The copy filmed here has been reproduced thanks to the generosity of:

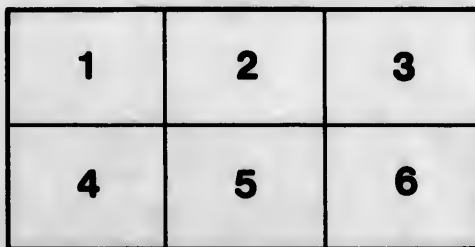

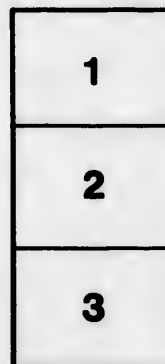

Library of the Public
Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

La bibliothèque des Archives
publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

HERSCHEL'S WEATHER TABLE.

The following Table, constructed upon philosophical considerations of the attractions of the Sun and Moon in their several positions respecting the Earth, and confirmed by experience of many years actual observation, furnishes the observer, without further trouble, with the knowledge of what kind of weather there is the greatest probability of succeeding, and that so near the truth, that in very few instances will it be found to fail:—

THE
QUEEN
 INSURANCE COMPANY
 OF LIVERPOOL AND LONDON.

CAPITAL, TWO MILLIONS STERLING.

FIRE AND LIFE INSURANCE.

CHIEF OFFICES:

Queen Insurance Buildings, Dale Street, Liverpool;
 Queen Insurance Buildings, Gracechurch Street, (City) London;
 Queen Buildings, 191 & 193 St. James Street, Montreal.

Advantages Offered by the Company:

If an Insurer desires to discontinue his policy, he may, after two years, at any time have a surrender value (never less than 35 per cent. of the premiums) paid.

Or, at most ages, obtain a *free paid-up* policy for the *total amount* of the premiums paid, together with any bonus which may have been added during the time of the Assurance.

Premiums may be paid yearly, half-yearly, or quarterly; and under a special table, a very low premium for the first five years may be paid, without leaving a debt on the policy.

Or, only one-half of the premiums may be paid for the first few years, the unpaid half premium remaining as a debt, at 6 per cent. interest, extinguishable at pleasure.

Or, a higher premium may be paid for a term of years, and then payments cease altogether, the policy still being in full force, and participating in its proper share of profits.

The policies contain no unnecessary restrictions as to Foreign residence and travelling.

They are unchallengable except when actual fraud is proved.

Policies may be made payable during lifetime at specified ages, or earlier in event of death.

One-third of the premiums of ordinary whole Life Assurances may be allowed to accumulate as a debt at interest, extinguishable at pleasure, or at death.

A. MACKENZIE FORBES,

Resident Secretary, Montreal.

"PRINCE OF WALES."

- The chief merits of this Engine consist in:—
- 1st.—Its extraordinary power over ordinary Fire Engines, by the introduction of Carbonic Acid, generated in the air chamber, and held in solution by the water.
 - 2nd.—The immediate propulsion of the gaseous fluid upon the fire, where the Carbonic Acid Gas is evolved, thereby causing the instantaneous extinction of the flames.
 - 3rd.—Its compact form, portability, and the ease with which it is worked.
 - 4th.—The Chemicals are perfectly harmless to life, health or property.

Sec. 5. It is expressly forbidden to any occupant of a house or building, or any part thereof, supplied with water from the said Water Works, to furnish water to others, or to use it otherwise than for his own use, or to increase the supply of water agreed for, or to waste it, or to practise any fraud upon the said Corporation with regard to the water so supplied.

Sec. 6. All persons taking the water shall keep the distribution pipes within their premises in good repair, and protected from frost, at their own expense; and they shall be held liable to the Corporation for all damages that may result from their failure to do so.

Sec. 7. No person shall fraudulently connect any pipe with the pipes of the Corporation, or with any pipe, cistern or apparatus connected therewith, or to or into which the water from the said Water Works shall flow or proceed; or shall fraudulently use or otherwise misappropriate the water supplied by the city, or knowingly permit the same to be fraudulently used or otherwise misappropriated.

Sec. 8. If any person supplied with water by the Corporation do, or permit to be done, anything in contravention of this By-law, or fail to do anything prescribed by this By-law, the Superintendent or his deputy may cut off the water supply, and cease to supply such person with water so long as the cause of complaint remains, or is not remedied.

Sec. 9. No person shall wrongfully cause or suffer any pipe, valve, cock, cistern, bath, soil-pan, water closet, or other apparatus or receptacle to be out of repair, or to be so used or contrived as that the water supplied to him is or is likely to be wasted, misused or unduly consumed.

Sec. 10. No alteration shall be made in any of the pipes or fixtures inserted by the city, except by its agents or officers.

Sec. 11. No person supplied with water from the said Water Works by meter shall be allowed to connect, or cause to be connected, any pipe or other fixture between the Corporation's service pipe and the meter.

Sec. 16. No person shall draw or use water from the Water Works in the said city for private fountains, or for hand-hose for watering purposes, or for building or manufacturing purposes, unless such person shall have previously obtained from the Superintendent of the said Works a written permission to that effect, and paid the respective rates charged in the subjoined tariff for the supply of water in such cases; and in no case shall the said hose be used for sprinkling or watering the streets between 9 o'clock in the forenoon and 5 o'clock in the afternoon.

Sec. 17. No person shall use any hand-hose of a larger size or nozzle than one-fourth of an inch orifice, or use any hand-hose for the purpose of washing horses, coaches, omnibuses or other vehicles.

Sec. 18. No meter shall be used for determining the quantity of water supplied by the said Works, unless the same shall have been previously submitted to and approved by the said Superintendent.

DISTILLERIES, BREWERIES, &c.

Distilleries, Breweries, Dye Houses, Railway, Printing, or Photographic establishments, and all manufacturing establishments, whenever they require water for any purpose not specially enumerated in the tariff, shall be supplied by meter, and charged, when the quantity used averages 1,000 gallons per day or less, at the rate of three cents per 100 gallons; when the quantity averages from 1,000 to 5,000 gallons per day, two cents per 100 gallons; when the quantity averages over 5,000 gallons per day, 1½ cents per 100 gallons. Charges by meter to exclude any other charge for water upon the assessed rental of such establishments, when the whole of the water supplied to the said establishments passes through such meter.

The meters shall be placed within the premises of the consumers, whose duty it shall be to see that the same are protected from frost or injury, the whole under the direction of the Water Department; such meters shall at all times be accessible to the Corporation Meter Inspector.

If the meter gets out of order and fails to register, the consumer will be charged at the average daily consumption previously registered by such meter; and for the purpose of average the year shall be deemed to be 300 days.

The provisions hereinbefore made in regard to the supply by meter shall not come into force until Public Notice is given that the Water Committee are prepared to supply meters to consumers.

Pending this notice, the Water Committee may fix special rates for unenumerated property or properties, manufactories or other establishments requiring an unusual supply; and no person shall be allowed to use water for any other purpose but for domestic purposes, without having previously obtained a permit from the Water Department to do so.

Persons desirous of supplying their own meter may do so with the previous sanction and written permit of the Superintendent of Water Works.

When water is required for purposes not specified in the foregoing Tariff, the rate shall be fixed by the Water Committee.

The Water Committee shall have power to ascertain, by meter, the quantity of water used in any of the above cases, and charge accordingly.

POST OFFICE.

Letters for British Colonies and Possessions beyond sea, and for Foreign Countries, except France, *via* England, must be pre-paid.

The rate on letters to the United States is 6 cents, if pre-paid; 10 cents, if unpaid.

Registration Charges.—For the registration of a letter addressed to any place in British North America, the charge is 2 cents.

For the registration of a letter to the United Kingdom, 8 cents.

For the registration of a letter to the United States, 5 cents.

France, and other countries for which letters pass through France, special rates, according to weight.

No letter can be forwarded as registered, unless postage and registration fee are both pre-paid.

Miscellaneous Charges.—The charge on parcels, which can only be sent by post *within the Dominion*, by Parcel post, to any place in Canada, is 12½ cents per half-pound, (with 5 cents additional, if registered.) No parcel must exceed *four* pounds in weight.

One cent per ounce, payable in advance by postage stamp, is the rate on printed circulars, prices current, hand bills, and other printed matter of a like character, and on books bound or unbound, when posted at a Canadian Post Office, addressed to any place in Canada, British North America generally, or the United States.

The charges upon prices current, sent singly, when addressed to the United Kingdom, is 2 cents each, and must be pre-paid by postage stamp.

Correspondence for British Columbia and Manitoba is sent in closed mails, *via the United States*, at the same rates of postage as to other parts of the Dominion.

Postage Rates on certain Miscellaneous Matter passing within the Dominion of Canada, or to or from the United States:—

1.—Packages of seeds, cuttings, bulbs, roots, and scions, or grafts and botanical specimens, may be posted in Canada for delivery within the Dominion, or to an address within the United States, on pre-payment by postage stamp of a rate of one cent per ounce; and when received from the United States addressed to any place in Canada, such packages may be delivered on payment, by the person addressed, of a like rate.

2.—The limit of weight for such packages will be one pound. No letter or communication intended to serve the purpose of a letter must be enclosed in them; and they must be so put up as to be easy of examination, for the purpose of verifying the alleged contents. If put up in bags, the bags must be simply tied at the neck, so as to admit of inspection; and in the case of such packages mailed in Canada, the nature of the contents, such as "*Seeds,*" "*Roots,*" &c., as the case may be, must be marked on the package by the sender, as a statement of the claim to pass at the reduced rate above mentioned.

3.—Book and newspaper manuscript and printers' proof-sheets, (whether corrected or not), maps, prints, drawings, en-

gravings, photographs, (when not on glass or in cases containing glass), and sheet music, (whether printed or written), to any address in Canada or the United States, may pass in covers open at the ends or sides, and provided that no letter or other communication intended to serve the purpose of a letter be enclosed therein, on pre-payment, when posted in Canada, by postage stamp of the ordinary printed matter rate of one cent per ounce; or upon payment of that rate on delivery on such matter when received in the mails from the United States.

Transmission of Patterns of Merchandise and Samples between Canada and the United Kingdom, and certain other countries:

4.—Patterns of Merchandise and samples may be forwarded between Canada and the United Kingdom and Denmark, France, Italy, Belgium, the German States, Netherlands, Portugal and Switzerland, by the Canadian packet mails, at book-post rates, and subject to the following conditions:

A—The patterns or samples must not be of any intrinsic value; and this rule excludes all articles of a saleable nature, and whatever may have a value of its own, apart from its mere use as a pattern: nor must the quantity of any material or article sent as a pattern or sample be so great that it could have on this ground an intrinsic value.

On this point an explanation in a subsequent Departmental Order, it appears as follows:

B—It has hitherto formed part of the Imperial Post Office regulations that "*samples or patterns must not be of intrinsic value,*" but in consequence of the difficulty that has been experienced in determining what is, and what is not, a pattern or sample of merchandise of intrinsic value, this prohibition has been removed.

The modification is a verbal one, and will not alter or enlarge in any way, the character of the transmissions permitted to pass by pattern post.

The special prohibition as to intrinsic value, has, it is understood, been withdrawn, not because the question of value will not still influence a decision as to whether an article offered for transmission by parcel post is a genuine commercial sample (or pattern,) or not, but because as a general proviso it could not well be enforced; inasmuch as every article, whether properly a pattern or sample or not, has necessarily more or less of an intrinsic value, and might be held to be amenable to a strict construction of this prohibitory clause in the regulation.

C—The patterns, &c., must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and such like, which cannot be sent in open covers, may be enclosed in bags of linen or other material, simply tied at the neck, or, provided that bags be transparent, they may be entirely closed, if they are for delivery within the United Kingdom. Bags, however, entirely closed, even though they be transparent, must not be used for the transmission of seeds to foreign parts.

D—The rule which prohibited the transmission through the post, as patterns of articles of cutlery, &c., has been rescinded;

and scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like articles, are now allowed to be forwarded by the post as samples, provided they are packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags, and to the persons of the officers of the post office. Such articles, however, must be so packed that they may be easily examined; and it is made a rule that any packets containing such articles, which may be found to be insufficiently guarded, shall not be forwarded through the post.

No packet of patterns or samples, posted for delivery within the Dominion, must exceed 24 oz. in weight.

A packet of patterns or samples sent to France or Portugal, must not exceed 18 inches in length and 12 inches in width or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

The limits of weight are as follows:—

Canada	24 oz.	Belgium	8 oz.
Great Britain.....	24 "	Netherlands.....	16 "
France	36 "	Portugal	16 "
Germany	8 "	Denmark.....	48 "
Italy	36 "	Switzerland	48 "

None of the articles named in the Rule D may be sent as patterns or samples to any place abroad, except Germany, Belgium, and the British Colonies, and not to these places when addressed "*via France.*"

There must be no writing or printing other than the address of the person for whom the packet is intended, the manufacturer's or trade mark and number, and the prices of the article.

Any infringements of the above regulations will render the packet liable to be treated and charged as a letter.

The rule which forbids the transmission through the Post of any article likely to injure the contents of the mail bags will apply to patterns and samples; any package transgressing this rule is to be sent to the Postmaster-General.

Transmission of Patterns and Samples within the Province of Canada.

Patterns or samples of merchandise and goods for sale may be posted in Canada to be forwarded to any place within the Dominion, on pre-payment by postage stamp of a rate of one cent per ounce, under the following regulations:

I.—Patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, fastened in such a manner that they may be readily opened—or in bags entirely closed, provided that they be transparent, so that the officers of the Post Office may be able to satisfy themselves as to the nature of the contents.

II.—The packet may bear on the *outside* the address of the sender in addition to the address of the person for whom it may be intended—also a trade mark and numbers, and the price of

the articles enclosed ; *inside* there must be no enclosure but the samples or patterns themselves—the particulars, however, of the trade marks, numbers and price, may be marked on the articles themselves instead of on the outside of the packet, at the option of the sender.

III.—Any sample or pattern packet containing a letter, or otherwise violating the conditions of the preceding rules, is to be rated and treated as a letter.

IV.—The rate of 1 cent per ounce is to be pre-paid by postage stamp—and if such rate be not fully pre-paid by the stamps affixed, the package is to be rated with the deficient postage and a fine of five cents in addition.

V.—Packets of samples or patterns may be registered on pre-payment by postage stamp of a registration fee of 5 cents in addition to the postage rate—and provided such packets be duly handed in the Post Office for registration.

A registration receipt or certificate should always be given for such packages when presented for registration.

VI.—No packet of samples or patterns must exceed 24 ounces in weight ; any packet exceeding that weight is to be sent to the Postmaster-General.

Book Post.--Books, bound or unbound, posted in Canada, and addressed to any office in the Dominion, British America, and the United States, are chargeable with the rate of one cent per ounce, which must be pre-paid by postage stamps.

Book packets are forwarded by post from Canada to the United Kingdom and *vice versa*, by Canadian steamer, at the following rates :--For each packet--

Not more than 1 oz.....	2 cents.
Exceeding 1 oz., and not exceeding 2 oz.....	4 "
" 2 oz. " 4 oz.....	6 "
" 4 oz. " ½ lb.....	8 "
" ½ lb. " 12 oz.....	18 "
" 12 oz. " 1 lb.....	24 "
" 1 lb. " 1½ lb.....	30 "

And so on, the scale progressing throughout by a single rate for every four ounces.

And by Cunard packet :--

Not more than 1 oz.....	4 cents.
Exceeding 1 oz. and not exceeding 2 oz.....	6 "
" 2 oz. " 4 oz.....	8 "
" 4 oz. " 8 oz.....	16 "
" 8 oz. " 12 oz.....	24 "
" 12 oz. " 1 lb.....	32 "

And so on, adding one rate for every four ounces.

5--No prints or printed matter will be allowed to pass by book post between the United Kingdom and Canada, unless printed on paper, parchment or vellum.

Book packets addressed to the United Kingdom can be registered on payment of the ordinary registration fee (8 cents), in addition to the postage.

Newspapers by Mail from England.—Newspapers received from England by the Canadian and American Packets are delivered free.

United States newspapers, to regular subscribers, are charged 1 cent each on delivery. Transient papers are charged 2 cents.

Any fraction of 4 ounces to be charged as a full rate.

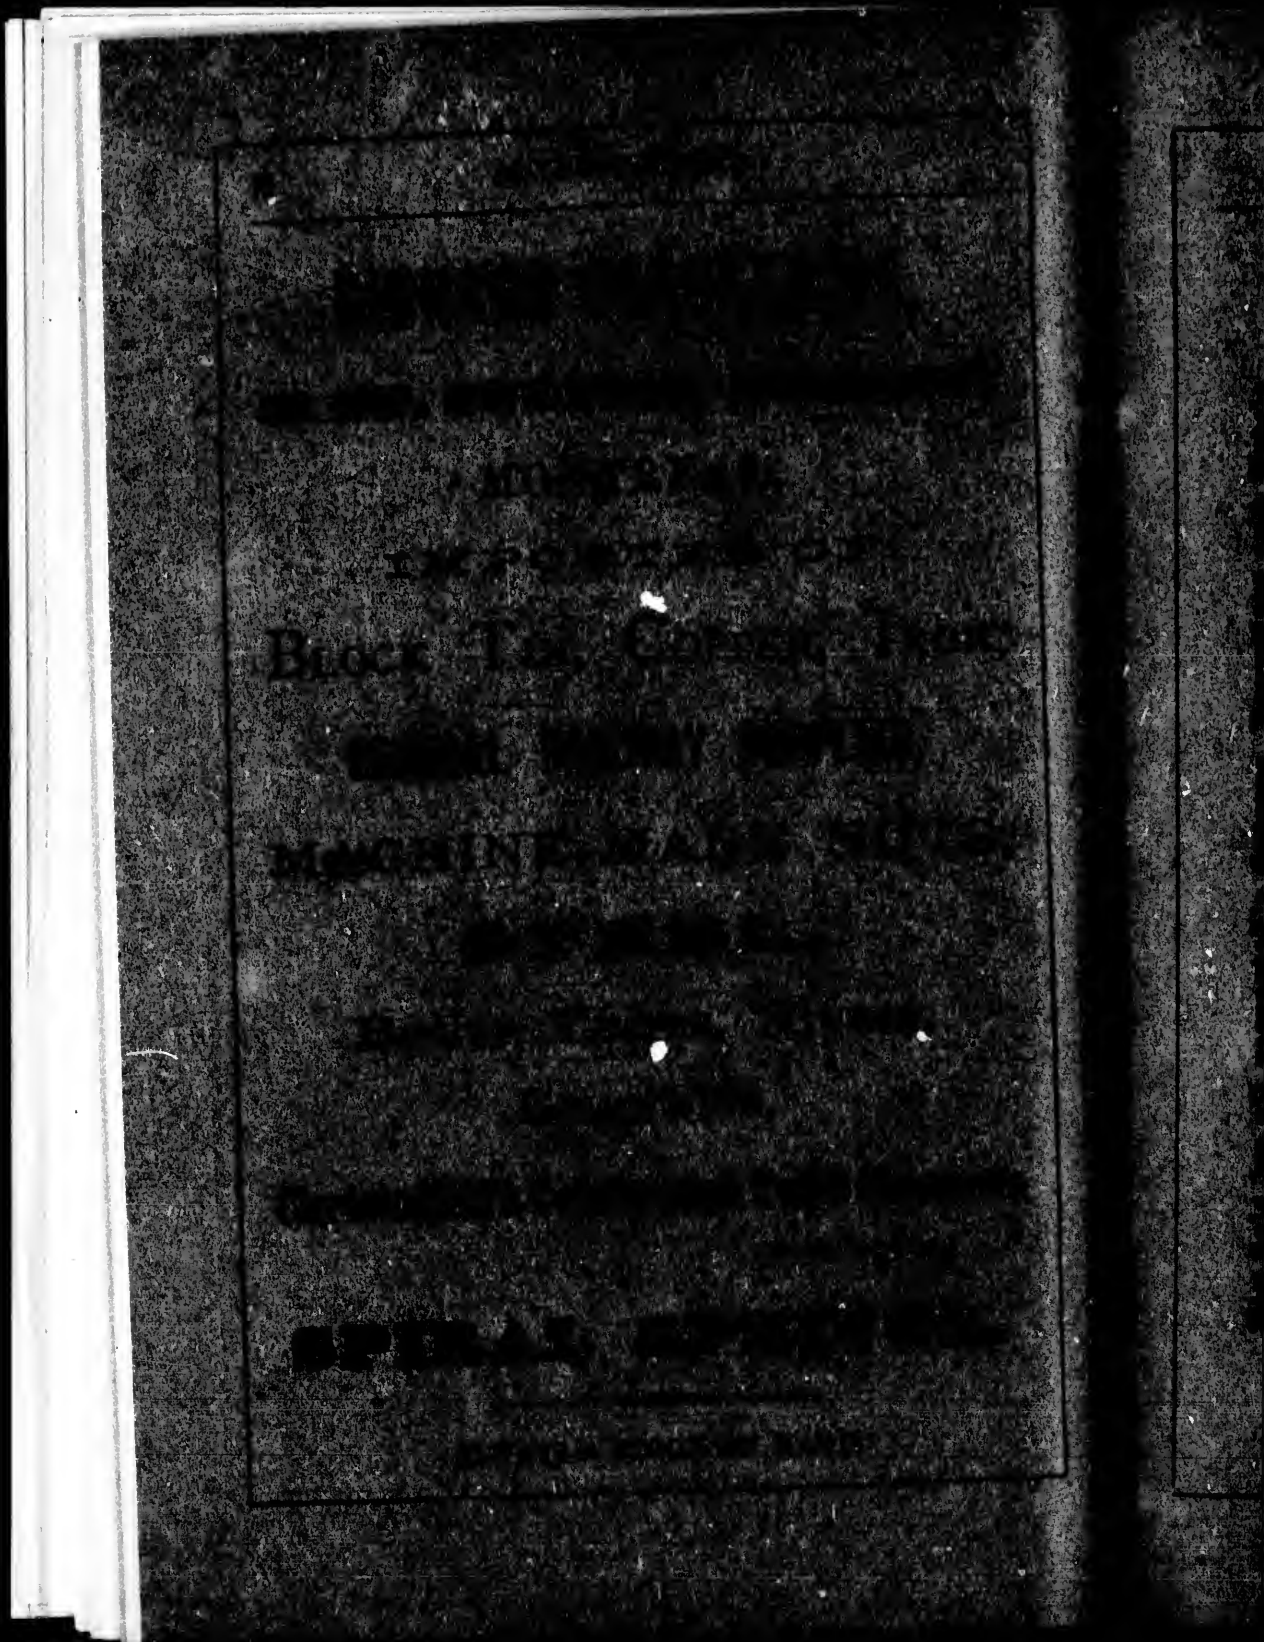

Periodicals weighing less than one ounce per number, posted in Canada for any place within the Dominion, when sent *singly*, pass for *one-half cent* per number, if pre-paid by stamp.

The above rate will be payable *on delivery* on all periodical matter received from the United States, except that Canadian editors may receive exchange periodicals from the United States free of Canadian postage.

Canadian Periodicals posted for United Kingdom, by Canadian Packets.—Periodicals printed and published in Canada may be posted, addressed to any place in the United Kingdom,

POST OFFICE SAVINGS BANK.

The Post Office Savings Banks commenced operations in Ontario and Quebec on the 1st April, 1868.

2. The direct security of the Dominion is given by the Statute for all deposits made.

3. At each Savings Bank Post Office, the Savings Bank regulations may be read by the public, giving full information with respect to the mode of depositing and withdrawing money, and these regulations are printed on the cover of the Pass Book supplied to each depositor.

4. Any person may have a deposit account, and deposits are received daily during the ordinary hours of Post Office business, of any number of dollars, from \$1 up to \$300, the total amount which can be received from a depositor in any one year, except in cases to be specially authorized by the Postmaster-General.

5. The Postmasters of the Savings Bank Offices will act as agents for the receipt of the money deposited for transmission to the Postmaster-General, and for the payment by the Postmaster-General of money withdrawn by depositors.

6. Each depositor is supplied with a Pass Book, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same. In addition, a direct receipt for each amount paid in is sent to the depositor from the Postmaster-General, and the Postmaster-General will issue a cheque payable at any Post Office Savings Bank desired, for any sum withdrawn.

7. Every depositor's account is thus kept with the Postmaster-General, and a depositor may pay into his or her account with the Post Office Savings Bank, at any of the Savings Bank Post Offices which at the time may best suit his convenience, and exercise the same choice in drawing out money, subject only to the obligation of producing the Pass Book, in proof of identity, whenever paying in or drawing out deposits.

8. Interest at the rate of 4 per cent. per annum is allowed on deposits.

9. Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

10. No charge will be made to depositors on paying in, or drawing out money, nor for postage or communications with the Postmaster-General in relation thereto.

11. The Postmaster-General will always be ready to receive and attend to all applications, complaints, or other communications addressed to him by depositors or others, relative to Post Office Savings Bank matters.

12. Additional Post Offices are from time to time authorized to act as Savings Bank agencies.

CANCER CURE.

DR. WOOD,

Sparks Street and Maria Street,

OTTAWA, ONT.

CANCERS CURED

**By a New, but Certain, Speedy, and nearly
Painless Process, and ~~is~~ WITHOUT
THE USE OF THE KNIFE.**

The Cure will be guaranteed, and, as a proof of this, no pay is required until the Cure is complete. The moment a Cancer is discovered it should be Cured, as it will cost less, and is more speedily cured than when of longer standing,—and there is nothing to gain, and everything to lose by delay. What now seems a harmless lump in the breast, neck, eye-lid, or elsewhere, or small wart, or sore on the lip, may, in a few short months, become a hideous, disgusting, destroying, mass of disease. If required, references can be given to parties who have been cured many years since, and who are now sound and healthy. All communications promptly answered. No money required in advance, and none until the cure is complete.
