It was moved by Dr. Wallich, seconded by Dr. Boott, and unanimously resolved :—

That the most grateful and cordial Thanks of the Society be offered to Mr. Brown, for the admirable manner in which, for more than three years, he has conducted the business of the Society as its President ; together with the great and sincere regret of the Members that advancing years and the infirmities attending on them should have induced him to relinquish an office, in which it would have been their earnest desire long to have availed themselves of his invaluable services.
