

# BSBI News Cumulative Index 1-110 (1972-2009)

## (Version 1)

- 1 in 20 Rule – Three botanists or groups of botanists arrive at same standard **83** 19
- 1 in 20 Rule, A Rule of Thumb for botanists: the, **83** 18-19
- 1 km squares, 3 moveable, concept in County Rare Plant Registers **79** 15
- 10 km map squares – Orkney **62** 17
- 10 km sq recording versus habitat recording **70** 17
- 10 km square – origin and validity **103** 15
- 10 km square upper limit (100) questioned (*Scarce Plants in Britain*) **69** 23
- 10 km square, hectad records (*n*), Number of, – conservation coefficient value (formula) **90** 40
- 10 km squares – recording islands **54** 24-25; **55** 9; **60** 12,13
- 10 km squares – *Scarce Plants in Britain* **69** 22
- 10 km. squares **70** 12
- 100 Families of Flowering Plants* (Requests) **42** 29
- 100 Families of Flowering Plants* **51** 39
- 100 km grid obscured **86** 11
- 100 km square – use of letters **77** 15
- 14<sup>th</sup> International Botanical Congress – Berlin 24<sup>th</sup> July – 1<sup>st</sup> August 1987 – notice of, **35** 19
- 14<sup>th</sup> International Botanical Congress – Berlin 24<sup>th</sup> July – 1<sup>st</sup> August 1987 – Royal Society Travelling Grants **44** 24
- 14<sup>th</sup> International Botanical Congress – Berlin 24<sup>th</sup> July – 1<sup>st</sup> August 1987 **43** 23
- 1954, April 9th, – A day to remember **75** 20-21
- 1991 The year of surprises [v.c.35] **59** 13-14
- 1991, The year of surprises – again **61** 34
- 1995 – a punishing year for trees in north east Wiltshire **71** 16-17
- 2002 Rolex Awards for Enterprise **86** 82
- 250 years of Nordic – British meeting points in Botany (paper printed) **85** 67-77
- 4-whorl 'polystachion' and rebranching in *Equisetum palustre* **73** 26-27
- 5th International Conference on the Ecology of Invasive Alien Plants, Sardinia, Italy 1999 **81** 5, 82
- A Message from the President – Problem Solving **26** 8-9
- A to Z of the British Flora, Twitcher's, **82** 36
- 'A' level examinations, Biological Science, – Biological Council prizes **39** 13
- A.E.T.F.A.T. **31** 7
- A.G.M, (*see* Annual General Meeting)
- A.G.M. Excursions – 15-16 May, 1982 **30** 6
- Abacus – BSBI postcards **74** 7
- Abbey habit, Getting the, **86** 53-54
- Abbot, Charles, Manuscripts by, (1761-1817) (Requests) **78** 68
- Abbot, Mrs P. **42** 10
- Abbot, Mrs P. **66** 38
- Abbott Anderson, Sir Maurice, – Dr Druce presentation **72** 48
- Abbott, Mrs. P. **62** 52, 54
- ABBOTT, P. – A correction **78** 72
- Abbott, P. – a regional co-ordinator *Atlas 2000* **68** 8
- ABBOTT, P. – Alien plants from Yorkshire **73** 47
- ABBOTT, P. – Calcicolous parasites **70** 13-14
- ABBOTT, P. – Leeds, [Mid-West Yorks.] (v.c.64) 2001 (Fld Mtg Rpt) **89** 67
- ABBOTT, P. – Montane willows in Mid-west Yorkshire **89** 22
- ABBOTT, P. – More new plants at Aberford **90** 34, 49
- ABBOTT, P. – Yorkshire Dales (v.c.64) 1994 (Fld Mtg Rpt) **68** 54-55
- ABBOTT, P. & TAYLOR, J. – A Yorkshire Weekend, Mid-west Yorkshire (v.c.64) 1997 (Fld Mtg Rpt) **77** 83
- Abbott, P. **62** 54
- Abbott, P. **71** 50; **78** 10
- ABBOTT, P.P. – Langstrothdale and Upper Wharfedale, Mid-W. Yorks. (v.c.64) 1990 (Fld Mtg Rpt) **56** 33-34
- ABBOTT, P.P. – Malham, Mid-W. Yorks 1988 (Fld Mtg Rpt) **50** 43-44
- ABBOTT, P.P. – Thistle Broomrapes in Yorkshire (Exbt) **81** 70
- Abbott, P.P., with Lady R. Fitzgerald – BSBI Field Meetings 1989 – album of prints (Exbn Mtg) **54** 57
- ABBOTT, R.J. – History, evolution and future of arctic and alpine flora: notes from a meeting, 2007, University of St Andrews **108** 15-16
- Abbreviations **21** 23
- Abbreviations for the prefix vice-county **72** 12-13
- Abbreviations, Vice-county, **72** 12
- Aberdeen – pilot record centre set up **77** 9
- Aberdeen Art Gallery – Rory McEwan exhibition **49** 32
- Aberdeen City and Shire, Integrated Habitat System survey of, **100** 39-40
- Aberdeen University and Plantlife Scotland, News from, – *Spiranthes romanzoffiana* **106** 9-12, [CS1](#)
- Aberdeen, A Natural History of*, **33** 30; (v.c.92) **39** 30
- Aberdeen, North, – Atlas 2000 coverage **75** 10
- Aberdeen, North, – *Ranunculus reptans* L., at the Loch of Strathbeg **74** 17-19
- Aberdeen, South, – Atlas 2000 fld mtg, second visit **74** 10
- Aberdeen, South, – E.S. Marshall plant list **NMW** **79** 34
- Aberdeen, South, – *Senecio inaequidens* in Aberdeen **107** 37
- Aberdeen, South, – Survival of *Potamogeton compressus* in the Loch of Aboyne **91** 29-30
- Aberdeen, South, – Vice-county Recorder Vacancy **110** 69
- Aberdeen, South, (Ballater and Glen Callater) 1996 (Fld Mtg Rpt) **74** 69-70
- Aberdeenshire – The Trump Inquiry **109** 47-48
- Aberdeenshire – Trump golf resort gets go ahead **110** 51
- Aberdeenshire – vice-county confusion **50** 21-22
- Aberdeenshire and Kincardineshire (Aberdeen City) 2005 (Fld Mtg Rpt) **101** 55
- Aberdeenshire, North, Flora of*, **72** 55
- Aberdeenshire, South, (Allt An Gharbh Coire) 1992 (Fld Mtg Rpt) **62** 62
- Aberford, More new plants at, (v.c.65) **90** 34, 49
- Aberrant flora of the British Isles, Towards an, **70** 12-13
- Aberrant flora project, An, (Exbt) **75** 64
- Aberrant Flora Speculation **74** 19
- Aberrant flora update **78** 36
- Aberrant form of Fly Orchid in Surrey (Descr.)(Illus.) **75** 26-27
- Aberrant forms – aims and scope of Register **62** 22
- Aberrant forms – copy of Register, and forms available **62** 22
- Aberrant Forms of Native Plants, Register of Stable, **62** 21
- Aberrant Plantain project sheets now available (Request) **83** 50
- Aberrant Plantain Project, That leaf is odd –, (Exbt) **84** 70
- Aberrant *Ranunculus bulbosus* **100** 23, [CS4](#)
- Aberration, Fly Orchid,? Another record **76** 21-22
- Aberration, *Ranunculus ficaria*, (v.c.43) **96** 28, [CS3](#)
- Aberrations, 2002, (Exbt) **93** 81
- Aberrations, A miscellany of recent, (Exbt) **81** 73
- Aberrations, Floral, **95** 14, [CS3](#)
- Aberrations, Plant, – newsletter **65** 29
- Aberrations, Plantain, A celebration of That Millennium's Odd, **82** 37
- Aberrations, Some 2003, (Exbt) **96** 72-73; 2004, (Exbt) **99** 70-71

- Aberrations, Some recent, (Exbt) **87** 78  
 Aberrations, Some Recent, (Exbt) **92** 66  
 Aberrations, Some, 2005 (Exbt 2005)[18 taxa cited] **102** 64-65  
 Aberrations, Some, 2006, and clover-leaf patterns (Exbt 2006) **105** 47  
 Aberystwyth University – M.H. Bigwood specimens **88** 14  
*Aberystwyth, The street flora of central*, **72** 56  
*Abies alba* – Atlas 2000 **84** 9  
*Abies alba* (bud descr.) **107** 25  
*Abies alba* (v.c.100) **89** 68  
*Abies alba* (v.c.103) **46** 28  
*Abies alba* **19** 18  
*Abies alba* regenerates (Scottish Borders) **75** 42  
*Abies amabilis* planted (v.c.46) **82** 64; (v.c.100) **89** 70  
*Abies borisii-regis* (Greece) **70** 43  
*Abies cephalonica* (v.c.8) **104** 17  
*Abies fabri* (China) **69** 28  
*Abies forrestii* planted (v.c.100) **89** 70  
*Abies grandis* (bud descr.) **107** 25  
*Abies grandis* **19** 18  
*Abies grandis* **76** 64  
*Abies marocana* (Morocco) **60** 64  
*Abies nordmanniana* (bud descr.) **107** 24  
*Abies procera* (Descr.) **88** 62  
*Abies procera* **76** 64  
*Abies spectabilis* **76** 63  
*Abies*, Range of, planted (v.c.46) **82** 64  
 Abisko – Its Flora and Facilities (Exbt) **45** 43-44  
 Abnoba – Mistletoe and its uses conference **72** 42  
 Abnormal *Anacamptis pyramidalis* **26** 25  
 Abnormal Flowers **19** 25  
 Abnormal growth in species **49** 23-26  
*Aboriginal plant collectors: botanists and Australian aboriginal people in the nineteenth century* (Rev.) **110** 64  
 ABRAHAM, F. – Wild Clary (*Salvia verbenaca*) in churchyards **69** 28-28  
 ABRAHAM, F. with M. & O. HOLLINGS – *Zizania latifolia* (Poaceae) found at another site in West Sussex **91** 49-50  
 ABRAHAM, F., with F. PENFOLD – Native Black Poplar? **85** 33  
 Abraham, F., with N. Sturt, **70** 13  
 ABRAHAM, F.L. & KNAPP, A.G. – *Lotus angustissimus* & *L. subbiflorus* in Sussex **107** 22-23, CS2  
 ABRAHAM, F.L. & KNAPP, A.G. – Sussex, West, (Amberley Wild Brooks) 2008 (Fld Mtg Rpt) **110** 62-63  
 Abraham-Isaac-Jacob **67** 32  
 Abroad, Collecting Plants, **35** 3  
*Abroad, Travellers guide to bringing plants back from*, **48** 17  
*Abroad, Travellers Guide to Bringing plants back from*, **53** 8  
*Abrus precatorius* – a rattle alien **56** 25  
*Abrus precatorius* (Descr.) – contraceptive and poison **67** 53  
*Abrus precatorius* **67** 53  
*Abstracts* **21** – A correction **77** 56  
 Abstracts of Postgraduate Theses – guidelines **77** 55  
 Abstracts, Bibliographical, – available via telephone link **40** 11  
 Abundance and Frequency categorised **95** 12  
 Abundance distributions, Explaining species, – Biodiversity over time **95** 60  
 Abundance profile of species in a 10km square in Berkshire **98** 12  
*Abutilon* **35** 14  
*Abutilon striatum* (v.c.29) **34** 33  
*Abutilon theophrasti* (*A. avicennae*) (Darnacle Hill, Goff's Oak) **11** 11  
*Abutilon theophrasti* (Keswick) **16** 14  
*Abutilon theophrasti* (v.c.14) **99** 51  
*Abutilon theophrasti* (v.c.20) **71** 51  
*Abutilon theophrasti* (v.c.20) **83** 45  
*Abutilon theophrasti* (v.c.7) **104** 17  
*Abutilon theophrasti* **11** 8  
*Abutilon theophrasti* **13** 22  
*Abutilon theophrasti* **17** 14; **18** 11; **25** 19  
*Abutilon theophrasti* at Kenardington, E. Kent **20** 14  
*Abutilon theophrasti* at Rye Meads Sewage Works, Roydon **22** 12  
*Abutilon vitifolium* (Free seed) **74** 56  
*Abutilon vitifolium* (v.c. S) **87** 78  
*Acacia* **31** 7  
*Acacia baileyana* (v.c.9) **86** 55  
*Acacia* cf. *verniciiflua* (v.c.44) **103** 33  
*Acacia dealbata* (Australasia)(Descr.)(Ireland) **109** 49, (v.c.10) 49, CS1  
*Acacia dealbata* (v.c.1b) **110** 49  
*Acacia dealbata* (v.c.1b) **78** 55  
*Acacia dealbata* self-seeded in Britain – a correction **110** 49  
*Acacia dealbata* self-seeded in Britain **109** 49, CS1  
*Acacia falciformis* (v.c.1b) **32** 18  
*Acacia longifolia* (v.c.1b) **78** 55  
*Acacia melanoxylon* (v.c.1b) **32** 18  
*Acacia retinoides* **32** 18  
*Acacia saligna* (v.c.1b) **73** 40  
*Acacia verticillata* (v.c.1b) **78** 55  
 Academic Book prices to BSBI members **25** 6  
*Academic History of Trinity College Dublin, An*, **35** 9  
*Acaena* – *Melanostoma-Platycheirus* group of Syrphid flies on **18** 6  
*Acaena* × *inermis* (Exbt 2006)(v.c.38) **105** 46  
*Acaena anserinifolia* – seed trapping birds **48** 19  
*Acaena anserinifolia* (Northumberland) **48** 19  
*Acaena anserinifolia* (v.c.110) **104** 64  
*Acaena anserinifolia* (v.c.37) **83** 35  
*Acaena anserinifolia* s.s. (v.c.4) **40** 16  
*Acaena buchananii* (v.c.47) **78** 55  
*Acaena caesiiglauca* (v.c.21) **42** 18  
*Acaena caesiiglauca* **78** 55  
*Acaena novae-zelandiae* (v.c.68) **81** 50; (v.c.H28) **84** 79  
*Acaena novae-zelandiae* **17** 11  
*Acaena ovalifolia* (v.c.37) **83** 35  
*Acaena ovalifolia* (v.c.86) **80** 70  
*Acaena* spp. – legal problems **88** 53  
*Acanthopanax evodiaefolius* (China) **69** 28  
*Acanthoxanthium* **29** 13  
*Acanthus* – teratological **81** 73  
*Acanthus mollis* (v.c.4) **43** 29  
*Acanthus mollis* (v.c.4) **53** 48  
*Acanthus spinosus* (Free seed) **68** 45  
*Acanthus spinosus* (Free seed) **71** 53 ; **74** 56; (v.c.17) **74** 68  
 Access, Microsoft, database program **76** 72  
 Accidental – definition **72** 14  
 ACD – Allergic Contact Dermatitis **59** 7  
 ACE Study Tours **62** 68  
*Acer* – *Corylus*, *Tilia* – *Ulmus* -, woodland **57** 11  
*Acer* – evolution **89** 21  
*Acer campestre* – aberrations (Exbt 2005)(v.c.7) **102** 64  
*Acer campestre* – altitude (*Atlas* no source, v.c.42) **90** 12  
*Acer campestre* – considered native by Mitchell **69** 50  
*Acer campestre* – fruit (Descr.) **49** 17  
*Acer campestre* – seeding after Dutch Elm Disease (Wilts.) **81** 27  
*Acer campestre* – undamaged by Common Leaf Weevil **68** 24  
*Acer campestre* – undamaged by Common Leaf Weevil **68** 25  
*Acer campestre* (Cotswolds) (Dating) (Descr.) (v.c.33) **85** 31  
*Acer campestre* (Tipperary) **60** 55; (v.c.13) **57** 10

- Acer campestre* (v.c.16) **106 53**  
*Acer campestre* (v.c.21) **70 32**  
*Acer campestre* (v.c.47) **94 44**; (v.c.50) **91 68**; (v.c.81) **97 21**  
*Acer campestre* (v.c.64) **71 66**; (v.c.S) **78 26**  
*Acer campestre* **11 31**  
*Acer campestre* aberration (v.c.7) **99 71**  
*Acer campestre* 'look-alikes' (Descr.)(v.c.29) **105 25-26**  
*Acer campestre* ssp. *campestre* (Descr.)(v.c.29) **105 25-26**  
*Acer campestre* ssp. *leiocarpum* (Descr.)(v.c.29) **105 26**  
*Acer campestre*, Three cotyledons and 3-whorled leaf arrangement in a young Field Maple, (v.c.7) **89 21**  
*Acer campestre*, Young, plant, showing the first 3-whorls (Illus.) **89 21**  
*Acer cappadocicum* – fruit (Descr.) **49 17**  
*Acer cappadocicum* (v.c.37) **83 35**  
*Acer cappadocicum* (v.c.64) **73 47**  
*Acer cappadocicum* **69 50**; (Descr.)(v.c.38) **68 31**; (v.c.57)  
*Acer cissifolium* (Descr.) **106 22**  
*Acer forrestii* – undamaged by Common Leaf Weevil **68 25**  
*Acer ginnala* (Descr.) **106 22**  
*Acer hyrcanum* (Greece) **70 43**  
*Acer macrophyllum* (v.c.8) **104 17**  
*Acer miyabei* (Descr.)(v.c.29) **105 26**  
*Acer negundo* – Common Leaf Weevil damage **68 25**  
*Acer negundo* – self-sown (London) **58 35**  
*Acer negundo* (v.c.21) **58 37**  
*Acer negundo* (v.c.28) **104 35**  
*Acer ornamental* – mistletoe host **70 27**  
*Acer palmatum* (London) **64 41**  
*Acer pectinatum* varieties (China) **69 28**  
*Acer pentaphyllum* (China) **69 28**  
*Acer platanoides* – Common Leaf Weevil damage **68 25**  
*Acer platanoides* – debarking (v.c.57) **90 15**  
*Acer platanoides* – fruit (Descr.) **49 17**  
*Acer platanoides* – in top 50 aliens recorded so far (Atlas 2000) **80 7**  
*Acer platanoides* – orange-trunked tree (v.c.7) **104 28**  
*Acer platanoides* (Descr.) **106 20**  
*Acer platanoides* (Descr.) **109 24**  
*Acer platanoides* (v.c.22) **75 40**; (v.c.S) **78 26**  
*Acer platanoides* (v.c.63) **106 37**  
*Acer platanoides* (v.c.7, 8) **104 17**  
*Acer platanoides* (v.c.73) **98 66**  
*Acer platanoides* 'Deborah' and colour blindness **105 19**  
*Acer platanoides* not mapped in 1962 Atlas **80 7**  
*Acer platanoides* on oak **87 32**  
*Acer platanoides* var. *laciniatum* (Descr.)(v.c.16) **78 55**  
*Acer pseudoplatanus* – aberrations (Exbt 2005)(v.c.7) **102 65**  
*Acer pseudoplatanus* – bark-stripping by Grey Squirrel (v.c.57) **90 15-17, 33**  
*Acer pseudoplatanus* – 'Control' or not? **76 62**  
*Acer pseudoplatanus* – epiphytic on trees (Wilts.) **65 19**  
*Acer pseudoplatanus* – epiphytic on willow **66 23**  
*Acer pseudoplatanus* – fruit (Descr.) **49 17-19**  
*Acer pseudoplatanus* – fully grown and fertile schizocarpic fruits (Illus.) **49 18**  
*Acer pseudoplatanus* – higher plants epiphytic on, **65 18, 19**  
*Acer pseudoplatanus* – one of most frequently recorded aliens (Atlas 2000) **80 7**  
*Acer pseudoplatanus* – orange-trunked tree (v.c.7) **104 28**  
*Acer pseudoplatanus* – salt burn (v.c.100) **100 25, CS4**  
*Acer pseudoplatanus* – Schizocarpic fruits in, **49 17-19**  
*Acer pseudoplatanus* – seeding after Dutch Elm Disease (Wilts.) **81 27**  
*Acer pseudoplatanus* – undamaged by Common Leaf Weevil **68 24**  
*Acer pseudoplatanus* – undamaged by Common Leaf Weevil **68 25**  
*Acer pseudoplatanus* – variability, and progeny of mutant tree **106 20-22, 23, CS4**  
*Acer pseudoplatanus* – vigour, progeny and unpredictably variable leaf-shapes and colours **109 24-25**  
*Acer pseudoplatanus* (Co. Kerry) **49 36, 37**; (v.c.30, 32) **49 17**; (v.c.52) **53 54**  
*Acer pseudoplatanus* (Descr.) **109 24-25**, (v.c.7) **24**  
*Acer pseudoplatanus* (distribution) **81 77**; (v.c.100) **89 68**; (v.c.H33) **86 27**; (v.c.H38) **89 59**  
*Acer pseudoplatanus* (v.c.52) **101 59**  
*Acer pseudoplatanus* (v.c.59) **108 4**  
*Acer pseudoplatanus* (v.c.63) **106 37**  
*Acer pseudoplatanus* (v.c.H38) **95 70**  
*Acer pseudoplatanus* **65 46**; **69 50**; (v.c.38) **68 34**; (v.c.41) **66 56**; (v.c.55) **64 24**  
*Acer pseudoplatanus* **77 15**; (v.c.11) **79 69**; (v.c.16) **77 48**; (v.c.22) **75 40**; (v.c.61) **72 40**; (v.c.110) **77 21**; (v.c.S) **78 24**  
*Acer pseudoplatanus* as Cattle Food **109 7**  
*Acer pseudoplatanus* 'Atropurpureum' (Descr.) **106 21**  
*Acer pseudoplatanus* 'Atropurpureum' (Descr.)(v.c.7) **109 24**  
*Acer pseudoplatanus* 'Atropurpureum' and colour blindness **105 19-20**  
*Acer pseudoplatanus* f. *purpurea* (Descr.)(v.c.7) **109 24**  
*Acer pseudoplatanus* leaf outlines **106 21, 23**  
*Acer pseudoplatanus* management (W. Yorks.) **77 52**  
*Acer pseudoplatanus* on oak **87 32**  
*Acer pseudoplatanus*, *Impatiens glandulifera* &, – Aliens **76 61-62**  
*Acer saccharinum* – mistletoe host **70 27**  
*Acer saccharinum* (bud descr.) **107 26**  
*Acer saccharinum* (Descr.)(v.c.16) **79 63**  
*Acer saccharinum* f. *laciniatum* **79 63**  
*Acer saccharoides* – self-sown (London) **58 35**  
*Acer* seed (China) **69 28**  
*Acer* spp. (China) **69 26**  
*Acer* various species – hosts mistletoe **73 31**  
*Acer* venation **104 9**

*Anthemis mixta* **10** 16  
*Anthemis tinctoria* (v.c.**56**) **65** 42  
*Anthemis tinctoria* (v.c.**73**) **49** 51  
 Anther counts in *Populus nigra* **71** 34  
*Anther, The.: form, function and phylogeny* (Rev.) **72** 56  
*Anthericum liliago* – western limit, Belgium) **100** 34  
*Anthericum liliago* (Switzerland) **76** 83  
*Anthericum ramosum* (Poland) **53** 56  
 Anthocyanin – *Arum maculatum* **52** 8  
 Anthocyanin Fringe Survey (Requests) **35** 21  
 Anthocyanin, Lack of, – *Dactylorhiza* **58** 30-31  
 Anthocyanins – flower colour aberration in *Crataegus* **79** 22-23  
*Antholyza ringens* (v.c.**1b**) **78** 56  
*Anthonomus grandis thurberiae* – quarantine lifted **79** 31  
*Anthophora plumipes* – *Anthyllis vulneraria* **74** 36  
*Anthophora plumipes* visits *Primula* species **82** 30  
*Anthophora retusa* – *Primula vulgaris* pollinator **64** 17  
*Anthoxanthum* **26** 23  
*Anthoxanthum aristatum* (Descr.) **81** 19  
*Anthoxanthum aristatum* ssp. *aristatum* (Bristol) **33** 12  
*Anthoxanthum odoratum* – Darwin's first grass identification **106** 52  
*Anthoxanthum odoratum* (BSBI Research Grant) **103** 36  
*Anthoxanthum odoratum* (Descr.) **81** 19

- Anthoxanthum odoratum* (v.c.20) **107 48**  
*Anthoxanthum odoratum* (v.c.25) **94 45**  
*Anthoxanthum odoratum* (v.c.27) **101 51**  
*Anthoxanthum odoratum* (v.c.59) **108 4**  
*Anthoxanthum odoratum* (v.c.64) **104 53**  
*Anthoxanthum odoratum* (v.c.70) **104 67**  
*Anthoxanthum odoratum* (v.c.9) **53 20**  
*Anthoxanthum odoratum* (v.c.H8) **68 60**  
*Anthoxanthum odoratum* **22 30**  
*Anthoxanthum odoratum* **39 22**; (v.c.77) **44 17**  
*Anthoxanthum odoratum* changed significantly in Scotland **61 17**  
*Anthoxanthum ovatum* (South Spain) **17 23**  
*Anthoxanthum puelii* – awaiting adoption (Red Data Book Project) **66 28**  
*Anthoxanthum puelii* – requiring a written account (Red Data Book Project) **65 33**  
*Anthoxanthum puelii* **10 15**; **11 6**; **14 5, 7**  
*Anthoxanthum puelii* **20 6**  
*Anthoxanthum puelii* **33 12**  
*Anthriscus* (Descr.) **52 14**  
*Anthriscus caucalis* (Almeria) **52 23**; (Descr.) **52 14**  
*Anthriscus caucalis* (Bristol) **39 8**; (Clwyd) **43 31**  
*Anthriscus caucalis* (Descr.) (Table) **81 41**  
*Anthriscus caucalis* (v.c.11) **78 73**; (v.c.14) **80 67**; (v.c.58) **77 67**; (v.c.68) **73 66**  
*Anthriscus caucalis* (v.c.32) **109 28**  
*Anthriscus caucalis* (v.c.41) **102 54**  
*Anthriscus caucalis* (v.c.48) **31 27**  
*Anthriscus caucalis* (v.c.95) **96 57**  
*Anthriscus cerefolium* (Descr.) **52 15**; (v.c.S) **49 42**  
*Anthriscus nemorosa* (Greece) **70 43**  
*Anthriscus sylvestris* – colonisation after Dutch Elm Disease (Wilts.) **81 27**  
*Anthriscus sylvestris* – competition with *Urtica dioica* (Wilts) **88 31**  
*Anthriscus sylvestris* – dialect plant-names **69 33-34**  
*Anthriscus sylvestris* – epiphytic on trees (Wilts.) **65 19**  
*Anthriscus sylvestris* – local names **70 17**  
*Anthriscus sylvestris* – petal measurements (England) by P. Horn **87 15**; (table) **87 17**  
*Anthriscus sylvestris* – petal measurements (v.c.46) by A.O. Chater **87 15**; (table) **87 17**  
*Anthriscus sylvestris* – phytphotodermatitis incident **59 8**  
*Anthriscus sylvestris* – pigment aberration **81 73**  
*Anthriscus sylvestris* – restriction of winter growth **79 61**  
*Anthriscus sylvestris* (Descr.) **51 45**; **52 15**  
*Anthriscus sylvestris* (Descr.) **81 40, 41, 42**; **82 44, 45**; **87 15-17**; (Table) **81 41**; (v.c.7) **82 44, 45, 47**; (v.c.8) **82 47**; (v.c.20, 24, 26, 29, 30, 32, 46) **87 15, 17**; (v.c.56, 57) **82 47**  
*Anthriscus sylvestris* (Free seed) **68 45**; (v.c.1) **69 75**; (v.c.9) **68 45**  
*Anthriscus sylvestris* (phenology) **104 6**  
*Anthriscus sylvestris* (v.c.17) **96 57**; (v.c.108) **96 59**  
*Anthriscus sylvestris* (v.c.55) **71 42**; (v.c.56) **80 20**  
*Anthriscus sylvestris* aberration (v.c.7) **99 70**  
*Anthriscus sylvestris* increase on grassy road verges **93 49**  
*Anthriscus sylvestris* reflected by *Daucus carota* in urban Canada **77 38**  
*Anthriscus sylvestris* seedlings (Descr.) (Illus.) **90 61**  
*Anthriscus sylvestris* showing radiation of petals, Inflorescence and flowers of, (photo) **87 18**  
*Anthriscus sylvestris* to be avoided! **70 17**  
*Anthriscus sylvestris*, Length measurements of petals in, (Descr.) (Table) **82 46**
- Anthriscus sylvestris*, Measurements on secondary umbels of, (Descr.) (Table) **82 46**  
*Anthriscus sylvestris*, Measurements on, in a range of locations (Descr.) (Table) **82 47**  
*Anthriscus sylvestris*, Radiation in British Apiaceae 2:, **82 44-47**  
*Anthriscus sylvestris*, Radiation in, – literature **87 16**  
*Anthriscus sylvestris*, Radiation in, : further findings **87 15-18**  
Anthropogenic origin – *Mercurialis perennis* and *Vicia sylvatica* (v.c.H37) **62 60**  
*Anthyllis* endemic to the British Isles **80 24**  
*Anthyllis hamosa* (South Spain) **13 25**  
*Anthyllis polycephala* (South Spain) **13 25**  
*Anthyllis tejedensis* (South Spain) **17 23**  
*Anthyllis vulneraria* – fodder varieties **76 43**; (Wilts.) **76 44**  
*Anthyllis vulneraria* – indicator of species-rich calcareous grassland **108 72**  
*Anthyllis vulneraria* – pollination **68 12**  
*Anthyllis vulneraria* – seed germination **74 36**  
*Anthyllis vulneraria* (Descr.) **74 36**; (Norfolk) **72 59**; (Teesside) **78 52**; (v.c.13) **80 68**; (v.c.22) **79 78**; (v.c.45) **74 35**; **78 46**; (v.c.50) **79 80**; (v.c.63) **71 66**; (v.c.68) **73 66**  
*Anthyllis vulneraria* (Ireland) **45 35**; (v.c.35) **48 48**; (v.c.46) **43 31**; (v.c.94) **48 46**

 Gaertner, J. **62** 30  
 GAFFNEY, J. – *Amaranthus bouchonii* in West Norfolk **58** 42-43  
*Gagea bohemica* – requiring a written account (Red Data Book Project) **65** 33  
*Gagea bohemica* – special protection recommended **47** 19  
*Gagea bohemica* (France)(v.c.**43**) **80** 63  
*Gagea bohemica* (Wales) **20** 3; **29** 21  
*Gagea bohemica* **54** 3  
*Gagea lutea* – recordability **102** 11  
*Gagea lutea* – Scarce Plants Project (Descr.)(Map) **59** 34  
*Gagea lutea* – world distribution **59** 34  
*Gagea lutea* (Germany) **76** 63; **78** 39; (v.c.**63**) **77** 26  
*Gagea lutea* **60** 32; (Crosby Ravensworth, Cumbria) **57** 13  
*Gagea lutea* associated with Japanese Knotweed **76** 63  
*Gagea lutea* in Moray (v.c.**95**) **78** 39  
*Gagea lutea*, Map for, – Scarce Plants Project **60** 21  
*Gagea* native in Wales? Are *Lloydia* and, **54** 3  
*Gagea saxatilis* **14** 5  
*Gagea* sp. **9** 24  
*Gagea spathacea* – western limit, Belgium **100** 34  
*Gagea*, *Lloydia* &, revisited! – Stop Press **54** 57  
*Gaia*, *The ages of*, (Rev.) **51** 40  
*Gaillardia* × *grandiflora* (v.c.**6**) **73** 39  
*Galactites elegans* – nomenclature **106** 66  
*Galactites tomentosa* (Norfolk) **45** 22  
*Galactites tomentosa* (v.c.**17**) **74** 68  
*Galanthus* – several taxa in new *Critical Flora* **81** 69  
*Galanthus caucasicus* (Atlas 2000) **75** 7  
*Galanthus elwesii* (Atlas 2000) **75** 7; (v.c.**23**) **72** 27  
*Galanthus elwesii* (Ptyxis descr.) **102** 19  
*Galanthus elwesii* × *G. nivalis* (v.c.**17**) **40** 8  
*Galanthus elwesii*, *Galanthus nivalis* ×, (Atlas 2000) **75** 7  
*Galanthus nivalis* – colonisation after Dutch Elm Disease (Wilts.) **81** 27  
*Galanthus nivalis* – double forms (v.c.**H33**) **86** 26  
*Galanthus nivalis* – February fair maids **75** 20  
*Galanthus nivalis* – recordability **102** 11  
*Galanthus nivalis* – very early-flowering usually different taxa **105** 28  
*Galanthus nivalis* (Descr.) **70** 30  
*Galanthus nivalis* (v.c.**22**) **72** 27; (v.c.**23**) **76** 36; (v.c.**24**) **73** 41  
*Galanthus nivalis* (v.c.**85**) **64** 46  
*Galanthus nivalis* × *G. elwesii* (Atlas 2000) **75** 7  
*Galanthus nivalis* × *G. plicatus* (Atlas 2000) **75** 7  
*Galanthus nivalis*, Leaves of, in cross-section (Illus.)(Ptyxis descr.) **102** 18  
*Galanthus plicatus* (Atlas 2000) **75** 7; (v.c.**23**) **73** 41  
*Galanthus plicatus* (Ptyxis descr.) **102** 19  
*Galanthus plicatus*, *Galanthus nivalis* ×, (Atlas 2000) **75** 7  
*Galanthus plicatus*, Leaf of, in cross section (Illus.)(Ptyxis descr.) **102** 19  
*Galanthus reginae-olgae* (Descr.) **70** 30  
*Galanthus reginae-olgae* (v.c.**16**) **70** 30  
*Galanthus* spp. (Ptyxis descr.) **102** 18  
*Galanthus*, Taxonomic revision of the genus, (Exbt) **60** 63  
 Galapagos Islands, – L. Farrell leading course to, **81** 5, 6  
 Galapagos Islands, Plants and Natural History of the, course **81** 5, 6

*Galeopsis angustifolia* records required for Threatened Plants Database **82** 17  
*Galeopsis bifida* (Descr.)(v.c.**18**) **104** 24  
*Galeopsis bifida* (v.c.**35**) **77** 78  
*Galeopsis bifida* (v.c.**37**) **58** 55  
*Galeopsis bifida* (v.c.**48**) **48** 53  
*Galeopsis bifida* and *G. tetrahit*: some interesting observations **104** 24  
*Galeopsis bifida* epiphytic on oak **87** 32, 33, (table) 35  
*Galeopsis segetum* **14** 7  
*Galeopsis segetum* **20** 6  
*Galeopsis speciosa* (Aberdeenshire) **100** 40

*Galeopsis speciosa* (v.c.100) **89** 69  
*Galeopsis speciosa* (v.c.83) **46** 45  
*Galeopsis speciosa* **74** 10; (v.c.92) **74** 69  
*Galeopsis tetrahit* – Atlas 2000 record card change **72** 7  
*Galeopsis tetrahit* – epiphytic on willow **66** 22  
*Galeopsis tetrahit* – white form (Knowle, Solihull) **58** 12  
*Galeopsis tetrahit* (Descr.)(v.c.18) **104** 24  
*Galeopsis tetrahit* (v.c.83) **46** 45  
*Galeopsis tetrahit* (v.c.H8) **59** 13; (v.c.S) **51** 46  
*Galeopsis tetrahit* **78** 48; (v.c.49) **72** 62  
*Galeopsis tetrahit* epiphytic on oak **87** 32, 33, (table) 35  
*Galeopsis tetrahit*, *G. bifida* and, : some interesting observations **104** 24  
*Galerucella* beetle – control of *Lythrum salicaria* **77** 38  
*Galinsoga* **38** 20; (v.c.22) **32** 19  
*Galinsoga ciliata* **25** 19  
*Galinsoga parviflora* (v.c.1) **33** 22; (v.c.39) **37** 14  
*Galinsoga parviflora* (v.c.21) **74** 68  
*Galinsoga parviflora* (v.c.30) **70** 36  
*Galinsoga parviflora* **15** 20  
*Galinsoga parviflora* **22** 30; **25** 19  
*Galinsoga quadriradiata* – plant in three vice-counties **51** 11  
*Galinsoga quadriradiata* (v.c.1) **33** 22; (v.c.41) **48** 50  
*Galinsoga quadriradiata* (v.c.100) **106** 55  
*Galinsoga quadriradiata* (v.c.20) **51** 11  
*Galinsoga quadriradiata* (v.c.21) **74** 68  
*Galinsoga quadriradiata* (v.c.3) **104** 41  
*Galinsoga quadriradiata* increase due to Luftwaffe's activities **89** 48  
*Galium* – referee requested **89** 11  
*Galium* – referee sought **71** 6; **74** 14  
*Galium* × *pomeranicum* (*G. mollugo* × *G. verum*) (Descr.) **87** 75; (v.c.67) **86** 76, 77  
*Galium* × *pomeranicum* (*G. mollugo* × *G. verum*) from v.c.35 (Mons.), Some Plants of Northern Cyprus, 1998 &, (Exbts) **87** 75  
*Galium* × *pomeranicum* (v.c.S) **66** 64  
*Galium aparine* – Bobby buttons **66** 25  
*Galium aparine* – Bobby buttons **68** 20  
*Galium aparine* – Catch rogue **70** 15  
*Galium aparine* – Claden **71** 37  
*Galium aparine* – Cling rascal **71** 37  
*Galium aparine* – Cly **71** 37  
*Galium aparine* – epiphytic on trees (Wilts.) **65** 19  
*Galium aparine* – epiphytic on trees **65** 18  
*Galium aparine* – folk-lore **60** 68  
*Galium aparine* – Harris's bullets **76** 39  
*Galium aparine* – Kisses **78** 23  
*Galium aparine* – Sweethearts **66** 25  
*Galium aparine* (Alderney) **62** 8  
*Galium aparine* (New Zealand) **20** 19; **27** 4  
*Galium aparine* (v.c.13) **108** 32  
*Galium aparine* (v.c.38) **97** 63; (v.c.62) **96** 29  
*Galium aparine* (Wilts.) **67** 19  
*Galium aparine* **75** 52; (v.c.23) **77** 45; (v.c.H21) **79** 51  
*Galium aparine* **81** 35  
*Galium aparine* epiphytic on oak **87** 33  
*Galium aparine* in organic oats **81** 71  
*Galium aparine* increase on grassy road verges **93** 49  
*Galium aparine*: size, seedlings & frost resistance **95** 30-31  
*Galium boreale* (Perthshire) **43** 31; (v.c.73) **46** 44; (v.c.105) **46** 42  
*Galium boreale* (v.c.103) **104** 65  
*Galium boreale* (v.c.105) **68** 63  
*Galium boreale* (v.c.64) **50** 44; **56** 33; (v.c.67) **55** 47; (v.c.85) **58** 53; (v.c.103) **52** 41; (v.c.107) **52** 42; (v.c.108) **50** 46  
*Galium boreale* (v.c.65) **86** 73; (v.c.66) **84** 75  
*Galium boreale* (v.c.79) **92** 57; (v.c.88) **99** 58; (v.c.105) **98** 68  
*Galium boreale* (v.c.86) **79** 9; **80** 68; (v.c.89) **71** 69; (v.c.92) **74** 70; (v.c.105) **77** 79; (v.c.H29) **78** 77  
*Galium boreale* (v.c.88) **107** 59  
*Galium boreale* (v.c.97) **68** 61  
*Galium boreale* (v.c.H24) **68** 60  
*Galium constrictum* (Hants.) **98** 21; (v.c.11) **94** 51  
*Galium constrictum* (v.c.11) **101** 46  
*Galium cruciata* (v.c.25) **50** 42  
*Galium cruciata* (Yorkshire) **47** 21  
*Galium debile* (Beaulieu) ) **37** 28  
*Galium elongatum* (v.c.H40) **49** 38  
*Galium erectum* **28** 23  
*Galium fleurotii* (v.c.6) **74** 63  
*Galium fleurotii/pumilum* (v.c.6) **60** 51  
*Galium* genus worldwide **95** 30  
*Galium glaucum* (Hungary) **66** 58  
*Galium megalospermum* (Switzerland) **76** 83  
*Galium mollugo* – *Orobanche caryophyllacea* host (Kent) **41** 29  
*Galium mollugo* (Descr.) (v.c.35) **87** 75  
*Galium mollugo* (v.c.46) **38** 10  
*Galium mollugo* (v.c.63) **71** 66; (v.c.H7) **78** 77  
*Galium mollugo* (v.c.75) **95** 30  
*Galium mollugo* (v.c.81) **61** 18  
*Galium mollugo* × *G. verum* (v.c.16) **68** 56  
*Galium mollugo* **28** 23; **29** 25  
*Galium mollugo* crossed off for *Geranium molle* **77** 14  
*Galium mollugo* ssp. *mollugo* (v.c.39) **60** 51-52  
*Galium murale* – a foothold in Eastbourne? **109** 57-58, [ii]  
*Galium murale* (Descr.)(v.c.2, 12, 14) **109** [ii]  
*Galium odoratum* – indicator species **64** 21  
*Galium odoratum* – *Orobanche caryophyllacea* host (Kent) **41** 29  
*Galium odoratum* (Tipperary) **60** 56; (v.c.50) **56** 32; (v.c.64) **56** 33  
*Galium odoratum* (v.c.105) **104** 57  
*Galium odoratum* (v.c.108) **65** 61  
*Galium odoratum* (v.c.41) **98** 63; (v.c.73) **98** 67; (v.c.87) **98** 62; (v.c.97) **96** 64; (v.c.100) **94** 49  
*Galium odoratum* (v.c.62) **79** 17; (v.c.106) **75** 60; (v.c.108) **71** 65  
*Galium odoratum* (v.c.H38) **89** 59  
*Galium odoratum* **45** 20  
*Galium palustre* – Atlas 2000 record card change **72** 7  
*Galium palustre* (v.c.H24) **44** 29  
*Galium palustre* **20** 14  
*Galium palustre* mistaken for *Callitriche* **49** 23  
*Galium parisiense* – lawn weed (v.c.21) **92** 29  
*Galium parisiense* – special protection proposed **69** 45  
*Galium parisiense* (v.c.11) **100** 47-48; (v.c.12) **100** 48  
*Galium parisiense* seed (v.c.28) **77** 44  
*Galium parisiense* ssp. *anglicum* (London) **87** 19  
*Galium pumilum* (v.c.12) **101** 26  
*Galium pumilum* (v.c.23) **86** 64  
*Galium pumilum* ssp. *fleurotii* – conservation status **104** 20  
*Galium pumilum* ssp. *pumilum* – conservation status **104** 20  
*Galium pumilum/fleurotii* (v.c.6) **60** 51  
*Galium saccharatum* (v.c.16) **69** 54  
*Galium saxatile* (v.c.19) **77** 74; (v.c.68) **73** 66  
*Galium saxatile* (v.c.33) **104** 66  
*Galium saxatile* (v.c.37) **110** 61  
*Galium saxatile* (v.c.41) **48** 51; (v.c.H3) **44** 29  
*Galium saxatile* (v.c.46) **69** 70  
*Galium saxatile* (v.c.88) **96** 61

- Galium saxatile* (v.c.9) 50 44; (v.c.25) 50 42; (v.c.42) 55 48  
*Galium saxatile* (v.c.H8) 110 62  
*Galium saxatile* 26 23  
*Galium saxatile* planted (Cumbria) 88 26  
*Galium spurium* – for 'adoption', species account 70 29  
*Galium spurium* (v.c.16) 69 54
