

## February 2021: Plants Available Online—While They Last!

Out of an abundance of caution, Norrie's is temporarily closed for in-person shopping. Please shop online and schedule curbside pickup at [shopucscarboretum.com](http://shopucscarboretum.com). We are closely monitoring the covid situation within the county and will reopen when we can do so safely. While there have been no known cases of covid exposure at the Arboretum or Norrie's, the health and safety of our volunteers, customers, and staff is our highest priority.

New on Shopify: Decorative Plant Items, including dish gardens, terrariums, and wreaths.

Thank you for supporting the Arboretum!
