

## HP Inkjet Print Cartridges – The science of precision and control

Consider the fact that each ink nozzle fires up to 36,000 ink droplets per second. Or the level of precision required to accurately place each ink droplet onto a microscopic area. And the ink? For every successful formulation that finds its way into your print cartridge, our scientists reject a hundred more. All so you can print true-to-life colours, crisp text and vivid images.

Original HP Inkjet Print Cartridges  
The science behind brilliant printing

Each ink droplet is precisely controlled for that perfectly printed page.

### HP 99<sup>#</sup> Photo and HP 100<sup>#</sup> Grey Photo Inkjet Print Cartridge

Use these print cartridges to get professional looking quality photos. Formulated to print crisp, true-to-life photos which resist fading for generations\*.

\* HP 99 Photo and HP 100 Grey Photo Inkjet Print Cartridges are not included with the HP Photosmart 2610 All-in-One; sold separately.  
\* Based on HP light fade testing under glass using HP Premium Plus Photo Paper, High glass.

HP supplies are engineered and tested to work better together with HP printers.

Use original HP inkjet print cartridges for:

- Flawless printouts
- Trouble-free printing
- Peace-of-mind

Experience more with advanced photo printing features and built-in networking

## HP Photosmart 2610 All-in-One

### Printer/Fax/Scanner/Copier

**Advanced photo printing without a PC**  
Print and edit photos easily with a 2.5" colour graphic display, integrated memory card slots and HP Photo Proof Sheet Technology.

**Easy home networking**  
Share this all-in-one easily with built-in wired networking – supports up to 5 PCs.

**Powerful faxing**  
Get full-featured colour or black fax capability without a PC with the built-in 33.6 kbps fax modem.

Note: the product picture featured is a representation; actual product may differ slightly.

## HP Photosmart 2610 All-in-One Printer/Fax/Scanner/Copier

Create and share with the HP Photosmart 2610 All-in-One. With advanced photo printing features, you can produce true-to-life photos easily, without a PC. What's more, built-in networking enables you to share this versatile all-in-one with up to 5 computers in your home. You'll also be able to communicate more effectively with the colour faxing function. Now you have everything you need for everyday tasks conveniently on your desktop!

### Advanced photo printing features without a PC

- **2.5" colour graphic display** – Select and view photos using the large and bright display.
- **On-printer editing functions** – Crop, zoom, rotate and even remove 'red-eye' effects from any image, all from the easy-to-use control panel.
- **Multi-slot memory card reader** – Supports CompactFlash™, Smart Media™, Memory Stick®, Secure Digital™/MultiMediaCard™ and xD-Picture Card™.
- **PictBridge compatibility** – Connect a PictBridge compatible digital camera to the front mounted USB port and print photos directly.
- **HP Photo Proof Sheet Technology** – Print photos and more by simply filling in a form.
- **Optional Bluetooth® connectivity**<sup>1</sup> – Enjoy wireless photo printing from camera-phones, PDAs and more with the optional Bluetooth® adaptor.
- **Video action printing** – Print a 9-frame action sequence from your digital video clips.

### Easy home networking

- **Easy network setup**  
Installation for wired networking is simple. Just plug in the all-in-one into your PC or Mac Ethernet network hub and share it with up to 5 computers at home.
- **Print, scan and share images over an Ethernet network**  
With its convenient built-in Ethernet network capability, you will be able to print a document or scan a 3D image to a networked computer. You can even transfer images through the network, using the built-in memory card reader.

### Powerful faxing

Enjoy fast colour faxing with the integrated 33.6 kbps built-in modem and the flatbed colour scanner. Up to 60 fax numbers can be stored.

2.5" colour graphic display for easy on-printer image editing

Multi-slot memory card reader and PictBridge compatibility for convenient photo printing

Video action print mode

Plug-and-play Ethernet network connection

### True-to-life photo quality

- **Up to 4800-optimised dpi<sup>2</sup> in colour**

Get true-to-life photo results with up to 4800-optimised dpi<sup>2</sup> printing. It's ideal for enhancing fine detail and brings out the best of high-resolution source images of up to 1200 x 1200 dpi.

- **Optional 6-ink colour<sup>3</sup> printing**

Add an optional HP Photo Inkjet Print Cartridge for richer photographic results – all thanks to HP PhotoREt 4 Colour Layering Technology.

### Breakthrough performance

A highly efficient new print cartridge design, advances printing performance up to 30 ppm in black and 20 ppm in colour<sup>4</sup>. This enhanced capability shortens both printing and copying time for increased productivity.

### Produce photos with or without borders

Enjoy the versatility of printing and copying photos with or without borders for all standard, panorama and custom sizes, up to A4-size.

### Versatile flatbed copying and scanning

With a versatile flatbed scanner, copying or scanning images from thick brochures and catalogues is easy. You can even capture a snapshot of small 3D objects clearly – thanks to HP's unique CCD scanning technology.

### HP Instant Share

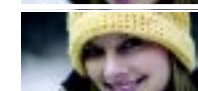

Enjoy hassle-free photo sharing with HP Instant Share. Use the Instant Share button to easily send, receive and print photos and scanned documents between selected all-in-ones without a PC<sup>5</sup>. Instant Share also features remote printing. Simply use your wireless notebook PC to send documents or photos directly from any hotspot or internet connection. It's the ideal way to print on the go and have documents waiting for you when you get home.

### HP Image Zone Software

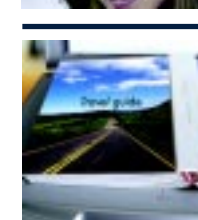

Featuring drag-and-drop simplicity, HP Image Zone Software lets you print wallet-size to full page photos easily. The Image Adjustments screen also has adjustable controls for Exposure, Colour, Rotation, Scaling, and Sharpness. It has all the tools you need for printing professional looking photos.

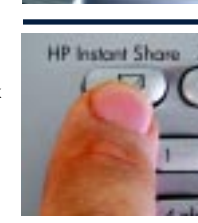

Lower resolution printout

4800-optimised dpi<sup>2</sup> mode

Versatile flatbed scanning

One-touch button for hassle-free photo sharing with HP Instant Share

Preview photos easily with HP Image Zone Software

## HP papers and speciality media

With HP papers and speciality media, you can be truly creative – print borderless photos, design personal greeting cards, or even your own t-shirts. Engineered to bring out the best in what you print, the micro-thin layer in each sheet of HP paper works flawlessly with HP inks – ensuring your ideas always look their best.

### HP Everyday Semi-gloss Photo Paper

Q2511A, A4-size, 100 sheets  
Y2143A, A4-size, 40 sheets

Affordable choice for the photos that you print everyday.

### HP Premium Plus Photo Paper, High gloss

Q1951A, A4-size, 20 sheets  
Q2504A, 4" x 6" (4R-size), 20 sheets

Best results – Photographs that last for generations\*.

\* Fade performance (under glass) achieved with newest technology HP Inkjet Cartridge models. Performance varies with inkjet cartridge combination used. For details, visit [www.hp.com/paper](http://www.hp.com/paper)

Let your imagination come alive with HP's comprehensive range of papers and speciality media. Visit your favourite retail store and make your decision today!

<sup>1</sup> Using optional HP Bluetooth® Wireless Printer Adapter; not included, sold separately. Supports camera phones with Bluetooth® wireless technology. Visit [www.hp.com/support/bluetooth](http://www.hp.com/support/bluetooth) for a list of compatible devices.

<sup>2</sup> Up to 4800 x 1200-optimised dpi colour when printing from a computer and 1200-input dpi.

<sup>3</sup> 6-ink colour printing available with purchase of optional HP 99 Photo Inkjet Print Cartridge; not included, sold separately.

<sup>4</sup> Print and copy speeds may vary according to the complexity of the document and type of output.

<sup>5</sup> Compatible with HP Officejet 7400 All-in-One series, HP Photosmart 2700 and 2600 All-in-One series, and HP Photosmart 8400 series; all-in-one and printer must be on a network with a broadband Internet connection.
