Lectori benevolo salutem.

Sub titulo: „**Abriss der Geschichte der Gesellschaft Jesu**“ anno 1876 Monasterii in Guestfalia ad instar manuscripti impressum fuit opus, quod elaboraverat **R. P. Franciscus Xaverius Wernz** S. J. primario pro Novitiis, Scholasticis et Patribus tertiae probationis, præbendo ipsis brevem conspectum rerum scitu utilium ex historia Societatis, quo facilius a Nostris acquiratur compendiosa saltem et sincera ejusdem notitia.

Cum vero nonnullis abhinc annis multi desideraverint commodiorem et perfectiorem hujus operis editionem, ipsi **A. R. P. Wernz**, qui anno 1906 electus fuerat Præpositus Generalis, opportunum visum est dictum opus *germanicum*, latinitate donatum, correctum, auctum, ad nostros annos continuatum, sub nomine: „**Synopsis historiæ Societatis Jesu**“ in lucem edere, id quod curavit Ludovicus Schmitt S. J. cum auxilio virorum hujus historiæ apprime gnarorum, quibus gratias quam maximas agit. Usus est autem ad hoc præter historias impressas fontibus originalibus, etiam manuscriptis.

Maximo sane dolore omnes affecti sumus, quando audivimus, optimum Patrem Nostrum die 19. Augusti morte nobis præreptum fuisse, brevi tantum tempore post 7^{um} ejusdem mensis, diem sæcularem a Restitutione Societatis, quem epistolis devotissime celebrare et docuerat et præceperat, quo die etiam **Synopsin** hanc in suis et Sociorum manibus videre optaverat. Non vidit, Domino sic disponente. Nam ob varias difficultates operis impressio tamdiu retardata est, ut non nisi mense Novembri perfici potuerit. Nobis interim, qui preces pro anima defuncti Præpositi nostri persolvimus, persuasum est, immensum gloriæ pondus ipsi jam datum esse in sinum ob virtutes et præclara merita in totam Societatem.

De hujus **Synopsis** indole docet „*Dispositio operis*“ proximo folio sequens; inscriptiones autem columnis **Tabularum synchronarum** impositæ quid velint, ipsæ enuntiant. Notetur tantum, quæ pertinent ad Austriam, Bohemiam, Hungariam, et ad Bataviam, Hollandiam vel Neerlandiam, inveniri sub titulo „**Germania, Belgium**“, et quæ concernunt Hiberniam, Scotiam, Sueciam, Russiam et **Galliciam** (in restituta S. J.) sub „**Anglia, Polonia**.“

Austriæ</b> non modo est perturbata tranquillitas, sed et eversa res domestica, ac Socii in fugam ac exilium compulsi. Omnium maxima mala irruerunt in Socios <i>Viennenses</i>, cum hostes obsiderent urbem. Major quidem Sociorum pars, inprimis novitii a Provinciali jussi sunt urbe exire, sed abeuntes a rudi multitudine calumniis, opprobriis, verberibus inpetiti et auctores horum malorum inelamati sunt. Eadem fere erat sors eorum qui remanserant. Qui nihilominus omnia sua, imo et se ipsos ad defensionem urbis impendebant laborando, milites hospitio recipiendo, vulneratis serviendo et medendo, pauperes nutriendo. Inter obsidionem in domo professa tota scholarum æde in xenodochium mutata, 250 saucii vel infirmi curabantur, aliis aliis succedentibus, in <b>C.</b> vero simul 300 ad 500 (per totum tempus ad 1000). PP. omnes non solum labori manuum, sed etiam lucro animarum se devovere in nosocomiis, in viis, in propugnaculis, in domibus, spreto omni contagionis periculo, quæ quidem PP. Nicolaum Rabowski, regentem, et Emericum Kiss, ambos ex <b>C.</b> Pazmaniano, ad caritatis martyrium perduxit. 1733 Cum **Dpr.** *Ulyssiponensis* summis rei familiaris premeretur angustiis, ex inopinato accepit legatum 3000 cruciatorum; insuper præter omnem expectationem summa quædam annua regia liberalitate promissa, sed (cum diploma regium procuratoris in curia amissum esset) frustra identidem repetita, subitaneo pietatis sensu et jussu regio iterum plene soluta est.

1734—1743 In urbe *Victoria*, quo Jo. Franc. de Manrique et Arana, Polemarchus catholici regis exercituum, 2 PP. acciverat, ut paulatim **C.** præpararent, clerus sæcularis et regularis, imo et episcopus, qui tamen amplissimas facultates concesserat, tam strenue obstiterunt, ut post 9 annorum cursum infecta re abire cogentur.

1737—1740 In *Hispania* sodales Mariani in omnibus fere **C.** virtuti exercendæ ex animo incumbunt et in sublevandis ægrotorum et carcere detentorum miseriis versantur. In Ambrosiano e. g. Vallisoleti **C.** 4 sunt sodalitia: 1. grammaticæ scholarium, 2. virorum sub SS. Trinitatis titulo, 3. iudicum togatorum, forensium hominum sub tutela Immaculatæ Virginis, 4. philosophorum, theologorum, juri civili et canonico studentium sub patrono S. Aloysio.

1737 Carolus Burchardius (alias Stöcken) S. J. missionarius *Swerinensis* calumniam gravem sibi et Societati impactam, quod plus quam mille imperiales aut suppressisset, aut inutiliter impendisset, diluit oratione contra calumniam et ratione de pecuniis clare reddita coram omni grege suo masculo, ita ut quantumvis calumniator tergiversaretur, tandem palinodiam cantare coactus sit. — Serenissimus Dux *Swerinensis* missionario suum favorem sæpe ostendit, et quamquam non erat catholicus, festa nocte Domini Nascantis cum tota prope aula concioni et officio divino interesse voluit.

1737 Socii multi *Germaniæ Sup.* missionibus sacris cum maximo fructu vacarunt in plurimis pagis et oppidis *Bavariæ, Tirolis, Sæviæ*, de quibus extat peculiaris relatio.

| <p>1750 Sebast. Joseph de Carvalho, marchio de <b>Pombal</b>, qui se pietati deditum simulaverat, commendatus a regina matre et Jesuitis, a rege Josepho I. <i>Lusitaniæ</i> minister creatur. Mox omnia et ipsum regem gubernans jam 1750 cum Hispanis contractum commutationis iniit, vi cuius 7 reductiones Uruquariæ Lusitanis cederentur, ab his autem Hispani coloniam de Sacramento acciperent. Indiani hoc nolentes, quamvis Jesuitæ dehortarentur, ad arma concurrere, id quod Jesuitarum culpa dicebatur, simulque fabula de regno Jesuitico sub imperatore Nicolao I. diffundebatur. Libellorum famosorum magna copia contra S. J. spargebatur, jamque aliquot Jesuitæ ex coloniis lusitanis Brasiliæ expelli cæpti sunt.</p> <p>1755 Terræ motu Ulyssiponensi plus quam 20000 hominum, inter eos 200 Jesuitæ periire. # Pars secunda

De Instituto et viris illustribus

# I. Notitia summaria de Instituto Societatis Jesu.

## 1. Institutum Societatis Jesu.

Nomine Instituti venit complexus omnium legum quibus regitur Societas.

Variæ prodierunt editiones Instituti, quarum ultima, Florentiæ edita (an. 1892—93), tribus voluminibus in folio constat.

In **primo volumine** continetur Bullarium Societatis, seu Collectio litterarum Apostolicarum ad Societatem spectantium, ac Compendium Privilegiorum Societatis.

In **secundo volumine**, Examen Generale et Constitutiones cum Declarationibus, Decreta Congregationum Generalium, quibus subjacent Canones undecim primarum Congregationum, Censuræ et Præcepta, ac Formulæ variarum Congregationum, nempe Generalis, provincialis, procuratorum, et ad eligendum Vicarium.

In **tertio volumine**, Regulæ tum generales, tum particulares, Ratio Studiorum, Ordinationes et Instructiones Præpositorum Generalium, Industriæ Patris Aquavivæ; deinde Exercitia Spiritualia et Directorium. Volumen clauditur accurato et pretioso Indice totius Instituti.

De singulis his partibus hæc tenenda sunt:

**Litteræ Apostolicæ** primum citra controversiam, uti dignitatis ita et auctoritatis gradum obtinent.

**Compendium Privilegiorum** continet ordine alphabetico privilegia Societatis tum ei a S. Sede directe concessa, tum per communicationem participata, cum eorundem communicatione a Præposito Generali Sociis plus minusve integre facta.

**Examen Generale** cum suis Declarationibus, a S. Patre Ignatio conscriptum, omnibus Candidatis proponendum, brevem Societatis notitiam præbet et qualitates dispositionesque in admittendis requisitas indicat.

**Constitutiones** decem partibus constant:

1. Pars, de admissione ad probationem tractat.
2. Pars, de dimissione sive post vota sive ante ea in ipsa probatione.
3. Pars, de mediis ad conservandum et promovendum eos qui in variis probationis gradibus versantur.
4. Pars, de Scholasticorum in litteris instructione et de studiis tum Nostrorum, tum aliorum in Collegiis et Universitatibus Societatis.
5. Pars, de cooptatione in corpus Societatis, ad varios ejus gradus per vota, de Professione, de votis Coadjutorum et Scholasticorum.
6. Pars, de Professorum et Coadjutorum formatorum obedientia, paupertate et castitate.<sup>1)</sup>
7. Pars, de ministeriis in proximorum utilitatem, quibus Societas incumbit.
8. Pars, de unione membrorum Societatis, inter se et maxime de Congregatione Generali et electione Præpositi Generalis.

9. Pars, de Præposito Generali, de ejus qualitatibus, auctoritate, officio.

10. Pars, de modo quo Societas in suo bono statu conservari et augeri potest.

Singulis Examinis et Constitutionum Capitibus S. Ignatius **Declarationes** addidit, quæ ad magis particularia descendunt. Non minoris sunt auctoritatis ac ipsæ Constitutiones (ut dicitur in Proœmio Const.).

His ut appendix adnectitur **formula votorum simplicium**, quæ Professi emittunt post professionem, juxta Constitutiones.

Constitutiones vero et Declarationes, ex explicita dispositione S. Parentis (P. VI. C. 5) nullam obligationem ad peccatum mortale vel veniale inducunt, his exceptis quæ sub votis cadunt, nisi eis superaddatur præceptum strictum Superioris. Obligant vero ad pœnam.

**Decreta Congregationum Generalium**, utpote ordinationes supremæ auctoritatis in Societate post Constitutiones proximum locum tenent, ac eandem vim habent atque ipsæ Constitutiones. Editio Instituti Romana et Florentina inseruerunt, ut appendicem, decreta quinque Congregationum, quæ in Alba Russia habitæ sunt.

Ex undecim prioribus Congregationibus **Canones** extracti sunt rerum scilicet ad praxim magis pertinentium. Congregationi autem XII. visum est deinceps non extrahendos esse canones.

**Censuræ et Præcepta**, ut patet, obligant et quidem sub gravi.

**Formulæ Congregationum**, auctoritate Congregationum Generalium confectæ et approbatæ, eandem vim habent ac Congregationum decreta.

**Regulæ** aliæ sunt generales, quæ omnes respiciunt (Summarium Constitutionum, Regulæ communes, Modestæ), vel diversas Sociorum classes (Regulæ sacerdotum, Scholasticorum, Coadjutorum temporalium etc.), aliæ sunt particulares, sc. variorum officiorum (v. g. Provincialis, Rectoris, ministri, æditui, coqui). Has regulas jam prævidit necessarias S. Ignatius (Proœm. Const.), non tamen ipse plene confecit, sed vel jussu Congregationum Generalium, vel auctoritate priorum Præpositorum generalium confectæ sunt. Paulo minorem auctoritatem habent quam Constitutiones vel Decreta (Congr. VII. d. 76), nisi ex Decretis vel Constitutionibus sint desumptæ. Eas nullus Superiorum, præter Generalem condere potest (Congr. I. d. 143).

Regulis generalibus subnectuntur aliqua documenta etiam generalia, sc. Epistola de Obedientia, Instructio ad reddendam rationem conscientiæ, Catalogus Missarum et orationum, Formula scribendi, Formulæ votorum variæ.

**Ratio Studiorum** traditur secundum antiquam ejus editionem, non autem juxta recentiore[m] Patris Roothaan, quæ hucusque a Congr. Generali approbata non est.

<sup>1)</sup> Distinctio hic facta inter 3am et 6am partem praxi fere evanuit: Regulæ Summarii, quæ omnibus observandæ proponuntur æque ex utraque parte desumuntur.

**Ordinationes Præpositorum Generalium**, ad formam quam habent in Instituto, ex jam existentibus ordinationibus fuerunt jussu Congregationis VII. contractæ. Dividuntur in 21 capita. Eis a tempore Congregationis VII. nulla jam alia, præter Ordinationem Patris Beekx de libris evulgandis, fuit addita. His ordinationibus, quamvis Instituto corpori insertis, Congr. VII. d. 81. eam tantum vim inesse declaravit quam habent reliquæ Generalium ordinationes. Earum caput IV. **Monita generalia** continet. Reliqua capita personas particulares respiciunt, v. g. Provinciales, Superiores locales, Consultores, aut ad aliquas res particulares spectant, v. g. ad tertium Probationis annum, ad Collegia acceptanda etc.

**Instructiones ad Provinciales et Superiores Societatis.**

XXI sunt numero, quibus præmittitur Instructio Patris Aquavivæ pro Superioribus ad augendum conservandum-

que Spiritum, et subnectitur Instructio pro administratione rerum temporalium. Ex prædicto decreto 81. Congr. VII. vim directivam tantum habent. Sequuntur Industriæ Patris Aquavivæ, et Exercitia Spiritualia cum Directorio.

Hæ sunt variæ Instituti partes.

**Epitome Instituti** est Compendium totius Instituti, jussu Præp. Generalium confectum. Diversas leges in diversis Instituti partibus sparsas, et ad eandem materiam spectantes coadunat, et proponit ordine nonnihil diverso ac Constitutiones.

Epitome nullam vim addit legibus; sed singulæ eandem retinent quam habent ex his Instituti partibus unde educuntur.

## 2. Membrorum Societatis variæ classes.

Qui admittuntur Socii, alii sunt Sacerdotes, aut ad Sacerdotium destinati; alii fratres laici. Aliqui tamen candidati ut indifferentes admittuntur (Exam. gen.); qui, post exactum novitiatum, ex d. 52. Congregationis IV. ad alterutram classem determinari debent.

Post biennium novitiatum, omnes vota simplicia et perpetua paupertatis, castitatis et obedientiæ emittunt, quibus vere religiosi constituuntur. Per hæc vota novitii clerici constituuntur Scholastici approbati; tunc per plures annos ad studia litteraria, philosophica, et theologica, et generatim etiam ad magisterium in Collegiis exercendum applicantur. Finitis studiis tertium probationis annum agunt. Expletis tandem Societatis ac suæ ætatis annis requisitis, dummodo mediocritatem in virtutibus superent, ad gradum promoventur, sive Professorum, si dona ad hunc gradum requisita habeant, sive

Coadjutorum spiritualium. Professi vota solemnia nuncupant, tribus consuetis Religionis votis addunt quartum votum, etiam solemne, obedientiæ Summo Pontifici circa Missiones, et ideo dicuntur Professi quatuor votorum; præterea emittunt quinque alia vota simplicia, quæ paupertatem non relaxandam et prælaturas spectant. Alii autem sacerdotes vota tantum simplicia emittunt, et dicuntur Coadjutores spirituales. Aliqui tamen, propter varia merita, ad solemnem professionem trium votorum Religionis admittuntur. Non tamen propterea aliorum Professorum privilegia habent, sc. ut ad Congregationem generalem aut procuratorum deputentur, neque ut ad aliqua officia eligantur. — Eadem autem est vitæ ratio Professis ac Coadjutoribus. Fratres laici etiam, cum requisita haberint, ad gradum Coadjutorum temporalium formatorum promoventur.

## 3. Regimen Societatis.

Suprema potestas in Societatem, primo **Summo Pontifici** ut patet, competit, deinde **Congregationi Generali**. Hæc sola jus habet leges condendi quæ eandem vim habeant ac ipsæ Constitutiones, easque declarandi, mutandi aut abrogandi; item statuendi de rebus perpetuis et magni momenti, ut est v. g. domus dissolutio. Ea præterea eligit Præpositum Generalem, Assistentes et Admonitorem Præpositi Generalis. — Ad Congregationem Generalem jus habent Pater Generalis vel Vicarius Generalis, Assistentes, omnes Provinciales, ac duo electores ex singulis provinciis, qui sunt Professi 4 votorum, a Congregationibus provincialibus electi et missi. Post electionem ad tractanda negotia admittuntur Secretarius Societatis, Procurator generalis, aliique qui legitime vocati fuerint. Congregatio Generalis necessario convocanda est ad electionem Præpositi Generalis; convocari etiam potest ad graviora tractanda negotia, sed vix nisi ad illa quæ omnino ejus auctoritatem requirunt.

Singulis autem trienniis convocatur **Congregatio Procuratorum**, quæ constat, præter Præpositum Generalem et Assistentes, deputatis a Provinciis missis. Singulæ Provinciæ unum procuratorem, Professum 4 votorum in

Congregatione provinciali eligunt; qui res provinciæ ad Præpositum Generalem deferat, et cum aliis in Congregatione coadunatis deliberet, an convocanda sit necne Congregatio Generalis.

**Præpositus Generalis** supremam exercet administrationem in Societatem. Attamen Congregationi Generali subjectus est; Constitutionibus ac Decretis Congregationum Generalium est ligatus, quæ nedum abrogare aut mutare, sed neque authentice, verum solummodo ad praxim bonæ gubernationis declarare potest.

Ipsi quidem regulas aut ordinationes condere licet, sed quæ possunt ab alio Præp. Generali abrogari. Eligitur ad vitam. In suo officio adjuvatur consilio PP. Assistentium, qui tamen generatim non habent nisi vocem consultativam. Ipse constituit Præp. Provinciales, Rectores et Præpositos domorum Professorum. Ejus potestas nona parte Constitutionum determinatur. Debet ante mortem designare Vicarium Generalem, qui Congregationem generalem intra sex menses convocet, ac Societatem regat usque ad electionem novi Generalis.

Societas in Assistentias et Provincias dividitur. Nunc quinque sunt Assistentiæ et 27 Provinciæ.

## 5. Opera misericordiæ corporalia.

Jam S. Ignatius fecerat plures fundationes pro salute corporali hominum, laudatus propterea valde in bulla canonizationis. Probat historia Societatis, ipsam tempore variorum morborum pestiferorum et aliorum infortuniorum generose obtulisse et sacrificasse filios suos ad leniendos hominum dolores. Præcindendo a quibusdam heroibus, ut *S. Aloysio* Scholastico, *P. Carrafa*, *S. Petro Claver*, et multis missionariis, legimus in catalogo Patris Alegambe (continuato a P. Nadasi) 1190 Patres et Fratres ab anno 1556 ad 1657 obiisse victimas caritatis in servitio ægrotorum.

Anno 1656 in sola civitate Neapoli non minus 60 Jesuitæ mortem obierunt inserviendo peste infectis. A

1679—1726 numerus talium victimarum ascendit ad 313 (juxta dictum catalogum. Cf. etiam ann. 1799, Hispania, supra col. 390).

Eodem modo egit restituta Societas apparente a. 1832 morbo, qui dicitur cholera, Romæ, Neapoli, Panormi et postea, e. gr. in Gallia et in bello gallo-russico (Krim). P. Roothaan ipse in instructionibus ad Provinciam Germaniæ hortabatur ad sacrificandum se generose.
