In reference to the above code the letters AA, SS and TT should be pronounced "Double A," "Double S" and "Double T."

Schedule of Rates

	Gross Per Month	Net Per Month
Business, one party	\$ 2.50	\$ 2.25
Business, extension telephone50	.50
Residence, one party, wall phone	1.50	1.25
Residence, one party, desk phone	1.75	1.50
Residence, extension telephone50	.50
Fraternity Halls and Churches50	.50
Schools, wall telephone	1.50	1.25
Schools, desk telephone	1.75	1.50
(Schools are billed for school year only.)		
Rural, per month	1.50	1.25

Bills for local subscribers are payable monthly in advance. If payment is made on or before the 15th of the current month the net bill is applicable. Thereafter, the gross bill is due and payable, and after the 15th of the month the subscriber is subject to disconnection and service will not be restored until all arrears, together with a charge of \$1.50 are paid.

Rural subscribers are to be billed monthly and are to have the entire month in which to obtain the net rate.

Service charges are due and payable at the company's office (not central office) within the discount period shown on each bill. Accounts unpaid after the expiration of the discount period are over due and service is subject to suspension.

Subscribers are responsible to the telephone company for all toll calls originating at their telephone, regardless of who does the

talking. If a non-subscriber uses your phone for a toll call you will be billed for it.

NON-SUBSCRIBERS

Local calls by non-subscribers out of the Village, 10 cents on our lines, which in all cases will be charged to the telephone used.

If a subscriber wishes to temporarily discontinue the telephone service and retain his number during absence on vacation he must notify the manager and no rental will be charged during such period. This applies to absence of one month or more.

TIME LIMIT FOR USE OF PARTY LINES

Calls from or to party line telephones shall be limited to five minutes duration. This will permit an equitable use of the service by all parties on the line.

REPORTING TROUBLE AND SERVICE COMPLAINTS

If your telephone does not work well or the service is unsatisfactory notify the Manager, No. 4, Baldwin, and state your trouble; it will be taken care of immediately.

MOVING TELEPHONES AND CHANGING LOCATION

Five days' notice for inside change of location of telephone should be given. There will be a charge of \$1.50 for such change.

Notify the Manager if you move, also give name of party taking your place. You will be responsible for the telephone rent if you do not do this.

COMPANY LIABILITY ON CALLS AND DIRECTORY ISSUANCE AND LISTINGS

The company does not assume any responsibility for errors in transmitting verbal or written messages through or by the employes of the company, as they are forbidden to accept written or verbal communications for delivery.

The company assumes no liability for damages due to errors or omissions in compiling this directory.

SERVICE

Exchange Service. Business service is furnished for use of subscribers and their employes only in their business and for such extra directory listed users as may be contracted for by the subscriber on the same premises.

Residence Service. Residence service is furnished for the use of subscribers and their families, employes and guests only at their residences and for such extra directory listed users as may be contracted for by the subscribers on the same premises.

FIRE AND POLICE CALLS IN CASE OF FIRE CALL CENTRAL

When they answer give them your name and the correct location of the fire.

Wait at the telephone until you are sure that the operator has this information correct.

Subscribers should not ask operators "Where is the fire?" as this causes the operator much delay in notifying members of the fire department and in handling regular calls.

RULES AND INSTRUCTIONS FOR LOCAL SERVICE

1. Please look up the number before calling; do not call by name.
2. Do not remove the receiver while the bell is ringing.
3. Call numbers of subscribers added since issuance of this directory, or changes in call numbers of subscribers listed, can be obtained by calling "Information," one long ring.

4. Do not allow the children or others to listen on the line when it is in use, or play with the telephone at any time. This rule is absolutely necessary for the good of the whole line, and continued violation will result in prompt removal of telephone.

5. Attempts to get the use of line, breaking in on conversation and reporting conversation will positively not be permitted.

6. The use of phonographs, graphophones or other musical instruments on party lines is strictly prohibited.

7. Subscribers are asked not to use the telephone during thunder storms.

8. The company shall have the right to enter the subscriber's premises to attach, renew, alter, repair or remove its instruments and connections.

9. As the company is responsible for the quality of the service, it is necessary to prohibit the use of any equipment not furnished by the company.

10. Please remember that the other subscribers on the party line have equal rights with you, and that parties on the same line should be as courteous to each other over the wire as when face to face.

11. Give a short ring when through talking after hanging receiver on hook, small end up.

12. Answer your own ring only.

13. Find out if the line is busy before you call, if so, hang up your receiver at once and wait for the other parties to finish. Do not listen to the conversation of others as it weakens the batteries and others have the same rights as you have.

14. When calling Central name each figure distinctly in the number wanted. Do not say double four for forty-four, but say four, four. Neither say 2--4's as you will likely get number 24, nor 3--4's for 44 as you will likely get number 34. You know that plurals framed by s do not transmit well, if at all. This is also true of any aspirate sound.

15. Central shall have the right of line over parties in social conversation for long distance messages.

16. When subscribers are talking on a rural line they must surrender use of said line to Central at once when requested to do so by the operator.

17. Keep off the line when the lineman is testing unless he rings your own phone. Please remember this.

18. **Emergency Rural Line. Ring four (4) long rings. Everybody listen.**

19. Long-distance rates and other long-distance information can be secured by calling the Chief Operator.

INFORMATION FOR SUBSCRIBERS AND THE PUBLIC

The Company cordially invites all users of the telephone to call at the exchange for an inspection of the operating room and other interesting details of the business. The unique features of a telephone exchange are but little understood by the public at large and observation by the subscribers often lead to suggestions tending to the best results in the service.
