# Resources on underrepresented groups in the history of computer science
Jennifer Light
Northwestern University

## Statistical information:

Women, Minorities, and Persons with Disabilities in Science and Engineering
http://www.nsf.gov/sbe/srs/women/start.htm

## Listings of names and short biographical sketches:

Distinguished Women of Past and Present, Computer Science and Artificial Intelligence
http://www.DistinguishedWomen.com/subject/computer.html

Denise Gurer, "Pioneering Women in Computer Science." *Communications of the ACM* v.38, no.1, pp. 45-54.

African-Americans in technology, computer science, engineering
http://afroamculture.about.com/culture/afroamculture/cs/blacksinscience/

The Faces of Science: African Americans in the Sciences (section on computer scientists)
http://www.princeton.edu/~mcbrown/display/faces.html

## Personal testimonials of participants in computing history:

W. Barkley Fritz, "The Women of ENIAC." *IEEE Annals of the History of Computing*, v.18, no.3, pp. 13-28.

Interview with Bob Abbott, part of history of computing at Livermore Laboratory
http://www.nersc.gov/~deboni/Computer.history/Abbott.html

## Portal for underrepresented groups in computing, many links to current resources and some historical materials:

The Ada Project
http://tap.mills.edu/

Computer Scientists of the Africa Diaspora
http://www.math.buffalo.edu/mad/computer-science/cs-peeps.html

## Articles with references to other studies of gender, race and technology:

Mike Mahoney, "Boy's toys and women's work: feminism engages software."
http://www.princeton.edu/~mike/boystext.htm

*Signs* vol. 16 no. 1, Special issue on gender and computing

Jennifer Light, "When computers were women." *Technology and Culture* v. 40, no.3, pp. 455-483.

Anthony Walton, "Technology versus African Americans."
http://www.theatlantic.com/issues/99jan/aftech.htm

RaceSci: History of Race in Science
http://racescience.mit.edu/racesci/
