INTRODUCTION

In our Annual Report this year, we celebrate Scouts in every corner of the world who have shown amazing resilience – looking through the mists of COVID in their communities, looking for those most in need and taking action.

Here, in this Membership List, we celebrate you, the members of the World Baden-Powell Fellowship, who stand shoulder to shoulder with our Scouts, and help them, not just with your financial means, but with your unwavering belief and energy. In ten years, we have seen Scouting grow from 30 million to 54 million members globally. And, thanks to your support, we have been able to invest in three simple and vital objectives of World Scouting: Inspire, Enable and Deliver.

Inspire: through global communications and exchange, which has come into its own realm this past year, including via the Jamboree on the Internet and all of the online services provided by WOSM for its members. Without you, this would not have been possible!

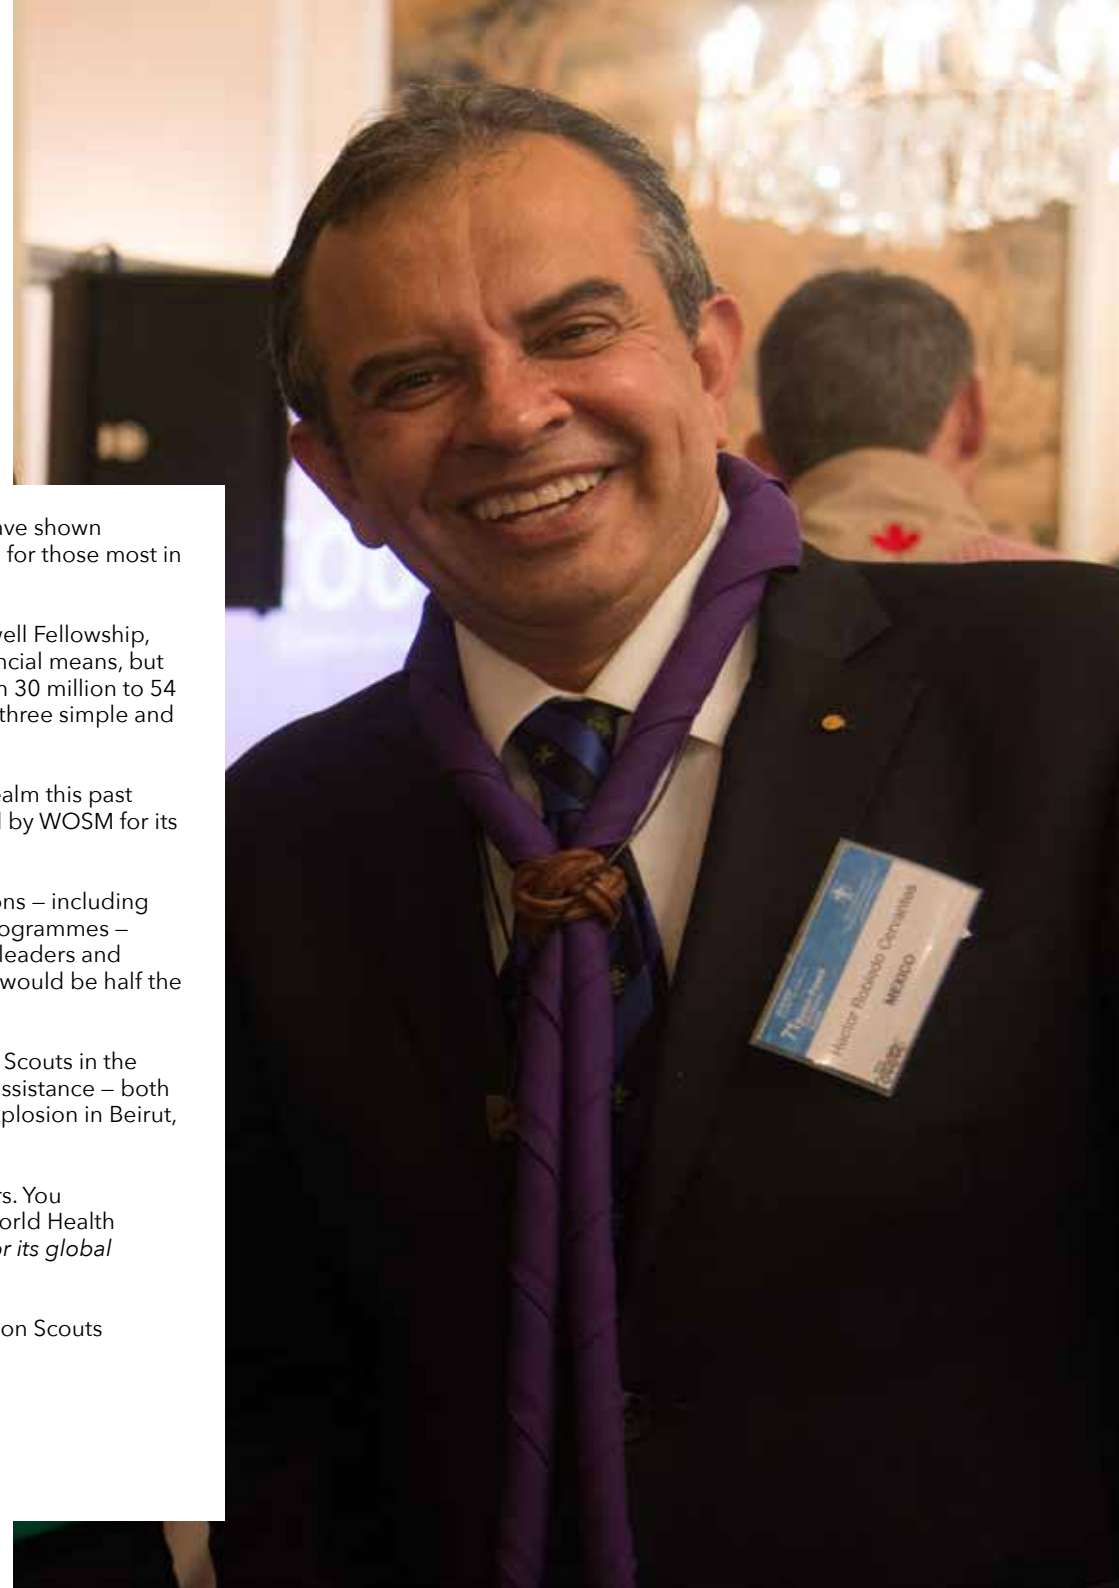

Enable: the capacity building and vital services provided to National Scout Organisations – including leadership training, governance reform, financial management and child protection programmes – have helped to grow stronger national organisations, which have, in turn, trained local leaders and established well-functioning groups. Without your support to this area, our Movement would be half the size it is today and a lot less impactful in the 1.5 million communities it serves.

Deliver: and once again, with your investment and support, we have been able to help Scouts in the most vulnerable communities to really make a difference by delivering much needed assistance – both COVID-related and also in swift response to other 2020 emergencies, including the explosion in Beirut, to which Lebanese Scouts responded, with strong support from BP Fellows.

Once again, none of this would have been possible without your support over the years. You have helped to build a Movement that was able to respond within hours to what the World Health Organisation's Leader of Emergency Services described as *"right up there with WWII for its global impact"*.

On behalf of our Honorary Chairman, all our Board and, above all, on behalf of 54 million Scouts worldwide, thank you.

Hector Robledo Cervantes

A young woman with long brown hair and blue eyes is the central focus. She is wearing a black face mask and a green Scout uniform jacket with a red and white striped scarf. In the background, another person in a similar uniform and mask is visible, slightly out of focus. The setting appears to be outdoors with trees.

WE JOINED THE FELLOWSHIP IN 2020

Due to challenges to the organisation of in-person events to directly promote Scouting to potential Members, the recruitment of new Baden-Powell Fellows in 2020 remained modest.

We were nonetheless delighted to welcome 18 new Baden-Powell Fellows from 10 countries.

WE INVESTED IN 2020

Baden-Powell Fellows stepped up in 2020, despite uncertain markets and difficult times for all, generously supporting Scouting, including raising the majority share of USD 122,100 for the Emergency COVID-19 Fund plus significant support for the Beirut Emergency Appeal.

From October 2020 onwards, Baden-Powell Fellows again demonstrated their stalwart commitment to the Movement, raising over USD 1.1 Million by the end of 2020 through the Fundraising Campaign to grow the WSF Endowment Fund.
