Abstract

The genus *Nesampelos* B. NORD. (Compositae-Senecioneae) is validly published by citation of the type, which was omitted in the original publication by NORDENSTAM (2006). New combinations are published for the three species referred to the genus.

Nomenclature of *Nesampelos*

The new genus *Nesampelos* B. NORD. was described among other novel genera from the Greater Antilles by NORDENSTAM (2006). By a technical mistake the line stating the type of the genus disappeared in the printing, and accordingly the new genus and its constituent taxa were not validly published (ICBN Art. 37.1, 43.1). This mistake will be rectified here.

***Nesampelos* B. NORD., gen. nov.**

Nesampelos B. NORD., Compositae Newsletter 44: 58 (2006), nom. inval. (typus non designatus).

Typus: *N. lucens* (POIR.) B. NORD.
