## Mobile TV tuner for DTT/Freeview

Watch and record live television on your iPad anywhere with Tivizen, Elgato's mobile TV tuner for DTT (Freeview). Tivizen sends a live TV signal straight to your iPad, iPhone and even to your computer; it is completely wireless and you do not need an Internet connection to use it. Weighing only 68 grams (2.5 ounces) and about the size of a mobile phone, Tivizen slips easily into your pocket. It includes a built-in rechargeable battery to give you over 3.5 hours of live TV on the go.

Get Elgato's Tivizen app to watch live TV on an iPad & iPhone; it's free and is available on the App Store.

Elgato's Tivizen comes with award-winning EyeTV software for Mac and THC software for Windows to watch, record, edit and enjoy live TV wirelessly on your computer.

### What's in the Box

- Tivizen DVB-T Receiver
- USB cable
- Software download guide (THC and EyeTV 3)

### System Requirements

- iPad 2, iPad, iPhone 4, iPhone 3GS, iPod touch® (4th & 3rd generation); iOS 4.2 or newer
- Mac: Intel Core CPU, Mac OS X v10.5.8 or later, 1 GB RAM
- PC: 2.0 GHz Intel / AMD CPU, Windows 7, 1 GB RAM

### Note:

- Tivizen supports MPEG-2 standard definition video. MPEG-2 HD and MPEG-4/H.264 video are not supported on iPhone and iPad.
- Freeview HD or DVB-T2 is not supported
- EyeTV and THC software support MPEG-2 and MPEG-4/H.264 in both SD and HD. 720p or 1080i HD video requires an Intel Core 2 Duo processor.
- DVB-T broadcasts vary in bitrate. Playback quality of high bitrate channels may be limited by 802.11g Wi-Fi network bandwidth.
- Tivizen ships with mobile versions of TV software that support program guide data from the DVB-T stream; tvtv guide data is not supported.

### Technical Specifications

#### DVB-T-Tuner

- Decoder: High-performance ARM 9 RISC-Processor
- Frequency range: 177.5 - 226.5MHz (VHF); 474 - 858MHz (UHF)
- Supported digital TV standards: DVB-T
- COFDM Demodulator: Supported modulations 16, 64 QAM, QPSK; Bandwidths 6, 7, 8 MHz

#### Input and Output

- USB 2.0 (to charge battery)

#### Power Supply

- Removable Li-Ion battery (3.7V 1050 mAh)

#### Weight & Dimensions

- 92 × 52 × 12 mm
- 68 g
