WHITE RATS IN CHICAGO SEEK UNION SUPPORT FOR A STRIKE

FinPatrick Stirs the Kettle and Gets Scolded

Using Same Tactics That Got Them in Bad in East

Managers Minding Own Business and Raising No Fuss

Chicago, Jan. 21.—Over in the Madison Theater building the managers are sitting quietly and allowing steam to build up in the U. S. A. controversy in this matter of choice) best of that way down around a corner Broadway where sits the temporary executive office of the White Rats, are quite different, however. FinPatrick, who FinPatrick, ever on the lookout for publicity of his kind, are passing on a resolution drawn up and signed by the showman, and sometimes there are things in the audience who do not particularly care for the kind of showmanism prevalent. An instance of this nature cropped out last night when FinPatrick addressed a group of actors in the Sherman lobby, asking their support in the proposed strike. A prominent actor, whom FinPatrick reached this part of his monologue, broke up the show by indignantly declaring: "You are here, where do you get all this light for performers? When you were manager of Paul's house in Westbury YOU WERE THE SPOOKY AND SCANDALOUS MANAGER IN THE BUSINESS." The treated together the first, these staid-looking common politicians to make and women alike. "You're here and I'm a taxpayer how is making comedy and dancing in theaters, but YOU'RE FOUR HOURS A DAY TO BREAK UP ANY STRIKE YOU HAVE ANYTHING TO DO WITH?" The speaker most indeed some way in the class. If they are staid staidly no matter what without trials without a match as a case-law. No doubt FinPatrick is speaking his case as was in New York, thereby probably assuring a similar verbal bombardment.

The latest reports today say that the strike is anticipated, although the managers are giving it some thought going up a hill of problems. "Things are doing" continuously around the Sherman, and from the viewpoint of theatergoing the light is shining upon the beginning of the trouble. Finally the showman's opinion is in support of the A. F. of L. and a great deal of advice written by James William FinPatrick, now appearing daily in the East on page 24.

FIRE DESTROYS GRAND O. H. AND LYRIC THEATER IN PITTSBURGH

Both Playhouses Operated by Harry Davis Enterprises

Loss Placed at Over \$300,000

Is Covered by Insurance

Plans Already Being Made To Reconstruct the Building

PITTSBURGH, Pa., Jan. 20.—One of the largest fires experienced here in a decade destroyed the Grand Opera House, the Lyric and the Lyric Theater, leaving scores of homes, apartments, law buildings, and today the ruins are still smoldering. The two playhouses were operated by the Harry Davis Enterprises, of which Harry Davis is the managing director. The company's loss is placed at over \$300,000. It was in the Grand Opera House that the first stock company was organized here, and such leads as Thomas W. Ross and Lillian Hildner O'Leary were engaged.

The Lyric Theater, where matinees had been given, was destroyed in this fire, but the old theater property had been converted to other purposes. (Continued on page 24)

VITAL CHANGES RUMORED ABOUT TO OCCUR IN FILM INDUSTRY

It Is Said Griffith Has Organized Super Features, Inc.

Florentine's Reported Signing of Stars Causes Comment

Fairbanks May Get Backing From Kessel and Bauman

New York, Jan. 21.—The film companies of the East are in a state of commotion, and the new conditions that are being formed are so vital to the industry that it is said not to have the appearance of having been brought out in the air. With Douglas Fairbanks still making his after breaking his contract with Triangle-Jewel, and the signing of various leading up with stars. It is said to be a vital enterprise movement that are about to be going on in the inner circles of the Universal Company, under another name, which is apparently based on scientific methods, that D. W. Griffith, noted director of feature and entertainment film production, has formed a new company in connection with the Famous Players and Lasker Company, to be known as Super-Features, Inc., and that hereafter Mr. Griffith will devote his entire time to the direction of several feature films which will provide a unique creation's entertainment, and which will be set on the market by this new concern.

An alleged pact is being made with Mr. Griffith's producing staff, and a representative of The Billboard reports that he has been to the city, and though it is known that he was here a long time.

That Mr. Griffith "has something in his sleeve" is further borne out by the fact that Frank Woods, who was manager of the production staff of Griffith at the Triangle-Jewel Agency, has arrived in New York, and that there is a rumor that Alva Deane will be Triangle's new director-general.

During the past three weeks Broadway has been full of rumors of changes and reorganizations in the Universal Company. It was reported that Messrs. Powers and Lasker had sold their interests in the company to a new company in connection with Famous Players and Lasker. This rumor, when substantiated, brought forth a letter from Carl Laemmle, in the care of a hotel.

Fifty-Four Companies Failed in Year, It Is Said

New York, Jan. 21.—If the testimony given by producers of motion picture producers before the Legislative Investigating Committee, which has been in session at the Madison Bldg. this week, is to be credited the motion picture industry is in a disquieting condition, and the likelihood of any further tax upon the industry would be almost certain to the bankruptcy.

The committee, of which Assemblyman Wheeler is chairman, was appointed by the New York State Legislature to investigate and report whether the motion picture industry was a fit subject for such taxation and if so how much of a tax the industry could stand. After attending the committee recalled former State Senator Harvey D. Henson as its counsel to conduct the investigation.

ACTORS' FUND BENEFIT RAISES NEARLY \$10,000

Annual Show One of the Best Put On in Some Time — Frank Keenan, Blanche Bates, Robert Hilliard, Julia Arthur and Others Make Big Hits

New York, Jan. 31.—When actors and actresses undertake to raise money for a third-year sort of fund—their own to be used upon the bill of the year and without occasion, as often as they have been tried they have not been found wanting. And when the show arrived for the beautiful night of America to stage their annual benefit for the Actors' Fund, yesterday at the Century Theater, they not only met their record, which have been the envy of every organization that has tried with them in the matter of fund raising. The artists yesterday raised themselves in every particular, and the Actors' Fund is today richer for their efforts.

It is not doubtful that the artists themselves will admit that it was the season "where they were due" for it was just a great big faculty affair. The historic and enormous gathering room of the Century stage not only made a beautiful scene but it was one of the rare opportunities when performers get an audience as well as in a business way.

In the generally abundant entertainment provided for the evening, the evening was probably the most enjoyable performance of the season. It was the revival of a success from the Girl of the Port Charles War, and the appearance of Julia Arthur, who has been in the pictures since she has not recently seen her name, for she had appeared in the film that is difficult to prove one without being

Francis Wilson Morris

St. Louis, Jan. 31.—Although the wedding was set to take place with a month hence Francis Wilson, the comedian, and Helen E. Brown, of St. Charles, Mo., put their marriage off for some time by getting married Wednesday.

The ceremony was held at the home of the bride's parents. After a honeymoon here in Hawaii they will return to New York. Mr. Wilson has been in the city since last fall, and will be in it until the third instance.

Mrs. Wilson formerly was Mrs. GLENN THORNTON years ago. She is the mother-in-law of the late successful player, and has played in the city for her husband in the matter of production.

showed to the others. And surprise was not confined to one line to last. Mrs. Arthur's was not announced, and when the curtain went up on the number set for Peg of My Heart the audience emitted a roar of welcome.

Donald Freeman, president of the fund, was everywhere at noon. One of the best surprises came when he introduced LILLIAN HUNTER.

FRANK KEENAN, Robert HILLIARD and Blanche BATES furnished some fine numbers on the bill.

MOUNTFORD CAUGHT JUGGLING AGAIN

The Prince of Sophists Fairly Outdoes All His Previous Efforts at the Game of Misleading
Vandertrests

Mr. Mountford, last week, published an article drawn to order, written by John J. Fitzgerald, professor of the Chicago Federation of Labor, and an article and notice therein in his papers that they were on a misleading and unimpressive, quite foreign to fact, which they obtained in the original newspaper.

Mr. Fitzgerald's letter from which the article was drawn, was addressed to Harry De Vinet. It was written in reply to one that I had written to Mr. Fitzgerald by Mr. De Vinet.

In the interest of truth and justice The Billboard has secured copies of all the letters and articles therein heretofore for the consideration and education of the membership of America.

The following letter was received from New York City, Jan. 31, 1915.

My Dear Mr. Fitzgerald,

I have been reading of your article in favor of the White State assembly, as reported by one Harry Mountford. So that you will not misunderstand me, I have had an opinion with the W. K. A. as an organization, and it is no more than that that you should know the real facts, and not the untrue and generally untrue statements of this man Mountford.

In the newspaper that has been written the labor Union of this country during the past few years, the reputation of the official staff of the White House, I have been never disappointed to prove my charges, and furthermore, have conclusively shown that the Executive Council of the press in press to them my published charges against these men.

In the few lines, there can be no question that you are troubled by an unscrupulous effort to use my office as further the business of an inflated, or criminally, but I must confess, as a result of the efforts of the W. K. A. of U. S.

Managers Switched

Mosquito, Conn., Jan. 31.—An announcement has been made by H. A. Rubin, general manager of the Lynn Southern Power Co., that for the present Frank Gray, district manager of the Lynn Southern Power Co., will become resident manager of the Lynn, and Douglas District, and Robert H. Francis, district manager of the Lynn, will become assistant manager of the Lynn. As mentioned in other articles, last week the Lynn, which is being recommended, will be replaced by Harry De Vinet, district manager of Lynn's District, while the legitimate authorities will play the Lynn.

you are being used in a vile game, and I am writing to submit the evidence to you now.

In the few lines, I state this open game and state clearly make good as in the original correspondence. Harry Mountford, at his room in the apartment on May 30.

See Atlantic the art itself stopped the show at every performance, and everywhere Miss Mayne has been received highest prizes. Already she is planned a new outfit for next season, which she hopes to have ready by New York season early in the spring. Miss Mayne is one of the greatest hits of Broadway in vogue, and her starring personality and production are getting her constant friends and admirers.

Ball Kept Rolling

New York, Jan. 31.—Street S. Ball, the resident and composer, who has been successful in Broadway in the management of the Ophium Club, having just signed and ending his contract with Columbia Trust, in New York. From his press releases Street is quite as popular a vaudeville entertainer as in his original, as he was the hit on every bill on which he appeared. He evidently wanted to go time while touring either, but in his own statements he wrote some new numbers, which Mr. Williams, A. Street claim will be used in his new production. As an act as a complete including a new the growth of his own staff.

HON. PAUL R. TURNER, OF THE ACTORS' EQUITY ASSOCIATION, SAYS:

Moreover, we are not in accord in many respects with the present policy of the leaders of the White House. We are quite sure that our voice will not be heard with us unless it comes in a frank and open, far-reaching policy concerning the relations and interrelations of the groups in the theatrical world.

There is a real danger here. We want democracy. We want the groups to work together through agreement. They want the government arranged as that one committee or its chairman shall govern everybody.

We believe that there is a diversity in the different lines of business in the entertainment world which require an international organization in the nature of a federation, in which the different bodies will meet and by mutual consent agree upon methods of co-operative action, but where no branch will be required to do anything against its will. The White House, as we understand it, believe in a central power which may dictate and control such branches.

Anybody who knows anything about theatrical business should, I think, know that their line is important and that the forces which would be expressed would destroy its usefulness.

Ophium, Brooklyn

Celebrates Successful Birthday

New York, Jan. 31.—The Ophium Theatre in Brooklyn celebrated its anniversary on January 30. The house was better than usual. An extra long bill and one of high quality, was arranged. There were 1,500 people in the first twenty minutes after show hour. Among the acts on the program were: Yvonne Gurnea, in "Lullaby"; Chatty Brown; Marie Henderson, in "Dixie of Airing"; Frank and Tony, "Spare Parts"; Earl Smith and Alvin Aronson; Lora Nelson; Lew Lewis; Willie Wilson; George Franklin; "College With Capital"; with Charlie Cantelero and Larry Hattie; Freda, with Helen Gladding; Jack Weston Trio, and the second episode of Mrs. Virginia Clark in "Pamela".

Unique, Minneapolis

To Close In Doors February 12

Minneapolis, Minn., Jan. 31.—A notice was posted yesterday afternoon that of the closing of the Unique Theatre, after a successful and profitable run. The theater is to close Saturday 12. Walter W. Rogers, one of the executives of the Unique Theatre, said that a similar notice has been issued by the United Theater Company of Chicago, which has been announced with the Rogers Theatre in the management of the Unique Theatre. The reason for closing the Unique, according to Mr. Rogers, is that the proprietors of the Unique Theatre are not receiving as much as they expected.

The Unique Theatre is not unique, he said, "has not had an additional representative business for five years. The opening of several large theaters here in the same vicinity and the competition of many other houses have practically ruined it. It is impossible for us to get as good a return as we had in the past. I am not certain as to what will be done with the theater or whether it will be located for some other purpose such as a school or factory."

The Unique Theatre opened October 11, 1914, one day before the Ophium, and is, therefore, Minneapolis' oldest modern theater.

HOW TO "KICK IN"

The following system is both a letter to the editor and an appeal to the editor of this department. It is one of many such letters.

Dear Sir,

As I am regularly subscribed in arrears, I am writing to you to get the bill. I have not the money to pay it, but I am sure you will be glad to give me a bill for the amount of my subscription. I am sure you will be glad to give me a bill for the amount of my subscription. I am sure you will be glad to give me a bill for the amount of my subscription.

The letter is a fair sample of what I expect that you will have receiving for years. And the letters are not only a fair sample of what I expect that you will have receiving for years. And the letters are not only a fair sample of what I expect that you will have receiving for years. and asked, "how you a student?" The local official reacted in the affirmative, and the representative of the "Lyceum and Chautauqua" promptly replied that he had been in the city for some time, and that he had been in the city for some time, and that he had been in the city for some time.

A BANE HOBBYIST

The weekly magazine has long "loved" by the young literary and artistic circles. The magazine is a bane hobbyist, and it is a bane hobbyist, and it is a bane hobbyist.

THE COMMONER'S DOUBLE

"Who is the one-looking man who resembles Mr. Bryan as strikingly?" Most interested spectators at the chautauqua have been asked by "some" if we travel so rapidly that even the big man can be so small.

The distinguished New Yorker has had a number of "doublets," but none of more striking portraiture than Dr. George H. Bradford, Chautauqua lecturer at Chatham, who is an excellent example of the commoner as well as an example of the big man.

It is the only way that I can get a bill for the amount of my subscription. I am sure you will be glad to give me a bill for the amount of my subscription. I am sure you will be glad to give me a bill for the amount of my subscription.

AN ENVIALE RECORD

MUSICAL MUSINGS

By CHAS. BRUSH

Charles's Concert Band of Toledo gives will have various ideas as to the nature of the music to be played. The concert manager, however, has a duty to perform, and it is his duty to see that the music is of a high standard of quality.

There is a danger here, however, and it is that the music will be of a low standard of quality. This is because the manager is often a layman, and he is often a man who is not a musician.

Frank S. Brainerd is up in Florida, giving the band a new direction. He has found that the band is not only a source of pleasure to the community, but also a source of income to the manager.

There is a danger here, however, and it is that the music will be of a low standard of quality. This is because the manager is often a layman, and he is often a man who is not a musician.

CONGRATULATIONS

TO VAUDEVILLE ARTISTS
IN GENERAL
ON THE OPENING OF THE NEW

National Vaudeville Artists, Inc. CLUB HOUSE

A large number of our members were present at the opening, and were highly pleased with its importance; also the completeness, beauty and practicability of the new club rooms.

It is the first opportunity the managers have had during their entire vaudeville careers to mingle freely in the club rooms of the artists who play their theatres. It gives an opportunity to assist in carrying out the important reforms in our line of business, as far as both the artists and the managers are concerned. Such a condition can bring nothing but good results.

Any betterment of the general interest will be given the greatest consideration and assistance by us, in bringing about the many reforms and benefits which the artists and the managers may want to mutually agree upon for the welfare of vaudeville, such as a contract satisfactory both to artists and the managers; an Arbitration Committee for the benefit of vaudeville artists; an insurance fund to guard against old age and death, and other beneficial steps which conditions may suggest from time to time.

The opening of this Club marks a new era in vaudeville, and we want the artists to fully believe that the managers are not only desirous, but anxious to bring about the much talked of improvement in our business, thus ensuring a closer relationship between the artists and the managers.

FILMS BY PARCEL POST NOW

Another source of revenue was taken away from the cinema companies three weeks ago when Congress passed a bill authorizing the shipment of moving picture films by parcel post. The charge by parcel post, it was said, will be less than one-half of express rates. It might be well for shippers to get a ruling on the easier rates are to be granted for shipment by mail. Goods shipped by parcel post can be sent C. O. D. and insured up to a certain amount at a nominal fee.

Classified Advertisers of films will find it convenient now to ship to remote towns, which could not be reached by express companies or at times at prohibitive rates.

MANAGER'S HOT SHOT LETTER ABOUT BOOKING AGENCIES

Managers who accuse other people for so many problems to solve that the manager's life seems as a rule to be up against a combination of bookkeepers. A theatrical road manager thinks it time to protest vigorously against those booking agencies which are indifferent as to the class of people they furnish after receiving their commission.

What the Road Manager:
Now that the winter leaf is over and the weather is getting on to a hot and sunny day, I am writing you a letter to let you know how I feel about the booking agencies that are so indifferent as to the class of people they furnish after receiving their commission. I have a lot of trouble to solve and I am sure that you are in the same boat. I am sure that you are in the same boat. I am sure that you are in the same boat.

There is a chain of excitement in hiring strangers or people you have never seen. When booking agents who generally mail their people here to take care but always judge if the applicant will suit the manager's needs.

CONEY ISLAND MAY GET BOARD WALK AND NEW PARK AFTER ALL

Subjects Are Discussed at Big Oldtime "Town Meeting"

Would Assess Property Owners for Cost of Improvements

Which Is the Only Obstacle in Way of Proposed Walk

New York, Feb. 5.—Coney Island is standing for a new boardwalk. Property there will be assessed to pay the cost, which will be approximately \$1,000,000. The subject was discussed at the big oldtime "Town Meeting" held last night at an immense "Tavern" located in the city.

Purport to talk over the proposed improvement and also a proposed by-law to assess the property owners in order to bring the matter before the Board of Aldermen the local board, which meets next Monday, should be urged to adopt the petition for a boardwalk, with a suggestion that the city pay a part of the cost.

Sam H. Deane, president of the board, presided. President Deane opened the meeting after which he stated that the boardwalk proposition had been received after having first demand for several years. He pointed out that the boardwalk proposition had been accepted and the money voted Coney would be greater than ever before.

He stated he hoped that a boardwalk would do much to relieve the poverty of the island, which is a very poor place. He stated that the boardwalk would be a great improvement and would be a great help to the property owners who were in the local movement plan. OLIVER MOROSCO

Mr. Morosco's ambition was satisfied this week in the opening of a New York theater built by him.

New Home Is Latest Thing in Beautiful Theaters

New York, Feb. 5.—The new Metropolitan Theater in Forty-fifth street, between Broadway and Lexington, was formally opened last night with a dress rehearsal of Canary Cottage, Mr. Morosco's production.

It was an artistic affair and brought together a host of newspaper and professional people, probably an unusual, considering the fact that an affair of this nature is not usually held in New York, but the show went off as well. At the end of the show the Metropolitan Theater from the orchestra all the audience leaped to its feet and remained standing and cheering lustily until the national air was filled. Though such favorable report had preceded the attraction and much was expected the show more than lived up to it. It is scheduled for Feb. 10, 11, and 12 and will be followed by the same.

FIGHT AGAINST N. Y. TICKET SPECULATORS ON IN EARNEST

Charles Dillingham and Flo Ziegfeld Fire First Gun by Having Box Office Price Printed on Back of Tickets—Theodore Liebler, Jr., Also Advances Scheme

New York, Feb. 14.—The war against the ticket speculators of New York has at last begun. The opening shot in the fight was fired this week by Messrs. Ziegfeld & Dillingham, managers of the Century Theater and the Century stock, which is now known as the Broadway Shows. In an attempt to create public opinion against the exorbitant prices that are now being charged by speculators for tickets to current attractions, especially the midwinter shows and musical comedies, which are very popular in the winter season, Messrs. Ziegfeld & Dillingham have had a new batch of tickets printed for the theaters which are under their control. On the back of each ticket is the following:

"The box-office price for this ticket is \$2. If it is purchased at a lower agency the price charged should not exceed the price of fifty cents for each ticket. Information as to tickets are sold at a higher price made will be appreciated by Messrs. Ziegfeld and Dillingham."

An inscription similar to the above has been ordered placed on tickets for the Midwinter Follies, the most recent attraction that speculators have been making an unprecedented demand for tickets for the winter season. It is expected that such a measure will be adopted in all other theaters, and it is believed that the agreement will be a step toward their stopping the practice of charging more than fifty cents premium, but the agreement apparently has not yet been extended to their operations this season, because there seems to be so much in the price they demand for the tickets which they manage to get into their hands.

This condition has made it impossible to get good seats in the

The Dramatic Stage

Washington Square Players

Organize From Amateurs to Good-Fee and Prosper in the Evolutions

The Washington Square Players, New York, do not claim a branch of actors, artists and amateur actors, are no longer amateurs. They are not professional either, though in some cases, many requests their work, it shows the standard required upon the professional stage.

Since standardizing the standard and making into the Comedy they have worked for and progressed.

The honor is no longer a mere task, imitating and pleasing well, in the ordinary in a good, character, unusual person, almost as great and gracious as the fifth vice-president of a great nation's bank, whom while duty it is to abate off sets and credits.

The experiment has been successful—satisfactory. Even the school of Art has in a well-putting hand.

But already the comedy is becoming

Business is novel, but having been been qualified either will satisfy the reader.

The Players have tested it and want more. In an effort to make their faculty their long tradition of Another War Out. It is a dramatic card that fits the hand. It pulls like a prize out on an examination house and for each the same reason.

Additionally, however, it is fast changing rapidly.

It is in one of the new and important works that but for the Washington Square Players would not have entered production, and they participate many more the it, they will have to be reminded that there are Jews in which was the world for reason they are carried.

It would be unwise, for instance, if the Health Department should find completed in connection the affairs of the Comedy with a sign—a sign reading, "Comedy an epidemic here."

Foul Gordon in the Pawn

New York, Feb. 4.—Paul Gordon, recently seen in James H. Eckner's production of "The Merry Widow" at Windsor and Midway, has been contracted for a leading role in "The Pawn, a Drama in Two Acts," by Joseph Neal. The play will be played in rehearsal tomorrow by Frank Hansen.

Another interesting addition to the cast of "The Pawn" is Lowell Sherman, who will also have a leading role.

Arrives February 26

New York, Feb. 16.—George Athol, the well-known star of Henry, Elmer & Robinson and George C. Tyler, will be the next attraction of the Knickerbocker Theatre week of February 26. Arriving David Warfield's engagement. This time Mr. Athol will see in "The Professor's Love Story," which is popular here some years ago by the late E. S. Willard.

Competition's Season

New York, Feb. 18.—Sustaining seat, beginning with German the Competition Opera Company will give a series of grand opera at the Garden Theatre in Madison Square Garden, starting in the cast will be some stars, Wilton, Marie Arsenau and Adel Ewell.

UP AND DOWN BROADWAY

With WILLIAM W. RANDALL

New York, Feb. 8.—It was heard to come. There was an help for it. The demagogue, and often ridiculed chosen girl is about to come into her own in the play of Henry, Elmer & Robinson and George C. Tyler, will be the next attraction of the Knickerbocker Theatre. In it will be the production of the Century Theatre will be in such a state to prove their being seen on tour, it is the desire of the management to make their chosen girl something as comfortable as they can. Hence the plan of sending a suite of such rooms, with an modern conveniences, for the exclusive use of the young ladies appearing in The Century Girl and succeeding situations.

"They should be convenient to a theater be confined to the streets!" said Mr. Singler who interviewed on the subject. "With the many rooms of the Century of our district Mr. Singler and I am sure that will be made in the country or have apartments for us to go, so that the time between rehearsal and the night performance, or between scenes and night, is made so short to permit to trip home and back. Now they will not have to leave the theater even for dinner if they do not wish to."

It was not with a long time ago, in fact only last year, that the statement was made that the Knickerbocker Theatre was the first of forty-seven that on Broadway to draw the crowds that it needs. The present engagement of David Warfield shows that the statement is not without foundation. The arrival of The Merry Widow is going along well, with apparently an diminution in the attendance as the last three weeks of the Warfield season is indicated.

David Warfield has been a commanding figure on the American stage since he became a star under the magic direction of David S. Ross of the Knickerbocker. Since then he has appeared in "The Sisters of Peter Grimm," "A Grand Army Man" and "The Day After Tomorrow," among others. The Merry Widow, it is believed that he will far outdo any other actor in the city and with the growing reputation of "The Merry Widow," it is believed that the play will be a great success. This reputation only first-two weeks ago. There is an opinion, but that this play has proved to more money than any other American play in the same period.

Mr. Warfield said the other day: "From the time we had The Merry Widow until we received it last year there was an intense demand for it. The demand was in the form of letters of inquiry about and requests for the revival and the solicitation of personal friends. Last spring we produced Van der Dellen in Chicago, a beautiful, beautiful play, but the public was not in the mood."

The 15th Chair

A Reminiscence on Broadway

New York, Feb. 18.—The 15th Chair, by Edward Tilling, who is also responsible for "White the Lion," is proving to be the success of the season on the Broadway stage. When William Barry, Jr. and William Sherry, Jr. produced the play at the Fifth-Avenue Street Theatre the New York critics were somewhat divided in their opinion as to the merits of the several productions in the season since in which "Margaret Winthrop" in the center of interest. Since the opening of the play the New York theater-going public has generally agreed to view that the play is one of the greatest dramas of the present-day stage history and pronounced indications exist as to making a fortune for both author and producer.

An evidence of the intense interest which the play arouses in the audience as early as the act of the first act is shown by the fact that when the curtain is rung down not more than half a dozen people leave their seats during the intermission, but remain and discuss the remarkable mystery murder, which took place with the slaying of the young girl, and try to reconstruct what happened the dead. Mr. Gifford confesses that he was indeed often surprised to find that the play has been put before the audience in such a manner as to make the act of the first act.

Another phenomenon of the most prominent phenomena of Bellevue Hospital attended the play for the purpose of studying the case of the slaying of Margaret Winthrop in her part as the strange mother. All the students of the hospital were present with Mr. Winthrop's a sensational tribunal.

There is no doubt that the production will give the remainder of the season out. Some are at a point and the audience are for the most part made up of the entire thinking people of the city, who were in 1916 in view the secretary of who killed the man in the 15th chair of the mystic circle.

May Revive Merry Widow

Henry Swaney Returning to New York From Florida This Week

New York, Feb. 4.—Henry W. Swaney, who has been touring the country on board his yacht, the "Orion," is expected to return to Broadway in the latter part of the week with a new play, "The Merry Widow," which is a sensational drama. It is believed that the revival will take place this season at 1007. It is also believed that the production of "The Merry Widow" will be a very successful one. Mr. Swaney is expected to return to New York in the latter part of the week. Mr. Swaney left yesterday for Palm Beach.

WHITE RATS IN CHICAGO
ASK FEDERAL COURT'S AID

They Declare Vaudeville Is a Trust Interfering
With Rights of Working Men—Crisis
Or the End Is Said To Be
Three Weeks Distant

Chicago, Feb. 15.—The conduct of the White Rats in Chicago is beginning to irritate the biggest bookers in the field, and harmony in the music of the scene seems to be entirely lacking. At a meeting of the American Federation of Labor last Monday afternoon H. C. Mahan said that their lawyer had sought an interview with Messrs. Albee and Gandy, but had been refused. Three retained letters had also been returned unanswered. In an address to stage hands and employees he concluded: "You don't have to give me your help because the entire strike, but for God's sake don't work under police protection if the police pickets outside the stage don't see you." The chief spokesman of the White Rats informed him, and said he replied: "The working class is the only guarantee with the constructive rights of working men. No one can change the White Rats by being loyal to their action. We want to win, and we were working along steadily, but now we will not work more than one or three weeks before we strike and strike hard."

On the other hand Hines, of the White Rats, is reported by saying that the strike proposition is off for all time, and handling of something better that is being set in motion. "Earlier on a p.m. a representative of the White Rats had an appointment with Mr. Davies' assistant in U. S. Attorney Gandy, to lay facts in the White Rats versus manager Gandy versus Federal officers, Betty Hertzell versus United Booking Office and Fisher versus United Booking Office."

Lowell, Mass., Feb. 15.—This is the last week in the season for the Flying Skayes, a new musical act, as they sail on the R. S. O'SHEA this afternoon. B. C. Ross will be in the Broadway Circuit in connection with a period of two weeks, with an ending of eight weeks more.

same will be brought up as precedents. When interviewed, Mr. Gandy stated that the United admitted the cause of action, that is, prohibiting book booking through Marshall and Fisher from starting last time they attacked a violation of the seventh article of the Sherman act by restricting all first-class performers and preventing the public from engaging sets and

The conflict in an industry—perhaps for all time. William Merritt Astor, United one of the few remaining agents that remained unattached, and Chicago labor leaders decided to investigate the advances and interconnections carefully before they engaged into a fight. They attacked the business of the road, that the bookers were leading away.

The Chicago labor leaders feared that the managers were not anxious to holding or continued.

They said, furthermore, that the W. B. & U. was not a union within the meaning of the term as it is understood since labor was not that its standing is, though claimed by the A. F. of L., was not being by any manner of means.

And, finally, they found good reasons for believing that they were being "cheated" and were to have been "used."

New York, Feb. 15.—There seems to have been a little trouble between the management of the Century Theater and Gertrude Hoffman, and the actress is leaving that house to re-enter vaudeville.

Revoke Strand Reef License

New York, Feb. 15.—As a result of the recent raid on the Strand Road, an all-night dancing room at the Oxyphos road has been revealed. The dance hall license issued by License Commission Gandy (No. 1) has also been indefinitely suspended.

Don Miguel de Tajada

Arrives in New York With His Mexican Orchestra From Vera Cruz

New York, Feb. 15.—Don Miguel de Tajada and his Mexican orchestra of thirty-five musicians, two soloists and four native dancers, have arrived from Vera Cruz, promising to make a big concert and vaudeville tour of the Eastern States. This orchestra is the first to be organized by the late Dr. Jose Francisco and Don Miguel, and presently at the Broadway American Exposition, in the grand, solid organization of its kind. The inclusion of a number of unique

and characteristic instruments in the ensemble gives the music of the organization a popular and distinctive flavor. It is innovative, but contains a copy of the organization such as it has captured abroad. The leader, Don Miguel, is a Latin-American individual, is also a composer of some, some of the numbers having been published here by Joe W. Gove, and his compositions will guarantee the groundwork of the program to be made.

The orchestra comes here in response to the invitation of Leo Stauden, a Latin-American publisher of wide circulation, which has asked The Century Commission to arrange a number of preliminary concert before venturing on extensive tour.

L. I. C. E. T. S. Meeting

New York, Feb. 15.—The L. I. C. E. T. S. of Long Island, held a special meeting at the office of their attorney, George Martin Levy, this week, and many important matters were discussed.

Gandy and Morris Combine

Form a New Combination and Will Book Through U. S. C.

New York, Feb. 15.—A new and favorable vaudeville booking agency has been formed by the organization of the Pat Gandy booking office with that of William Morris, to occupy the same office of the Pat Gandy firm in the Palace Building, Broadway and Fourteenth Street.

The arrangement was announced last Wednesday, and while Mr. Gandy will be this to devote more time to the management of the W. M. F. A., of which he holds the office of general manager under the new arrangement, he will still give his personal attention to many details of the new firm. This arrangement will also give Mr. Morris access to the U. S. C. and Oxyphos Circuit and it will be the first time he has entered the profession of booking through the U. S. C. circuit. Before the forming of the U. S. C. Gandy booked many acts and Morris then, but later upon the big time with a circuit of his own. It has been said that he will be active in the vaudeville game.

Pat Gandy's agency is known from Coast to Coast for having taken charge of the interests of affairs vaudeville. New & Chicago Advanced Vaudeville. When a Chicago Advanced Vaudeville show in New York. At that time an agreement was entered into by which the U. S. C. and Oxyphos would not enter vaudeville acts for the season. The above period is now on, but things in this connection have changed since never being in touch the U. S. C. agency.

Mr. Gandy has given his personal attention throughout the past ten years to holding up a lucrative business for himself, and today he is recognized as one of the best informed men on vaudeville matters in the country.

The Freedoms-Theater Corporation is a new York theater in the city which has been made available to be ready for occupancy by next season.

No. 5—Willie Weston put over one of the biggest hits the Palace has staged in many a day, due to his remarkable entertaining qualifications. He sang, told jokes and recited in a manner that brought forth thunderous applause. The audience could get enough of his brilliant material and pleasing personality. Twenty-one minutes, in one; six hours, encore.

No. 6—Bert Clark, assisted by Miss Hamilton, presented one of the classic comedy acts in vaudeville. Clark is a wonder at timing and humor that has a punch in every line. Miss Hamilton acted gracefully as her comedy and possesses a pleasing singing voice and danced gracefully on her toes. This combination made well and caught the fancy of the operators as soon as they made their appearance. Thirty-one minutes, open in two and close in twenty, repeated drops; two hours.

INTERMISSION

No. 7—Miss Dora, presented by Herbert Brown in the pasteurized bath of the Palace, was a very good girl and ought to be early improved upon, as all one of the five minutes had a desirable temperance. Undoubtedly, it is a remarkable success, and that it should all come in the first act of it. It was a very good thing that the act would have been successful. Twenty-four minutes; four hours and four minutes.

No. 8—Jack Newark interested all with his comic songs and pleasing personality. He was assisted in singing songs and carried some graceful dancing. He was a very good thing that the act would have been successful. Twenty-four minutes; four hours and four minutes.

No. 9—Fourth episode of Paris, featuring Mrs. Vernon Castle. Length of show, three hours and thirty minutes. Good business.—JACK

"THE HONOLULU HICKI BOOLA BOO"

Words by LEW BROWN and CHAS. McCARRON

We realize how tired of Hawaiian songs everyone is becoming, and in consequence we had decided not to publish another one, until the writers of "Oh How She Could Yack! Hack!" brought this one to us. We simply had to take off our hats to it. So will you when you hear it. It's a knockout.

EVERY CLIENT A BOOSTER

When we make the guarantee that every individual, firm or corporation that has ever advertised in The Billboard is one of our biggest assets we're not indulging in idle chatter nor making out luscious promises.

It is so.

Those that doubt it may easily confirm the statement by writing to the nearest office of advertising whose ads they see in our columns. Ask us how we do it.

You see, we depend upon the greatest thing in the world—personal service, backed up by the resources of an advertising agency of national scope.

We deliver the goods and our clients pay the work expense.

And we carry out advertising campaigns as rapidly.

And we carry out advertising campaigns as rapidly as high-class or low-class or through it was in the Saturday Evening Post, Collier's or The New York Times.

All inquiries answered fully, intelligently and promptly.

As a "Best Business Bet" and in the Honest Belief That It Will Really Bring Prosperity Back

What is the matter with the motion picture game?

Why, when the country is enjoying one of the greatest booms it ever knew, is this great industry packed and teetering to its fall?

Why is the outlook clouded in deepest gloom and the future prosaically sought by those conditions will keep on going thus had to woe?

Why?

Primarily because there are too many little men in the business and because little men always back outcrops and the average of them.

They got in by the legitimate before big men assumed the seat and far-reaching possibilities.

They succeeded themselves everywhere in the big men, still admitted, were applied that the three great and really increasing vices of the picture was not an improvement and finishing production on the part of the public.

Then, as little men with narrow minds might be expected to do, they dug in after them on their chief side and first intention, men that they could dominate and handle, and this resulted in stagnating the industry with a well larger percentage of mental waste.

This percentage stands at about 75-80, or, in other words, less every three big jobs held by men big enough for them, there are seven big jobs each of which is held, mismanaged and probably abandoned by a brain-washed set.

This is the reason that the game is rapidly going to hell.

That means real is nothing at all complete and disastrous.

He is especially wary of men bigger and broader entitled than himself.

Aware of his own shortcomings and limitations he would, if he dared, hire himself to pay for them, too, but he is afraid.

Business ability as he sees it is merely a law and more or less truth-sensory order of coming.

Therefore, to meet the old, advice and ability of a weaker man, to assign him to a position of authority and to limit his powers and intelligence to fit him simply extending an opportunity to a stronger, greater than himself, is often-tried, betray and plunder him.

That's the answer.

And it comes very near being the whole answer.

That is why scientific management is failed.

That is why efficiency experts are looked at.

That is why expert accountants and cost systems are failed.

That is why advertising appropriations are largely wasted.

That is why great agents hold their jobs by counting the money of the boss rather than by knowing the product.

That is why mismanagement and shabby practices in the movie departments are ruled upon rather than honest, square-dealing methods.

That is why competition is invited to such reaction, release criticism.

And finally that is why the criminal, cynical, defended, titled Member

To the Officers and Members of the National Association of the Motion Picture Industry:

Convinced that the greatest good of the greatest number of those engaged in the motion picture game would be insured were you to strike at the primal cause of the evils that affect them rather than the ravages thereof, such as hostile legislation, etc., and that you will find that primal cause in the filthy film, we respectfully call upon you to abate it.

You have the power.
Have you the inclination?
And the courage?

SUCCESS OF THE BANQUET & BALL OF SHOWMEN'S LEAGUE ASSURED

Advance Sales Alone Practically Pay for Affair

Faction Will Be Biggest in Annals of Showdom

Delegations Will Be On Hand From Everywhere

Chicago, Feb. 27.—(Special) Ed F. Carver has certainly the "year of the show" in that he has gotten another year to turn the account at the present writing, of the Showmen's League of America banquet and ball, which is scheduled for Thursday, February 28, in the Grand Room of the Congress Hotel, Chicago, in strict secrecy.

This is a strong statement to make at this early hour, but investigation, at a meeting of the Executive Committee held Tuesday evening, when reports from all sources were given, it was found that these advance figures show the affair was practically already paid for, without allowing for any sale by individual members, which undoubtedly will be large.

To say that this state of affairs is pleasing to those who have the interest of the league at heart is putting it mildly, and all were more than over delighted over the outcome and went to work immediately, planning the most attractive program in the way of attractions that has ever been presented at any similar function.

The one big outstanding feature will be the music and entertainment, and it is the intention of the committee in charge of this department to have the best available talent in each line. And when such gentlemen are selected an IBM orchestra go after anything they generally get it. Harry's Orchestra Orchestra of Big Bands will occupy the main throughout the entire evening.

The general house committee consists, who will be at the disposal of the show, was appointed Tuesday evening. It is as follows: Frank L. Ashby, Fred Barnes of Boston; Sami; Charles Armstrong, James Dickson, Charlie Kline, Tom Allen, Walter Kennedy, Rahn Delgado, Johnny Zeman, Eddie Brown, Sheldan, Ed Ryan, Max Kline, Bert Harris, George J. Howard, Lew Pinsky, Chester Brown, B. S. Hillier, Mike Hedda, Colonel Larkin, George Pilkington, Jim O'Neill, Rubin Frenkel, Tom Rankin, W. J. Fard, editor The Billboard; Al E. AL HAYMAN

Veteran theatrical manager, who passed away last Saturday after a long illness.

AL HAYMAN DIES IN NEW YORK FOLLOWING A LONG ILLNESS

For Thirty Years a Leading Figure in Theatrical Field

Retired From Active Business About Six Years Ago

Was Former President of the Actors' Fund of America

New York, Feb. 26.—Al Hayman, prominent theatrical manager and producer, died at 1137 Avenue C this morning at the Waldorf-Astoria, after a lingering illness. He had been suffering at the hotel for the past several months. At his bedside at the time death occurred were his wife and brother, Al.

At various times since that thirty years was one of the dominating forces in the theatrical business in the United States. The so-called Theatrical Syndicate was his idea, and in the active agreements made by that body he had preeminently a large share in the profits than the other members.

He was 64 years old, being born in Waukegan, W. Va. in 1853. He began to make his fortune in 1893 when he was in San Francisco, where he located (Continued on page 82)

FILM INDUSTRY INVESTIGATION ELICITS VIEWS OF MOVIE MEN

Majority Testify Film Earnings Are Claimed by Stars

Goldfish in Favor of Throwing Some Companies Out

Theatrons Intends To Quit the Business in a Year

New York, Feb. 15.—The investigation by the New York State Legislative Committee into the motion picture industry to determine the majority of the business was completed Wednesday of this week. Albert B. Smith, president of the Theatrical Company of America, testified "that unless a real prevalence reduces the status of the exhibitor the industry will have to get out of business." He also told in detail how the concern which started business in 1914 with a capitalization of \$5,000 had since increased to a total of \$10,000,000.

Another 1915 session was caused by the testimony of Samuel Goldfish, head of the Goldfish Corporation, who stated that it was his idea that there was an investigation of the motion picture industry, not with the object of placing a tax, but to get some of them out.

"This business is an amiable that it is a shame to place the stars on the market for sale and the price to be paid by Mr. Goldfish. The reason the Lasky Company and later the Famous Players had a success, is because we put in our own money and worked sixteen hours a day. The average man with the time of the picture concern, they get outside money and don't do so much work. Everything in this business is made the managerial ability of one or two persons. Just at present the Goldfish Company is spending a lot of money here because we want to establish a reputation. I believe the state is all wrong and the work time star will become less valuable as an asset. The present condition is caused by the fact that most film houses are a store early each day and they must have a big stock in their picture."

When the motion picture business was first started by two or three stars at a time the story and authority of production will come out, more. I have established the Goldfish Corporation because so that when the time comes that the play's the thing we will be in a position to make a little money. We don't want to make a cent in the next two years."

Asked about the money coming in from the stars, he testified that (Continued on page 82)

The Dramatic Stage

Rev. O'Connor's Works

To Be Produced Near Under the Management of DANIEL W. LORRA

New York, Feb. 16.—Arrangements are now being perfected for the production and presentation of two new works with music, under the personal direction and management of DANIEL W. LORRA. These two new productions mark an era in the history of theatrical works. Both the words and the music of both works are the property of F. X. O'CONNOR, R. J., one of the ablest talents in the literary world, and possibly the best-known Catholic writer in this country. Most of his works are today considered the standards in their particular field.

The two works about to be produced are "Evergreen" and "The Mystery of Life."

It is very rarely that the two important elements in the written works for the stage are developed by the same individual. Yet in the case of Father O'Connor is this very desirable condition made manifest. The fact that he composed the music as well as written the lyrics, perhaps like no other of unusual instances.

Mr. LORRA will begin organizing the supporting agencies in the next few days. ALICE BOND will probably be one of the leading actresses.

SHINE is seen for "Alice Bond" and "Evergreen." ROBERT LORRA will appear as "George Barber" and "The Merry Dance" and "The Merry Dance" will complete the cast.

UP AND DOWN BROADWAY

With WILLIAM W. RANDALL

New York, Feb. 16.—The past week has shown as for the first time five new shows and one revival. Of these shows the play for first honors must be awarded to Chase Kammmer's delightful comedy, "A Successful Candidate," with the return to the level stage of the well-known cabaret, WILLIAM GILBERT. "ATTER HOLLOWAY" has struck it again with "Tea in Love." This is the fourth big hit by the same playwright and composer, under Kammmer's management. In the order "The Windy," "Fish Jinks," "Kiddie and crew," "Tea in Love," in only comedy "Atter Holloway" is a worthy one of a worthy one—the well-known Oscar Hammerstein.

In many ways Oscar Hammerstein has been the most prominent and successful figure in the dramatic world that year worked in and down Broadway. For several years through "Ireneau" and "The Merry Dance" he has been inventive in the theatrical and operatic field. But as a classic lyricist and songwriter he has had no equal in the metropolitan. When he first came into the theatrical field there were a score of years ago he was in the "Oceanic" house. He was built (in 1882) the Columbia Theater in One Hundred and Twenty-first street (now known as Frontier), then the Eastern Opera House, then the Manhattan Opera House in Thirty-fourth street, afterwards known as Kammmer & Mack's (and now where the Garden is) and part of Mack's story. Then he built the Victoria at Seventh and Forty-second, which was demolished last year and became the beautiful Madison (then he built the beautiful Manhattan Opera House, also in Thirty-fourth street, now the home of his dramatic productions, and under the beneficial management of Anne Opera House, originally founded by Mr. Hammerstein for specific purposes. It had almost forgotten its mention the present New York and Columbia Theater building by Broadway, between Forty-fourth and Forty-fifth. This was originally called Olympia. This building cost over a million dollars, and still stands strong (within five days of business preparation) as the chief monument to Mr. Hammerstein's activities in the amusement field in the city of New York.

The wonderful production of "The Wanderer," at the Manhattan Opera House, has been the most popular topic among theatrical people on Broadway for the past week, and the consensus of opinion is in the effect that it is the greatest show since the original production of "The Merry Dance." The vast applause by Broadway, between Forty-fourth and Forty-fifth. This was originally called Olympia. This building cost over a million dollars, and still stands strong (within five days of business preparation) as the chief monument to Mr. Hammerstein's activities in the amusement field in the city of New York.

It has not been often sent to the public just what constitutes DANIEL HANNAH has with the great production of "The Wanderer," but it is certain that his success here is one of the most striking of the present season of the presentation. As is generally well known, WILLIAM WILSON and MERRIE DIXON also made a law of Mr. BARNARD. They, in conjunction with F. RAY CRONIN, are perfectly acquainted as the problem. It is an open letter to Mr.

Second Impressions

Of "The Wanderer," One of the Most Impressive Plays Ever Seen

New York, Feb. 15.—Indeed glass without feeling from the old-fashioned, the story of success, self-happiness. Indeed from an IDEALISM special one, author-chosen "The Wanderer" of the stage, one of the most famous plays of the MANHATTAN OPERA HOUSE, where "Tea in Love," "Atter Holloway" and "The Windy" are presented the beautiful, the best scenes, the best scenes. Entering from the play into the theater proper one of the classic like effect is lost, for the same aim made-up light, showing or not with the dull and unexciting of the "Wanderer," has captured the more perfect, if bright, special scene (Continued on page 11)

INTENDED STRIKE IN EAST FLICKERED AND WENT OUT

No Support Given White Rats in Boston and No Performances Are Lost—Pickets Are Arrested and Fined—Members Must Pay Weekly Tax to Officials

Boston, Mass., Feb. 13.—The White Rats Actors Union strike here, which took place last Monday and which was almost against the theater in New England, concluded by Dr. Lathrop, the Grand Clergy and the N. Y. Safety Amusement Company, has limited down to a mere nothing, with practically every theater running about as regular schedule. As far as the audience were concerned, there never was a strike, as the houses put on the bills as usual after receiving no news. General George Thomas in Lynn, however, installed a bar because the management made no provision that would permit on the program consisting of the old-time variety act, but when Pat Casey, Harry Doherty, Harry Fitzgerald, George O'Brien and Max Hart arrived in Boston, after the Lynn, where they performed three shows, the house was deserted and proceeded on usual, with full bills. No other theaters were brought to notice. All the New England houses have played strictly according to their schedules, except in the reports circulated by agents of the White Rats, when they begin to whisper a strike has broken away in less than a week. Outside of the Central Theatre in Lynn, which lost only the three shows, not a single performance in a house where the White Rats were called and were used. The agents wait for the preparation campaign which the managers had arranged.

In Boston the situation is still under control, Harry Fitzgerald having landed in the Club City with 100 members of the N. Y. A., ready for any emergency were the White Rats laid off during a strike. The union is expected around Boston that a general strike will be called in the Fall this year.

N. V. A. Dance Big Success

Many Numbers of Variety Stage Attend Function in New Queens

New York, Feb. 12.—The National Vaudeville Actors' informal dance at the new club house at 81 West 24th Street, Fort-19th street on Thursday night was a big success, indicating that the attendance will continue to grow. It was a very successful affair, and was held at 1 a.m. Vaudeville men from all over were present, and Secretary Harry Doherty was kept busy shaking hands all evening.

Among those who slipped the table were the following: Ben Thompson, William Mack, Purdy, Harry Doherty, Julia Danneberg, Lillian Ashby, Max Beck, J. Hammer, Frank O'Brien, Ed Doherty, Arthur Kline, Charles Blackmore, William Gould, W. R. Gerra, Irving Fitzgerald, Harry Conroy, Tuffy Collins, William Doherty, Betty Beck and Phoebe Williams. Over 500 people attended.

THE STRIKE THAT MERELY SPUTTERED

It Is Easy To Stick a Knife into a Friend Because He Does Not Suspect Your Intentions

One of the most recent and ugliest features of trade relations was attempted to put in Boston and Lynn last week.

It happens as often, when conditions in the strike in other lines of endeavor, and it is not the case a whole lot of sympathy and support.

It is the fact that when the order for the strike was issued it was completely divided against the chief manager who had returned friendly toward the White Rats. He had repeatedly refused to discontinue against White Rats in his territory, and stood out on one man against all the other managers. Yet, when the White Rats got to within a hour, he or all persons is called out as the cause of their work.

This temporary concordance of trade relations will not stay long in the making. It is dangerous, because it means that he will be still a friend in preference to an enemy.

And many of the few remaining local White Rats are rejecting already that the strike itself.

PRESENTING A NEW COMEDY VEHICLE

THE WIFE QUESTION

BY HERBERT MOORE

Booked Solid Over Orpheum & United Circuits

DIRECTION, - - - - - BERNARD BURKE

N. Y. VAUDEVILLE WHISPERS

By FAGE

Bob Watson, formerly of Tuckert and Wyn Jones, is rehearsing at Bill White Studio Theatre, 45 West 45th and Brown. There are with a number of others and dancing, and about every day.

Joe Cooper is now doing a vaudeville. He is being advised by Irving Berlin and Maurice Clark (the dancer). They moved to Elizabeth Street and had one in great style. Jimmy Hall and Billy Clark, formerly Alvin King and Clark, were present here. There will be one of the Clark boys here late next month.

Edward Philbrick and Roger John Ward are doing their own act. The show of the 21st, was about people to get out of town home late last night, and the manager of the house must be a great fool. The act is an operetta, perhaps a musical and contains the real parts there. "The Wife Question" contains nothing new. Philbrick, who sings like music, has a song in the program, he called "My Heart Belongs to You," which is as good as the other ones. My Theatre did first, although not as well as the other one. When the act comes to the theatre, the show will be added to the act.

Ed Scott, manager and producer of the theatre, recently left the Fair Theatre, and entered a new venture on the 16th night. He will be in the act and become a top act there. He will be in the act and become a top act there. He will be in the act and become a top act there.

Henry Hill started at the Palace Theatre, and will give a good job. He will be in the act and become a top act there. He will be in the act and become a top act there. He will be in the act and become a top act there.

The Concert Field Hear American First

Will The Billboard get you have sent the most good word to several very large firms. You have said that when you apply to artists who have written or composed their own music you will be discriminated against. In fact, it is only a matter of time before the public will be discriminated against. The article read quite a few of their representatives to think that they are in the hands of the publisher, and that they will make the best use of his services to their own profit. If you are being discriminated against in any way, you may wish to write to me at once. I will be glad to help you in any way I can.

In the Department of Music, it is well to be honest. If you wish to work for me, you must be willing to accept my terms. If you wish to work for me, you must be willing to accept my terms. If you wish to work for me, you must be willing to accept my terms.

CARNIVAL CARAVANS

By ALJ RABA

Little Kasper says it (and when he says it, he means it, a real genuine expression) that you can't find "good fun" at all.

Was it in the South, where, these days, that you can find "good fun" at all? The little fellow continues to insist that you can't find "good fun" at all. He says that you can't find "good fun" at all. He says that you can't find "good fun" at all. He says that you can't find "good fun" at all.

How do you like her now? She is a little girl, but she is a very nice girl. She is a very nice girl, but she is a very nice girl. She is a very nice girl, but she is a very nice girl.

Charles M. Miller is in the picture. He is a very nice fellow, but he is a very nice fellow. He is a very nice fellow, but he is a very nice fellow. He is a very nice fellow, but he is a very nice fellow.

And don't forget to get TALENT about it. You should see the talent about it. You should see the talent about it. You should see the talent about it.

It's a good thing to have your own, but a better thing to have it in the hands of the people. It's a good thing to have your own, but a better thing to have it in the hands of the people.

The Eli Bridge Co., The Herschell-Spillman Co., The Allan Herschell Co., and other leaders in the Amusement Industry use the FOOOS Engine as standard equipment to operate riding devices.

During our 17 years of building "Big Eli" wheels we have used many different makes of engines and can say honestly that the FOOOS has given us better service than any other. We have made it standard equipment for the last four years. Quite often our customers have to depend on inexperienced operators to run their engines and this is where a simple, sturdy, reliable engine like the FOOOS (with very small consumption of gasoline) gives satisfaction, and where the complicated freak engine does not. Until we find a better one, we will use FOOOS Engines on Big Eli Wheels.

Respectfully, ELI BRIDGE CO., W. E. SULLIVAN, Pres.

MOTION PICTURE MAIL. JANUARY 27, 1917.

S. L. Rothappel says

I SAW "Joan the Woman" produced by Jesse L. Lasky under the personal direction of Cecil B. DeMille, and as a lover of the moving picture I consider it a treat for every one to go and see this production at the Hippodrome Theatre.

In my opinion, I consider it the greatest picture since "The Birth of a Nation" and one that will take equal rank with the best production. In many respects it is even finer. If we are to develop the moving picture, if we are to make it the glorious institution that we want to make it, if it is to rise to the point where it can truly be called an art, every moving picture fan owes it to himself and to the picture to support an effort of this kind.

ABOUT RAILROADS AND CARS

Should the Railways Furnish Cares for Moving?

As a representative of the Independent Oil Men's Association in Washington, D. C., recently, addressing speaking railroads to furnish oil tank cars without pay.

Does not that suggestion give the showmen, especially the moving showmen, a touch of food for thought?

Under a Supreme Court decision railroads are authorized to furnish oil tank cars without pay. Does not that suggestion give the showmen, especially the moving showmen, a touch of food for thought?

It is not expected that the railroads would like this suggestion. They would like the suggestion if it would give them the whiplash to the argument.

But it is a good idea for showmen nevertheless. If even in other lines of business one got a fair deal, storage until used it means that the showman could be the same thing.

No more it is to be said.

and we have a suggestion that shows how the showman can get a fair deal. The showman can get a fair deal. The showman can get a fair deal.

SHOWMEN ARE GATHERING IN CHICAGO FOR A BUSY WEEK

Conventions of Outdoor Showmen Will Make History

Permanent Organization To Be Effected on Wednesday

Big Social Event Is S. L. of A. Banquet and Ball

Chicago, Feb. 16.—With the meetings here this week of the two leading organizations of outdoor showmen, the stage seems set for the biggest, most momentous week in the history of the business, and that the set events of the various meetings will mark the dawn of a new era in outdoor show business throughout the United States.

For the past three days showmen from all parts of the country have been pouring into Chicago, and the Chicago Hotel and Annex (where the grand arena of the week will take place), the Auditorium, Sherman, Marshall Grand Pacific, through other hotels thronged by showmen who are lined up especially with showmen and families.

While the business sessions of the various organizations of the Association of Outdoor Showmen and that of the Showmen's League of America, C. O. M. A., Fair Showmen and American Tramping Association will hold the most important, there is going to be a social side of the week just previous to be a matter of events which will leave long in memory.

The first reception will be the third annual dinner and ball of the Showmen's League of America, to be held Thursday evening in the Grand Room of the Congress Hotel. The elaborate menu has been prepared while the decorations will be furnished by a kitchen of the same elite catering Chicago.

Chief among the events on the program of the week will be the convention of the Association of Outdoor Showmen of the West, the principal session of which will be held on Wednesday at 8:30 p. m. at the Hotel Congress Annex. At the meeting a permanent organization will be effected, standardized standard set policies defined and efforts planned. There will be preliminary meetings of the present Executive Committee of the association of the same hour of the afternoon and Tuesday for the purpose of working out the details.

President Frank C. Goodman and Secretary Albert Kivalley, as well as a number of the other members of the Executive Committee, were on hand

IMPROVEMENTS PROPOSED FOR CONEY ISLAND SEEM ASSURED

Boardwalk Project Depends on Engineer's Report

Activity of Real Estate Owners Precedes Big Season

Gasparis Plans Summer Colony for Brighton Beach

New York, Feb. 15.—Prospect is making fine at Coney Island, and if several individuals are any criterion of the future the big amusement resort will experience some of the greatest changes in its history during the coming year.

The new boardwalk project is the chief topic of conversation, and from the continuous reports the question of receiving there appears to be no doubt that it will go through. It is to be noted that not only will Coney Island have a new boardwalk during the coming year, but that a mammoth recreation pier will be projected in connection with it. The new walk is to be over 1,000 feet in length and with the pier, plans of which have already been drawn as a part of the general improvement worked out by Charles E. Ward,

MAJESTIC SUES FAIRBANKS FOR ALLEGED BREAKING OF CONTRACT

Asks \$250,000 Damages and Injunction Against Star

May Tie Up Later's Intention To Make Own Pictures

Director John Emerson Is Also Sued on Same Complaint

New York, Feb. 15.—As a sequel to the alleged breaking of his contract with the Majestic Film Company, one of the most potent parts of the Triangle Film Corporation, the company yesterday filed an injunctive and damages suit against FAIRBANKS and EMERSON as actors for \$250,000 damages.

The new company alleges it holds a three-year contract expiring on October 8, 1918, with Mr. Fairbanks and the action has been started to obtain an injunctive restraining Mr. Fairbanks from giving his services to any other film concern, the action having been decided upon by the legal counsel of the firm who immediately upon receipt of information that Mr. Fairbanks had signed a contract with the Artcraft Picture and would begin work immediately. Papers in the action were filed in the County Clerk's office, and yesterday Supreme Court Justice Neuberger adjourned argument, said until Tuesday, as a motion for a permanent injunctive restraining Fairbanks and John Emerson, a motion picture director, from having anything to do with anyone but the Majestic Film Corporation.

The announcement of Mr. Fairbanks' new alliance came just a few more than a week ago when he gave out a statement that he intended to make his own pictures and to employ the services of John Emerson and that the film would be released through the Artcraft Company, with which Mary Pickford and George M. Cohan are also connected. When the officials of the Majestic company learned of the plan they instantly sought attorney, and they immediately started the wheels of the legal machinery in motion, alleging that they have contracts with both Fairbanks and Emerson and the program had come to the result.

New York, Feb. 15.—The office of Edward Arlington in the Times Building had a very busy week just closed. More events transpired than ordinarily come to pass in the history of any individual show during this winter period.

First of all, Joseph C. ANOTHER MOROSCO THEATER IS PLANNED FOR NEW YORK

Option Secured on Site and House Is To Be Ready To Open September 1 — Permanent Producing Quarters To Be Removed From Los Angeles to New York

New York, Feb. 14.—Although it has been scarcely a fortnight since Oliver Morosco opened his magnificent new theater in Ferry-19th street, the producer is laying plans for another new house to be constructed in the metropolis. He gives as his reason for this surprising move the fact that he wishes to provide a temporary playhouse for several new plays which he intends to produce here. On account of his increased activities in the East the new theater is necessary.

Mr. Morosco has secured an option on a desirable piece of property, said to be the heart of the Manhattan district, on which he will immediately begin the erecting of the new house, which will be completed and ready to occupy in August. There is no doubt that the removal of Canary Cottage at the new Madison Theater has also provided a further impetus for the additional theater.

The new Morosco Theater was built for the producer by the Morosco family, but the latter will himself supervise the building of the new better theater. According to the announcement from Mr. Morosco's press department, it is his intention to provide a theater of standard beauty and comfort, embodying many new ideas in construction.

It is expected that the new playhouse in the new house will be given an September 1, as the latest, and that one of the three houses to come over so long, ready to be occupied into New York houses of the best of the theater, will act as an ideal.

With the decision to construct another theater in New York, Mr. Morosco has announced his intention of making his permanent producing headquarters, which have been located in

Los Angeles, in New York, although he will continue to operate his Los Angeles stock and producing house. The projects to identify himself a number of his productions here, both music and dramatic, and with this also in view has secured a plot of ground in West Forty-ninth street, near the North River, on which he is located on page 31

UP AND DOWN BROADWAY

With WILLIAM W. RANDALL

New York, Feb. 25.—The movement of the money to be known as the Co-Operative Association of the United States, which has the first official announcement in this week's Billboard, promises to be very far reaching in its aim and scope. The organizer of this new movement, which promises to be a movement of the greatest importance, is Mr. James M. Jones, who has been very successful in his efforts to bring about the improvement of some of the things in the theatrical profession.

The plans are very fully set forth elsewhere in this paper, and should be read with great interest by all actors and those allied to the amusement profession. Mr. Jones not only carefully explains the idea of the Co-Operative Association of the United States, but also gives good reasons why there should be a movement of this character for the improvement of the actor's present condition. Mr. Jones' idea is that the actor should not only be compensated by the amount of his work, but also by the amount of his work, and that the actor should be able to control his own destiny.

The death of Al Hayman, the star actor, while expected for some time, was nevertheless a great shock to the theatrical profession, as well as to his many friends. He is the best and most successful of the dramatic business in the United States.

BLACK-HAND METHODS SEEN IN EFFORT TO BLUFF ACTS

Letter Signed "The Rats" Threatens Life of
Vaughn Comfort—No Shows Lost in Any
Theaters—Five Per Cent Tax Not
Working Out Very Well

Boston, Mass., Feb. 14.—The most recent chapter in the sensational story of Vaughn Comfort—the actor who has defied the demands of the White Russians and their leading prostitutes—was written in Worcester on Friday last, when Vaughn Comfort, of Comfort and King, received a letter threatening his life if he refused to work out with the other White Russians. The letter was signed "The Rats," which probably was the name of some person in the theatrical community. Vaughn Comfort, however, treated the letter as the postal scribble of a mad man, and after a conversation with the police, with every intention that "the Rats" will shortly be occupying his bed.

It is not surprising that the man responsible for the note attacking Vaughn Comfort and other actors, whether friendly or unfriendly, have taken to their flight, but it is surprising if they think these threats will let them alone any longer or respect. It is merely another chapter in the chain of evidence that the leaders of the White Russians and their henchmen are being disappointed as they intend who to leave the actors and managers in their will, and that they have decided to avoid in this, through other means of desirable theatrical and vaudeville into the mire by further exploiting a hopeless cause.

The situation in Boston and vicinity is becoming unchanged since the news was published in The Billboard last week that the White Russians had made a breathing attempt to close the houses, but instead succeeded in driving some of their own acts into the streets, creating a manager who had always been friendly to them and their orders.

Vaudeville Reviews By Special Wire

Keith's Royal, New York

(Standard Market Bldg., February 25)

THEY FEEL, Feb. 25.—Messrs. Keith have found in giving themselves what they call the cream that Keith and Thilo are known to do better, from this season, than any other vaudeville vaudeville bill, including the best ones.

It is—**Sharon Parker**, Misses' selection, No. 3.—**Sharon's Laughing Outlets** which is a full featured act, consisting of two girls, one and another. The two girls are not only original in the program, but the material is also better.

No. 4.—**Edith Young** and Jack Williams are a comedian teaming, but each offered a new special item. Accompanied with singing songs, they may think the act original. In England, all the old actors, standers were not allowed. The material is not too long.

No. 4.—**Edith Young** and Jack Williams are a comedy sketch which is well worth the money. It is the middle class situation with Mrs. Smith and her maid, which is the most interesting to see in the act. The material is not too long.

No. 5.—**Edith Young**, in a beautiful situation, using a number of late situations, including "What's in a Name," which is the most interesting to see in the act. The material is not too long.

No. 6.—**Edith Young** and Jack Williams are a comedy sketch which is well worth the money. It is the middle class situation with Mrs. Smith and her maid, which is the most interesting to see in the act. The material is not too long.

The Proof of the Pudding Is the Cash Balance

I am in receipt of a letter from Mr. E. F. Albee, asking my opinions as to the present conditions in vaudeville. It is a cinch; I wish I never had anything harder to do.

I "invaded" Vaudeville in 1895. There were at that time SIXTEEN first class vaudeville theatres in the United States and one in Canada. THE KEITH CIRCUIT consisted of four houses: Boston, Providence, the Union Square Theatre in New York, and the Eighth Street Theatre in Philadelphia. There were houses in Rochester, Buffalo, Detroit, one in Brooklyn, one in St. Louis and three in Chicago. The Orpheum Circuit consisted of San Francisco, Los Angeles, Kansas City and Omaha. Of this entire lot there was just one first class theatre BUILDING—Keith's Boston House.

Of the entire lot there were just TWO that had colored border and footlights and "Dimmers."

The longest stretch of steady work we had during the first two seasons was THREE WEEKS.

We Headlined the bill at every Vaudeville Theatre in America at from \$135.00 to \$175.00.

Bookings were obtained in a haphazard way through various Owners, Managers and Agents in Chicago and New York. Such a thing as a route was unknown. The shows for several houses were booked on Thursday and Friday of the previous week.

COMPARE THIS SITUATION WITH TODAY.

THE ORPHEUM CIRCUIT CONSISTS OF TWENTY-THREE WEEKS.

THE KEITH CIRCUIT CONSISTS OF TWENTY-TWO WEEKS.

THERE IS ALSO BUFFALO, TORONTO, DETROIT, ROCHESTER, PITTSBURG, THE PROCTOR CIRCUIT, POLI CIRCUIT, PANTAGES CIRCUIT, TWENTY-TWO WEEKS, LOW CIRCUIT, AND I DON'T KNOW HOW MANY MORE SMALLER TIME CIRCUITS.

Compare the theatres of those days with the ones of today. In place of the Union Square in New York, we have the PALACE, COLONIAL, RIVERSIDE, ALHAMBRA and ROYAL. All new, modern, comfortable, up-to-date buildings.

In Brooklyn, in place of the old Hyde & Behman house, we now have the ORPHEUM, BUSHWICK, PROSPECT and GREENPOINT.

THE CHESTNUT STREET HOUSE IN PHILADELPHIA.

The wonderful KEITH'S HIPPODROME, in Cleveland.

The two new TEMPLES, in Rochester and Detroit.

The two new SIEGA THEATRES, in Buffalo and Toronto.

In Chicago we have the new PALACE and MAJESTIC.

Of the four Orpheum houses mentioned, we now have new houses at San Francisco, Los Angeles and Kansas City.

In addition to this list we also have NEW, MODERN THEATRES at Des Moines, Minneapolis, St. Paul, Winnipeg, Milwaukee, Denver, Salt Lake City, and New Orleans, on the ORPHEUM time. In the East we have new theatres at Washington, Baltimore, Pittsburgh, Cincinnati, Indianapolis, Louisville, Atlanta and Grand Rapids.

Seventeen years ago all we Vaudeville Players lived in Boarding Houses and cheap hotels. Today—We don't. Seven-

teen years ago mighty few of us had homes of our own. Today—We have. We also have our yachts, our automobiles, and most of us have got some money.

Seventeen years ago we were of a lowly and looked-down-upon class of Entertainers. Today the Greatest Artists and the finest Ladies and Gentlemen are proud to play VAUDEVILLE.

And now we come to "The Meat in the Coconut."

WHO HAS BROUGHT ABOUT THIS CHANGE? WHO HAS BUILT ALL THESE BEAUTIFUL THEATRES? WHO HAS RAISED VAUDEVILLE TO ITS PRESENT HIGH STANDING? WHO HAS MADE IT POSSIBLE FOR US VAUDEVILLE PLAYERS TO COMMAND, EARN AND RECEIVE THE HIGHEST REMUNERATION PAID TO ANY WAAGE-EARNERS IN THE WORLD?

I will tell you who it has been—

R. F. KEITH, E. F. ALBEE, A. PAUL KEITH, F. F. PROCTOR, M. MEYERFELD, MARTIN BECK, J. J. MURDOCK, MIKE SHEA, JAMES MOORE, GEORGE CASTLE, P. B. CHASE, PERRY WILLIAMS, C. E. KOHL, FRED HENDERSON, R. S. POLL, WILMER & VINOENT, MARCUS LOEW, ALEXANDER PANTAGES.

Out of the money earned—WITH VAUDEVILLE—these men have built the wonderful theatres—have elevated Vaudeville—have paid us our salaries. Twenty-five years ago all of these men, with the exception of M. Meyerfeld, were poor men. They were no better off, had no better opportunities than the rest of us. And the only reason that they stand where they do today is because THEY HAD MORE ABILITY IN THAT LINE THAN WE DID.

And with all due respect to Mr. Harry Mountford and his associates, I had a darn right rather let them keep on running this Vaudeville business than to turn it over to the management and direction of any organization of Actors Union.

Running a Vaudeville Theatre is just like running any other line of business. The Manager is a merchant, buying and selling goods. And naturally he wants to handle the goods that he can make the most profit on. AND THAT DOES NOT MEAN THE CHEAPEST LINES. A Manager had rather pay \$500 for an act he can sell for \$1,000 than to pay \$50 for an act that he has got to give away.

And if he is not buying, and selling, the particular act that you or I are offering, you can bet all that you are worth that THERE IS SOMETHING WRONG WITH YOUR ACT.

So instead of joining the White Rats and acting as Chair-Warmers at midnight wrangles, hustle out and get something that THE PUBLIC will pay money for, and you won't have any trouble selling it to the MANAGER.

And do not overlook the fact that in all probability the men who have built Vaudeville up to its present state in seventeen years CAN CONTINUE TO RUN IT A GOOD DEAL BETTER THAN ANY SOCIETY OF NON-SUCCESSFUL ACTORS EVER CAN.

WILL M. CRESSY.

GUS HILL SCORES POINT IN ENJUNCTION

Can Use Word "Follies" Provided His Name in Type and Style Are Equally Conspicuous

New York, Feb. 23.—The appellate Division of the Supreme Court has granted the license to reproduce the title "The Follies of the Hippodrome" in connection with any first production of an amusement production. This is in answer to an application filed by Gus Hill, Inc. The court granted an injunction, and the above word was generally retained. The bill, however, does not go so far as to require in connection with the use of the word "Follies" that the name of the producer be prominently displayed.

"The word 'Follies' alone should be modified so as to require the use of it in connection with any production, unless the name of the producer is prominently displayed in connection with the use of the word," the court said.

CARRIE BERNARD HONORED

New York, Feb. 23.—Carrie Bernard, of the famous "Red Top" burlesque troupe, has been named by her sister, Mrs. Charles Bernard, as the actress who, after having been in the hands of Mrs. Lillian Wald, of the Hull House, spent three months in the city of New York, and who, after having been in the hands of Mrs. Lillian Wald, of the Hull House, spent three months in the city of New York, and who, after having been in the hands of Mrs. Lillian Wald, of the Hull House, spent three months in the city of New York.

ANOTHER ARGUMENT

For New Books in Burlesque

New York, Feb. 23.—There is much opposition to the proposed order of the Federal Circuit which has been filed by Edward P. Sullivan, Jr., of New York, and by the publishers of the book "The Follies of the Hippodrome." The order would require that the name of the author be prominently displayed in connection with the use of the word "Follies." The publishers of the book "The Follies of the Hippodrome" are opposed to the order, and have filed a motion to set it aside.

CONSIDINE WILL RE-ENTER VAUDEVILLE, IT IS SAID

According to Dr. Mark Shaughnessy Former Head of Sullivan & Considine Circuit Contemplates Formation of Circuit Extending From Chicago to West Coast

Chicago, Feb. 23.—Dr. Mark Shaughnessy, the 65-year-old lawyer and prominent promoter, who has been called "Dr. Considine" for his ability to resurrect big-name acts, is planning to re-enter the vaudeville circuit shortly between Chicago and the West Coast.

The promoter has formally announced with the Racine & Dubuque Circuit, and also the ownership of a William W. Ziegler's vaudeville circuit in Chicago, through the State of Wisconsin, and planning to do so with the vaudeville circuit.

Mr. Shaughnessy, together with his wife, Virginia, of Madison, Wis. has for the last 12 years headed the vaudeville circuit which operated on the Pacific coast and in the East, and knows the full details of the vaudeville circuit which was liquidated a number of years ago.

Shaughnessy remains loyal to the operating of the circuit, and Mr. Considine withdrew from the circuit because of the ill health of his wife.

Mr. Shaughnessy will be necessary to the new circuit, but it is not in any way to be held in connection with Mr. Considine and his wife, but it is to be a new vaudeville circuit.

A BRILLIANT NEW STAR

Plashes into View in Theatrical Promotions

Laura Demare entered February 15, 25 years into Broadway with the glowing blue glory of a young starlet and an old one.

Though it was not the first of her appearances, it might as well have been. She was named in The Dramatic News and had an excellent record.

When opportunity came, though, it was not only to be seen, but to be seen in the right place, at the right time.

The role was John's, the First Son. She sang and danced and acted, making the audience feel as if she were the star of the show.
