## Total Merit Championships

The purpose of the total merit championship drive is to provide additional recognition to 4-H exhibitors whose animals have both excellent functional type and high genetic values for the production and health traits. Within the blue ribbon group, the two animals with the highest genetic value for Net Merit \$ will be asked back to compete for Champion Total Merit Heifer or Champion Total Merit Cow.

In the Total Merit Championship Ring, the judge will evaluate the animals based on a combination of the animal's functional type and genetic value (GV) for NM\$. All genetic values for NM\$ have been verified by University of Minnesota personnel using the August 2016 USDA genetic evaluations. The GV for cows or heifers is equal to their published PTA x 2. For animals without a PTA, the  $GV = \text{Sire PTA} + \text{Dam PTA}$ . If Dam PTA is unavailable, the  $GV = \text{Sire PTA} + \frac{1}{2} \text{MGS PTA}$ . Genomic values are used if available.

The weightings of genetic traits in the Net Merit \$ Index as of August 2021 are:

Milk lb.	-0.3%
Fat lb.	21.8%
Protein lb.	17.0%
Productive life	15.1%
Cow livability	4.3%
SCS	-2.9%
Fertility	6.7%
Udder composite	3.1%
Feet and legs composite	.5%
Body weight composite	-9.4%
Residual feed intake	-12.4%
Health (6 cow disease traits)	1.7%
Calving ability \$	2.8%
Heifer livability	.8%
Early first calving	1.1%

The PTA is the average genetic superiority or inferiority that an animal is expected to pass on to their offspring. We use the genetic value which is the PTA multiplied by two because this is the measure of the full genetic differences between animals. Another name for "Genetic Value" is "Breeding Value".

## Showmanship Procedures

# 2023 Livestock Interview Finalists

Animal Science Interviews at the State Fair are designed to further enhance educational opportunities for young people exhibiting livestock. The interview process offers a visual philosophy of recognizing 4-Hers who have utilized their livestock project to grow and develop as young people. Livestock Interviews emphasize many life skills such as communication, responsibility, decision making, and problem-solving. The interview process is seen as a step to help insure the stability of youth livestock shows as a *positive* form of youth development.

**Interview Finalists** will receive coupons redeemable at the Dairy Bar (Midwest Dairy) and Northwest Designs. **Interview Champions** will receive a chair sponsored by the Minnesota Livestock Breeders Association.

## **Memorial Awards**

### Jennifer Bates Memorial Award for the Champion Grade Holstein Cow

Jenny Bates was a longtime dairy project member who exhibited Grade Holsteins at the Minnesota State Fair. Jenny exemplified positive sportsmanship, energy and spirit. She was a positive influence on anyone who knew her.

### Champion Junior Showperson Award given in Memory of Larry Tande

Larry Tande was a well-known Holstein breeder, long-time Minnesota Extension agent and director, and dairy industry leader. Larry was a friend, advisor and mentor to hundreds of 4-H members and dairy farmers. His passion was judging dairy cattle and he enjoyed coaching others to be able to place dairy cattle as well. He was well known for his descriptive and easy to understand reasons and sharp eye. Larry could be seen in the ring or along the sidelines at the Minnesota State Fair for many years. He judged over 600 local, county, regional and national shows throughout his lifetime.

### Champion and Reserve Champion Showperson Awards given in Memory of Duane Nelson

Duane Nelson was a great mentor and coach for youth and adults alike. Having retired from the halter a few years before his kids were in 4-H, Duane enjoyed using genetics and nutrition to make solid cows that were structurally correct and put milk in the tank for his kids and lease youth to show. Duane could always be found at 4-H events lending a hand where needed, coaching youth, or giving words of encouragement. "I wouldn't give you a job I didn't think you could handle. You can do it. I have faith in you.", was often heard by his children and lease kids. His passion for the dairy industry, guiding youth on a positive life journey through foundations set in dairy and agriculture, and appreciation of a good cow will forever live on in those who knew him.

### Champion and Reserve Champion Advanced Showperson Awards given in Memory of Dawn Stransky

Dawn Stransky had a passion for animals and was a natural talent at the halter. Her compassion for all animals and willingness to help others mirrors many values which the 4-H program has been built on. Her memory lives on through these young showmen, and the light she shone on those who knew her will never be forgotten.

**4-H Alumni & Friends**

When many people hear “4-H”, they think of the fair or a project they loved. But the power of 4-H is the network of adult volunteers who mentor and engage 4-H’ers in their community. As a friend of 4-H, you see how youth build positive skills as they participate in 4-H experiences.

Last year, 40,516 youth enrolled in Minnesota 4-H, and 10,146 of those are new 4-H’ers. Over 7,000 devoted volunteers support 4-H in their community through clubs, one-day workshops, camps, online courses and afterschool programs.

**Donors make it possible.** When you give, you support future leaders of our great state by funding innovative learning and leadership activities, camps, scholarships and training for volunteers.

**Follow Minnesota 4-H on Facebook!** Stay connected through stories about 4-H’s impact on youth and communities across Minnesota – and learn about opportunities to **volunteer** and **advocate** for 4-H.

Ready to give?

Make a one-time or recurring gift:

**Support your favorite local 4-H program.** Select a county and make a gift at [give.umn.edu/4H](http://give.umn.edu/4H)

**Support your favorite 4-H project area, statewide initiative, program or scholarship.** Make a gift at [z.umn.edu/4Hgive](http://z.umn.edu/4Hgive)

**Building a stronger Minnesota through 4-H**

Support 4-H with a gift in your estate plan. Donors can support their favorite county’s local 4-H program, or leave a legacy with a statewide impact. Learn more online at [extension.umn.edu/connect/give](http://extension.umn.edu/connect/give)
