

Spazio Forma.

The innovative Technogym treadmill that folds up into less than 1 square metre.

Performance and function that will improve your aerobic capacity by walking or running.

RECOMMENDED FOR:

SLIMMING AND WEIGHT CONTROL

IMPROVING THE CARDIO-RESPIRATORY SYSTEM

STRENGTHENING AND TONING THE LOWER BODY

Key features

Fast Folding System

Reduces the space occupied by the treadmill to less than one square metre.

Smooth Running

Shock absorption system providing maximum safety for the osteoarticular system, preventing the micro-traumas associated with road running.

Heart Rate Monitoring

Telemetric heart rate monitor supplied.

Safety

Side handles and non-slip edges.

Emergency switch with clip attachment that immediately stops the treadmill in the event of an accidental fall.

Powerful, high-performance motor which ensures a quiet and smooth movement.

Servicing

The treadmill is designed according to the same standards as a professional machine and so requires minimal maintenance.
