

# CATALINA ISLAND ENDEMIC SPECIES

## MAMMALS

### 5 Sub-Species

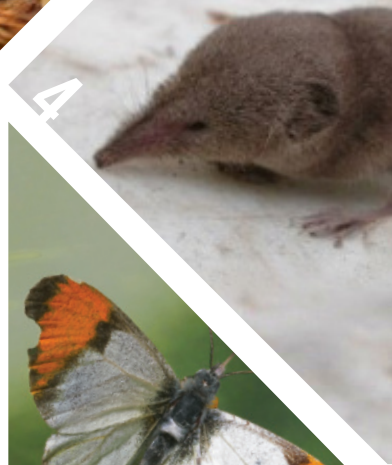

- 1 Catalina ground squirrel (*Spermophilus beecheyi nesioticus*)
- 2 Catalina Island harvest mouse (*Reithrodontomys megalotis catalinae*)
- 3 Catalina Island deer mouse (*Peromyscus maniculatus catalinae*)
- 4 Catalina Island shrew (*Sorex ornatus willetti*)
- 5 Catalina Island fox (*Urocyon littoralis catalinae*)

## INVERTEBRATES

### 45+ species and sub-species

- |                 |               |            |
|-----------------|---------------|------------|
| 1 fly           | 2 centipedes  | 4 crickets |
| 1 walking stick | 2 millipedes  | 5 bees     |
| 1 spider        | 3 moths       | 6 snails   |
| 2 ants          | 3 butterflies | 15 beetles |

- 6 Catalina orange-tip butterfly (*Anthocharis cethura catalina*)
- 7 Darkling Beetle (*Eleodes omissa catalinae*)
- 8 Catalina Walking Stick (*Pseudosermyle catalinae*)
- 9 Catalina mountain snail (*Radiocentrum avalonense*)
- 10 Jerusalem cricket (*Stenopelmatus n. spp.*)

# BIRDS

## 3 Sub-Species

- 1 Catalina California quail  
(*Callipepla californica catalinensis*)
- 2 Bewick's Wren  
(*Thryomanes bewickii catalinae*)
- 3 Catalina Hutton's Vireo  
(*Vireo huttoni unitti*)

# REPTILES

## 1 Sub-Species

- 4 Catalina Two Striped Garter Snake  
(*Thamnophis hammondii ssp.*)

# PLANTS

## 3 species, 6 sub-species, 1 potentially extinct

- 5 Catalina Island dudleya  
(*Dudleya virens subsp. hassei*)
- 6 Catalina Island mountain mahogany  
(*Cercocarpus traskiae*)
- 7 Santa Catalina Island bush-mallow  
(*Malacothamnus fasciculatus var. catalinensis*)
- 8 Santa Catalina Island ironwood  
(*Lyonothamnus floribundus subsp. floribundus*)
- 9 Trask's yerba santa  
(*Eriodictyon traskiae subsp. Traskiae*)
- 10 Santa Catalina Island manzanita  
(*Arctostaphylos catalinae*)
- Santa Catalina Island buckwheat  
(*Eriogonum giganteum var. giganteum*)
- Santa Catalina Island bedstraw  
(*Galium catalinense subsp. catalinense*)
- Santa Catalina Island popcorn flower  
(*Cryptantha catalinensis*)
- Santa Catalina Island monkeyflower  
(*Diplacus traskiae*) - **Potentially extinct**
