DAYLILIES (*Hemerocallis*) Colors of the Rainbow

Bob Lyons

IT'S HARD TO IMAGINE a garden without daylilies. Few other perennials offer the seemingly impossible array of qualities found with a single genus. Single vs. double flowers, tall vs. short habits, fragrance vs. none, early vs. late to flower, and flowers across a color spectrum (lacking blue), make daylilies uniquely capable of pleasing most any gardener. Whether endeared as a straight species or complex hybrids, daylilies exhibit a proven and wide tolerance for soil conditions, from sand to heavy clay, and sun exposure, preferring full, but tolerant of part-shade conditions.

We are offering numerous cultivars carefully selected to represent what is an enormous palette of species and hybrids, many of which are the recipients of prestigious awards as judged by *Hemerocallis* experts, who often focus on rewarding superior combinations of garden performance, unique flower color, flower quantity/plant, the ability to rebloom, and seasonal flowering time. Enjoy!

<i>Hemerocallis</i>	'Prairie Blue Eyes'	2.5	☉ ☁	🌱	2 g	\$12
The closest to the elusive blue flowers yet, 5 inch wide flower in shades of lavender/ purple with a clear yellow throat; mid season; Award of Merit from the American Hemerocallis Society.						
<i>Hemerocallis</i>	'Red Ribbons'	3.5	☉ ☁	🌱	1 g	\$9
A "spider" flower having huge, ribbon-like petals of mainly red with a yellow throat; blooms measure 8 inches across; judged one of the best among spider-type daylilies.						
<i>Hemerocallis</i>	'Ruffled Apricot'	2.25	☉ ☁	🌱	2 g	\$12
Can a daylily get anymore popular than 'Ruffled Apricot'? Likely not! Robust, fragrant, 7-inch flowers in rich apricot shades; early-mid season; Stout Medal recipient with many other related awards.						
<i>Hemerocallis</i>	'Siloam Double Classic'	1.25	☉ ☁	🌱	1 g	\$9
5-inch double flowers on a dwarf plant; fluffy pink in color with lots of ruffled petals, and always a gardener favorite; early-mid season; winner not only of the Stout Medal but also the Plouf Fragrance Award from the American Hemerocallis Society.						
<i>Hemerocallis</i>	'South Seas'	2.5	☉ ☁	🌱	1 g	\$9
5 to 6-inch coral-colored, bold fragrant flowers; mid season; rebloomer; unlike most other daylilies, and some would say, with a glamorous appearance.						
<i>Hemerocallis</i>	'Strawberry Candy'	2	☉ ☁	🌱	1 g	\$9
A relatively dwarf plant; 4-inch flowers have a "ribbon candy" textural quality in strawberry shades with deep rose eyezone; early-mid season; rebloomer; Stout Medal recipient, numerous other related awards; consistent favorite with gardeners.						
<i>Hemerocallis</i>	'Umbrella Parade'	2.5	☉ ☁	🌱	1 g	\$9
"Spider" flower with gigantic 9-inch flowers; early season; rebloomer; petals are narrow and strongly recurved in true spider fashion, with alternating petals of gold and purple; amazing collector's plant.						
<i>Hemerocallis</i>	'White Temptation'	2.75	☉ ☁	🌱	1 g	\$9
About as white a daylily as you'll ever get; 5-inch near-white flowers with faint yellow throat; mid season; Award of Merit recipient.
