

program. To help guide the recovery effort, the Service is working to prepare recovery plans for most of the listed species native to the United States, its Territories and Commonwealths. Recovery plans describe actions considered necessary for conservation of the species, criteria for recognizing the recovery levels for downlisting or delisting them, and initial estimates of times and costs to implement the recovery measures needed.

The Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*) (Act) requires the development of recovery plans for listed species unless such a plan would not promote the conservation of a particular species. Section 4(f) of the Act, as amended in 1988, requires that a public notice and an opportunity for public review and comment be provided during recovery plan development. The Service will consider all information presented during a public comment period prior to approval of each new or revised recovery plan. Substantive technical comments will result in changes to the plan. Substantive comments regarding recovery plan implementation may not necessarily result in changes to the recovery plan, but will be forwarded to appropriate Federal or other entities so that they can take these comments into account during the course of implementing recovery actions. Individualized responses to comments will not be provided.

The species being considered in this recovery plan are *Haplostachys haplostachya* and *Stenogyne angustifolia*. *Haplostachys* and *Stenogyne* are two of four endemic genera within the mint family (Lamiaceae). Both species were formerly much more widespread throughout the Hawaiian Islands. The species distribution included populations on Maui, Kauai, Hawaii, and Molokai (for *S. angustifolia*) and a variety of habitat types. Introduced animals and land clearing for agriculture over the past 200 years have altered these forests so extensively that little primary habitat remains. *H. haplostachya* was described in 1862, and *S. angustifolia* was described in the mid-1800's. However, both species were considered to be extinct until their rediscovery at PTA in 1977. Browsing by introduced goats and sheep, rooting by feral pigs, competition with alien plants, trampling by hunters and military personnel, and fire are now the major threats to the species' survival. Other threats are introduced insect predators and pathogens.

*Haplostachys haplostachya* is represented by 14 populations, all of

which occur at PTA. *Stenogyne angustifolia* is represented by nine populations, seven of which are located at PTA. One population occurs at Puu Anahulu, and one population at Waikoloa. Until the proper genetic analyses are conducted, population estimates are difficult to make because of the importance of vegetative reproduction. However, only two populations of *H. haplostachya* are believed to be comprised of more than 100 individuals. The areas of emphasis for recovery actions are the population sites located at PTA, Puu Anahulu, and Waikoloa on the island of Hawaii. In addition, the recovery plan emphasizes establishing new populations on Maui, Kauai, and Molokai (for *S. angustifolia*).

Recovery efforts will focus on protection of all extant individuals from pigs, goats, sheep, alien plant species, fire, insect predators and pathogens, propagation of genetically suitable plants to augment the existing populations, and establishment of new populations in suitable habitat areas.

#### Public Comments Solicited

The Service solicits written comments on the recovery plan described. All comments received by the date specified above will be considered prior to approval of this plan.

[Docket Nos. AB-145X, AB-55 (Sub-No. 475X)]

**The Carrollton Railroad Company—Abandonment Exemption—In Carroll County, KY; CSX Transportation, Inc.—Discontinuance Exemption—In Carroll County, KY**

The Carrollton Railroad Company (Carrollton), as owner, and CSX Transportation, Inc. (CSXT), as lessee,<sup>1</sup> have filed a notice of exemption under

<sup>1</sup> Carrollton is a wholly owned subsidiary of CSXT. Both carriers are part of CSX Transportation, a unit of CSX Corporation.

49 CFR part 1152 subpart F—*Exempt Abandonments and Discontinuances* for Carrollton to abandon and CSXT to discontinue service over approximately 1.72 miles of rail line between Milepost OCR-7.51 and Milepost OCR-9.23 at Carrollton, Carroll County, KY.

Carrollton and CSXT have certified that: (1) No local traffic has moved over the line for at least 2 years; (2) there is no overhead traffic on the line; (3) no formal complaint filed by a user of rail service on the line (or by a State or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to governmental agencies) have been met.

As a condition to use of this exemption, any employee adversely affected by the abandonment and discontinuance of service shall be protected under Oregon Short Line R. Co.—Abandonment—Goshen, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on October 20, 1993, unless stayed pending reconsideration. Petitions to stay that do not involve environmental issues,<sup>2</sup> formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2),<sup>3</sup> and trail use/rail banking requests under 49 CFR 1152.29<sup>4</sup> must be filed by September 30, 1993. Petitions to reopen or requests for public use conditions under 49 CFR 1152.28 must be filed by October 12, 1993, with: Office of the Secretary, Case Control Branch,

<sup>2</sup> A stay will be issued routinely by the Commission in those proceedings where an informed decision on environmental issues (whether raised by a party or by the Commission's Section of Energy and Environment (SEE) in its independent investigation) cannot be made prior to the effective date of the notice of exemption. See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C.2d 377 (1989). Any entity seeking a stay on environmental grounds is encouraged to file its request as soon as possible in order to permit this Commission to review and act on the request before the effective date of this exemption.

<sup>3</sup> See *Exempt. of Rail Abandonment—Offers of Finan. Assist.*, 4 I.C.C.2d 164 (1987).

<sup>4</sup> The Commission will accept a late-filed trail use request as long as it retains jurisdiction to do so.

A copy of any pleading filed with the Commission should be sent to applicants' representative: Charles M. Rosenberger, Senior Counsel, CSX Transportation, Inc., 500 Water Street, J150, Jacksonville, FL 32202.

If the notice of exemption contains false or misleading information, use of the exemption is void *ab initio*.

Applicants have filed an environmental report which addresses the effects of the abandonment and discontinuance of service, if any, on the environmental and historic resources. SEE will issue an environmental assessment (EA) by September 24, 1993. Interested persons may obtain a copy of the EA by writing to SEE (room 3219, Interstate Commerce Commission, Washington, DC 20423) or by calling Elaine Kaiser, Chief of SEE, at (202) 927-6248. RIN 1115-AC30

#### Extension of Designation of Somalia Under Temporary Protected Status Program

AGENCY: Immigration and Naturalization Service, Justice.

ACTION: Notice.

**SUMMARY:** This notice extends, until September 17, 1994, the Attorney General's designation of Somalia under the Temporary Protected Status program provided for in section 244A of the Immigration and Nationality Act (Act). Accordingly, eligible aliens who are nationals of Somalia, or who have no nationality and who last habitually resided in Somalia, may re-register for Temporary Protected Status and

extension of employment authorization. This re-registration is limited to persons who already registered for the initial period of Temporary Protected Status, which ended on September 16, 1992, and who re-registered for the second period which ends on September 17, 1993.

**EFFECTIVE DATE:** This designation is effective on September 18, 1993, and will remain in effect until September 17, 1994. Re-registration procedures become effective on September 20, 1993, and will remain in effect until October 20, 1993.

**FOR FURTHER INFORMATION CONTACT:** Ronald Chirlin, Senior Immigration Examiner, Immigration and Naturalization Service, room 7123, 425 I Street, NW., Washington, DC 20536, telephone (202) 514-5014.

**SUPPLEMENTARY INFORMATION:** Under section 244A of the Act, as amended by section 302(a) of Public Law 101-649 and section 304(b) of Public Law 102-232 (8 U.S.C. 1254a), the Attorney General is authorized to grant Temporary Protected Status in the United States to eligible aliens who are nationals of a foreign state designated by the Attorney General, or who have no nationality and who last habitually resided in that state. The Attorney General so designates a state, or a part thereof, upon finding that the state is experiencing ongoing armed civil strife, environmental disaster, or certain other extraordinary and temporary conditions that prevent nationals or residents of the country from returning in safety.

Effective on September 16, 1991, the Attorney General designated Somalia for Temporary Protected Status for a period of 12 months, 56 FR 46804. The Attorney General extended the designation of Somalia under the Temporary Protected Status program for an additional 12 months until September 17, 1993, 57 FR 32232.

This notice extends the designation of Somalia under the Temporary Protected Status program for an additional 12 months, in accordance with sections 244A(b)(3) (A) and (C) of the Act. This notice also describes the procedures with which eligible aliens who are nationals of Somalia, or who have no nationality and who last habitually resided in Somalia, must comply in applying for continuation of Temporary Protected Status.

#### Notice of Extension of Designation of Somalia Under Temporary Protected Status Program

By the authority vested in me as Attorney General under section 244A of the Immigration and Nationality Act, as

amended, and pursuant to sections 244A(b)(3) (A) and (C) of the Act, I have determined that, as a result of the continued armed conflict in that nation, there still exist extraordinary and temporary conditions in Somalia that prevent aliens who are nationals of Somalia, and aliens having no nationality who last habitually resided in Somalia, from returning to Somalia in safety. I have further determined that permitting nationals of Somalia, and aliens having no nationality who last habitually resided in Somalia, to remain temporarily in the United States is not contrary to the national interest of the United States. Accordingly, it is ordered as follows:

(1) The designation of Somalia under section 244A(b) of the Act is extended for an additional 12-month period from September 18, 1993, to September 17, 1994.

(2) I estimate that there are approximately 350 nationals of Somalia, and aliens having no nationality who last habitually resided in Somalia, who have been granted Temporary Protected Status and who are eligible for re-registration.

(3) A national of Somalia, or an alien having no nationality who last habitually resided in Somalia, who received a grant of Temporary Protected Status during the initial period of designation from September 16, 1991, to September 16, 1992, and who re-registered for the second period which ends on September 17, 1993, must comply with the re-registration requirements contained in 8 CFR 240.17, which are described in pertinent part in paragraphs (4) and (5) of this notice.

(4) A national of Somalia, or an alien having no nationality who last habitually resided in Somalia, who previously has been granted Temporary Protected Status, must re-register by filing a new Application for Temporary Protected Status, Form I-821, together with an Application for Employment Authorization, Form I-765, within the 30-day period beginning on September 20, 1993, and ending on October 20, 1993, in order to be eligible for Temporary Protected Status during the period from September 18, 1993, until September 17, 1994. Late re-registration applications will be allowed for "good cause" pursuant to 8 CFR 240.17(c).

(5) There is no filing fee for the Form I-821 filed as part of the re-registration application. The fee prescribed in 8 CFR 103.7(b)(1) will be charged for the Form I-765, filed by an alien requesting employment authorization pursuant to the provisions of paragraph (4) of this notice. An alien who does not request

employment authorization must file Form I-821 together with Form I-765 for information purposes, but in such cases both Form I-821 and Form I-765 will be without fee.

(6) Pursuant to section 244A(b)(3)(A) of the Act, the Attorney General will review, at least 60 days before September 17, 1994, the designation of Somalia under the Temporary Protected Status program to determine whether the conditions for designation continue to exist. Notice of that determination, including the basis for the determination, will be published in the Federal Register.

(7) Information concerning the Temporary Protected Status program for nationals of Somalia, and aliens having no nationality who last habitually resided in Somalia, will be available at local Immigration and Naturalization Service offices upon publication of this notice.

Dated September 14, 1993.

Janet Reno,

Attorney General.
