Headquarters. Programs description of operations financed follows:

A. Command and Administration. Supports headquarters personnel and associated operating cost for the Chief of Naval Education and Training (CNET) at Pensacola, FL, and two functional headquarters commands: The Chief of Naval Air Training (CNATRA), Corpus Christi, TX, and The Chief of Naval Technical Training (CNTECHTRA), at Memphis, TN.

B. Initial (Factory) Training. Provides operating resources for training or instruction of a system, equipment, device, or training aid conducted at the contractors site or government facility. Initial (factory) training may be initial training of a cadre of instructors and other personnel needed to support a new item, or follow-on training. The initial (factory) training program consists of course curriculum deliverables and instructor presentations.

C. Training Equipment Installation. Provides funds to install equipments procured for Navy Training Plan requirements developed by the Naval Space and Warfare Systems Command and contained in the technical training equipment priority list at naval training sites.

D. Warfare Analysis and Research System. Simulates Naval strategy in tactical operations at the Naval War College, Newport, RI. Funds engineering services, and logistics support management for the Naval Warfare Gaming System (NWGS).

E. Simulator Acquisition Program. Encompasses the responsibility of developing and acquiring air, surface and subsurface training materials and services to meet the training and education objectives and requirements of the Navy and Marine Corps. All simulator acquisition costs relate to material and to civilian personnel in support of the program.

F. Organic Simulator Operation and Maintenance Program. Effects logistics support required for simulator/training devices throughout the Navy and Marine Corps for: organization and intermediate maintenance repair parts and services; maintainability, reliability, and safety modifications; rework and refurbishment; technical publication updates and retraining of Navy and Marine Corps maintenance personnel; services and materials for reinstallation and removal of trainers; Field Engineering Representative (FER) and Quality Assurance and Revalidation (QA&R) services; and salaries or other compensation for in-house logistic support personnel.

Activity Group: Other Training Support

G. General Library Program. Provides library services to Navy personnel aboard ships and to Navy/Marine Corps personnel and their dependents ashore. Funds for library materials are for books, sound recordings, films and paperback publications.

H. Advancement in Rate and Procurement of Texts and References Programs. Funds provide textbooks for resident schools and reference material used to prepare for enlisted advancement examinations and specialized jobs for which there exists no formal schools. Personnel Qualification Standards printing is also supported. Program funds are for distribution, composition, printing and procurement.

I. Training Support. Finances planning, management, and installation of technical training equipment, development/review/update of Navy Training Plans, periodic audits of specialized courses for technical accuracy, and depot level overhaul and calibration of Commander, Naval Sea Systems Command and Commander, Naval Space and Warfare Systems Command technical training equipment positioned in the Naval Education Training Command.

J. Other Training Equipment Maintenance. Supports overhaul and repair of aviation training equipment and trainers and other aviation support; training equipment installation for non-turnkey production programs, out-of-production programs, and modifications kits to flight simulators and maintenance trainers. Provides: drone support services for maintenance and technical support of serviceable targets and drones which are available for Fleet use in anti-aircraft and air-to-air firing exercises; trainer/training effectiveness evaluations and Navy training plan development; trainer overhauls; technical audit of training courses; software support services for normal life cycle in-production and out-of-production aircraft; trainer peculiar equipment (8N COG) component repair; and stock funding on non-aviation depot level repairables which are integral to the operation of prime systems used throughout the training command.

K. AEGIS Ship Training Support. Supports combat system training of Navy personnel prior to assignment on AEGIS cruisers to assure cruiser battle readiness and effectiveness under all operational conditions.

L. General Purpose Electronic Test Equipment (GPETE). Provides for replacement of GPETE which is beyond the authorized repair capability of the end user. Since General Purpose Electronic Test Equipment is a 7Z cognizance Navy stock funded item, various technical schools having "end item replacement" requirements require funds to "buy out" of stock these items.

M. Contractor Operation and Maintenance of Simulators (COMS). Provides funds for contractor operation and maintenance of training simulators in direct support of training activities.

N. Outfitting. Provides non-aviation initial and follow-up outfitting support for training activities of the Naval Education and Training Command.

Activity Group: Other Training Support

O. Forces Afloat Maintenance Improvement (FAMI). Provides support for the establishment, retention and improvement of essential forces afloat maintenance capabilities at the organizational and intermediate levels. These efforts provide on-board assistance to forces afloat in support of the general Navy policy of accomplishing ship maintenance at the lowest level consistent with available resources in order to reduce maintenance costs and maximize the operational readiness of Fleet units.

P. Training Performance Data Center (TPDC). Provides training related information and management support to the Office of the Secretary of Defense, the Military Departments and the entire Department of Defense training community. TPDC collects, integrates, stores, and analyzes available training information and responds to analytical and specific information requests from the DOD manpower, personnel and training community. Funding of this program is transferred out of Navy beginning in FY 1988.

Q. Defense Personnel Security Research and Education Center (PERSEREC). Performs security research and analysis for the Department of Defense and furnishes educational assistance, instruction and advice on personnel security matters to Department of Defense components. This program was established in the FY 1987 President's Budget.

R. Curriculum Development and Assessment. Resources support the Instructional System Development program operated through three Instructional Program Development Centers and three Training Development Units which are engaged in job/training analysis for design/development of training curriculum and supporting media, and evaluation of Navy schools/courses. Resources also support the On-Board Training program (OBT) which develops and produces OBT products for surface, air, and submarine communities to support fleet requirements.

Activity Group: Other Training Support (cont'd)

1. <u>AEGIS</u> - Supports student and course development associated with DDG-51 introduction, shipyard training; berthing and transportation for trainees and training site operations and maintenance.	+6,279

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
2. <u>Training Support</u> - Increase for: 73 Technical Training Equipment overhauls; modernization of TTE at 4 activities; and Training Administration costs to maintain NTPs.	+4,349
3. <u>FAMI Training</u> - Realignment from BA-7 for support of the FAMI-IMA Combat Systems efforts.	+1,654
4. <u>Outfitting</u> - Supports the following new start equipments: two AN/SLQ-32(V); one AN/UKY-43(V); one CWI Transmitter; one OJ-452(V)'s; one MK 15 CIWS MOD 2; two AN/SQR-17(v) 1 DIFAR/DICASS.	+6,484
5. <u>Initial Training</u> - Increases due to the following factory training efforts: AN/UYQ-21, IMA Nuclear Training Submarine Nuclear Maintenance; SNAP I and II; A-6F; E-2C; Missiles; T-45TS; and 8 other systems.	+6,286
6. <u>Simulator Acquisition</u> - Increase to fund civilian personnel and support cost for 28 additional workyears associated with the establishment of a Trainer System Support Activity at six aviation training device sites. This effort involves on-site engineering and computer efforts with product being quicker responses to software/hardware modifications and	+1,181

Activity Group: Other Training Support (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

Amount

installations of engineering changes to aviation trainers. An additional eight workyears associated with engineering efforts related to the initial acquisition or modification of the following aviation training systems: F/A-18, F-14D and AV-8B. Additional 6 workyears associated with preparation of military characteristics of training systems, and preparation of technical trade-off analysis for training systems. 7 additional workyears associated with program management efforts (i.e., engineering, logistics and contracts) related to the acquisition of training systems to support the following weapon systems: Anti-Submarine Warfare (ASW) E-6A and MH-53G. Increase to fund data base update to submarine training device 21H14 and courseware development for the AN/BQQ-5 maintenance trainer. Improvements in software updates to submarine training devices 21A43I and 21B63A. Increase to fund organizational and intermediate level maintenance requirements for the following submarine training unique equipment: DV21B64 (7 devices), DV21A43I and DV21B63 (10 devices).

7. Organic Simulator Operations and Maintenance - Increase for organizational and intermediate maintenance of COG 2 "O" aviation training devices logistics support modifications (software and hardware enhancements) for the Radar Warning Trainer. Increased costs for the reinstallation of Device 21A43I and computer and software maintenance for Device 21B64. Increase to provide on-site engineering and computer efforts for the establishment of a Trainer Systems Support

+2,621

Activity Group: Other Training Support (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

Amount

Activity (TSSA). This will provide quick response to software/hardware modifications and installation of engineering changes for the 21A Series Submarine Trainers (14 Devices). Increase required to incorporate TOMAHAWK capability in submarine fire control trainers for Devices 21A43 and 21B63A. This includes the command and control system MK-1 program C4 tactical system which will become operational at the time and will require training changes to meet current training requirements.

8. Other Training Equipment Maintenance - +11,544
Increases in software support for the AV-8B, Aviation Training Support System and SH-60B. Increase to fund trainer installation for the following: missile systems, S-3, SH-60F, and SH-3H. Increase to fund ten trainer overhauls. Increased effort in Navy Training Plans development for maintenance training requirements review. Increased effort in Trainer/Training Effectiveness Evaluations related to F-14A, F/A-18 and SH-60B.
9. Training Equipment Installation - +3,526
Increase reflects operation and maintenance support to meet Navy training equipment requirements, and provide for: Commencement of 15 new Technical Training Equipment (TTE) installation projects; increased level of effort for 14 on-going TTE installation projects.

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
10. <u>Curriculum Development</u> - Provides for 12 instructional tapes/training units to be used for Electronic Warfare (EW) computer-assisted on-board training.	+3,408
11. <u>Depot Level Repairables</u> - Provides for DLR support for the Submarine Advanced Combat Systems (SUBACS), Submarine Surveillance Equipment Program (SSEP), and increased use of DLRs in other tactics and Combat Systems Training and Surface Combat Systems Training.	+926
12. <u>Contractor Operations and Maintenance Program</u> - Provides increased funding levels to add submarine, cryptological and aviation simulators.	+613
13. <u>Electronic Warfare</u> - Additional funding for on-board training packages in areas of threat recognition, Electronic Warfare (EW) planning, communication procedures, EW tactical and watch standing procedures.	+1,042
14. <u>Rate Training</u> - Provides for increase in rate training manuals printed for Electronics Technician (ET), Yeoman (YN), and Cryptologic Technician (CTA). Additionally, funding to administer and process correspondence due to increase in course applications.	+621

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
15. <u>Extra Day Costs</u> - Reflects the cost of one additional day in FY 1988.	+244
4. Functional Transfer	-4,322
A. Transfer Out	(-4,322)
1. Inter-Appropriation	-4,322
a) <u>Training Performance Data Center</u> - Executive Agent responsibility transferred to DLA.	
5. Program Decreases	-40,691
A. One-Time Decrease	(-362)
1. <u>AEGIS</u> - Decrease reflects completion of Baseline II equipment installation.	-362
B. Other Program Decreases in FY 1988	(-40,329)
1. <u>Simulator Operation</u> - Reduced simulator operation funding for replenishment of spares.	-706
2. <u>GPETE</u> - Reduces funding to support surface and aviation training general purpose electronic test equipment.	-75
3. <u>Curriculum Development</u> - Reduction in number of curriculums to be produced and reduction in the number of Front-end Analysis to be accomplished.	-3,233
4. <u>AEGIS</u> - Reduced difference training at Combat Systems Engineering Development Site due to transition to AEGIS Training Center.	-3,126
5. <u>FAMI Training</u> - Decrease reflects 3,118 fewer manweeks of training in the Shop Qualifications Improvement Program (SQIP) and Engineered Time Value effort.	-1,376

Activity Group: Other Training Support (cont'd)

<u>B. Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
6. <u>Training Support</u> - Decrease reflects 108 fewer Navy Training Plans updated and developed; fewer Technical Audits; reduced scope due to equipment mix for overhauls of Technical Training Equipment; reduced support for Propulsion Trainer Support Installations.	-12,542
7. <u>Outfitting</u> - Decrease reflects one fewer AN/SLR-23; two fewer AN/SQR-18A; one fewer Mine Neutralization System; one fewer MK 57 MOD II; and one fewer VLS Weapon Control System.	-4,922
8. <u>Initial Training</u> - Reduction for the following systems: AV-8B; E-6A; H-46; P-3C; S-3; SH-60F; H-53 and 41 other systems.	-6,026
9. <u>Contractor Operation and Maintenance of Simulators (COMS)</u> - Decrease for the following systems transitioning to Fleet COMS: SH-60B; F-4/F-14; and TH-57.	-4,884
10. <u>Training Equipment Installation</u> - Decrease reflects: Completion of 15 TTE installation projects, and completion of 10 EFR plans.	-3,054
11. <u>Efficiency Reviews</u> - Projected end strength and dollar savings resulting from scheduled Efficiency Reviews.	-116
12. <u>Civilian Workforce Mix</u> - Dollar savings associated with application of historic economical mix of full-time permanent and temporary employees.	-43

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
13. <u>General Library</u> - Reduction in the scope of general library services and materials provided to Navy General Libraries.	-215
14. <u>Contract Services</u> - Reduction in contractor advisory and assistance services resulting from intense management reviews.	-11
6. FY 1988 President's Budget Request	366,536
7. Pricing Adjustments	+8,912
A. Stock Fund	(-850)
1. Non-Fuel	-850
B. Industrial Fund Rates	(+337)
C. Other Pricing Adjustments	(+8,949)
D. Federal Employee Retirement System	(+476)
8. Program Increases	+53,253
A. One-Time Costs	(+825)
1. <u>AEGIS</u> - Installation of equipment associated with CG 59-64 Combat System upgrade.	+825
B. Other Program Growth in FY 1989	(+52,428)
1. <u>Curriculum Development</u> - Increase from 34 to 60 courses completed. An additional 770 hours of instruction will be produced. Number of Navy ratings supported will double from 15 to 30. Front-end Analysis (FEA) for development of major curriculum will increase from 14 to 30. In addition, the increase will provide for update of 12 Electronic Warfare (EW) training units to maintain currency with state-of-the-art EW requirements and systems.	+2,136

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
2. <u>Depot Level Repairables (DLRs)</u> - Support of aviation technical training equipment.	+1,592
3. <u>Contractor Operation and Maintenance</u> - Additional simulators in submarine, surface and aviation technical training.	+2,906
4. <u>AEGIS</u> - Increase supports additional students and course development associated with DDG-51 introduction; AEGIS Training Site Operations and maintenance; and shipyard training for CG 47 and DDG-51.	+1,201
5. <u>FAMI Training</u> - Increase reflects an additional 1,089 manweeks of training in support of the Shop Qualifications Improvement (SQIP) and an additional 2,502 manweeks of training in support of ETV-IMA Combat Support.	+680
6. <u>Training Support</u> - Increased installation support of 6 additional Technical Training Equipment; and 50 additional overhauls of TTE.	+6,622
7. <u>Outfitting</u> - Increase supports the following new equipments: one AN/SPS-49; one AN/SQQ-32; one AN/STC-2; one gas management system; twenty OJ-451(V); one OL-191(V); five additional AN/UYS-43; and the AN/BSY-1 (\$7,859).	+12,214
8. <u>Initial Training</u> - Increase for the following systems: E-6A, T-45TS; P-3C; MCM; SNAP II; IMA Nuclear Planning; and commencement of 6 curriculum projects.	+13,087

Activity Group: Other Training Support (cont'd)

<u>B. Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
9. <u>Training Equipment Installation</u> - Increase provides for: Commencement of 14 new Technical Training Equipment installation projects; and commencement of 15 new Equipment Facility Requirements (EFR) plans.	+5,236
10. <u>Training Support</u> - 53 new Technical Training Equipment(TTE) overhauls; and modernization of TTE at 4 activities and Training Administration cost to maintain NTPs as life cycle documents.	+4,540
11. <u>Simulator Acquisition</u> - Increased effort in organizational and intermediate level maintenance for submarine training unique equipment for the following devices: DV21B64, DV 21A93I/ DV21B63.	+187
12. <u>Organic Simulator Operations and Maintenance</u> - Depot Level Repair of commercial computers embedded in the following devices: 15F12A, 21C6, 21C7.	+905
13. <u>Contractor Operations and Maintenance of Simulators</u> - Increase to fund the following new systems to be supported under (COMS): A-6f, MH-53, SH-60F, and T-45TS, and E-6A.	+1,122
9. Program Decreases	-47,840
A. Other Program Decreases in FY 1989	(-47,840)
1. <u>Spares</u> - Reduced funding for spares involving simulators.	-83

Activity Group: Other Training Support (cont'd)

<u>B. Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
2. <u>Cryptological Devices</u> - Reduced maintenance.	-71
3. <u>AEGIS</u> - Reduced berthing and transportation of trainees.	-331
4. <u>Training Support</u> - Decreases for reduced propulsion trainer installation support. Decrease also reflects completion of GPETE calibration at 17 activities; completion of modernization of TTE at 4 activities and a decrease in training administrative costs.	-11,135
5. <u>Outfitting</u> - Reduction reflects two fewer AN/SLQ-ew installations; one fewer AN/SPG-51D; four fewer AN/SQR-17(V); two fewer AN/UYK-7 installations; fewer CIWS MOD II; four OJ-452(V); six fewer TS-4012/UYS-1; and fewer CIW Transmitters.	-4,477
6. <u>Initial Training</u> - The following systems have program decreases: A-6F; AV-88; Missiles; SH-60F. Decrease reflects completion of 17 curriculum development projects; completion of 7 curriculum update projects.	-13,010
7. <u>Other Training Equipment Maintenance</u> - Reduction in software for the following systems: P-3C, S-3, SH-3H, EA-6B, AV-8B, ATSS, F/A-18 and SH-60B. Reduction in trainer installation for missile systems S-3, SH-3H, SH-60F, F-14A, AV-8B and P-3C.	-12,770
8. <u>Training Equipment Installation</u> - Decrease reflects: Completion of 6 TTE installations projects and completion of 15 EFR plans.	-3,4134

Activity Group: Other Training Support (cont'd)

B. <u>Reconciliation of Increases and Decreases (cont'd)</u>	<u>Amount</u>
9. <u>Curriculum Development</u> - Completion of 12 training units.	-1,930
10. <u>Efficiency Reviews</u> - Projected end strength and dollar savings resulting from scheduled Efficiency Reviews.	-116
11. <u>Contract Services</u> - Reduction in contractor advisory and assistance services resulting from intense management review.	-39
12. <u>Paid Days</u> - Two less paid days for civilian personnel in FY 1989 than FY 1988.	-465
10. FY 1989 President's Budget Request	380,861

Activity Group: Other Training Support (cont'd)

III. Performance Criteria (cont'd)

C. SIMULATOR ACQUISITION

FY 1986 FY 1987 FY 1988 FY 1989

1. Special Studies/Analysis

Number of Studies

Studies performed 51 50 55 55

2. Site Preparation

Number of Device Locations

Equipment Installation 0 15 14 23

3. Simulator/Device Acquisition

Number of Projects

Category A Projects: 108 104 109 109

Requires more than three W/Ys (average based on 7,000 hours): Initial acquisition or modification of training systems (includes hardware, software, courseware and ILS Package).

Category B Projects: 114 122 124 124

Required 1 to 3 W/Ys (average based on 2,400 hours):
 Acquisition of follow-on trainer;
 Conduct training requirements (functional trade-off analysis).
 Preparation of military characteristics (functional definition) of training systems;
 Preparation of technical trade-off analysis, design approach, media selection and/or cost and lead time estimate for training systems.

Activity Group: Other Training Support (cont'd)

III. Performance Criteria (cont'd)

<u>Category C Projects:</u>	117	143	157	162
Requires .25 to one W/Y (average based on 600 hours); Engineering support/technical assistance to SYSCOMS, Labs and other government activities; Changes/updates to military characteristics and technical documentation to reflect changes in the operational environment; Review/comment/input to Navy training plans.				
<u>Category D Projects:</u>	317	366	369	369
Requires .25 W/Ys or less (average based on 100 hours); Changes to existing contracts; Revisions to project schedules, other changes to in-house acquisitions.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Care in Regional Defense Facilities (Teaching Hospitals)
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The mission is to operate the Navy Medical Establishment at that level which provides the ability to deliver essential inpatient, outpatient, and adjunctive health care services to the active duty forces to ensure their physical fitness for combat duty and to continue operation of those activities required to serve as the basis to meet wartime contingency planning requirements. Medical health care treatment facilities are located worldwide and the continuation of their operation provides the capability for the direct delivery of both primary and specialized forms of patient treatment for the Services' beneficiary population. The range of treatment runs from routine outpatient sick call visits to highly selective and specialized inpatient operative procedures. These financial and manpower resources provide the capability for the delivery of health care at 4 Teaching Hospitals located at Bethesda, Maryland; Portsmouth, Virginia; Oakland, California; and San Diego, California. Navy Medical Teaching Hospitals provide residency-type training for Navy to meet the requirements for the various forms of specialized medical care. These centers provide the specialized care beyond the capability of Station Hospitals. Resources are added to support the increase in clinical workload. Recognition of savings achieved by ensuring procedural efficiency is included. Civilian personnel estimates are adjusted to reflect substitution of less costly non-FTP workyears for U.S. Direct Hire civilians. Direct Service funding associated with automated clinical systems previously funded by the Department of Defense for systems installed in Fiscal Year 1986 under the funding auspices of the TRI-Service Medical Information System (TRIMIS) program is instituted. In FY 1988 and FY 1989, contracting resources are added to increase medical care provided to eligible beneficiaries and reduce total medical costs. Resources are transferred from the Other Procurement, Navy appropriation to reflect the Other Procurement, Navy threshold increase from \$5 thousand to \$25 thousand. Resources for the substitution of non-medical military manpower for civilian personnel are included in order to support the Hospital Ship and fleet hospital programs.

D. Federal Employee Retirement System	(+1,997)
3. Functional Program Transfers	+1,625
A. Transfers In	(+1,625)
1. Inter-Appropriation	+1,625
a) <u>TRI-Service Medical Information System Installed in FY 1986</u> -	+395
Current Defense Department guidance directs that funding responsibility for automated clinical system installed under TRI-Service Medical Information Systems auspices be assumed by the Services two years later. These resources cover the cost of systems installed during FY 1986. (Operation and Maintenance - Defense Agencies).	
b) <u>Expense/Investment Criteria</u> -	+1,230
In response to a request from Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.	
4. Program Increases	+5,150
A. Annualization of FY 1987 Increases	(+278)
1. <u>Civilian Manpower</u> Annualizes cost of FY 1987 civilian manpower increases.	+278

Activity Group: Care in Regional Defense Facilities (Teaching Hospitals)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Other Program Growth in FY 1988	(+4,872)
1. <u>Extra Day Costs</u> - Reflects the cost of an additional day in FY 1988.	+432
2. <u>Health Care Contracting</u> - Provides resources for contracting functions and supply and equipment. This will increase in-house health care by making use of existing unused capacity in medical treatment facilities, thereby lowering the average unit cost for health care.	+4,440
5. Program Decreases	-626
A. Annualization of FY 1987 Decreases	(-350)
1. <u>Civilian Manpower</u> - Annualizes cost of FY 1987 civilian manpower reductions.	-350
B. Other Program Decreases in FY 1988	(-276)
1. <u>Military Substitution for Non-Medical Civilians</u> - Resources reflect the substitution of non-medical military personnel for civilian personnel.	-276
6. FY 1988 President's Budget Request	\$142,740
7. Pricing Adjustments	+918
A. Civilian Personnel Compensation	(-40)
B. Stock Fund	(-877)

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Station Hospitals and Medical Clinics
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The mission is to operate the Navy Medical Establishment at that level which provides the ability to deliver essential inpatient, outpatient, and adjunctive health care services to the active duty forces to insure their physical fitness for combat duty. This permits the continuing operation of those activities required to meet wartime contingency planning requirements. These financial and manpower resources provide the capability for the delivery of health care at 27 Naval Hospitals, 11 Medical Clinics and 150 Branch Medical Clinics located at or near worldwide Navy and Marine Corps Stations and Bases. Medical health care treatment facilities are located worldwide and the continuation of operation provides the capability for the direct delivery of both primary and specialized forms of patient treatment for the Services' beneficiary population. The range of treatment runs from routine outpatient sick call visits to selective and specialized inpatient operative procedures.

Resources are added to support the increase in clinical workload. Recognition of savings achieved by ensuring procedural efficiency is included. Civilian personnel estimates are adjusted to reflect substitution of less costly non-FTP workyears for U.S. Direct Hire civilians. Direct Service funding associated with automated clinical systems previously funded by the Department of Defense for systems installed in Fiscal Year 1986 and 1987 under the funding auspices of the TRI-Service Medical Information System (TRIMIS) program is instituted. In FY 1988 and FY 1989, contracting resources are added to increase medical care provided to eligible beneficiaries and reduce total medical costs. Resources are transferred from the Other Procurement, Navy appropriation to the Operation and Maintenance, Navy appropriation to reflect the Other Procurement, Navy threshold increase from \$5 thousand to \$25 thousand. Resources for the substitution of non-medical military manpower for civilian personnel are included in order to support the Hospital Ship and Fleet Hospital programs. In order to comply with Naval Inspector General recommendations and to ensure that JCAH standards are met, FY 1988 and FY 1989 resources are provided for the contracting of Navy hospital emergency rooms.

3. <u>Staten Island Operations</u> - Resources are provided to support the homeporting at Staten Island which will result in increased operating costs at the Brooklyn, NY Clinic.	+58
4. <u>Clinic Contracting</u> - Resources are provided for the contracting of Navy hospital emergency rooms. In order to comply with Naval Inspector General recommendations and to ensure that JCAH standards are met.	+23,109
5. Program Decreases	-6,610
A. Annualization of FY 1987 Decreases	(-367)
1. <u>Civilian Manpower</u> - Annualizes cost of FY 1987 civilian manpower decrease.	-367

Activity Group: Station Hospitals and Medical Clinics (cont'd)

F. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Other Program Decreases in FY 1988	(-6,243)
1. <u>Military Substitution for Non-medical Civilians</u> - Resources reflect the substitution of non-medical military personnel for civilian personnel.	-351
2. <u>Downgrade Naval Hospital, Philadelphia, PA</u> - Cost reduction attendant to the downgrading of Naval Hospital, Philadelphia to a Naval Clinic.	-5,500
3. <u>Naval Medical Clinic, Key West</u> - Reduces costs attendant to the closure of Naval Medical Clinic, Key West.	-392
6. FY 1988 President's Budget Request	\$257,164
7. Pricing Adjustments	+2,534
A. Civilian Personnel Compensation	(-37)
B. Stock Fund	(-1,385)
1. Non-Fuel	-1,385
C. FN Indirect	(+160)
D. Industrial Fund Rates	(+5)
E. Other Pricing Adjustments	(+3,510)
F. Federal Employee Retirement System	(+281)
8. Functional Program Transfers	+271
A. Transfers In	(+271)
1. Intra-Appropriation	+271
a) <u>TRI-Service Medical Information System</u> Installed in FY 1987 - Current Defense Department guidance directs that the funding responsibility for automated clinical systems installed under TRI-Services Medical Information Systems auspices be assumed by the Services two years later. These resources cover the cost of systems installed during FY 1987. (Operation and Maintenance - Defense Agencies).	(+271)

Activity Group: Station Hospitals and Medical Clinics (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
9. Program Increases	+40,180
A. Annualization of FY 1988 Increases	(+7,950)
1. <u>Clinic Contracting</u> - Annualizes the FY 1988 cost of contracting Navy hospital emergency rooms.	+7,950
B. One-Time Costs FY 1989 Costs	(+27)
1. <u>Beneficial Occupancies</u> - Accommodates the impact of beneficial occupancies at NH Groton and the medical clinic at French Creek.	+27
C. Other Program Growth in FY 1989	(+32,203)
1. <u>Health Care Contracting</u> - Provides resources for contracting functions and supply and equipment. This will increase in-house health care by making use of existing unused capacity in medical treatment facilities, thereby lowering the average unit cost for health care.	+32,203
10. Program Decreases	-4,347
A. Annualization of FY 1988 Decreases	(-150)
1. <u>Naval Medical Clinic, Key West</u> - Annualizes the costs attendant to the closure of Naval Medical Clinic, Key West.	-150
B. One-Time FY 1989 Costs	(-270)
1. <u>Naval Medical Clinic, Key West Contracting</u> - Removes the FY 1988 one-time costs required for the closure of Naval Medical Clinic, Key West.	-270

Activity Group: Station Hospitals and Medical Clinics (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
C. Other Program Decreases in FY 1989	(-3,927)
1. <u>Non-medical Military Personnel Substitution</u> - Resources reflect the substitution of non-medical military personnel for civilian personnel.	-2,756
2. <u>Paid Days Cost</u> - Reflects the one less paid day in FY 1989 and removes the costs associated with the additional day in FY 1988.	-1,038
3. <u>Efficiency Review</u> - Civilian personnel resources are adjusted to reflect a projected 4 percent manpower savings which will be achieved through implementation of most efficient organizations and MEO based staffing standards resulting from FY 1989 Efficiency Reviews.	-133
11. FY 1989 President's Budget Request	\$295,822

Activity Group: Station Hospitals and Medical Clinics

III. Performance Criteria

The medical workload is measured by the use of the Health Care Unit (HCU). The weighted formula used to compute the FY 1986 Health Care Unit is illustrated below.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Dental Care Activities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The mission is to provide outpatient dental care for the Navy and Marine Corps to ensure their physical fitness for combat duty. These financial and manpower resources provide the capability for the direct delivery of both primary and specialized forms of dental treatment at 23 Regional Dental Centers and 149 Branch Dental Clinics located at or near worldwide Navy and Marine Corps Stations and Bases. The range of outpatient treatment runs from dental prophylaxis to specialized operative and prosthetic procedures. Resource requirements are based on experience and forecasted dental disease converted to manpower requirements and then converted to dollar requirements based on workload capable of accomplishment with that manpower and dollar availability. Changes in the operations financed in the budget year relate to price growth, and the transfer of claimancy of dental clinics at Keflavik, Iceland and Argentina, Canada from Commander in Chief, Atlantic Fleet to the Naval Medical Command.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Care in Non-Defense Facilities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The program finances all bonafide expenses incurred by Navy and Marine Corps beneficiaries for health care services in Veteran's Administration, Coast Guard, and civilian facilities including civilian operated Uniformed Services Medical Treatment Facilities. Contractual medical care is provided by and to the Key West area beginning in FY 1988. Significant changes in the budget years include the establishment of 6 NAVCARE clinics in FY 1988 and an additional 4 clinics in FY 1989 and the transfer of the CHAMPUS program to the Navy in FY 1988.

IV. Personnel Summary

There are no personnel in this activity group.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Other Health Activities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

Operations financed include the operation of 16 separate field activities and 8 Geographic Naval Medical Commands. Direct disease and environmental health support services are provided by 4 Environmental Preventive Medicine Units, 2 Disease Vector and Ecological Control Centers and 1 Environmental Health Center. Also included in this Activity Group are 1 Naval Medical Data Services Center, 1 Aviation Medical Support Facility, 1 Naval Medical Material Support Command, 1 Naval Ophthalmic Support Facility and 5 Naval Drug Screening Laboratories. Centralized spectacle fabrication support provides the capability for manufacturing spectacles for active duty members. Financing of the Environmental Health Center allows for the delivery of specialized environmental health services to all shore facilities in the Navy and Marine Corps establishment. The operation of a centralized automated processing activity permits system standardization. This activity group contains the resources necessary to provide occupational/industrial health surveillance to Navy Fleet and Industrial activities. The budget year includes addressal of mandated standard changes with the Occupational Safety and Health health program, Mobile Medical Augmentation Readiness Team (MMART) material changes precipitated by experience gained by the Lebanon and Grenada operations, and the functional transfer of resources for the Fleet Hospital program.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Education and Training - Health Care
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The general education and training sub-activity provides the resources for the operation of all Navy medical and dental basic training, for the part-time training of medical personnel and operational training of primary health care professionals, for other health professional full-time and service specialty training, and for out-service medical and dental specialty residencies. This technical and specialty training requirement also covers travel to professional meetings, seminars, and short courses, which are the primary and most critical means for the acquisition of new health care knowledge and techniques relating to current practices, procedures, and operations. Training of medical personnel in operational techniques is also included. The Armed Forces Health Professions Scholarship Program sub-activity provides for the payment of costs in civilian institutions for medical student tuition, fees, and other authorized expenses. Resources provide for Deployable Systems Training, training for medical crews assigned to hospital ships, expansion of fleet hospital training capabilities, and funding of continuing professional education and part-time outservice training to requirement levels.

Activity Group: Command Health Care

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

This program provides management of 8 Geographic Commands, 4 Teaching Hospitals, 27 Hospitals, 11 Medical Clinics, 23 Dental Clinics, 16 Specialized medical activities (Preventive Medicine Units, Disease Vector Control Centers, etc.), and 5 training activities. This management, exercised through two headquarters units, ensures the delivery of medical and dental care and associated support services to the operating forces and shore establishments of the Navy and Marine Corps and the training of adequate numbers of health professionals and paramedical personnel for contingency and mobilization purposes.

Department of the Navy
Operation & Maintenance, Navy

Activity Group: Recruiting Activities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

Recruiting Activities provides for operation and maintenance costs (exclusive of advertising) associated with the recruitment of men and women for enlisted, officer candidate, and officer status in the regular and active duty Reserve components of the Navy. Resources included herein support the 6,768 military billets (including Training and Administration of the Naval Reserve (TAR) billets and 676 civilians comprising the FY 1988 workforce of the Navy recruiting Command; the operation of more than 1,600 recruiting facilities located in all 50 of the United States and in the Philippines, Guam, Puerto Rico, Great Britain, and Germany; the operation of 4,463 recruiting vehicles; efforts to recruit special categories of officer and enlisted personnel including medical, dental, nuclear, and advanced electronics personnel; and travel, lodging, and subsistence costs of personnel processed by the Military Entrance Processing Stations.

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
1. FY 1987 Current Estimate	\$74,593
2. Pricing Adjustments	+2,747
A. Annualization of Direct Pay Raises	(+118)
1. Classified	+118
B. Stock Fund	(-82)
1. Fuel	-73
2. Non-Fuel	-9
C. Industrial Fund Rates	(+129)
D. Other Pricing Adjustments	(+1,841)
E. Federal Employees Retirement System	(+741)
3. Functional Program Transfers	-9
A. Transfers Out	(-9)
1. Intra-Appropriation	-9
a) <u>SLUC Transfer</u> - Funds to rent commercially leased space realigned to Budget Activity 9, Base Operations Support, for direct payment to the General Services Administration (GSA) Federal Building Fund.	(-9)
4. Program Increases	+4,596
A. Annualization of FY 1987 Increases	(+3,837)
1. <u>Civilian Substitution Program</u> - Increase supports annualized workyear costs for 108 civilian end strength received in FY 1987 under the Civilian Substitution Program. Support costs (other than salary) are offset by support cost reductions associated with decreased (substituted) enlisted end strength.	+1,303
2. <u>Annualization of FY 1987 Enlisted End Strength Increase</u> - Provides for annualized support costs associated with an FY 1987 enlisted end strength increase of 677 billets (528 recruiters and 149 support). Operations and Maintenance, Navy resources to support these personnel for one-half year were also programmed in FY 1987. This increment provides annualized FY 1988 support costs.	+1,542

Activity Group: Recruiting Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
3. <u>Recruiting Improvements</u> - Recruiting difficulties were experienced by Navy recruiters in FY 1986. Continued improvement in national employment, coupled with a dwindling supply of young recruitable- aged people, signifies more difficult times ahead. Navy recruiters will be required to increase their prospecting efforts in order to help arrest the unacceptable erosion of the Delayed Entry Program. It is proposed that passenger-carrying vehicle utilization be increased to 1,500 miles per vehicle per month to partially provide the needed prospecting capability.	+992
B. One-Time FY 1988 Costs	(+578)
1. <u>Navy Sea College Program</u> - In FY 1986 the Navy Sea College Program which is similar to the Army College Fund was established. This enlisted accession program will target high quality youth for active naval service to broaden the quality base of enlisted personnel and provide increased input of fleet experienced sailors into the Naval Reserve. Sea College recruits will attend basic training and apprentice training and be assigned to sea duty in on-the-job training programs supporting undermanned ratings. In order to fully implement this new program, a revised Enlisted Recruiting Manual is required to incorporate appropriate policy guidance into the curriculum at the Navy Recruiting Orientation Unit, Orlando, FL, and provide training for field recruiters already in position through Zone Supervisors.	+300
2. <u>Electronic Display Signs</u> - Funds will support standardized electronic display signs for all of the Navy's recruiting stations. These eye-catching moving message signs can be displayed in recruiting station windows and other high traffic locations. The electronic display signs will be programmed with various messages which will enhance the recruiting effort.	+278

Activity Group: Recruiting Activities (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
C. Other Program Growth in FY 1988	(+181)
1. <u>Paid Day Costs</u> - Reflects the cost of one additional paid day in FY 1988.	+57
2. <u>Navy Band Concert Tour</u> - The recruiting difficulties currently being experienced by Navy recruiters can be alleviated to some degree by increasing Navy exposure. Concert tours by the Navy Band, Washington are an ideal vehicle for raising navy awareness in rural areas of the country. Also, this provides additional recruiting opportunities as Navy recruiters work closely with the band and are in attendance at the concerts. Until FY 1986, these tours were financed by local sponsors who charged admission fees of as much as \$10 per person. This high admission cost caused a marked decline in attendance; so commencing in FY 1986, the Navy began supporting band appearances with appropriated funding similar to the way the Army and Air Force concert bands are supported. The increase will facilitate increased Navy awareness in areas removed from normal Navy exposure.	+124
5. Program Decreases	-961
A. Annualization of FY 1987 Decreases	(-154)
1. <u>Civilian Substitution Support</u> - Offsetting the annualized civilian substitution program are support costs associated with the military end strength decrease.	-112
2. <u>Civilian Workforce Mix</u> - Dollar savings associated with application of historic economical mix of all full-time permanent and temporary employees.	-42

Activity Group: Recruiting Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Other Program Decreases in FY 1988	(-807)
1. <u>Military End Strength and Support Funding</u> - Navy-wide military end strength targets imposed by Congress have forced a reduction in recruiting staff and operating costs associated with a reduction of 64 enlisted recruiters.	-501
2. <u>Efficiency Review</u> - Projected end strength and dollar savings resulting from scheduled Efficiency Reviews.	-158
3. <u>In-House Computer Programming</u> - In FY 1987, a more efficient operating system was purchased as part of the upgrade package for the in-house computer. This improved system will enable some of the programming now being purchased commercially to be brought in-house, resulting in recurring annual savings.	-33
4. <u>Workload Changes</u> - The recruiting workload programmed for FY 1988 represents a 1,393 decrease from the current FY 1987 recruiting workload plan. This workload reduction produces cost savings in applicant travel costs and in applicant lodging and subsistence costs.	-115
6. FY 1988 President's Budget Request	\$80,966
7. Pricing Adjustments	+2,025
A. Stock Fund	(+27)
1. Fuel	+30
2. Non-Fuel	-3
B. Industrial Fund Rates	(+21)
C. Other Pricing Adjustments	(+1,917)
D. Federal Employees Retirement System	(+60)

Activity Group: Recruiting Activities (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
8. Program Increases	+216
A. Other Program Growth in FY 1989	(+216)
1. <u>National Microcomputer Maintenance</u> -	+28
Maintenance on the current inventory of microcomputers owned by the Navy Recruiting Command is funded through a blanket national maintenance contract. The inventory of Navy-owned microcomputers is scheduled to increase in FY 1988 when over 1,000 units will be purchased, thereby increasing associated maintenance costs.	
2. <u>Computer Timesharing</u> - Increased	+80
use of microcomputers at field recruiting locations required additional connect time on the commercial mainframe computer which processes applications of recruits prior to their entry into the Navy.	
3. <u>Youth Programs</u> - Membership in youth	+108
groups totals approximately 15 million young people who will soon be of recruitable age. In recognition of the declining recruitable-age market, Navy recruiting's interface with national youth programs has been undergoing a moderate expansion process over the past several years. A further investment of less than \$3 thousand per Navy Recruiting District will provide the means to increase Navy exposure among youth members and to create favorable impressions of the Navy among this large segment of the population who are approaching recruitable age.	
9. Program Decreases	-1,074
A. Annualization of FY 1988 Decreases	(-175)
1. <u>Efficiency Review</u> - Projected end	-158
strength and dollar savings resulting from scheduled Efficiency Reviews.	

Activity Group: Recruiting Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
2. <u>Civilian Workforce Mix</u> - Dollar savings associated with application of historic economical mix of full-time permanent and temporary employees.	-17
B. One-Time FY 1989 Costs	(-590)
1. <u>Navy Sea College Program</u> - Reduction of one-time start-up costs associated with the Navy Sea College Program.	-303
2. <u>Electronic Display Signs</u> - Reduction of one-time purchase of standardized electronic display signs for all of the Navy's recruiting stations.	-287
C. Other Program Decreases in FY 1989	(-309)
1. <u>Paid Days Cost</u> - Two less paid days for civilian personnel in FY 1989 than in FY 1988.	-113
2. <u>Military End Strength and Support Funding</u> - Manpower and funding levels reflect a reduction associated with a programmed decrease of 30 officers and seven enlisted end strength.	-175
3. <u>Workload Changes</u> - The recruiting workload programmed for FY 1989 represents a 669 decrease from the current FY 1988 workload plan. This workload reduction produces cost savings in applicant travel, lodging, and subsistence costs.	-21
 10. FY 1989 President's Budget Request	 \$82,133

Activity Group: Recruiting Activities (cont'd)

Operation and Maintenance, Navy

Activity Group: Advertising Activities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The Navy's advertising is built around a national advertising plan which is complemented by local advertising and an active public service campaign. Included in the overall advertising strategy is a media campaign targeted at the minority audience with the objective of increasing the number of minority accessions. The Navy relies on a media mix that include television, printed advertising in magazines and newspapers, outdoor advertising, direct mail campaigns and recruiting booklets, pamphlets and posters to increase public awareness, portray opportunities and generate leads. The advertising effort is aimed at four program areas, and the media mix is as follows:

- A. General Enlisted - television, placements in general circulation and high school magazines, outdoor advertising (special minority efforts) and direct mail.
- B. Officer Programs - television, selected magazine and college newspaper placements and direct mail.
- C. Medical - magazines, placements in selected medical journals and direct mail.
- D. NROTC - magazine placements and direct mail.

In addition to the general program areas supported by national advertising, Navy supports the priority nuclear officer program, aviation officer program, and prior service/reenlistment through point-of-sale literature and field advertising funding. The advertising for each program area is designed to reach a specific target audience, and the media mix is adjusted for maximum impact.

A. Industrial Fund Rates	(+125)
B. Other Pricing	(+761)
3. Program Increases	+3,920
A. Other Program Growth in FY 1988	(+3,920)
1. <u>Navy Advertising Program - Recruiting</u>	+3,920
<p>advertising creates public awareness and produces qualified leads (propective enlistees). Awareness advertising is achieved primarily through television. Television advertising increases the number of high quality leads received from direct mail, generates leads directly through the number of prospects visting the recruiting stations, allowing the recruiter to improve quality. Targeted advertising campaigns contributed approximately 40 percent of officer and 16 percent of enlisted accessions in FY 1986. Navy has a requirement to increase High School Diploma Graduates (HSDG) accessions to a goal of 90 percent. To support this initiative, additional advertising funding is required. Incremental funding was provided in FY 1986 to support the higher accession goal for HSDG and offset the residual effect of no television advertising, due to funding constraints, from FY 1982 to FY 1984. Lack of television advertising resulted in a downward trend in awareness (17 percentage points) and propersity to join the Navy with a concurrent decline in Navy leads generated from Navy unique advertising. These factors, combined with an improving economy, contributed significantly to the failure of the Navy to meet its targeted new contract objectives in FY 1984 and FY 1985 and first half of 1986 (except October 1986). This resulted in a serious and continuing drawdown</p>	

Activity Group: Advertising Activities (cont'd)

B. Reconciliation of Increases and Decreases

Amount

1. Navy Advertising Program - (cont'd)
of Delayed Entry Program (DEP) (DEP level projected at only 9,557 by end of FY 1989) as well as a decrease in high school diploma graduate accessions. Since the restoration of television advertising in FY 1984, Navy advertising awareness has risen 10 percent but still has not reached the level experienced prior to FY 1982. Navy stands to lose this momentum given the current budget level for FY 1987 which will again result in the elimination of television advertising. To ensure recruiting success in the face of an unfavorable recruiting climate, due to the improving economy and the shrinking pool of recruitable age youth, and increased accession goals in FY 1988 over FY 1986 and continuing in outyears, advertising awareness must be maintained at a high level to ensure long term conditioning of the target market to the Navy message. Additional advertising, as follows, will restore the reduction realized in FY 1987, ensure that Navy does not experience downward trends in advertising awareness and propensity. It will also increase lead generation, contribute to obtaining higher quality recruits and to the increased goal for HSDG as well as reduce the DEP drawdown.
 - a) Increase provides for additional awareness in television advertising (5 weeks) in support of the general enlisted program.
 - b) Increase provides for additional local newspaper (29,106 insertions) and direct mail (234 mailings) lead generation advertising in support of the enlisted and officer programs.
 - c) Increase allows for additional lead generation advertising in national magazines (8 insertions) and direct mail (2 mailings) in support of enlisted and officer programs.

Activity Group: Advertising Activities (cont'd)

B. Reconciliation of Increases and Decreases Amount

1. Navy Advertising Program - (cont'd)
 d) Increase allows for an increased effort in collateral sales materials. Collateral sales materials are vital to the recruiting effort in that they serve to enlighten potential applicants on particular areas of career interests and assist in the formulation of career plans. High priority funding requirements in prior years, coupled with an increasing recruiter sales force, has created significant shortages in quantities of existing sales materials. In order to be effective, the increased sales force requires that the inventory of collateral sales materials be reinstated. Incremental funding provides for the needed restoration of program specific collateral sales items and will ensure that the recruiter has sufficient quantities of materials for use in contacting leads of career interest and offer assistance in the formulation of career plans to those individuals having limited knowledge of career opportunities available in the Navy.

2/ Impressions are reflected in thousands.

These figures represent performance criteria for Navy media placement dollars and collateral sales materials on both a national and local basis. In addition to the media represented, advertising dollars also fund certain support requirements such as public service advertising production, agency creative production, marketing research and commercial advertising agency labor and overhead.

IV. Personnel Summary

NOTE: Personnel who administer this program are included in the Recruiting Activities Activity Group.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Other Personnel Activities

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

This activity group finances the following operations:

A. Morale, Welfare and Recreation (MWR) - Provides for the development of operational guidance, implementation of training, on-site field technical maintenance of MWR programs for Naval personnel. This subactivity group finances the following major programs:

1. The Fleet Motion Picture Program provides maintenance and repair for motion picture equipment and entertainment motion picture films to the Fleet and isolated stations where few or no recreational alternatives are available. Under such adverse conditions of duty, fees for admission are not charged.

2. The Open Mess Equipment Program provides for the purchase and installation of food preparation and service equipment in support of food service operations and for the purchase of furnishings and equipment to provide improved dining facilities.

3. The Fleet/Shore Recreation and Fitness Program provides recreation and fitness equipment and supplies for deploying units, recreation and fitness equipment for shore activities and outfits personnel with athletic equipment to train for interservice competition. Priority consideration is given to overseas, semi-remote and isolated activities, deploying units and those activities that provide recreation service support at Fleet Concentration Centers.

4. The Child Care Program satisfies the basic physical needs of children supervised and offers a program of activities to meet emotional and developmental needs of children. Training for Navy child care center directors is provided along with new/replacement equipment necessary to properly outfit the child care centers.

5. The Youth Center Program offers constructive, supervised recreation activities for school-age children. Training for youth center directors is provided along with new/replacement equipment for youth centers and programs.

B. Human Resource Management Support System (HRMSS) - Provides for the Human Resource Management Support System which is designed to improve organizational and individual effectiveness and to promote increased personnel management skills that impact on retention, unit effectiveness, and efficiency. This subactivity group finances the following major programs:

1. The Leadership and Management, Education and Training (LMET) Program provides proven, competency based leadership and management skills and knowledge to E-5 through O-6 personnel in the Navy. This program is directed at skills for enhancement of retention, command effectiveness and Navy readiness.

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed

2. The Human Resource Management (HRM) Program is focused on enhancing command operational performance through improvement of individual and organizational performance. This Program incorporates elements of LMET, Overseas Duty Support Program (ODSP), Drug and Alcohol, and Equal Opportunity (EO) Programs. This incorporation provides the systematic framework for setting policy, implementing and evaluating the Navy's quality of life.

3. The Alcohol and Drug Program provides rehabilitative and preventive services for personnel whose performance and continued military service are adversely affected through the disease of alcoholism and drug dependence. Also, this program provides primary alcohol and drug prevention and early intervention services Navy-wide in support of the Navy Alcohol and Drug Safety Action Program (NADSAP). The Navy's four Alcohol Rehabilitation Centers can accommodate over 480 residents in a six week treatment program. Preventive education is conducted at all levels of command and through NADSAP sites.

During FY 1986, the Naval Alcohol Rehabilitation Center (NAVALREHCEN), San Diego, CA and Naval Drug Rehabilitation Center, Miramar, CA were disestablished and consolidated into a single new activity.

4. The Health and Physical Readiness Program is charged with assisting active duty members in meeting fitness requirements, as well as developing an overall healthy lifestyle that is conducive to enhancing combat readiness, sustainability and personal productivity. These standards are in accordance with the Department of Defense (DOD) guidance. The objective of this program is to establish an environment in the Navy which supports total fitness and to concentrate efforts on the whole person each and every day of their active duty service. This Program addresses seven components selected for immediate applicability to Navy lifestyle. The seven elements are: weight control/nutrition, physical fitness/exercise, smoking cessation, stress management, prevention of alcohol and drug abuse, high blood pressure control and prevention of lifestyle related accidents.

C. Per Diem for Less Than 20 Weeks Training (TEMDUINS) - This subactivity group and Program provides the per diem costs incurred during training which prepared personnel to match the skill level required in their next duty station while enroute from one permanent duty station to another.

D. Other Personnel Support - This subactivity group finances the following major programs:

1. The Chaplains Program supports the Chief of Chaplains' mission to: (a) provide ministeries; (b) manage the Chaplain Corps accession, detailing, professional development and supervision; (c) act as the technical sponsor for the Religious Program Specialist (RP) rating; (d) advise the Naval Establishment in matters and policies pertaining to religious and moral well-being; (e) interpret Navy policy and programs to the Nation's religious bodies; and (f) inform the Naval Establishment regarding the positions of the Nation's religious leaders.

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed

2. The Navy Music Program provides operational support to the Navy's Fleet/Area Bands and the U.S. Navy Band, Washington, DC. Their primary responsibility is to provide musical support services to the White House, State Department, Department of Defense and Fleet Commanders as directed in support of the Navy's morale, retention, recruiting and community relations programs and initiatives.

3. The Career Counseling/Retention Media Program informs and motivates Navy enlisted personnel to take full advantage of Navy career opportunities.

4. The Printing and Reproduction Program provides management, printing, addressing and mailing services for initial and routine distribution of revised administrative manuals and related publications and directives and forms that are distributed and stocked Navy-wide in support of Naval personnel management.

5. The Officer/Enlisted Selection Boards provide travel and per diem for qualified members from outside the Washington area to serve on selection boards in accordance with Title 10 U.S. Code and Secretary of the Navy Affirmative Action Plan requirements.

6. The Temporary Disability Retired List (TDRL) Program provides for travel and per diem of all personnel on the TDRL to have a physical examination at the nearest military hospital every 18 months, and for appearance, if requested, at formal hearings by the Physical Examination Board under the authority of Title 10 U.S. Code.

7. Other Mission Essential Travel provides for interviews of prospective Navy White House Fellows; two to three weeks of classroom instruction for adult dependents on cultural characteristics of the foreign country to which their sponsor has been assigned; on-the-job training for law students in Navy legal offices during their summer vacations; Bachelor Enlisted Quarters/Bachelor Officer Quarters Management team visits; round trip transportation to the Continental United States (CONUS) for eligible enlisted personnel who extend overseas; travel and transportation allowance for dependents to attend the burial ceremonies of a member who dies while on active duty for a period of 30 days or more; and other mission essential travel.

8. The Reserve Short Tours Program funds the travel costs necessary to recall inactive duty Naval reservists to active duty for short tours at the request and for the benefit of the active military personnel component.

9. The Deserter Apprehension Program provides for routine operating costs of twelve Absentee Collection Units and one Detention Center within Continental United States (CONUS) and support costs for guards/escorts accompanying member deserters from point of apprehension to duty station and/or Navy processing activity for appropriate disposition.

Activity Group: Other Personnel Activities (cont'd)

I. Description of Operations Financed

10. The Corrections Management Information System (CORMIS) is designed to integrate all the requirements to manage and administer the Navy Corrections Program and operate individual facilities. The Corrections Management Information System will increase security through better control and accounting of prisoners; support operational and administrative functions; reduce staff paperwork; and supply current information to the brig staffs, major claimants and the Chief of Naval Personnel.

11. The Care of Deceased Personnel Program provides Navy and Marine Corps members with all expenses incurred in connection with the recovery, preparation, encasement service, when applicable, and memorial services when remains are non-recoverable.

12. The Naval Aviation Museum provides support for maintenance of 30 acres of grounds, preventive and routine maintenance of all equipment required for groundkeeping, workshop, audiovisual requirements, aircraft movement and upkeep of museum exhibits and facilities.

E. Flight Demonstration Team - Provides for conducting flight demonstrations and public appearances. The operation includes the training necessary to perform these demonstrations.

II. Financial Summary (Dollars in Thousands)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
1. FY 1987 Current Estimate	\$91,291
2. Pricing Adjustments	+165
A. Annualization of Direct Pay Raises	(+20)
1. Classified	+19
2. Wage Board	+1
B. Stock Fund	(-1,303)
1. Fuel	-766
2. Non-Fuel	-537
C. Industrial Fund Rates	(+96)
D. Other Pricing Adjustments	(+1,239)
E. Federal Employees Retirement System	(+113)
3. Functional Programs Transfers	+4,258
A. Transfer In	(+4,541)
1. Intra-Appropriation	+507
a) <u>Alcohol and Drug Program</u> -	(+247)
Transfer of Alcohol Rehabilitation Services (ARS), Jacksonville, FL. Transfer of contract function to support the consolidation of Counseling and Assistance Centers (CAACs)/Navy Alcohol and Drug Safety Action Program (NADSAP). Funds transferred from Budget Activity 2.	
b) <u>Medals and Awards</u> - Transfer of function for the procurement of medals (for Veterans) from Budget Activity 9.	+260
2. Inter-Appropriation	+4,034
a) <u>Expense/Investment Criteria</u> -	+4,034
In response to a request from Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.	

Activity Group: Other Personnel Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Transfer Out	(-283)
1. Intra-Appropriation	-283
a) <u>Alcohol and Drug Program</u> -	(-283)
Transfer of Quality Assurance Program's administrative function to Budget Activity 9.	
Transfer of mission function and resources to support the consolidation of CAACs/NADSAP to Budget Activities 2 and 9.	
3. Program Increases	+5,134
A. Annualization of FY 1987 Increases	(+1,423)
1. <u>Alcohol and Drug Program</u> - Increase	+271
supports full workyear costs for civilian end strength approved in FY 1987 to support the upgrading of Naval Alcohol Rehabilitation Center (NAVALREHCEN), Pearl Harbor, HI from a 40 bed facility to an 80 bed facility. Also, increase for civilian end strength received under the Civilian Substitution Program which support administrative, medical and training requirements at three NAVALREHCENS.	
2. <u>Flight Demonstration</u> - In FY 1987, the	+1,152
Navy Flight Demonstration Squadron transitioned from A-4F aircraft to F/A-18 aircraft at the end of the calendar year 1986 show season.	
B. One-Time FY 1988 Costs	(+38)
1. <u>Health and Physical Readiness (HAPR)</u>	+38
Program - Increase provides for one-time procurement of automated data processing equipment, supplies and maintenance for equipment. Automated data processing will provide real-time support and information to the Fleet, and will allow management of data larger than sparse sampling and inquiries and word processing requirements.	

Activity Group: Other Personnel Activities (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	Amount
C. Other Program Growth in FY 1988	(+3,673)
1. <u>Child Care Program</u> - Additional funding is required to support new training programs for care givers and Family Home Day Care (FHDC) monitors. This program is established to provide a training program that is consistent throughout the Navy. Training includes techniques and materials for interviewing, screening, counseling and training FHDC providers. Basic equipment will also be provided for Family Day Care homes.	+241
2. <u>Youth Center Program</u> - Program increase provides for expansion of "Before and After School" program. This will be a structured program for latch-key children ages 6-12 and will provide for accountability of these children before and after school hours. Funds will provide training for youth directors and for equipment needed to deliver this program.	+239
3. <u>Alcohol and Drug Program</u> - Increase supports the Alcohol and Drug Management Information Tracking System (ADMITS) requirement for contractual support to interface and integrate local systems at four Naval Alcohol Rehabilitation Centers with ADMITS. Interface of the multi-microcomputer with Joint Commission Accreditation of Hospitals (JCAH) system with ADMITS will permit an expanded processing capability for the collection of alcohol and drug data. Also, increase for hardware maintenance of purchased automated data processing equipment and supplies.	+39
4. <u>Health and Physical Readiness (HARP) Program</u> - This program provides for the full implementation of health care and education alterations designed to facilitate behavioral and environmental changes. These changes will improve and/or protect the health of all active duty personnel, retirees, their	+1,451

Activity Group: Other Personnel Activities (cont'd)

B. Reconciliation of Increases and Decreases Amount

4. Health and Physical Readiness Program - (cont'd)
families and civilian employees. Programs which are currently completing the policy formulation and field testing stages of development require increased funding to be effectively implemented Navy-wide. Two pilot programs have been field tested recently: Smoking Cessation, Weight and Fat Control. Based on the results of these tests, 70 Navy Family Service Centers and 31 Naval Hospitals have been directed to implement a Smoking Cessation program which is based on the American Lung Association Smoking Cessation Program. The Weight and Fat Control pilot demonstrated the ability of the rehabilitation regimen to effectively aid over weight personnel in achieving Navy weight standards and maintain their physical readiness.
5. Paid Days Cost - Reflects the cost of one additional day in FY 1988. +23
6. TEMDUINS - Increase supports the additional officer and enlisted training requirements resulting from the following: +1,270

Officer training supports:

- a) As more ships shift homeport away from major training centers, the opportunity to accomplish required officer training at no cost is eliminated. In FY 1988, additional ships are scheduled to move to non-fleet concentrated areas.
- b) The nuclear surface community training requirements will increase as a direct result of initial and final manning of two new nuclear powered aircraft carriers and increased manning of nuclear powered cruisers beginning their overhaul cycles.

Enlisted training supports:

- a) Increase in Reserve forces have resulted in more Reservists on active duty for the purpose of administering Reserve programs. A majority of enlisted Training and Administration of the Naval Reserve (TAR) TEMDUINS

Activity Group: Other Personnel Activities (cont'd)

8. Reconciliation of Increases and Decreases Amount

6. TEMDUINS - (cont'd)
training is in the aviation area and supports reserve air squadrons.
b) Training for the new Air Traffic Controller (AC) rating.
c) Construction of submarines and surface ships continue to increase critical billet manning requirements for nuclear trained personnel. Over the next several years, new TRIDENT pipeline courses will come on-line and provide the necessary training for these critical billets.
d) Increased security awareness will result in three new courses for Cryptologic administrative support and CCSC/CCSS maintenance.
e) Increased emphasis on disaster preparedness will require construction battalions to receive more specialized training.
- 7) Chaplain Program - Increase supports the initial establishment of a Chaplain Religious Enrichment and Development Operations (CREDO) in Okinawa. This will be the only CREDO in the Western Pacific and will provide workshops, retreats and programs dealing with Asian/American intercultural relations, marriage preparation and spiritual growth for approximately 30,000 Navy and Marine Corps personnel and their dependents living in Okinawa. +70
8. Other Mission Essential Travel - +238
The Military Pay Allowance Benefit Act of 1980 provided incentives which enabled enlisted personnel of specific specialities to extend their tour of duty at specified overseas duty stations. Incentive Option "C" provides 15 days rest and recuperative absence and round trip transportation at government expense from the location of the extended tour of duty to the nearest port in the Continental United States and return via Military Airlift Command (MAC) channel, if available. Members are encouraged to extend overseas due to a shortage of

O&M,N

Activity Group: Other Personnel Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
8. <u>Other Mission Essential Travel</u> - (cont'd) Permanent Change of Station (PCS) funds. With the 600 ship Navy and extended time operations in Western Pacific, the number of logistic personnel will increase resulting in an estimated 13 percent increase in the number of members expected to extend overseas and elect Incentive Option "C".	
9. <u>Corrections Management Information System (CORMIS)</u> - Increase provides for additional travel, communications, supplies and equipment maintenance due to CORMIS being deployed to additional sites.	+76
10. <u>Aviation Depot Level Repairables</u> - Prior to FY 1988 Aviation Depot Level Repairables were partially funded credits. Increase is to fund to required level.	+26
5. Program Decreases	-2,272
A. Annualization of FY 1987 Decreases	(-56)
1. <u>Efficiency Reviews</u> - Annualization of savings resulting from efficiency reviews.	-56
B. One-Time FY 1987 Costs	(-561)
1. <u>Deserter Apprehension Program</u> - Decrease for one-time procurement of stand alone Cathode Ray Tube (CRT) terminals, diskette drive units, daisy wheel printers and modem telephone hookups for telecommunications used to interface with an existing data base of deserter files.	-137
2. <u>Flight Demonstration Travel</u> - Travel for pilots and maintenance personnel associated with transition to F/A-18 aircraft.	-424

Activity Group: Other Personnel Activities (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
C. Other Program Decreases in FY 1988	(-1,655)
1. <u>Alcohol and Drug Program</u> - Decrease results from full implementation of the Alcohol and Drug Management Information and Tracking System (ADMITS). Commercially procured computer timeshare services used to develop this system are no longer required. Also, decrease for one-time purchase of hardware to support the host site interface with the mainframe computer.	-104
2. <u>TEMDUINS</u> - A portion of this reduction results from a decrease in officer accession. In addition, two eight week courses (A7 Egress/Environ and TF41 Intermediate Repair) will be cancelled, since the aircraft is being phased out. Several ET courses are scheduled for course quota reductions and one DP course is scheduled to be deleted.	-394
3. <u>Corrections Management Information System (CORMIS)</u> - Decrease is due to the completion of the system's development of CORMIS.	-84
4. <u>Efficiency Reviews</u> - Projected end strength and dollar savings resulting from scheduled Efficiency Reviews.	-26
5. <u>Fleet/Shore Recreation and Fitness Program</u> - Decrease supports deferral of equipment procured for ashore recreation programs to correspond with Navy's strategic homeporting requirements.	-616
6. <u>Chaplains Program</u> - Decrease reflects reduced requirements for products and services as a result of establishment of an Armed Forces Radio and Television Service billet and the merger of several Chaplain Corps professional publications into one Chaplain Corps journal, "The Navy Chaplain".	-96
7. <u>Music Program</u> - Decrease due to the purchase of less equipment.	-51

Activity Group: Other Personnel Activities (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
8. <u>Printing and Reproduction Program</u> - Savings due to reduction in publications.	-120
9. <u>Career Counseling and Retention</u> - Decrease reflects a reduction in subscriptions.	-153
6. FY 1988 President's Budget Request	\$98,576
7. Pricing Adjustments	+1,381
A. Stock Fund	(-72)
1. Fuel	+292
2. Non-Fuel	-364
B. Industrial Fund Rates	(+21)
C. Other Pricing Adjustments	(+1,423)
D. Federal Employees Retirement System	(+9)
8. Program Increases	+1,796
A. Other Program Growth in FY 1989	(+2,048)
1. <u>Fleet/Shore Recreation and Fitness Program</u> - Increase provides for the procurement of recreation support equipment for Fleet Concentration Centers. Recreation equipment provides for constructive use of leisure time. The sailor must look within the command for health and fitness equipment such as weight machines, treadmills, fitness courses and basketball goals.	+548
2. <u>Alcohol and Drug Program</u> - Increment supports an annual attendance increase of 232 students in Navy's Alcohol and Drug Safety Action Program. Increased student loading is in direct response to the Personal Excellence Program, which includes drug and alcohol prevention programs as one of its basic components. By increasing student throughput, a larger percentage of the active force is better trained in recognizing the potentially detrimental effects resulting from the use of harmful substances.	+29

Activity Group: Other Personnel Activities (cont'd)

B. Reconciliation of Increases and Decreases Amount

3. TEMQUINS - Increase supports officer and enlisted training in the following areas: +521

Officer training supports:

a) As more ships shift homeport away from major training centers, the opportunity to accomplish required officer training at no cost is eliminated. In FY 1989, additional ships are scheduled to move to non-fleet concentrated areas.

b) The nuclear surface community has increased training requirements due to new construction, overhaul manning requirements (Surface DCAs, Radiation Control Officers, CVN XO's, CVN/CGN Engineering Officers) and final manning of CVN 72 Aviation Wing.

c) Increased training is required to man CVN 72, fully introduce E6A aircraft to two squadrons and provide for scheduled VQ-1 pilot and NFO manning increase.

Enlisted training provides for additional courses to support TRIDENT training which is scheduled to come on-line in FY 1989 at TRITRAFAC, Kings Bay. In addition, throughput of the Engineering Watch Supervisor Course will be increased in response to its designation as a Nuclear Surface Warfare Readiness Conference (NSWRC) action item.

4. Chaplain Program - Increase supports the expansion of the Chaplain Religious Enrichment and Development Operations (CREDO), Okinawa by adding additional cultural workshops and retreats, as well as beginning ethics, personal excellence programs and marriage enrichment/growth experiences. The program will expand to include cultural and professional workshops, such as church leadership training conferences, faith development in adult life workshops and spirituality seminars, to facilitate the ongoing professional education needs of chaplains throughout the Chaplain Corps. +21

Activity Group: Other Personnel Activities (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
5. <u>Printing and Reproduction Program</u> - +218 The use of printed material/media allows Navy's personnel to be better informed of all significant changes to policies and procedures.	
6. <u>Other Mission Essential Travel</u> - +258 Incentive Option "C" provides 15 days rest and resscuperative absence and plus round trip transportation at government expense from the location of the extended tour of duty to the nearest port in the Continental United States and return via Military Airlift Command (MAC) channel, if available. Annually more personnel are electing to extend overseas and are selecting Incentive Option "C". With long range operations in the Mediterranean and West Pacific, usage of Option "C" is anticipated to increase further. Funding supports an increase in the number of trips provided under Option "C".	
7. <u>Reserve Short Tours Program</u> - +108 Increase supports an additional 29 officer and 110 enlisted accessions in the following areas: a) The Reserve Medical Officer Program provides inactive Naval Reserve medical personeel to assist Naval Hospitals during peak periods; b) The Judge Advocate General Program recalls reservists to develop Naval law skills at active duty commands; and c) The Discretionary Program which recalls reservists on a case by case basis to meet commands' urgent need.	
8. <u>Corrections Management Information System (CORMIS)</u> - Increase provides for additional travel, communications, supplies and equipment maintenance due to full implementation of CORMIS. Also, increase for additional support necessary to maintain CORMIS, to analyze the data requirements and provide training for the new consolidated brigs. +179	

Activity Group: Other Personnel Activities (cont'd)

<u>C. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
9. <u>Aviation Depot Level Repairables</u> - Increased funding for Aviation Depot Level Repairables AVDLRs.	+76
10. <u>Naval Aviation Museum</u> - Aircraft restoration funds required for the Naval Aviation Museum.	+224
5. Program Decreases	-298
A. Annualization of FY 1988 Decreases	(-26)
1. <u>Efficiency Reviews</u> - Annualization of savings resulting from Efficiency Reviews.	-26
B. One-Time FY 1988 Costs	(-21)
1. <u>Health and Physical Readiness (HAPR) - Program</u> - Decrease for one-time procurement of automated data processing equipment.	-21
C. Other Program Decreases in FY 1989	(-251)
1. <u>TEMQUINS</u> - A portion of this reduction is due to a decrease in officer accessions. Reduction in enlisted training are a result of: Two F4 Aviation Maintenance FRAMPS being cancelled due to aircraft phase out; throughput at a radar course will decrease by 12 counts; and CTT Senior Non-Morse Collection Supervisor Course will be deleted	-177
2. <u>Paid Days Cost</u> - Two less paid days for civilian personnel in FY 1989 than in FY 1988.	-42
3. <u>Alcohol and Drug Program</u> - Decrease reflects fewer personal computers being procured for the Alcohol and Drug Management Information Tracking System (ADMITS).	-32
9. FY 1989 President's Budget Request	\$101,841

Activity Group: Other Personnel Activities (cont'd)

Evaluation & Planning Coordination	243	1 project and Headquarters Admin Program Support including Inspection Teams	Various
	<u>\$7,625</u>		

1/ Performance criteria and evaluation are based on total funding for Alcohol Program including Base Operations Support and Maintenance of Real Property

Activity Group: Other Personnel Activities (cont'd)

III. Performance Criteria (cont'd)

3) Alcohol and Drug Program (cont'd) 1/

FY 1987 2/

<u>Category</u>	<u>(\$000)</u>	<u>Output</u>	<u>Dollars per unit of Output</u>
Resident Treatment	\$4,551	3,641 persons completing 3/ treatment at NAVALREHCENs	\$1,250 per person
Detection and Deterrence	6,707	33 world-wide serving 56,667 clients; 2,020 HCP/ADAMS graduates	Various
Training	742	927 NDACS/MGT/APM graduates CCRAFT Contract	Various
Evaluation & Planning Coordination	585 655	ADMITS operations 6 projects and Headquarters Admin Program Support Inspection Teams	Various
	<u>70</u> \$13,310		

- 1/ Performance criteria and evaluation are based on a total funding for Alcohol and Drug Program including Base Operations Support and Maintenance of Real Property.
- 2/ During FY 1986, Naval Alcohol Rehabilitation Center (NAVALREHCEN), San Diego and Naval Drug Rehabilitation Center (NAVDUREHCEN), Miramar were disestablished and consolidated into a single new activity. Also, the Naval Military Personnel Command Detachment, Navy Alcohol and Drug Safety Action Program Management Office (NADSAP NMO) was established. Resources to support the two new activities were realigned from NAVALREHCEN, San Diego, NAVDUREHCEN, Miramar and Navy Drug Safety Action Program (NDSAP). Drug Headquarters and Alcohol and Drug Management Information and Tracking System (ADMITS) resources are also included in the Alcohol and Drug Program resources.
- 3/ Implementation of DoDINST 1010.6 of March 1986 significantly reduced the patient throughput projections made in prior budget submissions. This instruction requires all military rehabilitation facilities meet existing national accreditation standards. Significant, among the new requirements that Navy is now meeting is a reduction in the patient for berthing and treatment, and increased frequency of required refresher training for counselors. To meet each of these requirements, without increased funding, necessitated a reduction in the projected patient throughput and, with a fixed funding level, a corresponding increase in the treatment cost per patient.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Off-Duty and Voluntary Education
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

A. Navy Campus Network. The organization provides under the CNO's Personal Excellence Program Navy-wide management, administration, and on-site operation of all off-duty education programs. It provides personnel and command advice and counseling on educational matters, testing services, coordinates on-base and afloat courses, and conducts other services in support of the off-duty education programs. The current network consists of 195 permanent education specialists and education technicians located at 77 sites throughout the world. Civilian personnel limitations prevent all Navy installations from being serviced by a Navy Campus Office.

B. Tuition Assistance (TA). This program supports the Personal Excellence Program and is the major financial support system through which personnel can continue their education during off-duty hours. Funds provided to the active duty service members pay 75 or 90 percent of tuition for post-secondary vocational and academic courses taken from approved educational institutions and 100 percent of tuition costs for high school completion courses. Projections of participation/enrollments are based on historical performance and variables such as predictable increased use of TA by individuals not eligible for G.I. Bill benefits, demographic information on the current and project force levels, and the national economy.

C. Program for Afloat College Education (PACE). In support of the Personal Excellence Program funds are provided for contracting with colleges and universities to conduct post-secondary academic and vocational courses for Navy personnel assigned to deployed shipboard duty. PACE provides courses to afloat personnel of the same quality available to shore duty personnel through the TA program. Colleges and universities are under contract to provide ship riding college professors and technical teachers and Interactive Video Computer Assisted instruction to conduct accredited academic and vocational courses.

D. Instructor Services Program. Funds are provided to commands in support of Personal Excellence Program to contract for non-credit, on-duty and off-duty courses to meet command specific or unique educational and training needs which cannot be accomplished through traditional training or educational programs. Examples are language and customs training for personnel stationed overseas or deploying, personal development courses such as speed-reading and effective writing, and special professional development courses.

Activity Group: Off-Duty and Voluntary Education (cont'd)

I. Description of Operations Financed (cont'd)

E. Functional Skills Program. This is a fully funded on-duty program, to promote and support the Personal Excellence Program for afloat and ashore personnel designed to improve the mathematics, reading, composition and grammar levels beyond the elementary school level and enhance individual career potential and performance. Instruction is provided by contracting with accredited civilian educational institutions. Costs of this program include development, stocking, and distribution of a standard Navy-relevant curriculum to all contractors in the form of workbooks and computer software and hardware for uses in courses delivered in Personal Excellence Program under contract with the Chief of Naval Education and Training.

F. Defense Activity for Non-Traditional Education Support. The Defense Activity for Non-Traditional Education Support (DANTES) is under the policy guidance of the Department of Defense with funding and administrative support provided by the Navy. To support the voluntary education functions of the Office of the Secretary of Defense and the Military Services, by administering non-traditional education programs, managing specified contracts for educational services, providing educational and informational materials, conducting special projects and developmental activities, and performing other management and educational support tasks.

G. Veterans Educational Assistance Program (VEAP). A contributory educational assistance program in which the service member can put a maximum of \$2,700 into an educational fund. The resources identified to this program are the Navy's two-for-one matching funds required under Public Law 94-502. Thus, the total educational funds available to a participant, including the Navy's two-for-one matching funds, is \$8,100.

H. Educational Assistance Test Program (EATP). This special test program includes several different sections. Each section provides different benefits to personnel under a Congressionally authorized test program which took place from 1 December 1980 to 30 September 1981.

Section 901 - Includes \$1,200 per year for four years for tuition and a \$300 monthly stipend for a maximum of thirty-six months; and, under certain conditions, the right to cash out at 60% of the value of total benefits, or transfer unused benefits to spouse and dependents.

Section 903 - Non-contributory VEAP. Navy pays for service members' contribution as well as matching monies.

3. <u>Educational Assistance Test Program (EATP)</u> -	-570
a) <u>Section 901</u> - Decrease associated with completion of second term reenlistment for Phase II 60 percent cash-out eligibles. (-247)	
b) <u>Section 903</u> - Decrease due to phase-out of Section 903 based on annual projections by the Veterans Administration. (-323)	
9. FY 1989 President's Budget Request	\$56,077

Activity Group: Off-Duty and Voluntary Education (cont'd)

III. Performance Criteria

1. Navy Campus Network - Personnel assigned to operate offices Navy wide and provide education and services locally to Navy personnel assigned to their area of responsibility in support of the CNO's Personal Excellence Program (PEP).

Commanders or individuals remote from Navy Campus Field Offices must obtain assistance by correspondence with the nearest field office or the respective Naval Education and Training Support Center, Atlantic/Naval Education and Training Support Center, Pacific Command. Network personnel are responsible for the management of Pace, Tuition Assistance, Instructor Services, Functional Skills Program, Testing Apprentice, and Enlisted Education Advancement Program (EEAP) programs. Additionally, counseling and testing services, education records maintenance, and advice to host afloat and ashore commanding officers among others is provided by this staff. The measure of performance is the number of participants in all of the off-duty education programs, the number of personnel counseled in a given fiscal year, programs in the network, the proximity of Navy personnel to the established field offices, and the number of ships network personnel can assist in preparing educational programs for deployments.

	<u>Course Enrollments</u>	<u>FY 1986</u>	<u>FY 1987</u>	<u>FY 1988</u>	<u>FY 1989</u>
2.	<u>Tuition Assistance Program</u>	98,609	92,155	93,334	97,779
3.	<u>Program For Afloat</u> <u>College Education</u>	24,831	31,423	17,641	20,642
4.	<u>Instructor Services Program</u>	2,006	7,828	-	-
5.	<u>Functional Skills Program</u>	23,364	24,270	30,270	46,272
6.	<u>Defense Activity for Non-Traditional Education Support (DANTES)</u>				

Through a system of approximately 850 testing sections, DANTES provides examination programs for the voluntary education programs of each military service. Additionally, DANTES has agreements with 20 nationally recognized certification agencies for administration of certification examinations and agreements to administer the Graduate Record Examination (GRE), Graduate Management Admissions Test (GMAT), Law Schools Admission Test (LSAT) and National Teachers Examination (NTE) for admission to various graduate programs.

Activity Group: Off-Duty and Voluntary Education (cont'd)

The Independent Study Program supports the voluntary education programs of the military services and the availability of independent study courses and programs through civilian educational institutions.

DANTES purchases or develops educational guides used by Education Services Officers, Test Control Officers and education counselors which detail policies and procedures for testing, describe program alternatives and opportunities and generally support the voluntary education program activities of each service.

Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The Civilian Education Program encompasses four separately managed sub-programs consisting of (a) Civilian Education, which is designed to upgrade the professional knowledge and skills of employees; (b) Civilian Development, which is designed to train and develop civilian personnel at or below the entry level for positions in the personnel management and financial management career fields; (c) Procurement, Contracting and Logistics Civilian Career Programs, which are designed to train and develop high-quality replacements for professional positions in the procurement, contracting and logistics career fields; and (d) Procurement Training Program, which provides short courses for contracting/acquisition personnel.

3. <u>Acquisition Management Training</u> -	+1,155
Due to the 28% turnover rate of Procurement personnel in the Navy Field Contracting System, there is a requirement to provide an additional 2,700 classroom spaces.	

Activity Group: Civilian Education Program

8. Reconciliation of Increases and Decreases Amount

4. Manpower Management Civilian Career +269

Intern Program - The objective of the Department of the Navy Manpower Management Civilian Career Program is to ensure that Navy has a qualified and trained workforce to effectively plan and manage civilian manpower. Department of Defense (DOD) and the Secretary of the Navy are firmly committed to a civilian career program designed to train personnel for its manpower management functions. Standardized, sustained, and systematic training and development can only be achieved through a centralized career development program. Increase provides funds for 10 interns and the associated support costs.

5. Executive/Management Development +348

Program - The program will remedy the lack of adequate preparation of mid-level managers for senior management and executive positions. The program is an investment to ensure Navy provides a ready, able and fully competent source for filling future key managerial positions. Major elements of this program include: (1) Program for new managers, approximately 80 GM/GS 13-15's, who enter management ranks; (2) Program for mid-career managers, which includes short courses in such areas as budget, resources management, performance management, and organization management; Congressional relations and general management training, and (3) Program for senior managers, up to 40 competitively selected individuals, which involves counseling, developmental assignments and formal training in more complex managerial and executive practices. Resources required include salaries and support costs.

Activity Group: Civilian Education Program

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
6. <u>Defense Management Education and Training</u> -	+200
The increase provides procurement training for Navy acquisition personnel. The Navy currently trains 8,000 acquisition personnel through this program. The increase is required to provide 3 entry level contracting courses and growth in two existing courses.	
4. FY 1988 President's Budget Request	\$29,488

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Naval Junior Reserve Officers Training Corps
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

The Naval Junior Reserve Officers Training Corps (NJROTC) Program is a Congressionally sponsored youth citizenship program mandated by Public Law 88-647. NJROTC provides the opportunity for secondary school students to be exposed to the basic concepts and principles of naval history, seamanship, and military leadership. Eighty-four percent of the NJROTC operation and maintenance budget is currently being expended for the government's share of instructor salaries. Other expenses include cadet orientation travel, training aids, texts and educational material, drill rifles, and unit operating expenses. Administrative support costs include office operating costs, travel, and per diem for eight Area Managers.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Maintenance of Real Property
Budget Activity: VIII - Training, Medical, and Other General Personnel Activities

I. Description of Operations Financed

This program provides maintenance, repair and minor construction of all buildings, structures, grounds and utility systems required at the more than 600 training, medical and personnel support facilities to permit assigned forces and tenants to perform their mission.

The major elements of this program are:

- o Facilities Maintenance - finances scheduled, day-to-day recurring maintenance, and emergency service work needed to preserve facilities.
- o Major Repairs - provides major repairs necessary to bring existing facilities into adequate condition to support assigned missions.
- o Minor Construction - finances the erection, installation or assembly of real property facilities; the addition, extension alteration, conversion or replacement of existing real property facilities; the relocation of real property facilities; and the installation of equipment which becomes part of a facility.

A. Transfers In	(+22)
1. Intra-Appropriation	
a) <u>Expense/Investment Criteria</u> - In	(+22)
response to a request from the	
Congress to review the adequacy	
of expense/investment criteria,	
the Department conducted a study	
which supports increasing the	
threshold from \$5 thousand to \$25	
thousand. This change in budget	
policy will alleviate budget	
execution problems associated	
with fluctuations in equipment	
prices and uneconomical lease	
versus buy decisions.	
4. Program Increases	+13,317
A. Other Program Growth in FY 1988	(+13,317)
1. <u>Recreation Special Projects</u> -	+3,950
Increase is required to reduce the	
backlog of minor construction	
deficiencies. This increase is	
associated with the deferral of Navy	
Military Construction (MILCON)	
replacement facilities to outyears.	
Existing structures need to be	
renovated for extended use. Funds	
will reduce the loss of MILCON	
"quality of life" support and expand	
project scopes to more readily	
accommodate local command program	
requirements.	

O&M, N

Activity Group: Maintenance of Real Property (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
2. <u>Deserter Apprehension Program (DAP)</u> - Funds required to construct bunkrooms and toilet/shower facilities at three Navy Absentee Collection Units (NACUs) to support 24 hour per day manned operations. This funding will also support the construction of deserter holding spaces at five NACUs.	+298
3. <u>Relocatable Brigs</u> - The present relocatable brigs will be moved to new sites as MILCON brig projects are completed. Funds are required to provide site preparation and assembly.	+249
4. <u>Consolidated Brigs</u> - Increase supports start-up costs associated with the opening of Consolidated Brig Charleston, .SC.	+8
5. <u>Extra Day Costs</u> - Reflects the cost of one additional paid day in FY 1988.	+120
6. <u>Special Project, Maintenance and Repair</u> - Special projects addressing maintenance/repair backlog.	+8,692
5. Program Decreases	-18,112
A. One-Time FY 1987 Costs	(-436)
1. <u>Naval Home</u> - Decrease reflects one-time cost for Architect and Engineer (A&E) study design completed in FY 1987.	-436
B. Other Program Decreases in FY 1988	(-17,676)
1. <u>Downgrading of Naval Hospital Philadelphia</u> - Cost reduction attendant to downgrading of Naval Hospital, Philadelphia.	-1,000
2. <u>MRP Contract Oversight Benefits</u> - Savings associated with increased oversight of MRP contracts by the Naval Facilities Engineering Command. Increased oversight is expected to lead to a lower rate of change orders and an improvement in design, thereby reducing the cost of MRP contracts.	-599

O&M,N

Department of the Navy
Operation and Maintenance, Navy

Activity Group: Base Operations Support

Budget Activity: VIII - Training, Medical and Other General Personnel Activities

I. Description of Operations Financed

This program group provides the base support services and material required at the more than 600 training, medical and personnel support activities to permit assigned forces to perform their mission.

The major elements of this program are:

- o Utility Operations - Includes operating expenses for purchased electricity, electricity generating plants, purchased steam and hot water, heat plants, utility distribution systems, waste systems, air conditioning and refrigeration plants.
- o Personnel Operations - Support required for personnel related functions include expenses for:
 - Bachelor Housing Operations and Furnishings - provides support for the operation of barracks and the purchase and maintenance of personnel support equipment related to this housing.
 - Other Personnel Support - provides for mess halls, sales activities, laundry and dry cleaning facilities.
 - Morale Welfare and Recreation - provides authorized appropriated fund support for shore based recreation activities.
 - Station Hospitals, Medical and Dental Clinics - provides direct and indirect health care costs for Health Care Facilities not under the financial control of the Naval Medical Command.
 - Human Goals - provides support for programs which focus on improving organizational and individual effectiveness and the administrative support of the Alcohol and Drug programs.
- o Base Operations - Mission - Support for those Base Operations functions which are required in direct support of the mission of the base. For example, Fleet Training Support, Logistics Support, etc. Expenses are included for the following functions:

Activity Group: Base Operations Support (cont'd)

I. Description of Operations Financed (cont'd)

- Retail Supply Operations - in addition to standard supply functions, this item includes the procurement, receipt, storage and issue of bulk liquid fuel, including operating aircraft fuel servicing facilities. Additionally, waterfront operations such as handling incoming and outgoing cargo and loading/unloading live ammunition onto and from combatant vessels are included.
- Maintenance of Installation Equipment - provides for maintenance of major shore based equipment including: service and miscellaneous craft, construction equipment (non-deployable), weapons, electronics, electronic engineering, and fleet moorings.
- Other Base Services - provides for the maintenance and operation of vehicles/other transportation equipment, port services (includes navigational assistance to ships, operation of service craft, degaussing operations, and oil spillage cleanup).
- Station Aircraft Flight Operations - includes the cost of petroleum, oil and lubricants (POL) consumed in the operations of aircraft assigned to shore activities. POL costs include oil, lubricants and additives used as inflight consumables.
- Station Aircraft Operations Maintenance - includes the cost of consumable supplies, repair parts, replacement of Individual Material Readiness List items, labor and services which have accumulated as a result of organizational and intermediate level maintenance performed on, or in support of, aircraft assigned to shore activities.
- Other Air Operations Support - includes flight operation costs not specifically identifiable to Aircraft Flight Operations and Aircraft Operations Maintenance, such as: costs associated with simulator training; target range costs; and ground support equipment and consumable supplies.
- o Base Operations - Ownership - Support required at shore bases regardless of type of mission being performed which must be sustained to have a functional base. Expenses are included for the following functions:
 - Other Engineering Support - provides Public Works Department Administration, engineering services, custodial services, refuse/garbage collection and disposal, snow removal, rental and leasing of real property, and fire protection and firefighting for Naval activities and their tenants.

Activity Group: Base Operations Support (cont'd)

I. Description of Operations Financed (cont'd)

- Administration - provides support related to financial/resource management, civilian manpower management, and maintaining military personnel records.
- Automated Data Processing - provides analysis programming, equipment rental, operations and maintenance, contractual services and supplies.
- Hazardous Waste Material Handling - includes personnel, supplies and training associated with the identification and disposal of hazardous wastes.
- Audiovisual - provides supplies and services required for audiovisual support.

d) Management Information Instructional Systems Activity Unit.	(+66)
e) Naval Hospital, Keflavik, Iceland.	(+261)
2. Inter-Appropriation	+238
a) <u>Expense/Investment Criteria</u> - In response to a request from the Congress to review the adequacy of expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment prices and uneconomical lease versus buy decisions.	(+238)

Activity Group: Base Operations Support (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Transfers Out	(-171)
1. Intra-Appropriation	-171
a) Accounting Function (BA-7)	(-45)
b) Personnel Support Activity (BA-2)	(-66)
c) CAAC/NADSAP (BA-2 and 9)	(-60)
4. Program Increases	+15,001
A. Annualization of FY 1987 Increases	(+214)
1. <u>Civilian Personnel</u> - Increase	+49
reflects full-year operating costs of civilian personnel hired during FY 1987 to handle the increased administrative burden at the Naval War College.	
2. <u>Physical Security</u> - Increase reflects	+85
the annualized costs of salaries and benefits of additional security staff at the United States Naval Academy.	
3. <u>Medical Construction Support Staff</u> -	+80
Provides civilian personnel costs for medical construction liaison office support at Medical Geographic Commands and funding for one civilian end strength at Mid Atlantic Region to maintain base security and meet physical security requirements.	
B. One-Time FY 1988 Costs	(+1,436)
1. <u>Naval Bases and Stations Information System (BASIS)</u> .	+1,003
The Naval Bases and Stations Information System (BASIS) program will provide ADP support to naval bases, naval stations and naval air stations throughout the Navy. Many of the functions associated with naval bases and naval station operations have been identified through a number of studies. These studies have documented that ADP support for naval bases and stations has been fragmented and inadequate. BASIS provides equipment for the development of functionally standard, centrally designed and maintained multi-site/multi-user system for bases and stations.	

O&M,N

Activity Group: Base Operations Support (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
2. <u>Beneficial Occupancy</u> -- Provide security systems in the newly constructed San Diego hospital and communication costs for NH Jacksonville, NH Pensacola and NMC Terminal Island.	+373
3. <u>Deserter Apprehension Program (DAP)</u> - Increase supports one-time cost to purchase cellular telephones for the nine Absentee Collection Units (NACUs) operated vehicles (75). These telephones will allow the NACUs to maintain contact with deployed escorts and redirect their driving routes for better efficiency in custody of deserters. Increase also provides for basic monthly service, installation and maintenance charges for the cellular telephones.	+60
C. Other Program Growth in FY 1988	(+13,351)
1. <u>Paid Day Costs</u> - Reflect the cost of an additional day in FY 1988.	+1,023
2. <u>Academic Expansion</u> - The academic expansion at the United States Naval Academy with additional instructors, more classes and additional expanded majors (i.e., Honors Program) and electronic classrooms coupled with the rapidly expanding computer mission provide a significant net increase in utilization of existing facilities including all academic buildings and Bancroft Hall. Funds provide for the increase in utilities associated with the academic expansion.	+151
3. <u>Activity Financial Information System - ADP</u> - Provides funding for equipment maintenance for new automated Financial Information System which establishes a collection agent accounting system, interfaces with the Navy's Integrated Disbursing and Accounting system (IDA) and generates standardized activity-based financial management reports.	+257

C&M,N

Activity Group: Base Operations Support (cont'd)

<u>8. Reconciliation of Increases and Decreases</u>		<u>Amount</u>
4.	<u>Beneficial Occupancy</u> - Provides for resources for occupancy of NH San Diego, NH Jacksonville, NH Pensacola and NMC Terminal Island.	+2,884
5.	<u>Office Automation</u> - Provides resources to operate and maintain standard office automation systems for field activities.	+167
6.	<u>Morale, Welfare and Recreation (MWR) Support</u> - Resources support of Chief of Naval Operations quality of life objective to furnish an alternative to substance abuse by providing equipment and supplies targeted towards athletic programs which will enhance physical fitness and maintenance of "wellness".	+41
7.	<u>Defense Data Network</u> - Provides resources for DOD program for the mandatory DOD approach to providing rational, standard and interoperative data communications for all defense agencies.	+4
8.	<u>Information Systems Improvement</u> - Implements two programs conducting risk assessments for computer security at 8 shore-based mission support and mission critical computer systems.	+342
9.	<u>Standard System Equipment Replacement</u> - Provides resources for updating worn out and used ADP equipment. Majority of this equipment was purchased for operation of the uniformed chart of account system.	+626
10.	<u>Federal Telephone System Replacement</u> - Increase to competitively procure communications services previously provided by the Federal Telephone System.	+3,769

Activity Group: Base Operations Support (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
11. <u>Consolidated Brigs</u> - Increase supports start-up costs associated with the opening of Consolidated Brigs Charleston, SC and Miramar, CA.	+580
12. <u>Relocatable Brigs</u> - The present relocatable brigs will be moved to new sites as Military Construction projects are completed. Funds are required to support utility costs and additional instruments, service charges and main lines at the new sites.	+35
13. <u>Naval Home</u> - Increase is due to additional workload at Naval Home in the Admissions and Records Division, Resident Counselor area, corrective Therapeutic Recreation and Social Work Division and an increase in food service and laundry contracts for the 11th floor residence.	+73
14. <u>Beneficial Occupancy</u> - Provide support for the relocation of NAVTRASYSSEN.	+1,319
15. <u>Civilian Substitution</u> - Increase in civilian end strength due to substitution of enlisted personnel in shore billets with civilians so that enlisted personnel can fill fleet requirements.	+2,080
5. Program Decreases	-9,408
A. Annualization of FY 1987 Decreases	(-85)
1. <u>Military Substitution</u> - Decrease reflects substitution of military personnel to meet mobilization requirements.	-85

Activity Group: Base Operations Support (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
B. Other Program Decreases in FY 1988	(-9,323)
1. <u>Efficiency Review</u> - Decrease reflects savings projected to result from scheduled efficiency reviews.	-548
2. <u>Energy Conservation Initiatives</u> - Reduction in utility and associated costs due to facility energy conservation initiatives.	-1,042
3. <u>Unauthorized Phone Calls</u> - Decrease due to increased management attention to unauthorized telephone calls.	-1,050
4. <u>Base Services</u> - Contractual effort for other base services will be curtailed due to improved management and economy of scale.	-1,579
5. <u>Deserter Apprehension Program (DAP)</u> - Decrease reflects renegotiation of vehicle contract and lower fuel prices than originally anticipated which resulted in a inflation rate decrease of over 8%.	-279
6. <u>MILSUB for Non-Medical Civilians</u> - Reflect substitution of military enlisted for civilian personnel to meet mobilization requirements.	-873
7. <u>Downgrade Philadelphia</u> - Costs attendant to downgrading of Naval Hospital, Philadelphia to a Naval Medical Clinic.	-3,632
8. <u>Standard Personnel Management System - ADP</u> - Reflects the decrease for system analysis and programming that was required in previous years.	-220
9. <u>Upgrade Mainframe Computer</u> - Reflects the decrease for purchase to expand and replace ADP equipment that was required in previous year.	-100
6. FY 1988 President's Budget Request	\$535,991

Activity Group: Base Operations Support (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
7. Pricing Adjustments	+11,763
A. Stock Fund	(+451)
1. Fuel	+566
2. Non-Fuel	-115
B. Industrial Fund Rates	(+2,368)
C. Other Pricing Adjustments	(+8,577)
D. Federal Employees Retirement System	(+367)
8. Functional Program Transfers	+139,176
A. Transfers In	(+139,176)
1. Intra/Inter Appropriation	+139,176
a) <u>Industrial Fund Removal</u> -	(+139,176)
Reflects decision to convert	
Naval Avionics Center (NAC),	
Naval Air Engineering Center	
(NAEC), and Naval Civil	
Engineering Center (NCEL) from	
the Industrial Fund to direct	
funded O&M,N field activities.	
9. Program Increases	+12,749
A. One-Time FY 1989 Costs	(+1,958)
1. <u>Naval Bases and Stations Information</u>	+960
<u>System (BASIS)</u> . The Naval Bases and	
Stations Information System (BASIS)	
program will provide ADP support to	
naval bases, naval stations and naval	
air stations throughout the Navy.	
Many of the functions associated with	
naval bases and naval station	
operations have been identified	
through a number of studies. These	
studies have documented that ADP	
support for naval bases and stations	
has been fragmented and inadequate.	
BASIS provides equipment for the	
development of a functionally	
standard, centrally designed and	
maintained multi-site/multi-user	
system for bases and stations.	

Activity Group: Base Operations Support (cont'd)

	<u>Amount</u>
B. <u>Reconciliation of Increases and Decreases</u>	
2. <u>Telephone System</u> - This increase reflects a requirement to replace the current telephone system to upgrade data and voice communication at the United States Naval Academy. The present system, a 6080 Centrix, is obsolete. A digitized system will be installed which will include the replacement of the switch board and all associated telephone equipment and lines. The new system will provide better service and improve capabilities for expansion.	+998
B. Other Program Growth in FY 1989	(+10,791)
1. <u>Beneficial Occupancies</u> - Provides resources for occupancy of NH Groton, CT; NMC French Creek, NC; BEQ, Camp Lejeune, NC and NMC, Pearl Harbor, HI.	+416
2. <u>Activity Financial Management Information Systems</u> - Provides funding for an automated Financial Information System which establishes a collection agent accounting system, interfaces with the Navy's Integrated Disbursing and Accounting System (IDA) and generates Standardized activity-based financial management control and increase cash flow to the government.	+60
3. <u>Office Automation</u> - Provides resources to operate and maintain standard office automation systems for field activities.	+178
4. <u>MWR Program Support</u> - Resources support CNO quality of life objective targeted towards athletic program which will enhance physical fitness maintenance of "wellness".	+33

Activity Group: Base Operations Support (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>	<u>Amount</u>
5. <u>Homeport Everett, Washington</u> - Provides medical support for homeporting at Everett, Washington.	+270
6. <u>Classroom Furniture</u> . Increase reflects a requirement to replace classroom furniture that is approaching 20 years of age. Existing furniture is becoming shabby and in need of repair. Items such as drapes, carpeting, desks, and chairs need to be replaced	+165
7. <u>Base Services</u> - Increase support for security of personnel and property and other base services.	+6,769
8. <u>Consolidated Brigs</u> - Increase supports initial costs associated with Consolidated Brig Crane, IN and full year support costs for Consolidated Brigs at Charleston, SC and Miramar, CA. Resources required include salaries and support costs.	+2,722
9. <u>Naval Home</u> - Increase reflects operational costs associated with the rising residential population at the Naval Home.	+33
10. <u>Base Communications</u> - Increased funding to competitively procure communications services previously provided by the Federal Telephone System (FTS). DON has withdrawn from participation in the FTS beginning in FY 1988. In FY 1987, FTS is centrally funded as a part of Leased Communications in O&MN BA-8.	+145
10. Program Decreases	-8,719
A. Annualization of FY 1988 Decreases	(-1,734)
1. <u>Annualize MILSUB for Non-Medical CIVPERS</u> - Reflects substitution of military enlisted personnel to meet mobilization requirements.	-873

Activity Group: Base Operations Support (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
2. <u>Downgrade Philadelphia</u> - Costs attendant to downgrading of NH Philadelphia to a Naval Medical Clinic.	-861
B. One-Time FY 1989 Costs	(-1,888)
1. <u>Beneficial Occupancy</u> - Removes one time cost for NH San Diego security system and telephone installation at NH Jacksonville, NH Pensacola and NMC Terminal Island.	-820
2. <u>Naval Bases and Station Information System (BASIS)</u> - Decrease resulting from implementation of BASIS at three medical facilities in FY 1988.	-1,034
3. <u>Deserter Apprehension Program (DAP)</u> - Decrease for one-time purchase of cellular telephones for the Navy Absentee Collection Units (NACUs) operated vehicles.	-34
C. Other Program Decreases in FY 1989	(-5,097)
1. <u>Efficiency Review</u> - Decrease reflects savings projected to result from scheduled efficiency reviews.	-813
2. <u>Energy Conversion</u> - Decrease represents savings resulting from cogeneration contract for steam and electric power, utilities costs resulting from contract energy audits and the use of geothermal energy sources on Navy lands.	-398
3. <u>Paid Days Cost</u> - Reflects one less paid day in FY 1989 and removes costs associated with one extra day in FY 1988.	-1,779

Activity Group: Base Operations Support (cont'd)

<u>B. Reconciliation of Increases and Decreases</u>	<u>Amount</u>
4. <u>Music Program</u> - Reduction to convert leased vehicles to Navy-owned vehicles is based on the Naval Facilities Engineering Command, Chesapeake Division cost study. The conversion is viewed as an economical option to provide adequate vehicular support by replacing the overaged vehicles, minimize downtime and reduce maintenance costs.	-41
5. <u>Non-Medical Military Personnel Substitution</u> - Reflects substitution of enlisted military for civilian personnel to meet mobilization requirements.	-2,066
11. FY 1989 President's Budget Request	\$690,960

Activity Group: Base Operations Support (cont'd)

Department of the Navy
Operation and Maintenance, Navy

Budget Activity : 9 - Administration and Associated Activities -

I. Description of Operations Financed.

This program provides for the cost of Department of the Navy administration, service-wide support, manpower management activities, and a number of general and special support programs.

Support for headquarters staffs of the Secretary of the Navy and the Chief of Naval Operations accounts for \$85.3 million of the FY 1988 budget request and \$85.0 million of the FY 1989 budget request.

The service-wide support category comprises \$224.2 million of the FY 1988 budget request and \$225.4 million of the FY 1989 budget request. Included in this category are the finance activities and audit service which develop policies and procedures for financial management systems and provide a full range of accounting, disbursing and auditing functions. This category also includes the Naval Data Automation Command, Public Affairs, and the Board of Inspection and Survey (INSURV), Legal and Administrative Activities.

Military and civilian manpower management programs account for \$153.5 million of the FY 1988 budget request and \$164.7 million of the FY 1989 budget request. These activities include the headquarters cost of the Chief of Naval Personnel, and support activities which develop staffing standards, document and recommend the optimum use of manpower resources, monitor and promote career development, and distribute officer and enlisted personnel.

General program support includes reimbursement to the General Services Administration for leased office space, payment to the U.S. Postal Service for official mail costs, reimbursement to the Department of Labor for employee and unemployment compensation benefits paid on behalf of the Department of the Navy, and base operations costs. Special programs include White House Helicopter Support, Vice President's Grounds Support and Congressional travel. The budget request for these programs is \$391.2 million in FY 1988 and \$391.7 million in FY 1989.

Activity Group: Secretary of the Navy Staff Offices
 Budget Activity: 9-Administration and Associated Activities

I. Description of Operations Financed

The Under Secretary of the Navy and the Assistant Secretaries are the principal policy advisors and assistants to the Secretary of the Navy for the administration of the affairs of the Department of the Navy. Supported by the offices and boards which they supervise, the Civilian Executive Assistants are assigned department-wide responsibility for manpower, material, facilities, shipbuilding and logistics, research and development, business and military law, financial management, and general departmental administration. The funds requested represent the cost of compensation for the civilian professional and clerical work force; the cost of providing administrative support such as travel, office supplies and equipment for military and civilian personnel assigned to the headquarters staff; and miscellaneous administrative costs such as disbursing officer losses, losses in foreign exchange transactions, payments to support the Armed Services Board of Contract Appeals, and costs of printing Congressional material.

Department of the Navy
 Operation & Maintenance, Navy
 Exhibit OP-5

Activity Group: Chief of Naval Operations Staff Offices
 Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Chief of Naval Operations Staff Offices (OPNAV) are the headquarters staff for the Chief of Naval Operations (CNO). Their overall mission is to advise and assist the Chief of Naval Operations in the discharge of his responsibilities as the principal naval advisor and naval executive to the Secretary of the Navy on the conduct of the activities of the Department of the Navy, and as the Navy member of the Joint Chiefs of Staff.

The headquarters staff is composed of offices which are responsible to the Chief of Naval Operations for policy, planning and management control of such communications, reconnaissance and surveillance, readiness information, anti-submarine warfare, manpower, logistics, aviation, and research and development. The funds requested represent the cost of support and compensation for personnel assigned to the headquarters staff.

A. Transfers In	(49)	
1) Intra-Appropriation	49	
a) Transfer from Budget Activity 7, Command and Administration, to support Executive Personnel Development functions.	49	
B. Transfers Out	(-713)	
1) Intra-Appropriation	-713	
a) Transfer to Budget Activity 3, Naval Investigative Service, to fund salary and benefit costs of one civilian position for technical management of investigative/counter-intelligence and physical security functions.	-70	
b) Transfer to Budget Activity 7, Procurement Operations, to fund salary and benefit costs of five civilian positions and administrative support for advanced ASW systems functions.	-279	

Activity Group: Chief of Naval Operations Staff Offices (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

c)	Transfer to Budget Activity 8, Other Personnel Activities, for medals procurement functions.	-260
d)	Transfer to Budget Activity 3, General Defense Intelligence Program (GDIP), to fund salary and benefit cost of two civilian positions and administrative support for intelligence matters.	-104
4.	Program Increases	3,590
A.	Annualization of FY 1987 Increases	(260)
1)	<u>Clerical Support</u> Annualization of a civilian position established in FY 1987 in the Navy Strategic Defense Research and Development Office.	8
2)	<u>Classified Project.</u> Annualization of civilian positions established in FY 1987 for a classified project.	70
3)	<u>Civilian Substitution (CIVSUB)</u> Annualization of civilian positions established in FY 1987 so that enlisted military personnel can fill fleet requirements.	182
B.	One-Time FY 1988 Costs	(385)
1)	Funding to purchase office equipment and furniture to replace broken and worn out items.	105

Activity Group: Chief of Naval Operations Staff Offices (Cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

- 2) Printing. This increase provides 280 funds to cover additional printing requirements that provide information and guidance in the performance of the Navy's mission. The publications are:

Standard Organization and Regulations of USN OPNAV Inst 3120.32B - This directive has been in need of a revision for several years; the current version was promulgated in March 1979.

Unrestricted Line Officer's and Warrant Officer/LDO Career Planning Guides - These books provide career officers a guide for planning and formulating career decisions.

C. Other Program Growth in FY 1988 (2,945)

- 1) Civilian Personnel. This 620 increase provides compensation for ten developmental Senior Executive Service (SES) positions. Title 5 USC 3396(a) and 5 CFR 412.103(a)(1) require agencies to establish programs for the continuing development of Senior Executive Service (SES) members. On 5 January 1981, the Assistant Secretary of Defense (MRA&L) established the DOD Senior Executive Development Assignment Program with developmental assignments of 6-12 months duration in other DOD components or agencies, or other Federal organizations, which will enhance their professional growth and future performance in Defense. The recent Navy rotation of SES members pointed out deficiencies in preparing Senior Executives for new assignments within Navy. To correct these shortcomings these positions will be used specifically for developmental assignments.

Activity Group: Chief of Naval Operations Staff Offices (Cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

2) One additional paid day for civilians. 78

3) Printing. This increase provides 186 funds to cover additional printing requirements that provide critical information for fleet operations and readiness. The requirements will be continually processed with revisions, changes and reprints. The following publications and instructions are involved:

Naval Warfare Publication (NWP-10-1-40) (Tactical Planning Guide for Passive/Active Admission Control) - Involves Electronic Warfare Coordination.

Naval Warfare Publication (NWP 10-1-13) (Joint Reporting System) - Includes joint service reporting on matters such as air defense/control and supporting arms/naval gunfire support.

4) OPNAV Automation Program. 1,850
The OPNAV office automation program is designed to provide a comprehensive management information system for all OPNAV offices. The program was begun in response to the need for standardization of office automation systems with the use of the Navy Secretariat Headquarters Information Processing Systems (SHIPS). Increased funding of \$1,128 thousand will purchase office automation systems, terminals, microcomputers, and peripherals to support the system requirements. An additional \$722 thousand will be used to pay for the OPNAV share of operating costs of SHIPS Central Computer Facility.

Activity Group: Chief of Naval Operations Staff Offices (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

5)	<u>Office of Manpower - Training and Education Information Resource Management.</u> This increase provides resources for management of Training and Education information. This includes support for development and maintenance of information and data architectures, support for development and assessment of the integration of existing systems, and resources for telecommunications costs to access field information systems.	160
6)	Increase provides additional resources for day-to-day consumable supplies. The introduction of new ADP systems and expansion of word processing capabilities will result in higher usage of supplies.	51
5.	Program Decreases	-846
A.	One-Time FY 1987 Costs	(-846)
1)	<u>Naval Force Monitoring in JCS Command Post Exercises (CPX) in the Navy Command Center (NCC).</u> Decrease for the FY 1987 purchase and installation of equipment for remote monitoring capability in the Navy Command Center.	-425
2)	<u>Navy Command Center (NCC) Information System.</u> Decrease for the FY 1987 development of an automated information system for the Navy Command Center.	-311
3)	<u>Furniture - Office of Logistics.</u> Decrease for the purchase in FY 1987 of modular furniture and improvement of office environment.	-110

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Navy Finance Activities
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Navy Finance Activities perform the following functions:

- A. Centralized Military Pay and Allotment Systems. Design, develop and operate the active duty centralized military pay and allotment systems of the Navy; and perform accrual accounting to provide periodic reports of obligations, disbursements and other related accounting, financial and statistical data.
- B. Inactive Military Pay. Design, develop and operate the retired and fleet reserve pay systems and the Naval Reserve Drill Pay; Naval Reserve Officer Training Corps, Armed Forces Health Scholarship and other reserve pay systems.
- C. Personnel Support Activity. Maintain military personnel and military pay accounts for the region supported, pay military and civilian travel vouchers, and provide passenger transportation services.
- D. Accounting Transactions - IDA Operations. Perform authorization accounting activity services and pay vendor invoices in an Integrated Disbursing and Accounting (IDA) project mode, submit accounting reports, and review accuracy of appropriation and cost accounting data.
- E. Fiscal Operations. Prepare check and cash payments for military and civilian payrolls, issue saving bonds, receive and account for miscellaneous cash collections, and prepare various reports of financial transactions for recording on the Navy's central books of accounts.
- F. Accounting Policy and Systems. Formulate and prescribe policies, principles and procedures to be followed in the design, development and operation of financial management systems throughout the Department of the Navy.
- G. Financial Management Improvement. Centrally plan, program, design and execute improvements to the Navy's financial management systems under the direction of the Comptroller of the Navy.

Activity Group: Navy Finance Activities (cont'd)

H. Standard Financial Systems. Design, develop, implement, operate and maintain standard Navy financial systems in accordance with applicable Department of the Navy automatic data processing (ADP) standards; provide for equipment and services acquisition; perform contract management; and conduct functional and economic analyses.

I. Administration. Provide timely management planning programs, training, comptrollership and overall command direction to ensure effectiveness and efficiency in the operation functions.

II. Financial Summary (Dollars in Thousands)

A. Sub-Activity Group Breakout.

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988</u>	<u>FY 1989</u>

Navy Finance Activities	<u>95,143</u>	<u>\$107,926</u>	<u>\$105,974</u>	<u>\$107,773</u>	<u>\$115,080</u>	<u>115,530</u>
Total Navy Finance	95,143	\$107,926	\$105,974	\$107,773	\$115,080	115,530

Activity Group: Navy Finance Activities (cont'd)

B. Reconciliation of Increases and Decreases.

1.	FY 1987 Current Estimate		\$107,773
2.	Pricing Adjustments		4,377
	A. Annualization of Direct Pay Raises	(463)	
	1) Classified	462	
	2) Wage Board	1	
	B. Stock Fund	(-14)	
	1) Non-Fuel	-14	
	C. Industrial Fund Rates	(-5)	
	D. Other Pricing Adjustments	(1,468)	
	E. Annualization of FERS	(2,465)	
3.	Functional Program Transfers		-98
	A. Transfers In	(204)	
	1) Intra-Appropriation	(86)	
	a) Transfer from Budget Activity		
	7, in support of the Standard		
	Financial Reporting System (FRS).	86	
	2) Inter-Appropriation	(118)	
	a) <u>Expense/Investment Criteria.</u>		
	In response to a request from the		
	Congress to review the adequacy of		
	current expense/investment criteria,		
	the Department conducted a study which		
	supports increasing the threshold from		
	\$5 thousand to \$25 thousand. This		
	change in budget policy will alleviate		
	budget execution problems associated		
	with fluctuations in equipment unit		
	prices and uneconomical lease versus		
	buy decisions.	118	

Activity Group: Navy Finance Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

B. Transfers Out	(-302)	
1) Intra-Appropriation	(-302)	
a) Transfer of \$247 thousand direct funding to the Naval Hospital, Great Lakes from the Navy Finance Center, Cleveland in support of medical functions.	-247	
b) Transfer of 2 civilian positions to Budget Activity 7, Base Operation Support in support of payroll functions at the Navy Regional Finance Center, Washington.	-37	
c) SIUC funds to rent commercially leased space realigned to Budget Activity 9, Base Operations Support, for direct payment to General Services Administration Federal Building Fund.	-18	
4. Program Increases		7224
A. Annualization of FY 1987 Increases	(1,860)	
1) GAO Review and Approval of Accounting Systems Project (GRASP) - annualization of FY 1987 increased civilian positions.	703	
2) Consolidated Systems Evaluation (CSE) Program - annualization of FY 1987 increased civilian positions.	210	
3) Standardization of Automated Systems for Industrial Funds - annualization of FY 1987 increased civilian positions.	70	

Activity Group: Navy Finance Activities (cont'd)

4) Debt Collection and Salary Offset Program Compliance - annualization of FY 1987 increased civilian positions.	151
5) Personnel and Pay Systems Consolidated Computer Center Program - annualization of ADP equipment maintenance and other operating costs.	726
B. Other Program Growth in FY 1988	(5,364)
1) One additional paid day for civilian	223
2) Integrated Disbursing and Accounting Financial Information Processing System (IDAFIPS) will integrate disbursing and accounting functions and improve the timeliness and accuracy of financial information for Navy managers. The increase is required for the development, establishment and support of Data Processing Centers for implementation of the IDA Financial Management System.	605
3) Navy Standard Civilian Payroll System (NAVSCIPS) is a DOD and Secretary of the Navy project to implement an automated standard DON civilian payroll system to improve productivity and reduce support costs. NAVSCIPS directly supports the Reform '88 Civilian Personnel/Payroll Project. The increase is required for programming, testing, training and implementation; and General Services Administration Contract effort for quality assurance and support.	1,041

Activity Group: Navy Finance Activities (cont'd)

- | | | |
|--|--------|--------|
| 3) Military Pay Integration Project is necessary to develop, implement and operate military pay system changes which are required to bring the DON into compliance with the Federal Managers' Financial Integrity Act of 1984, gain GAO recertification of Joint Uniform Military Pay System (JUMPS), and implement a logically shared data base structure with the Chief of Naval Personnel to maximize the efficiencies of the colocation/consolidation of the Pay and Personnel data bases at the Consolidated Data Center at the Navy Finance Center, Cleveland. | 3,154 | |
| 4) Automated Teller Machines (ATMS) is the Navy-wide expansion of ATMS aboard Navy ships. The program will limit cash flow, reduce check processing costs, provide crew members with funds safekeeping, and streamline pay delivery methods. | 341 | |
| 5. Program Decreases | | -4,196 |
| A. Annualization of FY 1987 Decreases | (-617) | |
| 1) Personnel and Pay Systems Consolidated Computer Center Program - annualization of the loss of a maintenance contract requirement for the Naval Military Personnel Command's ADP system. | -617 | |

Activity Group: Navy Finance Activities (cont'd)

B. Other Program Decreases in FY 1988	(-3,579)
1) Personnel and Pay Systems Consolidated Computer Center Program (PERSPAY) - reduced contractual effort for PERSPAY follow-on resolicitation.	-860
2) Reduced workload through Financial Information Processing Center at NRFC, Great Lakes.	--500
3) Projected end strength savings resulting from scheduled efficiency review.	-291
4) GAO Review and Approval of Accounting Systems Project (GRASP) - net decrease is a shift from contractual non-ADP professional and management services (-\$786 thousand) into ADP systems design, analysis and programming (+\$210 thousand) as GRASP moves toward development and implementation of financial management requirements.	-576
5) Navy Finance Center, Cleveland - decrease in ADP rents and buy-outs of ADP equipment and decrease in miscellaneous contracts for office equipment repairs and various service requirements.	-254
6) Uniform Microcomputer Disbursing Systems (UMIDS) - reduction of 2 civilian positions (-\$32 thousand) and drawdown in contractual effort (-\$472 thousand).	-504
7) Consolidated Systems Evaluation (CSE) Program - reduction in contractual effort.	-274
8) Reduction in ADP support requirements for the Navy and Accounting Finance Center.	-169

Activity Group: Navy Finance Activities (cont'd)

9) Debt Collection and Salary Offset Program Compliance - reduction in contractual effort.	-151	
6. FY 1988 President's Budget Request		\$115,080
7. Pricing Adjustments		2,051
A. Stock Fund	(-8)	
1) Non-Fuel	-8	
B. Industrial Fund Rate	(152)	
C. Other Pricing Adjustments	(1,565)	
D. Annualization of FERS	(342)	
8. Program Increases		2,776
A. Annualization of FY 1988 Increases	(620)	
1) Integrated Disbursing and Accounting Financial Information Processing System (IDAFIPS) - annualization of operating costs of data centers - ADP equipment maintenance, supplies and other costs.	620	
B. Other Program Growth in FY 1989	(2,156)	
1) Integrated Disbursing and Accounting Financial Information Processing System (IDAFIPS) will require an increase for the continued development establishment and support of Data Processing Centers for IDA Financial Management System implementations.	968	
2) Navy Standard Civilian Payroll System (NAVSCIPS) - increase in contractual support and other costs for sites implemented.	1,188	

Activity Group: Navy Finance Activities (cont'd)

9. Program Decreases		-4,377
A. Annualization of FY 1988 Decreases	(-957)	
1) Uniform Microcomputer Disbursing System (UMIDS) - annualization of FY 1988 decreased civilian positions.	-32	
2) Annualization of projected end strength savings resulting from scheduled efficiency reviews.	-550	
3) FIPC realignment at NRFC, Great Lakes.	-375	
B. Other Program Decreases in FY 1989	(-3,420)	
1) Two Less Paid days for Civilians	-456	
2) Integrated Disbursing and Accounting Financial Information Processing Systems (IDAFIPS) - reduction in equipment, training and interim support requirements.	-719	
3) Military Pay Integration Project - decrease in contractual support requirement.	-1127	
4) Automated Teller Machines (ATM) - decrease in contractual effort.	-199	
5) Personnel and Pay Systems Consolidated Computer Center Program (PERSPAY) - reduction in contractual effort for PERSPAY follow-on competitive resolicitation.	-128	
6) Navy Finance Center, Cleveland - Decrease in miscellaneous contracts for office equipment repairs and various services requirements.	-126	
7) Navy Standard Civilian Payroll System (NAVSCIPS) - decrease in civilian personnel support and travel.	-665	
10. FY 1989 President's Budget Request		\$115,530

Activity Group: Navy Finance Activities (cont'd)

Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Naval Audit Service

Budget Activity: 9-Administration and Associated Activities

1. Description of Operations Financed

The Naval Audit Service is responsible for conducting internal audits of Navy and Marine Corps activities, programs, systems, and functions to determine whether planned and budgeted program results are being achieved and to assess compliance with applicable laws and directives. The Naval Audit Service received its statutory authority through the Naval Security Act Amendments of 1949 and the Budget and Accounting Procedures Act of 1950.

The Naval Audit Service has redirected its audit effort in the FY 1987 DON Audit Plan toward program-result auditing. This change from previous years' orientation is in response to peer review recommendations by Arthur Andersen & Company and the DOD Inspector General. In order to support these recommendations, the Naval Audit Service must perform travel-intensive audits and also requires microcomputers to support the larger number of complex, program-result oriented audits.

Audits are classified into five broad categories:

- Multilocation audits assess regional or Service-wide problems, performance trends, and accomplishments using data collected on programs or problems at two or more activities. Expanded emphasis is being placed in this category in an effort to respond to the needs of Navy management and effectively utilize resources into those audit categories which have generated the greatest savings and efficiencies in the past.
- Special purpose audits review commercial activities programs, unannounced disbursing audits, nonappropriated fund audits, and assist and request audits provided to various Navy commands and other government agencies.
- ADP Systems: Evaluate developmental and operational automated systems to appraise the adequacy of controls; verify compliance with applicable standards, regulations, and design specifications; review system documentation; and, assess the efficiency and economy of system operations or developmental efforts.
- Weapons Systems: Determine the effectiveness of the management and control of major weapons procurement projects and ensure compliance with requirements and regulations relating to contractual procurement.
- In-House: Follow-up on past audit recommendations and research to evaluate potential topics for future audits.

Activity Group: Naval Audit Service (cont'd)

II. Financial Summary (Dollars in Thousands)

A. Sub-Activity Group Breakout

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988</u>	<u>FY 1989</u>
		<u>Budget Request</u>	<u>Appropriation</u>	<u>Current Estimate</u>	<u>Budget Request</u>	<u>Budget Request</u>
Naval Audit Service	\$25,023	\$26,453	\$26,453	\$27,224	\$29,285	\$29,933
Total	\$25,023	\$26,453	\$26,453	\$27,224	\$29,285	\$29,933

B. Reconciliation of Increases and Decreases

1. FY 1987 Current Estimate		\$27,224
2. Pricing Adjustments		1,234
A. Annualization of Direct Pay Raises	(177)	
1) Classified	177	
B. Other Pricing Adjustments	(43)	
C. Annualization of FERS	(1,014)	
3. Program Increases		827
A. Other Program Growth in FY 1988	(827)	
1) Additional resources are required to enhance and develop auditor specialization in the functional areas of procurement, ADP systems, contracts, financial management, and project management by sending auditors to local universities and to other highly technical training courses. Additionally, the NAVCOMPT Financial Management Trainee Program will be utilized to ensure a source of auditors with the potential to perform complex, program-result audits. These trainees, however, will need educational tuition assistance in order to satisfy the qualifications mandated by the Office of Personnel Management for the auditing series.		367

Activity Group: Naval Audit Service (cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

3. Program Increases (Cont'd)

A. Other Program Growth in FY 1988 (Cont'd)

2) Additional travel funds are required to support the training effort described above. Types of extended training that require travel funds include procurement training (lasting two and four weeks), contract training (two weeks), project management training (six months), and professional military comptrollership training (two and eight weeks).	57	
3) These funds will permit the purchase of additional microcomputers; training for the field application of this technology; maintenance and supplies for this equipment; and, timesharing needed for the retrieval and manipulation of data required in field audits.	312	
4) One additional paid day for civilians	91	
4. FY 1988 President's Budget Request		\$29,285
5. Pricing Adjustments		243
A. Other Pricing Adjustments	(66)	
B. Annualization of FERS	(177)	
6. Program Increases		587
A. Other Program Growth in FY 1989	(587)	
1) These funds will ensure the proper training of entry level and junior auditors and permit the continued development of functional area expertise in ADP systems, procurement, contracts, project management, and financial management.	157	

Activity Group: Naval Audit Service (cont'd)

B. Reconciliation of Increases and Decreases (Cont'd)

6. Program Increases (Cont'd)

A. Other Program Growth in FY 1989 (Cont'd)

2) Additional travel funds are required to conduct travel intensive multi-location audits and to support two additional procurement audit teams. Experience has shown that travel expenditures for a procurement audit team is more than offset by savings and efficiencies generated from the audits. 283

3) These funds will permit continued ADP modernization; the purchase of additional microcomputers; training for the field application of this technology; and, maintenance, supplies, and timesharing for this equipment. The DODIG peer review team concluded that NAVAUDSVC can effectively use a total of 187 microcomputers. Funds programmed by the end of FY 1989 will provide a total of 113 microcomputers. 147

7. Program Decreases -182

A. Other Program Decreases in FY 1989 (-182)

1) Two less paid days for civilians -182

8. FY 1989 President's Budget Request \$29,933

Activity Group: Naval Audit Service (Cont'd)

III. Performance Criteria and Evaluation

The Table below shows the funds and total military and civilian workyears required by the Naval Audit Service Annual Audit Plan. Workyears reflect not only direct audit effort but also indirect support requirements.

Categories	FY 1986		FY 1987		FY 1988		FY 1989	
	WYRS	(\$000)	WYRS	(\$000)	WYRS	(\$000)	WYRS	(\$000)

Activity Group: Naval Data Automation Command
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

The Naval Data Automation Command (NAVDAC), located in Washington, D.C., exercises operational direction, and technical management and control over the Navy's information systems management program. NAVDAC's mission includes acting as activity group manager for the Navy industrial funded Navy Regional Data Automation Centers (NARDACs) and Navy Data Automation Facilities (NAVDAFs) which provide regional Automatic Data Processing (ADP) services to Navy activities. In addition, this Command is the principal staff support and coordination authority for the Assistant Secretary of the Navy (Financial Management), who is the Senior ADP Policy Official for the Chief of Naval Operations (CNO), and the Director, Information Systems Division in carrying out the Department of the Navy (DON) responsibilities for data automation which include formulating and implementing ADP policies and procedures.

To facilitate accomplishment of its missions, the NAVDAC staff is composed of the following directorates:

Systems Evaluation Policy and Acquisition Directorate - Provides in-depth support to the Director, NAVDAC, CNO, and the Senior ADP Policy Official for review and evaluation of Automated Information Systems Life Cycle management plans, and ADP equipment acquisition requests.

Systems Software, Telecommunications and Standards Directorate - Provides control of ADP system software through the review and approval of requests for specific software and computer languages.

Computer Program Development Directorate - Manages development and implementation of policies, procedures and guidelines relative to applications software engineering and quality assurance, and provides technical guidance in application software and supporting technology areas to all Navy ADP activities.

Computer Systems Operations Directorate - Provides technical direction for computer systems operations Navy-wide and develops policies, plans, standards and procedures governing establishment, growth and management of the Navy's non-tactical data processing installations.

Plans, Resources, and Support Operations Directorate - Develops DON information systems concepts and objectives into time-phased resource requirements, and formulates major policy on all aspects of Navy information systems management.

Activity Group: Naval Data Automation Command (cont'd)

I. Description of Operations Financed.

Command Staff, Comptroller and Administration - Provides full range of managerial support for the command, including uniform administrative policies and procedures, correspondence control and routing, public information services, preparation of the Navy POM, control of manpower and operating budgets, review and markup of the Navy-wide ADP budget and preparation and submission of the ADP budget to Secretary of Defense/OMB and Congress.

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Public Affairs

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed. Public Affairs is a command function which includes responsibility for contracts with the public and the effect of these contracts on the Navy, evaluation of public opinion and consideration of it in formulating and administering Navy policy, dissemination of information about the Navy in the United States and overseas, and actions taken to promote understanding of the Navy and its many programs and activities.

The purpose of external public affairs is to make available accurate and timely information about the Navy so that members of the general public, the media and Congress may understand and assess the Navy's programs, operations, and needs. Additional functions are Community Relations activities undertaken for the purpose of fostering a spirit of mutual friendship and cooperation with the Navy and people, organizations, and communities in the United States and overseas. Included is the requirement to provide information in accordance with the Freedom of Information and Privacy Acts.

Funds provide for operation of public affairs staffs for major Navy commands, including the Secretary of the Navy and the Chief of Naval Operations, geographically dispersed field activities and the Overseas Community Relations Program.

Public Affairs operations include: assisting top officials of the Navy and Department of Defense in answering queries by various news media, Congress, and the public on local, national and international operations, activities and actions of the Navy; determining those Navy programs and operations which will be of interest to various public organizations, and developing public affairs plans and programs for release of information; maintaining photos of Navy units and news-worthy operations, furnishing the photos on request to news media representatives and the public; providing stock movie footage and "featurettes" on Navy activities to requesting media outlets, schools and organizations; providing assistance, advice, and materials to commercial radio, television, and motion picture producers; and providing guidance to the Recruiting Command's public affairs and advertising campaigns to ensure compliance with Legislative and Executive Branch policy. The Overseas Community Relations Program supports miscellaneous expenses in support of community relations projects such as repair of schools, orphanages and hospitals, minor expenses for organized group participation in local celebrations or festivities, and other materials required to promote and enhance overseas community relations.

Department of the Navy
Operation and Maintenance, Navy

Activity Group: INSURV, Legal and Administrative Activities
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group finances the operations of several diverse administrative functions. The activities included are the Board of Inspection and Survey (INSURV), the Naval Safety Center (NAVSAFECEN), the Naval Historical Center (NAVHISTCEN), operating cost of historical ships, the OPNAV Support Activity, the Naval Legal Service Offices (NAVLEGSVCOFF), field activities of the Judge Advocate General (JAG), and the Office of Civilian Personnel Management (OCPM) field activities.

The INSURV conducts trials of ships, service craft and aircraft to determine the adequacy of construction and suitability for the intended purpose, and makes recommendations for acceptance by the Navy. INSURV also conducts surveys and recommends disposition of ships and service craft that are considered to be worn beyond economical repair or, because of obsolescence, to be beyond economical repair and modernization.

The NAVSAFECEN promotes and monitors safety to reduce the incidence of accidents. Safety programs fall into four major categories: aviation safety, submarine safety, surface ship safety, and occupational safety and health. The Safety Center administers a reporting system for collection, analysis, evaluation and publication of accident data; maintains a repository for accident reports; exchanges ideas and information on safety with Navy commands and other government and private agencies to help identify problem areas and correct deficiencies; produces, reviews and edits material for technical and other publications; conducts safety surveys and accident investigations to gather information which is used to recommend policy changes or formulation of new policy; and assists in development and administration of Navy-wide accident prevention programs.

The NAVHISTCEN provides a center for naval historical activities; operates the Navy Department Library; operates the archives for naval operational and other selected records; manages the collection, preservation, exhibition and distribution of objects of historical interest; provides historical information services; and carries out other historical activities. The center is organized into several branches including the Navy Memorial Museum, the Navy Department Library, the Operational Archives Branch, the Curator Branch, the Historical Research Branch, the Ship's Histories Branch, and the Administrative and Fiscal Branch.

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

The Historical Ships Program provides resources to maintain and display the USS Constitution and the ex-USS Nautilus. The USS Constitution serves the nation in a commissioned status as the centerpiece in the Boston National Historical Park. The ex-USS Nautilus was established as a national monument at the United States Naval Submarine Base, Groton, Connecticut.

The OPNAV Support Activity performs functions of an operational nature that support the Chief of Naval Operations Staff offices. Costs include travel, office supplies and equipment, and salaries of the civilian professional and clerical staff.

NAVLEGSVCOFF and detachments provide legal services and counsel in a given geographical area. Services include assigning judge advocates for any command legal matter including, but not limited to, military justice, conducting investigations, adjudicating claims, and providing legal assistance. Operating costs of the 22 NAVLEGSVCOFFS and 18 detachments are primarily civilian salaries and general administrative expenses.

JAG field offices provide legal support in military and administrative law, excluding business and commercial law. These offices process and review court-martial cases, provide officers as Government and defense counsel, provide certified military judges, provide legal services for implementation of the Status of Forces Agreement relating to the exercise of criminal jurisdiction and processing of claims in Italy, and provide legal services to the Navy in the area of civilian law (i.e., international law, administrative law, admiralty, civil litigation and claims). This activity group supports the administrative costs of civilian personnel, travel and supplies for the Navy-Marine Corps Appellate Review Activity, the United States Navy-Marine Corps Trial Judiciary, the United States Sending State Office for Italy, and the Naval Civil Law Support Activity.

OCPM field activities provide resources in support of OCPM regional offices. The regional offices represent OCPM within an assigned geographic area by providing consultation and technical services to Navy Field activities on civilian personnel matters and providing advice and guidance as well as exercising control over administration of civilian personnel policy. This activity group provides for the following programs: Employment Classification and Position Management, Equal Employment Opportunity, Labor and Employee Relations and Personnel Management evaluation.

The Procurement Support Office provides staff support for the development of Navy acquisition policies and programs. In addition to performing reviews of contracts and processing Navy contracts, the staff is involved in promoting competition in procurement, providing support for acquisition streamlining initiatives, and implementing policies and directives for reliability, maintainability and quality for naval development and procurement.

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

F. Annualization of FERS	(1,741)
3. Functional Program Transfers	8,450
A. Transfers In	(9,061)
1) Intra-Appropriation	8,566
a) Transfer from Budget Activity 2, Fleet Commands and Staff for Combat Art functions.	98

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

b)	Transfer from Budget Activity 7, Command and Administration for publication and operational record functions.	372	
c)	Transfer from Budget Activity 2, Fleet Commands and Staff to fund one civilian position to perform Equal Employment Opportunity functions.	58	
d)	Transfer from Budget Activity 7, Command and Administration to support acquisition policy functions.	8,038	
2)	Inter-Appropriation	495	
a)	In response to a request from the Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.	(495)	
B.	Transfers Out	(-611)	
1)	Intra-Appropriation	-611	
a)	Transfer to Budget Activity 7, Procurement Operations of the acquisition branch at the Navy Regional Contracting Center.	-227	
b)	Transfer to Budget Activity 3, General Defense Intelligence of one civilian position for the CNO Special Security Officer.	-26	
c)	Funds to rent commercially leased space realigned to Budget Activity 9, Base Operations Support for direct payment to the General Services Administration Federal Building Fund.	-358	
4.	Program Increases		1,890
A.	Annualization of FY 1987 Increases	(688)	
1)	Annualized cost for the Computerized Adaptive Testing program established in FY 1987.	72	

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

2) Annualized cost for civilian positions to perform electronic warfare management functions.	85
3) Annualized cost for a civilian position established to perform afloat logistic functions.	21
4) Annualized cost for civilian positions established to perform technology transfer functions.	45
5) Annualized cost for civilian positions due to the substitution of enlisted personnel in shore billets with civilians.	79
6) Annualized cost for civilian positions established in FY 1988 for the History Center.	195
7) Annualized cost of civilian positions at the Navy Safety Center.	191
B. Other Program Growth in FY 1988	(1,202)
1) One additional paid day for civilians.	105
2) Increased materials and supplies available for the USS Nautilus.	3
3) Increase to locate additional Navy Legal Service Office personnel at sites of projected fleet concentrations as a result of the strategic homeporting initiative. These additional sites will decrease lost work hours associated with travel time, increase responsiveness and expedite processing of courts-martial and JAG manual investigations.	168
4) Increase provides funds to meet the demand for conducting on-site safety surveys, homeport safety officer workshops, making Hazard Awareness Kits into video formats, supporting the ship's safety officer course, performing mishap data trend analysis, participating in system safety designs, and initiating action on submarine and diving and salvage safety deficiencies.	200
5) Increase to the Navy Legal Service Offices to purchase equipment to upgrade and replace existing court reporting systems, enhance preparation of records of trial and provide for equipment associated with the expansion of offices as a result of the strategic homeporting initiative.	100
6) Increase for the Hazardous-Substance Claims and Tort Litigation Support System.	12

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

7) Increase to continue the phased expansion of the History Center. Funds will provide for an increase in library and curatorial/museum staffs, enhance museum display and distribution, and the capability to conduct historical writing in the 20th century.	614	
5. Program Decreases		2,411
A. Annualization of FY 1987 Decreases	(-211)	
1) Annualized cost of civilian positions and support costs associated with the use of computer aided transcription equipment.	-211	
B. One-Time FY 1987 Costs	(-300)	
1) Decrease associated with the support of small dock facilities to provide safe moorings for the USS CONSTITUTION.	-52	
2) Decrease for the phased improvement and expansion of data processing equipment required at the Naval Safety Center.	-122	
3) Reduction reflects the purchase of desk top computers in FY 1987.	-99	
4) Decrease for the one-time relocation cost of the OCPM northwest and southwest regions.	-27	
C. Other Program Decreases in FY 1988	(-1,900)	
1) Decrease in civilian personnel compensation for the reduction of civilian positions at the Board of Inspection and Survey.	-13	
2) Reduced support for the Safety and Hazard Abatement Information Management System (SHAIMS) project due to the completion of the remaining module functional descriptions, data requirements documents and the achievement of Milestone II. Preparation of system test and evaluation plans, hardware procurement specifications and system risk assessment will also be completed in FY 1988.	-881	
3) Reduction in start-up support costs required for the Navy Headquarters Programming System. NHPS will be fully operational in FY 1988.	-663	
4) Dollar savings associated with the application of historic economical mix of full-time permanent and temporary employees.	-159	
5) Decrease associated with civilian employment and classification functions.	-184	

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

6.	FY 1988 President's Budget Request		67,689
7.	Pricing Adjustments		1,121

	1) Non-Fuel	-11	
	B. Industrial Fund Rates	(254)	
	C. FN Indirect	(1)	
	D. Other Pricing Adjustments	(534)	
	E. Annualization of FERS	(343)	
8.	Program Increases		977
	A. Annualization of FY 1988 Increases	(265)	
	1) Additional 1/2 workyear associated with the increase required for Hazardous-Substance Claims and Tort Litigation Support.	11	
	2) Annualization of increased civilian personnel costs associated with the History Center expansion.	254	
	B. Other Program Growth in FY 1989	(712)	
	1) Increase provides for the continuation of the phased expansion of the History Center staff.	341	
	2) The DON Civilian Exhibit is a promotional display/presentation which is designed to promote DON career opportunities and attract and inform quality applicants for careers in all areas of the DON civilian workforce. The initial upgrade of the exhibit entails the development and distribution of upgraded display materials which will promote occupational opportunities in the Navy.	371	
9.	Program Decreases		-1,687
	A. Annualization of FY 1988 Decreases	(-83)	
	1) Annualization of savings associated with the application of historic economical mix of full-time permanent and temporary employees.	-70	
	2) Annualization of personnel costs for the reduction of civilian positions at the Board of Inspection and Survey.	-13	

Activity Group: INSURV, Legal and Administrative Activities (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

B. Other Program Decreases in FY 1989	(-1,604)
1) Two less paid days for civilians.	-212
2) Reduced requirements for the SHAIMS project due to the completion of the system definition and design.	-468
3) Reduced support for the USS NAUTILUS	-7
4) Reduction in equipment purchases.	-152
5) Reduced ADP support requirements as a result of savings derived from the implementation of NHPS.	-700
6) Decrease associated with the reduction in the backlog of HAWKIT revisions.	-65

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Civilian Manpower Management Headquarters
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group previously provided resources in support of the Naval Civilian Personnel Command Headquarters. During FY 1986 civilian personnel functions were realigned within the Department of the Navy (DON) and the Office of Civilian Personnel Management was established. This activity group funds costs associated with the operation of the Office of Civilian Personnel Management Headquarters (OCPM-HQ). OCPM-HQ is responsible for providing staff support for the development of the Department of the Navy's appropriated and non-appropriated fund civilian personnel (Civpers)/equal employment opportunity (EEO) policies and programs; executing and evaluating DON Civpers/EEO policies and programs based on established policies; and providing resources and direction in support of the regional offices in the performance of their missions. This activity group provides for the following programs and functions:

A. Equal Employment Opportunity (EEO) Program - Develops and manages a comprehensive EEO program for DON. Provides DON-wide program direction and guidance for the development and management of an effective EEO program.

B. Labor and Employee Relations - Develops policy, provides program direction and guidance on DON-wide matters pertaining to labor and employee relations and on the performance management as well as the incentive awards program. Coordinates OCPM regional efforts and provides technical advice and assistance on labor relation and employee relation issues.

C. Personnel Management Evaluation (PME) - Provides program direction and guidance for the evaluation of DON's personnel management. Includes planning and management of DON's on site PME program and oversight and development of annual on site evaluation schedules. Provides liaison with outside agencies regarding program matters, development of program manuals and procedures, and oversight and technical guidance to OCPM regional offices.

D. Employment and Classification - Provides advice and guidance on matters pertaining to employment and classification programs; develops and disseminates guides on the application of employment and classification policy and program requirements to operational situations; classifies all DON civilian personnel officer and principal classifier positions.

E. Management Information Systems - Provides program direction and defines requirements for the Naval Civilian Personnel Data System (NCPDS).

F. Other Functions - Other function performed include support for management of the Senior Executive Service Command Inspector General, legal counsel and assistance

Activity Group: Civilian Manpower Management Headquarters (cont'd)

II. Financial Summary (Dollars in Thousands).

E. Annualization of FERS					(285)	
3. Program Increases						54
A. Other Program Growth in FY 1988					(54)	
1) One additional paid day for civilians.					25	
2) Funds will provide support to improve personnel policy development and implementation for non-appro- priated personnel. Resources are required for the printing of major revisions to current manuals and instructions which will clarify and reassert policies.					29	
4. FY 1988 President's Budget Request						8,298

Activity Group: Civilian Manpower Management Headquarters (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

5. Pricing Adjustments		71
A. Stock Fund	(3)	
1) Non-Fuel	3	
B. Industrial Fund Rates	(3)	
C. Other Pricing Adjustments	(15)	
D. Annualization of FERS	(50)	
6. Program Increases		106
A. One-Time FY 1989 Costs	(106)	
1) The Office of Personnel Management (OPM) is sponsoring legislation that allows Federal agencies to design classification/compensation systems that are tailored to their mission and structure. Resources will provide for the initiation of a classification/compensation system for the Navy. Implementation of this system will improve the Navy's ability to attract and retain quality employees in scarce skill occupations.	106	
7. Program Decreases		-59
A. Other Program Decreases in FY 1989	(-59)	
1) Two less paid days for civilians.	-59	
8. FY 1989 President's Budget Request		6,416

Exhibit OP-5

Activity Group: Naval Military Personnel Command
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed This activity group provides resources in support of officer and enlisted personnel distribution, career development, personnel administration and other functions in support of the Chief of Naval Personnel. Such functions include: operation of automated military manpower and personnel management information systems; administration of centralized morale, welfare and recreation efforts; administration of drug and alcohol abuse prevention efforts; monitoring of the operation of a detention center and absentee collection units; budgeting and accounting for the Military Personnel, Navy (MPN) appropriation, Training and Administration of the Naval Reserve (TAR) portion of the Reserve Personnel, Navy (RPN) appropriation and Navy's portion of the Retired Pay, Defense (RPD) appropriation. The following are major components within the Naval Military Personnel Command (NAVMILPERSCOM).

A. The Management Information System (MIS) supports the Deputy Chief of Naval Operations for Manpower, Personnel and Training/Chief of Naval Personnel mission requirements for Total Force Management by collecting, maintaining and reporting factual data about manpower and personnel. Distribution systems provide processing and management information support to the officer and enlisted distribution divisions.

B. The Data Resource Management (DRM) improves the quality of manpower, personnel and training (MPT) data; registers and standardizes data elements; and improves response to management's needs for information resource directory and is producing plans, policies, assessments and techniques for Manpower, Personnel and Training Information Systems (MAPTIS). DRM will enhance productivity through data management, ensure consistency of data elements and improve integration among MAPTIS.

C. The Source Data System (SDS) is being implemented to provide automated support to the world-wide network of Personnel Support Activities and Personnel Support Detachments. SDS will assist in the performance of field level pay and personnel functions by decreasing deficiencies in data reporting and information management. SDS will also provide timely and accurate reporting to Navy's central personnel systems under NAVMILPERSCOM. SDS software will maintain synchronization between field and central data bases.

D. The Navy Automated Civilian Management Information System (NACMIS) provides a central data base system designed to improve the accuracy and timeliness of civilian manpower information. The Program provides automated support to local civilian personnel offices (CPOs) and to all levels of Navy management, including interfaces to federal agencies other than Navy. NACMIS also supplies automated support in the areas of employment, training,

Activity Group: Naval Military Personnel Command (cont'd)

litigation, demographics and performance appraisal. NACMIS is comprised of three major portions: Naval headquarters systems; NACMIS I, which currently supports Civilian Personnel Offices (CPOs); and Navy Civilian Personnel Data System (NCPDS) which will replace NACMIS I and encompass all headquarters and field systems.

E. The Decision Support System (DSS) provides manpower, personnel and training (MPT) managers with automated models on personnel projections and allocations, goal and recruiting modeling, policy analysis, economic analysis, policy execution and personnel management/distribution. DSS provides support for planning and budgeting of critical manpower requirements of such programs as Selective Re-enlistment Bonus (SRB), Career Re-enlistment Objectives (CREO), Class "A" School Plans and Military Personnel, Navy (MPN) budget models. The Navy Manpower Planning System (NAMPS) provides alternative plans and policies based on manpower requirements and constraints. Additionally, NAMPS provides managers with manpower and training requirement determinations for total force manning of ships, squadrons and shore activities under current conditions, reserve augmentation, mobilization or other wartime scenarios.

F. The Real-Time Automated Personnel Identification Data System (RAPIDS) finances the development of a more secure identification card system to eliminate fraud and waste in the benefits programs provided to the Armed Services. Navy is designated the executive agent for world-wide project implementation. The proposed system will use an embossed electrically readable identification card. RAPIDS will interface with the Defense Enrollment Eligibility Reporting System (DEERS) to verify eligibility status of military medical care, exchange and commissary privileges.

G. The Military Personnel Records System (MPRS) controls and administers the personnel records of all current and former members of the Navy and Naval Reserve. This automated system maintains and updates the military personnel records in a microfiche format and then distributes the records to authorized users.

H. The Pay and Personnel Administrative Support System (PASS) provides Personnel Support Activities and Personnel Support Detachments with automated pay, personnel and transportation support world-wide. This Program utilizes interim word processing equipment pending implementation of the Source Data System (SDS). The Electronic Reservation and Ticketing Service (ERIS) is used to reduce Navy-wide travel costs through the leasing of electronic reservation and ticketing equipment. This equipment is located in the PASS offices and allows Navy Passenger Transportation Offices to make reservations and issue tickets at the least expensive rate.

I. The Navy Occupational Development and Analysis Center (NODAC) collects and analyzes occupational data to support Navy manpower management, personnel administration and training programs. This data is used in specifying occupational skill requirements and in the development and revision of

Activity Group: Naval Military Personnel Command (cont'd)

personnel classification systems and career structures. This categorization facilitates the updating of Navy advancement examinations, training course curriculum, rate training manuals, Navy correspondence courses and supports the Rating Review; Navy Enlisted Occupational Classification System (NEOCS) Board.

J. The Computerized Adaptive Testing (CAT) is a Department of Defense (DOD) Five-Service Selection and Classification Testing Program for non-prior service applicants to be implemented as replacement for the paper/pencil Armed Services Vocational Aptitude Battery (ASVAB) test. CAT is designed to improve the selection and job classification process of recruits for the Navy, Army, Air Force, Marine Corps and Coast Guard. CAT measures the applicant's aptitude/mental group levels more precisely, improves accession test security and will reduce testing costs. Navy is designated the executive agent for implementation and operation for the CAT Program.

K. The Officer and Enlisted Retention Programs provide retention team travel and per diem to overseas and Continental United States Fleet concentration areas to enhance personal contact between constituents and their detailers.

L. The Submarine/Underwater Demolition/Diver/Explosive Ordnance Disposal Teams provides travel and per diem for motivation teams to encourage Navy personnel to volunteer for these unique career programs, to enhance retention efforts and to publicize and explain reenlistment and program benefits.

M. The Manpower Authorization Division manages military manpower allocations at the unit level by developing and maintaining military manpower authorization documents. This Division maintains balance between programmed manpower resources reflected in the Five Year Defense Plan (FYDP) and billets/ positions contained in unit level manpower documentation; approves deviations from manpower, personnel and training (MPT) policy and from FYDP/billet balance in processing manpower change requests; ensures consistency with current policies; and initiates final action on manpower authorization requests.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	FY 1986	FY 1987			FY 1988	FY 1989
		Budget Request	Appropriation	Current Estimate	Budget Request	Budget Request
Total, Naval Military Personnel Command	100,805	111,217	109,839	114,101	121,453	131,403

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases.

1. FY 1987 Current Estimate		\$114,101
2. Pricing Adjustments		4,631
A. Annualization of Direct Pay Raises	(235)	
1) Classified	234	
2) Wage Board	1	
B. Stock Fund	(6)	
1) Non-Fuel	6	
C. Industrial Fund Rates	(-12)	
D. Other Pricing Adjustments	(2,418)	
E. Annualization of FERS	(1,984)	
3. Functional Program Transfers		1,063
A. Transfer-In	(1,106)	
1) Intra-Appropriation	(104)	
a) Transfer of one civilian end strength from Command and Administration, Budget Activity 7 to support the acquisition career development and Weapon System Acquisition Management (WSAM) coordination functions.	26	
b) Transfer of Quality Assurance Program's administrative function from Budget Activity 8, Other Personnel Activities. Resources support salaries, fringe benefits and support costs for two civilian end strength.	78	
2) Inter-Appropriation	(1,002)	
a) In response to a request from the Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.	1,002	

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- B. Transfers-Out (-43)
 - 1) Intra-Appropriation -43
 - a) Transfer of one civilian end (-43)
strength for the Military Personnel
Security function to the Naval
Investigative Service, Budget Activity 3.

4. Program Increases 10,074

- A. Annualization of FY 1987 Increases (1,263)
 - 1) Civilian Substitution - Increase 1,263
supports civilian end strength received
under the Civilian Substitution Program.
- B. One-Time FY 1988 Costs (300)
 - 1) Management Information System (MIS) - 300
Increase provides for the procurement of
microcomputer boards, tops, drop cables
and additional Bus Interface Units that
will allow a personal computer to function
as an IBM 3278/9 terminal and allow full
optimization of the Local Area Network
(LAN).
- C. Other Program Growth in FY 1988 (8,511)
 - 1) Management Information System (MIS) -
The MIS organization includes Manage-
ment Information Systems; Management
Support and Plans; and Policy and
Architecture Divisions that plan, manage,
develop and maintain the Manpower and
Personnel and Training Information
Systems (MAPTIS). MIS collects, main-
tains and reports factual data about
manpower and personnel and supports the
distribution of military personnel to
all shore and fleet activities. Increase
supports the following:

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- a) Additional design and implementation tasking associated with transitioning to the Defense Data Network. 18
 - b) Additional telecommunications requirements to support remote computer center users. 61
 - c) Configuration management support for the Manpower and Personnel Training Information System (MAPTIS) community as part of Information Resources Management (IRM) objectives to identify opportunities for information resource sharing to improve efficiency and effectiveness of existing and planned information systems. 195
- 2) Distribution Systems - The distribution systems provide order processing support and automated management information support to the Distribution Department. The goal of the Distribution Department is to improve the automated distribution and to coordinate the planning, budgeting, design, development, implementation and evaluation of new automated data processing support systems. Four major projects have been initiated and are being developed under Naval Data Automation Command (NAVDAC) Life Cycle Management (LCM) guidelines. Projects include: Enlisted Assignment Information System (EAIS); Support Programs for Incentives, Retention and Training (SPIRIT); Officer Assignment Information System (OAIS); and Distribution Management Support System (DMSS). These projects will form the core of automated distribution support and provide the basis for future expansion/enhancements. Increase supports the full funding of software maintenance and license fees for the Navy Military Personnel Distribution Systems. All minicomputers are installed in Washington, DC and Memphis, TN. 261

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

3) Decision Support System (DSS)-Increase 780
is required for completion of Navy Headquarters Programming System/Naval Headquarters Budgeting System interface requirements, implementation of the secure network and development of the local financial management applications.

4) Source Data System (SDS) - SDS provides automated support for field level pay and personnel functions. The following increases support:

a) Additional Navy Regional Data Automation Command's (NARDAC) processing center operations and network telecommunications. By the end of FY 1988, operational minicomputers increased to 41, Personnel Support Activities increased to 19 and Personnel Support Detachments increased to 120. 1,109

b) Increased hardware maintenance requirements for rapidly expanding operational base. 2,027

c) Equipment procurement for headquarters program management. 50

5) Navy Automated Civilian Management Information System (NACMIS) - NACMIS is a central data base program supporting all areas of civilian personnel management prior to the implementation of the Navy Civilian Personnel Data System (NCPDS). Increase supports the following:

a) Purchase of 6250 Character Per Inch (CPI) tapes and tapes and computer paper for high speed tape drives, printers and supplies required to resume Packet Assembler/Disassemblers history data tape transfer. 9

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- b) Six months of maintenance for Defense Data Network communications devices, new NCPDS terminals. 378
- c) Full production telecommunications network troubleshooting and problem resolution facility and for site preparation, installation and beginning operations for NCPDS headquarters. 478
- 6) Data Resource Management (DRM) - 241
Increase is required for contractor support to assist in data design for the Integrated Military Personnel Data Base.
- 7) Military Personnel Records System- 885
Increase provides for contractor support to assist in the conversion study for process control system replacement, LCM documentation, functional description, data requirements, system specification and the implementation of configuration management.
- 8) Real Time Automated Personnel Identification Data System (RAPIDS) - 893
Increase will bring the program back on schedule and balance management costs of computer site installations with scheduled delivery of hardware for implementation.
- 9) Computerized Adaptive Testing (CAT) - 1,000
Increase provides for: (1) Contractor support to complete critical work equating CAT to current Armed Services Vocational Aptitude Battery (ASVAB) paper/pencil test at 68 Military Entrance Processing Command testing locations across the nation; (2) Contractor support for the completion of the Master Program Economic Analysis requirement by DoD for DoD/Congressional review; and (3) Contractor support to produce a Nationwide Public Education Project to inform Congressional bodies, public/private educational associations, and the general public about CAT.

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

10) Family Support Program - Increase pro- 7
vides for telecommunications requirements
to link Family Service Centers with the
Family Support Program Management Infor-
mation System.

11) One additional paid day for civilians. 119

5. Program Decreases -8,416

A. Annualization of FY 1987 Decreases (-123)

1) Annualization of savings resulting -88
from Efficiency Reviews.

2) Dollar savings associated with -35
an application of historic economical
mix of full-time permanent and
temporary employees.

B. One-Time FY 1987 Costs (-428)

1) Family Support Program - Decrease due -428
to one-time procurement of micropro-
cessors, initial supplies and completion
of concept development and design of
Family Support Program Management Infor-
mation System.

C. Other Program Decreases in FY 1988 (-7,865)

1) Management Information System (MIS) -725
Decrease is due to fewer consumable
supplies for computer center operations
and peripheral devices, lower lease and
maintenance costs of software licenses
and decreased contractor support due to
completion of the Personnel and Pay
(PERSPAY) workload conversion/migration
to Cleveland and Multiple Virtual Task
(MVT) to Multiple Virtual System (MVS)
PERSPAY conversion. Contractor assis-
tance will no longer be required to
support the Management Support Office's
PERSPAY related test/certification and
software quality management functions.
Decrease also reflects completion of
initial start-up of Manpower, Personnel
and Training Information Systems Tech-
nical Information Center project and
the purchase of fewer microcomputers in
FY 1988.

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 2) Distribution Systems - Decrease due -1,130
to the implementation of Officer
Assignment Information System (OAIS),
Enlisted Assignment Information System
(EAIS) and several modules of Support
Programs for Incentives, Retention and
Training (SPIRIT) and Distribution Man-
agement Support System (DMSS). This is
the result of the purchase of minicom-
puters and the phase-out of contractor
support for development work.
- 3) Navy Manpower Planning System (NAMPS)- -12
Decrease due to reduction in software
support required by NPRDC due to
migration of models to in-house
facilities.
- 4) Decision Support Systems (DSS) - Decrease
due to the following:
 - a) Stabilization of support for -44
Department of the Navy Equal
Employment Opportunity, Accountability
System.
 - b) Termination of commercial -432
timeshare due to the move of support
to Consolidation Data Center (CDC),
Cleveland and stabilization of
conversion/migration to CDC,
Cleveland.
 - c) Reduction of contractor support -162
in programming and development/updates
for models such as Bonus/Re-enlistment
and Force Transition (B/REFT), Officer
Annualized Cost of Leaving (ACOL),
Force Analysis and Simulation Model
(FASM), etc. It is planned that in
the outyears we will recoup data and
use this data to plan for estimations
to be used in future years (i.e.,
update current year data and project
future years based on this data vice
updating models on a yearly basis).

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 5) Navy Automated Civilian Management Information System (NACMIS) - Decrease due to the following:
- a) Reduction in Navy Regional Data Automation Command servicing for NCPDS Project Management support due to completion of planned deployment of the base level system. -1,667
 - b) Replacement of leased NCPDS Project Office automated data processing equipment (ADPE) with purchased ADPE. -9
 - c) Completion of NCPDS base and headquarters level system deployment in FY 1987, thereby eliminating the need for NACMIS I maintenance programs. -164
 - d) Completion of contract workyears for on-site training and replacement of terminal installation at NCPDS sites implemented in FY 1985/86 with juryrigged NACMIS I automated data processing equipment. Therefore, the contractual support is no longer required to assist in converting action and training occurrence data into NCPDS. -471
- 6) Source Data System (SDS) - Decrease due to the following:
- a) Reduced development of configuration management and performance management support. -1,268
 - b) Shifting of out-CONUS sites into FY 1990/91 and a decrease in requirement for supplies. -858
- 7) The Navy Occupational Development and Analysis Center (NODAC) - Decrease reflects reduction in requirements for personal computer equipment and program studies. -162
- 8) Pay and Personnel Administrative Support System (PASS) - Decrease due to the phasing out of Computer Aided Document Origination (CADO) system maintenance contract which maintains equipment and provides emergency service for the Personnel Support Activities/Detachments (PSA/D). -137

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 9) Computer Adaptive Testing (CAT) - -120
Reduction is due to cancellation of demographic studies of hardware and digital input devices at various locations and deferrals of program workshops and seminars.
- 10) Decrease in civilian end strength results from reduced automated data processing services and efficiency measures in administrative functions implemented throughout the Naval Military Personnel Command. -24
- 11) Real-Time Automated Personnel Identification Data System (RAPIDS) -207
Reduction resulted from the decentralization of the Application for Uniformed Services Identification Cards printing. Each Service will be responsible for their own forms.
- 12) Central Operations - Reduction is a result of equipment technology improving for office automation. -229
- 13) Family Support Program - Decrease results from completion of contractor support efforts in the development and implementation of spouse employment program. -44

6. FY 1988 President's Budget Request		\$121,453
7. Pricing Adjustments		3,123
A. Stock Fund	(5)	
1) Non-Fuel	5	
B. Industrial Fund Rates	(214)	
C. Other Pricing Adjustments	(2,539)	
D. Annualization of FERS	(365)	

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

8. Program Increases 13,458

A. One-Time FY 1989 Costs (536)

1) Data Resource Management (DRM) - 536
One-time cost for contractor support to assist in conversion of data elements and logical data structures for existing application systems which will interface with Integrated Military Personnel Data Base (IMPDB) and which require access to personnel data.

B. Other Program Growth in FY 1989 (12,922)

1) Management Information System (MIS) -
Increase provides for the following:

- a) Additional software lease and maintenance costs associated with providing connectivity of additional user applications to the Naval Military Personnel Command (NAVMILPERSCOM) data center computers. 120
- b) Additional operating costs to transition the NAVMILPERSCOM telecommunications network to the Defense Data Network telecommunications network. 79
- c) Operation of six mainframe computer systems installed at NAVMILPERSCOM. 150
- d) Incorporation of several stand alone systems into the Integrated Military Personnel Data Base (IMPDB) along with integration of the personnel and pay systems. 972
- e) Development of an integrated applications change control system and implementation of automated data processing security awareness training. 197
- f) Additional supplies to support the microcomputers obtained in FY 1988 and resystematization of Multiple Virtual System (MVS) to Multiple Virtual System - Extended Architect (MVS-XA). 263

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 2) Distribution Systems - Increase is due 34
to equipment warranties expiring late
FY 1988, thereby increasing overall
maintenance costs.
- 3) Decision Support System (DSS) -
Increase support the following:
 - a) Redesign of Advancement, Strength 679
and Training Planning (ADSTAP) MPT
computer models to work under
fourth generation software, graphics
and a data base management system.
Twenty-two distinct operational
ADSTAP models require redesign and
documentation.
 - b) Continue design and development 132
of the Navy Officer Models project in
order to enable all officer models
to interface with the Navy's Inte-
grated Military Personnel Data Base
(IMPDB) and the Personnel Inventory
Management Information System
(PIMIS).
 - c) Additional contractor support for 126
the Reserve Force Management
Information System (RFMIS) to
redesign all Reserve automated
data processing models into
one Life Cycle Management (LCM)
information system.
 - d) Implementation of an Information 172
Technology Center (ITC) for technical
support of end-user computing and for
development of end-use applications.
- 4) Source Data System (SDS) - Increase 2,642
is required for the hardware maintenance
costs associated with the expanding SDS
network, increased NARDAC processing
center operations and telecommunication
for SDS.
- 5) Navy Automated Civilian Management 214
Information System (NACMIS) - Increase
required for full year maintenance of
FY 1988 purchased NCPDS peripherals
and NCPDS packet Assembler/Disassemblers
(PADs).

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 6) Data Resource Management (DRM) - 292
Increment provides contractor support in the area of data base design for the Integrated Military Personnel Data Base (IMPDB); thus, consolidating all automated records for military personnel. IMPDB will provide a single authorization source for data relating to Navy officer and enlisted (active and inactive) personnel. IMPDB is being designed to implement requirements of the Paperwork Reduction Act (Reform 88) and General Accounting Office reports mandating elimination of redundancies and inconsistencies in personnel.
- 7) Military Personnel Records System (MPRS) - 3,079
Increase provides for the continued replacement of existing Process Control System which began in FY 1988. FY 1989 effort includes completion of application software development, program testing, subsystem testing, system integration testing, facilities modification, hardware readiness evaluation and installation, system documentation, system test plan, and maintaining the ongoing configurations management process. These tasks are required to reach Life Cycle Management - Milestone III.
- 8) Real-Time Automated Personnel Identification Data System (RAPIDS) - 3,029
Increase provides for development of personal computer (PC) software to access all DOD sites on their available equipment. This development is specifically designated for reserve, small, etc., activities that do not merit the purchase of work stations hardware, but still need the benefits of performing computerized updates.
- 9) Computerized Adaptive Testing (CAT) - 417
Increase will provide for Initial Operational Test and Evaluation (IOT&E) of accelerated CAT at 68 United States Military Entrance Process Command (USMEPCOM) locations across the nation.

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 10) The Pay and Personnel Administrative Support System (PASS) 212 - Increase will support word processing system requirements, travel for quality assurance visits, conferences and the start-up of an audiovisual training program designed to educate/improve the quality of service provided by the Personnel Support Detachments.

- 11) Navy Occupational Development and Analysis Center (NODAC) 113 - Increase provides support to maintain the Navy's enlisted and officer occupational data bases and conduct task analysis in support of manpower, personnel and training requirements determinations.

9. Program Decreases -6,631

A. Annualization of FY 1988 Decreases (-143)

- 1) Decrease reflects full workyear costs -138 for civilian end strength associated with the completion of Navy Civilian Personnel Data System (NCPDS) base and headquarters level system deployment needed for NACMIS I maintenance programs.

- 2) Dollar savings associated with an application of historic economic mix of full-time permanent and temporary employees. -5

B. One-Time FY 1988 Costs (-310)

- 1) Decrease reflects one-time procurement of microcomputer boards, tops, drop cables and bus interface units. -310

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

C. Other Program Decreases In FY 1989 (-6,178)

- 1) Distribution Systems - Decrease is -147
due to the implementation of OASIS, EAIS
and SPIRIT on minicomputers; thereby,
requiring less development work to be
contracted out.
- 2) Management Information System (MIS) -
Decrease reflects the following:
 - a) Completion of development phase -83
for Manpower and Personnel Training
Information System (MAPTIS)
Technical Information Center.
 - b) Reduced maintenance of telecom- -986
munications network in support of
the Naval Military Personnel Command
Local Area Network.
- 3) Navy Automated Civilian Management
Information System (NACMIS) - Decrease
for the following:
 - a) Navy Regional Data Automation -1,279
Command automated data processing
time no longer required due to
replacement of NACMIS I Head-
quarters by NCPDS headquarters system.
 - b) Planned demise of NACMIS I head- -34
quarters system; punching of personnel
action and training occurrences. Data
will be entered by civilian personnel
offices on NCPDS in the course of
doing normal personnel work.
 - c) Completion of NCPDS base level -1,730
system deployment and headquarters
training material development.
 - d) Excessing of juryrigged terminals -271
operated in parallel with NCPDS
automated data processing equipment.
 - e) Elimination of start-up cost -71
associated with loading of NACMIS
I headquarters data to NCPDS head-
quarters system and start-up cost
associated with buying 6250 CPI tapes
for new hardware procured in FY 1988.

Activity Group: Naval Military Personnel Command (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

- 4) The Source Data System (SDS) - Decre- -970
ment reflects lower requirements for training as a result of implementation in FY 1989 and the completion of requirement for phased additional equipment in FY 1988. Also, reduction in contractual support for software development and maintenance.
- 5) The Decision Support System (DSS) - -45
Decrease reflects reduction of contractor support in programming and development/update of models such as Bonus/Re-enlistment and Force Transition (B/REFT), Officer Annualized Cost of Leaving (ACOL), Force Analysis and Simulation Model (FASM), etc. Decrease also reflects a reduction in NARDAC assistance for the Civilian Personnel Modeling and Reporting Tracking System, and reduction in Navy Personnel Research and Development Center's (NPRDC) assistance for review analysis of ADP models for redesign up-dates among various manpower information systems.
- 6) Decrease reflects completion of the -181
second phase of automated data processing and efficiency measures in administrative functions initiative that began in FY 1988.
- 7) Two less paid days for civilians. -244
civilians.
- 8) Projected savings resulting -117
from scheduled Efficiency Reviews.

10. FY 1989 President's Budget Request \$131,403

<u>III. Performance Criteria.</u>	<u>FY 1986</u>	<u>FY 1987</u>	<u>FY 1988</u>	<u>FY 1989</u>

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Navy Manpower Engineering Center (NAVMEC)
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed. The Navy Manpower Engineering Center (NAVMEC) is tasked to produce and maintain the Ship Manpower Document (SMD) and Squadron Manpower Document (SQMD). These documents identify manpower requirements for individual fleet units, all classes of ships and for all squadrons within the aviation community. The Shore Manpower Document program and the efficiency review (ER) program are reflected in NAVMEC's operational costs through the end of FY 1987. Commencing in FY 1988, NAVMEC will formulate policies and procedures for the ER program and claimant/field activities will conduct the efficiency reviews. NAVMEC will also continue to provide ADP support for the maintenance of manpower requirements data bases.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988</u>	<u>FY 1989</u>
		<u>Budget Request</u>	<u>Appro- piation</u>	<u>Current Estimate</u>	<u>Budget Request</u>	<u>Budget Request</u>
Total, Navy Manpower Engineering Center	16,618	20,697	20,535	20,189	4,065	3,994

B. Reconciliation of Increases and Decreases.

1. FY 1987 Current Estimate	\$20,189

Activity Group: Navy Family Allowance Activity
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed. Navy Family Allowance Activity (NAVFAMALWACT) is tasked to determine and certify eligibility of dependents of active, retired and deceased Navy personnel for certain allowances, benefits and privileges; administer policy regarding financial support of dependents of active duty enlisted members and of all retired members; control allotments and pay account data of missing members; administer the waiver of indebtedness of erroneous payments to members and former members of the Naval service and certain non-military persons; effect the garnishment of pay and allowances for enforcement of child support and alimony obligations of Navy members active and retired; process involuntary child or child and spousal support allotments of active duty Navy members; administer the provisions of the Uniformed Services Former Spouses' Protection Act; perform tasks as directed by the Commander, Naval Military Personnel Command in the operation of the Permanent Change of Station (PCS) and Operation and Maintenance, Navy (O&M,N) cost systems which develop the Navy's estimated obligations for PCS moves for Naval personnel and their dependents; perform analysis of Per Diem for Less Than 20 Weeks Training account; produce reports and other data; review voucher payments; and make necessary adjustments for the Training and Administration of the Naval Reserve (TAR) Program chargeable to the Reserve Personnel, Navy (RPN) appropriation.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

A. Sub-Activity Group Breakout.

	<u>FY 1986</u>	<u>FY 1987</u>			<u>FY 1988</u> <u>Budget</u> <u>Request</u>	<u>FY 1989</u> <u>Budget</u> <u>Request</u>
		<u>Budget</u> <u>Request</u>	<u>Appro-</u> <u>priation</u>	<u>Current</u> <u>Estimate</u>		
Total, Navy Family Allowance Activity	2,638	3,061	3,046	3,058	3,211	3,548

B. Reconciliation of Increases and Decreases

1. FY 1987 Current Estimate	\$3,058
2. Pricing Adjustments	223
A. Annualization of Direct Pay Raises	(19)
1) Classified	19
B. Other Pricing Adjustments	(10)
C. Federal Employees Retirement System	(194)

Activity Group: Navy Family Allowance Activity (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

3. Functional Program Transfers		-41
A. Transfers Out	(-41)	
1) Intra-Appropriation	-41	
a) Funds to rent commercially leased space realigned to Budget Activity 9, Base Operations Support, for direct payment to the General Services Administration Federal Building Fund.	-41	
4. Program Increases		111
A. Annualization of FY 1987 Increases	(102)	
1) Increase supports full workyear costs for civilian end strength approved in FY 1987. End strength is needed to alleviate the heavy backlog and continuing workload in examining, waivers, disposal, legal and Permanent Change of Station (PCS) departments.	102	
B. Other Program Growth in FY 1988	(9)	
1) One additional paid day for civilians.	9	
5. Program Decreases		-140
A. One-Time FY 1987 Costs	(-140)	
1) Decrease for one-time procurement of state-of-the-art and economical word processing equipment and the automation of records.	-140	
6. FY 1988 President's Budget Request		\$3,211
7. Pricing Adjustments		45
A. Other Pricing Adjustments	(4)	
B. Annualization of FERS	(41)	

Activity Group: Navy Family Allowance Activity (cont'd)

B. Reconciliation of Increases and Decreases (cont'd).

8. Program Increases		314
A. One-Time FY 1989 Costs	(314)	
1) Increase supports the conversion of 300 file cabinets to 1,400 open shelf units. Equipment will enhance quality of work and provide overall efficiency. Color-coded tab system and refiling of over 600,000 case jackets into open-shelf units will eliminate misfile, occupy less floor space, facilitate retrieval and house additional files.	314	
9. Program Decreases		-22
A. Other Program Decreases in FY 1989	(-22)	
1) Two less paid days for civilians	-22	
10. FY 1989 President's Budget Request		\$3,548

Activity Group: Military Manpower Management

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group provides resources in support of the following individual programs:

Enlisted Personnel Management Center (EPMAC)

EPMAC provides centralized management support for the distribution of active duty enlisted personnel in accordance with the overall personnel management policies established by the Commander, Naval Military Personnel Command and the manning policies of the Manning Control Authorities (MCAs).

Navy Personnel Evaluation Boards

The Naval Council of Personnel Boards is comprised of the Central Physical Evaluation Board, Physical Review Council, Naval Discharge Review Board, Naval Complaints Review Board, Naval Clemency and Parole Board, Naval Physical Disability Review Board and the Employee Appeals Review Board. The Board for Correction of Naval Records is a statutory civilian board established in accordance with the provisions of 10 U.S.C. 1552. Its purpose is to relieve the Congress of the necessity to consider private relief laws for the correction of errors and injustices suffered by members and former members of the military services. The Secretary of the Navy, acting through his civilian board, is authorized to correct any naval record where such action is necessary to correct an error or remove an injustice. The Board conducts hearings and prepares reports containing findings, decisions, and recommendations for Secretarial review and action. It is the forum for appealing the decisions of most other administrative boards and is the highest administrative tribunal with respect to military personnel matters within the Department of the Navy. The Board of Decorations and Medals has overall responsibility to assist and advise the Secretary of the Navy in all matters of policy, procedure, and administration with regard to decorations and medals in the Department of the Navy to maintain and preserve the high standards and integrity of the Navy Awards System.

3. Functional Program Transfers		12
A. Transfers In	(12)	
1) Inter-Appropriation	12	
<p>In response to a request from the Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.</p>		

Activity Group: Military Manpower Management (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

4. Program Increases		388
A. Annualization of FY 1987 Increases	(29)	
1) Annualization of salaries and benefits for additional end strength received under the civilian substitution program.	29	
B. Other Program Growth in FY 1988	(359)	
1) One additional paid day for civilians.	18	
2) Increase will support Transient Monitoring Unit visits to additional areas to reconcile personnel strengths, documentation and processing. These visits will identify personnel that are Fleet ready.	118	
3) Increase in supplies is required to support full operation of the computer floor used by EPMAC.	84	
4) Increase is required for automated data processing equipment modules used to automate EPMAC's operation.	25	
5) Increase in maintenance costs required due to ownership of equipment formerly under Federal Lease to Purchase (FLTOP) contract.	114	
5. Program Decreases		-1,139
A. Other Program Decreases in FY 1988	(-1,139)	
1) Decrease in rental costs as a result of maturity of the FLTOP contract in FY 1987 for the IBM 4341 system.	-1,077	
2) Reduction in printing costs associated with the IBM 4341.	-42	
3) Reduction in training costs.	-20	
6. FY 1988 President's Budget Request		10,690
7. Pricing Adjustments		172

Activity Group: Military Manpower Management (cont'd)

B. Reconciliation of Increases and Decreases (cont'd)

8. Program Increases		555
A. Other Program Growth in FY 1989	(555)	
1) EPMAC is a major distribution information processing and support site within the Manpower and Personnel Training Information System architecture. To accomplish EPMAC's goal of efficiently and effectively managing military personnel, state-of-the-art software and training is required.	119	
2) Increase supports the Manning Control Authority for Reserve by developing a plan for automated data processing integration and synchronization of various manpower programs. This provides a Navy-wide inventory of total force requirements authorization and inventory and provides the Fleet with manpower information to enable efficient evolution of manpower, enhancing the effectiveness and capability in personnel distribution management. In order to provide this capability, software enhancement and maintenance is required.	436	
9. Program Decreases		-124
A. Other Program Decreases in FY 1989	(-124)	
1) Two less paid days for civilians.	-46	
2) Reduction due to the completion of the purchase of additional automated data processing modules and supplies required to support full operation of the computer floor.	-78	
10. FY 1989 President's Budget Request		11,293

Activity Group: Civilian Personnel Management
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed. This activity group reflects the realignment of a portion of the civilian personnel field functions to establish the Office of Civilian Personnel Management-Field. Beginning in FY 1987 this activity group funds the costs associated with the Naval Civilian Personnel Center. This activity group administers and executes civilian personnel (CIVPERS)/Equal Employment Opportunity (EEO) programs within the Chief of Naval Operations (CNO) in support of policies and direction from higher authority; manages DON-wide programs as assigned and performs such functions and tasks as may be directed by higher authority. This activity group provides for the following programs:

A. Equal Employment Opportunity (EEO) Program - Implements and manages a comprehensive EEO Program for the Chief of Naval Operations organization as established by higher authority; ensures that programs are executed and monitored consistent with EEO laws, policies and regulations; manages the formal investigations of all civilian discrimination complaints and represents the CNO on all matters related to civilian equal employment opportunity issues.

B. Discrimination Complaint Investigators - Provides for Discrimination Complaint Investigators to meet Office of Personnel Management (OPM) regulations which impose minimum requirements for appeals examiners in adverse action cases and establish a requirement for grievance examiners to be used in connection with investigating and resolving the grievances of employees. These examiners are located in Washington, DC; Philadelphia, PA; Norfolk, VA; Walnut Creek, CA and San Diego, CA.

C. Staffing and Training - Establishes policies and programs to ensure the hiring, promotion and training of a highly competent civilian work-force; executes and monitors special programs aimed at improving technical skills related to fleet readiness; sponsors developmental programs to maximum recruitment of professional expertise and executes programs to ensure the highest quality of applicants of professional, technical and administrative positions and those positions overseas.

D. Classification - Manages the implementation of position classification and compensation programs within the CNO; monitors legislative initiatives on retirement and alternative pay systems and develops CNO policy for delegation of classification authority to line managers.

E. Labor and Employee Relations - Responsible for managing the implementation of labor relations and employee relations programs within the CNO.

Activity Group: Civilian Personnel Management (cont'd)

I. Description of Operations Financed (cont'd)

F. Naval Civilian Personnel Data System (NCPDS) Center, San Antonio, Texas - Provides on-site management and support to the NCPDS, which is the official support system to meet Navy's requirement for timely, accurate and comprehensive civilian personnel information.

G. Other Functions - Other functions performed include: Internal Review, Internal Control, Security, the development and administration of the Navy civilian Research, Development and Studies (RD&S) program and serves as civilian coordinator for the CNO Manpower, Training and Personnel System (MANTRAPERS).

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Special Program Support
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

Special Program Support provides for a variety of efforts which are specific in purpose and support either Navy-wide or extra-Navy requirements. The following programs are included in this activity group:

The Employee Compensation Fund reimburses the Department of Labor for compensation and medical benefits paid for civilian employees of the Department of the Navy who sustain job-related illness or injuries, and death benefits resulting from such illness or injuries. Under Department of Labor billing procedures, the actual payment by Navy to Labor is made two years subsequent to the period in which the costs were incurred. The FY 1988 request reflects actual costs for compensation and benefits incurred from 1 July 1985 through 30 June 1986.

The Unemployment Compensation Fund provides resources to reimburse states, through the Department of Labor, for unemployment compensation paid to former employees of the Department of the Navy who meet eligibility criteria.

Payments for Postal Services cover official mail costs derived from the United States Postal Service Revenue, Pieces and Heights Sampling system. This activity group accommodates Navy-wide requirements satisfied by the USPS.

The Vice Presidential Grounds program maintains the ground surrounding the Official Residence of the Vice President. Its goals are to provide an aesthetically pleasant setting for the residence, and to maintain a thermally controlled environment in the vicinity of the Naval Observatory's telescopes, while providing sufficient fields of view for security forces. Funds requested support expenses associated with planting, care, trimming, and pruning of lawns, shrubs, flower beds and trees; operation of greenhouses to provide plants for the residence and grounds; and general clean-up of the grounds.

The White House/Marine Corps Development and Education Command (MCDEC) Helicopter Program represents the cost of petroleum, oil and lubrication, and temporary additional duty funds for flight operations in support of mission requirements. Funds are also included for the organizational and intermediate level maintenance support for other than contract maintained aircraft. The cost per operating hour of each model aircraft is computed using actual operating data for the past year.

Activity Group: Special Program Support (cont'd)

The mission of Helicopter Squadron ONE, located at Quantico, Virginia is directed toward:

- a. Providing helicopter transportation for the President of the United States, Vice President of the United States, members of the President's Cabinet and foreign dignitaries.
- b. Providing helicopter emergency evacuation support as directed by the Director, White House Military Office.
- c. Planning, executing and evaluating projects of a technical or tactical nature originated by or assigned to the unit.
- d. Furnishing aircraft, pilots and crews for administrative, logistical flights as directed by the Commanding General, Marine Corps Development and Education Command.
- e. Providing local airborne search and rescue operations.
- f. Maintaining and training sufficient flight crews to support the executive mission.

As part of their Department of Defense oversight responsibilities, the House and Senate Armed Services Committees and the Defense Subcommittees of the Appropriations Committees visit Defense contractors, naval bases, shipyards, and air rework facilities. In addition, members of Congress are extended invitations by the Navy to attend briefings, ceremonies and demonstrations. Transportation, per diem costs and incidental expenses are financed from this fund on an actual cost basis.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

IV. Personnel Summary.

No military or civilian personnel are assigned to this activity group.

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Maintenance of Real Property
Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This program provides maintenance, repair and minor construction of buildings, structures, grounds and utility systems required for facilities located within the Naval District Washington as well as 44 activities located with other commands as tenants who reimburse the host commands for services received.

The major elements of this program are:

- o Facilities Maintenance - finances scheduled, day-to-day recurring maintenance and emergency service work needed to preserve facilities.
- o Major Repairs - provides major repairs necessary to bring existing facilities into adequate condition to support assigned missions.
- o Minor Construction - finances the erection, installation or assembly of real property facilities; the addition, extension, alteration, conversion or replacement of existing real property facilities; the relocation of real property facilities; and the installation of equipment which becomes part of a facility.

II. Financial Summary (Dollars in Thousands).

Department of the Navy
Operation and Maintenance, Navy
Exhibit OP-5

Activity Group: Base Operations

Budget Activity: 9 - Administration and Associated Activities

I. Description of Operations Financed.

This activity group provides base support services and material for activities in the Naval District Washington and 44 other activities which are tenants of other commands and must reimburse the host commands for services received. This activity group also finances payments to the General Services Administration for space occupied by the Navy.

The major elements of the program are:

- o Utility Operations - Includes operating expenses for purchased electricity, electricity generating plants, purchased steam and hot water, heat plants, utility distribution systems, waste systems, air conditioning and refrigeration plants.
- o GSA Leasing - finances payments to the General Services Administration (GSA) for government owned/leased space occupied by the Department of the Navy.
- o Personnel Operations - Support required for personnel related functions include expenses for:
 - Bachelor Housing Operations and Furnishings - provides support for the operation of barracks and the purchase and maintenance of personnel support equipment related to this housing.
 - Other Personnel Support - provides for mess halls, sales activities, laundry and dry cleaning facilities.
 - Morale Welfare and Recreation - provides authorized appropriation fund support for shore based recreation activities.
- o Base Operations - Mission - Support for those base operations functions which are required in direct support of the mission of the base. Expenses are included for the following functions:
 - Retail Supply Operations - In addition to standard supply functions, this item includes the procurement, receipt, storage and issue of bulk liquid fuel, including operating aircraft fuel servicing facilities. Additionally, waterfront operations such as handling incoming and outgoing cargo are included.

Activity Group: Base Operations (cont'd)

- Maintenance of Installation Equipment - provides for maintenance of major shore based equipment including services and miscellaneous craft, construction equipment (non-deployable), weapons, electronics, electronic engineering, and fleet moorings.
- Other Base Services - provides for the maintenance and operation of vehicles/other transportation equipment, port services (includes navigational assistance to ships, operation of service craft, degaussing operations, and oil spillage cleanup).
- o Base Operations - Ownership - Support required at shore bases, regardless of type of mission being performed, which must be sustained to have a functional base. Expenses are included for the following functions:
 - Other Engineering Support - Public Works Department Administration, engineering services, custodial services, refuse/garbage collection and disposal, snow removal, rental and leasing of real property, and fire protection and firefighting for Navy activities and their tenants.
 - Administration - provides support related to financial/resource management, civilian manpower management, and maintaining military personnel records.
 - Physical Security - provides personnel and resources to ensure physical security of Naval bases and stations.

II. Financial Summary (Dollars in Thousands).

A. Sub-Activity Group Breakout.

Activity Group: Base Operations (cont'd)

B. Reconciliation of Increases and Decreases

1. FY 1987 Current Estimate		125,830
2. Pricing Adjustments		12,915
A. Annualization of Direct Pay Raises	(210)	
1) Classified	157	
2) Wage Board	53	
B. Stock Fund	(-84)	
1) Fuel	-62	
2) Non-Fuel	-22	
C. Industrial Fund Rates	(48)	
D. Other Pricing Adjustments	(10,848)	
E. Annualization of FERS	(1,893)	
3. Functional Program Transfers		2,369
A. Transfers In	(2,410)	
1) Intra-Appropriation	2,304	
a) Transfer of personnel functions from Budget Activity 2, Fleet Commands and Staff, to the Consolidated Civilian Personnel Office.	91	
b) Transfer of Drug and Alcohol Abuse function from Budget Activity 8, Base Operations Support.	17	
c) Transfer from Budget Activity 8, Base Operations Support, for the Quality Assurance program.	4	
d) Transfer from Budget Activity 3, Leased Communications, to competitively procure communication services previously provided by the Federal Telephone System (FTS). DON has withdrawn from participation in the FTS beginning in FY 1988	434	
e) Formerly reimbursable funds transferred from various Operation and Maintenance, Navy activities for direct payments to the General Services Administration for the rent associated with commercially leased space.	1,555	
f) Transfer from Budget Activity 7, Base Communications to support publications and operational records functions.	5	
g) Transfer from Budget Activity 7, Base Communications to support the Procurement Support Office.	198	

Activity Group: Base Operations (cont'd)

B. Reconciliation of Increases and Decreases

2) Inter-Appropriation	106	
a) In response to a request from the Congress to review the adequacy of current expense/investment criteria, the Department conducted a study which supports increasing the threshold from \$5 thousand to \$25 thousand. This change in budget policy will alleviate budget execution problems associated with fluctuations in equipment unit prices and uneconomical lease versus buy decisions.	26	
b) Formerly reimbursable funds transferred from Operations and Maintenance, Navy Reserve; Operations and Maintenance, Marine Corps; Operations and Maintenance, Marine Corps Reserve for direct payments to the General Services Administration for the rent associated with commercially leased space.	80	
B. Transfers Out	(-41)	
1) Intra-Appropriation	-41	
a) Transfer to Budget Activity 8, Base Operations Support, to support a commercial activity position.	-41	
4. Program Increases		1,495
A. Annualization of FY 1987 Increases	(261)	
1) Annualization of the increase in civilian end strength due to the substitution of enlisted personnel in ashore billets with civilians so that enlisted personnel can fill fleet requirements.	261	
B. One-Time FY 1988 Costs	(287)	
1) Increase to purchase systems furniture to accommodate additional ADP equipment and furniture for renovated spaces.	65	
2) Increase to purchase fire protection apparatus in order to reduce/eliminate hazards at the Washington Navy Yard	157	
3) Increase associated with the establishment of two personnel support detachments in Washington, DC.	65	

Activity Group: Base Operations (cont'd)

B. Reconciliation of Increases and Decreases

C. Other Program Growth in FY 1988 (947)

- 1) One additional paid day for civilians. 95
- 2) Increase to support the fire protection inspections that will be conducted to reduce/eliminate safety hazards at the Washington Navy Yard. 254
- 3) Increase for the establishment of two new personnel support detachments in order to accommodate the increased workload occurring in PSA Washington, DC. 265
- 4) Increase to provide equipment maintenance for the Base Engineering Support Technical ADP system and NHBS equipment. 117
- 5) Increase for new security programs and to provide additional guards at the Washington Navy Yard. 216

5. Program Decreases -3,131

A. Annualization of FY 1987 Decreases (-155)

- 1) Annualized cost of savings projected to result from scheduled efficiency reviews. -155

B. One-Time FY 1987 Costs (-1,527)

- 1) Decrease associated with the lease of portable boilers for the Washington Navy Yard Power Plant while the original boilers are being serviced. -92
- 2) Decrease of the one-time relocation of the Naval Safety Center to a new building. -63
- 3) Decrease reflects the one-time purchase of equipment to enable the Chief of Naval Operations claimancy to exchange data, on line, with the Comptroller of the Navy under the Navy Headquarters Budgeting System. -256
- 4) Reduction for the completion of the exterior painting of the ex-USS BARRY. -62
- 5) Decrease funds for the two facility leases for the Marine Corps in Denver required in FY 1987 only due to the completion of a new government owned facility. -595
- 6) Decrease associated with purchases of supplies, materials, and small equipment for the establishment of a CB Unit at NDW. -459

Activity Group: Base Operations (cont'd)

B. <u>Reconciliation of Increases and Decreases</u>		
C. Other Program Decreases in FY 1988	(-1,449)	
1) Projected end strength and dollar savings resulting from scheduled efficiency reviews.	-221	
2) Dollar savings associated with an application of historic economic mix of full-time permanent and temporary employees.	-168	
3) Reduction in energy use due to energy conservation efforts, the phase out of NAVMEC Detachments, and reduced number of personnel need each shift to operate the generator at the Washington Navy Yard.	-382	
4) End strength, workyear and funding based on savings achieved through implementation of Most Efficient Organization for those functions which remain in-house as a result of CA competition.	-205	
5) Savings due to the reduction in the incidence of unofficial calls through tighter management control.	-473	
6. FY 1988 President's Budget Request		139,478
7. Pricing Adjustments		3,976
A. Stock Fund	(19)	
1) Fuel	33	
2) Non-Fuel	-14	
B. Industrial Fund Rates	(76)	
C. Other Pricing Adjustments	(3,665)	
D. Annualization of FERS	(216)	
8. Program Increases		73
A. Other Program Increase in FY 1989	(73)	
1) Increase to update communications equipment.	73	
9. Program Decreases		-1,881
A. Annualization of FY 1988 Decreases	(-180)	
1) Annualized cost of savings projected to result from scheduled efficiency reviews.	-180	

Activity Group: Base Operations (cont'd)

B. Reconciliation of Increases and Decreases

B. One-Time FY 1988 Costs (-296)

- 1) Decrease for the one-time buy of systems furniture and furniture for renovated spaced. -67
- 2) Decrease for the purchase of fire protection apparatus to support the fire protection program at the Washington Navy Yard. -162
- 3) Decrease for one-time costs associated with establishing two Personnel Support Dets. -67

C. Other Program Decreases in FY 1989 (-1,405)

- 1) Decrease in equipment purchases. -27
- 2) Two less paid days for civilians. -195
- 3) Decrease in personnel compensation associated with administrative functions, personnel classification, retail supply operations, and personnel support functions. -1,183

Department of the Navy
Operation and Maintenance, Navy

Activity Group: International Headquarters and Agencies
Budget Activity: Ten - Support to Other Nations

I. Description of Operations Financed:

The Support to Other Nations program provides support for the Latin American Cooperation program, and emergency medical travel for Navy personnel and their families at Military Assistance Advisory Groups (MAAGS), Missions, and Defense Attache Offices worldwide.

This activity group also supports the Technology Transfer Program. The goal of this program is to control the export of technology, goods and services which could contribute to the military potential of other countries to ensure that such exports are consistent with the national security interests of the United States. These funds provide for review and evaluation of munitions cases, strategic trade cases, technical data exchange agreements, science and technology agreements, reciprocal Memoranda of Understanding, and similar agreements. A new initiative commencing in FY 1988 entails supporting the participation of foreign countries in joint military exercises with the U.S. and expenses of defense personnel of developing countries.
