

# 20 05 FFA

ANNUAL  
REPORT

NATIONAL FFA  
FOUNDATION

# FOREVER BLUE.

**FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. Agricultural Education prepares students for successful careers and a lifetime of informed choices in the global agriculture, food, fiber and natural resource systems.**

The National FFA Organization is a resource and support organization that does not select, control or supervise state association, local chapter or individual member activities except as expressly provided for in the National FFA Organization Constitution and Bylaws.

The National FFA Organization affirms its belief in the value of all human beings and seeks diversity in its membership, leadership and staff as an equal opportunity employer. The National FFA Organization is a resource and support organization that does not select, control or supervise state association, local chapter or individual member activities except as expressly provided for in the National FFA Organization Constitution and Bylaws.

Monsanto Company  
2007 Chair Elect

## DEAR NATIONAL FFA FOUNDATION SUPPORTERS,

FFA members across this country demonstrated to the world and especially to the FFA members affected by the hurricanes in the gulf region that they care about agricultural education, FFA and their fellow members. The “Seeds of Hope” campaign has raised over \$500,000 to rebuild agricultural education and FFA in the affected area. I want to congratulate and applaud FFA members for their leadership in making this project very successful.

The “Seeds of Hope” campaign capped off another record year for the National FFA Foundation. Your generosity was unbelievable and words cannot express the genuine appreciation your National FFA Sponsors Board wishes to share with you. Because of your support we were able to raise \$11,603,853 for the FFA. Your corporate and individual support as well as your passion for agricultural education and FFA are all recognized and appreciated by the entire organization. It is very rewarding to see new sponsors fall in love with FFA and even more amazing to see the longevity and loyalty of both individual and corporate sponsors over the years.

I would like to personally thank each member of the 2005 Sponsors Board and our devoted Foundation Staff. The opportunity to work with an organization that approaches their job with passion, professionalism and integrity has truly been an honor and a privilege. The leadership of individuals like Dr. Larry Case, Doug Loudenslager, Kent Schescke and Dennis Sargent is fundamental to the continued success of the entire organization. To the professional Ag Educators, community volunteers, and parents that devote many hours to train, mentor and encourage our young people, I offer my sincere appreciation and thanks for your efforts.

American agricultural needs the basic educational and leadership skills that FFA provides for more than 490,000 members across the country. Your continued investment in FFA is an investment in the training and development of these young people who are the future leaders of American agriculture. It is exciting and rewarding to get involved with FFA and to be associated with these young people. Their enthusiasm, hard work and dedication are all contagious. I encourage you to get more involved with the local FFA Chapters around you and let them motivate and encourage you about the future of agriculture.

Once again thank you for joining your National FFA Sponsors Board in supporting FFA and agricultural education. “Forever Blue” is an emblem of excellence in learning, leadership and stewardship all across our nation.

*Best regards,*

## **NEW SPECIAL PROJECT: LIFE KNOWLEDGE CENTER FOR AGRICULTURAL EDUCATION**

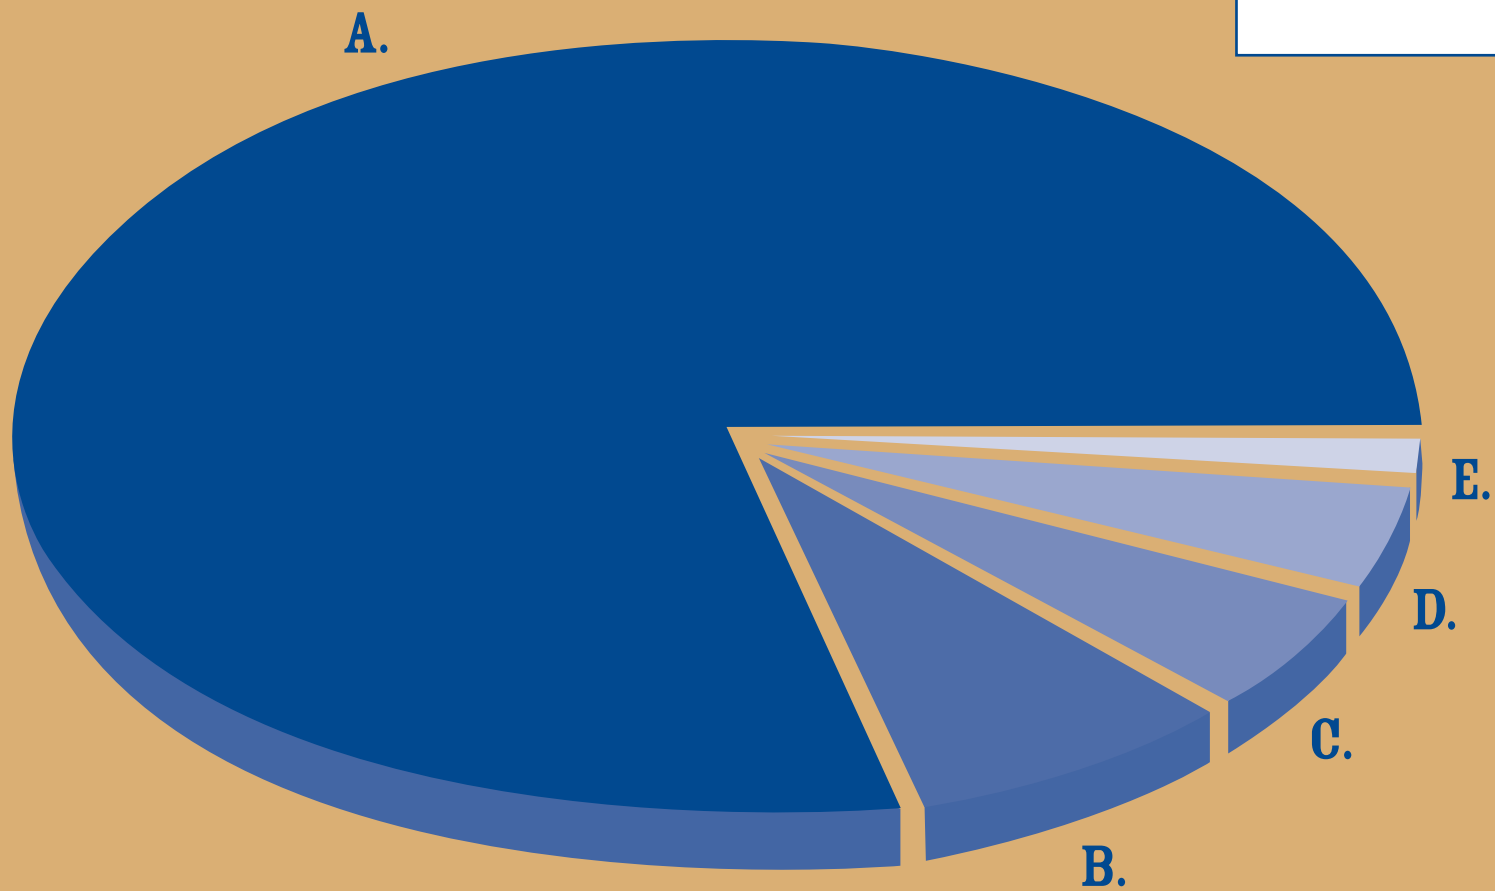

**LIFE KNOWLEDGE IS A COMPREHENSIVE  
FRAMEWORK THAT ENSURES EVERY  
AGRICULTURE EDUCATION STUDENT  
RECEIVES THE LIFE SKILLS TO REALIZE  
THE FFA MISSION OF PREMIER LEADERSHIP,  
PERSONAL GROWTH AND CAREER SUCCESS.**

“Combining academics and LifeKnowledge materials is a win-win for us all. All agricultural science education students have the opportunity to become prepared to solve problems, think critically and have a variety of experiences not realized in other classrooms across the country. Because Monsanto is exclusively dedicated to agriculture and its related sciences, we have a deep commitment to the development and education of our agricultural leaders. Life Knowledge is one more way that we can contribute to the long-term prosperity of American agriculture.”

“ FFA provides a great avenue for us to communicate our company’s educational messages with FFA members and their teachers. There’s also a huge alignment between our organization’s values and culture and FFA’s...we both stand for integrity and opportunity for youth. We get excited when we can support groups where we have a shared alignment, and it’s a key reason why we’ve sponsored FFA for 59 years.”

**Phil McAdams**  
 President, Wrangler Westernwear  
 Wrangler

“The Wrangler brand has always been involved in communities where our customers live. FFA members match up with our brand’s values of honesty, commitment and community. We support organizations like FFA that develop young people for the future...for us, there’s nothing more important than investing in our future leaders.”

“As an organization, we are committed to rural development and a healthy nation, and place a high value in the leadership and development of young people to support that commitment. We have 300,000 farmer producer members, many of whom have roots and connections with FFA, so there is a great fit for FFA with our organization. FFA's young people make us optimistic for the future and we believe FFA is an excellent place to develop leadership skills.”

Manager, Customer Education  
Briggs & Stratton Corp.

“Briggs & Stratton and FFA share a common sense of values and there are many parallels between our organizations. Similar to how our company was founded with an entrepreneurial spirit and vision nearly 100 years ago, FFA gives its members an opportunity to believe that anything is possible if they establish goals and work hard to achieve them. FFA tells our nation's youth that the power is within them to achieve great things. We feel that FFA encompasses the heart and soul of our country – it's a grassroots organization that promotes individual leadership roles. We look to support organizations that embody those values and have been very impressed with the young people who are part of FFA.”

“For us, the real joy is being able to see our gift in action. These are impressive, smart, and hard working young people who deserve the very best. FFA promotes all of the qualities that young people need to be successful in agriculture, business and life. We have enjoyed playing a small part in their success.”

*Dean Carlson on the joy of seeing his family's scholarship endowment and generous contributions help young people.*
