

Owl's Clover
(*Castilleja exserta*)

Palmer's Penstemon
(*Penstemon palmeri*)

Rush Milkweed
(*Asclepias subulata*)

Scorpionweed
(*Phacelia distans*)
Known as Phacelia.

Woolly Lotus
(*Acmispon glaber*)
Known as Deerweed.

Yellow Cups
(*Camissonia brevipes*)

ARIZONA WILDFLOWERS

IT'S WILDFLOWER SEASON!

You are enjoying nature's infinite ability to thrive in different environments. Please use this guide to identify the many flowers you may see in your amazing state park adventures!

These wildflowers could be the result of seeds from several years ago that lay dormant before coming to life during a wet weather year. To help others enjoy the flowers for years to come, please do not pick flowers or go off trail. Leave the flowers and plants as your living legacy to future generations. Help us preserve these natural spaces for everyone to experience.

Parry's Penstemon
(*Penstemon parryi*)

Prairie Coneflower
(*Ratibida columnifera*)

Silverleaf Nightshade
(*Solanum elaeagnifolium*)

Skeletonweed
(*Eriogonum deflexum*)

Prairie Fire
(*Castilleja linariifolia*)

Prickly Poppy
(*Argemone pleiacantha*)

Snakeweed
(*Gutierrezia sarothrae*)

Storcksbill
(*Erodium cicutarium*)
Known as Filaree

Purple Mat
(*Nama demissum*)

Rhatany
(*Krameria erecta*)

Tall Mountain Larkspur
(*Delphinium scaposum*)

Texas Toadflax
(*Nuttallanthus texanus*)
