

# C-Flex LUTRON RETROFIT KITS

## upgrade existing fluorescent lamps & ballasts to LEDs & drivers

retrofits compatible w/ LUTRON Controls

- Lutron compatibility between installed control system & existing fixture.
- Retrofit for over 50% less than installing a new fixture.
- Simplest way to achieve energy savings.
- Keep existing fixtures, controls, sensors & programming capability.
- No mess/fixture recycling; no need to break ceiling plane.
- Substantial maintenance & energy savings.
- Optimize local utility rebates.
- No new wiring to the fixtures, no need to replace your Lutron controls.
- Implement the retrofit on your own schedule.
  - one fixture at a time using ballast replacement funds
  - one zone at a time for small project implementation
  - as a large group or entire building — use available maintenance funds dollars while meeting time and budget constraints.
- No more buying/storing/replacing/disposing of fluorescent lamps.

When searching the DLC QPL, use quotation marks around our brand name or Part # ("C-Flex" or "RP-T5-4FT-2L-840-E1-M-G2") or visit our website for a file that contains the DLC Product ID.
