A YAWN IS A SILENT SCREAM FOR COFFEE

**BEECHDALE FRAMES**  
*Welcome!*

Family has always been important to Allen and Becky Miller. It's what led them to convert their barn and garage on Beechdale Road into their first art studio and showroom in 2000. That dedication to family has been a driving force in how they build relationships with their clients and the artisans they represent. Everyone is treated like family.

You'll see this in the way the Miller's run the business still to this day. Although they have expanded significantly beyond the original location near Bird-in-Hand, PA, their values remain deeply rooted in family and in putting customers first.

You'll find Allen and Becky still actively involved in the daily operations, art curation, sourcing of materials, and quality control. Now, they are joined by their three sons, Arlan, David, and Monroe. Business partner and family friend, Paul Fisher leads production, ensuring each order is completed with attention to quality and care. This hands-on approach ensures you always receive the best quality framed artwork. And, if you ever have a question, our team will help you find a solution.

We invite you to browse our selection of wholesale wall art, home décor, shelfie sitters, wooden signs, pallets, and outdoor décor in-person at our store or online. We've curated each collection to delight your customers and inspire sales at various points throughout your shop.

# Farmhouse Art

Simplicity meets inspiration in this collection of heartfelt phrases and calming images. Our popular farmhouse décor pieces are beautifully accented with white, black, gray or brown wooden frames. An integrated rail on the back of the frame makes each piece ready to hang.
