FUJITSU KEYBOARD KB500

INPUT DEVICE

SLIM KEYBOARD USB

The new Fujitsu USB Keyboard KB500 is a real eye-catcher on every desk. With its impressive new Fujitsu design it looks very elegant. It is the perfect input device for our sophisticated desktop PC and especially for other stylish products such as tablet PC or notebooks.

The additional multifunction keys provide fast access e.g. to e-mail, internet, calculator, workstation and media control/volume functions. Furthermore the soft touch keys, with an ACPI key to take your computer in stand-by mode and the very thin dimension make working very comfortable and convenient.

The Keyboard KB500 is available in the new color marble grey/anthracite.

USABILITY

- Connects easily to every PC with standard USB interface – no driver necessary
- Supports energy saving functions of current operating systems
- More comfort with 12 additional function keys for fast access

ERGONOMICS

- Elegant and extraordinary design
- Stress free and effective use through high contrast keys and ergonomic key design
- Soft touch keys in Fujitsu slim key-technology with notebook feeling
- Low noise

RELIABILITY

- High quality and function stability
- Highest quality coupled with very good price/performance ratio

MODERN PRODUCTION TECHNOLOGY

- Abrasion-proof keys through laser technology to write the keycaps
- Fully automated production line
