Corner Jefferson Street, - Fort Wayne, Ind.

HOFFMAN'S PATENT

BAND SAW-MILL FOR SAWING LOGS.

Among the many advantages this Mill has over Circular and Mule Mills we mention:

1st.—SAVING OF LUMBER. Ordinary saws cut five-sixteenths of an inch saw-kerf; our Band Saw takes ONE-TWELFTH. This makes a saving of 229 feet of lumber on each 1,000 feet of inch boards sawed.

2d.—SAVING OF POWER. Twelve-horse power will cut 8,000 feet of lumber per day.

3d.—MAKING BETTER LUMBER.

4th.—FREEDOM FROM DANGER.

We are also prepared to furnish our Improved Patent

BAND SAW MACHINES FOR SCROLL SAWING.

A Mill and the small Machines can be seen in operation at our Factory in Fort Wayne. Manufactured only by

J. R. HOFFMAN & CO., Fort Wayne, Ind.

HOFFMAN BROS.,

**UNDERHILL, CONGDON & MARKLEY,
Monumental, Gravestone, Marble & Granite Works,**

NO. 185 BROADWAY, FORT WAYNE, IND.

Dealers in American and Foreign Marble and Granite Monuments, Gravestones, Cabinet Slabs, Counter Tops, Mantels, Urns, Vases, Corner Posts, and Building Stone. Marble Burial Vaults a Speciality.

Call and see us, at 185 Broadway, or wait until called upon by one of us before purchasing elsewhere. Remember, we sell as cheap as the cheapest, and our work cannot be excelled for the money. The most of our work is done by steam power, which is much better and cheaper than doing it by hand.

Fort Wayne, Ind., April 8th, 1874.

[OVER.]

Underhill, Congdon & Markley.

SPECIAL NOTICE

Is called to a new and elegant MARBLE BURIAL-VAULT, which is now being introduced into the Western States. This Vault meets a want long felt by those called upon to bury friends, viz.: something better to take the place of the unsightly and quickly decaying wooden box commonly used as a receptacle for the coffin. Its merits are as follows: It does away with all mason work in the ground, and also the repairing of gravestones and monuments, caused by the sinking in of the earth. This Vault is made entirely of the strongest and most durable kind of marble, and is placed in the bottom of the grave before receiving the coffin. It never corrodes, and may be made air and water-tight. It supplies an universal desire for a resting place, for it will never change, and does away with many unpleasant thoughts, as we remember those who have gone before us. When once in its place, it must remain without the least trace of decay till the end of time. Those who have bought it invariably say that it possesses every merit which can be claimed for the most massive and expensive family-vault, viz.: absolute security and durability, while the expense is but the smallest fraction of the other. This Vault is often bought for a departed friend years after burial, in case of the removal of remains from one cemetery to another.

The MARBLE BURIAL-VAULT is universally recommended by superintendents of cemeteries and undertakers wherever they have been used, as the best ever made. Its elegance, together with its moderate cost, recommends it to and brings it within the reach of all.

All sizes kept on hand or furnished to order. It may be ordered through any undertaker, sexton, or otherwise. Full and complete directions how to handle and close up are sent with each Vault.

We will handle and close up any Vault ordered for any grave in Allen County, Indiana, if so ordered. The MARBLE-VAULT is made in less pieces and closer joints than those made of common stone, costs but little more, and is better every way. We deal in all kinds of Vaults. Orders by mail or telegraph promptly attended to.

ANTWERP, OHIO,

Is a small village of some 1,200 inhabitants, situated in Caryall township, Paulding county, between the Maumee river and the Wabash and Erie canal. It is distant from Fort Wayne twenty-two miles, via Toledo, Wabash & Western Railway, and four and one-half miles from Indiana state line. The products of this town are principally grain and timber (hardwood), the village being in the midst of as valuable a timber belt as can be found in the State.

HUNTINGTON,

The seat of justice for Huntington county, is located on the Toledo, Wabash & Western Railway, and on the Wabash & Erie Canal, twenty-four miles west of Fort Wayne. It is surrounded by a fine agricultural country settled by wealthy and enterprising farmers. As a manufacturing point, Huntington possesses many advantages over its neighboring towns, and is already the seat of several extensive manufacturing establishments, all of which are doing a large and profitable business. Population is about 4,500, having doubled in a short time.

KENDALLVILLE,

Two miles beyond Lisbon, is at the crossing of the Lake Shore and Michigan Southern Railway with the Grand Rapids and Indiana Railroad. It is situated in the east part of Noble county, 12 miles from Albion, the county seat. It is 28 miles northwest of Fort Wayne, 82 miles west of Toledo, and 141 miles east of Chicago. The surrounding country is rich and productive, and Kendallville monopolizes a good share of the trade of the county. Population, 3,000.

FOR FORT WAYNE BUSINESS MEN,

As there are Eight Stations on the Grand Rapids & Indiana Railroad in Noble County.

MONROEVILLE,

A village of some 1,000 inhabitants, situated on the Pittsburg, Fort Wayne & Chicago Railway, some sixteen miles east of Fort Wayne. Being in the midst of a valuable timber country, it enjoys unusual facilities for trade, and is one of the most important villages in the vicinity of Fort Wayne. It is rapidly increasing in size and population.
