

Annual Report 2021

A message from the Chief Philanthropy Officer

Dear Friends,

Thank you for your incredible support of Providence St. Mary Foundation over the past year! I am so proud of the work we've been able to accomplish in spite of so much. Our amazing front-line caregivers give me so much inspiration. I hope you will join me in thanking them for giving us so much.

I am proud of the Foundation Board, staff, and volunteers that leaned in during times of uncertainty. They were able to be nimble, pivot countless times, and raised \$1.1 million dollars for our local healthcare last year. I am honored to join this amazing team and pillars of our community.

I am proud of you and this community. Helping your neighbors in a time of need, stopping by

to check on your friends and relatives, all while trying to keep our most vulnerable safe. Your commitment to supporting our local healthcare institution, our vital programs, and equipment was and is needed more than ever.

Whether we are providing free mammograms, a night at the Herring House, transportation home after a surgery, caregiver assistance and scholarships, or essential hospital equipment or technology that is saving lives every day, we are here for you when you need us the most.

Thank you for your continued support of Providence St. Mary Foundation.

Lacey Rowberg, CFRE
Chief Philanthropy Officer

Thank you for your continued support of Providence St. Mary Foundation. Your support means better healthcare today and for the future of our community.

Warmest regards,

A handwritten signature in black ink, appearing to read 'Lacey Rowberg'.

Lacey Rowberg, CFRE
Chief Philanthropy Officer

Foundation Board 2021

Amy Watkins,
Development Officer

Celebrating impact

Our top fundraising accomplishments of 2021

239 free mammograms provided to promote early cancer detection

76 active volunteers serving 11,363 hours

7 neonatal cardiac monitors purchased for Family Birth Center

170 people helped with transportation, medicine, food, medical equipment, and other critical needs not covered by insurance

\$1.1M raised to support our hospital, clinics and caregivers

25 scholarships funded to invest in healthcare workers and our caregivers

The Herring House hosted 191 guests in 2021 – cancer patients and their families traveling from throughout the region for care

Promotores de Salud program brings healthcare directly to Spanish-speaking community members

Thanks to the generous support from Sherwood Trust, Vital Wines, and more, Providence St. Mary Population Health Department has expanded its community health presence in 2021. Last year we were able to launch a new initiative for our community, Promotores de Salud or Community Health Workers. Promotores specialize in reaching vulnerable, low-income and underserved members of Latinx populations.

They support health education and prevention efforts and create access to health programs. Promotores are bi-cultural and bi-lingual, and they offer support to the people they serve by meeting them where they are – at home, at work, and in community.

A new philanthropic partnership between Vital Wines and Providence St. Mary Foundation

helped fund one of the Promotores positions. Maria Remington, a bilingual Walla Walla educator with many local ties, is serving in this role as the full-time Vital Wines Promotores de Salud.

Agricultural workers are an essential part of our local community and economy, yet often times they don't have access to reliable or affordable healthcare services. Maria, along with the rest of the team, provides on-the-ground access to health education and resources – including COVID-19 education and safety items, vaccinations, disease management, and helping to connect individuals to essential healthcare.

The Promotores de Salud program aligns with our pledge to support health equity. We recognize that long-standing inequities have led to health disparities. Investing

Maria Remington, Vital Wines Promotores Community Health Worker

in Population Health programs like Promotores de Salud strengthens our ability to provide healthcare for all and make a difference for underserved communities most impacted by the pandemic.

The Herring House of Providence St. Mary, providing a home away from home for patients and loved ones receiving cancer treatments at the hospital.

The need for excellent local cancer care hasn't stopped during the pandemic

Neither has our commitment to provide that care

Sandy Haasch is a volunteer in the Cancer Resource Center at Providence St. Mary Regional Cancer Center. Each week, Sandy sits with cancer patients while they receive chemotherapy treatments.

"Every interaction is different," Sandy explained, "some patients want to chat, and others prefer to simply have someone to sit with, so they don't have to be alone."

Sandy works to connect patients with resources they may need throughout their cancer treatment. Women who lose their hair have access to wigs and hats at no cost to them. Gas cards are available for patients who need extra help covering the cost of transportation to get to and from treatment.

Families traveling to St. Mary from throughout the region can spend the night at the Herring House next door

to the hospital – an affordable home-away-from-home for patients and their families. Last year, the Herring House hosted 191 patients and their families who needed a place to stay.

Contributions through the Foundation directly support our neighbors at every step in their cancer survivorship journey.

Contributions through the Foundation directly support our neighbors at every step in their cancer survivorship journey.

From cost-free mammograms to survivorship support groups, your gift through the Foundation makes it possible for every member of our community to have the support they need from diagnosis, treatment, to survivorship.

In Memoriam

Virginia "Ginny" Leanne Herring Mahan, dear friend and longtime Providence St. Mary supporter, passed away on April 16, 2021. As a lifelong resident of Walla Walla and ardent supporter of our community, she will be truly missed. She touched many lives, providing comfort and support to families in difficult times through her profession as the owner and director of Herring-Groseclose Funeral Home.

Her legacy with St. Mary is vast and includes helping to lead fundraising campaigns to build the new hospital in the early 1970's, the Cancer Center in 1994, and expand and update the ICU in 2012. One of her many accomplishments include her work at the Cancer Center serving on the Reach for Recovery Board and finishing the tranquil atrium, giving a comforting moment to those fighting cancer.

Along with her husband Loyd, they also donated the Herring House to Providence St. Mary, providing a home away from home for cancer patients and their loved ones receiving treatment. Thank you, Ginny, for your enduring commitment to providing quality, compassionate healthcare to our entire community.

 donate online at providence.org/psmf.

THE MISSION

AS EXPRESSIONS OF GOD'S HEALING LOVE, WITNESSED THROUGH THE MINISTRY OF JESUS, WE ARE STEADFAST IN SERVING ALL, ESPECIALLY THOSE WHO ARE POOR AND VULNERABLE.

Nurse
Lorrie
Leno

Grateful for exceptional care

Dr. Patty Martin was so grateful for the care she received at the St. Mary Family Birth Center when she welcomed her baby girl into the world. She shared that “despite all the precautions with the current COVID pandemic, Nurse Lorrie Leno went above and beyond from the moment we met for our scheduled induction. She has the heart of a servant [and] reminded me to enjoy the special moments on a day I will never forget.”

Patty expressed her gratitude for Nurse Lorrie by donating in her honor through the Honor a Healthcare Hero program. Her message of gratitude brightened Lorrie's day as she continues providing excellent, local care to our patients. You can honor a hero at providence.org/psmf.
