# PLUS Europe GmbH

PLUS Europe GmbH is a subsidiary of PLUS Corporation. From our office in Düsseldorf we manage and coordinate the Europe-wide marketing and sales activities of the Group.

Since our foundation in 2010, we have continually expanded our business. While doing so, we are able to fall back on our parent company's more than 65 years of experience in marketing and the development of products and services.

Düsseldorf, Germany

## A true global company

A clear global strategy built upon innovative and advanced products – which are really new to the market – a dominant market position in the home market Japan, sound financial resources and a close relationship to our clients and consumers are key success factors on the way of PLUS Corporation to become a true global company.

The guarantor of success is the winning spirit of the entire company and our team. A team of multinational talented people, who are keen to learn from each other and willing to make things happen – steered by strong leadership and enjoying the full support of the PLUS Group management.

## Unique Values – Higher Satisfaction

Our vision reaches beyond manufacturing. We strive for our products to help people in all aspects of their lives, making life at their workplace, school, or home a little more comfortable. The mission of PLUS is to deliver satisfaction to the customer by creating new values and opportunities.

“Be unique” is our motto for every new product development. With products by PLUS, uniqueness can be lived and experienced. This uniqueness embraces features such as unparalleled quality and premium design, as well as innovative and colorful solutions. These are the features, which have already convinced people all over the world.

# The PLUS Group

Established in 1948, PLUS Corporation is headquartered in Tokyo, Japan. During our 72-year history, PLUS has gained a leading market share in the office supply, office furniture and stationery product manufacturing industry. The PLUS Group consists of companies and businesses within PLUS Corporation, and main group companies (consolidated subsidiaries). PLUS Corporation and its group companies comprise major business units of product planning and manufacturing, distribution and services as well as functional support that provide services to both the group companies and external customers. Each company develops its own business strategies and constantly innovates in response to new challenges of social changes and market demands. (As of March 2020)

# PLUS

## PLUS Corporation

### Stationery Company

- Development, manufacture and sales of stationery and office supplies.
- Planning, development and sales of copyboards and other products.

### Furniture Company

Manufacture and sales of office furniture, interior construction.

### JOINTEX Company

Achieving cost-reduction solutions for office supplies through human support and IT.

### Retail Support Company

Creating new business models with wholesalers to revitalize storefront in the stationery and office supplies market.

## PLUS Consolidated Subsidiaries

PLUS VIETNAM INDUSTRIAL CO., LTD.

PLUS Stationery Shanghai Co., Ltd.

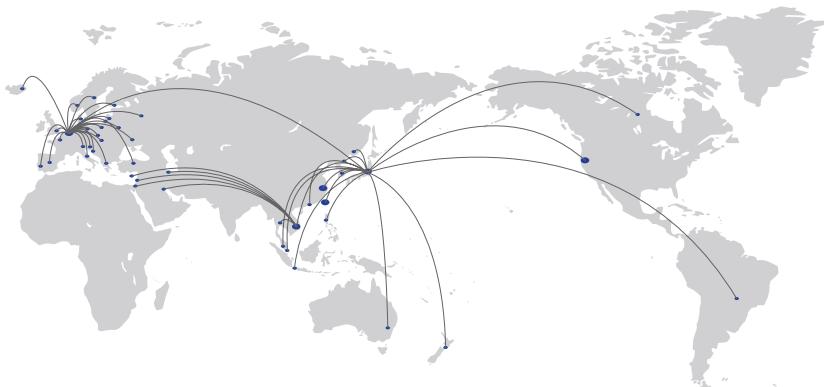

SHANTOU PLUS INSTRUMENTS CO., LTD.

TAIWAN PLUS CORPORATION

PLUS Corporation of America

PLUS Europe GmbH

To reach out to the customers throughout the world, PLUS Group has been expanding the distribution networks centered in areas such as Asia, Europe, and the Americas. Beginning with the establishment of TAIWAN PLUS CORPORATION in 1985, there are now six subsidiary companies abroad: PLUS Corporation of America (1990), PLUS VIETNAM INDUSTRIAL (1995), SHANTOU PLUS INSTRUMENTS in China (2000), PLUS Europe GmbH (2010), and PLUS Stationery Shanghai (2011). Facing diverse tasks and developing new strategies, each company shares an unchanging mutual goal – to create new values.

- Stationery business field
- Furniture business field
- Distribution business field
- Logistics/service business field
- Other (Consulting etc.)

## PLUS Group Companies

### Nippon Notebook Corporation

- Production and sales of school-use, daily-use, business-use paper stationery.
- Overseas production and imported sales of printing, publishing and paper related items.

### OKINA CORPORATION

- Manufacture and sales of paper products for school, business and daily use.

### CHORUS CORPORATION

- Manufacturer's platform to provide mainly domestic sales-and-marketing functions outsourced by participating companies.

### Officecom Co., Ltd.

- Office furniture mail order / interior construction and OA equipment construction.

### Myoko Co., Ltd.

- Sales of stationery and office supplies etc. to mass merchandisers.

### Biznet Corporation

- Package supporting services from indirect material procurement to logistics solutions.

### CHORUS CORPORATION

- Manufacturer's platform to provide mainly domestic sales-and-marketing functions outsourced by participating companies.

### PLUS Logistics Corporation

- Total logistics, interior decoration and recycling of confidential documents.

#### PLUS Cargo Service Co., Ltd.

Distribution of large items such as inter-company logistics, mail-order furniture, etc.

#### NSK Corporation

Networks and interior construction of offices, shops, commercial facilities, etc.

#### Town Service Corporation

Light distribution service close to town (region)

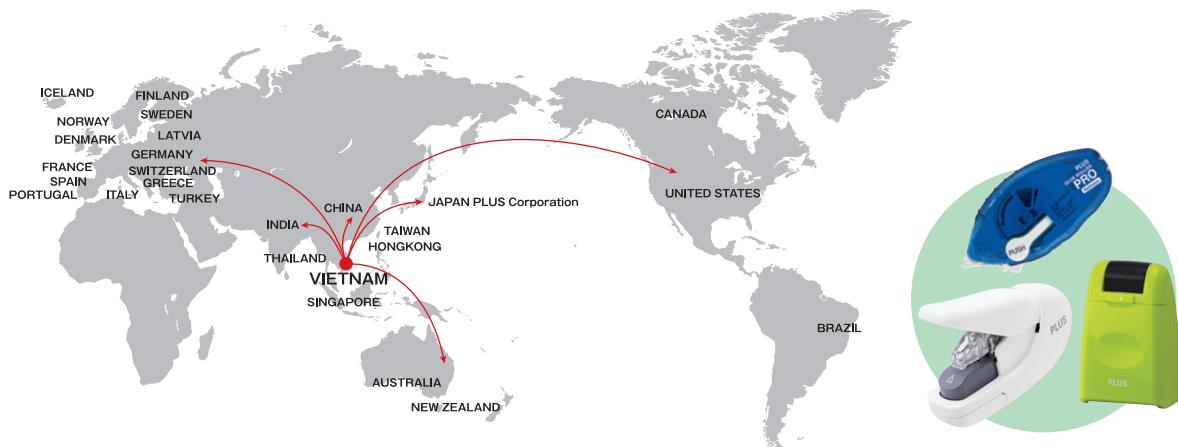

### Institute of Educational Environment

# PLUS Manufacturing Bases

## PLUS VIETNAM INDUSTRIAL CO., LTD.

### Building a culture of quality

When established in 1995, PLUS VIETNAM started out as a stapler manufacturing plant, consisting of only 25 employees. 20 years later, there are now approximately 2,100 employees working to deliver 2,000 SKUs of PLUS stationery out into the world.(As of September 2020)

### Commitment to the International Community's Requirements

In the 20 years of history, PLUS VIETNAM has established a culture that pursues the highest possible quality in the products manufactured. These values have spread profoundly throughout the workforce, sustained by an advanced quality management system, with each staff member maintaining a high level of quality awareness during all production processes.

### The creation of a favorable work environment fosters employees' quality consciousness

In order to produce high quality products, a high quality working environment is a necessity. By prioritizing the safety and wellness of the workers through training sessions and healthy meals provided in the company cafeterias. PLUS VIETNAM manages to achieve higher customer satisfaction through increased worker satisfaction. This enables them to continue manufacturing world leading products. We also commit to uphold the fundamental rights of workers protected under the applicable laws of the relevant countries, such as undertaking safeguards against employment of workers under the age of 16, having work procedures in various languages for multicultural workers, addressing issues related to human rights, environmental responsibility, bribery prevention, etc. As a result, our factories are certified by world leading retailers.

#### FACILITY INFORMATION

Number of employees: 2,121 (As of September 2020)  
Certification: ISO9001/2008

■ PLUS VIETNAM Plant No.1 (Bien Hoa Plant):  
Approximately 26,400 m<sup>2</sup>

Its efficient assembly lines, supported by constant quality inspections, produce a wide range of stationery products including correction tapes, glue tapes, staplers and files which are the main items of PLUS stationery.

■ PLUS VIETNAM Plant No.2 (Nhon Trach Plant):  
Approximately 30,400 m<sup>2</sup>

In operation since 2010, this is a mass-producing plant with advanced and highly automated production lines. It mainly manufactures metal products including scissors, as well as filing products such as folders and refill pockets.

## PLUS Stationery Shanghai Co., Ltd. SHANTOU PLUS INSTRUMENTS CO., LTD

### Our second manufacturing innovation

For over two decades, PLUS has been focusing on the business opportunities in our neighboring Asian countries. Following the success of the Vietnam factory in 1995, PLUS has established two additional stationery plants in China; Shantou Plant in 2000, followed by Shanghai Plant in 2005.

Shanghai Plant

### PLUS Stationery Shanghai Co., Ltd.

PLUS Shanghai factory started operations in 2005, and expanded and relocated its base to Shanghai Pudong area in September 2012. Adding to files and OA labels, they started manufacturing correction tapes which is our main product in Asian countries, aiming to increase sales in China. With a plan to automatize the production lines in the near future, the plant continues to improve its product quality as well as productivity.

■ PLUS Stationery Shanghai Co., Ltd.:  
Approximately 9,100 m<sup>2</sup>

Number of employees: 336 (As of September 2020)  
Certification: ISO9001

### SHANTOU PLUS INSTRUMENTS CO., LTD

In addition to copyboard and electronic equipment, in 2012, Shantou Plant began manufacturing whiteboards. With these unique and sophisticated products, it aims to introduce new meeting styles by building sales networks in China with its local partner distributors.

■ SHANTOU PLUS INSTRUMENTS CO., LTD.:  
Approximately 11,600 m<sup>2</sup>

Number of employees: 174 (As of September 2020)  
Certification: ISO9001

# FITCUT CURVE

**EN**

**■ Newly designed curved blades**

The specially curved blades maintain the optimum approx. 30 degrees blade-to-blade angle to cut objects effortlessly from the root to the tip of the blade.

**■ Blades with sharp finish**

**■ Smooth and durable pivot ring**

**■ High comfort and efficiency**

**FR**

**■ Lames courbes nouvellement développées**

Les lames courbes spécialement développées maintiennent un angle optimal entre les lames, pour découper facilement les objets du début jusqu'à la pointe de la lame.

**■ Lames à finition extra-tranchante**

**■ Rivet pivotant durable**

**■ Grand confort et efficacité élevée**

**DE**

**■ Neu entwickelte gebogene Klingen**

Die speziell gebogenen Klingen behalten den optimalen Winkel von ca. 30 Grad zwischen den Klingen, um Objekte mühelos vom Anfang bis zur Spitze der Klinge schneiden zu können.

**■ Scharfer spitzwinkeliger Schliff**

**■ Stabilisierender Ring**

**■ Hoher Komfort und Effizienz**

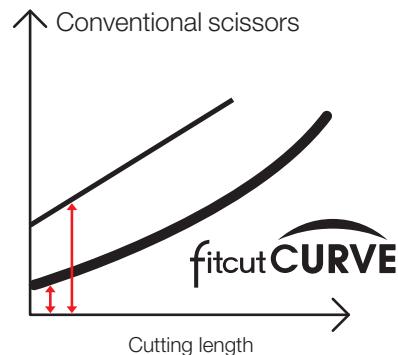

**Materials to cut**

Constant blade-to-blade cutting angle of approx- 30 degrees

**Required cutting force**

# CORRECTION ROLLER MR

## ROLLER CORRECTEUR MR

## KORREKTURROLLER MR

**EN**

- 1** Correction roller in pen-style
- 2** One-touch open/close cap
- 3** Mini Roller Head

The Mini Roller Head allows a much lighter and smoother application. The tape is firmly transferred to the surface, without peeling off or breaking at the edges.

**4** 2-Way corrections

Correct the exact spot you want to correct with a neat finish.

**5** Eco-friendly

Refill cartridges are easily replaced, with less plastic disposal.

**FR**

- 1** Roller correcteur sous forme de stylo
- 2** Bouchon facile à ouvrir/fermer
- 3** Tête de mini roller

La tête du mini roller garantit une application bien plus simple et flexible. La bande correctrice adhère fortement à la surface et ne se déchire pas sur les bords.

**4** Correction à deux sens

Résultat propre car les parties à corriger restent visibles.

**5** Écologique

La bande peut facilement se recharger et réduire des déchets plastiques.

**DE**

- 1** Korrekturroller in Stiftform
- 2** Kappe leicht zu öffnen/schließen
- 3** Mini-Roller-Kopf

Der Mini-Roller-Kopf sorgt für ein viel leichteres und geschmeidigeres Auftragen. Das Korrekturband haftet fest auf der Oberfläche und reißt nicht an den Rändern.

**4** 2-Wege Korrekturen

Saubere Ergebnisse, da die zu korrigierenden Teile gut im Auge behalten werden.

**5** Umweltfreundlich

Das Nachfüllband kann einfach ausgetauscht werden und verursacht weniger Kunststoffabfall.

## ROLLER DE COLLE PRO

### KLEBEROLLER PRO

Glue Roller

EN

- 1 Firm and clean adhesion due to Honeycomb-shaped dots glue**
- 2 Power Gear prevents a tape jam**
- 3 Clean Roller eliminates any residual glue**

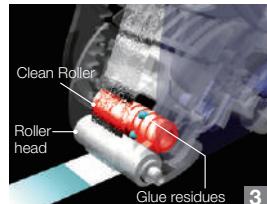

A roller inside of the glue tip removes any residual adhesive, keeping the applicator clean.

#### 4 Edge Indication Guide

The edge indication guide supports accurate gluing and prevents the glue tip from running off the paper's edge.

#### 5 Convenient push-open cap

#### 6 Easy refillable

FR

- 1 Collage fort et propre grâce à l'adhésif nid d'abeille**
- 2 Power Gear empêche l'enchevêtrement du ruban de colle**
- 3 Clean Roller élimine les résidus de colle**

Le rouleau supplémentaire contenu dans le boîtier supprime les résidus susceptibles de s'être incrustés dans la tête du roller de colle. Ainsi, l'applicateur reste propre.

#### 4 Rail de guidage

Le rail de guidage contribue à obtenir un collage précis et empêche le roller de colle de glisser du bord du papier.

#### 5 Capuchon pratique avec bouton poussoir

#### 6 Recharge facile

DE

- 1 Festes und sauberes Kleben durch wabenförmigen Klebstoff**
- 2 Power Gear verhindert Verwicklung des Klebebands**
- 3 Clean Roller entfernt zurückgebliebenen Kleber**

Zusätzliche Rolle im Gehäuse entfernt Kleberreste, die sich möglicherweise am Kleberoller-Kopf festgesetzt haben. So bleibt der Applikator sauber.

#### 4 Kantenschiene

Die Kantenschiene unterstützt exaktes Kleben und verhindert ein Abrutschen des Kleberollers von der Papierkante.

#### 5 Praktische Kappe mit Druckknopf zum Öffnen

#### 6 Leicht Nachfüllbar

\*Not for use on oiled surfaces (such as copy paper).

\*Not for use on rough or textured surfaces.

\*Keep glue roller at room temperature (between 15-35 degrees Celsius).

Glue Roller

EN

**1 Permanent version**

For adhering thick paper.

**2 Repositionable version**

For hanging posters without damaging your walls.

**3 The 3-layer structure offers high adhesive strength**

With core padding between the glue layers, the tape's high adhesive strength can be used for a variety of purposes. Based on our comparison, the permanent tape is three times stronger than conventional glue rollers.

**4 Push-open cap****5 Easy refillable**

FR

**1 Version permanente**

Pour coller du papier épais.

**2 Version repositionnable**

Peut se détacher sans abîmer les murs.

**3 Sa structure à 3 couches offre une forte adhésivité**

Grâce à la couche centrale entre les couches de colle, ce roller de colle peut être utilisé dans de nombreuses situations. Selon notre comparaison, ce roller permanent est 3 fois plus puissant que les rollers de colle habituels.

**4 Capuchon de protection avec bouchon pousoir****5 Recharge facile**

DE

**1 Permanente Version**

Zum Kleben von dickem Papier.

**2 Ablösbare Version**

Kann sauber wieder abgelöst werden, ohne Wände zu beschädigen.

**3 Die 3-Schichten Struktur bietet starke Klebekraft**

Durch die Kernschicht zwischen den Klebeschichten kann dieser Kleberoller in vielen Situationen angewendet werden. Basierend auf unserem Vergleich ist der permanente Kleber 3-mal stärker als herkömmliche Kleberoller.

**4 Schutzkappe mit Druckknopf****5 Leicht Nachfüllbar**

**The permanent version is suitable for using with:**  
Paper, Cardboard, Wooden board, Plastic, Glass, Steel etc.

TAPE WIDTH  
**15mm**  
TAPE LENGTH

# GLUE ROLLER ST

## ROLLER DE COLLE ST

## KLEBEROLLER ST

**EN**

- 1 Easy to hold**
- 2 Flexible Head**
- 3 Refill-locking mechanism**

Opening or closing the main body casing automatically secures or releases the refill.

**4 Clean cutting, neat application**

The honeycomb-shaped glue ensures precise application with a clean cut. The color-tinted tape allows for precise gluing.

**5 Convenient for various requirements**

With the glue roller, your projects will stay neat, without the hassles of liquid glue, like smearing or spilling.

**FR**

- 1 Facile à tenir**
- 2 Tête flexible**
- 3 Mécanisme de verrouillage pour le ruban de recharge**

À l'ouverture et la fermeture du boîtier principal, le ruban de recharge est automatiquement libéré ou bien sécurisé.

**4 Application dosée, coupe propre**

La colle en forme d'alvéoles permet une application dosée avec des coupes nettes. La coloration du ruban de colle permet un collage précis.

**5 Pratique pour une multitude d'applications**

Avec ce roller de colle, vos projets restent propres car il ne bave pas et ne peut pas être renversé comme une colle liquide.

**DE**

- 1 Einfach zu halten**
- 2 Flexibler Kopf**
- 3 Verriegelungsmechanismus für Nachfüllband**

Beim Öffnen und Schließen des Hauptgehäuses wird automatisch das Nachfüllband gelöst oder gesichert.

**4 Dosierte Auftragen, sauberer Abschluss**

Der wabenförmige Klebstoff ermöglicht ein dosiertes Auftragen mit sauberen Schnitten. Durch die Färbung des Klebebands ist präzises Kleben möglich.

**5 Praktisch für eine Vielzahl an Möglichkeiten**

Mit dem Kleberoller bleiben Ihre Projekte ordentlich, ohne dass er wie bei einem Flüssigkleber verschmiert oder verschüttet werden kann.

Glue Roller

EN

**1 Mini Roller Head for precise gluing****2 Easily used with one hand**

Open and close the window with one hand. The head comes out when you slide the knob in the direction of arrow.

**3 Shutter cap shuts out the dust**

Dust proof window cap makes it easy to carry in your purse and bag.

**4 Honeycomb-dot**

Honeycomb-shaped dots adhere firmly to paper. The applicator tip clearly cuts the adhesive producing a neat finish.

FR

**1 Tête de mini roller pour un collage précis****2 Facile à utiliser d'une seule main**

Ouvrez et refermez le capuchon d'une seule main. Faites glisser le poussoir dans la direction de la flèche pour faire sortir la tête.

**3 Capuchon de protection contre les salissures**

Le capuchon se referme entièrement, ce qui permet de ranger sûrement le roller de colle dans une tasse ou un sac.

**4 Ruban alvéolé**

La colle en forme d'alvéoles adhère bien au papier et permet une application dosée grâce aux coupes nettes.

DE

**1 Mini-Roller-Kopf für präzises Kleben****2 Leicht mit einer Hand zu bedienen**

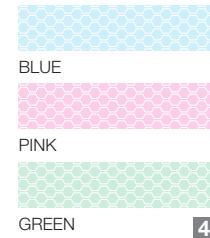

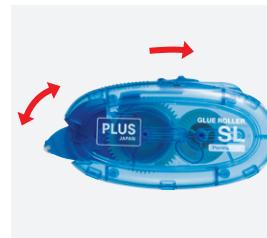

Die Verschlusskappe mit einer Hand öffnen und schließen. Der Kopf erscheint, wenn Sie den Schieber in Pfeilrichtung vorschieben.

**3 Verschlusskappe schützt vor Schmutz**

Kappe verschließt vollständig, wodurch der Kleberoller sicher im Mäppchen oder in der Tasche verstaut werden kann.

**4 Wabenpunktband**

Der wabenförmige Klebstoff haftet fest auf Papier und ermöglicht ein dosiertes Auftragen mit sauberen Schnitten.

# AGRAFEUSE ST-010V

# HEFTGERÄT ST-010V

EN

**1 Easy-to-carry compact size****2 Power assist mechanism**

Using the principle of the fulcrum, we have increased the stapling power by 50%.

**3 Top loading mechanism**

Staple refills are quick and easy. With our one-touch staple loading, just open the handle and put in the staples. The staple-saving feature ensures that the first staple is not wasted.

**4 Flat clinch**

Flat clinch ensures 30% less volume of stapled documents compared to conventional staplers. This saves space and looks more tidy.

FR

**1 Format compact facile à transporter****2 Mécanisme d'assistance de force**

L'utilisation du principe de levier a permis d'augmenter le pouvoir d'agrafage de 50%.

**3 Mécanisme de chargement par devant**

Ouvrez simplement le manche et d'insérer les agrafes. Le mécanisme de sécurité des agrafes garantit une bonne tenue de la première agrafe.

**4 Agrafage à plat**

Par rapport aux systèmes d'agrafage classiques, l'agrafage à plat garantit une réduction de 30% du volume de papier des documents agrafés. Cela offre un gain de place et les documents paraissent mieux rangés.

DE

**1 Kompakte Größe für einfaches Mitnehmen****2 Kraftunterstützender Mechanismus**

Unter Ausnutzung des Hebelprinzips wurde die Heftleistung um 50% gesteigert.

**3 Vorderlademechanismus**

Einfach nur den Griff öffnen und die Klammer einlegen. Der Klammer-sichernde Mechanismus gewährleistet, dass auch die erste Klammer sitzt.

**4 Flachheftung**

Die Flachheftung gewährleistet ein 30% geringeres Papervolumen der gehetzten Dokumente als bei herkömmlichen Heftgeräten. Dies spart Platz und sieht ordentlicher aus.

# CAMOUFLAGE FOLDER

## POCHETTE CAMOUFLAGE

## CAMOUFLAGE HÜLLE

**EN****■ Camouflage pattern**

The special pattern printed on the front and back of the polypropylene folder makes the documents inside hard to read. However, you can still read large letters to confirm the folder contents without having to remove the documents. Stylishly carry and organize your confidential papers while protecting your private information from prying eyes.

**FR****■ Motif camouflage**

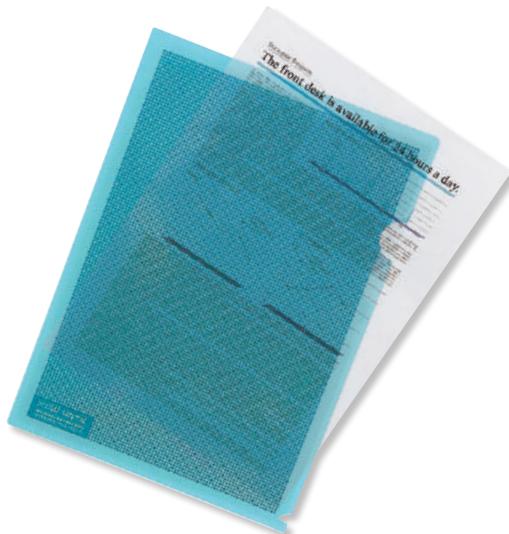

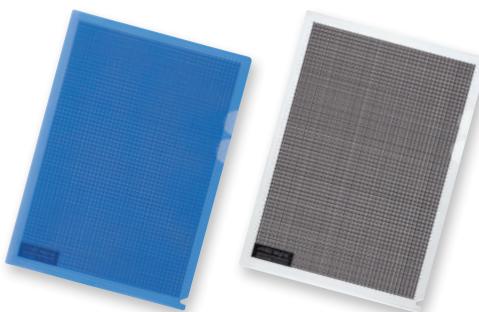

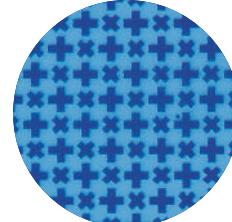

Le motif spécial imprimé sur le recto et le verso de cette pochette en polypropylène rend les données du document à l'intérieur difficilement lisibles. Toutefois, de grandes lettres restent visibles afin de pouvoir reconnaître le contenu des documents sans devoir les retirer de la pochette.

Portez et rangez vos documents confidentiels avec style, tout en protégeant vos informations personnelles des regards indiscrets.

**DE****■ Camouflage-Muster**

Auf der Vorder- und Rückseite dieser Polypropylen-Ordnungsmappe ist ein spezielles Muster aufgedruckt, wodurch die Daten auf dem Dokument im Inneren nur schwer zu lesen sind.

Große Buchstaben sind jedoch immer noch lesbar, sodass der Inhalt ohne Entnehmen der Dokumente erkannt werden kann. Tragen und ordnen Sie stilvoll Ihre vertraulichen Papiere und schützen Sie dabei private Informationen vor neugierigen Augen.
