

CD MANUAL CATALOGUES

VALID FROM 02 2019

Photography

The covers, introductory and catalogue pages of the **Blaupunkt** catalogues may show lifestyle images from stock photo agencies.

The photos should appear authentic, but be high quality photography.

Viewers should be able to feel they could be part of that scene. The focus should be on the faces, telling a simple story:

Blaupunkt products make life fun – *Enjoy it*.

When selecting the photos, it might be a good idea to ensure that the persons shown have something in common with your region.

Blaupunkt product catalogue – grid for the cover and reverse

1 A4 portrait format (210 x 297 mm) is the preferred layout for **Blaupunkt** catalogues.

The following layout grid is provided for the cover and reverse.

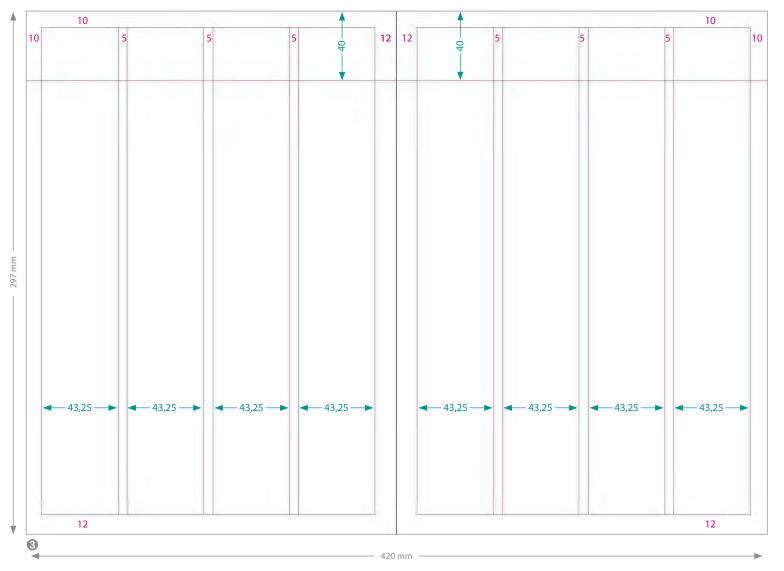

② The cover can show a large picture. The bottom edge of the picture is bordered by an insert area with the claim *Enjoy it*. The area is 30 mm high, extends into the picture by 10 mm and ends in the middle of the last column.

The **red** and **green** numbers are the specifications for spacing in millimetres (mm).

• The copy on the inside pages starts at a 40 mm distance from the top edge of the page.

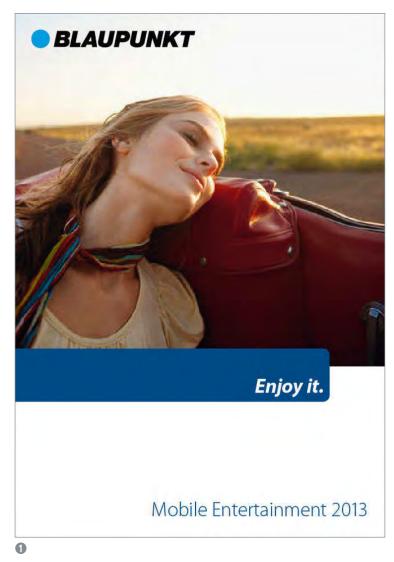

The **red** and **green** numbers are the specifications for spacing in millimetres (mm).

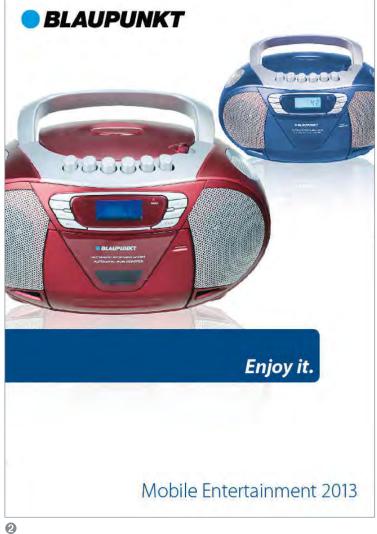

Blaupunkt product catalogue – sample covers

There are several ways to design the cover, which can be adapted according to product category:

- Cover showing people/lifestyle
- **②** Cover showing a product

The cover should not show more than 2 products.

BLAUPUNKT

Reverse

The layout of the reverse is always the same, and should only be adapted to include the respective address details.
